EEPA, ABCD, AND SHAWMUT BANK TEAM UP

Offer new one-year banking course to Boston residents

Action for Boston Community Development and the Shawmut Bank of Boston have jointly developed a training program for people interested in a banking career. The pilot program, operating at ABCD's downtown headquarters and run by ABCD's Employment and Training Department, will accept 100 enrollees during 26-week periods for positions ranging from clerks to account clerks. The venture is a cooperative effort between EEPA, Shawmut, and Boston's Employment and Economic Policy Administration (EEPA), and that very teamwork makes it significant.

Explains Robert M. Coard, ABCD's executive director, "This program is a kind of thing we hope to see more and more of: private sector involvement in the training programs. In the end, it will benefit not just the people who end up with jobs, but private industry as well. It's gratifying that Shawmut recognized this and came forward with a commitment for a training course in the banking field. We hope other industries will take their lead."

Shawmut's commitment and interest came from bank chairman John Gould and his vice-president, John Gould. Gould, recalling a successful effort with ABCD several years ago, offered any necessary assistance. After a series of meetings between Shawmut officials and EEPA staff, and later with support from EEPA Director David Mundel, the specifics of the course emerged.

As its contribution to the program the bank will supply typewriters, calculators, books, and instructors — and the willingness to hire program graduates. "We're talking about a minimum of 100 guaranteed jobs," says Robert Avitabile, ABCD Employment and Training director. "It's an encouraging sign from the private sector to have the bank assist us in the hiring and hire the people once they complete the course."

Once the program has lasted a year, there are good possibilities for expanding it, given the size of the banking industry in Boston. In addition, Shawmut's policy of promoting from within means that new openings for program graduates will be created on a fairly regular basis. Chairman Gould has communicated his desire to see other courses developed. "It is our hope that the success we jointly achieve will stimulate other organizations to adopt similar programs," he wrote in a letter to ABCD's Coard.

Robert Elias, ABCD director of Government and Industrial Relations, who conducted the initial negotiations with the bank, shares the general enthusiasm. "The best training programs we've had at ABCD," he says, "have been those where we have a direct linkage with industry. They know what we need to do to make our students more marketable."

ACTORS WORKSHOP IN ROSLINDALE, BRIGHTON, SOUTH BOSTON

The Boston Parks and Recreation Department will be offering a new program, Actors Workshop, at three recreation centers beginning in January, 1981. The eight-week programs will be taught by John Stenson at the following locations and times:

James Michael Curley Center: 1663 Columbia Road, South Boston, Actors Workshop for Adults, Thursdays, 7:00 p.m. to 9:00 p.m., first class and registration January 22, 1981.

Brighton Recreation Center: 20 Chestnut Hill Avenue, Brighton, Actors Workshop for 11 to 15 year olds, Tuesdays, 3:00 p.m. to 5:00 p.m., first class and registration January 13, 1981.

Roslindale Recreation Center: 6 Cummins Highway, Roslindale, Actors Workshop for 11 to 15 year olds, Thursdays, 3:30 p.m. to 5:30 p.m., first class and registration January 22, 1981.

Enrollment is limited. All classes are free to Boston residents. For more information contact Barrie Keller at 725-4006.

CONVERSION STUDY

The City of Boston is studying the possibility of converting the historic Custom House tower to a hotel. The facility is expected to become available for private use when the proposed federal office building at North Station is completed in the mid-80s.

INTERNATIONAL POSTAL RATES INCREASED

New postal rates for international mail became effective on January 1, 1981, the Postal Service has announced.

The rates apply to mail sent to all foreign countries, with some exceptions for Canada and Mexico. Most of the rates for these two countries will remain at current levels until new proposed, domestic rates take effect, which is expected in March, 1981. Postal rates for mailings to military overseas addresses also are not affected by the increased international rates, the Postal Service said.

Starting January 1, 1981, the new rates for most letters going internationally by air will increase from 31 cents per half ounce to 40 cents per half ounce; one-ounce letters by surface mail will cost 30 cents, up from 20 cents. Post cards will cost 28 cents for airmail and 19 cents for surface mail — up from 21 cents and 14 cents, respectively. Aerogrammes will cost 30 cents each, an increase of eight cents.

The new rates and fees for international service were published for comment in the October 3, 1980, *Federal Register*. Final rates and fees were published in the *Federal Register* of December 3, 1980, and in the Postal Bulletin of December 4, 1980.

The Postal Service said that a substantial amount of the increased costs for international service are due to recent amendments to the provisions of the Universal Postal Union (UPU). The amendments resulted in significant increases in the amounts the Postal Service will be required to pay foreign postal administrations for their handling of United States-origin mail. The UPU is an agency of the United Nations with 160 member countries. Its acts regulate the exchange of international mail among all countries.

Because the amendments also affect other countries belonging to the UPU, it is expected that many other postal administrations may increase international mailing rates, the Postal Service said.

Postal officials point out that like domestic rates, U.S. international

rates will continue to compare favorably with those of other industrialized nations.

Japan, the Netherlands, Norway, and the United Kingdom already have announced increases to take effect early in 1981. This means that while a half ounce (approximately 14.17 grams) airmail letter from the U.S. can be mailed overseas for 40 cents, a 10 gram letter from Japan will soon cost the American equivalent of 56 cents. The cost from the Netherlands will be 53 cents and 58 cents from Norway. West Germans currently pay approximately 68 cents and the British pay 52 cents.

Also taking effect are new air parcel post rates which have been simplified by eliminating individual country rates and by establishing five air parcel post rate groups, based on costs involved in mailing to the countries, the Postal Service said.

Group rates range from \$3.00 to \$6.20 for the first four ounces with increases of 50 cents to \$1.30 for each additional four ounces or fraction up to five pounds; and from 80 cents to \$2.40 for each additional eight ounces or fraction over five pounds.

A rate of \$4 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must, except in emergencies, be in hand at the City Record office by noon, Monday of each week to insure its publication in the following Monday's issue.

TAX FORMS IN THE MAIL

Households throughout the country will begin receiving 1980 income tax packages from the Internal Revenue Service starting December 26, Boston Postmaster Phillip Sullivan said.

Most post offices have already received the packages and will deliver them for distribution until the day after Christmas, as requested by the IRS. "The only exception for early delivery are packages going to certain business firms and tax service agencies," he said.

Postmaster Sullivan noted that while the packages travel as first class mail, "they are forwarded without charge to the recipient if such service is necessary." The Postal Service will recover any forwarding charges from the Internal Revenue Service through a prearranged agreement. The tax forms are delivered to some 86 million households across the country, the postmaster said.

POLLING HELPS GAUGE RESIDENTS' SERVICE NEED

Boston residents are being asked to participate in a citywide poll to gauge the importance and effectiveness of city services.

The random poll of 3,000 interviews each quarter will be completed at the end of fiscal 1981, ending next June 30, when the comparison statistics will be tabulated and analyzed.

The purpose of the polling is to improve the cost effectiveness of the city's delivery of services. It has been a management tool used intermittently by Boston for the past four years. Almost 90 of the large U.S. cities also employ some kind of regular polling operation.

Those residents questioned are asked how frequently they use various city services, and if they are satisfied with the delivery of those services.

Among the services that residents are being asked about are:

Police, fire, public housing, street repair, street lighting, garbage

on, Little City Halls, parks and grounds, elderly programs, community schools, youth recreation programs, youth employment programs, energy conservation, arts and entertainment, programs to vitalize Boston's economy, neighborhood health programs, Boston Hospital services, and capital improvement needs for such items as new streets, sidewalks and build-

The survey is being conducted through the Office of Policy Management's Survey Research Office, which has retained Urban Research Associates of Boston to conduct interviews.

Since the polling has been completed, the Survey Research Office will be able to conduct a time-trend analysis of public perception of city services, including the public's attitude toward spending and budget increases, as well as residents' perception of safety in the neighborhoods.

This will enable the various department heads providing service to see where they are meeting the public needs and where they can improve.

This process also will be used to hold department heads accountable for their programs, making the poll another effective management tool.

VOLCANIC ASSAULTS IN THE AIR

Volcanic ash from Mt. St. Helens may cause cooler weather, as well as more lung disease.

Recent scientific explorations have discovered two distinct layers of airborne particles in the upper atmosphere as high as 13 miles. The particles are from eruptions from Mt. St. Helens. Scientists expect the particles to remain a long time and extend around the globe.

Called aerosol, the particles are probably mostly sulfuric acid, say scientists. Because they form a layer that reflects some sunlight back to space, the layers of particles may cool global temperatures.

After an unsettling consequence of volcanic eruptions may be an increase in lung disease, according to a recent article in the *American*

Lung Association Bulletin. The volcanic ash from the mountain included a high percentage of particulates that were small enough to pass the defense mechanisms of the respiratory system and reach deep into the lungs.

Depending upon how long people inhaled the dust and depending on the amount of cristobalite — a form of free silica — contained in the ash, the long-term result could be silicosis, a severe lung disease. The disease involves a scarring of lung tissue, breathing difficulty, weight loss, fever, and coughing.

The Washington Lung Association, one of the nationwide American Lung Associations, is also assisting the government in an intensive effort to find out the effects of inhaling volcanic ash on people who already suffer from long-term lung disease.

To find out more about protecting everyone's lungs against assaults in the air we all breathe, contact the American Lung Association of Boston — the Christmas Seal people. And to continue the fight for lung health, send in your Christmas Seal contribution. It's a matter of life and breath.

CORRECT CREDIT PROBLEMS THROUGH "PLASTIC SURGERY"

The Mayor's Office of Consumer Affairs and Licensing recommends that consumers take radical steps to put a stop to bad credit problems. Consumers in Boston are getting deeper in debt by trying to charge their way out of inflation. Those people who are having problems meeting their monthly payments should consider a simple operation: Remove all charge cards, except one for emergencies, from your wallet, cut them in half, and send the cut cards back to the company.

This type of "Plastic Surgery" is so simple and painless, yet it will save you money, and save your credit rating.

Many consumers fancy themselves amateur economists, believing that by buying items at today's prices with credit cards, and paying

for those items with next year's less valuable dollars will insulate them against rising inflation. This is false logic, and the only ones profiting by this will be the banks. Such deferred payments only help fuel inflation, rather than reduce it.

President Carter has called upon consumers to exercise restraint in their use of credit in the marketplace. Consumers will have to make some hard decisions on where to cut costs. The easiest item to live without is the expense of using someone else's money — money which is really worth even less because of the interest rate charged for its use. Interest rates have never been higher than they are today, and it is the consumer who pays the cost.

The Mayor's Office of Consumer Affairs and Licensing urges consumers to seriously rethink their finances in these hard times. If you need assistance with "Plastic Surgery," you can contact Boston's Credit Bureau services at 423-6400, or the Mayor's Office of Consumer Affairs and Licensing at 725-3320

CHILDREN'S MUSEUM OFFERS THEATER COURSE

Registration is now under way for the January series of workshops at the Boston Children's Museum: a theater course for children and a family workshop on snow sculptures.

"Theater in the Museum" is offered in collaboration with the Boston Shakespeare Company. Children from 8 to 16 years old explore the museum's exhibits with company members and museum staff; participate in mime exercises, costuming, acting and prop development; and watch company members in action. The course is six sessions on Wednesdays, January 14 to February 18, 3:30 to 5 p.m. and the course fee is \$30.

"Snow Job" is a workshop on using materials gleaned from Recycle to decorate snow sculptures. It takes place on Saturday, January 17, 1 to 3 p.m., and the fee is \$5.

Reservations must be made at least one week in advance of the starting dates. To register, call 426-6500, extension 206.

The Przewalski Horse, a wild species of central Asia, is the very animal shown in 12,000-year-old cave paintings, according to the Ice Age Art exhibition at Boston's Museum of Science.

THE LUNAR INFLUENCE

Moon fanciers have an opportunity to indulge their interests in the January Planetarium program at Boston's Museum of Science.

"The Lunar Influence," presented January 13 to March 22, illustrates the story of the moon, from the early stages of its association with the Earth to developments expected billions of years hence.

The moon may have contributed to the evolution of life on Earth, the Planetarium says.

Billions of years ago when the moon was closer to Earth that it is today and the tides stronger, the friction of the tides across sea bottoms and shorelines created a greater heat than exists now. The program suggests that the heat of those tides could have provided the warm temperatures necessary for the building blocks of life to grow.

In addition, the tides would have provided alternating dry and wet conditions along the shoreline, conditions which some researchers believe were required for the formation of complex chains of organic molecules. The rise and fall of the tides could also have deposited early life forms on the shores of earth where they could have evolved into land animals.

"The Lunar Influence" describes what people have thought about the moon, including reliance on it as a calendar, from the times it was surrounded by myth and fiction, to the present, when the space program has made it possible for 12 astronauts to walk its dusty surface.

Commenting on the Apollo missions, the Planetarium program says that in addition to scientific findings, the world benefited in several ways. The moon's relatively close and dominant presence was a stimulant to the initiation of manned space exploration; the effort to land there accelerated technology, with spin-offs now in

wide use; and the view of Earth from space provided a vivid reminder of the fragility and uniqueness of our world.

"The Lunar Influence" is shown daily. There is no program Mondays at 3 p.m. For times, call 742-6088. Admission to the Planetarium is 50 cents above Museum admission.

BWSC SELLS REVENUE BONDS

Financial Ratings Continue Improvement.

The Boston Water and Sewer Commission (BWSC) has sold \$66,700,000 worth of revenue bonds for the purpose of retiring outstanding notes, funding debt service and operating reserves and capital improvements. In conjunction with the sale, the Commission has received notice that Standard and Poor's and Moody's Investors Service have given the agency an "A" and "Baa1" rating respectively. The negotiated sale resulted in a net annual interest cost of 10.64 percent with an average life of the bonds of 22.3 years.

In rendering its rating, Standard and Poor's noted the, "solid management team that has been able to gain improvements in such critical areas as billing (reduced a backlog from three full quarters to 1.5 quarters), collections of accounts receivables over 360 days, from 64 percent to 91 percent, instituted shut-off criteria and appeals procedures, and reduced water assessments through its leakage and metering programs."

David Conlon, BWSC treasurer, expressed the Commission's pleasure at the sale. Mr. Conlon stated, "The implications of this sale are threefold. First, access to the revenue bond market is a clear indication of financial stability for a new entity. Second, the ratings received from the two major financial review institutions are recognition of the Commission's dramatic progress over the past three years and that its financial house is in order. Finally, it means the Commission can continue to meet its primary goal of ensuring the integ-

riety of the water and sewerage systems."

Mr. Conlon went on to further state that many older urban communities such as New York and Baltimore have been watching the performance of the BWSC to determine whether such an entity would be successful in their city. Based on the financial performance of the BWSC it seems as though an entity similar to the Commission could be successful.

ASTRONOMY COURSES AT SCIENCE MUSEUM

Junior high students have an opportunity to explore the subject of astronomy in an Astro-workshop starting Saturday, January 10, at Boston's Museum of Science.

Two adult courses also start in January, the New Astronomy, and Basic Navigation.

Astro-workshop is an activity-oriented series of ten meetings which feature round table discussion projects. Participants make maps, build a spectroscope, design a telescope. They use Planetarium equipment and see film of celestial phenomena.

Running from 9:30 to 10:30 a.m., the astro-workshop costs \$40 with a \$10 discount for Family and Contributing Members.

The New Astronomy course presents the results of the most recent space probes, from discoveries about Jupiter's atmosphere, to findings about Saturn's moons. It includes the x-ray observations made by the Einstein satellite, as well as enhanced color photos from NASA and the use of the Planetarium's special effects are among the distinctive additions to the course.

Starting January 15, the course runs on eight Thursday evenings, from 7 to 9 p.m.

Basic Navigation starts Wednesday, January 14, for eight sessions from 7 to 9 p.m. Intended for people who wish to learn how to make their way along the coast in small craft, the course teaches modern navigation methods and the navigation process. It also explains procedures for following the stars at night and when visibility is low. A brief discussion of cele-

gation is included. (The course prerequisite for the Museum's se in celestial navigation, given e spring.)
e fee for both adult courses is with a \$10 discount for Family Contributing Members.

II. HIGH COMMENDATIONS

On October 13, 1980, Box 1364 was struck by an alarm of fire at 19 Myrtle Street which resulted in 6 alarms. Three extra ladder companies were requested by the Deputy Chief in the area because of the life hazard involved.

Ladder Company 26, one of the extra trucks under the direction of Fire Lieutenant Edward Callahan reported to the Deputy Chief in the area and was informed of a man trapped in the apartment on the seventh floor.

While his company was positioning the ladder for other rescue operations, Fire Lieutenant Callahan ascended the interior stairway through heavy black smoke and hot gases building up on floors three through seven.

Fire Lieutenant Callahan located the elderly man on the seventh floor, distraught and unable to walk more than a shuffle. As there were no fire escapes or ladders immediately available, Fire Lieutenant Callahan immediately placed his gas mask facepiece on the man and led him down the interior stairway through heavy smoke and gases to the first floor where he was assisted by another firefighter. Fire Lieutenant Callahan then collapsed on the street and was taken to the General Hospital where he was admitted and treated for severe smoke inhalation and burns to the throat and lungs.

Because of his quick action and dedication to duty, subjecting himself to intense heat and physical punishment, resulting in a life saving effort, the Fire Commissioner/Chief is pleased to commend Fire Lieutenant Edward Callahan of Ladder Company 26 for effecting this rescue at great personal risk and refers his case to the Board of Merit for further consideration.

On December 16, 1980, Ladder Company 10 responded to 796 Centre Street, Jamaica Plain for a cardiac arrest. The patient, a polio victim, was being sustained by a chest suction device to expand the lungs.

Upon advice of the BCH Emergency Medical Team, led by Technician John Healey, immediate transportation to the hospital was necessary. The chest suction device, run by electricity and batteries, had to be transported with the patient and switched over from electric power to batteries.

After being informed that the battery cables were burned out, leaving only the electrical system operable, Fire Fighters Richard Doyle and David Joseph of Ladder Company 10, utilizing their knowledge, quickly disconnected the burned cables, taped them with surgical tape, risking possible injury to themselves from acid explosion, made the proper transfer of the cables from house current to battery power.

Because of their quick action, initiative and knowledge of their emergency training, the Fire Commissioner/Chief is pleased to highly commend Fire Fighters Richard Doyle and David Joseph of Ladder Company 10 for their actions in a life saving effort and refers their case to the Board of Merit for further consideration.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

HEALTH AND HOSPITALS DEPARTMENT Equipment Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract with Tracor Analytic, Inc., 1842 Brummel Drive, Elk Grove Village, Ill. 60007, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$5,363.

Under this contract, Tracor Analytic, Inc. will service at the indicated cost, the following equipment in use in the Department of Clinical Biochemistry at Boston City Hospital:

Model 1085 Auto Gamma Counter.

Model 1185 Auto Gamma Counter.

Model 6868 Scintillation Counter.

The above cost figures include two (2) automatic maintenance calls per year, corrective maintenance, any parts required for repair, labor and travel expense.

Tracor Analytic, Inc. is the manufacturer's service representative for the equipment listed

above, and can provide trained personnel competent to repair this complex equipment. Furthermore, Tracor offers ready accessibility of parts required for repair purposes.

Therefore, inasmuch as this contract is of a highly specialized nature and since Tracor Analytic, Inc., is uniquely suited to furnish the required services at a cost which is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I request your Honor's permission to award, without advertising, a contract to Automatic Control Systems, Inc., 66-68 Main Street, North Easton, Mass. 02356, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$3,000.

Under this contract the aforementioned company will provide repair services to the electronic and electromechanical controls for laundry equipment located at Boston City Hospital.

Inasmuch as Automatic Controls Systems, Inc., is the only company in the greater Boston area who repairs these controls and have demonstrated their ability to provide these services efficiently and immediately at a cost I deem to be reasonable, no useful purpose would be served by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Testing

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Matthew A. Derow, M.D., Instructional Building, Room 504, East Concord Street, Boston, Mass. 02118, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$3,300.

Under this contract Matthew A. Derow will conduct ova and parasite tests at a cost of six dollars (\$6) per test. Tests under this contract will be performed at Boston City Hospital Gastrointestinal Laboratory by a qualified physician thereby eliminating the need for training and hiring a part-time technician and the expense associated with the mandatory, periodic physician input when interpreting results, which would substantially increase the cost now expended for these tests.

Therefore, inasmuch as this contract is of a highly specialized nature and since Matthew A. Derow, M.D., is eminently suited to perform the required tests, at a reasonable cost to the city, no benefit would inure to the City by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, with-

out advertising, a contract to Boston Dermatopathology Laboratory, Inc., P.O. Box 377, Canton, Mass. 02021, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$10,070.

Under this contract, Boston Dermatopathology Laboratories, Inc., will perform skin biopsies, and also will provide physician consultation at a cost of \$20 per test. Consultation, which is a necessary part of the service required, is not available in commercial laboratories.

This same service at University Hospital would be \$35 per specimen, as opposed to \$20 per specimen at the Boston Dermatopathology Laboratory, Inc.

Therefore, because of the professional nature of the service to be rendered, the reasons stated above, and because the cost is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award, without advertising, a contract to the Eunice Shriver Center, 200 Trapelo Road, Waltham, Mass. for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$14,025.

Under this contract, the Eunice Shriver Center will perform specialized chromosome testing to detect congenital anomalies such as Down's and Turner's diseases. The price range is \$175 to \$400, depending on the complexity. The Center will also perform specialized lysosomal testing at a maximum cost of \$100 per test, to detect congenital diseases such as Tay-Sach and Hunter's Disease.

Because of the special nature of these services, that they are not available from vendors in the Boston area, and as the price, in our opinion is reasonable, no useful purpose would be served by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award without advertising, a contract to Herbert H. Wotiz, M.D., Boston University School of Medicine, Room L-518, 80 East Concord Street, Boston, Mass. 02118, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$7,000.

Under this contract Herbert H. Wotiz, M.D., will perform estrogen receptor assay (binding) at a cost of \$95 each and progesterone receptor assay at a cost of \$45 per specimen.

These tests are important to the treatment of tumors (and breast cancer) as the physician is able to obtain early knowledge of the character of the tumor before performing surgery.

The most competitive laboratory is Boston Medical Laboratory and their charge for the Estrogen Receptor Assay is \$113 per test.

Therefore, inasmuch as this contract is of a highly specialized nature and as Herbert H. Wotiz, M.D., is eminently qualified to perform these tests and has satisfactorily provided these services in the past, and as the cost is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to St. Margaret's Hospital for Women, 90 Cushing Avenue, Dorchester, Mass. for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$4,200.

Under this contract, the Biochemistry Laboratory at St. Margaret's Hospital will provide for Sephadex testing at a cost of \$33.60 per test.

The Sephadex binding test is not a replacement test of the Bilirubin level test, but rather an additional test to aid in the clinical management of patients whose absolute bilirubin level is at a critical level in terms of the probability of brain damage. It is estimated that 125 tests will be performed in fiscal 1980-81.

The testing is not available at the commercial laboratories in the area. Additionally, as the time between the delivery of the specimen and running of its tests is crucial, the proximity of the laboratory performing the test is important.

Therefore, because of the professional nature of the services to be rendered, because St. Margaret's Hospital can provide twenty-four (24) hours, seven (7) days stat coverage, and because the cost is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award a contract, without advertising to the Sidney Farber Center, 44 Binney Street, Boston, Mass., for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$3,240.

Under this contract, Sidney Farber Center will provide Varicella Titres at \$54 per titre. This test detects the viral incidence of Herpes Simplex. Although this test is available at Leary Laboratory at \$29 and the State Laboratory at no cost, their methodology has produced a very high incidence of false negative results which are not acceptable to our medical staff.

Therefore, because of the professional nature of the above service, the reliability of the test results at a cost I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Center for Blood Research, 800 Huntington Avenue, Boston, Mass. 02115, for the period July 1, 1980, through June 30, 1980, at a cost not to exceed \$13,280.

Under this contract Center for Blood Research will provide HBs Ag (HAA) and HBs testing at a cost of \$6.75 each and each respectively.

Comparable costs are as follows:
Center for Blood Research, HBs Ag, Anti-HBs, \$8.25.

Boston Medical Laboratory, HBs Ag, Anti-HBs, \$21.00.

Leary Laboratory, Inc., HBs Ag, \$15; HBs, \$20.

Therefore, because of the professional nature of the services to be rendered, because Center for Blood Research has satisfactorily provided these services in the past, and because the cost is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Peter Brigham Hospital, 721 Huntington Avenue, Boston, Mass., for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$3,000.

Under the contract Dr. Ruth Kundsinnmeida Laboratory will perform clinical studies on newborns and infants to detect infection which may cause pneumonitis. Serology on blood serum costs \$33 per swab culture costs \$73 per culture and combined serology and culture for clymedia.

Therefore, because Dr. Kundsinn's laboratory is the only laboratory in the area performing this service, and at a cost I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Professional Services

Dear Sir:

Pursuant to the authority delegated to the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Dr. Joseph Albano, 1575 Tremont Street, Boston, for the period July 1, 1980, through June 30, 1981, in the amount not to exceed \$9,000.

Under this contract, Dr. Albano will provide professional services common and incidental to that of chief staff physician at Massachusetts General Hospital. These services shall be rendered on an hourly fee of \$25 and shall be rendering such hours and on such days as the chief staff and administration at Massachusetts General Hospital shall deem reasonable.

Because of Dr. Albano's special fitness to render these services, because of the professional and professional nature of the services,

ed, as Dr. Albano has rendered these
es in the past, and as the cost, in our opi-
s reasonable, no useful purpose would
ved by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

ir:
uant to the authority delegated to me by
ard of Health and Hospitals, I hereby re-
our Honor's permission to award, with-
vertising, a contract to Ronald Gold-
M.D., 18 Roberts Street, Brookline, Mass.
for the provision of pulmonary services
apan Hospital for the period July 1,
through June 30, 1981, at a cost not to ex-
9,600, at a rate of \$25 per hour.

Goldstein is a physician with specific
g and expertise in pulmonary services
associated with the Pulmonary Section
Boston University School of Medicine.
this contract, he will provide pulmonary
tation services and specialized educa-
rvice for all in-house medical staff.

Dr. Goldstein is specially fit to provide
services, because of the professional
of the services and as the cost, in our
n, is reasonable, we feel that no benefit
inure to the city by publicly advertising
s.

Very truly yours,
David L. Rosenbloom,
Commissioner.

ir:
uant to the authority delegated to me by
ard of Health and Hospitals, I hereby re-
our Honor's permission to award, with-

counselor to be provided by the Pine
nn, Inc., is particularly qualified both in
ence and training and the Pine Street
n, as an institution, is the only one of its
the area providing these services. Addi-
y, inasmuch as the service to be pro-
hereunder is of a personal nature, and
the cost to the city is reasonable, no
purpose would be served by publicly
sing for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Computer Data Services

ir:
uant to the authority delegated to me by
ard of Health and Hospitals, I hereby re-
our Honor's permission to award with-
vertising, a contract to the Massachu-
Hospital Association Inc., 5 New Eng-
Executive Park, Burlington, Mass., for the
July 1, 1980, through June 30, 1981, at a
ot to exceed \$12,000.

er this contract, the Massachusetts
als Association Inc., will perform
il abstracting computer data services.

The Association will provide data required by
the Boston City Hospital for licensure by the
Massachusetts Department of Public Health
and Accreditation by the Joint Commission on
Accreditation of Hospitals. The data provided
includes monthly and semiannual reports from
information supplied by the Medical Records
Division of Boston City Hospital relating to
diagnosis analysis, physician indices, opera-
tion indices, comparative analysis and others.

The contract will cover abstracting services
for approximately 16,000 discharges at a cost
of \$.75 per medical abstract.

Inasmuch as the Massachusetts Hospital
Association, Inc., is to our knowledge, the only
firm in Massachusetts capable of providing
these specialized services, and inasmuch as
this firm has provided these services in the
past in a most satisfactory manner, at a cost I
deem to be reasonable, no benefit would inure
to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

HOUSING INSPECTION DEPARTMENT Legal Services

Dear Mayor White:

I hereby request your permission to
dispense with bidding and to award a contract
in an amount not to exceed \$2,500 to the
Glaser Office, Attorneys at Law, 77 Pond
Street, Sharon, Mass., for professional legal
services. Payment for this contract will be
made from the Community Development Block
Grant. Period of performance will be from
February 1, 1980, to June 30, 1980.

Under the term of the agreement, the law
firm will conduct a title search for approx-
imately 16 properties owned by persons who
are applying for home improvement loans
funded by the federal government's section
312 Rehabilitation Loan Program. In accord-
ance with federal requirements, a search of
title is a prerequisite for each property under
consideration for a home improvement loan in
this program when the rehabilitation cost
estimate exceeds \$10,000.

Mr. Glaser has quoted a fee of \$155 per case
plus the cost of municipal lien certificates.
This cost is reasonable.

On the basis of the Glaser Office's expe-
rience, experience and professional ability, it is
my opinion that this law firm is eminently
qualified to perform the work delineated
above.

For these reasons, it is my opinion that
public advertising would serve no useful pur-
pose.

Very truly yours,
John A. Vitagliano,
Commissioner.

Research

Dear Mr. Mayor:

I respectfully request your permission to
dispense with public advertising and to award
a contract to the President and Fellows of Har-
vard College, a non-profit educational corpora-
tion, acting by and through its Department of
City and Regional Planning (Harvard) located
at Gund Hall, Cambridge, Mass., for research
to be performed concerning the housing
market impacts of the Massachusetts Lead
Poisoning Prevention and Control Act.

Under the terms of the contract, Harvard will
perform an extensive analysis of the effects of
enforcement of the Massachusetts Lead Poi-
soning Prevention and Control Act on certain
critical aspects of housing conditions and
markets in Boston. The Harvard Department of
City and Regional Planning is uniquely
qualified to do this work because of its
specialized knowledge of this highly technical
subject, its experience in performing similar
analyses, and the qualifications of its staff in
terms of existing relationships with the
Department of Housing and Urban Develop-
ment.

Compensation under the terms of this con-
tract shall not exceed \$100,963 which I have
determined to be reasonable for the work per-
formed. All of the funding for this contract has
been granted by the Department of Housing
and Urban Development.

The term of this contract shall be May 1,
1980, to April 30, 1981.

Because of the professional nature of the
services to be performed and the special
qualifications of the contractor, I believe that
public advertising would serve no useful pur-
pose.

Very truly yours,
John A. Vitagliano,
Commissioner.

LAW DEPARTMENT Consulting Services

Dear Mr. Mayor:

I respectfully request your written approval
to dispense with inviting proposals by adver-
tisement in the *City Record*, and to award a
contract to Gerald F. Dwyer of 239 L Street,
South Boston, Mass.

Under this contract, Mr. Dwyer will provide
consulting services to the corporation counsel
as required on a daily basis. His services are
necessary in an effort to reduce the backlog in
the Investigating Division, and to deal with
new problems as they occur in that division.
His duties will include and overlap with some
of the current duties of the constable, but will
be more broad, to include organizational
duties in the Investigating Division. He will
also be available to carry out confidential in-
vestigation assignments by the corporation
counsel, and to handle sensitive investiga-
tions for other attorneys in this office.

The total cost of this contract is not to ex-
ceed \$4,900. Payment will be at the rate of \$6
per hour, a rate which is reasonable. The
period of the contract will be from February 4,
1980, to June 30, 1980. This contract is late due
to administrative delays.

In view of the sensitive nature of these ser-
vices, public advertisement would serve no
useful purpose.

Very truly yours,
Joseph D. Alviani,
Corporation Counsel.

Dear Mr. Mayor:

I respectfully request your permission to
dispense with public advertising and to award
a contract to Philip X. Murray, Esquire, 48
Longmeadow Road, Milton, Mass. 02186.

The Law Department presently lacks ade-
quate management tools to provide the staff
with the necessary information to operate effi-

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

ciently and effectively. We need to analyze our existing operations and develop new procedures where weaknesses exist. Under the terms of this contract Mr. Murray will provide technical assistance to the Law Department in developing an operational plan for the most efficient management of personnel and material resources.

Specifically, Mr. Murray will be responsible for implementation of the following tasks as outlined in his proposal dated January 11, 1980:

Task I. Documentation of Existing Operation.

A thorough review of all Law Department operations will be accomplished. This task will involve interviewing all personnel involved, reviewing all forms, procedures, and legal requirements. The result will be a document setting out by function the present office objectives and operational approach.

At the conclusion of Task I, a document setting forth existing systems will be produced. This document will constitute the benchmark against which all subsequent tasks will be based, priorities established, and improvements measured.

Task II. Needs Requirements.

Upon completion of Task I, an assessment of the existing operation will be developed pinpointing areas where existing procedures need change and new procedures need to be developed. A management plan for accomplishing the change will be produced.

This requirements analysis will point out the weakness to be addressed, and provide operational flows to illustrate the system change.

Task III. Manual Implementation.

This task will be the natural consequence of Task II. This will include the training of personnel in the new procedure, the design and modification of forms required to meet the procedures, as well as monitoring and evaluation tools for the system's operation.

Task IV. Records Keeping.

The present recordkeeping and records control is archaic. The multiple systems for tracking and storing records needs review and update. Once procedures have been developed, supervision of records purge and ongoing storage should be provided.

Task V. Systems Plan.

All the above tasks are aimed at providing an operational plan that is simplistic, efficient, and manageable within the present organizational structure. Task V will provide a plan by which automated support can be introduced into the Law Department when appropriate in a rational, labor-supportive manner. It will be a plan based upon the manual operation and will require no modification of operations contemplated in Task II, III or IV. It will ease the administrative requirements of the office and will address the areas of: a) Text processing; b) Case tracking; c) Management monitoring and assessment; d) Financial/contract management; and e) Interface with existing systems.

These five tasks will provide the Law Department with the basis for a plan of action for improvement as well as the technical assistance to implement that plan.

Mr. Murray is extremely well qualified to provide these services. He is a graduate of the Georgetown University Law Center and has performed an internship in the Institute for Court Management, Federal Judicial Center, Washington, D.C. He has extensive experience as a consultant in legal and judicial administration, both in the public and private sectors, and has served as deputy director of the Massachusetts Committee on Criminal Justice and as assistant district attorney for administration in Suffolk County. In addition Mr. Murray conducted a Massachusetts Court Management Survey for the Supreme Judicial Court.

Under this contract Mr. Murray also will provide the services of two attorneys, Ernest C. Friden and Joseph C. Jordan, Jr., who are experienced systems consultants in legal and judicial administration.

The total contract price for the five tasks mentioned above, including direct labor, travel and administrative support costs, is \$52,000, an amount I consider reasonable.

The initial contract period shall be from April 1, 1980, through June 30, 1980, during which period Mr. Murray shall be responsible for completion of tasks I and II in an amount not to exceed \$10,400, inclusive of all costs, subject to renewal for the fiscal period commencing July 1, 1980, for the completion of the remaining tasks.

Because of the professional nature of the services to be performed and Mr. Murray's exceptional qualifications and experience, I believe that public advertising for these services would serve no useful purpose.

Very truly yours,

Joseph D. Alviani,
Corporation Counsel.

KEVIN H. WHITE
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA
PRESIDENT, CITY COUNCIL

VOL. 73

MONDAY, JANUARY 12, 1981

NO. 2

MAYOR DELIVERS ANNUAL ADDRESS

*Mayor White urges immediate Boston fiscal summit;
asks State, Business, Unions help in passing tax reforms*

Mayor Kevin H. White on January 5, urged the leaders of all Boston's institutions — executive, legislative, business, commercial, and unions — join him in a fiscal summit conference in mid-February to formulate, sign, and execute plans to pass meaningful tax reform for this city and state within the next six months.

Mayor White, in his Annual State of the City Address, invited the city's business leadership, and the Federal Reserve Bank to act as co-sponsors of him of the summit, called to address the fiscal uncertainties created by the passage of Proposition 2½ last November.

Mayor White said, "The cruel joke is that Boston is not New York, Boston is not Cleveland — we are not in economic or financial trouble. On the contrary, the last few years have been historic in their growth and economic renewal."

He added, "In truth, ours is a political crisis — a crisis of power and its distribution. It is political inertia that threatens us with financial disaster."

Observing that Proposition 2½ rested against a system which levies property taxes on Bostonians at a percent higher than anywhere else in America, Mayor White predicted that a failure to enact serious property tax reform this year would lead "to the virtual dismantling of local government."

But Mayor White remains optimistic about Boston in the year ahead, proposing in his speech the creation of urban "enterprise zones," and the promotion of Boston as the center for the national cable television programming industry.

The enterprise zones will represent the first response to the incoming Reagan Administration's emerging urban policy.

Mayor White said, "For the last twenty days, staff members of the A, EDIC, the Neighborhood Development Agency, and the Intergovernmental Affairs Office have been signing proposals for four Boston enterprise zones," in keeping with

the President-elect's effort to lure private dollars into urban neighborhoods otherwise immune to revitalization."

Mayor White intends to challenge New York and Toronto's dominance of the cable television programming field, just as "earlier we welcomed to our region the computer and space industries."

Mayor White said, "The potential is incalculable — economically, culturally and in a Theatre District pulsing with excitement. To realize all this and keep alive the image of Boston as a leader in tomorrow's world of communications, we will work hard to persuade producers and programmers to make this their permanent home."

Calling the year past one "of great pride, and a year for seething frustration," Mayor White renewed his 1980 inaugural pledge to "provide access to political and economic power for Boston's minorities, to continue to rebuild our neighborhoods and our downtown,

to capture the benefits of our enormous economic growth for the people who live in Boston, and to achieve political reform to better represent our neighborhoods."

Noting that the Boston Committee, under Frank Jones' direction has begun its work to provide minority access to Boston institutions, Mayor White also vowed to resubmit full ordinances including subpoena powers, to create a Boston Commission Against Discrimination.

WE'RE EIGHTY-THREE YEARS OLD!

The *City Record*, the present official chronicle of municipal affairs, celebrated the eighty-third anniversary of its publication on January 6, 1981. On January 6, in 1898, when it was first published, it was known as the *Official Gazette of the Executive Departments of the City of Boston*.

The paper was edited under the direction of the Board of Municipal Statistics, Edward M. Hartwell, Secretary, in the old City Hall on School Street, and was capably printed (as it is today) by members of the City of Boston Printing Section, under the expert direction of Superintendent Joseph Toto, Sr. In the old days (1898) a single copy of the paper was only 5 cents and a yearly subscription \$2. If one would compare the present-day cost (20 cents per single copy or \$8 per year) he would realize the city has been quite fair to its subscribers by not increasing the cost of the publication, nor does it intend to at this time.

Mayor's Annual Address . . .

(Continued from front page)

Mayor White said, "As long as I am Mayor, we will fight against the malignancy of racial hatred in Boston. It is a battle we must fight, because all of us owe a debt to our own relatives — to Irish grandfathers and Italian parents — to all immigrants who gave this city to you and me, who were themselves denied economic justice and individual dignity. We cannot forget their struggle for acceptance."

Development, as promised last year, received priority attention by the White Administration in 1980, ranking Boston among the top five cities nationally in construction. That development boom, totaling almost \$1 billion, translated into the \$350 million Copley Place project, the siting of the new GSA building at the Safdie North Station project, and the progress on the Charlestown Navy Yard, the Crosstown Industrial Park, and the Metropolitan Center, among other projects.

As part of that development focus, Boston won the largest share of federal grants per capita of any city in the nation, including the largest UDAG grant ever awarded which went to Copley Place.

Said Mayor White, "We not only built for the future, we preserved old landmarks, and in just one year we cut the number of abandoned buildings in this city by 50 percent."

The development boom will mean economic prosperity, and a share of that wealth has been guaranteed for Bostonians by the 50 percent set-aside policy for publicly assisted development projects, and the plan to provide a job to every graduating Boston high school senior who needs one.

Mayor White said, "And there is still much to be done if we are to insure that the next generation of Bostonians enjoys its rightful share of the 80,000 new jobs our current economic boom will create."

He also reaffirmed his belief that charter reform for district representation in the city is crucial, and that better management systems are essential for government to live within its budget.

Mayor White said, "In a time of raging national inflation, strong management is the key to survival."

STATE OF THE CITY ADDRESS OF HON. KEVIN HAGAN WHITE, MAYOR OF BOSTON

5 January 1981.

Mr. President, Distinguished Members of the City Council, Honored Guests, My Fellow Bostonians.

In preparing my remarks for today, I was reminded of the traditional opportunity provided by a State of the City Address — that is the opportunity to ponder about the past as we look to the future — to stop for a moment and reflect on where we've come and on where we're going.

On reflection, last year was difficult to define in a few sentences. Probably Dickens provided the best description when he said it was both "The best of times, and the worst of times. It was the Spring of Hope, it was the Winter of Despair." The last twelve months of the life of our city have been all that and more.

For us, 1980 was a year of great pride, and a year for seething frustration. A year when Tall Ships filled our harbor — and the MBTA stared bankruptcy in the face. A year of groundbreakings and a year of doctors' strikes.

It was a year when the country rebelled against a national administration that fought for compassion, but forgot to be competent.

It was a year when Bostonians were once again reminded of what a small world we live in. In 1980, the Italian population of the North End and East Boston reached out to console and comfort victims of a devastating earthquake. The Hispanic community opened their homes to hundreds of victims of political oppression, and Bostonians of Polish ancestry met in prayer for their beleaguered countrymen.

For us, last year began on January 7 in Uphams Corner, when we

collectively took our oaths of office.

At that time, we established a new set of priorities for a decade. We committed this Administration to provide access to political and economic power for Boston's minorities, to continue to rebuild our neighborhoods and downtown, to capture the benefits of our enormous economic growth for the people who live in Boston, and, finally, to achieve political and governmental reform to better represent and serve our neighborhoods.

These were the primary goals we set ourselves in 1980 — and in January, 1981, we are able to recognize substantial progress toward realizing these objectives.

A year ago we said our number one priority was racial justice, and our commitment remains undimmed.

I promised then to create a Boston Committee, to challenge powerful institutions to give minorities in Boston access to social and economic influence. I have kept my promise.

In Frank Jones, we hired a man of national reputation to guide this unprecedented effort. He has not done it alone, not by any means, and I could hardly let this occasion pass without expressing my personal gratitude to His Eminence Cardinal Medeiros, Davis Taylor, and Hill for their unselfish contribution to the permanent establishment of the Boston Committee.

The Boston Committee is a major step forward — but by itself, it is not enough.

To this Honorable Body, I will once again introduce legislation to create a Boston Committee Against Discrimination — with the power of subpoena — not for symbolic, but for substantive value.

Now, more than ever, when immigration itself seems threatened, a back seat on a bus bound for the magical land of *laissez-faire* watchful nation looks to Boston.

I am often asked: When are we going to stop talking about race? And I reply, as Curley did about unemployment: Never, until it goes away.

As long as I am Mayor, we will fight against the malignancy of

I hatred in Boston. It is a battle must fight, because all of us owe not to our own relatives — to grandfathers and Italian — to all immigrants who this city to you and me, who themselves denied economic and individual dignity. We not forget their struggle for acceptance. The hour is late and the is right. And in their name, I to battle.

I also said a year ago that we continue to rebuild this city downtown and the neighborhoods both. And we have.

In 1980, Boston was *first* among American cities in new construction permits, and we took our place in top five nationally — in competition with the likes of Houston, Los Angeles, and New York. In 1980, Boston received for Copley the largest single grant in the history of the Washington UDAG program. In 1980, we won more federal aid overall than any other city our size in America.

Work has begun on major developments like Lafayette Place, the City Yard, the Theatre District, the Federal Building, the Metropolitan Center, the Crosstown Industrial Park, and a new Wang plant in Chinatown.

We not only built for the future — preserved old landmarks. In just one year we cut the number of abandoned buildings in this city by 50 percent.

Look around you and you will see the city undergoing a transformation, and, for all the problems that confront her, is making Boston as attractive a place to live and work in any city in the world.

My third stated objective a year ago was to give a substantial share of our economic prosperity to the people of this city. This, too, we have done.

Since 1975, we have created 100,000 new jobs in Boston — and in the year past, we fought with developers, even at the risk of losing investment, to guarantee that at least half the jobs generated went to people who live in this city. This, for the first time in Boston's history, we are putting in place a plan to provide a job to every high school graduate who wants one.

These and other economic objectives have not been achieved by government alone. We have enjoyed the cooperation and support of the Private Industry Council, of business leaders like William Edgerly of the State Street Bank, and political leaders like Senator William Bulger of South Boston. There is much still to be done — and done together — if we are to ensure that the next generation of Bostonians enjoys its rightful share of the 80,000 new jobs our current economic boom is creating.

I also spoke last year of reform — in terms of the politics of government and the management of government. I believed then and I believe now that the people want district representation and this body can, and should give it to them.

I believe that the public wants the most modern techniques of management, and I intend to comply. That means employees better trained, delivery of services computerized, and most important of all, at a time when the School Department veers toward a \$40 million deficit and the MBTA screeches its way toward bankruptcy, the city's departments will be compelled to live within their budgets.

So we begin this year committed without equivocation to our goals, conscious that three years and many obstacles lie ahead, but convinced that in 1980 we have constructed a solid foundation.

But the doing is constant — and in the year to come, we will confront new challenges and new opportunities.

To cite but three examples: A new administration will take office in Washington later this month and Boston will be ready. For the last thirty days, staff members of the BRA, EDIC, the Neighborhood Development Agency, and the Intergovernmental Relations Office have been designing proposals for four Boston Enterprise Zones, in keeping with the President-Elect's effort to lure private dollars into urban neighborhoods otherwise immune to revitalization.

I will meet with the new President in 1981 to argue for these and other innovative ideas in the best interests of this city.

Locally, we are on the verge of launching the most creative Cable Television System in America, and this Administration is committed to ensuring for the people in our neighborhoods not only quality programming, but participation in this newest bold adventure.

Finally, in 1981 we will aggressively pursue the new cable programming industry itself, in an effort to establish Boston as a major national production center, competitive with New York and Toronto. We have the land, the talent, and the human resources to capture this new and rapidly expanding industry, as earlier we welcomed to our region the computer and space industries.

The potential is incalculable — economically, culturally, and in a theatre district pulsing with creative excitement. To realize all this and keep alive the image of Boston as a leader in tomorrow's world of communications, we will work hard to persuade producers and programmers to make this their permanent home.

These initiatives and more lie ahead for 1981 — and yet let's not deceive ourselves. The year ahead will make demands to match or surpass any made in the last tumultuous generation. All our actions will be determined and defined by one overriding inescapable fact of life — namely the passage of Proposition 2½.

The public in this city — in Back Bay, South Boston, Dorchester, West Roxbury — everywhere, voted overwhelmingly last November to reduce the burden of the property tax. The issue was, and is, a tax issue that can only be addressed with tax reform.

The people who overwhelmingly endorsed Proposition 2½ last November were not voting to eliminate city services. They were not inviting us to close libraries, to padlock parks, or eviscerate assistance to the elderly. Far from it. I believe that the people of Boston were protesting against a state and a system whose property tax is 70 percent higher than anywhere else in America.

In a time of raging national inflation strong management is a key to

(Continued on next page)

(Continued from previous page)

urban survival. A fair system of taxation must take its place alongside racial justice as government's fundamental obligation to the governed.

The people have spoken, and for our part, we will carry out their wishes. It will not be easy to cut \$97 million from the city's budget this year — and in the future, it will be impossible to cut what is *further* mandated — in the absence of fundamental tax reform.

There will be no name-calling, and no political panic. A show of concern without action is a waste of the public's time — but neither will there be any escape from compliance. The cuts will occur. The Mayor's Office will lead the way with a 35 percent reduction in this year's budget. This Council will do the same. The cuts will be deep — and they must be rational. They must lead to something better.

In a sentence, failure this year to reform the way we tax ourselves in Massachusetts will lead to the virtual dismantling of local government.

That is not doomsday rhetoric or denunciation for an easy headline — just *fact* — that no responsible, informed person would dispute.

The cruel joke is that Boston is not New York; Boston is not Cleveland — we are not in economic or financial trouble. On the contrary.

The last few years have been historic in their growth and economic renewal. Our unemployment rate is below the national average and far below that of other cities. Statistically incomes of Bostonians are rising — and closing the gap between the city and the suburbs.

Last year, we entertained more foreign visitors, attracted more tourists dollars, occupied more office space than ever before in our history.

So no one would deny Boston is a prosperous city easily able to afford adequate police and fire protection, quality public education, a decent standard of health care, attractive parks, and clean streets.

But let the numbers tell their own tale of the four great abuses that comprise this city's present tax structure.

— Boston gives half its territory to institutions that provide *no* reimbursement.

— Boston allows 80 percent of all its jobs that pay over \$15,000 a year to be taken by people who live outside its borders.

— Boston generates nearly a quarter of all the state economic output, and receives back from the state less than half as much in aid.

— Boston plays host every day to 350,000 people who do not live here but who utilize our services and pay us virtually nothing in return.

Such abuses have gone on because the people of Boston have tolerated them. And because elected officials have not rebelled against these four civic injustices.

I am reminded of the man who said "I must find out where the crowd is going, for I am its leader." With the passage of Proposition 2½, the direction of the crowd could not be more clear. The question is, will we provide the leadership?

In truth ours is a political crisis — a crisis of power and its distribution. It is political inertia that threatens us with financial disaster. For a generation, voters in this state have listened to promises of tax reform from Governors, Mayors, City Councillors, and Legislators of both parties.

In that context I am, in the name of this city, calling on the business community, the real estate industry, the retail merchants, small business, the unions, the media, and elected officials at all levels — from the Governor to this body — to meet, discuss, to debate, and to demand within six months the passage of meaningful tax reform for the city and the state.

I will ask the Federal Reserve and the business leadership in Boston to join with me in hosting a summit no later than mid-February of this year.

I will insist that all of those who voice concern over this city — for her potential as well as her problems — be prepared to chart the course of tax reform and make the difference between a year of pain and a year of agony.

The future of the city lies in many hands. To the Governor and the Legislature, we ask only for basic

fairness, and a partnership change in the current tax system. Consider Boston's contribution to the state. Consider Boston's place and Boston's immediate claims. Work with us to avert our immediate dilemma from turning into disaster.

To the courts, we direct an appeal for perspective and wisdom. Do not become the unwitting co-conspirators of special interests who neglect the thought of city government rendered ineffective. Difficult as the task is in responding to the wishes of the voters, do not make it impossible.

To the School Department, to whom I have addressed these words: I do not for a moment question your desire to provide our children with the finest possible education. All that I ask of you is an honest effort at austerity. Tighten your belt as every other department and agency must tighten theirs.

To the City Council: The year over has not seen an excess of political or personal civility in our relationship. But in the months to come, we cannot spare an hour of personal enmity or political detraction. In our common battle for reform, I pledge my cooperation every way possible.

To the business community, which will benefit most immediately from Proposition 2½ and your proximity to power in the wake of the recent elections: I ask for leadership in proportion to your increased revenues and decreased regulation. Join us in pressing for tax reform that will mean the difference between a year of pain and a year of agony.

Remember, that if hotels and auditoriums stand empty, if schools close and vital services suffer, Boston and her image are bound to be tarnished.

To those who say we can afford to wait a year, to allow the demand for reform to build towards an explosive climax — I say that every day that we wait increases the risk that the face of this old city may be permanently scarred.

To the unions: As the grandson of a union leader, I am proud of the record we have made on behalf of the rights of workingmen and women.

When I first became Mayor, there was no such thing as overtime for municipal employees. City workers were regularly paid 15-20 percent more than their private sector counterparts. City benefits were both generous and costly to the individual employee.

That has changed. But this process is in jeopardy if we do not have tax reform this year.

Now, then, is the challenge before us to carry on the five great goals adopted a year ago, while meeting the fresh demands of Bostonians for significant new reforms. How we meet that challenge will recommend us to posterity, and shape the city of children.

There are seasons in human history," William Ellery Channing said 150 years ago, "of inward and outward revolutions . . . when hope and trust and instinct claim a share of prudence in the guidance of history, when in truth, to dare is the greatest wisdom."

In Boston in 1981, prudence will be the watchword of public management. But caution alone will never carry us through the demanding years ahead. So I invite each of you and everyone who cares about the city and her survival, to join in a reaffirmation of Channing's highest wisdom — to make 1981 a year for progress to succeed.

Boston's conscience — and our constituents — will accept nothing less.

Thank you.

SIGNER JEANS AT A PRICE!

Competing with the big wigs and ed off as a spoof on those over-dressed designer jeans with the fancy labels. Nine Morgan Memorial (Will Industries stores in Massachusetts didn't have much luck with an oversupply of ordinary jeans until someone came up with the idea of turning them into designers by sewing a blue and white "Morgie's" patch on a back pocket. Since last December status seekers have been banging down doors and have purchased 7,000 pairs. Then, too, the price was right.

1981 AUTO INSURANCE UP

Insuring the family car will cost motorists an additional \$60 million in 1981. That means 7 percent more for most motorists, but young and/or inexperienced drivers should have it so good. They will be jolted by a 24-percent rise. The average premium payment will be \$343.

BIGGER SOCIAL SECURITY BITE IN 1981

On January 1, increases in Social Security payroll taxes went into effect—just in time to give a faltering economy a downward nudge.

Numerous efforts to postpone, rescind, or cut down on the scheduled increases were proposed during the past year, in all cases with substantial support. But none ever made it to passage, largely because the Social Security system's need for cash is so great that any reduction in projected flows would threaten insolvency in the next few years.

So, some of the heftiest increases in the system's history to take effect include:

- The rate that both employers and employees will have to pay rose to 6.65 percent each. The former tax rate was 6.13 percent. (For the self-employed, the rate rose to 9.3 percent.)

- The wage base to which the higher payroll tax is applied also went up—to \$29,700, high enough to affect the vast majority of the nation's wage and salary workers. The wage base had been \$25,900.

The effect of these two changes is to increase sharply the amount of tax that must be paid by an employed man or woman earning \$29,700 or more; the new total is \$1,975, up \$387 a year. For someone earning \$20,000, the increase is \$104.

For those already retired and drawing benefits, January 1, brought a bit of good news. Those over sixty-five, but not yet seventy-two, will be able to earn \$5,500—10 percent more—without suffering any loss of benefits. (There had been no such loss now for those over seventy-two, though in 1982,

the earnings limitation will end for those over seventy.

The higher taxes will be both inflationary and recessionary at the same time.

MBTA OPENS BIDS FOR JAMAICA PLAIN JOB

Salah & Pecci Construction Company, Inc., of Canton, on December 30, was the apparent low bidder at \$20,999,863 for construction of the Jamaica Plain section of the relocated, two-track Orange Line and three-track Amtrak and MBTA commuter rail lines between Forest Hills and Back Bay.

Six bids were received by the MBTA and publicly opened. All were taken under advisement. Apparent second low bidder was Cruz Construction Co., Inc., of Plainville, N.J., whose bid was \$22,242,905. The engineer's estimate for the contract was \$24.6 million.

The work under this contract will include excavation of 2,000 feet of subway between Atherton and Boylston Streets, construction of two highway bridges to carry these streets over the new tracks; reconstruction of Atherton, Boylston, and Lamartine Streets; and construction of walks and bikeways, and grading, loaming, and seeding for a future parkland.

HOUSEHOLD TIPS

With bitter cold weather very possible this winter, the *City Record* offers the following advice:

How to keep pipes from freezing:

There is not much you can do with pipes in an uninsulated wall except to insulate the wall. If the wall is already insulated, you may have to open it up and make sure the insulation is on the outside of the pipe.

For pipes under a sink cabinet, keep the cabinet door open so house heat can warm the area.

For accessible pipes, pipe insulation is good. There are many kinds, including slit tubes that are slipped over the pipe, and strips of insulation wrapped spiral fashion around the pipe.

Electric heating tapes, installed under insulation, are often thermostatically controlled to go on only when temperatures get below a certain point.

Hang a trouble light (use a 100-watt bulb) on the affected pipe. This is useful when pipes are near a cold foundation.

An old but good technique is to keep the faucet on at a trickle. A drip won't do; it has to be a trickle.

How to unfreeze a pipe: Turn on the faucet and leave it on. If the pipe is accessible, apply heat, working from the faucet toward the source of water. If you melt ice in the middle of a freeze you could create steam, which could cause an explosion or at least a serious breakage.

The fastest source of heat is a propane torch, with a flame spreader. Use a fireproof material behind the pipe, and be careful not to overheat the pipe. As you work, you may see water trickling from the faucet. If this happens, move a little way down the pipe. The flame torch is the only thing you can use in case of a power failure.

If you have power, you can use an electric putty torch, an electric hair dryer, or the blower attachment to a vacuum cleaner. Put the hair dryer on "high." This is slower than a flame torch, but safer.

A heating pad can be wrapped and tied around the pipe. A horizontal pipe can be wrapped and tied with

towels and boiling water poured in a light but steady stream over them.

Wrap an electric heating tape around the pipe and plug it in. Secure it with tape so it will stay put.

If the pipes are inaccessible, set a heat lamp at least 6 inches away from the wall containing the pipes. Avoid scorching or blistering paint or paper. Position the lamp with rubber-ended clamps, attached to a stepladder or other device. Move it when necessary.

PARKER HOUSE HOSTS SECOND ANNUAL NEW YEAR'S PARTY

The Parker House honored thirty-nine Boston couples, all married more the fifty years, at the hotel's second annual New Year's party for senior citizens on December 31, 1980.

The couples were selected by the Mayor's Commission on Elderly Affairs who provided transportation to and from the party with its shuttles and vans.

The program included a buffet followed by music, singing and dancing. At 4 p.m. (midnight on the party clock) party-goers welcomed the New Year with noisemakers and a champagne toast.

Walter Van Dalinda, commissioner staff member and master of ceremonies for the New Year's Eve celebration, said Certificates of Appreciation and Admiration for their contribution "to the betterment and welfare of the city," were presented the couples by Comr. Rachel Lieberman and Deputy Comr. James McCarthy.

This year, the couple who had been married for the longest time was Bessie and Harry Kaminsky of Brighton — married sixty-three years.

The entertainment program included octogenarian Rose Stack of the South End, talented Sophie Tucker-style singer; and the Happy Wanderers, retired Boston policemen John Anderson, Jerry McGowen, Tom Connors, Bill Doogan, George Coyle, with Agnes Griffin, accompanist.

Dancing was to the Winiker Swing Orchestra.

HOW TO TREAT FROSTBITE

It's a cold winter's day, the air is bitter, and your hands and feet feel like ice. You figure the remedy would be a nice swig of Scotch. Right?

Wrong, says cold-weather expert Bradford Washburn, chairman of the corporation at Boston Museum of Science. In fact, alcohol can actually lower your body temperature, though at the start it speeds up circulation. Another no-no is smoking, which drastically reduces the flow of blood to your extremities.

These and other tips on keeping warm this winter can be found in "Frostbite: What It Is—How to Treat It—Emergency Treatment," a widely acclaimed treatise by Washburn, an experienced mountaineer and explorer. Deemed a classic in its field, Washburn's single includes a medical discussion of the causes and effects of frostbite as well as first-aid instructions that are invaluable to the climber, camper, skier, or outdoor worker.

On a climb, frostbite cannot be prevented by experienced leadership, good physical condition, adequate food and equipment intelligently used. Yet frostbite can occur in unexpected circumstances such as those surrounding an accident or sudden storm.

For treatment of superficial frostbite, or frostnip (which can be identified by a sudden whitening of the afflicted skin), try gentle pressure or cupping with a warm hand.

In severe frostbite cases, the patient should immediately be taken to a camp or hospital where professional care can be administered. If none is nearby, Washburn recommends rapid rewarming of the tissue in water of about 108°F (42.2°C) for twenty minutes in the best shelter available—never outdoors on a trail. Once rewarming has begun, warns, the patient should be considered a litter case and should not attempt to walk or move around. Careful handling of the frozen tissue throughout the entire first-aid process, along with reassurance and calm the patient, will minimize ultimate damage to the tissues.

ostbite" includes useful tips for the average commuter, too. The protection against bitter cold wind—and Washburn points out that cold air is not nearly as damaging on its own as coupled with a healthy body. A good amount of rest and freedom from stress are important factors in keeping cozy.

Pressing warmly is, of course, a must, but don't forget to cover the head, and neck—important areas often neglected. Tight clothing, particularly on hands and feet, should be avoided, as should excessive exertion and perspiration. Warm gloves are more effective than mittens for keeping fingers warm.

"Postbite" first appeared in the *American Alpine Journal* and was later rewritten in more technical form for the *New England Journal of Science*. The popular twenty-five-cent version has been reprinted several times by Boston's Museum of Science, and annually outsells all other museum publications. It is read regularly by mountaineers, skiers, and other winter sports enthusiasts, as well as outdoor workers, police and military, and those interested in survival techniques. It is available at most bookstores or through the Museum's Department of Publications for \$1.50, plus 30 cents postage.

ONE PERCENT FOR ART

Metropolitan District Commissioner Terrence J. Geoghegan announced on December 16, 1980, the signing of a contract with the Artists' Commission of Boston that will provide a "One Percent for Art" program for several major MDC construction projects during the next eighteen months.

Under the new program 1 percent of the estimated construction budget for up to a dozen MDC building renovation projects will be earmarked for the commissioning of artworks appropriate to those projects. Presently, the MDC has a dozen such projects in various stages of planning with four announced as coming under the "One Percent For Art" program. They include the Murphy Skat-

ing Rink on Day Boulevard in South Boston; the Emmons-Horrigan Rink on Rutherford Avenue, Charlestown; the Flynn Rink on Woodland Road in Medford; and the rehabilitation of a seawall in South Boston and Pemberton Pier in Hull. Total cost of these first four projects to the MDC will be approximately \$2,292,000.

At the December 16 conference, held at the Museum of Science, MDC Commissioner Geoghegan commented, "I regard this new 'One Percent for Art' program as a golden opportunity to enhance the aesthetic quality of our most important future construction projects. 'One Percent for Art,' he noted, 'provides exciting possibilities in this field.'"

Commissioner Geoghegan also praised Associate Commissioner Linda R. Plaut of Newton, who spearheaded the MDC effort to be the first state agency to participate in the arts program.

COLLECTION AGENCIES

Ever been badgered by a debt collector until you're ready to climb a wall? Telephone calls at odd hours? Threatening letters? Subtle or sometimes not so subtle hints of repossession or law suits if you don't make immediate payment of an outstanding bill?

Well, take heart! The City of Boston Consumers' Council advises you, that you can stop such harassment if you are upset by any of the following collection ploys, we've got some remedies for you.

First, the things collectors cannot do:

1. Call you continuously, or before 8 a.m. or after 9 p.m.
2. Tell anybody else about the debt or send you a letter with an envelope indicating that a debt is owed.
3. Call you at work if your employer objects.
4. Abuse you in any way or make threats against you, your property or reputation.
5. Imply that he or she works for the government or send official-looking documents that may appear to come from a legal source, if such is not the case.

6. Threaten to seize, garnishee, attach your wages or sell your property unless the creditor genuinely intends to do so and has the legal right to carry out such intention.

The collectors must tell you how much is owed and to whom. They must deal with your attorney if you have one and have so informed them.

If you notify a collector in writing to stop contacting you, he must do so. He or she may then only notify you that some specific action is to be taken.

Your remedies:

(a) So, if you feel that a collection agency has overstepped its bounds and violated the law, call the Federal Trade Commission at 223-6621 or the State Banking Commissioner's Office at 727-3910. If in doubt, call the City of Boston's Consumers' Council at 725-3320.

(b) If you have suffered actual monetary damage because of the collector's conduct and there is also a violation of state law, you may sue under the Consumer Protection Act for triple the amount of your loss.

The City of Boston Consumers' Council can make your life easier in many buying and selling situations. If you've got a problem, chances are excellent that we've got a solution. Don't hesitate to call us at 725-3320.

POST OFFICE AUCTION

A public auction of unclaimed and damaged merchandise will be conducted by the Boston Post Office on Thursday, January 15, 1981, at 9 a.m., General Mail Facility, 25 Dorchester Avenue, Boston, Postmaster Philip L. Sullivan has announced.

This merchandise may be inspected the day before the sale, Wednesday, January 14, 1981, from 10 a.m. to 2 p.m. Sale on Auction Day will be by lot number only, and no examination of merchandise will be permitted.

All articles will be sold on an "as is" basis, and no refunds will be made. Payment must be made in cash, and merchandise must be removed immediately after the sale.

ANTIQUE COLLECTING SEMINAR

"Collector's Choice," a five-part series on antique collecting, will be given by Kevin Jenness of Shreve, Crump & Low Company's Antiques Department at the Women's Educational and Industrial Union, 356 Boylston Street, Boston 02116 — 536-5651, on five successive Tuesdays starting January 20. Refreshments, 5 p.m., January 20 only; program, 5:45 p.m.

Using actual examples, Sotheby-trained Mr. Jenness will discuss starting points for beginners on a modest budget and will informally evaluate objects brought in by the audience. Cost: series ticket, \$30 members, \$35 nonmembers; individual lecture, \$7 members, \$8 nonmembers.

January 20 — "Identifying and Collecting Prints"; January 27 — "Collecting English and American Ceramics"; February 3 — "Collecting Silver and Old Sheffield"; February 10 — "Is It English or American? Evaluating Antique Furniture"; February 17 — "Collecting English and American Glass."

CONTRACT AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contract without public advertising, based on the the following communications:

PARKS AND RECREATION DEPARTMENT Engineering Services

Dear Mr. Mayor:

It is respectfully requested that your Honor approve my selection of R. E. Cameron & Associates, Inc., Civil Engineers and Land Surveyors, with offices at 681 Washington Street, Norwood, MA 02062, to furnish general engineering and surveying services during the period March 15, 1980, through November 1, 1980, to do research, property line and other field survey, calculations and to prepare a plan suitable for filing with the Massachusetts Land Court of the department's land in Burlington and Woburn containing approximately 150 contiguous acres known as the Mary P. C. Cummings Estate, at a cost not to exceed \$25,000. The compensation to be paid for professional services shall be as follows: Principal, \$40 an hour; engineers, surveyors, and professional staff, technical and clerical staff, 2½ times the hourly rate paid to the engineer's employees not to exceed \$30 per hour (on certified basis) or of an approved consultant not to exceed \$40 per hour (on a certified basis).

R. E. Cameron & Associates, Inc. is qualified to perform the services proposed and the compensation to be paid the firm is fair and reasonable and conforms with the rates paid for similar professional services by other city departments.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record* in the award of this contract. As the proposed contract is one for the performance of professional services, a public solicitation of bids in my opinion would therefore serve no useful purpose. This contract will be charged to 7-81-41, Mary P. C. Cummings Trust Fund Income.

Very truly yours,

Alan M. Austin,
Commissioner.

POLICE DEPARTMENT Racial Harmony Commission

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract for the service of Terry Lenzner, Esquire, a partner in the law firm of Wald, Hardraker and Ross, of 1320 Nineteenth Street, Washington, D.C. 20036.

Under this contract Mr. Lenzner will organize, define duties of, and hire a staff for, the soon to be created Racial Harmony Commission to meet Boston's ethical obligations to confront racial violence and to transcend intolerance. Mr. Lenzner is particularly well suited for this task since he has served many committees in Washington, D.C., most notable of which was the Watergate Committee, and he has most recently represented the City of Boston in litigation involving racial and police matters. He will perform all duties the Racial Harmony Commission may deem necessary and proper, and he will continue to oversee the project staff and remain with the Commission until it makes public a report to the citizens of Boston.

His fee for all services performed and those of any assistant and investigators he hires to develop the Commission's staff, his equipment, travel, communications and all other expenses he may incur in carrying out these duties is not to exceed \$50,000, an amount which is reasonable. The rates of compensation under the contract are as follows: for the time of a partner, \$120 an hour less 25 percent for the time of an associate, \$70 an hour less 25 percent for the time of an investigator, \$50 an hour net; and reimbursement for expenses incurred, actual cost. This contract will commence on April 1, 1980, and terminate on June 30, 1980.

In view of the professional nature of the services to be performed and Mr. Lenzner's unique qualifications and expertise, it is my belief that public advertising would serve no useful purpose.

Very truly yours,

Joseph M. Jordan,
Police Commissioner.

PROGRAM DEVELOPMENT Improvement Program

Dear Mr. Mayor:

I respectfully request permission to dispense with public advertising and to award a contract to Kenmore Association, Inc., a non-profit corporation located at 712 Beacon

Street, P.O. Box 644, Boston 02215, for a business district improvement program.

Under the terms of the contract, the more Association will purchase and install amenities for the Kenmore business district. Such amenities shall include banners, ches, trash barrels and posted street corners.

Compensation under this contract shall exceed \$7,500 which I have determined to be reasonable for the professional services rendered. Payment will be made from the Community Development Block Grant program Year V on a reimbursable basis.

The term of this contract shall be from 1, 1980, to March 31, 1981.

Because of its unparalleled knowledge of the business district, and due to the composition of its membership, which includes a large number of business and design professionals, the Kenmore Association is uniquely qualified to plan commercial area improvements in Kenmore Square.

Because of the professional qualifications and unique expertise of the contractor, I believe that public advertising would serve no useful purpose.

Sincerely,

Robert Rugo,
Acting Director

PUBLIC FACILITIES DEPARTMENT Emergency Work

Dear Mr. Mayor:

As a result of a rupture to the existing underground gasoline storage tank at District Police Station, 273 D Street, South Boston, Mass., on or about March 19, 1980, gasoline has permeated the soil in the immediate vicinity of the storage tank. Gasoline could also be released from the storm drains in the area creating an extreme danger to surrounding life and property. The Fire Department has ordered the immediate removal of the tank. The existing condition severely restricts the ability of District to operate at full efficiency for the continued protection of life and property. Therefore, emergency procedure should be initiated to remove and replace the damaged gas storage tank.

Because of the exigency of the situation and to obviate danger to persons and property arising therefrom, I requested and received approval from the Massachusetts Department of Labor and Industries to dispense with meeting the requirements of section 44A, chapter 149, G.L., as it pertains to public advertising, providing we obtained prices from at least three reputable contractors normally engaged in this type of work. The bid results are as follows:

Craftsman Construction Corp., \$13,900; Janis Co., \$14,500; John E. Kelley Plumber Heating Co., \$15,240 and Ayles Plumber Heating Co., \$15,500.

Your Honor's written approval, therefore, respectfully requested in recognition of the fact that an emergency situation does exist, authorize the dispensing with public advertising for bids and, based on the lowest bid award a contract to Craftsman Construction Corp., 24 White Street, Winchester, MA, for a total amount not to exceed \$13,900.

Donald B. Manson,
Director

Mr. Mayor:
result of sudden, unforeseen flooding
basement levels, including the boiler
at the building at 110 Milk Street,
a very dangerous situation has been
For the following reasons, an im-
mediate dewatering should take place: this
creates a most hazardous condition to
property, especially in the event that
person, including the Fire Department,
enter these flooded areas. To locate
the cause of the flooding problem
prevent further damages to the building, it
is of utmost importance that we accom-
plish immediate dewatering of this building
emergency procedure.

Since it is not possible to establish the
cause of the work, in order that the necessary
drainage and repairs be made as quickly as
possible, a general contractor with adequate
power and equipment is required to per-
form dewatering and repairs under the
direction of the Official designated by the
Public Facilities Department. Payments to the
contractor will be based upon wage rates as
established by the State Department of Labor
Industries plus the direct labor cost,
material, and materials cost with a mark-up
on overhead and profit, and the total amount
of work shall not exceed \$9,500.

I have invited reputable contractors to sub-
mit bids for the amount of mark-up to be
added to these aforementioned costs for the
emergency dewatering and repair work. I
received bids with the following results:

Murphy & Fahy Construction Co., Inc.,
at 13 percent, profit 9 percent; John
J. Co., overhead 15 percent, profit 8 per-
cent; Capoli Wrecking Co., Inc., overhead 15
percent, profit 10 percent; and Clifford Con-
struction Co., Inc., overhead 15 percent, profit
10 percent.

Since this emergency work is absolutely
necessary in the interest of protection of life
and property, I hereby request permission to
proceed with the provision of chapter 149,
§ 44A, G.L., and to award a contract for
the above work to Murphy & Fahy Construction
Co., Inc., Box 453, Milton, Mass., to provide
materials, and equipment necessary to
complete dewatering and repairs for a total
cost not to exceed \$9,500.

Donald Manson,
Director.

Roof Repairs, etc.

Mr. Mayor:
Pursuant to a vote of the Public Facilities
Commission on March 12, 1980, I hereby re-
quest your Honor's written authority to dis-
pense with inviting proposals by advertising in
the *City Record*, and to award a contract to
Brown-Rona, Inc., a Massachusetts corpora-
tion, 711 Boylston Street, Boston, Mass.

Under the terms of the contract, Brown-Rona,
Inc., will provide architectural/engineering ser-
vice for the preparation of plans, including
studies, specifications and construction
cost estimates, and for supervision of constru-
ction and/or replacement of roofing at
110 Milk Street, Boston, at a cost of 14 per-
cent of the estimated cost of construction of
the work, the cost of the proposal services not
to exceed \$7,000 (including \$1,400 for supple-
mentary services), which is a reasonable cost.

I believe Brown-Rona, Inc., is qualified to do
the above work based on their past perform-
ance on other city contracts.

Due to the technical professional nature of
the services to be performed, it is my judgment
that public advertising would serve no useful
purpose.

Respectfully,
Donald B. Manson,
Director.

Engineering Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities
Commission on March 12, 1980, I hereby re-
quest your Honor's written authority to dis-
pense with inviting proposals by advertising in
the *City Record*, and to award a contract to The
Thompson & Lichtner Co., Inc., Engineers, a
Massachusetts corporation of 8 Alston Place,
Brookline, Mass. 02146.

Under the terms of the contract, The Thomp-
son & Lichtner Company will provide engineer-
ing services covering testing, studies and re-
commendations concerning the Sarabond
mortar problem at West Roxbury High School
and the Murphy School in Dorchester, at a cost
not to exceed \$5,500 payable in accordance
with the rate schedule to be set forth in the
contract (including \$1,500 for supplementary
services and \$500 for out-of-pocket expenses),
which is a reasonable cost.

I believe this firm is particularly well
qualified to do the work required. They have
been subcontractors in connection with other
projects and did a similar investigative report
on Campus High School. For these reasons,
and due to the technical professional nature
of the services to be performed, it is my judg-
ment that public advertising would serve no
useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities
Commission on March 12, 1980, I hereby re-
quest your Honor's written authority to dis-
pense with inviting proposals by advertising in
the *City Record*, and to award a contract in two
parts to George J. Collins, Educational Plan-
ner, d/b/a Educational Associates, 2
Hawthorne Place, Boston, Mass. 02114.

Under the terms of the contract, Educational
Associates will provide technical surveys and
analyses of high school buildings in connec-
tion with the Unified Facilities Plan; Part I
covers a proposal (four schools) for educa-
tional specifications for architects and state
School Building assistance Bureau; Part II in-
volves technical surveys/analyses of 10
schools, including appropriate recommenda-
tions for continued and potential use and any
necessary renovations and cost estimates for
same; the cost for such services not to exceed
\$30,000 (including \$2,600 for supplementary
services), which is a reasonable cost.

Educational Associates recently satisfac-
torily completed a contract for similar work
covering elementary schools and I believe they
are well qualified to do the work required under
this contract.

Due to the technical professional nature of
the services to be performed, it is my judgment
that public advertising would serve no useful
purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities
Commission on March 12, 1980, I hereby re-
quest your Honor's written authority to dis-
pense with inviting proposals by advertise-
ment in the *City Record*, and to award a con-
tract to Arnold A. Jacobson, d/b/a Arnold A.
Jacobson & Associates, 2464 Massachusetts
Avenue, Cambridge, Mass. 02140.

Under the terms of the contract, Arnold A.
Jacobson & Associates will provide general ar-
chitectural services and technical assistance,
including feasibility studies, preliminary
schemes, plans, specifications and cost
estimates for various locations as required
during the period February 15, 1980, to June
30, 1980; the cost not to exceed \$7,500 (in-
cluding \$250 for out-of-pocket expenses)
payable at hourly rates to be set forth in the
contract, which is a reasonable cost.

The issuance of this award letter subse-
quent to the starting date of the contract is a
result of the auditor's ruling, in February, 1980,
that not more than one service order can be
issued to a consultant in any one fiscal year. In
order to comply with that decision, it was
necessary to withhold service orders to the
consultant and to award a contract instead.
For your information, some of the work to be
done includes, but is not limited to, a feasi-
bility study and proposed alterations to the first
floor at 182 Tremont Street for use by the city.

Because of the circumstances, I am re-
questing that this letter be processed despite
the term of the proposed contract.

I believe this firm is qualified to do the work
required based on their past performance on
other contracts.

Due to the technical and professional nature
of the services to be performed, it is my judg-
ment that public advertising would serve no
useful purpose.

Respectfully,
Donald B. Manson,
Director.

Alterations and Repairs

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities
Commission on March 12, 1980, I hereby re-
quest your Honor's written authority to dis-
pense with inviting proposals by advertise-
ment in the *City Record*, and to award a con-
tract to Maurice J. Kennedy, Architect, of 1895
Centre Street, West Roxbury.

Under the terms of the contract, Maurice J.
Kennedy will provide architectural/engineering
services for the preparation of plans,
specifications and construction cost
estimates and for supervision of construction
of alterations and repairs at Fire Department
Engine Company 56 (East Boston), North End
Bath House, Pandan Greenhouse (Franklin
Park) and Doherty Pool (Charlestown) at a cost
of 13.33 percent (Architects "B" rate for A & R)
of the presently estimated cost of construc-
tion of \$372,000 (less a credit of \$4,519 for
designs previously done on the Engine 56 site),
the cost of the proposed services not to ex-
ceed \$53,069 (including \$8,000 for supplemen-
tary services), which is a reasonable cost.

I believe Mr. Kennedy is qualified to do the
work required based on our past experience
with him on other city contracts.

Due to the technical and professional nature
of the services to be performed, it is my judg-

ment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on February 13, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Arnold A. Jacobson, d/b/a Arnold A. Jacobson & Associates, Architects, with offices at 2464 Massachusetts Avenue, Cambridge, Massachusetts.

Under the terms of the contract Arnold A. Jacobson & Associates will provide architectural/engineering services in preparing plans, specifications and construction cost estimates, and supervision of construction of alterations and repairs at the Police Department Tow and Hold Division Office and Roslindale Municipal Building; at a cost for such services of 13.1 percent (1980 PFD "B" rate for A & R) of the presently estimated cost of construction of \$500,000, less a credit of \$9,825 for the preliminary designs completed under previous contracts; the cost of the proposed services not to exceed \$61,675 (including \$6,000 for supplementary services), which is a reasonable cost.

I believe this firm is qualified to do the work required based on past experience.

Because of the professional and technical nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on February 13, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Antonio P. deCastro d/b/a Glaser-deCastro Associates, Architects, of 585 Boylston Street, Boston, Mass.

Under the terms of the contract, Glaser-deCastro will provide architectural/engineering services for the preparation of plans, specifications, and construction cost estimates, and supervision of construction of alterations and repairs at five locations, at a cost for such services of 12.22 percent (1980 PFD "B" rate for A & R) of the presently estimated cost of construction of \$900,000, the cost of the proposed services not to exceed \$124,980 (including \$15,000 for supplementary services), which is a reasonable cost.

I believe Glaser-deCastro Associates are qualified to do the work required based on past experience.

Because of the professional and technical nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on February 13, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Lottero & Mason Associates, Inc., a Massachusetts corporation, of 120 Boylston Street, Boston, Mass.

Under the terms of the contract, Lottero & Mason will provide engineering services in preparing plans, specifications and construction cost estimates, and supervision of construction of alterations and repairs to the Foley Building at Mattapan Hospital, covering normal and emergency electrical distribution to meet code requirements, at a cost for such services of 9.4 percent (1980 PFD "A" rate for Engineers) of the presently estimated cost of construction of \$320,000, the cost of the proposed services not to exceed \$40,080 (including \$10,000 for supplementary services), which is a reasonable cost.

I believe Lottero & Mason Associates, Inc. is qualified to do this work based on past experience.

Because of the professional and technical nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on February 13, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Somerville Engineering, Inc., S.E. Architects Division, of 400 Highland Avenue, Somerville, Mass., with local offices at 256 Boylston Street, Boston, Mass.

Under the terms of the contract, S.E. Architects will provide architectural/engineering services for the preparation of plans, specifications and construction cost estimates, and supervision of construction of alterations and repairs to various buildings (Hill Prison, Administration, Dormitories) at Deer Island House of Correction; at a cost for such services of 13.08 percent (1980 PFD "B" rate for Architects) of the presently estimated cost of construction of \$510,000, the cost of the proposed services not to exceed \$74,708 (including \$8,000 for supplementary services), which is a reasonable cost.

I believe this firm is qualified to do the work required based on past experience.

Because of the professional and technical nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Appraisal Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record* and to award a con-

tract to Richard J. Dennis, Real Estate Appraiser, with offices at 73 Tremont Street, Boston, Mass. 02108.

Mr. Dennis' qualifications, experience and record of prior performance in similar undertakings have been carefully examined and it has been qualified to undertake the work in question. The period of performance is from April 1, 1980, to June 30, 1980.

Under the terms of the contract, Richard J. Dennis will provide appraisal reports, opinions of value and relevant information, as requested on real property to be acquired, leased, sold or otherwise disposed of by the City of Boston at a cost for such services to exceed \$2,500, which I have determined is a reasonable contract cost.

Due to the professional and technical nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Very truly yours,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Hubert Kelley, Real Estate Appraiser, with offices at 90 Boylston Street, Boston, Mass.

Mr. Kelley's qualifications, experience and record of prior performance in similar undertakings have been carefully examined and it has been found qualified to undertake the work in question. The period of performance is from April 1, 1980, to June 30, 1980.

Under the terms of the contract, Hubert Kelley will provide appraisal reports, opinions of land and relevant information, as requested on real property to be acquired, leased, sold or otherwise disposed of by the City of Boston at a cost for such services not to exceed \$1,000, which I have determined is a reasonable contract cost.

Due to the professional and technical nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Very truly yours,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record* and to award a contract to Bernard Singer, Real Estate Appraiser, with offices at 1425 Beacon Street, Brookline, Mass.

Mr. Singer's qualifications, experience and record of prior performance in similar undertakings have been carefully examined and it has been found qualified to undertake the work in question. The period of performance is from April 1, 1980, to June 30, 1980.

Under the terms of the contract, Bernard Singer will provide appraisal reports, opinions of value and relevant information, as requested on real property to be acquired, leased, sold or otherwise disposed of by the City of Boston at a cost for such services to exceed \$1,000, which I have determined is a reasonable contract cost.

eed \$10,000, which I have determined is onable contract cost.
to the professional and technical nature services to be performed, it is my judgment that public advertising would serve no purpose.

Very truly yours,
Donald B. Manson,
Director.

PUBLIC WORKS DEPARTMENT Engineering Services

Mr. Mayor:
I respectfully request your permission to use with public advertising and to award a contract to the Thompson & Lichtner Co., Inc., a corporation, located at 8 Alton Brookline, Mass., for furnishing engineering services for consultation and testing as for plant inspection of bituminous concrete and portland cement concrete.

Under the terms of the contract, Thompson & Lichtner Co., Inc. will control the quality of all work used in street construction and as well as supplement the city inspection and provide supervision of all concrete operations to insure compliance with city specifications. Thompson & Lichtner Co., Inc. is uniquely qualified to do this work because, under the direction of Charles W. Clair, not only operate a completely modern and fully equipped testing laboratory, but maintains an excellent staff of professional engineers capable of furnishing all materials testing and engineering services to this department.

Compensation under this contract shall not exceed \$60,000, which I have determined to be reasonable for the work to be performed. The term of this contract shall be July 1, 1980, to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph F. Casazza,
Commissioner of Public Works.

SCHOOL DEPARTMENT Lease/Purchase Financing

Mr. Mayor:
On behalf of the Boston School Committee I request your authorization to award a contract without further advertising to Capital Funding Corporation of Burlington, Mass., to obtain for the School Department a tax-exempt, municipal lease/purchase financing for the acquisition of approximately \$10 million worth of school transportation vehicles. Upon successful closing, the contractor will be entitled to be paid a fee equal to 1 percent of the amount raised, or, if it is necessary to place the transaction through a municipal bond dealer, a fee up to but not more than 1.5 percent of the amount raised. It is expected that the amount to be raised would include an additional sum to hold in escrow as a contingency. If at all possible, the contractor's fee shall be capitalized and amortized over the five-year life of the transaction. Under the least favorable set of circumstances, the contractor shall be paid an amount not to exceed \$100,000. It is expected, however, that the fee will be approximately \$181,000, with that being amortized over a five-year period. It is expected that the closing will occur between December 1980, and June 30, 1980.

Proposals were sought from five firms: First Continental Leasing, Dallas, Texas; New England Merchants Leasing Corporation, Boston, Massachusetts; Municipal Funding Corporation of America, Denver, Colorado; Smith Barney, Harris Upham & Co., New York, New York; and, Capital Funding Corporation, Burlington, Massachusetts. After an initial evaluation by Deputy Superintendent David Bernstein, the two firms most likely to place the transaction at the lowest overall cost, Capital and Municipal Funding, were invited to make presentations to a panel consisting of Messrs. Bernstein, Betcher, Lucey and Peterkin of the School Department, Collector-Treasurer Lowell Richards, and Mr. Marwell of Deputy Mayor Young's office. It was the unanimous recommendation of this panel that Capital Funding be selected, not only because of its lower fee, but also because of the greater accountability and accessibility of a local firm.

Because of the professional nature of this contract and the short period of time within which the financing must be secured, the public interest would not be served by a formal advertisement and bidding process. The contractor's fees are somewhat lower than those customarily charged for this type of transaction and are reasonable. The transaction will immediately restore to the City Treasury approximately \$2.3 million and will realize over the next seven to ten years substantial savings in the School Department's transportation programs. The cost of this contract will be charged to various School Department transportation accounts.

Very truly yours,
Robert Wood,
Superintendent.

Buses

Dear Mr. Mayor:

On behalf of the Boston School Committee, I request your authorization to award a contract without further advertising to GMC Truck and Coach Division, 77 Guest Street, Boston, Mass., for the acquisition of 70, 35-passenger GMC-Bluebird buses at a unit price of \$16,403.26, and of 75, 8-passenger GMC vans with automatic transmissions, at a unit price of \$8,141.88, for a total cost of \$1,758,869.20. The cost of this contract, as well as other related contracts, will be subsumed into a master tax-exempt municipal lease/purchase transaction which amortize the cost over five years with lease payments commencing in FY 81. Delivery of these vehicles is due on or before August 15, 1980.

GMC was the lowest of six bidders for the 35-passenger bus acquisition. GMC originally bid \$16,270.26 for a 1980 GMC chassis with body to be selected by School Committee. This was later qualified to mean either a Superior or comparable body. GMC was invited to quote for a Bluebird body, which it did quoting an additional \$133 per unit, for a total of \$16,403.26. Even with this revised bid, GMC was still the lowest of all bidders. After inspection, the School Department staff determined that the Bluebird body was more durable, safer and carried more reliable delivery assurances.

GMC was the lowest of the four bidders for the 8-passenger van acquisition.

Because GMC Truck and Coach Division is still the lowest bidder for these vehicles even with the substitution of the Bluebird body, which has been determined to be a better

value than other bus bodies, and because of the necessary long lead time to assure September delivery, the public interest would not be served by further public advertising. The price is reasonable. The Finance Commission reviewed this and other contracts awarded on March 26, 1980, and found there to be justification for this award. The cost of this contract will be charged ultimately to various School Department transportation accounts.

Very truly yours,
Robert Wood,
Superintendent.

Vans

Dear Mr. Mayor:

On behalf of the Boston School Committee, I request your authorization to award a contract without further advertising to McGregor-Smith Leasing, Inc., Haverhill, Mass., to lease with an option to purchase 50 8-passenger vans with a first-year lease price of \$5,110.92 (plus excise tax) and a purchase option after one year of \$4,500, per unit, for a total cost of \$255,546 (plus excise tax) or \$480,546, if the purchase option is exercised. Delivery of these vehicles is due on or before August 15, 1980.

Four bidders filed bids on the 8-passenger vehicle acquisition. Of the 125 units required, 75 are being purchased outright under a separate contract with the lowest bidder. Fifty units are being acquired on a one-year lease with a purchase option. McGregor-Smith Leasing filed the lowest and most favorable lease/purchase terms. While the combination lease-purchase price is approximately \$1,500 per unit higher than the outright purchase price, this premium for the ability to return the vehicles without penalty after one year is deemed to be a prudent investment. The School Department, for the first time, will next year be responsible for scheduling and routing vehicles serving special needs students. Depending on student densities and other factors, it may well be possible to replace up to 50 of these 8-passenger units with up to 25, 16-passenger units, at a substantial savings in operating costs.

Because McGregor-Smith Leasing bid the lowest and most favorable lease/purchase terms and it is deemed prudent to retain flexibility with a portion of the 8-passenger fleet, and because of the necessary long lead time to assure September delivery, the public interest would not be served by further public advertising. The lease/purchase terms are reasonable. The Finance Commission reviewed this and other related contract awards on March 26, 1980, and found there to be justification for this award. The cost of this contract will be charged to various School Department transportation accounts.

Very truly yours,
Robert Wood,
Superintendent.

Consultant Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Superintendent, I request your authorization for the award of a contract without public advertising to Boston University, 147 Bay State Road, Boston, for services to be performed during the period from December 12, 1979, to February 28, 1980, at a cost not to exceed

(Continued on next page)

CONTRACT AWARDED WITHOUT ADVERTISING

(Continued from previous page)

\$3,300, which is deemed reasonable by the School Committee.

The consultant will provide the following services: Assist the Department of Physical Education to share the cost of heating the Commonwealth Armory for effective use of track facilities by Boston students, three (3) days a week for ten (10) weeks.

The consultant is uniquely qualified to perform these services because Boston University is the only agency authorized to negotiate with the Commonwealth Armory.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is the determination of the Superintendent of Schools and the School Committee that the public interest would not be served by public advertisement for bids.

The funds are resident in the budget of the Department of Physical Education, Responsibility Center No. 105.

Very truly yours,

Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent, I request your authorization to award a contract without public advertising to Vasquez-Nuttall Associates, Inc. of 106 Washington Street, Newton, MA 02158, during the period of April 1, 1980, through July 31, 1980, at a cost not to exceed \$4,260.

The contractor in collaboration with the Office of Planning and Policy shall conduct the evaluation of the 1980 ESAA Special Compensatory Project II.

The 1980 ESAA Special Compensatory Project II represents an extension of the 1979-80 ESAA Special Compensatory Project.

As the evaluator of the 1979-80 ESAA Special Compensatory Project, Vasquez-Nuttall Associates, Inc. has compiled a familiarity with this project's objectives and personnel and has compiled a data base which renders them uniquely capable of providing superior formative and summative evaluation services to ESAA Special Compensatory II. Upon the strong recommendation of the project director to maintain the continuity of evaluation through this contract extension, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This contract was unavoidably delayed when as a result of an objection by the Superintendent's Screening Committee the original funding amount was caused to be renegotiated.

The cost of this contract is reasonable and commensurate with that paid consultants for evaluation services in the Boston Public School System.

This agreement is to be executed under the provisions of G.L., chapter 44, s. 53A and is made subject to the receipt of funds under a grant for ESAA Special Compensatory Project II, Grant No. GOO-79-922-77 at no cost to the City of Boston.

Sincerely yours,

Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent, I request your authorization to award a contract without advertising to TRD, Assoc., 385 Elliot Street, Newton, MA 02164, during the period of March 1, 1980, to August 31, 1980, at a cost not to exceed \$15,161.

The contractor in collaboration with the Department of Management Information Services shall carry out the evaluation of the 1979-80 Special Education Projects P.L. 94-142: 80-035-(458-460-462-502-570)-B; and P.L. 89-313: ED-80-(277-278-279)-B, by providing formative and summative evaluation of these projects and by adhering to the Department of Management Information Services guidelines for reporting and other relevant matters.

TRD Associates, Inc., has extensive experience in the field of educational evaluation. The company has long been active in evaluation of Boston Public School Programs (Title III, ESAA, Vocational Education, etc.) as well as in a broad range of educational programs throughout the New England area. As a result of TRD's competence and reliability and upon the recommendation of the project director, it is the determination of the School Committee that public interest would not be served by public advertisement for bids.

The contract was unavoidably delayed by the necessity of conducting a request for proposals process in order to select the evaluation firm.

The cost of this contract is reasonable and commensurate with that of paid consultants for evaluation services in the Boston Public School System.

This agreement is to be executed without appropriation under the provisions of G.L., chapter 44, s. 53A and is made subject to the receipt of funds under a grant for Special Education P.L. 94-142 Project 80-035-(458-460-462-502-570)-B; and P.L. 89-313: ED-80-(277-278-279)-B at no cost to the City of Boston.

Sincerely yours,

Edward J. Winter,
Secretary.

Perishable Foods, etc.

Dear Mr. Mayor:

I respectfully request your Honor's written permission to dispense with public advertising and to award a contract to South Shore Packing, Inc., for the purchase of perishable foods and other edible commodities during the period July 1, 1980, through June 30, 1981.

It is the practice of the School Committee to purchase perishable foods and other edible commodities on the basis of bids submitted weekly or monthly because of the perishable nature of these goods, the fluctuation in their prices and the quantities required. The cost of all perishable food and other edible commodities purchased under this contract will be based on formal quotation prices received from several suppliers.

Because the purchasing procedures, which accrue considerable saving to the School Committee, do not lend themselves to formal bids, it is my opinion that advertising would serve no useful public purpose.

Very truly yours,

Leo J. Burke,
Business Manager.

Prague Cable

Dear Mr. Mayor:

Your authorization is requested for award of a contract without public advertising to Benchmark Security Systems, 7 Deep Road, Worcester, Mass. 01606, for the purchase of I.O. Prague theft deterrent cable for use in business education classes through the City of Boston. The cost of this contract shall not exceed \$6,000 for the period February 1-June 30, 1980.

The Benchmark Security Systems is the only company that can provide this cable with a guarantee against theft, due to product factors and the price is reasonable. Their product is exceptional because of this guarantee, and for this reason we cannot see any reason to advertise, at this time, because of performance cost. We have had several hundred cables stalled under a previous contract, and we feel that there has been a definite decrease in number of business machines stolen from schools. In addition Benchmark Security Systems is the only authorized distributor of the I.O. Prague cable in this area.

Sincerely yours,

Elizabeth L. Corrigan,
Acting Business Education Director

Alarm Systems

Dear Mr. Mayor:

I request your approval of my action in awarding a contract without public advertising to the following firm for the supervision and maintenance of intrusion alarm systems presently in operation in four (4) school buildings: Alarm Service, 63 Washington Avenue, Chelsea, Mass. 02150.

The total amount of the contract will not exceed \$5,386, and the contract will be in effect from July 1, 1980, through June 30, 1981. It is my considered opinion that this cost is reasonable and fair.

This company has been providing this service to the Department of Planning and Engineering for many years and is uniquely qualified to perform this work in these school buildings. Inasmuch as this equipment has been leased from this firm for a period of years, along with the fact that the equipment is in with their central station and is monitored on a full-time basis by them, the 3M Alarm Service is the only firm that can supply this service to the four (4) school buildings covered by this proposed contract. In addition, this firm operates in conjunction with the City of Boston, Public Facilities Department, for electronic security patrol.

It is my opinion that public advertising would serve no useful purpose.

Respectfully yours,

Paul W. Mooney,
Senior Structural Engineer
IBM Typewriters

Dear Mr. Mayor:

Your authorization is requested for award of a contract, without public advertising, to International Business Machines Corporation (IBM), for furnishing purchase, lease and rental of IBM typewriters for the period October 1, 1979, through June 30, 1980, cost not to exceed \$100,000.

These typewriters are located in various offices in the School Department Administrative Building and this is a continuation of the existing contract to maintain their services. purchase of leased typewriters will

the machines have reached the maximum purchase option accrual which is 75 percent of the purchase price. The purchase option will be elected when the maximum equity is reached because purchase then becomes less expensive than lease. This contract will cover the purchase of additional types as needed. This contract is being provided late because it was assumed that a contract was in existence for this service. The contract has proven satisfactory and the Business Manager deems that the cost is reasonable. Because of the specified nature of the equipment, it is the opinion of our staff that advertisement of bids would serve no purpose. In the future the contract will be awarded well in advance of the start of the school year of performance.

Very truly yours,

Leo J. Burke,
Business Manager.

Radios

Mr. Mayor:

My authorization is requested for the purchase of a contract without public advertising for Motorola Radio Equipment, Inc., 33 Hartwell Avenue, Lexington, Mass. 02173, to furnish and lease the following equipment for the Safety Department for the Boston School Department: purchase of four (4) Motorola Handi-Talki portable radio units; leasing of twelve (12) additional units for the period of seven months with an option to purchase (leasing cost will be applied toward purchase if it is found at that time there is a present need for these additional units); emergency installation of a base station at Madison Park High School to replace one transferred to Jamaica Plain High School to comply with the requirement that personnel from the Safety Division be present at school athletic games, plus an allowance for emergency needs not covered in the maintenance agreement. The cost of purchase of four units will be \$6,710.20 (includes units, speaker microphones and antenna); leasing of the twelve units (includes units, speaker microphones and antenna) will be \$252 plus an amount to cover emergency needs not covered in maintenance agreement, etc. (\$747.80) will be \$1,000. Total cost of contract will not exceed \$12,706.45.

As stated in the attached memorandum from William Murray and Sidney Yeldell, Motorola equipment is presently in use in the Safety Department and these units will be added on to the existing system. Also, services for these units will fall within the existing maintenance agreement which includes repair of existing radio systems and towers located at Boston High School, English High School, the Lewenberg Junior High School, and the console at Madison Park High School. The Safety Department has forty-one Handi-Talki portable radio units now in use and we had excellent response under our maintenance agreement with this company for emergency repairs to existing equipment. Motorola Radio Equipment, Inc. has been working closely with our Safety Department and has been most cooperative in assisting us in the hectic opening of schools for the new year and during spasmodic crises.

Because of the reasons outlined above, I believe that public advertising would serve no useful purpose.

The reason for the delay in submitting this request: 1. Emergency situation, required approval of transfer of funds in budget; and 2. Recall of contract being processed for purchase of four (4) units from Law Department. Emergency ruling initiated after shooting of Jamaica Plain High School student at Charlestown game required leasing of twelve (12) additional units. An amendment to the contract could not be made as the original contract was still in the process of execution.

Very truly yours,

Leo J. Burke,
Business Manager.

Lease of Premises

Dear Mayor White:

I request your approval of my action in leasing, without advertising, certain premises deemed necessary and convenient by the Department of Adult Educational and Recreational Activities of the Boston School Department. The premises to be leased consists of rooms on the second floor at 584 Columbia Road, Dorchester, owned by Valhalla, Inc.

The term of the lease will be for one year on a month-to-month basis from January 1, 1980, to and including December 31, 1980.

The rental for the term is \$10,200 in equal monthly installments of \$850. Funding is provided under the Adult Education Act, P.L. 91-230. The contract cost is, in my opinion, reasonable.

Since the premises are suitable and have been used for the Adult Education program for several years under prior leases, it is not felt that public advertising would be useful in this instance.

This property was purchased by Valhalla, Inc., from the City of Boston, date of transfer November 9, 1979. The delay in submitting this letter has been caused by the length of time it has taken to reach terms agreeable to the new owner, one of which was that this lease commence January 1, 1980. Because of this, it was not possible to submit this letter ninety days in advance.

Very truly yours,

Henry A. Scagnoli,
Structural Engineer.

Instructional Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent of Schools, I request your authorization for the award of a contract to Massachusetts Occupational Information System, Inc. The contract shall be in effect between the period of September 28, 1979, and June 30, 1980, and occur at a cost not to exceed \$3,150 which is deemed to be reasonable by the School Committee.

The contractor will provide the following instructional services at Madison Park High School: A Boston located computerized terminal-accessed interactive Occupational/Career Information System with specific occupational, post-secondary and financial aid programs.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing

such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

The original contract for this system was misplaced at Madison Park High School before final approval of the School Committee, hence we offer this contract, requesting immediate implementation.

This agreement is to be executed without an appropriation of funds under the provisions of General Laws, chapter 44, s. 53A, and is to be subject to the receipt of funds under grant from chapter 94-482, State approved Project No. 80-035-537-183-1.

Very truly yours,

Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent of Schools, I request your authorization for the award of a contract to Ms. Lucy Ticknor, 419 Marrett Road, Lexington, MA 02173. The contract shall be in effect during the period of March 3, 1980, to June 20, 1980, and occur at a cost not to exceed \$2,250 which is deemed to be reasonable by the committee.

The contractor will provide the following instructional services at the Jackson-Mann School:

1. Evaluate sign language system in the Horace Mann Unit, Jackson-Mann School.

2. Provide in-service instruction in signed English, beginner's, advanced beginners, and intermediate levels to all Horace Mann Unit staff;

3. Evaluate performance levels at the end of the project;

4. Provide sign language instruction to selected Jackson Unit staff.

5. Provide sign language instruction to parents of hearing impaired students.

The contractor is especially qualified to provide the above service because Ms. Ticknor has taught deaf children utilizing signed English at the Framingham Learning Center. She has varied experience in teaching sign language courses to children and adults. In addition Ms. Ticknor has served as an interpreter.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed by funds available in Responsibility Center 064, Expense Code 910.

The submission date of this contract is late because of the delay due to the need to respond to a request for additional programmatic information.

Very truly yours,

Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent of Schools, I request

your authorization for the award of a contract to President and Fellows of Harvard College, Holyoke Center, 1350 Massachusetts Avenue, Cambridge, MA 02138. The contract shall be in effect during the period of March 1, 1980, to June 30, 1980, and occur at a cost not to exceed \$9,452 which is deemed to be reasonable by the School Committee.

The contractor will provide the following services at the Jeremiah Burke High School:

1. Conduct a pilot project for reading in one science and one social studies class.
2. Produce a booklet of reading technique suggestions to be used by teachers.
3. Conduct sharing sessions of final results.
4. Develop a plan and proposal for system-wide implementation during the 1980-81 school year.

Harvard University in general and Dr. Jeanne Chall in particular are internationally known for their expertise in the teaching of reading. In addition, the court order by Judge W. Arthur Garrity of May 10, 1975, is cited here as additional reason for the awarding of this contract.

The grant for this project was approved by the Board of Education on January 22, 1980. School Committee approval of the contract was granted on February 28, 1980, after a delay in receipt of the contract from Harvard University. The submission of the contract at this time then, is function of these two factors.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation of funds under the provision of General Laws, chapter 44, s. 53A, and is to be subject to the receipt of funds under grant from chapter 636, State approved Project No. 80-BC-0725.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent of Schools, I request your authorization for the award of a contract to the Massachusetts Occupational Information System, Inc., 13 Mercer Road, Natick, Mass. 01760 617-237-2942. The contract shall be in effect during the period of February 28, 1980, to June 30, 1980, and occur at a cost not to exceed \$5,787 which is deemed to be reasonable by the School Committee.

The contractor will provide the following instructional services at the English, Burke, and Dorchester High Schools.

1. A comprehensive computerized occupational/career information system for five (5) months, which includes specific information on Boston Magnet Schools;
2. A bilingual self-assessment inventory and specific information on schools, training programs and financial aid.
3. In-service training for staff and support materials (posters, manuals).

The contractor is especially qualified to provide the above services because the Massachusetts Occupational Information System Inc., is the only such computerized system to provide localized information on the Boston Public Schools, as well as bilingual career information.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation of funds under the provision of General Laws, chapter 44, s. 53A, and is to be subject to the receipt of funds under grant from M.D.R.C., Y 380. This contract is being submitted at this time, due to the difficulty in obtaining administrative approval.

Very truly yours,
Edward J. Winter,
Secretary.

Chapter 766 Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent of Schools, I request your authorization for the award of a contract to: Curry College, 848 Brush Hill Road, Milton, MA 02186, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c.71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$16,595, which is deemed to be reasonable by the Committee during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to 5 Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that this child or these children is/are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent of Schools, I request your authorization for the award of a contract to: Shore Collaborative, 10 Hall Ave., Medford, MA 02155, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$46,806.10, which is deemed to be reasonable by the Committee during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to 10 Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that child or these children is/are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent of Schools, I request your authorization for the award of a contract to: Wediko Children's Services, 25 Hunt Avenue, Boston MA 02116, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$75,100, which is deemed to be reasonable by the Committee during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to 50 Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that child or these children is/are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Books, etc.

Dear Mr. Mayor:

I respectfully request your Honor's written permission to dispense with public advertisement and to award a contract to the following companies.

Developmental Learning Materials, A.C. Getchell, Minnesota Instructional Materials Center, Moore Business Forms, National Advertising, Connections Publications, F&P Parker Co., IBM Company, Psychological Corporation, Northwestern University and Kent Agency for Boston.

Under the terms of this contract, the School Committee will purchase books and other educational materials when needed by the Boston Public Schools during the period July 1 through June 30, 1980. The cost of all purchased under this contract will not exceed standard catalog prices in effect.

Because of the contract need to provide Boston Public Schools with books and educational materials, and because textbooks and other educational materials are unique particular publisher, it is my opinion that advertising for bids would serve no purpose.

Very truly yours,
Leo J. Burke,
Business Manager

YOUTH ACTIVITIES COMMISSION

Education Program

Mr. Mayor:

I respectfully request your Honor's Permission to dispense with public advertising in order to award a contract to the Massachusetts Department of Public Welfare, located at 600 Washington Street, Boston, Massachusetts. The purpose of the contract is to provide a program whereby the city can contribute toward the cost of a Family Life and Education Program for individuals falling under the eligibility requirements established by the Department of Public Welfare. The Commonwealth of Massachusetts, through the Welfare Department, will contribute three-fourths of the cost of the program. The city is required, however, to make payment to the Commonwealth of our donation before the Commonwealth makes available the entire amount for the program. This is a donated funds grant under Title XX of the Social Security Act. Compensation under this contract shall not exceed \$135,000, which I have determined to be reasonable for the work to be performed. Term of this contract shall be from July 1, 1980 to June 30, 1981.

Public advertising for the contract would be for no useful purpose since the Commonwealth, through the Department of Public Welfare, is the sole administrator of the Title XX program.

Very truly yours,
John F. Kelly,
Executive Director.

Camping Program

Mr. Mayor:

I respectfully request your Honor's Permission to dispense with public advertising and to award a contract to the Massachusetts Department of Public Welfare, located at 600 Washington Street, Boston, Mass. The purpose of this contract is to provide a program whereby the city can contribute toward the costs of a Residential Camping Program for individuals falling under the eligibility requirements established by the Department of Public Welfare. The Commonwealth of Massachusetts, through the Welfare Department, contributes three-fourths of the cost of the program. Prior to the Commonwealth making available the entire amount of the costs of the program, the City of Boston must forward to the Commonwealth a donation equivalent to one-fourth of the total costs of the program.

Compensation under this contract shall not exceed \$70,000, which I have determined to be reasonable for the work to be performed. The term of this contract shall be from July 1, 1980, to September 30, 1980.

Public advertising for the contract would be for no useful purpose since the Commonwealth, through the Department of Public Welfare, is the sole administrator of the Title XX program.

Very truly yours,
John F. Kelly,
Executive Director.

ADVERTISEMENT THE SCHOOL COMMITTEE OF THE CITY OF BOSTON

Department of Planning and Engineering,
26 Court Street, Boston, Mass.

Invitation for General Bids for Fabrication, Erection, and Installation of Welding Booth Systems in the William McKinley School, 50 St. Mary's Street, Boston, Mass.

The School Committee of the City of Boston, acting by the Senior Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for fabrication, erection, and installation of welding booth systems in the William McKinley School, 50 St. Mary's Street, Boston, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Monday, January 26, 1981, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form obtained from the Awarding Authority. The

general bid shall be completely filled in, enclosed in an envelope, sealed, and marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office described above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's cashier's check issued by, a responsible trust company, payable to the City of Boston, in the sum of \$200. The general bid must be accompanied by a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and condition of the faithful performance by the principal. The general bid must be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for the opening of general bids (Saturdays, Sundays, and legal holidays included) from the opening of the general bids. In addition, no general bid filed by the bidder is responsible and eligible bidders may withdraw prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and other persons in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the conditions of the contract and all subcontractors must take affirmative action in connection with the work practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits to the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons employed under the contract, and proof of compliance with the foregoing provisions will be required before commencement of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a payment bond, each of a sum equal to the contract price, by a company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of ten percent of the contract price, will be required of the successful general bidder.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids, if it be in the public interest.

VIN H. WHITE
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

PATRICK F. McDONOUGH
PRESIDENT, CITY COUNCIL

DL. 73

MONDAY, JANUARY 19, 1981

NO. 3

72 MORE ROOMS FOR BOSTON!

Mayor White hails new \$25 million hotel as a "boon to the Boston Tourism Business."

Mayor Kevin H. White hailed the construction of a new \$25 million hotel in Boston as a "boon to the city's flourishing tourism and convention industry" at groundbreaking ceremonies on January 8, in the Back Bay.

The twenty-five-story hotel, the Back Bay Hilton, is owned by Dalton Properties, a group headed by Robert Sage, president of Sage Hotels of Boston.

Said Mayor White, "The construction of this hotel begins the new year on the same high note that we ended 1980. The development climate in Boston has never been better, and that climate translates into a more robust economy for the city's bringing more jobs for Bostonians and more investment for Boston businesses."

Located at the corner of Dalton and Belvidere Streets between the Veterans Auditorium and the Boston Science Center, the hotel is expected to be completed by March. The hotel will be operated by Dalton Properties of Boston.

He said, "The Back Bay Hilton will help fill an important need in Boston. Besides bringing the Hilton, a major hotel chain, to the city, the Back Bay Hilton will be heavily oriented toward corporate business, meetings, tourists and families and less oriented to large conventions as some of the other new hotels being built in the city."

He stressed that the Back Bay Hilton is truly a Boston venture. All contracts involved in the project, including its financing, he said, are locally based.

In addition," Sage said, "It has been the policy of our company to stress hiring of local people. Consequently, recruiting for hotel employees will be aimed at attracting Boston residents."

The Redevelopment Authority Director Robert J. Ryan said that the start of construction on the Back

Bay Hilton brought to 3,500 the total of new hotel rooms now under construction in Boston.

Ryan said, "The additional hotel rooms improve Boston's competitive stance in the tourist and convention market. These new hotels will also add to the city's job base. Almost 2,000 new jobs will be created by the hotels now under construction.

Obviously, we are pleased to welcome the Back Bay Hilton to the city. Private investments like this, especially in light of Proposition 2½, play a significant role in the continuing growth of the city's economy. This hotel will create 300 permanent jobs, 550 construction jobs over two years, and approximately \$300,000 to the city's tax base.

The Hilton chain was represented at the ceremony by Gregory R. Dillon, executive vice-president of Hilton Hotel Corp. and Hilton Inns, Inc.

Dillon expressed the corporation's pleasure at being in Boston: "Hilton is proud to be a part of outstanding cities. Boston is both

one of the nation's historic cities and one of the great contemporary cities of the world. The Back Bay Hilton will represent our continuing association with America's past and future. We thank Mayor White, as the representative of all Boston citizens, for welcoming Hilton in this new endeavor."

The Back Bay Hilton is the sixth property built by Robert Sage and Sage Hotels, making it one of the largest privately owned hotel chains in New England. Sage has a history of encouraging new and innovative building in Boston. The company's Fenway-Boylston Motor Hotel for example, which opened in 1959, was the first new hotel in the city in thirty years. Other Sage properties include four Howard Johnson's Motor Lodges, located at 777 Memorial Drive, Cambridge; Kenmore Square, Boston; Revere, and Waterville, Maine.

The Back Bay Hilton will have one specialty restaurant, two lounges, a ballroom, six function rooms, an enclosed swimming pool and a gift shop.

Permanent financing is being provided by the John Hancock Mutual Life Insurance Company. Construction financing for the hotel is being provided by New England Merchants National Bank. The contractor will be Vappi Construction Company.

Architect for the project is Irwing Salsberg & Associates; structural engineer for the project is LeMessurier Associates; mechanical engineer is Fitzmeyer & Tocci; and electrical engineer is Lottero & Mason Associates.

DPW SECOND-OPINION PROGRAM LINKED TO MEDICAID SAVINGS

A Department of Public Welfare (DPW) program that requires Medicaid recipients to get a second medical opinion before undergoing certain elective surgery is saving the Commonwealth approximately \$900,000 annually, by reducing the number of these operations by 20 percent statewide.

This is the finding of a federally financed study of Massachusetts' second-opinion program. The study will be distributed nationally by the U. S. Department of Health and Human Services in early October to help other states develop similar programs.

The Massachusetts program is mandatory in the sense that a patient for whom surgery has been recommended must get at least a second opinion and possibly a third one in order for the operation to be reimbursed by Medicaid. If the second opinion favors surgery and the patient has the operation, Medicaid will pay. If the second opinion opposes surgery, the patient must get a third opinion. Once the third opinion has been obtained, Medicaid will pay, regardless of whether the third opinion is for or against surgery.

Massachusetts is the first state to have a mandatory program. The only other state that has a mandatory program is Michigan.

Massachusetts' program was established by the state legislature in 1977 because of concern about rising Medicaid costs and indications that the state was paying for some unnecessary surgery. Statistics compiled at the time showed that surgery rates varied considerably in different parts of the state. For example, a child on Medicaid in Springfield was three times as likely to have a tonsillectomy as a child on Medicaid in Boston.

Under the current program, a Medicaid recipient must get a second medical opinion before undergoing any one of eight procedures: removal of tonsils and/or adenoids; gall bladder removal; disc surgery and/or spinal fusion; removal of varicose veins; nasal repairs;

removal of knee cartilage; removal of hemorrhoids; and hysterectomy.

DPW contracts with the state's five regional Health Care Foundations to arrange for these second or third opinions, and Medicaid reimburses the consulting physicians for the cost of the consultations. More than 600 physicians serve in the program as consultants.

According to the federal study, the program has had a significant impact on seven of the eight procedures, with the most dramatic reductions occurring for hysterectomies (26 percent), removal of hemorrhoids (23 percent), and removal of tonsils and/or adenoids (22 percent).

The Greater Boston area, which already had the lowest surgery rates in the state, experienced the largest reduction, with 26 percent fewer of these operations being performed on Medicaid patients.

The study indicates that the second-opinion program has influenced surgery rates in two ways. First, patients exposed to different opinions about their surgery are postponing or deciding against the operation. Second, because of the program's existence, less surgery is being proposed.

Praising the program, state Medicaid Director Robert D. Moran

said, "It is rare when we can get people better health care and save the taxpayers a substantial amount of money at the same time."

But he added that much more must be done: "Even though we have reduced surgery rates overall for these procedures, there is still a substantial difference in surgery rates from one region of the state to another. This leads us to believe that some portion must be excluded from surgery."

Moran says his office will be looking at ways to improve the second opinion program, such as reducing administrative costs and expanding the requirement to include operations not currently covered.

Medicaid provides comprehensive medical coverage for financially and medically needy individuals who meet certain income and resource requirements. Medicaid recipients are automatically eligible, as are many elderly and disabled persons. About 570,000 people in Massachusetts are covered by Medicaid.

For additional information on the second-opinion program, contact DPW (617) 727-6014.

LIBERAL DIVIDEND DUE ON GI INSURANCE

Some 145,000 New England veterans who have kept their GI life insurance policies in force will show in a record \$22 million dividend for 1981, the Veterans Administration announced in Boston recently.

Because of higher interest rates earned by insurance funds, the amount to be paid to policy holders in the six-state area during 1981 is nearly \$2 million above the 1980 figure.

No application is needed, stressed. Dividends will be paid automatically during 1981 on the anniversary date of the individual's insurance policy.

Policy holders will receive varying amounts depending on the type of policy, the amount of the insurance in force, the insured's age at issue or renewal, and time the policy has been in force.

The average amount to be paid to the nearly 3,000 area World War

terans with current policies is 96.

World War II veterans will receive an average payment of \$168 on their life policies versus the \$149 paid in 1980. About one-third of the living World War II veterans throughout New England, 114,000 policy holders, will share in the nearly \$20 million earned by their insurance funds.

Korean Conflict veterans who kept their GI insurance in force — a total of 17,867 — will receive an average payment of \$67, up from \$62 in 1980. Their policies earned a total of \$1.2 million during the past year. Disabled New England veterans also have a special type of GI insurance which will also receive increased dividends. These policies earned dividends for the first time in 1980 when an average of \$94 per insured was paid. Of the 165,549 holders of these special policies, 10 percent live in the New England area. This year they will receive an average of \$5 each because their policies earned \$10,000 more than they did the previous year.

A greater share of the higher interest rates was earned by those veterans who converted their insurance plans to permanent type policies rather than continuing to hold the original term policies, the spokesman pointed out.

TIME TO BATTLE SNOW

The Massachusetts Department of Public Health has some tips for safe and successful snow removal, whether the instrument is the trusty snow shovel or the snowblower.

A word of caution: Anyone planning to do serious snow shoveling this winter should be exercising regularly, at least two or three times a week. Regular exercise is especially important since many people are "house bound" during the cold months and get even less exercise than normal.

Proper dress is also important. Layers are warmer than gloves and several light layers of clothes insulate the body from the cold more effectively than one heavy layer. Besides protecting the ears, a hat

will prevent heat loss through the head. Finally, the glare from the sun on snow can be intense, and sunglasses are recommended to avoid eye strain.

As with any strenuous physical activity, the greatest danger is physical injury. People who are under or overweight, and those with spinal deformities, arthritis, previous joint injuries, a medical condition such as heart disease, hypertension or lung disease, and persons over fifty should check with a doctor before the season begins.

Back muscle strain is by far the most common injury associated with snow shoveling. Other hazards include hernia, which is a tearing of the body muscle lining; sprains and fractures due to falls; and even heart attack. A proper shoveling technique helps minimize these injuries.

Use a snow shovel that is in good condition, and clear snow by pushing rather than lifting. If you must lift, keep the back straight and knees bent, and let the legs do the work. Keep the hands widely separated for good leverage.

Wait at least one hour after eating before beginning to shovel. Do not smoke or drink while working; nicotine constricts the blood vessels, and alcohol dulls the senses and may lead to overwork.

Know your limits and rest often. Stop immediately if you begin to feel pain in your muscles, since pain indicates that the muscle has already been stretched beyond its limit.

Snowblowers save time and energy, but they too require certain safety precautions.

Before starting a snowblower, clear away all loose objects, stones, sticks or gravel. The engine of a pull-cord type of blower should never be started by anyone whose physical stamina is questionable; heart attacks can result.

Do not attempt to unclog the chute while the motor is running. Do not wear loose clothing while operating a blower. Do not use a snowblower on steep hills.

After snow has been removed, spread sand or salt on icy spots to help prevent falls.

HOME IMPROVEMENTS CAN SAVE ENERGY DOLLARS

Energy-conscious Boston residents should be sure to make simple energy conservation improvements to their home—such as weatherstripping and caulking around doors and windows—as well as more costly investments such as insulation and storm windows, according to Roy Bishop, director of the Mayor's Office of Energy Conservation.

"We urge Bostonians to take advantage of every opportunity to save energy—and money—by weatherizing their homes," Bishop continued. "Energy conservation is a good investment. If the cost of the improvement is paid in energy savings over four years, it's like investing your money and getting a 25 percent annual return.

"Along with the more costly and complicated work, such as insulating attics or walls, or installing storm windows, it is important to do the less 'glamorous' but extremely effective and inexpensive improvements as well. These simple things can make a big difference in a heating bill without costing a lot. Some of the simple investments can pay for themselves in fuel savings in a year or less."

As much as 40 percent of the heat lost in a home escapes through cracks around windows, doors and foundations, Bishop noted. Caulking and weatherstripping these areas is simple and inexpensive and well worth the few hours time required.

"Anyone who has a home energy audit done, whether it is by the city's Office of Housing, the state's new Energy Conservation Service, or a private energy consultant, should be sure to find out exactly what low-cost and no-cost improvements are needed, and how to do them, as well as finding out what more expensive investments would be cost-effective," Bishop said.

The Mayor's Office of Energy Conservation has also prepared information on easy ways to save energy in the home, called "25 Absolutely No-Cost Ways to Save Energy and Money." For a free copy, call 725-3221.

MEDICARE REQUIRES ITEMIZED BILL

Many people undergo needless delay in receiving reimbursement under Medicare medical insurance because they do not include an itemized bill when they submit their Request for Medicare Payment form.

An itemized bill must accompany the form if Part II of the form is not completed by the doctor or supplier. If the bill is not acceptable, the Medicare carrier will return the form to the person and an extensive delay in payment may result.

To be acceptable, a bill for services must include:

- a complete description of each service or supply received;
- the date each service or supply was received;
- the place each service or supply was received;
- the charge for each service or supply;
- the name of the doctor or supplier who provided each service or supply;
- the person's name and complete health insurance number exactly as shown on the person's Medicare card;
- if possible, the diagnosis.

A bill which shows "for professional services rendered" or "Balance forward" is not acceptable.

More information about filing Medicare claims may be obtained at any social security office. The people there will be glad to answer questions about itemized bills as well as about the Request for Medicare Payment form.

BILL FILED TO EASE ELDERLY HOUSING SHORTAGE

A bill that would permit congregate living for elderly in Bay State communities and help alleviate the housing shortage, has been filed by Rep. Andrew H. Card, Jr. of Holbrook and other Republican House members.

Th proposal—congregate living—could diminish the high de-

mand for public housing for the elderly by giving them an incentive to find housing in the private market, according to Card.

"The congregate living bill would prohibit a community from adopting any law that would prevent elderly people from living together in a group house of five or less persons," Card said.

Congregate living presently violates zoning laws in most cities and towns. The Card proposal would void any such laws on the books and encourage elderly to remain active in their communities and help with property taxes, maintenance, and other costs through sharing.

T AWARDS MAJOR CONTRACT

The MBTA Board of Directors, on January 6, awarded the second major line construction contract for the relocated, two-track Orange Line and the three-track railroad line in the Roxbury section of the South-west Corridor Project.

Successful bidder was the joint venture of J. F. White Contracting Company, Morrison-Knudsen Co., Inc., and Mergentime Corporation, Newton, whose bid, lowest of five publicly opened on December 11, was \$32,320,780. Minority businesses that will participate in the work are King Erectors, Inc., of Broomall, Pennsylvania, and Sepia Underground Construction of Boston.

The work will consist of the cast-in-place construction of the depressed transit and railroad structure through Roxbury. Related work includes the construction of deck, bridges, pavement, sidewalks, drainage and sewer, lighting, utility relocations, conduits, and pumping stations.

On December 9, the board awarded the first major line construction contract to Schiavone Construction Company of Jericho, New York, whose low bid was \$48,976,540. Minority businesses participating in this contract are Y & M Steel Contractors, Inc., of Millersville, Maryland, and Webster Excavating of Boston.

Work under this contract consists of site preparation and deep excavation of the depressed right-of-way for the relocated Orange Line and the rebuilt railroad tracks to be used by Amtrack and MBTA commuter trains through the South End section of Boston. Related work is similar to what is called for in the contract awarded by the board last day.

MARTIN LUTHER KING REMEMBERED

The anniversary of Dr. Martin Luther King's birth was commemorated with a service on Thursday, January 15, in Memorial Church, Harvard Yard, at 12:15 p.m. The service was open to the public and members of the Cambridge and Greater Boston communities were invited to attend.

The services was conducted by the Harvard/Radcliffe United Methodist Ministry, with the Reverend Frederick Reisz, President of the Ministry, presiding. Also participating were the Reverend Peter J. Gomes, Plummer Professor of Christian Morals at Harvard and Minister in the Memorial Church.

The principal speaker was Louis Brown, an associate physician at the Harvard University Health Services, who was active in the civil rights movement and a member of Dr. King's Southern Christian Leadership Conference. His address was entitled "Martin Luther King, Drum Major for Justice."

Leading scripture readings were by Harvard freshman Mark Brown at Currier House; Dianne Brou Franklin, assistant general counsel of Harvard, and Reverend Thomas F. Peters, chaplain at the Harvard/Radcliffe Catholic Student Center. Reading excerpts from Dr. King's "I Had A Dream" speech were supplied by more Patricia Wright of Levermore House and a member of the Harvard/Radcliffe Black Student Association.

Musical selections were presented by the Kumba singers, and a musical solo was performed by Fred Hamilton of the Harvard staff.

ndlelighting ceremony, part of a nationwide commemoration, was performed by Lydia Jackson, a phomore in Currier House and president of the Black Students' Association.

Following the service, there was a reception in the Radcliffe Room in the basement of Memorial Church. In conjunction with the services, the Afro-American Reading Room, the Library of the Afro-American Studies Department located in Langston Library at Harvard, is displaying an exhibition of paintings and drawings by Boston artist Paul Hodnight depicting life in the South. The library will also display a collection of books on Dr. King and work concurrently with the exhibit, which runs through February. The library hours are from 11 a.m. to 10 p.m., Monday through Friday.

FUEL ASSISTANCE NOW AVAILABLE

For the fifth consecutive year, Action for Boston Community Development (ABCD) is helping low-income residents of Boston, Brookline, Needham, Needham Heights, and Mattapan to pay their fuel bills this winter. Last year 24,000 households were served, and this year ABCD expects to aid up to 40,000. The poorest clients receive the largest payments, but all eligible households can be offered some support. Under the terms of the program, payments are made directly from ABCD to fuel vendors. Because of ABCD's strong working ties with utility and fuel companies, vendors respond quickly to requests from needy clients.

Anyone interested in applying should call the nearest office to find out what papers are necessary to bring as proof of income and evidence of need for fuel assistance. In this area, the ABCD Fuel Assistance Intake Offices are located

BHA MOVES

The Boston Housing Authority has announced the completion of its move to 52 Chauncy Street. The new quarters are behind the Jordan Marsh building, and across the street from the Washington Street Station on the MBTA's Red and Orange Lines. The new phone number is (617) 451-1250.

The BHA was forced to vacate its old quarters at 53 State Street because of demolition, and regrets any inconveniences experienced by tenants, applicants, or others during the period of the move.

IMMIGRATION AND NATURALIZATION CHANGES MAY AFFECT ALIEN REGISTRATION

Aliens required to report their current United States addresses this January may find the procedure more difficult because of changes made by the U.S. Immigration and Naturalization Service.

The INS has eliminated several thousand postal facilities from its distribution list for Alien Address Report Cards and reduced the number of cards that will be sent to remaining post offices.

Only postal facilities in cities with a significant number of aliens reporting in 1980 will receive cards for 1981, the Postal Service said. Postal facilities which do not receive the cards will not participate in the 1981 program.

Registration cards may be obtained at the nearest Immigration and Naturalization Service office if they are not available at a particular postal facility. The Boston area INS office is located in the J. F. Kennedy Federal Building in Government Center, Boston, MA 02203.

POSTAL SERVICE EMPLOYMENT OPPORTUNITY

Applications will be accepted, and an examination given, for the position of automated mark-up clerk in the Boston Postal District, the U.S. Postal Service announced on January 7.

A written examination will be given and successful applicants will then be required to demonstrate the ability to type forty words per minute for five minutes with no more than two errors. The position of mark-up clerk consists of processing mail that is undeliverable as addressed.

Applicants must have reached their eighteenth birthday on the date of the appointment. This age limit does not apply to persons entitled to veterans preference. High school graduates or persons certified by local school authorities as having terminated their formal education for adequate reasons may be appointed at sixteen years of age. In general, there is no maximum age limit.

Interested applicants must submit a Postal Service Application Card (PS Form 2479 AB) by Friday, January 23, 1981 to: Examination Unit, Room 1000, General Mail Facility, 25 Dorchester Avenue, Boston, MA 02205.

Applications will be available at the above location, and at all area post offices, beginning Monday, January 19, 1981. Applications will not be accepted prior to the January 19th opening date or after the January 23rd closing date.

Area residents are reminded that the U.S. Postal Service is an equal opportunity employer.

DEATH OF TWO FIRE FIGHTERS A "PROFOUND TRAGEDY"

Mayor Kevin H. White on January 6, characterized the death of two Boston fire fighters, as a result of an eight-alarm blaze which engulfed an Arlington Street brownstone as a "profound loss to the community."

The two were among seven men who were trapped when the ceiling

collapsed as they were fighting the stubborn blaze. Five of those men were rescued and hospitalized.

Mayor White said, "The gallant men who were victims of this blaze were examples of the noblest tradition of the Boston Fire Department. We salute their courage and their valor. An extraordinary display of courage has become the rule of this department. No greater tribute can be paid them than to say they were heroes."

Mayor White added, "The 120 men who braved the cold to fight the blaze exhibited a tenacious spirit under difficult, adverse conditions. I am proud of their professionalism. They were led by a professional. Commissioner George Paul, by taking personal command of the rescue operations in the smoldering building, once again proved that he is a truly courageous leader."

Mayor White expressed the condolences of the city to families of the dead fire fighters.

SCHOLARSHIPS FOR BOSTON STUDENTS

Mayor White signs tax agreement with Berklee School of Music to provide scholarships, amphitheatre for Bostonians.

Mayor Kevin H. White, on January 7, signed an in-lieu-of-tax agreement between the City of Boston and the Berklee School of Music which will make \$30,000 in scholarship aid to Berklee available each year to graduates of Boston public schools.

Berklee will provide the scholarship aid in return for a city zoning variance allowing the music school to move into the former State Street Bank on the corner of Massachusetts Avenue and Boylston Street.

In addition, Berklee has agreed to construct and maintain an open-air amphitheatre at the rear of the site, at the corner of Cambria and Boylston Streets.

Under the agreement with the city, the amphitheatre will be made available for use at no cost to the community on a continuing basis.

Mayor White said, "At a time when the city's tax base will be

diminished by Proposition 2½, we must make every effort to obtain payments and/or services from the large number of tax-exempt institutions in Boston."

Mayor White added, "This agreement would have been impossible without the steadfast concern and support of Berklee's director, L. Berk. His cooperation helped the negotiations reach fruition."

In addition, Berklee has agreed to sell a building it owns at 122-1 Ipswich Street to an owner who will put the building back on the city tax rolls.

Until the Ipswich Street sale has been completed, Berklee will make an in-lieu payment of \$15,000 each year to the city.

"INFLATION-FIGHTER KIT" AVAILABLE

Secretary of Consumer Affairs Eileen Schell announced the availability of an "inflation fighter kit" to help Massachusetts consumers save money in the new year.

The kit consists of three pamphlets — "Consumer's Savings Guide," "Consumer's Debt and Credit Guide," and Consumer Budget Guide."

According to Secretary Schell, "the 'Savings Guide' contains advice on how you can save money on food, energy, car maintenance, clothing purchases, and telephone services. The 'Debt and Credit Guide' explains how you can establish credit and evaluate the use of credit, the consequences of abusing credit, and some dangers associated with debt. 'Budget Guide' shows you how to set up and maintain a budget and how to measure your net worth."

"The information contained in these three pamphlets will help consumers stretch their dollars further in the face of double-digit inflation."

The inflation-fighter kit is available by sending a 15-cent postage stamp to Inflation Kit, Consumer Affairs, One Ashburton Place, Boston, MA 02108, or by calling 727-7780.

as B. Francis,
Supervisor of Personnel.

Mr. Francis
effective November 19, 1980, I have ap-
pointed Mr. Louis Pizzano as temporary super-
visor of custodial workers in the Court House
Custodian Department.

Prior to this appointment, Mr. Pizzano was
employed in the capacity of supervisor in pri-
son industry.

Because of this prior experience and qualifi-
cation for this position it is requested that his
year, two-year, three-year, four-year, five-
year and six-year increments be determined
under Rule 15F of the Suffolk County Compens-
ation and Classification Plan, effective
November 19, 1980.

Very truly yours,
Court House Commission,
JOHN E. POWERS,
Chairman.

ORDINARY STEP-RATE ADVANCE

JAIL

as B. Francis, Jr.,
Supervisor of Personnel.

Sir:

On November 26, 1980, Mr. Joseph Flanagan
was promoted to the position of senior jail of-
ficer, Grade JO-3(3) at the Suffolk County Jail.
His previous service was evidenced prior creditable service
which is hereby submitted for consideration
under the provisions of Rule 15(F) of the Suf-
folk County Compensation Plan.

Joseph Flanagan — promoted November 26,
served as a jail officer from April, 1974, to
present; and attended Newbury Junior College
for supervisory management from 1972 to 1973.
In view of his prior service and qualifica-
tion it is requested that his first increment be
determined under the provisions of Rule 15(F)
of the Suffolk County Compensation Plan, ef-
fective November 26, 1980.

Sincerely,
DENNIS J. KEARNEY,
Sheriff.

CONTRACTS AMENDED

The Mayor has approved the
amendment of contracts, based on
the following information:

ADMINISTRATIVE SERVICES DEPARTMENT
Labor Relations

On February 1, 1980, your Honor approved
the award of a contract without public advertis-
ing for bids to Robert E. Holland, 65 Franklin
Street, Boston, for his handling of contract
disputations through the mediation/fact find-
ing stages with three uniformed services'

unions and is intimately familiar with the
issues and bargaining history between the city
and those unions, during the period November
1, 1979, through June 30, 1980, at a cost not to
exceed \$10,000.

Your approval is requested to amend this
contract to provide for increased activity in the
need of Mr. Holland's services to potential cut-
backs and layoffs relating to the city's fiscal
situation.

The cost of this amendment shall not ex-
ceed \$5,000, which I have determined to be
reasonable. The contract, as amended, shall
not exceed \$15,000. The period of performance
shall remain as June 30, 1980.

Because of Mr. Holland's experience and ex-
pertise and the unique services required to per-
form the various functions of this contract, I
believe that public advertising would serve no
useful purpose.

Very truly yours,
Edward T. Sullivan,
Director.

Purchasing Division

IBM License

Dear Mr. Mayor:

On March 6, 1980, your Honor approved an
amendment to contract 2399 with International
Business Machines Corporation (IBM), 610 Lin-
coln Street, Waltham, MA 02154. This contract
is for a license to use program products and
specially developed IBM programs for the IBM
computer systems leased by the city during
the period from July 1, 1979, through June 30,
1980.

The amendment increased the amount of
the contract from \$67,356 to \$83,580.

Through a clerical error the information
given to the Purchasing Division did not in-
clude the amount of \$2,508 which represents
the Boston City Hospital's portion of the cost.

Your permission is therefore requested to
further amend this contract with IBM by in-
creasing the total cost of the contract from
\$83,580 to an amount not to exceed \$86,008
net.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Street Lighting Meters

Dear Mr. Mayor:

On May 10, 1979, your Honor approved the
award of a publicly advertised contract for fur-
nishing street lighting meters to Berry-Rochi,
Inc., in the amount of \$22,280 less 2 percent
discount at time of payment. A contract with
this company was executed and a purchase
order issued.

Subsequently, the manufacturer of the
meters, Fisher-Karpark Ind. Ltd., West York-
shire, England, has stated that Berry-Rochi is
no longer its duly authorized American repre-
sentative. Fisher-Karpark has requested that a
contract be issued to Bradford Consultants for
these meters.

Your permission is requested, therefore, to
rescind contract 1102 with Berry-Rochi, Inc.
and award a contract to Bradford Consultants,
316 St. James Place, Philadelphia, PA 19106, in
the amount of \$22,280 less 2 percent discount
at time of payment. There is no change in the
original bid price and terms.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Chemicals, etc.

Dear Mr. Mayor:

On June 25, 1979, your Honor approved the
award of a number of publicly advertised con-
tracts for the furnishing of research and diag-
nostic chemicals, reagents and supplies, Pro-
posal 372, to the Health and Hospitals Depart-
ment for the period from July 1, 1979, through
June 30, 1980.

One of the contracts awarded was to Beck-
man Instruments, Inc., 2181, in the amount of
\$5,000 net.

I have been requested by the Boston City
Hospital to increase the award to this com-
pany to \$9,000. Dr. Peter A. Rice, director of the
hospital's Clinical Immunology Laboratory,
has converted a major portion of its testing to
a semiautomated system which requires the
additional quantities of reagents. Dr. Rice an-
ticipates that this system will improve the
quality of the tests, thereby improving quality
of patient care. He also anticipates a savings
of 10 to 15 percent in purchases of reagents in
fiscal year 1981 because more expensive
reagents that formerly have been used have
been substituted with this company's
reagents which are less costly.

Dr. Rice has informed me that, at the present
time, this company is the sole source of
reagents needed to perform these tests. It is
his opinion that this type of product will
become highly competitive, but probably not
until 1982. Dr. Rice has developed this in-
formation by canvassing several manufac-
turers.

In view of the foregoing facts, it is my
opinion that the city's best interests would be
served by amending our present contract, with-
out further advertising. Your permission is
therefore requested to amend our existing con-
tract 2181 with Beckman Instruments, Inc., 599
North Avenue, Wakefield, Mass. 01880, by in-
creasing the amount of the contract from
\$5,000 to \$9,000 net.

Purchasing Division's Article 3, General
Conditions, is a standard provision in all of our
contracts and will continue to apply to this
contract. This permits the city to purchase an
additional 25 percent of the contract amount,
if so required, at the bid price.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Catheters, etc.

Dear Mr. Mayor:

On June 15, 1979, your Honor approved the
award of several publicly advertised contracts
for furnishing cardiovascular catheters, sup-
plies and accessories, Proposal 366, to the De-
partment of Health and Hospitals for the
period from July 1, 1979, through June 30, 1980.

Two of the contracts awarded were to Soren-
son Research Co. in the amount of \$24,000 and
to Medical Electronics Corp. in the amount of
\$16,000.

I have been informed by the Health and Hos-
pitals Department that, due to increased and
unanticipated use of products from these com-
panies, the above mentioned contract
amounts will not be sufficient for purchases
within the contract period.

It is my opinion that publicly advertising for
the additional amounts would not produce bet-
ter prices than we now have. I therefore feel

that the city's best interests would be served by amending our present contracts without further advertising.

Accordingly, your permission is requested to amend our existing contracts with these companies as shown below:

Contract 2128, Sorenson Research Company, P.O. Box 15588, Salt Lake City, Utah 84115, from \$24,000 net to \$34,000 net.

Contract 2129, Medical Electronic Corporation, 131 Clarendon Street, Boston, Mass. 02116, from \$16,000 net to \$20,000 net.

Purchasing Division's Article 3, General Conditions, is a standard provision in all of our contracts. This permits the City to purchase an additional 25 percent of the contract amount, if so required at the bid price.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Voting System

Dear Mr. Mayor:

On January 24, 1980, your Honor approved the award of a publicly advertised contract to Motorola, Inc. for the furnishing of a voting system, Proposal 183 to the Fire Department.

I have been informed by the Fire Department that this company inadvertently did not include in its bid all of the items that this system requires and which were included in the proposal. Therefore, Motorola Inc. was not the lowest responsible bidder. General Electric Company, the only other bidder, does comply with all of the requirements of the proposal.

Accordingly, your permission is requested to terminate our contract 2719 with Motorola Inc. and award a contract to General Electric Company, 260 Cochituate Road, Box 1009, Framingham, Mass. 01701.

The total amount of the contract will be \$3,916 net.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Construction and Woodworking Equipment

Dear Mr. Mayor:

On April 1, 1980, your Honor approved publicly advertised contracts for furnishing construction and woodworking equipment, Proposal 212, to the Public Facilities Department.

Because of a clerical error the recommended award to Boshco, Inc., contract 2806, erroneously stated as \$33,380, instead of the correct amount of \$47,822 net.

Your permission is requested, therefore, to change the amount of the recommended award, as shown above.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

COMMUNITY DEVELOPMENT

Enrichment Program

Dear Mayor White:

I hereby respectfully request your Honor's permission to amend an award letter with Programs for Youth, Inc. d/b/a Tynan After School Reading Program, a corporation, located at 316 Huntington Avenue, Boston, Mass. 02115, which was approved by you on December 5, 1979.

The original award letter allowed \$25,000 for Programs for Youth, Inc. d/b/a the Tynan After School Reading Program for the residents of the South Boston community. The amended total shall not exceed \$35,000. Payment for this contract will be made from fifth-year funds of the Community Development Block Grant. The period of performance from this contract shall remain within the defined period of September 12, 1979, to September 11, 1980.

This award letter for Programs for Youth, Inc. d/b/a the Tynan After School Reading Program is arriving in the Law Department for review at this late date for the following reason.

Due to an oversight made by the city, the original award letter had been processed including an incorrect amount figure as being allocated to the Tynan After School Reading Program. In cross checking figure amounts of the finalized contract package to be processed, the discrepancy was discovered. Therefore, it has become necessary to amend the original award letter which was approved by you on December 5, 1979.

Under the terms of the agreement, Programs for Youth, Inc. d/b/a Tynan After School Reading Program shall continue to provide remedial and enrichment reading/language arts instruction for elementary school children of South Boston.

On the basis of Programs for Youth, Inc. d/b/a Tynan After School Reading Program's demonstrated expertise and experience in the delivery of services, I recommend that the award letter between the city and Programs for Youth, Inc. d/b/a Tynan After School Reading Program be amended at this time. Moreover, it is my opinion that public advertising would serve no useful purpose.

Sincerely,
Katharine D. Kane,
Deputy Mayor.

EEPA

Training Programs

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with Action for Boston Community Development, Inc. (ABCD), a non-profit organization with offices at 178 Tremont Street, Boston, Mass. 02111. The purpose of this amendment is to increase the total award by \$12,119. This increase was requested due to budgetary revisions, reflecting an increase in services to participants in the continued operation of the classroom training programs under Title II-B.

This amendment will increase the award amount from \$1,035,391 by \$12,119 to a total cost not to exceed \$1,047,510. The contract will continue to be effective for the period October 1, 1979, through September 30, 1980. Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title II-B of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P. L. 95-524.

As this award is for the continued operation of a program at a reasonable cost, by a contractor of proven effectiveness, no public purpose would be served by formal advertising. I, therefore, request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with Boys' Clubs of Boston, a non-profit organization with offices at 15 Green Street, Charlestown, Mass. The purpose of this amendment is to increase the award to cover the contractor's moving expenses in the relocation of its World of Work program from Charlestown to a central location. The Boys' Clubs administrative offices will remain in Charlestown. This location will allow the contractor to serve the youth enrolled in this career education program.

This amendment will increase the award from \$68,000 by \$15,670 to a total cost not to exceed \$83,670. The contract will continue to be effective for the period October 1, 1979, through September 30, 1980. Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P. L. 95-524.

As this award is for the continued operation of a program at a reasonable cost, by a contractor of proven effectiveness, no public purpose would be served by formal advertising. I, therefore, request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with Economic Social Action Committee (ESAC), a non-profit organization with offices at P.O. Box 13, Jamaica Plain, Mass. 02130. The purpose of this amendment is to increase the total contract amount by \$48,897. The additional amount will allow the contractor to grant increased staff wages and fringe benefits, and to cover rising operational costs such as rent, utilities. The increase was made possible by receipt of a higher than anticipated Year 1980 allocation from the Department of Labor under the Youth Community Coalition and Improvement Program (YCCIP) which the contractor is funded. The contractor will continue to operate its youth employment program for economically disadvantaged youth in housing rehabilitation service for moderate income owner housing in Jamaica Plain.

This amendment will increase the award amount from \$100,000 by \$48,897 to a total cost not to exceed \$148,897. The contract will continue to be effective for the period October 1, 1979, through September 30, 1980. Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P. L. 95-524.

As this award is for the continued operation of a program at a reasonable cost, by a contractor of proven effectiveness, no public purpose would be served by formal advertising. I, therefore, request approval to dispense

ing sealed bids by advertising in the *City Record* pursuant to authority granted under City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with the Urban League of Eastern Massachusetts, a non-profit organization with offices at 236 Huntington Avenue, Boston, Mass. 02115, for the operation of an additional cycle of its supported work program for Aid to Families with Dependent Children (AFDC) recipients. Under the terms of the amendment, the Urban League will continue to perform support services and participate in placement, and act as the fiscal agent for an intensive Secretarial training program conducted by the Burdett School.

Funds for the continued operation of this contract will be provided to the city by the Joint Employment and Training Council, as part of the Special Grant to Governors under Title I Section 204. The contract will be extended by four (4) months to become effective from July 15, 1979, through August 1, 1980. The award will be increased by \$34,160, for a new total not to exceed \$115,887.

As this award is for the continued operation of a successful program at a reasonable cost, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with the Educational Laborative for Greater Boston, Inc. (Edco), a non-profit organization with offices at 20 Kent Street, Brookline, Mass. 02146. Under the terms of the amendment, the contractor will continue to serve 100 economically disadvantaged youth at its highly successful Energy Training and Employment Center (ETEC). The award awards academic credit to youth for participation in its program which combines education, energy-related training and private sector employment. The contractor was selected for additional funding based on its outstanding operation of ETEC, in a nationwide competition conducted by Youthwork, Inc., the program manager for the Exemplary School Youth Demonstration Project.

The contract will be extended by seven (7) months to become effective for the period October 1, 1978, to September 30, 1980. The award will be increased by \$95,000, to a new total not to exceed \$457,900. Funds for this

amendment will be provided to the city through a federal government grant under the Youth Employment and Demonstration Projects Act of 1977, P.L. 95-93. This request is retroactive due to the time involved in negotiations between EEPA and Youthwork, conducted to specify the exact amount of the award.

Because this is a negotiated award at a reasonable cost made to an agency which has performed outstandingly, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to amend an award letter for the Commonwealth of Massachusetts department of Manpower Development, Executive Office of Economic Affairs, Charles F. Hurley Building, Boston, MA 02114, dated February 5, 1980, which you approved on March 6, 1980.

The purpose of the amendment is to correct a calculation error in the program budget. The correct amount of the award should be not to exceed \$140,000 rather than \$130,000 as the letter read.

Whereas all other terms of the original award letter are correct (effective period: October 1, 1979, through September 30, 1980) approval of this amendment will enable EEPA to properly execute the contract.

Sincerely,

George Bennett,
Administrator.

Lease of Premises

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with Nathan R. Miller Properties, Ltd., 6 Beacon Street, Boston, Mass. 02108, for the purpose of continuing the lease of certain premises deemed necessary and convenient for the successful operation of Comprehensive Employment and Training Act (CETA) programs by the Employment and Economic Policy Administration; through U.S. Department of Labor funding.

As in the original award, the demised premises consist of suite 900, on the ninth floor of the building at 6 Beacon Street, Boston, Mass. 02108. The term of the lease will be extended by three (3) months, to become effective for the period July 1, 1979, to September 30, 1980, thereby conforming to the federal fiscal year. The monthly rental will increase from \$2,404.17 to \$2,687.50. The award will be increased by \$8,062.50 for a total not to exceed \$36,912.50. This negotiated amendment is reasonable in light of economic condi-

tions in the commercial real estate market. These rates will also apply for FY'81.

Since these facilities are both adequate, convenient and available to EEPA at a reasonable market rate, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids in the *City Record*, pursuant to the authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Hispanic Program

Dear Mayor White:

I respectfully request your Honor's permission to amend an award letter for the Cardinal Cushing Center for the Spanish Speaking, a non-profit organization at 1375 Washington Street, Boston, Mass. 02118, dated December 24, 1979, which you approved on January 28, 1980. The purpose of the amendment is to change the term and increase the award in accordance with negotiations conducted after the approval of the original letter. This amendment will allow EEPA to honor costs incurred by the contractor during September in planning and start-up activities for its program serving Hispanic youth in "The Boston Plan Project YES". These activities include staff retention and program refinement.

As in the original award letter, funds for the operation of this contract will be provided to the city through a federal government grant under the Youth Incentive and Entitlement Pilot Project, P.L. 95-93. The contract will have a new start date of September 1, 1979 (previously October 1, 1979), and will continue to be effective through October 14, 1979. The award will be increased by \$8,000 for a new total not to exceed \$15,000. This award is retroactive due to extensive budgetary analysis and negotiations conducted to determine the availability of the funds requested.

Because this is a negotiated award for planning activities at a reasonable cost, to an agency chosen to operate an Enrichment program, no public purpose would be served by formal advertising. I therefore request to dispense with inviting sealed bids in the *City Record* pursuant to authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Consultant Services

Dear Mayor White:

I respectfully request your Honor's permission to amend a professional services contract with Mr. Donald Richard, 34 Bates Street, Cambridge, Mass. 02140, for the continuation of consultant services to "The Boston Plan, Project Y.E.S." This amendment is necessary to retain the contractor's services in connection with the extension of the program past its pre-

sent termination date (June 30, 1980). The contractor will assist the Project Y.E.S. director in the development and implementation of new systems, procedures and forms to accomplish the transition from demonstration project status to regular CETA Youth program.

Funds for the operation of this contract will be provided to the city through a federal grant under the Youth Employment and Demonstration Projects Act of 1977, P.L. 95-93. The contract will be increased to provide for an additional 84 working days (20 during the present contract term) and be extended three months to become effective for the period October 1, 1979, through September 30, 1980. The contractor will continue to be compensated at the rate of \$120 per diem, a reasonable fee for the technical level of service provided. The amended contract will therefore be for an amount not to exceed \$26,700.

Because this contract is for professional services at a reasonable cost, that conforms to federal procurement requirements for CETA programs, no public purpose would be served by advertising for sealed bids. I therefore request approval to dispense with formal advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with Technical Development Corporation (TDC), 11 Beacon Street, Boston, Mass. 02108, for additional consultant services to the EEPA in support of the operation of "The Boston Plan, Project Y.E.S.". The amendment will provide payment for work performed by TDC analyzing Project Y.E.S. payroll and enrollee document control procedures, which work was performed in good faith, at EEPA's request.

Funds for the operation of this contract will be provided to the city through a federal grant under the Youth Employment and Demonstration Projects Act of 1977, P.L. 95-93. The contract will continue to be effective for the period February 28, 1979 through February 2, 1980 and be increased by \$7,000 to an amount not to exceed \$41,000. This request is retroactive due to a delay involved in clarifying the particulars of the additional work performed.

Because this is a negotiated contract for professional services, performed in good faith at a reasonable cost, that conforms to federal procurement requirements for CETA programs, no public purpose would be served by advertising for sealed bids. I therefore request approval to dispense with formal advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator

HEALTH AND HOSPITALS DEPARTMENT Fire Equipment Repairs

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the department's Physical Facilities Division multi-vendor contract, which was approved by the Mayor on July 11, 1979, for the period July 1, 1979, through June 30, 1980, at a cost not to exceed \$627,350.

This amendment will add F.M. Fire Control Company, 12 Park Street, West Roxbury, Mass. 02132, to the list of contractors who provide fire equipment repairs for the department as needed.

The above firm is being added not only because in my opinion they are competent and will be competitive, but also because they are a Boston based firm.

Therefore because of the above reasons and because the addition of this firm is the only change in the contract, I recommend approval of the amendment.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Taxi Service

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the department's contract with Red & White Cab Company, 370 Harrison Avenue, Boston, Mass. 02118, which was approved by the Mayor on July 11, 1979, for the period July 1, 1979, through June 30, 1980, at a cost not to exceed \$6,000.

This amendment increase the contract by \$4,000 bringing the city's total liability under this contract to \$10,000.

This amendment is necessitated by a fare increase allowed Taxi operators by the city in September of 1979 and an increase in the number of trips which were estimated at the beginning of this fiscal year.

Therefore because of the above reasons and insofar as charges are standard throughout the city, and the cost is reasonable, I recommend the approval of this amendment.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Legal Services

Dear Mr. Mayor:

On February 27, 1980 an award letter was approved by you for a contract with the law firm of Choate, Hall and Stewart, 60 State Street, Boston Mass. 02109.

Under the terms of the proposed contract the firm will represent the Department of Health and Hospitals in the department's appeal of the Medicare Intermediary's decision not to fully reimburse the department for the costs of the Mallory Pathology Building at Boston City Hospital.

The original amount of the contract was to be \$15,000 for professional services. This amount did not provide for out-of-pocket disbursements which may be required. Such out-of-pocket disbursements would include airfare, hotel and meal expenses incurred if a formal appeal hearing would be required in Baltimore, Maryland. The hearing would be held in Baltimore, Maryland, because the headquarters of the Health Care Finance Ad-

ministration, the federal controlling entity for cost reimbursement, is located there.

The amount increase requested is \$3,000 bringing the total amount of the contract to \$17,000.

Respectfully submitted,
David L. Rosenbloom,
Commissioner.

Nursing Services

Dear Sir:

Pursuant to the authority delegated to the Board of Health and Hospitals, I hereby request your Honor's permission to amend the second time, the city's contract with Healthway Medical Bureau, 520 Commonwealth Avenue, Boston, Mass. 02215, Medical Personnel Pool, 73 Tremont Street, Boston, Mass. 02108, and Staff Builders Medical Services, 18 Tremont Street, Boston, Mass. 02108, under which contract the above firms agreed to furnish skilled nurses for the Boston City Hospital, whenever an emergency situation, created by a shortage of nursing personnel, necessitates such supplementation. Boston City Hospital regular nursing staff for the period July 1, 1979, through June 30, 1980, at a total cost as approved by the Mayor on November 26, 1979, not to exceed \$250,000.

The original amendment approved by the Mayor on January 24, 1980, in the amount of \$250,000 brought the total liability under contract to \$500,000.

This second amendment shall increase the amended contract sum by an additional \$250,000. The city's total liability, under contract as so amended for the second year, will not exceed \$750,000.

Despite a continued intensive recruiting effort, the demand for nursing services exceeds the department's second estimate of need turnover rate.

As was previously stated, nursing shortage are not unique to the Boston City Hospital. A survey of local hospitals and nursing homes indicate that recruitment efforts are not meeting their staffing needs so that they must use the services of concerns who supply temporary nurses.

In an attempt to alleviate dependence on outside concerns to supply our nursing needs the department has taken the following actions: first, a contract has been awarded to a firm with expertise in nurse staffing to develop for Boston City Hospital a nursing unit plan, staff productivity and scheduling committee; second, a new source of supply for temporary nurses, with department input, is being developed. It is expected that nurses will be available from this source in fiscal 1981.

In view of the above and because of the cost to the city, in my opinion is reasonable, I recommend approval of this amendment.

Very truly yours,
David L. Rosenbloom,
Commissioner.

PUBLIC FACILITIES DEPARTMENT Phase I Design

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Stull Associates, Inc.

Obata & Kassabaum, Inc., a joint venture with offices at 431 Marlborough Street, Boston, Mass., amending a contract executed May 26, 1979, providing for Phase I design of the Suffolk County Jail and House of Correction, so as to increase the amount authorized for supplementary services, from \$215,000 to \$500,000, which is a reasonable cost.

The requested increase is necessary to cover the cost of additional services, as well as special consultant to the sheriff, real market study, outside consultant's construction cost estimate and programming/operation study computer overruns.

Due to the provision of the law that city contracts may be altered only by a writing signed by all parties, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Phase II Design

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on February 13, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement amending a contract executed May 19, 1974 with Eisenberg & Schiffer Inc., located at 29 Temple Place, Boston, Mass., providing for Phase II design services in connection with the East Boston District New Middle School (now called Mario B. Fara School of Science & Technology).

The amendment is to be executed with John T. Kunian, 1 Court Street, Boston, who was appointed Receiver, on April 5, 1979, by Middlesex Superior Court (docket 79-101) for Eisenberg & Schiffer, Inc., and will be a negotiated settlement of this matter, increasing the amount authorized for expenditure by \$69,288.15 covering \$14,280 for extra supervision (11 months); \$19,763 for contract supervision, and \$35,245.15 for supplementary services. I believe \$69,288.15 is a reasonable amount.

Due to the provisions of the law that existing city contracts may be altered only by a writing signed by all parties thereto, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Peirce, Pierce and Kramer/LeNormand and Quann, Inc., a joint venture, of 116 Newbury Street, Boston, Mass., amending a contract executed February 4, 1979, as amended June 27, 1978, and April 24, 1979, providing for Phase II design services in connection with the renovations and new construction of the South West High School II in the Jamaica Plain district, so as to increase the amount authorized for Supplementary Services from \$237,500 to \$266,000, which is a reasonable cost.

This requested increase is necessary to cover the cost of additional design changes and testing and structural investigation services.

Due to the provision of the law that existing city contracts may be altered only by a writing signed by all parties, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record* and to enter into an agreement with Shepley Bulfinch Richardson and Abbott, Inc., a Massachusetts corporation, and Desmond & Lord, Inc., Loterco & Mason Associates, Inc., and Scorziello Associates, Inc., Massachusetts corporations associates in a joint venture d/b/a Bayside School Associates, with offices at 6 Beacon Street, Boston, Massachusetts (formerly at 1 Court Street) amending a contract executed May 19, 1977, as amended May 17, 1978, April 10, 1979 and November 21, 1979, for Phase II design services in the connection with construction of an Occupational Resource/Arts Resource Center for public school purposes on land in the so-called "Madison Park" district of the city, so as to increase the amount authorized for Supplementary Services from \$760,000 to \$815,000, which is a reasonable amount.

This increase is requested to cover the cost of fine arts and graphics. Although this item was included in the original contract, it was never funded and it is necessary to do so now.

Due to the provision of the law that executed city contracts may be altered only by a writing signed by all parties, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Engineering Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Helden Associates, Inc., 88 Broad Street, Boston, Mass., amending a contract executed October 26, 1979, providing for professional electrical engineering services for the period July 1, 1979, to June 30, 1980, so as to increase the amount authorized for expenditure from \$15,000 to \$21,000 (including an additional \$1,000 for expenses), which is a reasonable amount.

This amendment covers additional services for projects not foreseen when the contract was awarded, specifically, but not limited to, studies of the mechanical systems at 182 Tremont Street and the Fire Department's Engine Company 52.

Due to the provisions of the law that executed city contracts may be altered only by a writing signed by all parties, including the

Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Somerville Engineering, Inc., 400 Highland Avenue, Somerville, Mass., amending a contract executed October 26, 1979, providing for general engineering and survey services of the period July 1, 1979, to June 30, 1980, so as to increase the amount authorized for expenditure from \$12,500 to \$17,500, which is a reasonable amount.

This amendment covers feasibility studies, plans, and specifications for projects that were not foreseen when the contract was awarded, e.g., feasibility study of the relocation of the Street Lighting Division of the Public Works Department.

Due to the provisions of the law that executed city contracts may be altered only by a writing signed by all parties, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Scorziello Associates, Inc., 216 Tremont Street, Boston, Mass. 02108, amending a contract executed October 23, 1979, providing for engineering services and technical assistance in connection with spill prevention control and countermeasure plans required by the U.S. Environmental Protection Agency, so as to increase the amount authorized for expenditure from \$35,000 to \$38,500, which is a reasonable cost.

The additional funds will allow the consultant to continue preparation of the countermeasure plans and to prepare bidding documents for 10 of the 12 sites involved.

Due to the provision of the law that executed city contracts may be altered only by a writing signed by all parties, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

CONTRACTS AMENDED

(Continued from previous page)

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with CDI Corporation, 575 Boylston Street, Boston Mass. 02116 (formerly at 520 Commonwealth Avenue), amending a contract executed July 12, 1978, as amended April 27, 1979, providing for general engineering services and technical assistance in connection with the storm of February, 1978, so as to increase the amount authorized for expenditure from \$45,000 to \$45,553, which is a reasonable amount.

This amendment covers final payment for architectural/engineering services rendered by the consultant in preparing storm-related contractual documents.

Due to the provisions of the law that executed city contracts may be altered only by a writing signed by all parties, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,

Donald B. Manson,
Director.

Interior Space Use Design and Studies

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on March 12, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Richard Dunn, d/b/a Dick Dunn Design, 120 Milk Street, Boston, Mass., amending a contract executed September 11, 1979, providing interior space use design and studies as required during the period July 1, 1979, to June 30, 1980, so as to increase the amount authorized for expenditure from \$12,500 to \$20,500, which is a reasonable amount.

The additional work covered by this amendment includes space use arrangements at City Hall for the 350th birthday celebration and the more efficient use of space at leased locations, including but not limited to 182 Tremont Street.

Due to the provisions of the law that executed city contracts may be altered only by a writing signed by all parties, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,

Donald B. Manson,
Director

REAL PROPERTY BOARD OF THE CITY OF BOSTON

Invitation for Proposals for Leasing of Public Parking Facility at 50 Sudbury Street, in the Government Center, Boston, Mass.

The Real Property Board of the City of Boston, hereinafter called the Board, invites from indi-

vidual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one-half thereof is owned by a citizen or citizens of the United States, proposals for leasing for the term of one (1) year beginning February 1, 1981, and ending January 31, 1982, such term being subject to an order from the City of Boston Building Department to re-open the facility, the term to remain one (1) year from the date of re-opening, unless earlier terminated in accordance with the conditions as more fully set forth in the form of lease, the public parking facility situated at 50 Sudbury Street, in the Government Center, Boston, attached to the form of proposal, upon the covenants, agreements and conditions contained in the form of lease which with the form of proposal, may be obtained daily (except Saturdays, Sundays and holidays) between 9:00 a.m. and 5:00 p.m. at the office of the Board, Room 811, City Hall, 1 City Hall Square, Boston, for a fee of twenty-five dollars (\$25), nonrefundable (payable to the City of Boston) for each proposal taken. The covenants and agreements contained in the lease will require, among other conditions, that the Lessee will maintain and operate the parking facility at all times in a manner fully satisfactory to the Real Property Board of the City of Boston.

Bidder may be asked to provide the Real Property Board with evidence of ability to perform the terms and conditions of the lease.

Proposals shall be submitted, in duplicate, on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed and marked "Proposal for Leasing of Public Parking Facility at 50 Sudbury Street, in the Government Center, Boston." One copy of the proposal shall be filed with the Board at its said office on or before 12:00 o'clock noon on Monday, January 26, 1981, at which time and place all proposals will be publicly opened and read aloud. The copy of the proposal filed with the Board shall be accompanied by a bid deposit of five thousand dollars (\$5,000) made under the terms stated in the form of proposal, in the form of CASH or CERTIFIED CHECK payable to the City of Boston, and shall also be accompanied by a letter from a duly authorized agent of an insurance company certifying that a performance bond in the required amount will be produced, (or cash in lieu thereof) provided for in the form of lease. The other copy of the proposal shall be filed by the bidder before said day and hour at the office of the City Auditor, Room M4, City Hall, 1 City Hall Square, Boston.

No proposal shall be withdrawn after the day and hour hereinbefore set for the opening of proposals.

The Board reserves the right to reject any and all proposals.

Invitation for General Bids for Furnishing, Delivering and Setting in Place Food Equipment at Central Food Facility, 370 Columbia Road, Dorchester, Mass.

The School Committee of the City of Boston, acting by the Senior Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for furnishing, and delivering and setting in place food equipment at Central Food Facility, 370 Columbia Road, Dorchester, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Monday, February 2, 1981, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be made in duplicate, the one with the certified check is to be filed and left at the above, the other without certified check to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$100 minimum or 5 percent of total amount bid, whichever is the greater amount. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts

setts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

KEVIN H. WHITE
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

PATRICK F. McDONOUGH
PRESIDENT, CITY COUNCIL

VOL. 73

MONDAY, JANUARY 26, 1981

NO. 4

81 — Ringing in the New Year and Refining the Old

Mayor Kevin H. White

January derives from the Roman God Janus, whose two faces looked ways, into the future, and into the past.

It is a time for rejoicing for Bostonians, and a time for sober reflection. If you guess the origin of "Ring out the old,....Ring in the New," then you're your Tennyson.

But in Boston, we are not simply ringing out the old, we are building on it, ring and polishing it, refining the past to fit the future.

The strength of the city lies in its neighborhoods, and 1981 will be an year in which initiatives will be employed to benefit the city's neighborhoods physically and socially.

The city's neighborhood development agency has three major new programs — industrial development, commercial development and the weatherization program. Each offers financial resources and extensive support services to participating residents and merchants.

Industrial

First, the Industrial Development Program will use \$1 million in federal funds to generate \$4.5 million from the U.S. Economic Development Administra-

tion. The program will use the total sum to establish a revolving loan pool for medium- and small-sized industrial companies which locate or expand in Boston. This assistance would not otherwise be available to these companies. The Industrial Development Program, working with local, state, federal and private resources, will leverage \$7 million in investment in Boston. The program will create an estimated 600 new jobs and retain 1,500 existing jobs.

Commercial

Second, the Commercial Development Program, with \$6.5 million in federal funds will generate \$15 million in investment from the private market. The program will undertake comprehensive revitalization of neighborhood shopping areas around South Station, Grove Hall, Lower

Mills, Fields Corner, West Broadway, Blue Hill Avenue at Morton Street, Codman Square, Uphams Corner, and Roslindale Square.

Revitalization will include major capital improvements such as new sidewalks, streets, and lighting; financial incentives for building rehabilitation and support services such as security patrols and technical marketing and promotional assistance.

The Commercial Development Program will provide residents with improved local shopping through new storefronts and streets in a safer shopping environment. But most importantly, the program will create 400 new jobs while retaining 500 existing positions in Boston's neighborhoods.

Further, all of the city's neighborhood business areas will be analyzed for future development potential to determine which public investments are needed to encourage private rehabilitation.

Bonds made available from Commercial Area Revitalization District designation will make funds available at low rates for further revitalization.

Energy

To combat the often severe economic hardships caused by the energy crisis, the Weatherization Program will offer nearly \$3 million in

rebates for energy-related repairs to Boston homeowners. Based on the successful Housing Improvement Program model, the new program will leverage private investment to address energy needs. A goal of 25,000 owner-occupied units for the next five years has been established for the new program, with 3,000 units targeted for 1980-1981.

Not only will the Weatherization Program enable eligible residents to make energy-related repairs, it will also be a major effort toward city-wide fuel conservation.

The Neighborhood Development Program focuses on the three major areas — economic development, energy, and housing — that are of particular importance to the city as it enters the 1980s. By working together to address these issues we can insure that Boston remains a strong and vital city that its residents are proud to claim as their own.

HUNDRED CLUB GIVES SAVINGS BONDS

Two hundred and twenty youngsters of families of deceased fire fighters and law enforcement officers in the state received \$100 U.S. Savings Bonds from The Hundred Club of Mass., during the holiday season.

Annually at the holiday season, The Hundred Club distributes a savings bond to each youngster up to the age of eighteen in these families.

This is one of several benefits extended to families of law enforcement officers and fire fighters killed in the line of duty. In addition to

monetary benefits to the families, youngsters are provided scholarship assistance, summer camp vacations, and special events during the year. More than 350 family members attended the annual holiday party at the Boston Park Plaza Hotel.

Dependents of about 50,000 police and fire fighters throughout the Commonwealth are eligible for benefits including state, Metropolitan District, Registry, Capitol, MBTA, and local police officers of all cities and towns in the state, Middlesex County sheriffs, members of Division of Law Enforcement of Mass. Dept. of Natural Resources, and all fire fighters in the state.

THE CHANNEL 2 AUCTION

An early appeal for major donations, valued at \$1,000 plus to the 1981 Channel 2 Auction from New England industries and companies has been issued by Auction Manager Mark Tishler.

"We are fortunate this year," Mr. Tishler explained, "to have warehouse space for pre-auction acceptance of donations. Another reason for soliciting the major gift between now and March 1st is so that we can pretape the video presentation of the donation, giving full description and showing the merits of the product. The producers of the auction are anxious to showcase all special gifts valued at \$1,000 or more in optimum conditions and this can be done best by pretaping. This also gives us an opportunity to select the most effective guest auctioneers," Mr. Tishler said.

The 1981 Channel 2 Auction will be held May 29 through June 6th. Last year's auction grossed more than \$800,000, and marked the first time in the fifteen-year history of the fund-raising auction that receipts had not increased over previous years. Mr. Tishler attributed the drop to the state of the economy.

"It is significant to note, however," Tishler said, "that the bidders were

out there ready to bid but we just did not have the million-dollar inventory we had expected. We realize that this year we must make an extraordinary effort to obtain more major donations for the 1981 auction in order to make up last year's loss and to reach our goal."

To coordinate and expedite special gifts, Mr. Tishler has announced the appointment of Al Cuddeback, New England manufacturer and former advertising executive, as chairman of a volunteer committee contacting potential donors throughout the area.

To date, more than \$8,000,000 has been raised by the annual auctions. Each year, nearly 10,000 new products, services, art and antiques are contributed by donors. Donor value ranges from the minimum \$50 to last year's single largest donation, a \$22,000 Cado 20/11 computer given by Northern Data Systems. In some instances, companies that do not have an "auctionable" product or service make a major cash donation that can be converted into elements of a travel package, into an unusual antique, or object d'art.

"Donors receive many benefits for their contribution to the Channel 2 Auction," Tishler pointed out. "Their products and company names receive on-air exposure on a television channel that cannot normally be used commercially; they can reach a potential audience of 2,500,000 households in eastern New England; they can take a tax deduction, and they are identified with Boston's award-winning PBS television station, WGBH."

The 1981 auction will mark the first that Mr. Tishler will head as auction manager. He was appointed to this post following the retirement of Auction Manager Hamilton Osgood who had held the position since the first auction in 1966. Several new dimensions will be introduced to the 1981 auction which will have a goal of \$1,000,000, according to Mr. Tishler.

"With the support of New England business and industry and all of Channel 2's loyal friends, we will make our goal," Mr. Tishler predicted.

For information or donor forms, contact the Auction Manager, Channel 2, 125 Western Avenue, Boston, MA 02134. Telephone (617) 492-2777.

TIME TO SIGN UP FOR MEDICARE

People who fail to sign up for medical insurance under Medicare or who once had this protection dropped it, will have a chance to obtain medical insurance during the 1981 general enrollment period January through March.

Medical insurance is that Medicare that helps pay for hospital bills, outpatient hospital services and many other medical items not covered under health insurance.

Protection for people who sign up during the general enrollment period will start July 1, 1981.

Medical insurance is financed by premiums paid by those enrolled and by the federal government's general revenues. Presently, the federal government pays more than two-thirds of the cost.

People who sign up during the general enrollment period may pay a higher premium. This is because the premium is increased by 10 percent for each full year a person has not had this protection but did not sign up.

More information about medical insurance general enrollment period can be obtained from the Social Security office.

WANG LABORATORIES COME TO BOSTON

Will lease Boylston Building

agreement signed recently between the Chinese Economic Development Council and Wang Laboratories will result in about 300 permanent jobs for area residents, over 100 temporary construction jobs, and give a boost to CEDC's plan to renovate and lease the Boylston Building at 22 Boylston Street. According to Michael O'Bryon, CEDC's director of business development, Wang plans to lease 90 percent of the building for a product assembly operation.

The jobs will be at a higher skill income level than are usual for the community," said O'Bryon, "and we will train these new employees in electronic assembly techniques." CEDC purchased the Boylston Building for \$1.25 million from Centennial Building Trust in December, and estimates it will cost over \$4.75 million in renovation and other costs to transform the building for new tenants.

To fund its efforts to develop the building, CEDC applied for \$3 million in federal grants from the Community Services Administration, the Department of Economic Development, and the Economic Development Administration. CEDC is also arranging for \$3 million in private sector funds, which are contingent on receipt of federal government financing.

The six-story Boylston Building contains 105,000 square feet of floor space, plus a basement. According to O'Bryon, CEDC has received several inquiries from Chinese owners of businesses wanting to rent space in the building. Most of the street front of the building will be an arcade of Chinese-owned retail businesses. Initial occupants include a small, modern Chinese cinema; a Chinese-owned drug store, a jewelry shop, an imported goods shop, and a furniture

O'Bryon says he is encouraged by the city's response to the Boylston project. "Our proposal to redevelop the building was well received by the city," O'Bryon said. "Mayor White is personally and fully supportive of our efforts to renovate the building to provide jobs for the commun-

ity as is the Boston Redevelopment Authority (BRA) and its director, Robert Ryan — both in action and words.

"The Mayor and the BRA have designated Parcel 31 (the area bordered by Boylston, Washington, Kneeland, and Tremont Streets) as the next block for redevelopment in the city," O'Bryon said. "The Boylston Building is the cornerstone of that block and of that development plan, which is slated to include low-income housing for community residents," he said.

COLD WEATHER TIPS

Sudden whitening of the skin, indicating superficial frostbite, can be treated by firm, steady pressure of a warm hand, says Boston's Museum of Science.

The museum also advises:

When dressing to go out in the cold, don't forget to cover your forehead, head, and neck. Even if you're protected everywhere else, you can lose tremendous amounts of body heat by neglecting these parts.

Try to avoid perspiration under conditions of extreme cold; its evaporation will cause further chilling.

It's not a good idea to exercise too strenuously in very cold weather. Vigorous panting will quickly draw cold air into the lungs, chilling the entire body and, in subzero cold, it can cause real damage to the lungs.

Your best protection against cold weather is good physical health and good sense with regard to exposure outdoors. For a booklet on frostbite prevention and first aid, send name and address with \$1.50, plus 30 cents postage to Publications Department, Museum of Science, Science Park, Boston 02114.

FROZEN PIPES?

The following information is offered as a public service by the Boston Water and Sewer Commission.

The recent, extremely cold weather wrought havoc with water pipes in the streets, which are the responsibility of the Boston Water and Sewer Commission, and in homes, which are the owners' problems. Although the Boston Water and Sewer Com-

mission is not responsible for interior household problems, we cite the following situations and remedies in the public interest.

The causes of frozen pipes are primarily drafts from cellar windows, broken windows, the area between house sill and foundation, and along outside walls where plumbing is installed close to these walls.

Problems also develop when cellar heating pipes are insulated for conservation purposes, thereby preventing heat from escaping and heating the cellar area.

Use of wood stoves or portable room heaters and the decreasing use of the main heating system causes temperatures in unused rooms and other areas (cellars) to drop perilously low, inviting freeze-ups.

Correct draft problems with caulking and insulation and always regulate heat properly in rooms where pipes are exposed to drafts.

Once you have frozen pipes, try one or more of the following:

a. Hang a drop light near the frozen section allowing heat from light to slowly thaw section.

b. Move a hair dryer carefully over the section, using extreme caution during use of electricity near water.

c. Wrap frozen pipes in towels, and then douse area with hot water — don't forget to remove towels when cool.

d. Use a heat lamp directed toward the frozen area.

e. Wrap the pipes with electrical heat tape, available at hardware stores.

For larger areas the portable electric heater may be placed near area of frozen pipes after thawing, keeping water running slightly to prevent future freezing. *Do not use open flame near any pipes!* This includes use of propane torches, or other lighted torches. Use of this element creates steam in the pipe and may cause the pipe to explode. In addition such pipes are generally beside wooden beams or joists which can catch fire, threatening major damage.

Extreme caution is always recommended when any of these treatments are used. The commission suggests that homeowners first contact plumbers when encountering the frozen pipe situation.

ABANDONED PROPERTY INFORMATION

Massachusetts General Law chapter 200A is known as the abandoned property law. Originally enacted in 1907, it can be viewed as the state's first consumer protection law. The law seeks to protect individuals by assuring that properties belonging to them are restored to them by financial and other institutions. The property involved consists of checking and savings accounts, uncashed travelers and dividend checks, money orders, security deposits, gift certificates, and overpayments to department stores. Accounts such as these, which have been lost, forgotten, or otherwise inactive for seven years are declared abandoned. The institutions holding these monies are charged with making reasonable efforts to locate the owners, or having failed that, they must report the funds as abandoned and turn them over to the State Treasurer. All too frequently institutions do neither.

As State Treasurer, Robert Crane's duty is to assure that the law is being observed and to enforce compliance when necessary. This responsibility is divided into two major areas: (a) auditing of the holding institutions; and (b) locating the rightful owners. The auditing is handled by the Treasurer's staff. They review reports which are periodically submitted by the holding institutions. When an institution fails to file a report the Treasury auditors will seek to review the books of the institution. In the past, the Treasurer has had to obtain court orders forcing recalcitrant institutions to open their books as was done with Filene's Department Store in 1979. When the amount of abandoned property has been ascertained it is to be transferred to the state. Treasurer Crane has gone to court seeking transfer of these monies; he's filed suit against Liberty Mutual Insurance, Jordan's Department Store, and Boston Edison. Once this property has been transferred to the state it is the Treasurer's job to locate the rightful owners and return their monies to them.

The Treasurer mails notice to the claimant's last known address, then

Treasurer Crane disseminates the names of the owners throughout the Commonwealth. Publication in newspapers, broadcasting on radio and TV, and posting the names in city and town halls has proved to be effective in notifying the owners. The larger claims are handled by the Treasurer's investigative staff. These investigators plow through genealogical, probate records and other information in trying to locate the owners of the more substantial accounts. The Treasurer's staff has located owners, or their heirs (who can claim for the owners) in all parts of the United States and even in Europe. One account returned to a claimant now residing in Italy was worth more than \$60,000.

Recently enacted legislation has put more teeth into the abandoned property law. This legislation has cut the statutory holding period from ten to seven years, and has imposed interest charges on property not timely reported to the Treasurer. This legislation, coupled with aggressive enforcement procedures, has yielded dramatic results. For example: in 1977, approximately \$320,000 was returned to rightful owners; in 1979 this figure had risen to more than \$1.4 million returned to claimants.

Treasurer Crane believes that effective enforcement of the abandoned property law will help the "already overburdened Massachusetts taxpayer" in two ways. Obviously the monies returned to claimants will be helpful, but as important are the monies which cannot be returned to owners. These monies are invested in the state's General Fund where they can benefit all of the residents of Massachusetts. Says Treasurer Crane: "We can no longer afford to leave this money idle, we must either return it to the rightful owners or put it to work for the residents of Massachusetts."

T GETS \$190-MILLION GRANT \$190 million grant awarded to MBTA for SWC project

The MBTA recently announced that a federal grant of \$190 million has been awarded to the Authority to continue construction of the track relocated Orange Line and three-track railroad line in the Southwest Corridor.

The grant is the second the MBTA has received from the Urban Mass Transportation Administration (UMTA) for the \$843-million project. This grant and another previously awarded for \$164,324,794 bring UMTA's commitment toward the project to \$354,324,794.

The new funds will continue to contribute toward the economic development of Boston and Massachusetts through the creation of nearly 2,300 construction jobs and eventually several hundred permanent jobs through job development along the corridor.

The new funds with the MBTA's 50 percent local share will permit continued progress in the actual construction of the rapid transit and railroad lines in a depressed section of what is known as the Shoreline. Now that the old railroad embankment has been removed. Other construction work will involve the slab, two retaining walls, bridge overpasses, platform concrete at the eight stations outside the Southwest Cove tunnel, storm drainage and distribution systems, trackwork, traffic signals, communications, and miscellaneous incidental construction and landscaping.

SPACE HEATER SAFETY

By Dr. Eileen Schell

e recent popularity of space
ers, especially quartz heaters,
res that consumers become
e of the safety considerations
proper usage.

e U.S. Consumer Product Safe-
mmission estimates that near-
800 persons received hospital
gency room treatment in 1977
urns, carbon monoxide poison-
and other injuries associated
space heaters. Take proper
y precautions:

Carefully read all labels and in-
ctions before using a new
er.

If you buy an electric space
er, be sure that it has an
matic switch which will cut off
ric power if the heater is tipped

Do not use an extension cord
n electric heater unless it is a

heavy duty cord which is rated as
high as the current rating listed on
your heater.

—Never touch an electric heater
when you are wet. You may receive
an electric shock. Avoid use of a
portable electric heater anywhere in
a bathroom.

—Examine all old heating
devices. Make sure they are in good
condition. Check to see if they are
equipped with modern safety
features.

—Keep all electrical wiring in
electric space heaters in good work-
ing condition.

—Repair or replace loose or miss-
ing guards on heaters.

—Do not place space heaters
near drapes, furniture, or other flam-
mable materials.

—Keep children and pets away
from space heaters. Remember,
they can be burned even after the
device had been turned off because
many of the heaters may retain
heat.

You may not be aware that it is il-
legal to install a secondhand space
heater or a secondhand portable
stove which uses kerosene, range
oil, or number-one fuel oil.

It is also illegal to use an
unvented gas- or oil-burning space
heater in a residential building. It is
not illegal to purchase such
unvented space heaters in most
Massachusetts communities,
however, as they are frequently
used by construction workers and
other industrial users.

III. LETTERS OF THANKS

December 15, 1980.

"Dear Chief Paul:

Although many months have passed since
the phosphorous trichloride spill of April 3,
1980, I have not forgotten the sacrifice so
many dedicated people made for the citizens
of Somerville.

Without concern for their own safety,
friends and agencies joined together to assist
in any way they could. The main concern was
the safety of Somerville residents.

It is with a great sense of pride that I
enclose this Citation of Gratitude. Your con-
tribution made that day one that can long be
remembered as a day which ultimately came
to an end without loss of a single life. This was
achieved mainly because of people and agen-
cies such as your own which shared in a truly
heroic effort.

My heartfelt thanks go out to you. I will
always remember the support I was given
throughout this long, frightening ordeal.

Sincerely,

Eugene C. Brune,
Mayor."

"Dear Commissioner:

Our sincere thanks to you and the men of
the Neponset Avenue Station, Dorchester, for
their collective kindness, courtesy, prompt-
ness, and efficiency rendered on Friday eve-
ning, December 19, 1980, for a cellar fire in our
home at 158 Neponset Avenue.

My sister and I are senior citizens who live
on the third floor and cannot express in words
what we mean when we say Thank You.

Enclosed, please accept this donation to the
Fireman's Relief Fund, along with best wishes
for a Joyous Christmas and Happy New Year.

Bob Boyd."

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

CITY RECORD

Mailing Services, etc.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Coleman Bookbindery Corp., a corporation, located at 363 Albany Street, Boston, Mass. 02118, for addressing services.

Under the terms of the contract, Coleman Corp., will furnish labor, materials, making new subscription plates and addressographing *City Records* and also transporting *City records* weekly to the South Postal Annex. Coleman Corp. is uniquely qualified to do this work because they have been servicing the City of Boston for more than seventy years and a recent survey revealed that the Coleman Corporation price of 4,000 yearly would be far lower than prices quoted by other comparable firms averaging \$8,000 to \$10,000 yearly. The firm is very accommodating and has not increased prices for more than sixteen years and is accessible for immediate urgent changes.

Compensation under this contract shall not exceed \$4,000, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1980, to June 30, 1981. Because Coleman Corp. qualifies, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph J. Fahey,
Editor.

COMMUNITY DEVELOPMENT

Hockey Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to East Boston Youth Hockey Association, Located at 109 St. Andrew Road, East Boston, for the provision of a Hockey league for the residents of East Boston.

Under the terms of the contract, the contractor will provide the following services: (a) opportunity to learn how to skate; (b) knowledge of the game and skating abilities; (c) opportunity to learn team competition and good sportsmanship. Compensation under this contract shall not exceed \$5,000. Payment for this contract will be made from the fifth-year funds of the Community Block Grant. The term of this contract shall be from October 30, 1979, through April 30, 1980.

Although the East Boston Youth Hockey Association was given a release date of October 30, 1979, from HUD, they were then in the initial planning stage of their program. It was only recently that the contractor was able to supply my office with the pertinent information necessary to write this award letter to the Law Department.

Because of the professional nature of the services to be performed and the reasonable cost of these services, I recommend that the

contractual relationship between the city and the East Boston Youth Hockey League be secured at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

Katharine D. Kane,
Deputy Mayor.

Vocational Services, etc.

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Programs for Youth, Inc., d/b/a Madison Park Community School, a corporation, located at 316 Huntington Avenue, Boston, for the provision of a program of educational, vocational, social, cultural, and recreational services for the residents of Roxbury and parts of the North Dorchester sections of the City of Boston.

Under the terms of the contract, the contractor will extensively undergo a period of planning and outreach involving a great number of educational, cultural, and community groups. Program content and target populations will be determined by the needs assessment under the direction of the program staff and the steering committee. The program to be implemented would be divided between four age groups; seniors, adults, teens, and children. Pool programs, and possibly others, will include activities for special needs populations as well. Various programs will be developed to include educational, vocational, social, cultural, and recreational services. Compensation under this contract shall not exceed \$26,109. Payment for this contract will be made from the Community Development Block Grant. The term of this contract shall be from March 1, 1980, to February 28, 1981.

This award letter is arriving late in the Law Department due to this being a first-time program for the recently opened Madison Park Community School. The staff and steering committee has been participating in an extensive planning and outreach effort to best determine the needs and wants of the service area and therefore, has taken a great deal of time to insure community input into the programming of this community school facility. These reasons have contributed to a delay in an award letter being assembled and being forwarded to the Law Department.

Because of the contractor's expertise and proven ability at providing similar services as those described above, I recommend that a contractual relationship between the city and Program for Youth, Inc. d/b/a Madison Park Community School, be established at this time.

Therefore, for the reason cited above, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely,

Katharine D. Kane,
Deputy Mayor.

Program for Elderly

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the Federated Dorchester Neighborhood Houses, Inc., d/b/a Kit Clark Senior House, a corporation, located at 1500 Dorchester Avenue, Dorchester, for the provision of a nutrition program for the elderly of Dorchester. The senior residents of the Dorchester region of the City of Boston represents the target population.

Under the terms of the contract, the contractor shall provide and operate a nutrition program i.e., a hot lunch program, at six designated sites within six NSAs, in addition to providing meals on wheels at elders' homes.

Compensation under this contract shall not exceed \$100,000. Payment for this contract shall be made from fifth-year funds of the Community Development Block Grant. The term of the contract shall be from November 26, 1979, through November 25, 1980.

The tardiness of this letter's arrival in the Law Department is due to the attachment of certain conditions to this proposal by the Office of Housing and Urban Development. The resultant time delays required to meet these conditions. These conditions have been met and therefore this proposal is hereby received H.U.D. clearance.

Under the third and fourth years of the Community Development Block Grant Program, the City has awarded previous contracts to the Federated Dorchester Neighborhood Houses, Inc., for the provision of services to the elderly. In the interest of continuity of service, and because of the reasonable cost of these services, I recommend that the contractual relationship between the city and Federated Dorchester Neighborhood Houses, Inc., be maintained at this time.

Therefore, for the reasons cited above, it is my opinion that public advertising would not serve any useful or practical purpose.

Sincerely,

Katharine D. Kane,
Deputy Mayor.

DEVELOPMENT AND CONSTRUCTION

Pier Reconstruction, etc.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Economic Development Industrial Corporation (EDIC), a corporation, located at 60 Congress Street, Boston, for the expansion of Boston Marine Industrial Park for expansion of a local fishing concern.

EDIC will lease Pier 7 and Wharf 8, a deteriorated section of the BMIP direct to the Fish Pier, and an adjoining area to O'Connell Seafood Company. The UDAG funds will be loaned to EDIC which will use the principal to finance demolition and partial reconstruction of Pier 7 and Wharf 8 as a docking and service area, adjoined by a floating drydock. EDIC is uniquely qualified to do this work because it is in the industrial development agency and the project will take place in a designated economic development area.

Compensation under this contract shall not exceed \$2,087,250, which I have determined to be reasonable for the work to be performed. Funding is being provided by an Economic Development Action Grant in that amount.

The term of this contract shall be from October 30, 1979, to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Sincerely,

Andrew M. Oliver,
Special Assistant to the Mayor.

Building Rehabilitation

Mayor White:

I hereby request your permission to dispense with bidding and to award a contract in the amount of \$8,560, to the Beacon Hill/West End Mental Health Committee, Inc., whose office business is located at 16 Joy Street, Boston. Payment of this contract will be made in three-year Community Development Block Grant. The period of performance will be from January 1, 1980, through December 31, 1981. Beacon Hill/West End Mental Health Committee, Inc., will establish cooperative housing units for persons with mental illnesses who are residents of the Beacon Hill/West End neighborhood. Currently, there are many mentally ill persons living within this neighborhood as a result of the deinstitutionalization of persons in the mental health field, are now being treated as outpatients within the community. (The psychiatric hospitalization unit at Beacon Hill/West End is 7/100, one of the best in the City of Boston.) Housing units for the mentally ill is comprised of single person lodging houses, which are updated and serve as a blighting influence in the neighborhood. Because mentally ill persons have not been able to establish living situations within the community, they live an isolated and withdrawn life and ultimately require expensive psychiatric hospitalization.

The objective of the Cooperative Apartment Program is to improve and upgrade the Beacon Hill (North Slope) neighborhood through the total rehabilitation of a dilapidated block, which will then serve as a cooperative apartment setting for mentally ill persons, giving them with a supportive residential environment and opportunities for resocialization while reducing the level of hospitalization and less for the surrounding community.

Beacon Hill/West End Mental Health Committee will lease space at 16 Anderson Street under the condition that a private person rehabilitate this rooming house to fit the needs of the mentally ill persons living in a private apartment arrangement. (16 Anderson Street, is currently an abandoned, old, former rooming house.) The downtown to lease this space will be made once the building is rehabed, thereby meeting the need of eliminating an isolated and outdated rooming house in the neighborhood.

Down payment, and associated start-up expenses necessary to establish the cooperative apartments, will leverage private investment of \$100,000. Once the space is secured, the project will be self-supporting through the clients' monthly rental payments. Volunteer staff support from the Erich Lindemann Mental Health Center will coordinate the project and assume advisory responsibilities. The value of donated services is estimated at \$8,800.

In light of the qualifications of the staff of Beacon Hill/West End Mental Health Committee, and with appreciation of the power to use private funds which this program possesses, I feel that the contract cost is reasonable.

Because Beacon Hill/West End Mental Health Committee, Inc. was organized specifically to deal with those problems in the community and in this program, and since it stands uniquely capable of providing necessary mental health services to its community, it is my belief that public advertising would serve no purpose.

The reasons for the lateness of this submission, which is in fact a resubmission of an earlier request dated February 28, 1978, are twofold: 1. failure to comply with the Law Department directive dated January 17, 1978, omission of business address of contractor; 2. confusion as to eligibility of program for funding.

The budget breakdown is as follows: space costs, \$5,600; equipment and furnishings, \$1,800; administrative expenses, \$300; insurance, \$200; moving expenses, \$100; utilities, \$560; total, \$8,560.

All of the above represent start-up expenses necessary to get the project in operation.

Please note that this award letter supersedes the original award letter dated August 15, 1978. The delay was caused by 121A negotiations between the contractor and the city.

Sincerely,

Andrew M. Olins,
Special Assistant.

Project Management

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to David Conover, d/b/a David Conover Associates, located at 674 Tremont Street, Boston, for management of the Frankie O'Day rehabilitation project.

When completed and through a cooperative agreement among the homesteaders, the block will provide long-term, moderate-income housing in a rapidly rising market area. Mr. Conover's and his firm's previous experience with sweat equity, both in Boston and other sections of the country, make him uniquely qualified for this work.

Under the terms of the contract, Mr. Conover will develop, coordinate, and manage a comprehensive rehabilitation program which will enable the potential homeowners to minimize project costs by performing certain tasks themselves, a process referred to as sweat equity.

Compensation under this contract shall not exceed \$85,000, which I have determined to be reasonable for the work to be performed. Funding will be provided from Community Development Block Grant funds.

The term of this contract shall be June 1, 1980, to September 1, 1981. Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Sincerely,

Andrew M. Olins,
Special Assistant.

EEPA

Occupational Training, etc.

Dear Mayor White:

I respectfully request your Honor's permission to contract with the Young Women's Christian Association (YWCA), a nonprofit organization with offices at 140 Clarendon Street, Boston, for the operation of an occupational training and work experience program for forty, high-risk youth between the ages of sixteen and twenty-one. Under the terms of the contract, the contractor will provide building maintenance skills to participants to prepare them for entry level positions in a wide variety of trade and technical fields. Hands-on classroom experience will be followed by group work experience in off-site settings under the supervision of group instructors. The contrac-

tor was selected as a result of a nationwide competition conducted by Youthwork, Inc., the program manager for these exemplary in-school youth demonstration projects.

Funds for the operation of this contract will be provided to the city through a federal government grant under the Youth Employment and Demonstration Projects Act of 1977, P.L. 95-93. The contract will be effective for the period April 1, 1980, through September 30, 1980, at a total cost not to exceed \$367,000.

As this is a negotiated contract at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Dear Mr. Mayor:

I respectfully request your Honor's permission to contract with Chinese Youth Essential Services, a nonprofit organization with offices at 199 Harrison Avenue, Boston, for the operation of a Working Alternatives for Youth (W.A.Y.) program. Under the terms of the contract, the contractor will provide intensive language skills, pre-employment, vocational, and advocacy training skills as well as career exploration and personal counseling to 125 Chinese youths between the ages of fourteen and twenty-one. This program offers a youth employment and training model that builds upon a foundation of education, employment, and support services designed around the Chinese culture and community in Boston. The contractor was selected as a result of a nationwide competition conducted by Youthwork, Inc., the program manager for these exemplary in-school youth demonstration projects.

Funds for the operation of this contract will be provided to the city through a federal government grant under the Youth Employment and Demonstration Projects Act of 1977, P.L. 95-93. The contract will be effective for the period April 1, 1980, through September 30, 1980, at a total cost not to exceed \$433,464.

As this is a negotiated contract at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the city of Boston code, St. 4, s. 5.

Sincerely,

George Bennet,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with Transitional Employment Enterprises, Inc., a nonprofit organization with offices at 286 Congress Street, Boston, to operate a Title VII training program for CETA participants. Under the terms of the contract, the contractor will provide a supportive work experience program to twenty Aid to Families with Dependent Children (AFDC) CETA par-

ticipants in clerical operations. These participants will learn secretarial, word processing, medical terminology, and CRT terminal operation skills.

The contractor was selected by the Boston Private Industry Council, Inc., the Department of Labor-designated body to oversee the use of Title VII funds, as outlined in 20 CFR Part 679. The contractor was selected based on a competitive evaluation of its proposal and the contractor's past successful operation of CETA programs.

Funds for the operation of this contract will be provided to the City of Boston through a federal grant under Title VII of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. This contract will be effective for the period April 21, 1980, through September 30, 1980, at a total cost not to exceed \$41,185.

As this is a negotiated contract, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with Action for Boston Community Development, Inc., a nonprofit organization with offices at 178 Tremont Street, Boston, to operate a Title VII training program for CETA participants. Under the terms of the contract, the contractor will operate a prevocational training program to enable sixteen CETA participants to pass the General Electric Machine Operator Training Program (MOTP) entrance examination and to prepare these participants to succeed in the program and on the job. This prevocational training program will be closely aligned with the General Electric program and will consist of two parts: (1) specific academic and technical preparation for MOTP entrance examination; and (2) vocational instruction, counseling, and orientation geared toward successful participation in the GE program and performance on the job.

The contractor was selected by the Boston Private Industry Council, Inc., the body designated by the Department of Labor to oversee the use of Title VII funds, as outlined in 20 CFR Part 679. The contractor was selected based on a competitive evaluation of its proposal and the contractor's past successful operation of CETA programs.

Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title VII of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be effective for the period April 21, 1980, through September 30, 1980, at a total cost not to exceed \$42,843.

As this is a negotiated contract, at a reasonable cost, which conforms to federal procurement requirements for CETA programs,

no public purpose would be served by formal advertisement. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with Burdett School, an accredited educational institution with offices at 200 Tower Building, Prudential Center, Boston, to operate a Title VII training program for CETA participants. Under the terms of the contract, the contractor will provide training for forty CETA participants as word processing operators. These participants will be trained in the areas of typewriting, business communications, fundamentals of word processing, word processing applications, and office simulations.

The contractor was selected by the Boston Private Industry Council, Inc., the Department of Labor-designated body to oversee the use of Title VII funds, as outlined in 20 CFR Part 679. The contractor was selected based on a competitive evaluation of its proposal and the contractor's past successful operation of a CETA program.

Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title VII of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be effective for the period April 21, 1980, through September 30, 1980, at a total cost not to exceed \$103,645.

As this is a negotiated contract, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mr. Mayor:

I respectfully request your Honor's permission to contract with Adams and Abbott, Inc., located at 46 Summer Street, Boston, to operate a Title VII training program for CETA participants. Under the terms of the contract, the contractor will provide occupational training to twelve (12) CETA participants as Photo Typesetting Keyboard Operators. These participants will learn how to operate keyboards of automatic phototypesetting machines, load camera magazines, lens selection, and the selection of style and size of type.

The contractor was selected by the Boston Private Industry Council, the body designated by the Department of Labor to oversee the use of Title VII funds, as outlined in 20 CFR Part 679. The contractor was competitively selected based on the merits of its proposal as evaluated by a Proposal Review Committee of Staff, Board Members and Prime Sponsor representatives.

Funds for the operation of this contract will be provided to the City of Boston through a

federal government grant under Title VII Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be effective for the period April 21, 1980, through September 30, 1980, at a total cost not to exceed \$47,635.

As this is a negotiated contract, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with the Education Committee of Greater Boston, Inc. (EdCo), 130 Brookline Avenue, Brookline, for the purpose of providing education and training to thirty-nine youths who have been identified as potential dropouts or have already ceased to attend school. The program is designed to enroll these youths in school, or, in the case of dropouts, to enroll them again. These youths will receive twenty hours of supervised work and two hours of academic instruction per week during the school year. During the summer, these youths will work forty hours per week. The contractor was chosen due to its successful operation of this program for the past two years.

Funds for the operation of this contract will be provided to the city through a federal government grant under the Youth Development and Training Program (Title IV of the Comprehensive Employment and Training Act) Amendments of 1978, P.L. 95-524. The contract will be effective for the period October 1, 1979, through September 30, 1980, at a total cost not to exceed \$72,000. Federal regulations under the Education of All Handicapped Children Act (EEOA) require that 22 percent of its YETP be allocated to the local educational agency, in this case the Boston Public Schools. BPS agrees to make \$72,000 of this money available for the operation of this program. This is retroactive due to EEOA's mistaken impression that BPS would contract directly with the contractor.

Because this is a negotiated award for the operation of a program at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with Massachusetts Information System (MOIS), 130 Road, Natick, for the continued provision of the MOIS Career Exploration System as part of the operation of CETA Youth programs in the city. MOIS offers an exclusive contract for providing career planning information, Boston labor market data and information on post-secondary training, school financial aid. The charges for this service are eminently reasonable in view of the

quality of information available and the number of sites (ten) served by data access terminals.

As for the operation of this contract will be provided to the city through a federal Summer Youth Employment program (SYEP) grant Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of P.L. 95-524. The contract will be effective for the period April 1, 1980, through September 30, at a total cost not to exceed \$48,000. This request represents one-half of the time amount originally approved by you for services in November 26, 1979 (award dated October 25, 1979). This new request is necessary because the services are to be provided through two funding sources and the automated financial management system. EEPA cannot write one contract combining two funding sources. As the original (full) contract was assigned to a contract for the remainder of the fiscal year only, approval of this request will permit EEPA to assign a new contract for the second half year of services to its own funding source.

The award is being made on a sole source basis as MOIS is the only agency in the Commonwealth to provide these services. Since the contract conforms to federal procurement requirements for CETA programs and provides similar services at a reasonable cost, no competitive bids would be served by advertising sealed bids. I therefore request approval to dispense with formal advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4 s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with Harbor Area Vocational Training Agency (HAVE), Inc., a nonprofit organization with offices at 150 Bowdoin Street, Boston, for the purpose of providing an on-the-job work experience program for substance abuse offenders. Under the terms of the contract, the contractor will serve thirty-eight Public Service Employment (PSE) participants through three phases: (1) work experience; (2) weekly workshops on employer/employee relations, interviewing skills, career exploration, career planning, problem solving, etc.; and (3) support individual counseling including personal and General Equivalency Diploma preparation. The integration of these three components will provide each participant with comprehensive vocational experience and a maximum opportunity for obtaining and retaining final placement.

The contractor was selected through an evaluation based on the following criteria: (1) ability of the agency to employ or place the term unemployed; (2) the ability of the agency to provide suitable training to CETA clients; (3) the agency's value in addressing the needs of City of Boston residents; and (4) the ability of the agency to supervise the clients.

This request is retroactive due to delays in securing the level of resources available for the operation of this program. The contractor is, in good faith, to commence the program at a lower level until the assessment can be completed.

The award for the operation of this program will be provided to the City of Boston through a

federal government grant under Title II-D of the Comprehensive Employment and Training Act (CETA) amendments of 1978, P.L. 95-524. The contract will be effective for the period March 3, 1980, through September 30, 1980, at a total cost not to exceed \$164,230.

As this is a negotiated contract, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with the Boston Young Women's Christian Association (YWCA)/Aswalos House, a nonprofit organization with offices at 246 Seaver Street, Boston, to provide for the operation of the Office Workers Unlimited program. Under the terms of the contract, the contractor will provide on-the-job and classroom training for thirty weeks to six Public Service Employment (PSE) participants as one administrative office assistant and five clerical assistant/secretaries. The participants will receive a salary during training.

The contractor was selected according to an evaluation of its proposal based on the ability of the agency to employ the long-term unemployed, to provide suitable training to CETA enrollees, to provide adequate supervision to CETA enrollees; and the agency's value in addressing the needs of City of Boston residents. This request is retroactive due to the recent submission of the proposal. That is, the proposal was submitted on February 21, 1980. A decision was made to start the program as soon as possible as there is great demand by participants for secretarial training and a commensurate demand in the public and private sectors for skilled office help. Hence, the normal refining and processing of the budget caused the request to be retroactive.

Funds for the operation of this program will be provided to the City of Boston through a federal government grant under Title VI-A of the Comprehensive Employment and Training Act (CETA) amendments of 1978, P.L. 95-524. This contract will be effective for the period March 5, 1980, through September 20, 1980, at a total cost not to exceed \$34,666.

As this is a negotiated contract, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with Allston/Brighton Area Planning Action Council (APAC), Inc., a nonprofit organization with offices at 143 Harvard Avenue, Allston. The contractor will coordinate

and serve as the fiscal agent for a four organization coalition which operates a CETA Title IV-YETP program, for fourteen- to eighteen-year-old youths, which offers job development and placement primarily in small businesses and the private sector. This program also provides career education counseling to assist 400 economically disadvantaged City of Boston youths in securing unsubsidized employment. In addition to its coordination and fiscal responsibilities, the contractor will operate approximately one-fourth of the program described above.

The contractor was selected because the other members of the coalition chose the Allston/Brighton APAC to act as their fiscal agent and coordinator. The coalition and the contractor also, were selected based on their successful operation of last year's program. This procurement process is in accordance with CETA rules and regulations which give special consideration, in the selection of service providers, to community-based organizations of demonstrated effectiveness (20 CFR 676.23).

This request is retroactive due to the inability of the originally intended contractor to fulfill EEPA's and the other coalition's needs in a timely fashion. Once EEPA was notified of the problem, EEPA requested a new member to be named to assume the coordination and fiscal responsibilities. The coalition members have named the contractor only recently.

Funds for the operation of this program will be provided to the City of Boston through a federal government grant under Title IV-YETP of the Comprehensive Employment and Training Act (CETA) amendments of 1978, P.L. 95-524. The contract will be effective for the period October 1, 1979, through September 30, 1980, at a total cost not to exceed \$60,000.

As this is a negotiated contract, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Assessment System

Dear Mayor White:

I respectfully request your Honor's permission to contract with Dolores Marcucci, 126 Clay Pond Road, Bourne, for professional services to the Employment and Economic Policy Administration Operational Services Department. The contractor will provide technical assistance in connection with the ongoing development and implementation of an integrated client intake/assessment system. The duties will include: development of systems and procedures to insure the proper flow of CETA clients utilizing an automated client tracking system; advising the operational services director on a programmatic review to insure compliance with Department of Labor requirements for the use of employability development plans to serve CETA clients; and the development and implementation of a job-match system to enable the city to fulfill the CETA mandate for placement into unsubsidized employment. Ms. Marcucci was selected

CONTRACT AWARDED WITHOUT ADVERTISING

(Continued from previous page)

based on her experience and qualifications in the employment and training field including several publications and jobs focusing on the development of multilingual assessment procedures for Boston's Spanish, Chinese, Italian, and French speaking residents.

Funds for the operation of the contract will be provided to the city through, a federal grant under the Comprehensive Employment and Training Act (CETA) amendments of 1978, P.L. 95-524. The contract will be effective for the period March 28, 1980, through September 30, 1980, at a total cost not to exceed \$11,250. The contractor will be compensated at the rate of \$125 per diem, a reasonable cost for the level of service provided. This request is late because of a delay incurred in determining whether to amend a previous contract or write a new one for the balance of this fiscal year.

Because this is a negotiated contract for professional services, at a reasonable rate, that conforms to federal procurement requirements for CETA programs, no public purpose would be served by advertising for sealed bids. I therefore request approval to dispense with formal advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4 s. 5.

Sincerely,

George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with Mr. John Bowen, 6 Gloucester Street, Boston, for professional services to the Employment and Economic Policy Administration (EEPA) in support of the computer operations for the EEPA Financial Management and Client Tracking Systems. The contractor was selected on the basis of his educational background, job experience, and proficiency in the three programming languages presently utilized. Services under this contract will include programming for reports required under the federal CETA grant, production of a technical guide to the client tracking system (CTS) software, and technical assistance to the MIS manager and staff in the maintenance, usage, and enhancement of the CTS software.

Funds for the operation of this program will be provided to the City of Boston through a federal government grant under Comprehensive Employment and Training Act (CETA) amendments of 1978, P.L. 95-524. The contract will be effective for the period June 1, 1980, through September 30, 1980, at a total cost not to exceed \$8,400. The contractor will be compensated at the rate of \$100 per diem, a reasonable cost in view of the qualifications of the contractor, the technical level of skill required and the professional duties to be performed.

As this is a negotiated contract, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Recycling Program

Dear Mayor White:

I respectfully request your Honor's permission to contract with Urban Environmental Management, recycling and landscaping corporation, a nonprofit organization with offices at 22 Geneva Avenue, Roxbury, for the purpose of conducting a recycling program. The contractor will train and employ fifteen Public Service Employment (PSE) participants in the duties of recycling such items as bottles, cans, newspapers, etc.

The contractor was selected according to an evaluation based on the ability of the agency to employ the long-term unemployed; to provide suitable training to CETA enrollees; to provide adequate supervision to enrollees; and its value in addressing the needs of the City of Boston residents.

Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title VI-A of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be effective for the period April 23, 1980, through September 30, 1980, at a total cost not to exceed \$67,740.

As this is a negotiated award, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

HEALTH AND HOSPITALS DEPARTMENT Ultrasound System Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your permission to award, without advertising, a contract to Rohe Scientific Corporation, 2722 South Fairview Street, Santa Ana, CA 92704, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$5,480.

Under this contract, Rohe Scientific Corporation will provide all parts and labor to maintain the Rohnar Diagnostic Ultrasound System, Model 5580. Rohe Scientific Corporation is qualified to do the work in question as it is the sole manufacturer of this equipment, can provide immediate competent service personnel, and has ready access to necessary spare parts.

Therefore, inasmuch as this contract is of a highly specialized nature, for the reasons state above, and as the cost is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Ventilators Repairs

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your permission to award, without advertising, a contract to Cardio-Pulmonary Care, Inc., 38 Montvale Avenue, Stoneham, from July 1, 1980, through June 30, 1981, at a cost not to exceed \$15,000.

Under this contract, Cardio-Pulmonary Care, Inc., will repair as needed, respiratory equipment such as O₂ analyzers, spirometers, compressors, and also complete volume ventilators when necessary.

Therefore, as Cardio-Pulmonary Care is the manufacturer's representative for complete line of parts, has demonstrated ability to repair the equipment satisfactorily and within a reasonable time, at a price to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Color Monitor Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your permission to award, without advertising, a contract to Geometric Data, Valley Road, Wayne, Pennsylvania, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$12,230.

Under this contract, Geometric Data will provide all travel, parts, and labor necessary to maintain in good operating condition Hematrak differential system F219, and color monitor.

Therefore, because Geometric Data is the manufacturer and has personnel specially trained to maintain and repair the above equipment, at a cost I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Scanner Repair, etc.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your permission to award, without advertising, a contract to Ohio Nuclear Corporation, 29100 Aurora Road, Solon, Ohio, for the period September 1, 1980, through June 30, 1981, at a cost not to exceed \$6,800.

Under this contract, Ohio Nuclear Corporation will provide all the labor, parts and necessary to maintain the following working condition: 1-410 Sigma 488; 1-410 S/P area scan.

Therefore, inasmuch as Ohio Nuclear Corporation is the manufacturer, and has necessary parts in stock, personnel specially trained to repair and maintain the equipment, at a cost I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your permission to award, without advertising, an emergency repair contract to Medical, Inc., 346 Westbury Avenue, New York, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$5,000.

rinter, CT 1710, \$400; teletype, CT 1725,

Medical, to our knowledge, is the firm
equipped to service the above described
er and to provide trained personnel com-
t to repair this complex equipment. Fur-
ore, EMI Medical offers ready accessi-
f parts required for repair purposes.

efore, inasmuch as this contract is of a
specialized nature, as EMI Medical has
ned satisfactorily in the past as EMI
al is uniquely suited to furnish the re-
services at a cost which, in my opinion,
sonable, no benefit would inure to the
y publicly advertising for bids.

David L. Rosenbloom,
Commissioner.

X-ray Equipment Repairs

Dear Sir:
uant to the authority delegated to me by
ard of Health and Hospitals, I hereby re-
your permission to award, without adver-
a contract to Siemen's X-ray Corpora-
30 Wexford Street, Needham Heights, for
period July 1, 1980, through June 30, 1981,
ost not to exceed \$3,000.

er this contract, Siemen's X-ray Corpora-
will repair as needed the Siemen's X-ray
ment located in the special procedure
in main X-ray.

Therefore, inasmuch as Siemen's is the
manufacture of the equipment, has trained ser-
vice personnel, along with readily accessible
parts and a cost I deem to be reasonable, no
benefit would inure to the city by publicly
advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by
the Board of Health and Hospitals, I hereby re-
quest your permission to award, without adver-
tising, a contract to Picker Corporation, 1220
Bolivar Street, Canton, for the period July 1,
1980, through June 30, 1981, at a cost not to ex-
ceed \$15,700.

Under this contract, Picker X-ray Corpora-
tion will furnish all parts and labor and travel
expense to maintain all Picker X-ray equip-
ment in the Ambulatory Care Center.

Inasmuch as the equipment is of highly
specialized nature, as Picker X-ray Corporation
is the manufacture and the price in my opinion
is reasonable, no benefit would inure to the ci-
ty by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Camera Repairs

Dear Sir:

Pursuant to the authority delegated to me by
the Board of Health and Hospitals, I hereby re-
quest your Honor's permission to award, with-
out advertising, a contract to the Dennen In-
strument Company, 712 Main Ct., West Box-
ford, for the period July 1, 1980, through June
30, 1981, at a cost not to exceed \$2,500.

Under this contract, the above concern will
repair as needed a Dunn camera located in the
Ultrasonnd Unit.

Inasmuch as, Dennen Instrument, Inc. is the
distributor, has trained service personnel,
along with readily accessible parts and a cost I
deem to be reasonable, no benefit would inure
to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Computer Maintenance

Dear Sir:

Pursuant to the authority delegated to me by
the Board of Health and Hospitals, I hereby re-
quest your Honor's permission to award, with-
out advertising, a contract to Digital Equip-
ment Corporation, 235 Wyman Street, Walham,
for the period July 1, 1980, through June 30,
1981, at a cost not to exceed \$6,360.

Under this contract, Digital Equipment Cor-
poration will furnish all parts, labor, and travel
expense necessary to maintain the Digital
PDP 11/34 computer which is utilized in
nuclear medicine.

Inasmuch as the equipment is of a highly
specialized nature, as Digital is the manufac-
turer and the price in my opinion is reasonable,
no benefit would inure to the city by publicly
advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Rabies Control Services

Dear Sir:

Pursuant to the authority delegated to me by
the Board of Health and Hospitals, I hereby re-
quest your Honor's permission to award, with-

out advertising, a contract to the Animal Res-
cue League of Boston, Inc., 10 Chandler Street,
Boston, for the period July 1, 1980, through
June 30, 1981, at a cost not to exceed \$35,743.

Under this contract, the Animal Rescue
League of Boston, Inc. will perform various
duties related to the control of rabies in the
City of Boston. These professional services
will include, but not be limited to, the quaran-
tine of possible rabid animals; the perfor-
mance of follow-up inspections and veterinary
examinations; the analysis of brain tissue to
determine the presence of rabies; and the com-
pliance with all state health laws pertaining to
rabies control.

Therefore, in view of the professional,
unique service to be rendered in which the
Animal Rescue League of Boston, Inc. has had
wide experience and which it has satisfactori-
ly provided to the city for many years at a cost,
which in my opinion, is reasonable, no benefit
would inure to the city by publicly advertising
for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Chaplaincy Services

Dear Sir:

Pursuant to the authority delegated to me by
the Board of Health and Hospitals, I hereby re-
quest your Honor's permission to award, with-
out advertising, a contract to Rabbi Abraham I.
Halbfinger, 88 Nottinghill Road, Brighton, for
the period July 1, 1980, through June 30, 1981,
at a cost not to exceed \$2,500.

Under this contract, Rabbi Halbfinger will
provide chaplaincy services at Long Island and
Mattapan Hospitals once a week.

Because of the special fitness of Rabbi
Halbfinger to provide these services, because
of, the professional nature of the services to be
rendered and as the price, in our opinion, is
reasonable, no useful purpose would be served
by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

LAW DEPARTMENT Management Plan

Dear Mr. Mayor:

I respectfully request your permission to
dispense with public advertising and to renew
the city's existing contract with Philip X. Mur-
ray, Esquire, 60 State Street, Boston, for the
period July 1, 1980, through June 30, 1981.

Under this contract Mr. Murray will continue
to provide technical assistance to the Law
Department in developing an operational plan
for the most efficient management of person-
nel and material resources as outlined in his
proposal dated January 11, 1980. Mr. Murray
will have completed Task I, Documentation of
Existing Operation, and Task II, Needs Re-
quirements, by June 30, 1980. During the term
of this renewal contract, Mr. Murray will be
responsible for completion of Tasks III-V as
follows:

Task III. Manual Implementation — This
task will be the natural consequence of Task II.
This will include the training of personnel in
the new procedure, the design and modifica-
tion of forms required to meet the procedures,
as well as monitoring and evaluation tools for
the system's operation

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(Continued from previous page)

Task IV. Records Keeping — The present record-keeping and records control is archaic. The multiple systems for tracking and storing records needs review and update. Once procedures have been developed, supervision of records purge and ongoing storage should be provided.

Task V. Systems Plan — All the above tasks are aimed at providing an operational plan that is simplistic, efficient, and manageable within the present organizational structure. Task V will provide a plan by which automated support can be introduced into the Law Department when appropriate in a rational, labor-supportive manner. It will be a plan based upon the manual operation and will require no modification of operations contemplated in Task II, III or IV. It will ease the administrative requirements of the office and will address the areas of a) text processing; b) case tracking; c) management monitoring and assessment; d) financial/contract management; e) interface with existing systems.

Completion of these tasks will provide the Law Department with the basis for a plan of action for improvement as well as the technical assistance to implement that plan.

The total contract price for the three tasks mentioned above, including direct labor, travel and administrative support costs, is an amount not to exceed \$41,600, an amount I consider reasonable.

Because of the professional nature of the services to be performed and because this is a continuation of an existing contract, I believe that public advertising for these services would serve no useful purpose.

Very truly yours,

Joseph D. Alviani,
Corporation Counsel.

LIBRARY DEPARTMENT Engineering Services

Dear Mr. Mayor:

Ever since the 1980s when the Boston Public Library was relocated to Copley Square, it has been necessary to have periodic examination made of its building settlement levels for the safety of the public and for the protection of the magnificent buildings as well as their contents. This examination has been performed from the beginning by the firm of engineers, the J. R. Worcester & Co., and more recently by their successors, the firm of Gilbert Small & Co., Inc.

The firm of Gilbert Small & Co., Inc. is especially qualified because of exhaustive studies of the Library's conditions made by it over the past three-quarters of a century. It has a complete file of all pertinent yearly data relative to the water table during this period. In addition, it has a thorough familiarity with the buildings, geological conditions, etc. of the Copley Square area. The cost of this firm's services for July 1, 1980 through June 30, 1981, is not to exceed \$8,500.

The Board of Trustees in charge of the Library Department of the City of Boston, acting for and in behalf of the City of Boston, has therefore taken the following action:

Voted, That there be entered into, without public advertising, with Gilbert Small & Co.,

Inc., 1391 South Street, Needham, a service agreement for the examination of building levels at one central library building (Johnson) during the period July 1, 1980, through June 30, 1981, the total fee thus charged to be subject to the terms, agreements, and conditions set forth in said agreement.

In view of the foregoing, and because in the opinion of the official the cost is reasonable for the service to be rendered, the permission of your Honor is respectfully requested to enter into this agreement with Gilbert Small & Co., Inc.

Respectfully,

The Board of Trustees in Charge of
the Library Department of the
City of Boston,

By Philip J. McNiff,
Director.

Catalog Services, etc.

Dear Mr. Mayor:

On October 16, 1979, there was entered into with Inforonics, Inc., 550 Newtown Road, Littleton, a contract for supplying and delivering MARC II catalog products and services during the period July 1, 1979, through June 30, 1980.

Your Honor had given approval for the award of this contract following a public advertisement and public opening of bids. Bids were invited and submitted for the above-mentioned work during the period July 1, 1979, through June 30, 1980, with option for renewal as of July 1, 1980, and as of July 1, 1981, at bid price. The option was to be that of the Official.

During the period from July 1, 1979, to date, Inforonics, Inc. has performed to the satisfaction of the Library. Their acquaintance with the Library's cataloging needs, requirements, and problems should be a desirable asset if the firm be allowed to continue its contract services for another year.

In view of the foregoing, the Board of Trustees in charge of the Library Department, acting for and in behalf of the City of Boston, believing the cost to the city to be reasonable for the services to be rendered, has taken the following action to exercise its option:

Voted, That, without public advertising, there be entered into with Inforonics, Inc., 550 Newton Road, Littleton, a contract for supplying and delivering MARC II catalog products and services, as specified in the specifications, during the period July 1, 1980, through June 30, 1981, at a total cost not to exceed \$100,000.

The permission of your Honor is, therefore, respectfully requested to enter into a contract with Inforonics, Inc. for the above service at the original bid price of \$100,000, without publicly advertising for bids.

Respectfully,

The Board of Trustees in Charge of
the Library Department of the
City of Boston,

By Philip J. McNiff,
Director.

Elevator Maintenance

Dear M. Mayor:

On July 27, 1978, there was entered into with Delta Elevator Service Corporation, 50 North Beacon Street, Allston, a contract for the maintenance and servicing of elevators throughout the Library System during the period July 1, 1978, through June 30, 1979.

Your Honor has given approval for the award of this contract following a public advertisement and public opening of bids. Bids were in-

vited and submitted for the above-mentioned work during the period July 1, 1978, through June 30, 1979, with option for renewal as of July 1, 1979, and as of July 1, 1980, at bid price. The option was to be that of the Official.

During the period from July 1, 1978, to date, Delta Elevator Service Corporation has performed to the satisfaction of the Library. Their acquaintance with the Library's systems and its problems should be a desirable asset if the firm is allowed to continue its contract work for another year.

In view of the foregoing, the Board of Trustees in charge of the Library Department, acting for and in behalf of the City of Boston, and wishing to exercise the option of the Official, has taken the following action:

Voted: That without public advertising there be entered into with Delta Elevator Service Corporation, 50 North Beacon Street, a service contract for the maintenance and servicing of elevators throughout the Library System for the period July 1, 1980, through June 30, 1981, at a total cost not to exceed \$12,780.

The permission of your Honor is, therefore, respectfully requested to enter into a contract with Delta Elevator Service Corporation for the above work at the original bid price of \$12,780, without publicly advertising for bids. In view of the Official, the cost to the city is a reasonable one for the services to be rendered.

Respectfully,

The Board of Trustees in Charge of
the Library Department of the City of Boston,
By Philip J. McNiff,
Director.

MAYOR'S OFFICE Catering Services

Dear Mayor White:

I respectfully request your permission to award a contract, without advertising, to the firm of Caras & Rowe, 9 Harvey Street, Cambridge, to provide professional catering services for the City of Boston for the Tall Ships reception.

Under the terms of this contract, the firm will provide food, service personnel, table glassware rentals and other incidentals necessary to service a reception for 1,000 guests.

The guests will include special dignitaries, captains of the Tall Ships, distinguished members of the U.S. Navy, prominent businessmen and community leaders, and distinguished public officials.

The vendor is specifically qualified to perform this work in view of Ms Caras' previous experience in providing such services for events such as the Papal reception, the Carl Yastrzemski reception, and the Strasbourg reception.

Compensation under this contract shall not exceed \$15,000, which I have determined to be reasonable for the work to be performed. The contract pertains to May 30, 1980, and should be charged to the Distinguished Guests Account.

Because of Caras & Rowe's professional expertise in this area, I believe that it is the qualified vendor for this service, and in my opinion that public advertising would serve no useful purpose.

Sincerely,

Mariellen N.

Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with public advertising and to award a contract to Somerville Engineering, Inc., engineers, a Massachusetts corporation, 400 Highland Avenue, Somerville.

Under the terms of the contract, Somerville Engineering Inc. will continue to perform general engineering surveying services as requested during the period July 1, 1980, to June 30, 1981, at a cost not to exceed \$20,000 payable in accordance with the October 15, 1969 Minimum Fee Schedule (revised 1979) of the Eastern Massachusetts Association of Professional Engineers and Land Surveyors, Inc., which is a reasonable cost.

Based on past experience, I feel this firm is qualified to do the work required.

In view of the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,

Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the City Record, and to award a contract to Helden Associates, Inc., a Massachusetts corporation, consulting engineers, 88 Broad Street, Boston.

Under the terms of the contract, Helden Associates will provide mechanical and electrical engineering services as requested during the period July 1, 1980, to June 30, 1981, for studies and preparation of plans and specifications for various buildings and facilities in conjunction with this department's alterations and repair program, at a cost not to exceed \$20,000 (including \$500 for out-of-pocket expenses), payable at hourly rates to be set forth in the contract, which is a reasonable cost.

Based on past experience, I feel this firm is qualified to do the work required.

In view of the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,

Donald B. Manson,
Director.

Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to CDI Corporation, a Pennsylvania corporation duly registered to do business in Massachusetts, with local offices at 575 Boylston Street, Boston.

Under the terms of the contract, CDI Corporation will continue to provide general engineering services and technical assistance in conjunction with this department's preparation of plans and specifications for use in carrying out its alterations and repair program and emergency repair projects, during the period July 1, 1980, to June 30, 1981, at a cost not to exceed \$20,000, payable at hourly rates set forth in the contract times 1.38, which is a reasonable cost.

Based on past experience, I feel this firm is qualified to do the work required.

In view of the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Architectural Services, etc.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to Kallmann, McKinnell & Wood, Architects, Inc., a Massachusetts corporation, 127 Tremont Street, Boston.

Under the terms of the contract, Kallmann McKinnell & Wood, Architects, Inc. will provide general architectural services and technical assistance, including feasibility studies, preliminary schemes, plans, specifications and cost estimates for various locations as required during the period July 1, 1980, to June 30, 1981, at a cost not to exceed \$6,000 (including \$200 for out-of-pocket expenses), payable at hourly rates to be set forth in the contract, which is a reasonable cost.

This firm is well established in the Boston area and I believe it is qualified to do the work required.

Due to the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to Arnold A. Jacobson, d/b/a Arnold A. Jacobson & Associates, 2464 Massachusetts Avenue, Cambridge.

Under the terms of the contract, Arnold A. Jacobson & Associates will provide general architectural services and technical assistance, including feasibility studies, preliminary schemes, plans, specifications and cost estimates for various locations as required during the period July 1, 1980, to June 30, 1981, at a cost not to exceed \$10,000 (including \$300 for out-of-pocket expenses), payable at hourly rates to be set forth in the contract, which is a reasonable cost.

Based on past experience, I feel this firm is qualified to do the work required.

In view of the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to Bradley T. Sack, architect, 222 Beacon Street, Boston.

Under the terms of the contract, Bradley T. Sack will provide architectural services, including professional advice and assistance such as design reviews, drawings as required, written critiques, etc., to the Public Facilities staff in planning, designing and constructing new buildings and renovation of existing buildings, including the work at Boston City Hospital, during the period July 1, 1980, to June 30, 1981, at a cost not to exceed \$32,400, payable at the hourly rates of \$22.50 per hour, which is a reasonable cost.

Based on past experience, I believe Mr. Sack is qualified to do the work required.

In view of the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Publishing Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to Paul W. Celuzza, d/b/a Connections Publications, consultants and publishers, 52 Lee Street, Cambridge.

Under the terms of the contract, Connection Publications will provide professional services in connection with the preparation of a 120-page handicapped visitors access guide to Boston, such services to include editing, design and layout, graphics (including maps), typesetting and production of camera-ready

copy, at a cost not to exceed \$5,500 with reasonable amount.

This firm has previous experience with special needs population and human delivery. Connections Publications has performed similar services for other city and I believe it is qualified to do the work required under the proposed contract.

Because of the technical and professional nature of the service to be performed, I judge that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to the Newspaper Company, 135 Morrissey Boulevard, Boston.

Under the terms of the contract, the Newspaper Company will provide advertising space in *The Boston Globe* and *The Boston Herald American* during the period July 1, 1980, to June 30, 1981, for surplus property ads as well as legal and employment ads, at a cost not to exceed \$6,000, which is a reasonable cost.

It has been the experience of the Facilities Department that placing ads in real estate and other sections of the two major dailies has resulted in maximum response to these ads. For this reason and the fact that we intend to award a contract to both newspapers, I feel that advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to the Boston Herald American, Division of the Corporation, 300 Harrison Avenue, Boston.

Under the terms of the contract, the Corporation will provide advertising space in *The Boston Herald American* during the period July 1, 1980, to June 30, 1981, for surplus property ads as well as legal and employment ads, at a cost not to exceed \$6,000, which is a reasonable cost.

Design Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement

cord, and to award a contract to Dunn, d/b/a Dick Dunn Design, interior designer, 120 Milk Street, Boston. Under the terms of the contract, Dick Dunn will continue to provide feasibility studies for the interior space use of various floors, and from assembling or redrawing the drawings and surveys, or from data logging, prepare complete set of 1/8 inch floor plans and written reports with recommendations to guide and discipline the agency of said building, during the period 1980, to June 30, 1981, at a cost not to exceed \$20,000 (including \$250 for out-of-pocket expenses), payable at the rate schedule set forth in the contract, which is a reasonable cost.

Based on past experience, I feel this firm is qualified to do the work required.

Because of the professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Management Services

Dear Mr. Mayor:
Pursuant to a vote of the Public Facilities Committee on April 16, 1980, I hereby request your written authority to dispense with advertising proposals by advertisement in the record, and to award a contract to James E. Langin, architect 21 Daniels Terrace, Cambridge, Massachusetts.

Under the terms of the contract, James E. Langin will continue to provide project management services and during the period 1980, to June 30, 1981, in connection with the design and construction of new public facilities as required by the federal court-ordered remedial plan, and management of projects funded under the capital improvement program at a cost not to exceed \$33,800, (payable at the rate of \$18.50 per hour, which is a reasonable cost).

Based on past experience, I feel Mr. Langin is qualified to do the work required.

Because of the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Cost Evaluation, etc.

Dear Mr. Mayor:
Pursuant to a vote of the Public Facilities Committee on April 16, 1980, I hereby request your written authority to dispense with advertising proposals by advertisement in the City Record, and to award a contract to Warren L. Rindone, 82 Rindone Street, Holbrook, Massachusetts.

Under the terms of the contract, Warren L. Rindone will continue to provide cost evaluation and timing services for construction procuring during the period July 1, 1980, to June 30, 1981, at a cost not to exceed \$29,500, including out-of-pocket expenses, payable at the rate of \$15.75 per hour, which, in my opinion, is a reasonable cost.

Based on past experience, I believe Mr. Rindone is qualified to perform the work required. Because of the professional and technical nature of the services to be performed, it is my

judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

PUBLIC WORKS DEPARTMENT Engineering Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Universal Engineering Corporation, a corporation, located at 100 Boylston Street, Boston, for engineering services for deck repairs of the Congress Street Bridge in Boston.

Under the terms of the contract, Universal Engineering Corporation will develop construction plans, specifications, cost estimates, and related services to rehabilitate the grid deck of the bascule span with concrete fill and to perform incidental repairs to said bridge. Universal Engineering Corporation is uniquely qualified to do this work because of their vast knowledge of the bridge system of the City of Boston in conjunction with many past and current contracts for bridge engineering services.

Compensation under this contract shall not exceed \$8,500, which I have determined to be reasonable for the work to be performed.

This work will be completed within four weeks after notification by the city to begin work.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph F. Casazza,
Commissioner.

Land Appraisal

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Casey and Dennis, real estate, a corporation, located at 73 Tremont Street, for appraisal of land proposed to be taken for the extension of Avenue de Lafayette.

Under the terms of this contract, Casey and Dennis will appraise the following parcels of land:

Parcel One, land and building owned by J. Summers, trustee, situated at 88-100 King Street and 116-122 Essex Street, Boston Proper; Parcel Two, property owned by J. N. Resha, Jr., et al., a commercial parking lot situated at 130-132 Essex Street, Boston Proper.

Casey and Dennis are uniquely qualified to do this work because they are certified real estate appraisers and consultants.

Compensation under this contract shall not exceed \$3,750, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be June 2, 1980, to June 30, 1980.

In view of the professional and technical nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Respectfully,
Joseph F. Casazza,
Commissioner.

Emergency Bridge Repairs

Dear Mr. Mayor:

Relative to section 44A of chapter 149 of the General Laws, permission was requested on March 28, 1980, and granted on April 2, 1980, by the Commonwealth of Massachusetts, Division

of Labor and Industries, to dispense with public advertising and solicit invitation bids.

On April 16, 1980, bids were opened in Room 711, in response to an invitation proposal to three responsible contractors familiar with the type of work needed, namely emergency steel repairs to the bascule leaf of the Chelsea Street Bridge over the Chelsea River. Therefore, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Rev-Lyn Contracting Co., 1265 Saratoga Street, East Boston, the lowest bidder in the amount of \$4,750.

All work on this contract shall be completed within ten days from commencement.

The following proposals were received as a result of solicitation to bid sent to specialists in the field of work. Due to the emergency nature of the work, I believe that public advertising would serve no useful purpose and that the cost of the work is reasonable:

Rev-Lyn Contracting Co., \$4,750; Bonacorso Construction Co., \$5,625; J. L. Caputo Construction Co., Inc., \$10,902.

Respectfully yours,
Joseph F. Casazza,
Commissioner.

SCHOOL DEPARTMENT Various Foods

Dear Mr. Mayor:

I respectfully request your Honor's written permission to dispense with public advertising and to award a contract to Flagstaff, One Venus Way, Attleboro, for the purchase of perishable foods and other edible commodities during the period July 1, 1980, through June 30, 1981.

It is the practice of the School Committee to purchase perishable foods and other edible commodities on the basis of bids submitted weekly or monthly because of the perishable nature of these goods, the fluctuation in their prices, and the quantities required. The cost of all perishable food and other edible commodities purchased under this contract will be based on formal quotation prices received from several suppliers.

Because the purchasing procedures, which accrue considerable savings to the School Committee, do not lend themselves to formal public bids, it is my opinion that advertising would serve no useful public purpose.

Very truly yours,
Leo J. Burke,
Business Manager.

Leo J. Burke,
Business Manager.

Travel Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your authorization for the award of a contract, without public advertising, to Garber Travel, 1406 Beacon Street, Brookline, for the All-City Chorus Tour scheduled for May 19, 1980, through May 25, 1980, at a cost not to exceed \$24,500.

Eleven travel agencies in and around the Boston area were contacted to solicit bids. The following three responses were received:

Garber Travel, \$325.80, quad; \$374.80, double; plus an additional \$10 charge per person (\$335.80 and \$384.80) if a Garber Travel escort accompanies the All-City Chorus for the full period of the tour at the discretion of the senior advisor (music).

Downtown Travel, \$363, quad; \$414, double. Western Travelers Club, \$444; prices include \$10 additional charge per person for escorts.

I am recommending, in the best interest of the city, acceptance of the lowest bidder, Garber Travel.

Please note attached letter addressed to Mr. John Rooks, Department of Health, Education and Welfare, dated February 7, 1980, with the initial request for allocation of funds to underwrite the expense of the All-City Chorus Tour. Funding was not approved by Washington until May 3, 1980. The request was held up until basic requirements could be met (letter attached addressed to Ms. Rita Ray, H.E.W., dated March 28, 1980); and a schedule could be arranged to include only cities complying with the court order for integration of schools. It was originally thought ample time had been provided to allow the contract to be processed prior to the scheduled tour.

This agreement would be executed with federal funds from Grant GOO-79-029-83 Code X104-910-0901-23.

Any inquiries re this request, please contact Anne Sapp (726-6308-9) or Peter Siragusa (726-6284).

Very truly yours,

Leo J. Burke,
Business Manager.

Chapter 766 Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Monrath of Groton, 22 Hillside Avenue, Groton, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c.71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$63,310, which is deemed to be reasonable by the committee during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to ten Boston Public School

pupils in accordance with each child's individual plan devised for him by the Department staff.

Because it has been determined that each child or these children is/are in immediate need of special attention, and due to the professional nature of the services to be provided, and the expertise of the facility area, it is the determination of the School Committee that the public interest will be served by public advertising for bids.

Very truly yours,

Edward J. Wilp,
Secretary.

Training Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your authorization for the award of a contract, without public advertising, to Service Engineering Associates, 3960 Peachtree Road, Atlanta, Georgia, to provide three days of training to seventy custodians at a cost not to exceed \$85,000 or \$6,000.

Service Engineering Associates was selected as senior custodians as potential distributors, plant maintenance and operators. Prior to the three-day training, Service Engineering will develop 100 instructional workbooks designed to aid training effectiveness.

Service Engineering Associates is not qualified to perform this service having been involved in custodial consulting and training for the past nineteen years. In addition, requests for proposals were sent to several technical institutes (Worcester Polytechnic Institute, Northeastern, etc.). No response to these requests for proposals were received.

It appears that the interests of the city would be best served by not advertising for public bids.

Funding for this contract is available in the budget of responsibility center 046. The contract term will begin April 22, or upon award of the contract, and terminate not later than June 30, 1980.

Sincerely,

David P. Berns

Various Educational Materials

Dear Mr. Mayor:

The purpose of this correspondence is to request the purchase of competency-based educational materials developed by the Kentucky Department of Education. The materials are of the type of materials available; no vendor sells or distributes these materials.

These materials are essential for the successful opening of the new Humphrey Occupational Resource Center. Teacher/technician Writers require these materials in order to develop Humphrey Center learning guides.

The required materials cost \$6,050. The City of Boston had to hire curriculum writers to develop similar materials, the cost would be at least ten times this amount. Consequently, the purchase of these materials represents savings for the city.

Therefore, based on the aforementioned realities, I request that the formal bidding procedures be waived in order to purchase the required competency-based, vocational training curriculum materials.

Your attention to this request is greatly appreciated.

Very truly yours,

Leo J. Burke,
Business Manager.

Mayor:
I respectfully request your Honor's written order to dispense public advertising and to award a contract to Wyatt's, Inc.
Under the terms of this contract, the School will purchase books and other educational materials when needed by the Boston Schools during the period July 1, 1979, to June 30, 1980. The cost of all items ordered under this contract will not exceed the catalog prices in effect.
Under the terms of the contract need to provide Public Schools with books and educational materials, and because textbooks and educational materials are unique to a publisher, it is my opinion that advertising for bids would serve no public purpose.

Very truly yours,
Leo J. Burke,
Business Manager.

Collector-Treasurer.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to John Conroy, an individual, located at 69 Phillips Street, Boston, for assistance in the collection of delinquent real estate, personal property, and motor vehicle excise taxes.

Under the terms of the contract Mr. Conroy will act as legal intern for the unit. Mr. Conroy is uniquely qualified to do this work because of his experience within the unit, his formal legal education and his excellent performance.

Compensation under this contract shall not exceed \$6,000, which I have determined to be reasonable for the work to be performed. Mr. Conroy will be working part-time at the rate of \$5 per hour.

The term of this contract shall be from July 1, 1980, to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Mr. Mayor:
I respectfully request your permission to dispense with public advertising and to award a contract to Hans P. Birle, an individual, located at 109 Westchester Road, Jamaica Plain, for assistance in the collection of delinquent real estate, personal property, and motor vehicle excise taxes.

Under the terms of the contract Mr. Birle will perform legal intern for the unit. Mr. Birle is uniquely qualified to do this work because of his experience with the unit and his excellent performance.

Compensation under this contract shall not exceed \$3,005, which I have determined to be reasonable for the work to be performed. Mr. Birle will be working full-time at the rate of \$6 per hour.

Term of this contract shall be from July to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Under the terms of the contract Mr. Vasilatos will assist staff assigned to the Collecting Division in analysis of a sample of properties on which the city has tax title liens and information regarding departmental fees. Specifically, this will involve designing data files and writing programs to be used on the TROLL system at M.I.T. Mr. Vasilatos has provided these services under service order for a preliminary analysis activity and his work has proven to be extremely satisfactory. Mr. Vasilatos' experience with the Department of Government at Harvard University is directly applicable to the projects being undertaken by this office.

Compensation under this contract shall not exceed \$3,500, which I have determined to be reasonable for the work to be performed, and will be paid at the rate of \$28 per hour.

The term of this contract shall be from April 24, 1980 to June 30, 1980.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Massachusetts Institute of Technology, located at 77 Massachusetts Avenue, Cambridge, for computer processing services using their TROLL software system.

Under the terms of this contract, M.I.T. will allow staff assigned to the Collecting division to sign on to the system, execute programs, and store data files. This work will involve analyzing a large sample of properties on which the city has tax title liens and analyzing departmental receipts for inspectional, licensing and other performed. M.I.T. is uniquely qualified to do this work because the TROLL system is an extremely flexible analysis system which is capable of dynamic file restructuring, as well as traditional statistical analysis and report generation and at present is only available at M.I.T. The system has been used on a pilot preliminary project under a service order, and has proven to be extremely useful. There is no software on the city's computer with comparable capacity.

Compensation under this contract shall not exceed \$7,000, which I have determined to be reasonable for the work to be performed, and will be billed according to their standard rate for nonprofit organizations.

The term of this contract shall be April 24, 1980, to June 30, 1980.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division Vaccine

Dear Mr. Mayor:

On November 20, 1979, your Honor approved the award of two contracts for furnishing pneumococcal vaccine to the Boston City Hospital for its immunization against pneumococcal pneumonia.

The contracts were awarded, without advertising, because of the severe time constraints existing at that time and because the two contractors, Merck, Sharpe & Dohme and Lederle Labs., are the only manufacturers of the vaccine in the country.

The quantities of vaccine required for the immunization program were underestimated and it is now necessary to amend the contracts to provide for the increased costs. Unit prices will remain unchanged.

Your permission is requested, therefore, to amend these contracts, as shown below:

Merck, Sharpe & Dohme, Division of Marck & Co., Inc., West Point, Pennsylvania 19486, from \$10,210 to an amount not to exceed \$16,336, 2 percent, thirty days, net, thirty-five days; Lederle Labs., Division American Cyanamid Co., Pearl River, New York 10965, from \$10,210 to an amount not to exceed \$16,336, 2 percent, thirty days, net, thirty-five days.

Respectfully yours,

Frank F. Chin,
Purchasing Agent.

COMMUNITY DEVELOPMENT

Services for Elderly

Dear Mayor White:

I respectfully request your Honor's permission to amend an award letter with Action for Boston Community Development, Inc., d/b/a West End Program Restructuring Project, a corporation, located at 178 Tremont Street, Boston, which was approved by you on April 3, 1980.

The original award letter allowed \$15,000 for West End Program Restructuring Project, elderly services for persons over sixty years of age residing in the West End-Beacon Hill neighborhood of Boston. The amended total shall not exceed \$20,000. Payment for this contract shall be made from fifth-year funds of the Community Development Block Grant. The period of performance from this contract shall remain within the defined period of January 28, 1980, to January 27, 1981.

This award letter for Action for Boston Community Development, Inc., d/b/a West End Program Restructuring Project, is arriving in the Law Department for review at this late date for the following reason. The first award letter previously approved by the Law Department must be amended to increase the amount of money allocated to Action for Boston Community Development, Inc., d/b/a West End Program Restructuring Project due to an error made by the city in the HUD Public Service Certification.

We offer the following explanation for the increase of \$5,000 in ABCD, Inc., d/b/a West End Program Restructuring Project, for the

elderly; as per the HUD Public Service Certification, the West End Program Restructuring Project was listed as receiving a CDBG grant of \$15,000, therefore, based on this information we proceeded to write an award letter from the certification amount, we later discovered when the budget detail appropriation list was established that the West End Program Restructuring Project was appropriated \$20,000.

Under the terms of the agreement, Action for Boston Community Development, Inc., d/b/a West End Program Restructuring Project, shall continue to provide elderly services for persons over sixty years of age residing in the West End-Beacon Hill neighborhood of Boston.

On the basis of Action for Boston Community Development, Inc., d/b/a West End Program Restructuring Project's demonstrated expertise and experience in the delivery of services, I recommend that the award letter between the city and Action for Boston Community Development, Inc., d/b/a West End Program Restructuring Project be amended at this time. Moreover, it is my opinion that public advertising would serve no useful purpose.

Sincerely,

Katharine D. Kane,
Deputy Mayor.

DEVELOPMENT AND CONSTRUCTION

Homesteading Services

Dear Mayor White:

I hereby request your permission to amend a contract currently budgeted at \$30,500 and effective for the period from November 15, 1979, through May 31, 1980, with Community Training Dynamics, Inc., a nonprofit corporation located at 10 Fairway Street, Mattapan.

Under the terms of the amendment, the original contract will be amended to an amount not to exceed \$60,000, which is a reasonable cost for the services to be performed. The period of performance will be extended from June 1, 1980, to November 30, 1980.

Payment for this contract will be made from the Community Development Block Grant. Under the terms of the amended agreement, CTD will continue to provide a program of homesteading services for the rehabilitation of properties in both (a) the Wellington Hill section of Mattapan; and (b) the Codman Square section of Dorchester. At present, there are a total of twelve active properties at various stages in these areas, and more are anticipated in subsequent months. The services will include: (1) the evaluation of rehabilitation feasibility; (2) the marketing of homesteading properties; (3) the processing of homesteading applications; (4) the development of the housing repair skills of Homesteaders; (5) the monitoring of repairs made by housing rehabilitation contractors and subcontractors; and (6) the training of CETA funded, semi-skilled rehabilitation workers. CTD is qualified to perform these services. CTD has provided these services in a satisfactory manner in the Mattapan and Codman Square areas under previous agreements.

(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

Due to the professional nature of the services to be performed under this agreement, and also due to the fact that Community Training Dynamics, Inc. has been performing the above services in an acceptable manner to date, it is my determination that the public interest would not be served by public advertisement for bids.

Sincerely,
Andrew M. Olins,
Special Assistant to the Mayor.

EEPA
Social Services

Dear Mayor White:

I respectfully request your Honor's permission to amend an award letter with the Jamaica Plain Ecumenical Social Action Committee, a nonprofit organization at 62 Atherton Street, Jamaica Plain, dated March 11, 1980, which you approved on April 14, 1980.

The purpose of the amendment is to correct a budgetary error in the original award letter which incorrectly stated the total cost of the contract not to exceed as \$34,125. The correct amount not to be exceeded is \$43,000.

As in the original award letter, funds for the operation of this contract will be provided to the City of Boston by the State Employment and Training Council as part of the special grant to governors under CETA, section 204. The contract will continue to be effective for the period March 14, 1980, through September 30, 1980.

Whereas all other terms of the original award letter are correct, approval of this amendment will enable EEPA to execute the contract as planned.

Sincerely,
George Bennett,
Administrator.

Budget Services

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with Mr. Michael J. Shea, 9 Winchester Road, Newtonville, for the continuation of professional services in support of the Boston Plan, Project Y.E.S. The contractor has provided significant technical assistance in the development, modification, and negotiation of the Project Y.E.S. budget throughout the program. This amendment will provide for an additional sixty days of services in connection with establishing a budget for the extension of the program through the summer of 1980 (July through September). The contractor will continue to be compensated at the rate of \$100 per diem, a reasonable fee for the level and quality of work performed.

Funds for the operation of this contract will be provided to the city through a federal grant under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be extended five months and increased by \$6,000 to

become effective for the period September 1, 1979, through June 30, 1980, at a total cost not to exceed \$13,000. This request is retroactive because of a delay in receiving approval to modify the budget for consultants from Manpower Demonstration Research Corporation (MDRC), the Department of Labor project manager.

Because this is a negotiated contract for professional services, at a reasonable cost, that conforms to federal procurement requirements for CETA programs, no public purpose would be served by advertising for sealed bids. I therefore request approval to dispense with formal advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Management Services

Dear Mayor White:

I respectfully request your Honor's permission to amend a professional services contract with Mr. Shalom Saar, 14 Triangle Drive, Setauket, New York. The purpose of the amendment is to retain the contractor to perform management duties for a limited period in connection with the operation of the 1980 Summer Youth Employment Program (SYEP). Mr. Saar has performed meritoriously under contract for program planning and development; retention of his services for the duration of the program will insure a successful operation. The contractor's duties will be expanded to include: supervision of the SYEP field staff; oversight of subcontractor performance; and performance of an internal evaluation of the program. The contractor will be compensated at the rate of \$90 per diem for all work under the contract commencing May 1, 1980. This is a reasonable cost given the level of services provided and the contractor's qualifications and experience.

Funds for the operation of this contract will be provided to the city through a federal grant under the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be extended five months and increased by \$9,450, to become effective for the period February 27, 1980, through September 30, 1980, at a total cost not to exceed \$13,050.

As this is a negotiated contract for professional services, that conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with advertising for sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

HEALTH AND HOSPITALS DEPARTMENT Nursing Personnel

Dear Sir:

Pursuant to the authority delegated to the Board of Health and Hospitals, I request your Honor's permission to modify the department's contract with St. Elizabeth's Medical Services, 18 Tremont Street, New York Medical Bureau, 520 Cornhill Avenue, and Medical Personnel Personnel, 180 Mont Street, which was originally awarded to your Honor on November 26, 1979, at a cost to exceed \$250,000. Other approvals for this contract on January 2, 1980, and April 3, 1980, increased the total cost to \$750,000.

This amendment will add Trustees of the City of Boston and Hospitals of the City of Boston, Box 18186, 725 Massachusetts Avenue, to the above list of firms who provide the service with registered nurses whenever the service exists in our permanent staff.

The charges for R.N.s submitted above firm are:

\$71.54 per eight-hour shift (regular) — Friday, 7 a.m. - 3 p.m.; \$81.76 per eight-hour shift (regular) Monday - Friday, 3 p.m. - 11 p.m. and 11 p.m. - 7 a.m.; \$81.76 per eight-hour shift (ICU - CCU) Monday - Friday, 7 a.m. - 3 p.m.; \$91.97 per eight-hour shift (ICU - CCU) - Friday, 3 p.m. - 11 p.m. and 11 p.m. - 7 a.m.; \$81.76 per eight-hour shift (ICU - CCU) - Friday, 3 p.m. through 7 a.m. - \$81.76 per eight-hour shift (ICU - CCU) - \$91.97 per eight-hour shift (ICU - CCU).

Overtime will be billed for over 16 hours worked in one week and also for the following holidays: New Year's Day, Martin Luther King Day, Washington's Birthday, Evacuation Day, Patriots' Day, Memorial Day, Bunker Day, Independence Day, Labor Day, Columbus Day, Veterans Day, Thanksgiving Day, and the following day, and Christmas Day.

The addition of Trustees of Health and Hospitals of the City of Boston Inc. will decrease the cost to the city by approximately 15 percent to 35 percent per shift, and also provide for better continuity of service. Recruitment will be concentrated among employees, such as retirees, persons who have returned to school, and those who work a full-time shift. An initial study indicates much interest in this group for selected part-time services.

Therefore, because of the above and because this is the only contract requested, I recommend approval of the contract.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dental Equipment Repairs

Dear Sir:

Pursuant to the authority delegated to the Board of Health and Hospitals, I request your Honor's permission to amend the city's contract with Healthco Inc./Row Supply, 25 Stuart Street.

this contract, they will repair as dental equipment located in various in the city, from July 15, 1979, through 1980, at a cost as approved by the July 11, 1979, not to exceed \$3,000. est for repair was underestimated and it an additional amount of \$1,500 will ed to cover repairs through June 30, e cost of this amendment now in- the total liability to the city under this to \$4,500.

tion to the above, Schedule A of this must be amended by adding the fol- community dental centers originally not d in error by the dental division.

chester House Health Center, 1353 Dor- avenue, Dorchester; 2. Greater Roslin- th Center, 6 Cummins Highway, Ros- s. Joseph M. Smith Community Health 1 Stadium Way, Allston.

of the above and because the cost to n my opinion, is reasonable, I recom- pval of this amendment.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Andrew S. Fink,
Fiscal/Administrative Officer.

Preparation of Reports

Dear Mr. Mayor:

On October 11, 1979, your Honor approved the award of a contract, without public advertis- ing for bids, to Dennis J. Carlone, 14 Remington Street, Cambridge, for consultant services in relation to and to be paid for from the Blue Hill Avenue Urban Development Action Grant dur- ing the period March 12, 1979, to July 31, 1979, at a cost not to exceed \$13,120.

On December 11, 1979, your Honor approved a request to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. This amendment has not been executed, because the need for yet additional services from Mr. Carlone has become apparent. I therefore respectfully request your approval to amend the contract to provide for services in addition to those approved in the previous award letter.

Rather than one report on the work carried out under the original contract, Mr. Carlone will prepare two reports: one, storefront guidelines for Grove Hall; and the other, an urban design plan for Grove Hall. Mr. Carlone will also be responsible for design, layout, typesetting, and printing of 1,000 copies of each report, plus 1,000 copies of Grove Hall's program guide- lines under the Blue Hill Avenue UDAG, and 1,000 copies of the cover for the Grove Hall retail market study, currently under preparation by the Office of Program Development. Finally, Mr. Carlone will design and have printed in a quantity of 500 a presentation folder to contain the above four reports.

Mr. Carlone will also prepare detailed facade recommendations for the Grove Hall properties that are currently scheduled to be conveyed by the Boston Redevelopment Authority to the Prince Hall Development Corporation. The facade recommendations are a necessary step in advancing Prince Hall's tentative developer designation for these properties to final designation.

Mr. Carlone will also provide up to 200 hours of technical design services to assist the Blue Hill Avenue Business Development Office in exercising its duties in administering Urban Development Action Grant program.

The cost of the additional services to be per- formed shall not exceed \$35,888, which includes the \$14,200 approved in the previous award letter. The total cost of this contract, as amended, shall not exceed \$49,008, which I believe to be reasonable. The period of this con- tract shall be extended from July 31, 1979, to December 31, 1980.

Because of the professional nature of the ser- vices to be provided, I believe that public adver- tising would serve no useful purpose.

Very truly yours,

Robert Rugo,
Deputy Director.

Automated Systems Approach

Dear Mr. Mayor:

On November 5, 1979, your Honor approved the award of a contract, without public advertis- ing for bids, to Robert M. Alloway, 41 Chase Avenue, Lexington, for consultant services in connection with a special project to design and

make operational an automated systems approach to real property valuation for the Office of Property Equalization, during the period October 22, 1979, and June 30, 1980, at a cost not to exceed \$22,500.

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. Due to the speed with which the automated system must be created, this office will need additional consulting services in the next two months and beyond.

Mr. Alloway will be compensated at the same rate specified in the terms of the original con- tract. The cost of this amendment, which is effective May 15, 1980, shall not exceed \$12,000, which I have determined to be reason- able. The total cost of this contract, as amended, shall not exceed \$34,500. The period of this contract shall be unchanged, and shall be terminated on June 30, 1980.

Because of the professional nature of the ser- vices to be performed, I believe that public advertising would serve no useful purpose.

Sincerely,

Arthur E. Shea,
Director.

PUBLIC FACILITIES Improvements Design

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Storch Associates, 2 Charlesgate West, amend- ing a contract executed November 28, 1979, pro- viding for architectural services in connection with site improvements at eight recreation facilities, increasing the amount authorized for expenditures, covering additional work at American Legion Playground, by \$13,823, which is a reasonable cost.

This site was approved for funding by a fed- eral grant and the scope of work has been increased substantially. The new cost for such services is based on the fee factor of 6.216 per- cent (1967 AIA A rate) of the total estimated cost of construction of \$1,012,000, the cost of the proposed services not to exceed \$131,132 (including \$52,500 for supplementary services and an additional \$15,726 for supervision of multiple sites).

Due to the provision of law that executed city contracts may be altered only by a writing signed by all parties thereto, including the Mayor and bonding company, public advertis- ing in this instance would serve no useful purpose.

Respectfully,

Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Green International Affiliates, Inc., 625 McGrath Highway, Somerville, amending a con- tract executed February 26, 1980, providing for architectural services in connection with improvements at six recreation facilities, increasing the amount authorized for expendi-

tures as a result of additional work at Clifford and Ripley Playgrounds by \$16,082, which is a reasonable cost.

These sites were approved for funding by a federal grant and the scope of work has been increased. The new cost for such services is based on the same fee factor of 7.259 percent of the new estimated construction cost of \$416,000, the cost of the proposed services not to exceed \$41,697.50 (including \$11,500 for supplementary services).

Due to the provision of law that executed city contracts may be altered only by a writing signed by all parties thereto, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Donald B. Manson,
Director.

Engineering Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on April 16, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with H. W. Lochner, 10 High Street, amending a contract executed October 31, 1979, providing for general engineering and survey services for the period July 1, 1979, to June 30, 1980, so as to increase the amount authorized for expenditure from \$12,500 to \$15,000.

This request is a result of our need for additional services by the consultant covering the design and preparation of bid documents for repair of the roof truss at the North End Health Center.

Due to the provision of law that executed city contracts may be altered only by a writing signed by all parties thereto, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

PUBLIC WORKS DEPARTMENT Street Cleaning

Dear Mr. White:

On May 1, 1979, your Honor approved an award of a contract based on public advertising for bids to J.K. Municipal Services, Inc., 161-2 S. Main Street, Middleton, Massachusetts, for furnishing mechanical sweepers for the purpose of supplementing department forces and equipment in connection with keeping the street clean in District 1 (Boston and Charlestown) during the period July 1, 1979, to June 30, 1980 at a cost not to exceed \$117,504.

Your approval is requested to amend this contract to provide for street cleaning in District 1 on a continuous basis. Due to the unusually mild winter season just past, we had numerous additional days allowable for sweeping not anticipated in the preparation of the contract. The cost of this amendment shall not exceed \$23,500.80, which I have determined to be reasonable. The contract as amended, shall not exceed \$141,004.80.

Because of the necessity of maintaining clean streets on a continuous basis, the time

lapse resulting from public advertising of bids for this short period of time, plus the very reasonable rate being paid to the current contractor, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph F. Casazza,
Commissioner of Public Works.

Dear Mr. White:

On May 1, 1979, your Honor approved an award of a contract based on public advertising for bids to J.K. Municipal Services, Inc., 161-2 S. Main Street, Middleton, Massachusetts, for furnishing mechanical sweepers for the purpose of supplementing department forces and equipment in connection with keeping the street clean in District 2 (J. Plain) during the period July 1, 1979, to June 30, 1980 at a cost not to exceed \$39,168.

Your approval is requested to amend this contract to provide for street cleaning in District 2 on a continuous basis. Due to the unusually mild winter season just past, we had numerous additional days allowable for sweeping not anticipated in the preparation of the contract. The cost of this amendment shall not exceed \$7,833.60, which I have determined to be reasonable. The contract as amended, shall not exceed \$47,001.60.

Because of the necessity of maintaining clean streets on a continuous basis, the time lapse resulting from public advertising of bids for this short period of time, plus the very reasonable rate being paid to the current contractor, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph F. Casazza,
Commissioner of Public Works.

Dear Mr. White:

On May 1, 1979, your Honor approved an award of a contract based on public advertising for bids to J.K. Municipal Services, Inc., 161-2 S. Main Street, Middleton, Massachusetts, for furnishing mechanical sweepers for the purpose of supplementing department forces and equipment in connection with keeping the street clean in District 3 (North Dorchester) during the period July 1, 1979, to June 30, 1980 at a cost not to exceed \$43,968.

Your approval is requested to amend this contract to provide for street cleaning in District 3 on a continuous basis. Due to the unusually mild winter season just past, we had numerous additional days allowable for sweeping not anticipated in the preparation of the contract. The cost of this amendment shall not exceed \$8,793.60, which I have determined to be reasonable. The contract as amended, shall not exceed \$52,761.60.

Because of the necessity of maintaining clean streets on a continuous basis, the time lapse resulting from public advertising of bids for this short period of time, plus the very reasonable rate being paid to the current contractor, I believe that public advertising would serve no useful purpose.

Highway Reconstruction

Dear Mr. Mayor:

On October 27, 1977, your Honor approved an award of a contract based on public advertising of bids to John McCourt Co., 500

Granite Ave., Milton, Massachusetts, for highway reconstruction in Putnam Street, and Webster Street, in East Boston in the amount of \$332,976, and amended to \$361,733.12 on January 30, 1979, copy enclosed.

Your approval is requested to further amend this contract to provide for additional costs for excavation on Webster Street, those costs incurred by the contractor through no fault of his own when steel rails and railroad ties were encountered under the roadway surface and had to be removed.

The cost of this amendment shall not exceed \$12,760.47, which I have determined to be reasonable. The contract, as amended, shall not exceed \$374,493.59.

Because this work was done in conjunction with the original work so that continuity of the project would not be interrupted and has been completed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,
Commissioner of Public Works.

Northern Avenue Bridge Repairs

Dear Mr. Mayor:

Reference is made to your approval of my letter dated September 12, 1979, copy enclosed, concerning an amendment to the contract for repairs to the draw and approach span piers of the Northern Avenue Bridge over the Fort Point Channel, by Rev-Lyn Contracting Company, 1265 Saratoga Street, East Boston, Massachusetts, to \$362,175.

The original amendment was for work on two additional piers not included in the contract and it now has become necessary to erect two cofferdams for these two piers to prevent said piers from shifting.

Your approval is requested to further amend this contract to provide for the construction of these two cofferdams, the cost of this amendment shall not exceed \$52,187.50, which I have determined to be reasonable. The contract, as amended, shall not exceed \$414,362.50.

Because of the rapidly escalating prices for materials and labor, the current work of an identical nature being performed by Rev-Lyn Contracting Co., the ability to have the work done at prices set forth in the original contract, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,
Commissioner of Public Works.

SCHOOL DEPARTMENT

Printing Services

Dear Mr. Mayor:

On Behalf of the School Committee of the City of Boston, I request your written authority to amend the contract awarded to the Sahle's Printing Service d/b/a Asmara Printing Company, 6 Clearway Street, Boston, Massachusetts. This amendment, which was deemed reasonable by the Committee, is for the printing of additional forms which were supplied under Contract 4163.

This amendment will include:

10,000 DI Form 4, at \$427.50.

5,000 DI Form 5, at \$399.05.

12,500 DI Form 1 at \$538.55.

All terms and conditions of the said contract except as hereby amended shall remain in full force. The Business Manager deems the cost is reasonable.

(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

Because of the nature of the material requested and the fact that Sahle's Printing Service, d/b/a Asmara Printing Company, has agreed to provide the above materials at the cost stated in the original contract, it is the determination of the superintendent of schools and the School Committee that the public interest would not be served by initiating an additional contract through public advertising for bids.

This agreement is to be executed with an appropriation of funds contained in Cost Center 085, Expense Code 975 of the Boston School Department's budget.

Very truly yours,
Leo J. Burke,
Business Manager.

No. 2 Fuel Oil

Dear Mr. Mayor:

For furnishing No. 2 fuel oil for the Boston Public Schools, at a cost not to exceed \$1,846,500.

Your approval is requested to increase the cost of this contract by the sum of \$500,000 to \$2,346,500. Although the various schools using No. 2 fuel oil have reduced the consumption of this oil, the price per gallon has increased from a bid price of \$.6155 per gallon on June 14, 1979, to a current price of \$.8715 per gallon. The contract increase requested is necessary for the purchase of No. 2 fuel oil to the end of the contract period (June 30, 1980).

Very truly yours,
Leo J. Burke,
Business Manager.

Legal Services

Dear Mayor White:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement and to award to Goodwin, Procter & Hoar, Attorneys at Law, 28 State Street, Boston, Massachusetts, an amendment to a contract for legal representation in matters relating to civil proceeding involving racial imbalance and desegregation for the period January 1, 1979, to June 30, 1979, changing the amount from \$25,000 to \$29,750.65.

The Committee is seeking this amendment because additional court appearances were scheduled during the term of the contract and the \$4,750.65 is needed to compensate the attorneys for the additional time. The cost is reasonable and this law firm is well qualified to represent the Committee in court.

Since the services to be provided under the proposal amendment are both professional and confidential in nature, it is the view of the Boston School Committee that publicly inviting proposals would serve no useful purpose.

This amendment is being submitted for your approval at this time for the following reasons:

August 10, 1979 — The attorneys notified the General Counsel of the School Committee that the contract in the amount of \$25,000 for the period January 1, 1979, to June 30, 1979, should be amended by adding \$4,750.65 to the original contract.

August 29, 1979, — Amendment to contract covering period January 1, 1979, to June 30, 1979 approved.

September 4, 1979 — Award letter and amendment sent to the Law Department.

December 18, 1979 — Law Department informed this office that no letter or amendment had been received. Duplicate copies of the letter and amendment were sent to the Law Department on December 18, 1979.

Very truly yours,
Edward J. Winter,
Secretary.

Masonry

Dear Mr. Mayor:

I request your approval of my action to amend the contract with the J. A. Marino Automatic Heating Co., Inc., 205 South Street, Jamaica Plain, for modernization of heating system at the Eliot School, 16 Charter Street, from \$192,123 to \$195,373.

This amendment becomes necessary because on March 3, 1980, subbids were received for modernization of heating system at the Eliot School. All subbids were rejected for masonry and an allowance of \$12,000 was carried by all of the general contractors for masonry. Invited subbids were sent out to five contractors and the prices received were as follows:

New England Boiler Setting Co., Inc., \$15,250; Cutter Fire Brick Co., Inc., no bid; Eastern Refractories Co., Inc., no bid; Pickering Refractory, no bid; James Donaghue Co., no bid.

The lowest acceptable bidder was submitted by New England Boiler Setting Co., Inc., 26 Garden Street, Arlington, in the amount of \$15,250. The price of the general contractor was amended from \$192,123 to \$195,373 which reflects a difference of \$3,250.

Respectfully submitted,
Paul W. Mooney,
Senior Structural Engineer.
Electrical Repairs

Dear Mayor White:

I hereby request approval of an amendment to our repetitive service contract 1884-80 for electrical repairs.

In October, 1979, as a result of public advertisement in the *City Record*, I submitted a letter, in behalf of the Department of Planning and Engineering, listing competent and interested persons and firms desiring to perform such work in the Boston Public Schools.

Because Lentine Electric Service, Inc. did not submit evidence of a bond and insurance, it was necessary to delete the firm from the list. The company has now submitted all necessary papers. In order to expand the list of persons eligible to do this work, I request that you approve an amendment, and include the name of Lentine Electric Service, Inc., 42-44 South Street, Jamaica Plain.

Respectfully submitted,
Paul W. Mooney,
Senior Structural Engineer.

TRAFFIC AND PARKING DEPARTMENT

Engineering Services

Dear Mayor White:

On August 23, 1979, your Honor approved the award of a contract, without public advertising for bids, to Stephen Chait, transportation consultant, 9 Smith Avenue, Somerville, Massachusetts, for providing professional traffic engineering services in the study of mass transit needs of the city, especially in terms of its effects on traffic management and

also to prepare studies and proposals for the Urban Systems program. The contract is August 1, 1979, through June 30, 1980, at a cost not to exceed \$5,000.

Your approval is requested to amend the contract to provide for additional work which were not anticipated in the terms of the original contract. The proposed fare for the Massachusetts Bay Transportation Authority and review of the third harbor tunnel have introduced new areas of study.

The cost of the amendment, which is effective March 1, 1980, shall not exceed \$5,000, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$10,000 and the period of the contract shall remain the same, through June 30, 1980.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Emily L. Loe,
Commissioner.

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. 056-104 (Project Value 15.0) will be received by the Director of Construction at the Contract Administration Office, fifth floor, 50 High Street, Boston, Mass. 02110, until two o'clock (2 p.m.), on February 18, 1981. Immediately thereafter in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows:

(Class II — Communications)

MBTA Police Radio System,

Boston and Cambridge, Massachusetts

This work will consist of furnishing, installing, and testing of all UHF radio equipment and associated appurtenances, and architectural and structural modifications at selected locations.

This contract is subject to a financial assistance contract between the MBTA and UMTA of the United States Department of Transportation.

Each prospective bidder proposing on this project must be prequalified in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies may be obtained from the Contract Administrator's office at the above address. Request for prequalification for this project will not be accepted by the Authority after the tenth (10th) day preceding the date set for the opening of bids.

Prequalified bidders may obtain from the Contract Administrator a "Request for Proposal Form," which must be properly filled out and submitted for approval.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., Monday through Friday, at a charge of \$25. The Authority's General Requirements and Covenants (1978 Edition of Division I), as amended, are available from the Contract Administration Office at a charge of \$5 per copy. Neither charge is refundable.

Bidding documents will be available on January 21, 1981.

Any person may purchase copies of the plans and specifications for information purposes only upon payment of the required charge.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of five dollars (\$5), payable by separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder.

Bidders attention is directed to Appendix 1, Goals and Time tables for Female and Minority

Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination and Affirmative Action Program in the Specifications.

In addition, attention of all bidders is directed to the MBTA's Minority Contractor Participation Provision incorporated as Appendix No. 3 in the Special Provisions.

The Authority hereby notifies all bidders that it will affirmatively insure that in regard to any contract entered into pursuant to this advertisement (Notice to Contractors), minority and female construction contractors will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with federal equal employment opportunity regulations and the President's Executive Order No. 11246 and any amendments or supplements to that executive order. The requirements for bidders and contractors under this order are explained in the specifications.

Authorization for the bidders to view the site of the work on the MBTA's property shall be obtained from the office of Mr. R. R. Frazee (Telephone No. 722-3397).

A prebid conference will be held on February 3, 1981, at 10 a.m., in the System-wide Improvements Conference Room, 500 Arborway, Jamaica Plain, Mass. It is imperative that prospective bidders have a representative attend. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify that they are not on the Controller General's list of ineligible contractors.

The provisions of Massachusetts Executive Order No. 130, Anti-Boycott Covenants are incorporated by reference as part of this contract.

Bidders will be required to certify as part of their proposal that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

Bidders are advised that the "Buy America" provisions of the Surface Transportation Assistance Act of 1978 (Pub. L. 95-599) apply to this contract, procurement, or agreement (in excess of \$500,000) which results in this solicitation. These regulations require, as a condition of responsiveness, that the bidder submit with his bid a completed Buy America certificate as set forth in the form for bid.

Proposal guaranty shall consist of a bid deposit of seventy-five thousand dollars (\$75,000), in the form of a bid bond, cash, certified check, treasurer's or cashier's check issued to the MBTA by a responsible surety, bank, or trust company.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price. The surety shall

be a surety company or securities satisfactorily to the Authority.

The Authority reserves the right to reject or all proposals, to waive informalities, to advertise for new proposals or proceed to work otherwise, as may be deemed to be in the best interests of the Authority.

REAL PROPERTY BOARD

EMERGENCY REPAIRS

GOVERNMENT CENTER GARAGE.

City of Boston, acting by its Commissioner of Real Property, Room 811, Boston City Hall Square, Boston, Mass. 02201, after referred to as the Awarding Authority, invites sealed general bids for the above project, subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30 and sections 29 and 44A to 44L, inclusive, of chapter 23B of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents.

Time and Place for Filing Bids

General bids will be received up until twelve noon, Boston time, Tuesday, February 10, 1981, at the office of the Awarding Authority, Room 811, City Hall, 1 City Hall Square, Boston, 02201, at which time and place they will be publicly opened and read aloud.

Bid Forms and General Documents

Form for general bids may be obtained (except Saturdays, Sundays, and holidays) after January 26, 1981, between 9 a.m. and 5 p.m. at the office of the Board, Room 811, City Hall, 1 City Hall Square, Boston, for a fee of five dollars (\$25), nonrefundable, (payable to the City of Boston), for each proposal.

General bids must be submitted on the appropriate forms for bid obtained from the Awarding Authority. The bids shall be completely filled out, enclosed in an envelope, sealed, and marked with the description of the work to be done. Two copies of the general bid shall be submitted with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company payable to the City of Boston in the sum of one percent of value (not to be less than \$100, not to exceed \$50,000). The general bids shall be filed by the time stated above for the opening of general bids.

A general bid may be withdrawn after the deadline for filing general bids and for five (5) Saturdays, Sundays, and legal holidays (excluding) from the opening of the general bids. In addition, no general bid filed by the three lowest bidders and eligible general bidders may be withdrawn prior to execution and delivery of the contract, unless no award has been made upon expiration of the prescribed time for award.

A successful bidder will be required to provide insurance for the payment of compensation for the furnishing of other benefits under the Massachusetts Compensation Law, General Laws (Chapter 152), chapter 152, to all persons to be employed under the contract, and sufficient evidence of compliance with the foregoing stipulations will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of

the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Commissioner is allowing a seventy (70)-day period to complete this work starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

NOTICE: The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Preference Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract. The workforce requirement, (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE.

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation, expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas.

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in this notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Woburn, and the Islands of Boston Harbor, Mass.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each trade, and the contractor shall make a good-faith effort to employ minorities and women evenly on each of its projects.

The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order and the regula-

tions in 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

No bid for the award of this project will be considered acceptable unless the contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for Minority Business Enterprise. For the purpose of this paragraph, the term minority business enterprise means a business at least 51 percent of which is owned and controlled by minority group members or, in the case of a publicly owned business, at least 51 percent of the stock is owned by minority group members who are Black, Hispanic, Oriental, or American Indians.

Included with the contract documents are copies of the "Minority Business Utilization Form," "Minority Business Identification Statement," "Minority Business Utilization Progress Report," and the "Minority Business and the General Contractor's Letter of Intent."

Each contractor must complete, sign, and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal. The three lowest responsive bidders are required to submit a Minority Business and General Contractor's Letter of Intent. The letter of intent shall be completed and signed by the minority business enterprise and the general contractor within five days after the time set for receiving bids. At the request of the city one or more of the three lowest bidders may also be required to submit a Minority Business Identification Statement.

Contractors shall also avail themselves of the list of minority businesses to be provided by the city through the Office of Minority Business Enterprise to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the provisions of the contract documents including, with limitation, the notice to all bidders and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, antidiscrimination and affirmative action program contract provisions. This requirement will be strictly adhered to. *Proposals submitted without the required forms will be rejected.* No bidder shall be eligible for award on this project unless he is able to demonstrate to the satisfaction of the Awarding Authority his ability to comply with these requirements.

All prospective bidders will be required to attend a prebid conference prior to submitting a bid. The time and place will be February 4, 1981, Room 811, City Hall, Boston Mass.

CITY OF BOSTON

Proceedings of City Council

Wednesday, July 30, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

Reverend James H. Lane, Pastor of St. Brendan's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY THE REVEREND
JAMES H. LANE

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

Father of us all, we gather at this moment in time, in life, in service to seek the enlightenment of Your Grace and to seek the strengthening resolve of Your Spirit.

With persistence and with conviction we turn to You, Father, in prayer, for Your Son has taught us to call You: "Our Father who art in heaven."

Trusting in the prayer from His sacred lips, Father, we ask that You:

Awaken us from complacency and indifference; strengthen us in our good deeds and commitment; fortify us in our weaknesses; encourage us in our successes; comfort us in our disappointments; challenge us in our service.

We ask this so that our commitment to our citizens may be one of mind, and life and word and deed. We ask this through Christ Our Lord.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

The meeting was opened with the salute to the flag.

APPOINTMENT OF NEWELL COOK

CERTAIN INFORMATION UNDER SECTION
17F RE COUNCIL POSITION UNDER
CHAPTER 121A

The following was received:

City of Boston
Office of the Mayor

July 29, 1980.

To the City Council.

Dear Councillors:

I transmit herewith information requested pursuant to the provisions of section 17F of chapter 452 of the Acts of 1948 concerning the legal status of the City Council under chapter 121A that was passed as a Council order on February 6, 1980.

Respectfully,
Kevin H. White,
Mayor.

City of Boston
Law Department

July 16, 1980.

Hon. Kevin H. White,
Mayor of Boston.

Dear Mayor White:

Pursuant to the provisions of section 17F of chapter 452 of the Acts of 1948, as amended, I am responding to the questions posed in the City Council order of February 6, 1980.

Councillor Lawrence S. DiCara has raised the following questions:

- (1) Is the City Council an aggrieved party under chapter 121A?
- (2) What is the appropriate action for the Council to take in the event they consider themselves aggrieved?
- (3) Would private counsel be available to the City Council as has been the case in the past when the Council has had a legal disagreement with another branch of city government?

Pursuant to section 13 of chapter 652 of the Acts of 1960, as amended by chapter 421 of the Acts of 1966:

"... any person, whether previously a party to the proceeding or not, who is aggrieved by such vote, or any municipal officer or board, may file a petition in the supreme judicial or superior court sitting in Suffolk county for a writ of certiorari against the authority to correct errors of law therein. . . ."

Whether the City Council may have standing as an aggrieved party is doubtful as the term "aggrieved" refers to parties who allege direct, substantial injuries, either physical or pecuniary, as a result of a zoning decision. Aggrieved parties have included: direct abutters, *Ayer v. Commissioners on Height of Buildings*, 242 Mass. 30; a landowner a thousand feet away from a licensee, *Standard Oil Co. of N.Y. v. Commissioner of Public Safety*, 274 Mass. 155; a person entitled to petition for an abatement of taxes, *Hough v. North Adams*, 196 Mass. 290; and a utility which alleged loss of business as a result of an award to a competitive supplier, *Boston Edison Co. v. Boston Redevelopment Authority et al*, 371 N. E. 2d 728.

It is my opinion that the City Council is not "a person aggrieved" as contemplated by s. 13, and the decisions interpreting the term "aggrieved."

Alternatively, the statute provides for a "municipal officer or board" to appeal a 121A decision in court. It is necessary, however, for such officer or board to have duties related to the subject matter of the decision, here zoning, to have standing. A planning board had standing to appeal a decision by a board of appeals since it has duties related to the subject of zoning. *Planning Board of Reading v. Board of Appeals of Reading*, 333 Mass. 657 (1956). However, a member of a city council did not have standing to challenge a board of appeals decision. In the case of *Carr v. Board of Appeals of Medford*, 334 Mass. 77 (1956) Justice Spalding said for the SJC:

"While the statute does not undertake to limit the right of appeal to any particular class of municipal officer or board it was intimated in the case last cited that a municipal board seeking to appeal . . . must have duties which relate to the subject matter." (Italics added.)

and in relation to municipal officers:

"... as in the case of a board, we are of the opinion that the right of appeal must be limited to such municipal officers as have some duties to perform in relation to the building code or zoning. Such a person would be the building commissioner or the city manager and there may be others." (at p. 80)

It is my opinion that under this statute the City Council does not have standing to file a petition for certiorari relating to an application for 121A status as the Council does not have duties which sufficiently relate to the subject matter.

Very truly yours,

Harold J. Carroll,
Corporation Counsel.

Placed on file.

LAW FIRM OF PARKER, COULTER, DALEY
& WHITE DESIGNATED SPECIAL MUNI-
CIPAL EMPLOYEE

The following was received:

City of Boston
Office of the Mayor

July 28, 1980.

To the City Council.

Dear Councillors:

I transmit herewith, and recommend that you adopt, an order designating the firm of Parker, Coulter, Daley and White as a Special Municipal Employee pursuant to the provisions of General Laws, chapter 268A, section 1(n).

The Law Department plans to engage Parker, Coulter, Daley and White to represent the defendants in the case of *O'Donnell v. Molloy, et al.*, a case closely related to *Bowden v. McKenna*. The latter is a police shooting case in which this law firm currently represents the defendant police officers. Since the two cases are so closely related, it is most economical to have one firm handle both cases.

Because Parker, Coulter, Daley and White, like other firms, from time to time represents clients who have interests that are adverse to the city's in various matters, it is necessary to designate the firm a Special Municipal Employee.

I, therefore, urge your prompt adoption of this order.

Respectfully submitted,

Kevin H. White,
Mayor.

Ordered, That the law firm of Parker, Coulter, Daley and White be, and hereby is, designated a Special Municipal Employee in accordance with the provisions of G.L. c. 268A, s. 1 (n) for the purposes of representing the defendants in the case of *O'Donnell v. Molloy, et al.*, and related matters.

Referred to the Committee on Government Operations.

ORDINANCE CREATING OFFICE OF THEATRE DISTRICT COORDINATION

The following was received:

City of Boston
Office of the Mayor

July 28, 1980.

To the City Council.

Councillors:

I transmit herewith, and urge you adopt a proposed ordinance that will establish a city department to be known as the Office of Theatre District Coordination.

The city's goals for the revitalization of the Theatre District are so important and expansive that our efforts are best served by providing for an office to coordinate our activity.

Respectfully,

Kevin H. White,
Mayor.

City of Boston

In the Year Nineteen Hundred and Eighty
An Ordinance Creating the Office of Theatre
District Coordination.

Be it ordained by the City Council of Boston,
as follows:

Office of Theatre District Coordination

Section 1. There is hereby created a city department to be known as the Office of Theatre District Coordination (hereinafter "TDC") which shall be under the charge of an officer, known as the Director, appointed by the Mayor for a term expiring on the first Monday of January following the next biennial election who shall have the powers and perform the duties imposed upon him by law.

Section 2. The director may from time to time, establish within the department such divisions and administrative units within such divisions as may be necessary for the efficient and economical administration of the department, and when necessary for such purpose, he may abolish any such

division, or he may merge any two or more of them, and may abolish or merge any such other administrative units within divisions as he may deem advisable. The director shall prepare and keep current a statement of the organization of the department, of the assignment of functions to its various administrative units, offices, and employees, and of the places at which and the methods whereby the public may receive information or make requests.

Section 3. The Office of Theatre District Coordination except as inconsistent with existing duties of other governmental agencies shall:

1. formulate, coordinate and implement municipal policies with respect to theatre district revitalization.
2. improve the delivery of services with respect to theatre district revitalization through close cooperation with line department personnel and through recommendations for departmental change; and
3. provide needed direct services and information to the public in the most convenient and accessible manner possible in connection with theatre district revitalization.

Referred to the Committee on Government Operations.

PETITION REFERRED

The following petition was received:

Petition of Michael Gulbankian, Inc., for license to operate motor vehicles for the carriage of passengers for hire over certain streets in Boston.

REPORT OF COMMITTEE ON PUBLIC SAFETY

Coun. O'NEIL, for the Committee on Public Safety, submitted the following:

Report on ordinance (referred June 25) (Docket No. 0767) concerning the position of Superintendent and Deputy Superintendent in the Boston Police Department—recommending that the ordinance ought to pass.

The report was accepted.

On motion of Coun. LANGONE, the ordinance was placed on the table.

Later in the session, Coun. O'NEIL moved that the ordinance be taken from the table.

The motion was carried.

Coun. O'NEIL moved that the following home rule petition be substituted for the ordinance:

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of Article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing substantially as follows:

Section 1.

Section 8 of Chapter 291 of the Acts of 1906, as appearing in Section 10 of Chapter 322 of the Acts of 1962, as appearing in Section 2 of Chapter 739 of the Acts of 1964, is hereby amended by adding at the end of Line 10 after the words, such officers "but they shall only be promoted from the ranks of sworn officers who have reached the Civil Service rank of Captain in the Boston Police Department;" and further amended by adding on Line 17 after the word, Mayor "and the City Council."

The motion was carried.

Coun. O'NEIL moved that the order be passed.

Coun. SANSONE moved the previous question.

The motion was carried.

Coun. LANGONE moved that the order be placed on the table until Wednesday, August 6, 1980.

The motion was carried.

On motion of Councillor O'NEIL Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

APPROPRIATION OF \$1.5 MILLION FOR POLICE DEPARTMENT

Coun. O'NEIL offered the following:

Ordered, That Docket No. 0843 "Message and order for appropriation of \$1,500,000 for the Police Department," be referred to the Committee on Government Finance.

Passed under suspension of the rules.

Docket No. 0843 was referred to the Committee on Government Finance.

REPORT OF COMMITTEE ON GOVERNMENT FINANCE

Coun. FLYNN, for the Committee on Government Finance, submitted the following:

I. Introduction

In January of this year, the City Council adopted a decentralized budgetary review process to allow a more thorough scrutiny of city spending and budget requests. Despite the difficulties posed by the Mayor's late and incomplete submission of a 1981 fiscal year operating budget on June 9, 1980, we believe that the value of this decentralized budgetary review process to the city's taxpayers has been amply proven.

As a result of the work of various Council committees, the Committee on Government Finance is pleased to recommend a series of unprecedented budget reductions, which if adopted by the full Council, *will not only result in the largest-ever reduction in a city budget (more than \$20 million), but will do so without curtailing any existing vital city services.* This \$20 million cut falls within the guidelines suggested by the Committee on Government Finance in its report of July 16, 1980, which recommended the elimination of all new positions and city departments and reductions of non-personnel spending within last year's inflation rate. While obviously some exceptions had to be made to this general rule-of-thumb to meet unique situations (such as court-ordered revaluation of commercial and residential property in the city and the elimination of federal funding for the Senior Shuttle program), the Council committees have succeeded in making meaningful reductions in the Mayor's budget request which will substantially alleviate the impact of next year's inevitable tax rate increase.

The rationale for these reductions is detailed on a department-by-department basis in the accompanying text and committee reports. We fully realize that the magnitude of these cuts is unprecedented. However, we also recognize that the fiscal crisis facing the city and its taxpayers has reached a perilous stage. The enormous levels of city spending, which have gone virtually unchecked in recent years, have a direct impact on the quality of life for every resident in the city. Therefore, in reviewing the Mayor's budget requests, the Committee on Government Finance felt that a broad overview of the economic health of the city was required in order to prepare a realistic budget which provided a reasonable level of city spending while ensuring the continued delivery of essential city services. A synopsis of that broader economic picture follows.

We believe the attached amended budget order accomplishes those two goals and urge the full Council to adopt it as submitted. However, we

also feel it is important to add that the responsibility of the City Council to the city's taxpayers does not end with passage of this budget. A significant reason for the economic problems presently facing Boston is the lack of fiscal review and oversight over city spending practices once a budget is approved. The practices of deficit spending, excessive hiring and political patronage which have become a way of life in the city must be halted before Boston faces economic ruin. As a starting point to begin addressing these concerns, the Committee on Government Finance urges passage of the attached ordinance, drafted by Councillor McDonough, which incorporates a series of budgetary review controls which would ensure meaningful oversight over city spending habits throughout the entire year instead of just at budget time.

II. Overview of Boston's Fiscal Picture

Recent preliminary studies from the U.S. Census Bureau showing a decrease in Boston's population over the past ten years point to the serious economic uncertainty facing the city in the immediate future. While the exact number is still a matter of dispute, all parties agree that the number of residents and businesses in Boston is smaller in 1980 than it was in 1970. This trend is further confirmed in another recent study conducted at the Brookings Institution ("The Prospects for Urban Revival," James W. Fossett and Richard P. Nathan) which cited Boston as one of the "most distressed" cities in the nation in terms of economic growth, job development and adequate housing in spite of the presence of what the authors termed a few "pockets of plenty" in certain areas of the city.

The conclusions of the Brookings Institution study showing that businesses, jobs and people are leaving the city should come as no great surprise. Boston residents already suffer from the highest cost of living in the continental United States, and that fact impacts both residents and businesses.

According to the latest statistics compiled by the U.S. Department of Labor, an intermediate income family of four living in Boston would need an average annual income of \$24,381 to retain an average standard of living, nearly \$4,000 more than the national average. A comparison of expenses in other cities in the United States of comparable size to Boston shows how much more severely the impact of inflation has hit Boston residents.

Many reasons why the cost of living or of operating a business in the City of Boston has risen much faster than the national average are beyond the city's ability to control. Inflation is a national phenomenon. Escalating energy costs, particularly for imported oil, impact Boston and New England more heavily than other parts of the country. More so than other metropolitan cities, Boston sees an enormous percentage and actual increase in its population each weekday with daily commuters who require city services but do not contribute to the city's tax base. And Boston is unique among all cities in the nation (except Washington, D.C.) in that 62 percent of its total property is tax-exempt, leaving the remaining 38 percent responsible for paying 100 percent of the city's operating budget.

Ultimately a more equitable tax formula, such as a commuter tax, may be enacted, but the unique financial burdens facing the city should not be used as an excuse to hide municipal waste, inefficiency and overspending.

There is no dispute that a major reason for Boston's high cost of living is its high property tax rate and that Boston residents are clearly in need of meaningful property tax relief. But, it is also clear, that instead of tax relief, the fiscal year 1981 city operating budget proposed by the Mayor will mean *more* taxes—approximately \$54 per thousand dollar valuation. The City Council has an opportunity to take a giant step forward in showing a commitment to alleviating the chronic drain on city taxpayers caused by overspending and political patronage by making significant cuts in the proposed FY '81 budget.

The administration's proposed FY '81 budget for city departments totals \$380 million, which represents an increase of \$57 million over last year's level. Together with the \$15 million proposed county budget and the \$233 million proposed school budget approved by the School Committee, the total cost of operating the City of Boston during FY '81 (excluding pensions, debt service and state assessments) would reach a record-breaking \$628.3 million.

Other fixed costs not contained in the operating budget, such as pension costs and debt service, will bring total city spending during FY '81 to an astronomical \$867 million, or \$115 million over last year's \$752 million figure.

Even assuming increases in departmental revenues and assessed property valuation accruing from increased condominium conversions or commercial property, the city will still face a shortfall in the vicinity of \$90 million from last year which would mean a tax rate increase of \$54 a thousand for Boston residents in the upcoming year.

For the average Boston homeowner, the effect of a \$54 tax rate increase (bringing the tax rate over the \$300 mark for the first time in the city's history) would be a \$300 increase in next year's tax bill. The following chart shows the impact of a \$54 tax rate increase for owners of one-, two-, and three-family homes in Boston.

It is clear that with taxpayers struggling to survive with soaring energy and food costs and spiraling rents, it is fiscal insanity to reasonably expect the same people to absorb a record-breaking \$54 property tax rate increase.

We all recognize the pressures of inflation and its impact on the cost of maintaining existing vital city services, but the major increases in this budget are not caused by inflation or OPEC oil prices—they are caused by political patronage and excessive personnel expenditures.

When the city should be moving toward fiscal austerity, it is an affront and an outrage to the people of Boston that the proposed budget contains 629 additional positions (including 108 in eight, newly proposed city agencies) and a total personnel increase of \$30 million.

Without substantial cuts in the Mayor's proposed city operating budget, many Boston homeowners will literally be taxed out of their homes and neighborhoods.

A recent Channel 5 editorial (July 21, July 26) entitled "Kevin White and Boston's Ballooning Budget" urged the City Council to exercise its oversight responsibilities in order to reduce the Mayor's budget which Channel 5 stated "reflects a callous indifference to the city's taxpayers."

That same editorial summarized rather succinctly the task before the Council when it stated:

Since the Mayor apparently doesn't care, it's up to the City Council to trim expenditures... Some difficult decisions must be made. Mayor White has left the dirty work for the City Council. But there's plenty of fat on the payroll, and the Council should start cutting now.

III. Analysis of Proposed FY '1981 City Operating Budget

The administration's proposed FY '81 operating budget for city departments totals \$380 million which represents an increase of \$57 million over last year's level. Together with the \$15 million proposed county budget and the \$233 million proposed school budget approved by the School Committee, the total cost of operating the City of Boston (excluding pensions, debt service and state assessments) would reach a record-breaking \$628.3 million during fiscal year 1981.

A comparison with the FY '80 operating budget reveals a total increase of \$96.6 million or 18.2 percent, an amount far exceeding the present inflation rate of 11.2 percent:

The most disturbing aspect of the proposed spending increase is the large number of *new* personnel positions listed over the quotas approved last year by the City Council. *Seven hundred and fifty-seven* new positions are listed for city and county departments. One hundred and twenty-eight old positions were eliminated by the Mayor, for a *net increase of six hundred and twenty-nine positions* in this year's budget.

One hundred and eight of these new positions are listed under eight, newly-proposed departments whose total budgets amount to 2.6 million (including \$1.9 million in salaries). Among the existing departments with large personnel increases are the Mayor's Office (seventeen positions, including seven in the newly proposed Office of Communications), Office of Public Service (sixty), Administrative Services (forty-seven), Community Services Administration (nine), Real Property Department (thirty-eight), Public Facilities Department (sixty-four) and Health and Hospitals Department (one hundred and sixty-six).

These new positions would bring the total number of city employees funded in the operating budget up to 14,310. As Table 4 indicates, these new positions would result in a total increase of nearly *two thousand* city employees over the past four years.

But even this figure does not represent the total number of employees actually working for the city. In addition to the 14,310 employees listed in the proposed 1981 city operating budget, at least 11,188 more employees are funded under other city and county payrolls and by federal and state grants—bringing the total number of people working for the city up to at least 25,498, for a mind-boggling average of *one* city employee for every *twenty-four* residents.

12,344	12,630	13,751	14,310	1,966	15.9

The total dollar amount for personnel expenditures for city departments (excluding county and school) in the proposed FY '81 budget is \$241 million, \$30 million over last year. This figure shows a 14.4 percent increase which is far more than the average cost of living increases awarded city employees in recent collective bargaining agreements. Clearly, the addition of hundreds of new employees is straining the city's financial resources without perceptively improving the quality and delivery of city services.

A comparison of the rate of growth of personnel expenditures between FY '78 and FY '81 for city, county and school employees again underscores why the city is facing such economic difficulties.

City personnel expenditures have risen \$61.6 million between FY '78 and FY '81, at a percentage increase of 34.3 percent, again far in excess of cost-of-living increases. County personnel expenditures show a similar rate of growth.

An examination of School Department personnel expenditures indicates an even more startling drain on city taxpayers. Between FY '78 and FY '81, while school enrollment dropped 15.3 per-

cent (to a projected level of 63,447*), personnel expenditures for School Department employees rose 50.5 percent to \$156.5 million. Non-personnel expenditures for the School Department over the same period rose only 11.1 percent. (See Table 8.)

The impact of school personnel expenditures on the city's tax rate becomes even more apparent when the average per pupil cost is calculated. If the proposed School Department's entire request is appropriated, the total school budget for FY '81 will be approximately \$259.6 million (\$232.7 operating and capital improvement budgets, plus an additional \$26.9 million in federal and state grants, based on FY '80 levels).

The projected school enrollment for 1979-1980 in the Boston Public School System was 63,447. Actual attendance on any one day averages 55,000 or less. Based on either the projected or the actual enrollment, the per pupil cost exceeds \$4,000. Using the *projected* enrollment, the average per pupil cost amounts to \$4,088, while using the *actual* enrollment the figure is \$4,720.

The budget approved by the School Committee for FY '81 totals \$233 million, which is \$38 million over last year's appropriated levels (even though

because of deficit spending the School Department spent far in excess of the budgeted \$195 million amount.) Fiscal autonomy mandates that the Mayor and City Council have no appropriating authority for School Department expenses up to a total of the previous year's allocated level (\$195 million for FY '80), but approval for any amount in excess of this level (this year \$38 million) must be authorized by both the Mayor and the City Council. We urge both the City Council and the Mayor to insist on substantial reductions in the administrative costs of what is an enormously inflated School Department budget.

One reason that taxpayers have not directly felt the financial impact of these large increases in personnel expenditures in recent years is the windfall of additional state aid received by the city since FY '77.

Between FY '77 and FY '80, the City of Boston received an *additional* \$210.9 million in state aid over the FY '77 levels. (The total amount of state aid during this four-year period exceeded *half a billion dollars*.)

Excessive hiring practices and deficit spending during these years resulted in none of that additional state aid being used for its intended purpose: property tax relief.

Between FY '76 and FY '79, the total accumulated deficit for city, county and school operations amounted to \$78.5 million, for an average yearly total of \$19.6 million. (The deficit for FY '80 will exceed that average, with deficits in personnel accounts alone totaling more than \$20 million.)

Eleven and one-half million dollars of the amount of deficit spending from FY '76-'79 was offset through receipts in excess of estimates, leaving a balance of \$67 million to be financed through appropriation deficits from tax levies of FY '77-'80.

This additional financial burden of deficit spending on its taxpayers has further contributed to Boston's growing fiscal crisis.

This year there will be no state bail-out for Boston. While Cherry Sheet aid is up \$5 million over last year to \$199 million, a \$10 million increased MBTA assessment will result in a *net loss of \$5 million in state aid* to Boston taxpayers during fiscal year 1981.

In summary, the time has finally arrived when the City of Boston must bite the bullet and realize common sense fiscal reality: the only way to stabilize the city's tax rate is to reduce the present extravagant levels of city spending.

Report on ordinance (referred July 23) (Docket No. 0851) creating the Office of Public Service—recommending that the ordinance ought to pass in the following new draft:

City of Boston

In the Year Nineteen Hundred and Eighty
An Ordinance Creating the Office of Public Service
Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws, chapter 43B, section 13, and any other applicable law, as follows:

Section 1. There is hereby created within the Department of Neighborhood Services (hereinafter "NHS") an office to be known as the Office of Public Service (hereinafter "OPS") which shall be under the charge of an officer, known as the Director, appointed by the Commissioner of NHS who shall have the powers and perform the duties imposed upon him by law, and who shall receive an annual salary not to exceed \$29,000.

Section 2. The Director may, subject to appropriations, from time to time, establish within the office such divisions as may be necessary for the efficient and economical administration of the office, and when necessary for such purpose, he may abolish any such division, or he may merge any two or more of them, and may abolish or merge any such other administrative units within divisions as he may deem advisable. The Director shall prepare and keep current a statement of the organization of the office, of the assignment of functions to its various administrative units, and employees, and of the places at which and the methods whereby the public may receive information or make requests.

Section 3. The Office of Public Service shall:

(1) formulate, coordinate and implement municipal policies with respect to neighborhood service delivery;

(2) respond at the local level to complaints about the provision of services;

(3) improve the delivery of services through close cooperation with line department personnel and through recommendations for departmental change;

(4) act as the advocate for increased citizen involvement in the affairs of the municipal government; and

(5) provide needed direct services and information to the public in the most convenient and accessible manner possible.

Section 4. This ordinance shall be published by the action of the City Council in passing the same.

The report of the Committee was accepted.
The ordinance in the new draft was passed.

The following matters were adopted and passed upon the approval of the Consent Agenda as a whole:

COMMENDATION TO BOSTON FIVE CENTS SAVINGS BANK FOR EFFORTS TO EM- PHASIZE PHYSICAL FITNESS

Coun. DiCARA, for all the Councillors, offered the following:

Whereas, The Boston Five Cents Savings Bank has organized an employee fitness plan known as "Health Dividend"; and

Whereas, The bank converted a mortgage loan office into a full exercise room with two saunas and constructed a jogging track on the roof on its downtown building; and

Whereas, Thirty-five percent of all the bank's employees have enrolled in the program; and

Whereas, The health dividend program stresses health instead of simple conditioning and urges the members of the program to become aware of total fitness; now, therefore, be it

Resolved, That Boston City Council, in meeting assembled, commends the Boston Five Cents Savings Bank for its efforts to emphasize health and physical fitness and urges other businesses to do the same.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO SISTERS CON- NELLY, FINNIGAN, AND DELANEY ON BEING AWARDED CERTAIN FELLOWSHIPS

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, Each year, the Institute for Development of Educational Activities (IDEA) Fellows Program, a program in existence since 1966, welcomes qualified educators to apply for fellowships; and

Whereas, Each year, thousands apply, some are never chosen, and some who are exceptional, are chosen more than once; and

Whereas, Three educators from Saint Gregory's High School in Dorchester have been selected and awarded with three of the 700 fellowships; and

Whereas, Sister Agnes P. Connelly, Principal, Sister Sheila A. Finnigan, Assistant Principal, and Sister Maria A. Delaney, Curriculum Coordinator, have been selected as this year's recipients, for bringing "clarity and balance to school administration through the introduction of timely ideas and insights and reports on comprehensive and accurate research"; and

Whereas, Not only have Sisters Connelly, Finnigan, and Delaney achieved this honor in 1980, but have been recipients of this award several times. Sister Connelly has been chosen for five consecutive years, and Sisters Finnigan and Delaney have been chosen for the past two years. Also, each Sister has been awarded the Distinguished Educators Certificate; and

Whereas, Sisters Connelly, Finnigan, and Delaney attribute their success to the philosophy, "Curriculum should fit the student." Saint Gregory's, an all girls' high school, has been in existence since the 1920s, and presently teaches 600 girls from Dorchester, Milton, Quincy, Hyde Park, and Mattapan; and

Whereas, Sisters Connelly, Finnigan, and Delaney should be congratulated for their achievements and innovative teaching methods; therefore, be it

Resolved, That the Boston City Council, in assembly today, congratulates Sisters Connelly, Finnigan and Delaney, and thanks them for their devotion to their students.

Adopted upon approval of the Consent Agenda.

BEST WISHES TO DETECTIVE JOSEPH MILAN ON HIS RETIREMENT

Coun. SEARS, for all the Councillors, offered the following:

Whereas, Detective Joseph Milan of the Boston Police Vice Squad recently retired with the best wishes of his colleagues in the law enforcement field; and

Whereas, The South End native's twenty-seven years service on the police force and for the citizens of Boston included uniform duty at old Roxbury Crossing and present Dudley Street divisions and work in records and data processing specialties at headquarters; and

Whereas, Joseph Milan's dedication to police work served him during a decade on the Vice Squad on assignments that took him at any hour to all parts of the city; now, therefore, be it

Resolved, That the Boston City Council adds its wishes that Detective Joseph Milan enjoy good health and happiness in his retirement.

Adopted upon approval of the Consent Agenda.

SYMPATHY ON DEATH OF WALTER W. MERRILL

Coun. SEARS, for all the Councillors, offered the following:

Whereas, The Boston City Council has learned with sadness of the passing of Walter W. Merrill, Boston City Auditor for seven years and Director of the Retirement Board; and

Whereas, Mr. Merrill, a quiet, efficient, patient, soft-spoken city official, left his professional imprint on the vital agency which oversees the integrity of municipal operations; and

Whereas, Trained as a certified public accountant after graduation from Princeton and the Harvard School of Business, Mr. Merrill demonstrated proficiency in his field in private industry, including distinguished service as a supervisor with Proctor and Gamble and as director of management advisory services with Price Waterhouse and Company, before joining the city in 1963; and

Whereas, As City Auditor, he instituted the first audit in history of the city's finances by an independent private accounting firm; and by compiling annual auditing reports of city finances, improved the city's image in the municipal finance community; and

Whereas, His seven years as Auditor paralleled a period of public focus on the fiscal difficulties confronting cities in general and Boston in particular; and

Whereas, Walter Merrill was a true gentleman in his service at City Hall and won the respect of the Mayor, the Councillors, and his co-workers in the Auditing and Retirement Departments and colleagues elsewhere in city service; now, therefore, be it

Resolved, That we, the members of the Boston City Council, wish to add our own tribute to the memory of a respected friend, Walter W. Merrill, and extend sincere condolences to his wife, Jane, daughter, Margo, and sons George and William; and be it further

Resolved, That the City Council herewith is requested to stand and observe a moment of silence in respect to the late Walter W. Merrill, a valued and admired official of the City of Boston.

Adopted upon approval of the Consent Agenda.

CITY OF BOSTON

Proceedings of City Council

Wednesday, August 6, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

Rabbi Oscar Bookspan of Temple Hillel Torah, West Roxbury, was escorted to the rostrum.

INVOCATION BY RABBI OSCAR BOOKSPAN

To Our Father in heaven we offer prayer: Blessed art Thou, O Lord, our God, sovereign of the universe, who has given of Thy wisdom and honor to mortal man.

We ask Thy blessings upon the members of this Council as we gather together to perform the sacred tasks of government. Grant this assembly Divine Guidance for unto this group has fallen the mighty responsibility of the welfare of hundreds of thousands of fellow human beings fashioned as all of us are in Thine image.

May it be given to this Council to discharge their responsibilities with honor and with courage. Shed Thy light and wisdom and understanding upon the deliberations of these dedicated leaders of our great city who genuinely strive to make Boston a city of which to be proud.

Bless them with good health; grant them discernment and vision; enable them to cope successfully with the manifold problems which they must daily confront; vouchsafe unity on them, wisdom equal to their strength, courage equal to the tasks that lay before them, to the end that our city becomes a place where none shall exploit and none shall abuse, where bigotry and violence will not be tolerated, where physical and moral poverty can be abolished and where all can live amicably and share the blessings of brotherhood and peace.

And let us say, Amen.

The meeting was opened with the salute to the flag.

VISITORS TO CITY COUNCIL

President IANNELLA, for all the Councillors, welcomed Mr. and Mrs. Eugene Hillis. Mr. Hillis is retiring as Elections Registrar, and the members of the Council honored him by passing a resolution wishing him well in his retirement.

Commissioner David Tilley was presented to the Council. Commissioner Tilley presented to Councillor O'NEIL, from the North River Valley Conservation Commission, a citation honoring his achievements.

DISAPPROVING ORDINANCE AMENDING THE ORDINANCE CREATING THE DEPARTMENT OF NEIGHBORHOOD AND

HUMAN SERVICES

The following was received:

City of Boston
Office of the Mayor

August 1, 1980.

To the City Council.

Councillors:

I return herewith, without my signature and disapproved, a proposed ordinance amending the ordinance seeking to create a department of neighborhood and human services.

My reasons for disapproval are that the purported amendment relates to an ordinance which has expired since it was not extended prior to June 30, 1980. Additionally, the amendment seeks to reenact an ordinance that requires my approval pursuant to St. 1909, c. 486, s. 5, as amended by St. 1953, c. 473, and I do hereby expressly withhold that approval.

Respectfully submitted,

Kevin H. White,
Mayor.

Assigned for seven days for final action.

DISAPPROVING ORDINANCE AMENDING THE ORDINANCE CREATING A DEPARTMENT OF FUNDED AGENCIES

The following was received:

City of Boston
Office of the Mayor

August 1, 1980.

To the City Council.

Councillors:

I return herewith, without my signature and disapproved, a proposed ordinance amending the ordinance seeking to create a department of federally funded agencies.

My reasons for disapproval are that the purported amendment relates to an ordinance which has expired since it was not extended prior to June 30, 1980. Additionally, the amendment seeks to reenact an ordinance that requires my approval pursuant to St. 1909, c. 486, s. 5, as amended by St. 1953, c. 473, and I do hereby expressly withhold that approval.

Respectfully submitted,

Kevin H. White,
Mayor.

Assigned for seven days for final action.

LAW DEPARTMENT TO TAKE ACTION TO LIMIT NUMBER OF NEW AIRLINE ROUTES AT LOGAN AIRPORT UNTIL SATISFACTORY DEPARTURE ROUTES IMPLEMENTED TO REDUCE NOISE LEVELS

Coun. FLYNN offered the following:

Whereas, Following release of its report on August 4, 1980, claiming that no significant increase in airplane noise would occur, the Civil Aeronautics Board (CAB) lifted its moratorium on new airplane routes from Logan Airport; and

Whereas, As a result of this decision, Boston residents will suffer increased noise and pollution levels because of new airplane routes and expanded ground operations at Logan; and

Whereas, The decision by the CAB to allow new airplane routes at Logan is insensitive to the legitimate environment and health safety concerns of Boston residents; and

Whereas, No satisfactory resolution has been achieved in implemented departure routes which provide permanent noise relief for residents impacted by runways 22R and 27; and

Whereas, Comprehensive noise abatement procedure should be implemented before any new routes are approved for Logan Airport; therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby calls on the City of Boston Law Department to take the necessary legal or administrative action to limit the number of new airline routes at Logan Airport until satisfactory departure routes can be implemented to reduce noise levels for impacted residents.

The resolution was adopted under suspension of the rules.

AMENDING CITY COUNCIL RULES TO PROVIDE THAT CITY CLERK CALL ATTENTION OF SPONSORING MEMBER TO MAYOR'S VETO OF ANY ORDER OR ORDINANCE IN TIMELY FASHION

Coun. McDONOUGH offered the following:

Ordered, That the City Council rules be amended so as to provide that:

At the next Council meeting succeeding a veto message from the Mayor, the City Clerk shall request of the Council sponsor of the order or ordinance vetoed as to whether the Councillor wishes to move the passage of the matter notwithstanding the disapproval of the Mayor.

Coun. McDONOUGH moved that the order be amended by adding after the word "succeeding" the words "the receipt of," and by adding after the word "message" in the next line the words "by the City Council."

The motion was carried.

On motion of Coun. TIERNEY the order was referred to the Committee of the Whole.

DISAPPROVING ORDINANCE PASSED IN CITY COUNCIL MAY 21, 1980, RELATING TO PUBLIC INFORMATION OFFICERS

Coun. McDONOUGH called up, under unfinished business No. 11 on the calendar, viz.:

11. Message disapproving ordinance passed in the City Council May 21, 1980, relating to Public Information Officers. (Docket No. 0614.)

ORDINANCE DECLARING A STATE OF EMERGENCY ESTABLISHING A CURFEW FOR CERTAIN MINORS

Coun. IANNELLA offered the following:

City of Boston

In the Year Nineteen Hundred and Eighty
An Ordinance Declaring a State of Emergency and
Establishing a Curfew for Certain Minors.
Be it ordained by the City Council of Boston,
as follows:

Whereas, This Council, by the adoption hereof, takes notice of a substantial increase in violent crimes committed against persons within the city; and

Whereas, This Council hereby makes a legislative determination that the aforementioned situation is caused, aided, or contributed to, by minors who are unnecessarily abroad in the nighttime without adult supervision; and

Whereas, This Council takes notice of an alarming increase in crimes against both persons and property, committed within the city by young persons, resulting in both injuries and considerable expense to the city and to the private citizen; and

Whereas, Much of this crime against property and persons occurs during the late evening and early morning hours; now, therefore, be it

Declared, By the City Council of Boston, that there presently exists within the city, a limited state of emergency relating to the conduct of certain minors unsupervised by adults during the nighttime hours, the duration of which limited emergency cannot be determined, but which is expected to continue for not less than one year; and be it further

Ordnained by the City Council as follows:

Section 1. The City of Boston Code, Ordinances, Title 14 is hereby amended by inserting after section 416 thereof, the following new caption and section:

Curfew for Certain Minors

Section 416A. Curfew.

No minor under seventeen years of age shall to abroad in any public way, playground, park, or other public place, nor in any open place, yard, or court, without the written permission of the owner or person in control thereof, between the hours of ten o'clock, post meridian, and five o'clock, ante meridian, prevailing time, during the period from September tenth until June twentieth, and between eleven o'clock, post meridian, and five o'clock, ante meridian, prevailing time, during the period from June twenty-first until September ninth.

Section 416B. Exceptions.

The foregoing shall not apply to a minor going to or coming from his place of legitimate and lawful employment or going or coming from an event or activity, provided that in either case the minor is in the company of his or her parent or

legal guardian, or has in his or her possession written permission of that minor's parent or legal guardian, which permission shall not authorize the minor to remain, idle, wander, play, or stroll in any public way or place and which permission shall be displayed to any police officer, upon request.

Section 416C. Enforcement.

Upon taking cognizance of a violation of section 416A, a police officer shall direct the violator to proceed directly to his or her home or usual place of abode, and every minor who fails or refuses to do so, and every person who entices, encourages, permits, or allows a minor to violate these sections shall be punished by a fine of fifty dollars, provided however, that in the case of and with the consent of a minor, a judge may, in lieu of such fine, direct that minor to perform twenty-five hours of work in a hospital, park, public housing development, or similar nonprofit undertaking.

Section 2. Notwithstanding the provisions of City of Boston Code, Ordinances, Title 2, section 752, this ordinance shall be published by the action of the City Council in adopting the same.

Coun. FLYNN in the chair.

President IANNELLA in the chair.

Referred to the Committee on Public Safety.

APPOINTMENT OF TEMPORARY EMPLOYEE

Coun. IANNELLA offered the following:

Ordered, That effective Monday, August 4, 1980, the following-named person be, and she hereby is, appointed to the position set against her name until Wednesday, October 1, 1980:

Susan Bush, legislative assistant.

Passed under suspension of the rules.

On motion of Councillor FLYNN Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

REPORT OF COMMITTEE ON GOVERNMENT FINANCE

Coun. FLYNN, for the Committee on Government Finance, submitted the following:

Report on message of the Mayor and order (referred July 16) (Docket No. 0787) authorizing the city to apply for and expend \$1,000,000 from the Economic Development Administration of the United States Department of Commerce for a Summer Jobs Initiative Project—recommending that the order ought to pass, provided that no funds be expended from this grant after September 30, 1980, unless the agency administering said grant be constituted by city ordinance.

The report was accepted.

Coun. LANGONE offered the following amendment:

That when these funds are being expended the Lottery Selection Ordinance now in effect shall be used as the means of selection of applicants.

The amendment was adopted.

Couns. DiCARA and FLYNN requested that they be recorded as voting in the negative on the amendment.

Coun. LANGONE offered the following amendment:

That the appropriation and the amendment shall be considered as one piece of legislation as a whole and shall not be separable or divisible.

The amendment was adopted.

The order, as amended, was passed, yeas 9.

Yeas—Councillors DiCARA, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Sears, Tierney—9.

On motion of Councillor McDONOUGH Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

REPORT OF COMMITTEE ON GOVERNMENT OPERATIONS

Coun. McDONOUGH, for the Committee on Government Operations, submitted the following:

Report on message of the Mayor and order (referred July 30) (Docket No. 0875) designating the firm of Parker, Coulter, Daley & White as Special Municipal Employees—recommending that the order ought to pass.

The report was accepted; the order was passed.

On motion of Councillor McDONOUGH Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

REPORT OF COMMITTEE ON GOVERNMENT OPERATIONS

Coun. McDONOUGH, for the Committee on Government Operations, submitted the following:

Report on message of the Mayor and ordinance (referred July 23) (Docket No. 0853) creating the Office of Human Rights—recommending that the same be reported out with no recommendation.

The report was accepted.

Coun. SANSONE moved that the following be substituted for the ordinance:

City of Boston

In the Year Nineteen Hundred and Eighty An Ordinance Creating the Commission of Human Rights.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws, chapter 43B, section 13, and any other applicable law, as follows:

Section 1. The City of Boston Code of Ordinances is hereby amended by adding after Title 12, chapter 15, a new chapter to be known as chapter 17, Commission on Human Rights (hereafter CHR) as follows:

Chapter 17. Commission on Human Rights
Section 400. Statement of Policy.

In the City of Boston, with a population consisting of large numbers of persons of every race, color, religious creed, national origin, ancestry, sex, age, political preference and handicap, there is no greater danger to the health, morals, safety and well-being of the city and its inhabitants than the existence of groups prejudiced against one another and antagonistic to each other based on such differences among them.

It is, therefore, the policy of the city: (1) to take all possible action to promote and foster harmony among its citizenry and to discourage actions which are likely to create added discord among them; (2) to ensure that every individual residing therein, regardless of such differences, shall have an equal opportunity in areas guaranteed by law; (3) to assure that each individual residing therein shall have equal access to and benefit from all public services and equal enjoyment and exercise of civil rights; (4) that the Commission on Human Rights shall seek to promote such equal treatment, respect and concern among all citizens and bring about mutual understanding and respect among all people in the city. Section 401. The Commission.

There is hereby created a commission to be known as the Commission on Human Rights (CHR), consisting of five members, who shall serve without compensation and appointed by the Mayor, subject to confirmation by the City Council. In making appointments, the Mayor shall select men and women whose background and experience reflect Boston's diverse ethnic, racial, religious, elderly, and handicapped communities. The commissioners shall elect one of them as chairperson.

Section 402: The Director and Staff.

The Commission shall appoint an executive director who shall be a member of the Massachusetts Bar for a minimum of five years and demonstrated an interest in human rights law. The executive director shall have the powers and perform the duties established by this ordinance. The executive director may, subject to appropriations, from time to time, establish within the office, such divisions and administrative units within such divisions as may be necessary for the efficient and economical administration of the office; and when necessary for such purpose, the executive director may abolish or merge any such other administrative units within divisions as the executive director may deem advisable. The executive director shall prepare and keep current a statement of the organization of the department, of the assignment of functions to its various administrative units, officers and employees, and of the places at which, and the methods whereby the public may receive information or make requests. In making staff appointments, the executive director shall employ men and women from among Boston's diverse ethnic, racial, religious, elderly and handicapped communities.

Section 403. Duties, Powers and Responsibilities.

The Commission on Human Rights shall:

1. receive and investigate complaints from residents of the City of Boston whose rights have allegedly been denied as to equal opportunity in areas guaranteed by law;

2. work to ensure that the lawful rights guaranteed by municipal, state and federal laws and executive orders are protected and respected;

3. bring to the attention of the Massachusetts Commission Against Discrimination, or in appropriate cases, the attention of the Law Department of the City of Boston, or the District Attorney of Suffolk County, or the Attorney General of the Commonwealth of Massachusetts, or the United States Attorney, any discriminatory act prohibited by municipal law, state statute, federal statute or regulation or executive order, which is determined by CHR to have been perpetrated in

the City of Boston, and assist in the prosecution of the same;

4. investigate incidents of violence and prepare a program to prevent disorders in order to protect the rights of all citizens to live in safety without fear of harassment or intimidation;

5. study existing federal, state and municipal laws, ordinances and regulations and recommend revisions to them;

6. hold public hearings when such would, in its view, be helpful on matters brought before the CHR in accordance with existing laws and ordinances;

7. conduct such programs and take such actions as seem likely to promote harmony and equal opportunity for all people in the City of Boston;

8. strive to provide multilingual assistance to all residents of the City of Boston who seek assistance.

Section 404. Citizens Advisory Council on Violence.

In order to address the growing incidents of violence against residents of the city, there shall be established a "Citizens Advisory Council on Violence" which shall make recommendations to the Commission on Human Rights on means of reducing violence in the neighborhoods of the city. Said advisory council shall be comprised of twenty-two members who shall serve without compensation, who will represent the diverse ethnic, racial, religious, elderly and handicapped communities of Boston's population. Each member, one from each of Boston's twenty-two wards, shall be appointed by the Mayor within thirty days following passage of this ordinance, subject to confirmation by the City Council.

The advisory council shall conduct public hearings in the various neighborhoods of the city, elicit public testimony and shall prepare a detailed report with specific recommendations and suggestions to assist city and community agencies in dealing with the increasing problem of violence in the city, including recommendations concerning youth unemployment, recreation programs, vocational training and public housing. Said council shall submit its final report and recommendations to the Commission on Human Rights no later than November 1, 1980.

Section 405. Expiration.

This ordinance shall be published by the action of the City Council in passing the same; and unless extended by ordinance, shall expire after December 31, 1981. Eight weeks prior to the expiration date of this ordinance, the executive director shall file an annual report with the City Council and the Mayor, detailing the number and description of cases handled, the results of the cases handled, and any recommendations made to any city, state or federal agency. The City Council shall, at this time, hold a public hearing on the effectiveness and purposefulness of the commission and its actions.

DISAPPROVING VARIOUS ITEMS OF APPROPRIATION AND TAX ORDERS FOR FISCAL 1980-81 AND APPROVING ALL OTHER ITEMS CONTAINED THEREIN

The following was received:

City of Boston
Office of the Mayor

August 14, 1980.

To the City Council.

Dear Councillors:

On August 1, 1980, a certain appropriation order for the fiscal year commencing July 1, 1980, ending June 30, 1981, was presented to me, having been passed by your Honorable Body on July 30, 1980. Under the authority vested in me by St. 1948, c. 452, s. 17D, as amended, and all other powers vested in the office of Mayor, I hereby approve the said order, with the exception of certain items which I disapprove, or which I disapprove in part, all as delineated hereinafter.

In Account No. 1-01-12, the City Council:

Group Personal Services, the amount \$276,993 is disapproved, leaving the amount approved as \$471,310.

Group Contractual Services, the amount \$57,400 is disapproved, leaving the amount approved as \$2,200.

Group Supplies and Materials, the amount \$24,400 is disapproved, leaving the amount as \$4,100.

Group Current Charges and Obligations, the amount \$3,000 is disapproved leaving the amount approved as \$1,500.

Group Equipment, the amount \$6,800 is disapproved, leaving the amount approved as \$200.

In Account No. 1-01-13, City Council Proceedings: Group Contractual Services, the amount \$10,000 is disapproved.

In Account No. 1-01-36, Assessing Department:

Group Contractual Services, the amount \$100,000 is disapproved, leaving the amount \$54,560 as approved.

In Account No. 1-01-61, City Clerk:

Group Contractual Services, the amount \$10,000 is disapproved, leaving the amount \$2,400 as approved.

In Account No. 1-01-93, Finance Commission:

Group Personal Services, the amount \$38,406 is disapproved leaving the amount \$85,000 as approved.

The amounts in the remaining groups in the account are disapproved.

In Account No. 1-02-21, Fire Department:

Group Supplies and Materials, the amount \$200,000 is disapproved, leaving the amount \$1,891,000 as approved.

In Account No. 1-02-34, Beacon Hill Architectural Commission:

Group designated "Special," the amount \$11,500 is disapproved, leaving the amount \$1,975 as approved.

In Account No. 1-02-37, Back Bay Architectural Commission:

Group Personal Services, the amount \$4,300 is disapproved, leaving the amount \$1,200 as approved.

The amounts in the remaining groups in the account are disapproved.

In Account No. 1-03-11, Public Works Department:

Group Contractual Services, the amount \$100,000 is disapproved, leaving the amount \$23,183,000 as approved.

In Account No. 1-03-12, Freedom Trail Commission:

Group Contractual Services, the amount \$130,000 is disapproved, leaving the amount \$20,000 as approved.

In Account No. 1-10-11, Library Department:

Group Contractual Services' the amount \$500,000 is disapproved, leaving the amount \$786,500 as approved.

Group Supplies and Materials, the amount \$500,000 is disapproved, leaving the amount \$538,000 as approved.

In Account No. 1-13-31, Execution of Courts:

Group Special Appropriation, the amount \$75,000 is disapproved, leaving the amount \$325,000 as approved.

In Account No. 1-13-93, Community Schools:

Group Personal Services, the amount \$153,700 is disapproved, leaving the amount \$969,300 as approved.

The amounts in the remaining groups in the account are disapproved.

In Account No. 1-23-31, Public Works—Snow Removal:

Group Special, the amount \$250,000 is disapproved, leaving the amount \$750,000 as approved.

In Account No. 4-01-82, Courthouse Custodians:

Group Contractual Services, the amount \$142,000 is disapproved leaving the amount \$603,252 as approved.

Group Supplies and Materials, the amount \$150,000 is disapproved leaving the amount \$412,500 as approved.

The reason for my disapproval of certain above items or parts of items is that in my judgment the amounts finally approved represent adequate funding levels for the activities involved in view of the need to minimize the growth in overall city expenditures.

I further disapprove the items in the appropriation order designated IV, V, VI, VII, VIII, and IX, for the reason that all of these items intrude upon the executive and administrative business of the city, which business has been committed by the City Charter to the Mayor and the department heads and as such the items are void as beyond the power of the City Council to enact. The items may in other ways be contrary to law, and are generally ill-conceived.

Yours very truly,

Kevin H. White,
Mayor.

—

Coun. DiCARA moved that the message of the Mayor, inasmuch as it does not affect the appropriation order per se—what was Docket No. 0704—but as it does affect Sections IV, V, VII, VIII, and IX be laid over for one week so that the Council may have a chance to override the Mayor's veto of those sections.

The motion was carried.

DISAPPROVING ORDINANCE CREATING THE OFFICE OF PUBLIC SERVICE

The following was received:

City of Boston
Office of the Mayor

August 15, 1980.

To the City Council.

Dear Councillors:

On July 30, 1980, your Honorable Body passed a proposed ordinance creating the Office of Public Service. Although the City Charter requires that the Mayor affirmatively approve any reorganization of the government before such reorganization takes effect, in the interests of avoiding a misinterpretation of my intentions, I am returning the said order, without my signature and disapproved. In the past the establishment of an arbitrary and fixed salary for a specific position has proven to be a regressive and counterproductive practice.

Sincerely,

Kevin H. White,
Mayor.

City of Boston

In the Year Nineteen Hundred and Eighty
An Ordinance Creating the Office of Public
Service.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1: There is hereby created within the Department of Neighborhood Services (hereinafter "NHS") an office to be known as the Office of Public Service (hereinafter "OPS") which shall be under the charge of an officer, known as the director, appointed by the commissioner of NHS who shall have the powers and perform the duties imposed upon him by law, and who shall receive an annual salary not to exceed \$29,000.

Section 2: The director may, subject to appropriations, from time to time, establish within the office such divisions as may be necessary for the efficient and economical administration of the office, and when necessary for such purpose, he may abolish any such division, or he may merge any two or more of them, and may abolish or merge any such other administrative units within divisions as he may deem advisable. The director shall prepare and keep current a statement of the organization of the office, of the assignment of functions to its various administrative units and employees, and of the places at which and the methods whereby the public may receive information or make requests.

Section 3: The Office of Public Service shall:

(1) formulate, coordinate and implement municipal policies with respect to neighborhood service delivery;

(2) respond at the local level to complaints about the provision of services;

(3) improve the delivery of services through close cooperation with line department personnel and through recommendations for departmental change;

(4) act as the advocate for increased citizen involvement in the affairs of the municipal government; and

(5) provide needed direct services and information to the public in the most convenient and accessible manner possible.

Section 4: This ordinance shall be published by the action of the City Council in passing the same.

In City Council July 30, 1980.

Passed.

DISAPPROVING ORDINANCE ESTABLISHING STANDARD PROVISIONS FOR ANNUAL APPROPRIATION ORDERS

The following was received:

City of Boston
Office of the Mayor

August 7, 1980.

To the City Council.

Councillors:

I return herewith, without my signature and disapproved, a proposed ordinance establishing standard provisions for annual appropriation orders.

My reasons for disapproval are that the ordinance is an attempt to impermissibly interfere in

the executive and administration business of the city and is in conflict with general and special law and therefore void.

Respectfully submitted,

Kevin H. White,
Mayor.

City of Boston

In the Year Nineteen Hundred and Eighty An Ordinance Establishing Standard Provisions for Annual Appropriation Orders.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1: City of Boston Code, Ordinance 6, chapter 1 is hereby amended by adding at the end thereof the following:

Section 11: Unless otherwise provided by law or such order, every annual appropriation order of the City Council shall be deemed to contain the following standard provisions:

1. No more than one-quarter of the funds appropriated for any fiscal year for permanent personnel shall be expended for such purpose in any ninety-day period except with the express approval of the Mayor and City Council.

2. No official or employee of the city shall receive overtime pay in excess of 10 percent of his annual salary in any twelve-month period unless such excess payment is expressly approved by the Mayor and City Council.

3. All salaries for non-Civil Service positions in excess of fifteen thousand dollars annually and all changes in such salaries shall be subject to approval of the City Council.

4. Unless expressly approved by the Mayor and City Council, no department or agency of the city shall employ in any position within such department or agency any number of persons in excess of the number approved by the City Council.

5. Unless expressly approved by the Mayor and City Council, no department or agency of the city shall expend funds in excess of two thousand dollars for contractual services for any purpose unless such funds and purposes were included on Form 6 of a program budget submitted to the Council in connection with an annual appropriation order prior to the expenditure of such funds.

6. Unless expressly authorized by the Mayor and City Council, no person paid from funds appropriated by this order shall be paid by any agency other than the agency for which such person actually works.

7. Passage of this order does not, either directly or implicitly, authorize, or purport to authorize, any department or agency head or any other appointing authority to disregard the provisions of chapter 31 of the Massachusetts General Laws or the provisions of any other special or general law.

8. Funds appropriated by this order shall not be used to advertise the name of any city official whether elected or appointed.

9. Unless otherwise provided by law, or written contract predating such expense, after a payroll expense has been incurred by payment from any city payroll account such expense shall

not be charged to any other account without approval of the Mayor and City Council.

10. The City Auditor shall not knowingly approve any expenditure of funds in violation of this order and in the event that said Auditor is lawfully convicted of such violation said Auditor shall be subject to a fine not to exceed one thousand dollars for each such offense. In City Council July 23, 1980. Passed.

GRANT OF \$5,000,000 FOR PROJECT YES UNDER TITLE IV OF CETA

The following was received:

City of Boston
Office of the Mayor

August 4, 1980.

To the City Council.

Dear Councillors:

I enclose herewith an order authorizing the city to apply for and expend a grant of approximately \$5,000,000 for a Youth Entitlement System (Project Y.E.S.) under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The program proposed to be operated with these funds represents a continuing federal commitment to the youth of our city and includes significant participation among local private sector, and private, nonprivate employers. Under Project Y.E.S., economically disadvantaged youths, in school Districts IV, V, VI, and VII will be offered part-time jobs during the school year either if they are out of school and re-enroll or if they are presently enrolled, as an incentive to their staying in school. Thus Project Y.E.S. in addition to providing a meaningful work experience designed to prepare each individual to maximize his own participation in the work force.

I urge you to adopt this order as soon as possible so that this novel Youth Entitlement System will continue to be available to the youth of our city.

Respectfully,

Kevin H. White,
Mayor.

Ordered, That the Mayor and the administrator of the Employment and Economic Policy Administration, acting on behalf of the city, be and hereby are, authorized to apply for financial assistance to continue a Youth Entitlement System program (the Boston Plan, Project YES) from September 1, 1980, to September 30, 1981, in an amount not to exceed \$5,000,000 from the U.S. Department of Labor under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524; and in connection therewith to provide such additional information and furnish such documents as may be required by the United States of America; and be it further

Ordered, That approval be, and hereby is, given in accordance with section 53A of chapter 44 of the General Laws, for the expenditure by the Mayor and the administrator of the Employment and Economic Policy Administration of \$5,000,000

to continue a Youth Entitlement System program (the Boston Plan, Project YES) from September 1, 1980, through September 30, 1981, funded under Title IV of the Comprehensive Employment and Training Act Amendments of 1978, P.L. 95-524. Referred to the Committee on Government Finance.

APPROVING EDIC PROJECT FOR
RUSSIA WHARF COMPANY

The following was received:

City of Boston
Office of the Mayor

July 28, 1980.

Hon. City Council
Boston City Hall.
Councillors:

With this letter I transmit to you a proposed City Council order concerning the request of Russia Wharf Company for industrial, revenue-bond financing of its development project.

The proposed project involves the acquisition and partial rehabilitation of commercial property, located at 26 Congress Street, which is currently 65 percent vacant. Upon project completion, the renovated space will be leased for office and retail use and thereby effect the creation of approximately 800 full-time jobs.

The project represents an opportunity to promote commercial revitalization important to the city's economic development. I therefore, request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

City of Boston
Industrial Development Financing Authority
July 23, 1980.

Hon. Kevin H. White, Mayor, and
Hon. City Council.

Dear Mayor White, Councillors:

The Boston Industrial Development Financing Authority has reviewed and considered an industrial development project proposed by Russia Wharf Company. The project, located at 286 Congress Street, is within the financial district Commercial Area Revitalization District, and consistent with the approved plan for the area as certified by the Boston Redevelopment Authority.

The proposed project involves the acquisition and partial rehabilitation of three adjacent buildings totaling 288,500 square feet. The property is currently 65 percent vacant. Upon project completion, the renovated space will be leased to users of office and retail space.

The estimated total cost of the project is \$9,015,000 which comprises: \$1,100,000 for building acquisitions; \$5,815,000 for building improvements and underwriting fees; and \$1,145,000 for construction interest. Russia Wharf Company plans to finance \$7,000,000 of the project costs by the issuance of industrial revenue bonds by the city, acting by and through the Authority. The firm will finance the remaining costs or expenses, if any, from its own resources. The company has expressed its willingness to enter into agreements

whereby it will make payment to the city sufficient to pay the principal of and interest on the industrial development bonds as they come due, and to reimburse the city for or indemnify the city against any expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated.

The project, as projected by the firm, will create full-time employment for approximately 800 employees of the various tenants to occupy the renovated space. The project will contribute to the alleviation of unemployment in the city, provide security against future unemployment in the city, and be of benefit to the economy of the city and the Commonwealth.

The members of the Authority are persuaded that this project will be of benefit to the economy, and in the best interests, of the City of Boston and of the Commonwealth of Massachusetts. The members believe that the project may be properly financed through the issuance of industrial development bonds under chapter 40D of the General Laws and that it warrants the assistance of the city in this manner. Accordingly, we respectfully request that the Mayor recommend to the Honorable City Council that it approve the industrial development project for the company, the estimated cost thereof and the financing thereof under chapter 40D of the General Laws, all as required by section 12 (1) of said chapter 40D. The members of the Authority and representatives of the company will undertake to provide to the Mayor and the Honorable City Council any additional information concerning the project which you may request.

Sincerely,
Boston Industrial Development
Financing Authority,
By David W. Davis,
Chairman.

Whereas, An industrial development project is proposed for the City of Boston by the Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be owned by Russia Wharf Company, a Massachusetts limited partnership having its principal place of business at 286 Congress Street, Boston, Massachusetts (hereinafter referred to as the "Company"); and

Whereas, Said industrial development project will consist generally of the rehabilitation and conversion of three existing mercantile buildings located at Atlantic Avenue and Congress Street, Boston, Massachusetts, known as Russia Wharf, and owned by the Company into a commercial, retail, and office complex leased to retail, commercial, and office tenants by the Company; and

Whereas, The said industrial development project is to be owned by the Company and the Company has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Company, will provide full-time employment for approximately 300 employees of the Company and the tenants of such project, increasing to approximately 1,100 full-time employees within the next two years and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The estimated cost of said industrial development project is \$9,000,000 and the Company has requested financing through industrial development bonds in the amount of \$7,000,000 and has indicated its willingness to finance the balance of said estimated cost of said project and costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; and

Whereas, Said industrial development project is located in a predominantly commercial area for which a Commercial Area Revitalization plan has been adopted by the city and approved by the Secretary of Communities and Development and said project is consistent with such plan; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the Company to acquire the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (66) and the regulations thereunder, as they now and hereafter exist; in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development project and has indicated its willingness to finance the rehabilitation and conversion of existing buildings described above through a lease, purchase and sale agreement, loan agreement, or other financing agreement pursuant to said chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approves the industrial development project for the Company hereinbefore described, the estimated cost thereof and financing of said project through bonds issued by the city, acting by and through the Authority, pursuant to chapter 40D of the General Laws, as amended, in a principal amount not to exceed \$7,000,000 provided, however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

City of Boston Industrial Development
Financing Authority
Secretary's Certificate

I, Lawrence A. Bianchi, the duly elected secretary of the Boston Industrial Development Financing Authority, do hereby certify as follows:

1. A meeting of the Boston Industrial Development Financing Authority was held on July 23, 1980, at the offices of the Authority, 18 Tremont

Street, Boston, Mass., pursuant to notice duly given to each member of the Authority in accordance with the Authority's bylaws.

2. The following members of the Authority were present and voting throughout said meeting: David W. Davis, Chairman; Lawrence A. Bianchi, Secretary; William O'Leary.

3. Notice of said meeting was duly filed with the City Clerk and publicly posted; said meeting was open to the public, no deliberations or decisions with respect to the attached resolutions concerning Russia Wharf Company Industrial Revenue Bond Financing were held or made in executive session; the official records of the meeting were made available to the public promptly thereafter and they shall remain available to the public; and in the foregoing respects and in all other respects, said meeting was conducted in accordance with the open meeting law requirements set forth in sections 23A through 23C, chapter 39 of the Massachusetts General Laws, as amended.

4. The attached copy of the resolutions concerning Russia Wharf Company Industrial Revenue Bond Financing is a true, correct, and accurate copy of the resolution duly adopted by vote of the members of the Board of Directors of the Authority at said meeting held on July 23, 1980.

Date: July 23, 1980.

Lawrence A. Bianchi,
Secretary.

Whereas, An industrial development project to be owned by Russia Wharf Company, a Massachusetts limited partnership (the Company), having its principal office at 286 Congress Street, Boston, Massachusetts, has been proposed for the City of Boston; and

Whereas, Said industrial development project will consist generally of the rehabilitation and conversion of three existing mercantile buildings located at Atlantic Avenue and Congress Street, Boston, Massachusetts, known as Russia Wharf, and owned by the Company into a commercial, retail, and office complex leased to retail, commercial, and office tenants by the Company; and

Whereas, The said industrial development project is to be owned by the Company and the Company has expressed its willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay up to \$7,000,000 of the cost of said project and the current expenses of the city, acting by and through this Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Company, will provide full-time employment for approximately 300 employees of the Company and the tenants of such project, increasing to approximately 1,100, full-time employees within the next two years and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The estimated cost of said project is \$9,000,000 and the Company has indicated its willingness to finance any costs of said project in excess of \$7,000,000 other than by the issue of industrial development bonds and it appears that \$7,000,000 of the cost of said project may be financed through the issuance of industrial development bonds by the city, by and through this Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws, as amended; and

Whereas, A commercial area revitalization plan for the area in which said project is located has been adopted by the City Council and approved by the Secretary of Communities and Development of the Commonwealth; now, therefore, be it

Resolved that:

1. Purpose of Resolution. This resolution is intended as official action as contemplated by the regulations under section 103 (b) of the Internal Revenue Code of 1954, as amended, toward the issuance of industrial development bonds under chapter 40D of the Massachusetts General Laws, as amended (the Act) to finance said project and as an inducement for the Company to construct, acquire, and locate said project in the city.

2. Determinations. Subject to the approval of the City Council and satisfaction of the requirements of the Act and upon such terms and conditions as shall later be determined by this Authority, this Authority hereby approves said project and determines to issue industrial development bonds of the city in a principal amount not in excess of \$7,000,000 for said project as described above; this Authority hereby requests that the City Council take the necessary action to approve said project, the estimated cost thereof, and the financing of \$7,000,000 of the cost thereof by this Authority pursuant to the Act; and the chairman, vice-chairman or secretary of this Authority be, and hereby are, authorized to prepare and deliver to the City Council a letter on behalf of the Authority stating such request and recommending favorable action thereon.

Referred to the Committee on Planning and Development.

APPROVING EDIC PROJECT FOR INSTITUTE FOR SOCIAL AND CULTURAL CHANGE, INC.

The following was received:

City of Boston
Office of the Mayor

July 28, 1980.

Hon. City Council,

Boston City Hall.

Councillors:

With this letter I transmit to you a proposed City Council order concerning the Institute for Social and Cultural Change, Inc. (dba South End Press) request for industrial, revenue-bond financing of their proposed development project.

South End Press proposes to acquire and renovate two internally joined buildings located at 491 and 493-495 Massachusetts Avenue and purchase equipment to expand their book publishing business. The project will effect the creation of an additional fifteen jobs.

This industrial development project represents an opportunity to promote the rejuvenation of the

Massachusetts Avenue/Tremont Street intersection area and will contribute to the city's economic development. I therefore, request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

EDIC/Boston

Industrial Development Financing Authority
July 23, 1980.

Hon. Kevin H. White, Mayor, and

Hon. City Council.

Dear Mayor White, Councillors:

The Boston Industrial Development Financing Authority has reviewed and considered an industrial development project proposed by the Institute for Social and Cultural Change, Inc. (dba South End Press). South End Press is a book publisher presently located at 127 Pembroke Street, Boston.

The proposed project involves: the acquisition and renovation of two internally joined, vacant buildings located at 491 and 493-495 Massachusetts Avenue, as well as the purchase of production equipment. This project represents a relocation and expansion of the Institute and will enable South End Press to double the number of book titles they presently publish.

The estimated total cost of the project is \$275,000 which comprises: \$45,000 for building acquisition; \$161,000 for building improvements and renovations; \$50,000 for equipment purchases; \$2,000 for construction interest; and \$17,000 for legal, architectural, and MIFA fees. The institute plans to finance all \$275,000 of the project costs by the issuance of industrial revenue bonds by the city, acting by and through the Authority, and will finance the remaining costs or expenses, if any, from its own resources. The institute has expressed its willingness to enter into agreements whereby it will make payment to the city sufficient to pay the principal of and interest on the industrial development bonds as they come due and to reimburse the city for or indemnify the city against any expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated.

The project, as projected by South End Press, will effect the creation of fifteen new jobs and will contribute to the rejuvenation of the Massachusetts Avenue/Tremont Street intersection area of the city.

The members of the Authority are persuaded that this project will be of benefit to the economy, and in the best interests, of the City of Boston and of the Commonwealth of Massachusetts. The members believe that the project may be properly financed through the issuance of industrial development bonds under chapter 40D of the General Laws and that it warrants the assistance of the city in this manner. Accordingly, we respectfully request that the Mayor recommend to the Honorable City Council that it approve the industrial development project for the institute, the estimated cost thereof and the financing thereof under chapter 40D of the General Laws all as required by section 12 (1) of said chapter 40D. The members of the Authority and representatives of the institute will undertake to provide to the Mayor

and the Honorable City Council any additional information concerning the project which you may request.

Sincerely,

Boston Industrial Development

Financing Authority,

Chairman.

Whereas, An industrial development project is proposed for the City of Boston by the Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be used by the Institute for Social and Cultural Change, Inc., a Massachusetts corporation having its principal place of business at 127 Pembroke Street, Boston, Massachusetts (the "Company"), and primarily engaged in the publication of books designed to educate the public about the cultural, political, and economic aspects of contemporary social institutions and proposals for social change in the United States; and

Whereas, Said development project will consist generally of (1) the acquisition of a three-floor condominium at 491-493/495 Massachusetts Avenue, Boston, Massachusetts with an aggregate floor space of approximately 6,600 square feet located therein; (2) the renovation and conversion of said condominium into an industrial facility; and (3) the acquisition of a microcomputer, a phototypesetter and other equipment used in connection with its book publishing business; and

Whereas, The said industrial development project is to be used by the Company and the Company has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Company, will provide full-time employment in addition to employment currently provided by the Company for approximately ten persons during the two years following completion and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The estimated cost of the project is \$250,000 to \$275,000 and the Company has requested financing through industrial development bonds in an amount up to \$275,000 and has indicated its willingness to finance the costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an in-

ducement for the Company to acquire the projected project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they may now and hereafter exist; in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development project and has indicated its willingness to finance the acquisition of said condominium, its renovation and the acquisition of the said equipment through a purchase and sale agreement, loan agreement or other financing agreement pursuant to said chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approves the industrial development project for the Company hereinbefore described, the estimated cost thereof and financing thereof through bonds issued by the city, acting by and through the Authority, pursuant to chapter 40D of the Massachusetts General Laws, as amended; in a principal amount not to exceed \$275,000; provided, however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

City of Boston Industrial Development
Financing Authority
Secretary's Certificate

I, Lawrence A. Bianchi, the duly elected secretary of the Boston Industrial Development Financing Authority, do hereby certify as follows:

1. A meeting of the Boston Industrial Development Financing Authority was held on July 23, 1980, at the offices of the Authority, 18 Tremont Street, Boston, Mass., pursuant to notice duly given to each member of the Authority in accordance with the Authority's bylaws.

2. The following members of the Authority were present and voting throughout said meeting: David W. Davis, Chairman; Lawrence A. Bianchi, Secretary; William O'Leary.

3. Notice of said meeting was duly filed with the City Clerk and publicly posted; said meeting was open to the public, no deliberations or decisions with respect to the attached resolutions concerning the Institute for Social and Cultural Change, Inc. Industrial Revenue Bond Financing were held or made in executive session; the official records of the meeting were made available to the public promptly thereafter and they shall remain available to the public; and in the foregoing respects and in all other respects, said meeting was conducted in accordance with the open meeting law requirements set forth in sections 23A through 23C, chapter 39 of the Massachusetts General Laws, as amended.

4. The attached copy of the resolutions concerning the Institute for Social and Cultural Change, Inc. Industrial Revenue Bond Financing is a true, correct, and accurate copy of the resolution duly adopted by vote of the members of the Board of Directors of the Authority at said meeting held on July 23, 1980.

Date: July 23, 1980.

Lawrence A. Bianchi,
Secretary.

Whereas, An industrial development project has been proposed for the City of Boston by the Institute for Social and Cultural Change, Inc., a corporation incorporated under chapter 180 of the laws of the Commonwealth of Massachusetts having its principal place of business at 127 Pembroke Street, Boston, Massachusetts (hereinafter referred to as the "Company"), and primarily engaged in the publication of books designed to educate the public about the cultural, political, and economic aspects of contemporary social institutions and proposals for social change in the United States; and

APPROVING EDIC PROJECT FOR

B.A.M. TRUST

The following was received:

City of Boston
Office of the Mayor

July 28, 1980.

Hon. City Council,
Boston City Hall.

Councillors:

With this letter I transmit to you a proposed City Council order concerning the request of B.A.M. Trust for industrial revenue-bond financing of their proposed industrial development project.

The B.A.M. Trust proposes to acquire land and a building located at 65 Gerard Street, Roxbury, and to lease this property to Middlesex Truck and Auto Body, Inc. This project will allow Middlesex to relocate into the city to expand its manufacture of custom truck bodies and fabricated parts. Approximately ten new jobs will be created and Middlesex anticipates that its additional employment needs will be met from within the community in proximity to the site.

Because this project represents a contribution to the city's economic development, I request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

City of Boston

Industrial Development Financing Authority

July 23, 1980.

Hon. Kevin H. White, Mayor, and

Hon. City Council.

Dear Mayor White, Councillors:

The Boston Industrial Development Financing Authority has reviewed and considered an industrial development project proposed by the B.A.M. Trust.

The proposed project involves the acquisition of 96,344 square feet of land and a 22,000 square-foot building located at 65 Gerard Street, Roxbury. The B.A.M. Trust will lease the land and building to Middlesex Truck and Auto Body, Inc. which presently is located at 47 Bishop Allen Drive, Cambridge. The firm will relocate into the city to expand its manufacture of custom truck bodies and fabricated parts.

The estimated total cost of the project is \$570,000 which comprises: \$550,000 for land and building acquisition, and \$20,000 for legal and financing fees. The firm plans to finance \$550,000 of the project's costs by the issuance of industrial revenue bonds by the city, acting by and through the Authority, and will finance the remaining costs or expenses, if any, from its own resources. The company has expressed its willingness to enter into

agreements whereby it will make payment to the city sufficient to pay the principal of and interest on the industrial development bonds as they come due, and to reimburse the city for or indemnify the city against any expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated.

The project, as projected by the firm, will effect the creation of ten, full-time jobs within the next two years, and Middlesex anticipates that its additional employment needs will be met from within the community in proximity to the project.

The members of the Authority are persuaded that this project will be of benefit to the economy, and in the best interests, of the City of Boston and of the Commonwealth of Massachusetts. The members believe that the project may be properly financed through the issuance of industrial development bonds under chapter 40D of the General Laws and that it warrants the assistance of the city in this manner. Accordingly, we respectfully request that the Mayor recommend to the Honorable City Council that it approve the industrial development project for the company, the estimated cost thereof and the financing thereof under chapter 40D of the General Laws all as required by section 12 (1) of said chapter 40D. The members of the Authority and representatives of the company will undertake to provide to the Mayor and the Honorable City Council any additional information concerning the project which you may request.

Sincerely,
Boston Industrial Development
Financing Authority,
By David W. Davis,
Chairman.

Whereas, An industrial development project is proposed for the City of Boston by the Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be used by BAM Trust (Brian A. Maloney, Trustee), 170 Dudley Street, Brookline, Massachusetts (hereinafter with any parent corporation, subsidiary or other business affiliate, including, without limitation, Middlesex Truck and Auto Body, Inc., 47 Bishop Allen Drive, Cambridge, Massachusetts, referred to as the "Company"); and

Whereas, Said development project will consist generally of the acquisition of an approximately 96,344 square-foot parcel of land located at 65 Gerard Street, Roxbury, Massachusetts, together with the approximately 22,000 square-foot structure thereon, for use in the Company's operations for truck body manufacture, truck chassis alteration and remanufacturing, including structures, furnishings, fixtures, machinery, and equipment necessary or incident to the foregoing; and

Whereas, The industrial development project is to be used by the Company and the Company has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of

such bonds is not accomplished as contemplated; and;

Whereas, Said industrial development project, as projected by the Company, will provide full-time employment in addition to employment currently provided by the Company for approximately ten persons during the two years following completion and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The estimated cost of said industrial development project is \$570,000 and the Company has requested financing through industrial development bonds in the amount of \$550,000 and has indicated its willingness to finance the balance of said estimated cost of said project and costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the Company to acquire the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they may now and hereafter exist; in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development project and has indicated its willingness to finance the acquisition of the land and existing building, and the acquisition of machinery and equipment, described above through a lease, purchase and sale agreement, loan agreement or other financing agreement pursuant to said chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approved the industrial development project for the Company hereinbefore described, the estimated cost thereof and financing of said project through bonds issued by the city, acting by and through the Authority, pursuant to chapter 40D of the General Laws, as amended, in a principal amount not to exceed \$550,000; provided, however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

City of Boston Industrial Development
Financing Authority
(Secretary's Certificate)

I, Lawrence A. Bianchi, the duly elected secretary of the Boston Industrial Development Financing Authority, do hereby certify as follows:

1. A meeting of the Boston Industrial Development Financing Authority was held on July 23, 1980, at the offices of the Authority, 18 Tremont Street, Boston, Mass., pursuant to notice duly given to each member of the Authority in accordance with the Authority's bylaws.

2. The following members of the Authority were present and voting throughout said meeting: David W. Davis, Chairman; Lawrence A. Bianchi, Secretary; Matthew McGrath, William O'Leary.

3. Notice of said meeting was duly filed with the City Clerk and publicly posted; said meeting was open to the public, no deliberations or decisions with respect to the attached resolutions concerning the B.A.M. Trust Industrial Revenue Bond Financing were held or made in executive session; the official records of the meeting were made available to the public promptly thereafter and they shall remain available to the public; and in the foregoing respects and in all other respects, said meeting was conducted in accordance with the open meeting law requirements set forth in sections 23A through 23C, chapter 39 of the Massachusetts General Laws, as amended.

4. The attached copy of the resolutions concerning the B.A.M. Trust Industrial Revenue Bond Financing is a true, correct, and accurate copy of the resolution duly adopted by vote of the members of the Board of Directors of the Authority at said meeting held on July 23, 1980.

Date: July 23, 1980.

Lawrence A. Bianchi,
Secretary.

Whereas, The City of Boston, acting by and through the Boston Industrial Development Financing Authority (the "Authority"), is empowered to assist in the financing of industrial development facilities through the issuance of industrial revenue bonds pursuant to G.L. c. 40D as amended (the "Act"); and

Whereas, BAM Trust (Brian A. Maloney, Trustee), 170 Dudley Street, Brookline, Massachusetts (hereafter with any parent corporation, subsidiary or other business affiliate, including, without limitation, Middlesex Truck and Auto Body, Inc., 47 Bishop Allen Drive, Cambridge, Massachusetts, referred to as the "Company") has proposed the financing by the city of certain industrial development facilities consisting generally of the following (hereafter the "Project"):

Acquisition of an approximately 96,344 square-foot parcel of land located at 65 Gerard Street, Roxbury, Boston, Massachusetts, together with the approximately 22,000 square-foot structure thereon, for use in the Company's operations for truck body manufacture, truck chassis alteration and remanufacturing, including structures, furnishings, fixtures, machinery and equipment necessary or incident to the foregoing.

Whereas, The estimated cost of the Project is approximately \$570,000 and the Company has requested that the city agree to issue its industrial revenue bonds under the Act at one time or from time to time in order to finance the Project in whole or in part, with the balance of the costs of the Project to be paid by the Company in the case of a partial financing, such bonds to be secured by the obligation of the Company to make lease, mortgage, loan or other payments in amounts sufficient to pay the debt service thereon and possibly by interests in property and the interest on such bonds to be exempt from federal income taxes by virtue of the provisions of IRC s. 103

(b) (6) and the regulations thereunder (the "regulations"), as they may now or hereafter exist; and Whereas, The financing of the Project under the provisions of the Act appears feasible; now, therefore, be it

Resolved that:

1. Purpose of Resolution. This resolution is intended as official action, as contemplated by the regulations, toward the issuance of industrial revenue bonds under the Act to finance the Project and is also intended to be an inducement for the Company to acquire the Project in the city.

2. Agreement. The Authority approves the Project and the estimated cost thereof and the issue of industrial revenue bonds under the Act to finance the Project as requested by the Company but subject to all requirements of the Act.

3. Recommendation. The Authority recommends that the City Council of the city vote to approve the Project, the estimated cost thereof and the financing thereof by bonds to be issued pursuant to the Act.

4. Effective Date. This resolution shall take effect upon its passage.

Referred to the Committee on Planning and Development.

LOAN OF \$60,000,000 IN ANTICIPATION OF REVENUE

The following was received:

City of Boston
Office of the Mayor

August 5, 1980.

To the City Council.

Dear Councillors:

In accordance with the recommendation of the Collector-Treasurer I submit herewith an order authorizing the issuance of temporary loans in anticipation of revenue to be received in fiscal year 1981 in the amount of \$60,000,000 to meet the city's financial requirements. Such action is necessary to finance expenditures until taxes are received on or about November 1, 1980, for the current fiscal year.

I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,

Kevin H. White,
Mayor.

Ordered, That in anticipation of the revenue of the fiscal year beginning July 1, 1980, the Collector-Treasurer be, and hereby is, authorized (1) to issue in such year under G.L. c. 44 as amended, at such times and in such amounts as he may deem best, notes of the City of Boston to an amount not exceeding \$60,000,000 in the aggregate under this order, which amount is in addition to the amount authorized by an order first passed under said section in City Council on June 25, 1980, and again on July 16, 1980, and which was approved by the Mayor on July 17, 1980; and (2) to refund under G.L. ch. 44, s. 17, as amended, any such notes issued for a shorter period than one year.

On motion of Coun. DiCARA, the order was referred to the Committee of the Whole for hearing today.

MEETING OF COMMITTEE OF THE WHOLE

Coun. DiCARA moved that the City Council recess upon the arrival of the Collector-Treasurer and the Acting City Auditor to analyze the fiscal posture of the City.

The motion was carried, yeas 8:

Yeas—Councillors DiCARA, Flynn, Langone, McDonough, O'Neil, Sansone, Sears, Tierney—8.

City of Boston
Office of the Mayor

To the City Council.
Gentlemen:

I transmit herewith statistics data received from the Police Commissioner Joseph M. Jordan, in response to the orders of your Honorable Body, passed under dates of November 12, 1973, November 26, 1973, and December 3, 1973, which requested crime statistics in the Boston area for specific periods.

Respectfully,
Kevin H. White,
Mayor.

Boston Police

August 6, 1980.

Hon. Kevin H. White,
Mayor of Boston.

Dear Mayor White:

Attached are the crime statistics for the week of July 30, 1980, through August 5, 1980.

This is in compliance with the City Council's request for this information.

Sincerely,
Joseph M. Jordan,
Police Commissioner.

Report on designation (referred August 6) (Docket No. 0891), of Dorchester Pottery Works, 101-105 Victory Road, Dorchester, as a Landmark—recommending that the order ought to pass with the intent of the City Council in approving this designation that it be reviewed by the Landmarks Commission within one year, and that appropriate action be taken by the commission including rescission of this designation, if necessary, if at such

time a viable plan for the reuse of the property as a landmark has not been developed, and if the owner is found to be suffering economic hardship as a result of the designation.

The report was accepted; the designation was approved.

RECESS

On motion of Coun. DiCARA the Council voted to recess at 2:20 p.m., subject to the call of the chair. The members reassembled in the City Council Chamber and were called to order by Councillor DiCARA at 2:30 p.m.

URGING BRA AND ARCHITECTS TO RETAIN RESIDENTIAL PARKING FOR LONG WHARF TENANTS

Couns. DiCARA and SANSONE, for all the Councillors, offered the following:

Whereas, Long Wharf has been slated for rehabilitation and modernization by the Boston Redevelopment Authority; and

Whereas, The plans to enhance this significant historical area involve the elimination of all parking for Long Wharf residents; and

Whereas, Many of the thirty, long-term tenants, who have maintained this safe and delightful neighborhood, will be forced to leave their rental units because of the hardships incurred from the lack of parking; and

Whereas, The City of Boston has a responsibility to its residents to foster the retention of rental units and the tenancy of people, who contribute to the economy and culture of the city; and

Whereas, The preservation of the residential parking will in no way detract from the plans of the architectural firm, Saski & Dawson, to enhance the residential, business, and historical aspects of the Long Wharf area; and

Whereas, The final plan for the Long Wharf rehabilitation will be issued at the beginning of September; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, urges the Boston Redevelopment Authority and the architectural firm of Sasaski & Dawson to retain the residential parking so vital to the tenants of Long Wharf.

The resolution was adopted under suspension of the rules.

HEARING BY COMMITTEE ON GOVERNMENT FINANCE TO ASSESS IMPACT OF ADDITIONAL CUTS ON CITY BUDGET

Coun. FLYNN offered the following:

Whereas, Passage of the \$380 million city operating budget submitted by the Mayor would have resulted in a tax rate increase of \$54 for Boston taxpayers during FY'81; and

Whereas, Throughout this year's budget process, the City Council reduced the budget by \$23 million in order to provide meaningful relief to Boston taxpayers without eliminating essential city services; and

Whereas, Recognizing the enormous success in the delivery of services to Boston neighborhood residents by the Community Schools and Neighborhood Health Centers, the City Council did not make any reductions in the budgets submitted for

these two programs in making its final budget recommendations; and

Whereas, Subsequent to the City Council completing action on the budget, the Mayor made further reductions in various line items totaling \$3.3 million; and

Whereas, Among the department budgets further reduced by the Mayor were those of the City Council, Assessing Department, City Clerk, Finance Commission, Fire Department, Public Works Department, Library Department, Community Schools, and Public Works-Snow Removal; and

Whereas, During public hearings held on department budgets, no indication was given by administration spokesmen that such further budget reductions were anticipated or what the impact of such cuts would be; and

Whereas, The impact of these additional costs, and threatened reductions in the budgets of neighborhood health centers, is of great concern to Boston residents in neighborhoods across the city; now, therefore, be it

Ordered, That the Boston City Council's Committee on Government Finance conduct a public hearing to ascertain the rationale of the Mayor's decision to make further budget cuts and to assess the impact of these additional reductions on the delivery of essential services to Boston residents.

Coun. LANGONE offered the following amendment:

That the Committee on Government Finance be authorized to summon any witnesses who were responsible for the preparation and recommendations on the reductions in the Fiscal Year 1981 budget by his Honor, the Mayor.

Further, that they produce any documents and records necessary for the above under the provision of chapter 233, section 8.

The amendment was adopted.

The order, as amended, was passed.

Referred to the Committee on Government Finance.

CERTAIN INFORMATION UNDER SECTION 17F RE PAYROLLS, CONTRACTS, AND BUDGETS

Coun. LANGONE offered the following:

Ordered, That, under the provisions of section 17F of chapter 452 of the Acts of 1948, as amended under any other applicable provision of law, his Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:

1. Copies of all letters or other correspondence between the Auditing Department and other city departments advising such departments as to their current fiscal condition, specifically what steps must be taken to ensure budget compliance in personal services categories of individual budgets.

2. Copies of all payrolls for the week ending August 19, for the following departments: Office of Public Service, One-Stop Business Services, Community Services Administration, and Boston 350.

3. Copies of all letters of award and/or contracts executed by the Community Services Administration and Boston 350.

Passed under suspension of the rules.

ATTORNEY CHOATE TO SEEK FURTHER APPELLATE REVIEW IN CASE OF TIERNEY ET ALS VS. MAYOR OF BOSTON ET ALS

Coun. McDONOUGH offered the following:

Ordered, That Attorney Charles F. Choate be instructed to seek further appellate review in the case of Joseph M. Tierney and others vs. Mayor of Boston and others. (s. 79-1025)

Passed under suspension of the rules.

STATEMENT OF COUNCILLOR SEARS

Having received unanimous consent to make a statement, Councillor SEARS said:

I would like to say briefly about the ruling which has recently come down from the Appeals Court: what happened is that the Appeals Court has read section 15 of the 486th chapter of the Statutes of 1909 as giving the Mayor authority to appoint as many employees as he wishes in his own office and to set their pay, and they have done so, Mr. President, by interpreting language which reads as follows: (reads from decision).

Mr. President, that clause gives the Mayor very substantial powers. Clearly, it gives him power to appoint and remove and to do so without the discipline of Civil Service procedures, including examination.

The point at issue—and it is not sufficiently dealt with by the Appeals Court—is the question of whether or not there is another body of government in the city which can classify and provide levels of pay for city employees.

The court itself in its opinion says that the establishment of salaries is an act that is legislative in nature.

Mr. President, it would be very unfortunate if the Council did not get an ultimate judgment on this matter. We cannot protect the public and we cannot serve the taxpayers unless we can blow the whistle on inappropriate and extravagant spending by other branches of city government.

It's for that reason that I think we have to appeal this measure. If we do not, then the City Council will not be able to do the job which I believe the taxpayers feels he is accountable.

ORDINANCE AMENDING CBC ORDINANCE 2, SECTION 360, CONTROLLING SALARY OF MAYOR OF BOSTON

Couns. McDONOUGH and SEARS offered the following:

Whereas, On June 9, 1980, the Mayor pursuant to the City Charter sent a letter and a proposed annual order to the City Council recommending an appropriation by the Council of certain funds for fiscal 1981; and

Whereas, Included in this recommendation were proposed appropriations for the City Council, Community Schools and the Finance Commission among other city and county agencies; and

Whereas, The Council on July 30, 1980, after careful consideration, and in accordance with the Charter provisions contained in City of Boston Code St. 6, sec. 251, passed an order after making certain reductions in the amounts recommended by the Mayor which order explicitly set forth certain conditions governing the expenditure of the funds so appropriated as well as a non-severability clause regarding the said conditions; and

Whereas, The Mayor by letter to the Council dated August 14, 1980, apparently driven by obvious resentment, irritation, and petulance at the Council reductions of Mayoral requests, and perhaps also by various inquiries as to the conduct of his administration made by the Finance Commission during recent months, recklessly reduced the appropriations made by the Council for its administrative staff and those of the Finance Commission below the amount which the Mayor himself had previously *twice* recommended to the Council by his letters of February 6, 1980 and of June 9, 1980, in addition to certain other reductions, all of which were clearly calculated to stir unrest and chaos in the city and to force the Council to retreat from its carefully made reductions of July 30, 1980; and

Whereas, The Mayor in the course of his disapprovals has provided no particulars, and no justifications other than some public statements about the tax cap, which in the absence of the School Budget, cannot yet be calculated; and

Whereas, The Mayor also unlawfully persists in ignoring other provisions of the City Council order of July 30, 1980, restricting his spending power while accepting the funds appropriated by said order over which he claims to have untrammelled control; and

Whereas, It, therefore, appears to be incumbent upon the Council at this time to take appropriate action to indicate to the Mayor its determination to curb his recklessness in the administration of this city and in the profligate diversion of tax money for his political advantage; and

Whereas, It appears that the Mayor has, for the sixth consecutive fiscal year, unlawfully expended during 1979-80 in excess of his appropriated authority; now, therefore,

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance

Be it ordained by the City Council of Boston, as follows:

Section 1. The Council, acting under the provisions of sec. 16 of chapter 486 of the Acts of 1909, invites the attention of the District Attorney of Suffolk County and the Attorney General of the Commonwealth to the Mayor's unlawful conduct, and to the penalties provided therefor.

Section 2. City of Boston Code Ordinance 2, section 360 is hereby amended by striking out the word "forty" and substituting the words "twenty-two."

Section 3. This ordinance shall be published by the action of the City Council in passing the same.

On motion of Coun. McDONOUGH, the ordinance was referred to the Committee on Government Operations.

On motion of Councillor DiCARA, the Rules of the City Council were suspended in order to introduce the following matters onto the Consent Agenda:

CONGRATULATIONS AND BEST WISHES TO FATHER JOHN T. COYNE ON OUTSTANDING ACHIEVEMENTS FOR THE DORCHESTER COMMUNITY

Coun. DiCARA, for all the Councillors, offered the following:

Whereas, Father John T. Coyne, associate of St. Gregory's Parish in Dorchester, hails from West Roxbury and is the founder of the Seminarian Education Fund; and

Whereas, Father Coyne has been involved with the Catholic Youth Organization and has been a chaplain for the St. Gregory's Parish branch of the Boy Scouts of America, the Knights of Columbus, Council 180 in Dorchester, and the William Thayer Squires 2935 in Dorchester; and

Whereas, Father Coyne was honored at a benefit and social for his assistance and support in strengthening the Seminarian Education Fund; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, does hereby congratulate Father John T. Coyne on his outstanding achievements and beneficial involvement in the Dorchester community; and be it further

Resolved, That the Boston City Council wishes Father Coyne many more years of happiness and success in his future endeavors.

Adopted upon approval of the Consent Agenda.

COMMENDATION TO CREW OF USS "LST-241" FOR VALOR IN SOUTH PACIFIC IN WORLD WAR II

Coun. TIERNEY offered the following:

Whereas, The U.S.S. "LST-241" is celebrating its Biennial Convention in Boston; and

Whereas, The U.S.S. "LST-241" and its crew served heroically in the South Pacific from 1942 through 1945; and

Whereas, The U.S.S. "LST-241" was engaged in all the major battles in the South Pacific during World War II; and

Whereas, 1980 marks the 35th Anniversary of the ending of World War II and the crew members of the U.S.S. "LST-241" are honoring the City of Boston here; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, does hereby command the U.S.S. "LST-241" and its crew for their valorous efforts in the South Pacific during World War II; and be it further

Resolved, That the Boston City Council offers its sincere congratulations to the crew of the U.S.S. "LST-241" on the celebration of the 35th Anniversary of the ending of World War II and wishes them all many more years of health and prosperity.

Adopted upon approval of the Consent Agenda.

URGING CAB TO APPROVE BRANIFF AIRWAYS AS SECOND BOSTON-LONDON CARRIER

Coun. IANNELLA offered the following:

Whereas, Since the serious economic impact of the so-called Bermuda-Two agreement, which ended the London-Boston dual designation of U.S. flag airlines, this Council has urged restoration of such designation; and

Whereas, With the cooperation of the New England Congressional delegation, supported by resolution of this Council, that agreement has been amended to allow a second United States airline to resume Boston-London service; and

Whereas, Braniff Airways has committed to Boston over two hundred new jobs, now filled at

and about Logan Airport, enriching our city by over six million dollars per year in payrolls; and

Whereas, Braniff Airways, now connecting Boston with Paris, Amsterdam, Brussels, and Frankfurt, is seeking designation as the second Boston-London carrier; now, therefore, be it

Resolved, By the Boston City Council, in meeting assembled this twentieth day of August, 1980, that the Civil Aeronautics Board be, and hereby is, urged to grant to Braniff Airways, Incorporated, designation as our second United States flag carrier serving the Boston-London run.

Adopted upon approval of the Consent Agenda.

CONSENT AGENDA

The following matters were adopted and passed upon the approval of the Consent Agenda as a whole:

CONGRATULATIONS TO VIVIENNE THOMPSON ON BEING CROWNED MS. WHEELCHAIR AMERICA

Coun. DiCARA, for all the Councillors, offered the following:

Whereas, Ms. Vivienne Thompson of St. Rose Street, Jamaica Plain, experienced a change in her lifestyle when she became a paraplegic sixteen years ago; and

Whereas, Ms. Thompson is currently serving as a handicapped specialist for the Boston Housing Authority, is involved with numerous community organizations, and is chairperson of the Board of Action for Boston Community Development; and

Whereas, She became actively involved in community affairs so that her two children would become independent people themselves; and

Whereas, Her years of community service were rewarded on August 9th when she was crowned Ms. Wheelchair America in Columbus, Ohio; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, congratulates Vivienne Thompson on her well-deserved honor and wishes her continued years of success and happiness.

Adopted upon approval of the Consent Agenda.

COMMENDING THE EFFORTS OF BOSTON BIRTHRIGHT, INC., FOR ASSISTING PREGNANT WOMEN IN NEED

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Boston Birthright, Inc. is the local chapter of a nonprofit, nonsectarian, volunteer international organization which offers free and confidential services to pregnant women; and

Whereas, The volunteer workers at Boston Birthright offer a wide range of counseling, legal, medical, and employment services at no charge to pregnant women in need; and

Whereas, The care and concern of Birthright volunteers has and will continue to provide the resources to enable many women to carry their babies to term; and

Whereas, The work of the Birthright organization across the country and the world is summarized by their founding principle: "It is the right of every pregnant woman to give birth and the right of every child to be born."; and

Whereas, On August 19, 1980, Boston Birthright, Inc. will open its downtown Boston office at 8 Winter Street near the Downtown Crossing; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially commends the efforts of Boston Birthright, Inc. in assisting pregnant women in need and urges all residents of the city to support their outstanding work.

Adopted upon approval of the Consent Agenda.

COMMENDATION TO VFW FOR EFFORTS TO SECURE INFORMATION RE MISSING VIETNAM SERVICEMEN

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Despite the pleas and efforts of concerned citizens and humanitarian organizations across the world, the fate of 2,500 American servicemen missing in Vietnam remains unknown; and

Whereas, The families of Prisoners of War (POWs) and men Missing in Action (MIAs) have lived for years with the uncertainty of not knowing what had happened to their loved ones; and

Whereas, Recent reports by the Pentagon's Defense Intelligence Agency indicate the strong possibility that the bodies of 400 U.S. troops killed in Southeast Asia are still held in Hanoi and another 600 in Haiphong; and

Whereas, The refusal of the Socialist Republic of Vietnam to release information about Americans missing in that country and their further refusal to return the bodily remains of those men violate every basic sense of decency and humanitarian concern; and

Whereas, The Veterans of Foreign Wars of the United States, together with the families and concerned friends of POWs and MIAs, have undertaken a national signature drive to focus public awareness on this continuing deprivation of the basic human rights of servicemen and their families; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially commends the Veterans of Foreign Wars POW/MIA Petition Drive and urges all residents of the city to join in this effort as a sign of remembrance and appreciation for the enormous sacrifice these men and their families have made for our nation.

Adopted upon approval of the Consent Agenda.

HONORING VINCENT D. RING OF SOUTH BOSTON ON HIS RETIREMENT

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, For the past seventeen years, Mr. Vincent D. Ring, of South Boston, has been a faithful employee of the Massachusetts Bay Transportation Authority (MBTA); and

Whereas, On Friday evening, August 15, 1980, the many friends and co-workers of Vincent Ring will gather together at the Social Club in South Boston to wish him good luck on the occasion of his retirement; and

Whereas, Throughout his career, Vincent Ring has been a conscientious and hard-working employee of the MBTA who has not only performed

his work diligently, but has done so in a friendly and cheerful way; and

Whereas, Vincent Ring and his wife Helen (Matthews) have been happily married for the past forty-three years in South Boston and raised five children, Vincent Jr., Carol, Patricia, Barbara and George, who have all lived up to their parents' high standards and contributed to the vitality and well-being of the South Boston community; and

Whereas, The example of family life and community concern shown by the Ring family is a source of pride to all people in South Boston; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially congratulates Vincent D. Ring on the occasion of his retirement from the Massachusetts Bay Transportation Authority (MBTA) and extends to him and his family every best wish for many more years together of good health and happiness.

Adopted upon approval of the Consent Agenda.

HONORING JOHN AND JULIE MAHONEY ON EFFORTS FOR SOUTH BOSTON COMMUNITY

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Since the opening of the Foley Apartments at 199 H Street in South Boston, John Mahoney has served as the resident custodian of the building; and

Whereas, The reputation of the Foley Apartments as the best-maintained elderly housing development in the City of Boston is a credit to the hard work and dedicated concern of Jack Mahoney and his wife, Julie; and

Whereas, Throughout his tenure as resident custodian, Jack Mahoney has done much more than just keep the building in fine physical condition, but has also contributed immensely to the life and spirit of the Foley Apartments by organizing a variety of social activities and helping residents out in countless ways; and

Whereas, Among the activities hosted by Jack and Julie Mahoney is the highlight social event of the South Boston community—the annual Foley Apartments Christmas Party, which features the Mary Madden Step Dancers, St. Peter and Paul's Men's Choir and the entertainment of Nellie Gorman; and

Whereas, The vigor and enthusiasm of John and Julie Mahoney will be sorely missed as they depart from South Boston to live in California; and

Whereas, On Friday, August 15, 1980, the many friends of John and Julie Mahoney from the Foley Apartments will join to wish them good-bye at a special reception and outdoor Mass in their honor; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially honors Jack and Julie Mahoney for their years of outstanding service to the residents of the Foley Apartments in South Boston and extends to them its best wishes for many more happy years together.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO MILTON KAPLAN ON REELECTION AS GENERAL MAN- AGER OF BOSTON JOINT BOARD, ILGWU

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, Milton Kaplan was reelected general manager of the Boston Joint Board, International Ladies Garment Workers' Union for a three-year term, an honor he has achieved since 1973; and

Whereas, Milton Kaplan, a lifelong resident of Boston, whose parents were North Enders, went to work in the garment industry at an early age; and

Whereas, Milton Kaplan became a member of the International Ladies' Garment Union in 1936, became involved in union issues and served as executive board member, secretary and president of his own local, Cutters' Local 73, from 1939 to 1950; served as chairman of the Board of Directors of the Boston Joint Board, ILGWU from 1950 to 1955; elected business agent of the Boston Joint Board, ILGWU in 1955; became assistant manager in 1960, and was elected general manager 1973; and

Whereas, Milton Kaplan has always recognized his duties and responsibilities to his Union, the garment industry and to social and civic organizations, and for those reasons Milton served as vice-chairman of New England Histadrut; chairman of the Labor Division of the Combined Jewish Philanthropies for five years; member of the Committee on Education of the Massachusetts State Labor Council AFL/CIO; member of the Advisory Committee for Power Stitching of the Boston School Committee; member of the Special Committee for the Commonwealth of Massachusetts to study labor laws, and a member of the Italian-American Labor Council, Boys' Town of Italy, and the Home for Italian Children; now, therefore, be it

Resolved, That the Boston City Council, in assembly today, congratulates Milton Kaplan on his accomplishments and wishes him another three years of success in his post of general manager, and wishes him luck at the 37th Convention of the ILGWU in New York in September.

Adopted upon approval of the Consent Agenda.

AUTHORIZING THE BOSTON WATER AND SEWER COMMISSION TO MAKE EX- PENDITURES IN AMOUNTS PROVIDED IN PETITION APPROVED BY THE CITY COUNCIL ON MAY 14, 1980 TOGETHER WITH TWO AMENDMENTS

Coun. SEARS called up from the table No. 25, viz.:

25. Message of the Mayor and order in the new draft authorizing Boston Water and Sewer Commission to make personnel and other expenditures in amounts provided for by the petition approved by City Council on May 14, 1980, together with two amendments by Councillor McDonough. (Docket No. 0648.)

The order was taken from the table, yeas 5, nays 3:

Yeas—Councillors DiCara, Flynn, McDonough, Sansone, Sears—5.

Nays—Councillors Langone, O'Neil, Tierney—3.

Coun. SEARS moved that the following order be substituted for Docket No. 0648:

Whereas, Paragraph 3 of section 4 of chapter 436 of the Acts of 1977 (the "Act") creating the Boston Water and Sewer Commission (the "Commission") provides that expenditures by the Commission for personnel as provided in such paragraph shall be limited to one hundred thousand dollars unless otherwise approved by the Mayor and City Council; and

Whereas, The City Council on May 14, 1980, approved a petition to the General Court to the end that legislation be enacted to, among other things, amend said section of the Act to provide for a specific level of personnel of the Commission and to restrict expenditures of the Commission; and

Whereas, The Commission has requested that the City Council implement the provisions of such amendment pending approval of the petition by the General Court; now, therefore,

In accordance with the authority granted by paragraph 3 section 4 of the Act and in lieu of the limitation provided therein, be it

Ordered, That the Commission shall not, before December thirty-first, 1981, expend for such permanent and temporary employees more than 2.8 million dollars in any fiscal year. Expenditures by the Commission, excluding from the computation thereof, capital expenditures, assessments and payments due to the Metropolitan District Commission and mandated debt service costs, shall not in fiscal years 1981 and 1982, exceed 104 percent of the amount expended by it (as so computed) in the fiscal year prior thereto, except with the approval of the Mayor and City Council.

This order shall expire on the thirty-first of December, 1981, or upon the enactment and signing of a home rule petition altering or eliminating the personnel limitation established in paragraph 3 of section 4 of chapter 436 of the Acts of 1977, whichever is sooner.

Coun. TIERNEY offered the following amendment to the substitute order:

Insert after the word "year" on Line 5 the words "nor hire more than 450 permanent and/or temporary employees."

The motion of Coun. SEARS for substitution was carried, yeas 5, nays 3:

Yeas—Councillors DiCara, Flynn, McDonough, Sansone, Sears—5.

Nays—Councillors Langone, O'Neil, Tierney—3.

Coun. SEARS offered the following amendment:

In the first line of the substitute order, add the word "said" before the word "paragraph" and delete the words "of section 4 of chapter 436 of the Acts of 1977 (the "Act"))" after the words "paragraph 3."

The amendment was adopted.

The amendment of Coun. TIERNEY was not adopted, yeas 1, nays 7:

Yeas—Councillor Tierney—1.

Nays—Councillors DiCara, Flynn, Langone, McDonough, O'Neil, Sansone, Sears—7.

Coun. TIERNEY offered the following amendment to the substitute order:

Insert after the word "year" on Line 5 the words "nor hire no more than 430 permanent and/or temporary employees."

On motion of Coun. McDONOUGH, the amendment of Coun. TIERNEY was placed on the table, yeas 5, nays 3:

Yeas—Councillors DiCara, Flynn, McDonough, Sansone, Sears—5.

Nays—Councillors Langone, O'Neil, Tierney—3.
Coun. LANGONE offered the following amendment:

For the purposes of estimating the tax cap under the Boston Water and Sewer Commission Act, the figure of \$2.4 million be set as the figure in computing the tax cap.

The amendment was not adopted, yeas 3, nays 5:

Yeas—Councillors DiCara, Flynn, McDonough, Sansone, Sears—5.

Coun. SEARS offered the following amendment:

Strike in Line 3 of the order the numbers "2.8 million" and replace therewith the words "2.6 million."

The amendment was adopted, yeas 5, nays 3:

Yeas—Councillors DiCara, Flynn, McDonough, Sansone, Sears—5.

Nays—Councillors Langone, O'Neil, Tierney—3.

The substitute order, as amended, was passed, yeas 5, nays 3:

Yeas—Councillors DiCara, Flynn, McDonough, Sansone, Sears—5.

Nays—Councillors Langone, O'Neil, Tierney—3.

RECESS

On motion of Councillor McDonough the Council voted to take a recess at 5 p.m., subject to the call of the chair. The members reassembled in the Council Chamber and were called to order by Councillor DiCara at 6:10 p.m.

REPORT OF THE COMMITTEE OF THE WHOLE

Councillor DiCara for the Committee of the Whole, submitted the following:

Interim report on message of the Mayor and order (referred today) for loan of \$60,000,000 in anticipation of revenue—recommending that a partial amount of \$10,000,000 be given its first reading.

The partial loan order for \$10,000,000 was given its first reading (six votes being necessary for passage) and failed of passage, yeas 5, nays 2:

Yeas—Councillors DiCara, McDonough, O'Neil, Sansone, Tierney—5.

Nays—Councillors Langone, Sears—2.

Adjourned at 6:3 p.m., on motion of Councillor Sansone, to meet on Wednesday, August 27, 1980, at 1 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

CITY RECORD

WIN H. WHITE
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

PATRICK F. McDONOUGH
PRESIDENT, CITY COUNCIL

.. 73

MONDAY, FEBRUARY 2, 1981

NO. 5

NEW PRODUCTION FACILITY FOR BOSTON

Mayor White calls \$6 million Boylston Building renovation a "productive partnership for business, industry, and the community."

Mayor Kevin H. White, on January 9, hailed the \$6 million Boylston Building renovation project as a "productive partnership for business, industry, and the community that will further our long-range efforts to attract technology and light manufacturing to Boston."

Mayor White made his remarks at ceremonies marking the start of the renovation project that will result in the historic building's conversion into a production facility for Wang Laboratories. The project, which will bring 300 jobs to Boston, is being carried out by the Chinese Economic Development Council.

Mayor White said, "Boston is a city that draws her greatest strengths from her neighborhoods, where fresh ideas percolate and then engage the efforts of government and private industry. Chinatown is such a neighborhood, and George Pan and Bill Leong, with the Chinese Economic Development Council, are turning an old and once useful building at the corner of Washington and Boylston Streets into a source of new prosperity in an area that has not always received its share of Boston's economic life."

Mayor White also lauded the role of the First National Bank and its chairman, Richard Hill, for helping to finance the Boylston Building renovation.

In addition, Mayor White hailed the decision of Dr. An Wang, founder of Wang Laboratories, to locate a new facility in downtown Boston. He singled out Dr. Wang as "a modern-day version of the economic statesmen who a century ago made this city a beehive of industry and commerce and culture at the same time."

The new Wang facility will provide up to 300 jobs for residents in the Chinese community. The decision by Wang to locate in Boston comes on the heels of two other high technology firms — Teradyne and Equipment Corporation — that have expanded and/or located manufacturing plants in Boston.

The city, through the Boston Redevelopment Authority, worked closely with the CEDC to develop the project and to assist with funding.

The project is located in a part of downtown designated by the BRA as the South End district. That makes the project eligible for financing through the use of industrial revenue bonds.

In addition, the Boston Landmarks Commission designated the building a historic landmark which helped preserve the building's architectural character.

\$18.8 MILLION DISTRIBUTED BY UNITED WAY

United Way President Weston P. Figgins announced recently that the United Way of Massachusetts Bay has distributed a total of \$18,802,900 to 171 affiliated agencies for the delivery of human services in 1981.

Figgins, chairman of Filene's, said the total 1981 allotments represent a 9.3 percent increase — about \$1.6 million — over what the United Way distributed in 1980. The \$18.8 million also represents about 87 percent of total available United Way resources for the year.

The United Way allocated its funds through a process of citizen review, by which volunteers annually evaluate agency performances in financial accountability, management, service delivery and quality, and volunteer involvement. Participating in this year's allocations were 117 volunteers, led by Arthur R. Hills, United Way vice-president for allocations and partner, Touche Ross & Co.

As a result of this process, increased allotments were awarded to 122 agencies. Thirty-two will receive the same amount as they did in 1980, and eleven will receive decreases.

The overall increase in allocations will also allow the United Way to provide added human services in 1981 through the admission of six new affiliates: Boston Center for Independent Living, serving the physically disabled; Charlestown Community Center, serving adults

and elderly in Charlestown; COPE, providing counseling on parenthood to men and women in twenty-six communities; Shelter, Inc. in Cambridge, furnishing temporary emergency shelter to the homeless; Tri-Town Council on Youth and Family Services, offering counseling, drug and alcoholism education, and employment assistance to youth in Topsfield, Boxford, and Middleton; and Domestic Violence Ended (DOVE) in Quincy, serving battered women and their children throughout the South Shore.

United Way allocations for 1981 are based on the 1980 fund-raising effort which recorded \$22.8 million in gross pledges.

CITY OF BOSTON TO LEASE GOVERNMENT CENTER GARAGE

The City of Boston and Kinney Systems have reached an out-of-court agreement which will return possession of the Government Center Garage to the city. The city agreed to allow Kinney to participate in the bidding process for the garage lease on January 26.

Kinney received a contract from the city on February 13, 1978, to operate the garage. However, Kinney refused to vacate the garage when their lease terminated on September 30, 1980, claiming that the city's intention to award the lease to a Boston-based, minority firm on a temporary basis violates their civil rights. The case was to be heard on January 20, in Superior Court.

City Corporation Counsel Harold Carroll said, "The city is pleased with the agreement reached out of court. This is a clear victory for the city and underscores the legality of Mayor White's executive order favoring the award of city contracts to Boston-based firms."

The ten-year-old parking garage was ordered closed on December 8, 1980, by the city's Building Department because it was found structurally unsafe.

EXHIBITION CELEBRATES CREATIVITY

The diverse talents of Linus Pauling, Jonas Salk, Judy Chicago, and Simon Ramo are among those of fifteen, world-renowned creative persons (and one scientific team) celebrated in "Creativity—the Human Resource," an exhibition opening February 3 at the Museum of Science in Boston. The 4,000-square-foot exhibit is presented by the Chevron family of companies.

Pauling is one of three Nobel Laureates in the group. The other two: biochemist Melvin Calvin and laser physicist Charles Townes. This multiple-media examination of what constitutes the creative process and how it unfolds also features the work of such luminaries as painter Jasper Johns, choreographer Merce Cunningham, and designer George Nelson. Visitors to the exhibition can also explore their own creativity through hands-on computer games.

Creativity is viewed in perspectives as sweeping as our entire planet (the plate tectonics team) and as refined as the microphotography of biologist Roman Vishniac.

Displays of the notebooks, sketches, diagrams, and random jottings made by these creative people as they worked, are accompanied by video-taped interviews in which artists and scientists such as John Cage, Romare Bearden, and Buckminster Fuller discuss their approaches to self-expression. Judy Chicago, whose adopted last name identifies her place of birth, relates how she has come to her unique expressions of female imagery. Jonas Salk tells us how he connects his work in immunology to interpersonal and world relationships.

Visitors are invited to employ their own creativity at various ingenious hands-on electric games. The budding Charles Townes can try his hand at laser ping-pong. Visitors can also satisfy their creative curiosity by using a computerized information bank. This cross-reference computer library stores a century's accumulation of data on

creative achievements in the arts and sciences.

A fourth segment of the exhibition is the "creative climate" theater, showing a short film that looks at historical periods of creativity in Western culture.

The exhibition is the first in a number of creativity projects sponsored by Chevron. The company is sponsoring a lengthy series of television programs on the subject and also joined the Carnegie Foundation for the Advancement of Teaching in putting on a creativity symposium in Washington last November.

"Creativity—the Human Resource" will be at the Museum of Science, February 3 through February 29. Visitors hours are 9 a.m. to 5 p.m., Monday through Thursday; 9 a.m. to 10 p.m., Friday; 9 a.m. to 5 p.m., Saturday; and 10 a.m. to 5 p.m., Sunday.

Museum admission is \$2.00 for adults; \$2.50 for ages five to sixteen; over 65, students, and active-duty military with ID. There are reduced rates for all on Friday nights and Wednesdays, 1 to 4 p.m., except holidays and school vacation. Free to adults and up to 10 children, sixteen and under, accompanied by an adult.

U AWARDED GRANT FOR HUMANITIES PROGRAMS

ston University has been awarded a \$1 million, challenge grant to strengthen its humanities programs in the College of Liberal Arts by the National Endowment for the Humanities (NEH).

The award is the largest single challenge grant made this year by the NEH to cultural and educational institutions across the country. Inspired by the Endowment to create new and increased private support for the humanities, the grant is the cornerstone of a \$4 million, fund-raising campaign on behalf of the humanities at the university.

The funds to be raised during the next four years will be used to endow a humanities foundation, to appoint faculty, to establish a humanities library fund, and to create instructional facilities.

Thomas P. O'Neill, Jr., Speaker of the House and the congressman representing the University's district, noted that "Congress created the National Endowment for the Humanities so that U.S. world leadership would be based on achievement 'in the realms of ideas of the spirit' as well as on superior power, wealth, and technology." The Endowment has made a wise decision in its challenge grant to Boston University, an institution with a proven commitment to liberal education in general and to humanities education in particular."

Governor Kevin H. White of Boston said, "I am delighted that an institution which is so integral a part of our state's cultural life is the recipient of NEH's largest challenge grant this year. Such honor to a Boston institution is an honor for the city as well as the citizens of Boston can take with pride to a great university within its boundaries. We congratulate Boston University for being acknowledged as one of the nation's leaders in liberal education."

Commenting on the challenge grant and what it will mean to continuing and new humanities programs at Boston University, Dean Jeffrey Bannister of the College of

Liberal Arts said, "Throughout the history, the college has been committed to maintaining strong departments in the traditional humanistic disciplines and to developing innovative programs for exploring fundamental questions of human values as they have presented themselves to successive generations. The challenge grant campaign has been designed to help fulfill that commitment in the decades to come. Taken together, the Humanities Foundation and the other campaign elements will provide flexible resources for sustained faculty development, curriculum innovation, student support, and humanities-related facilities improvement. As we take our case to corporations, foundations, alumni, and friends, we hope to expand the broad base of community support necessary to ensure the continued vitality of our humanities programs."

Dr. John R. Silber, president of the University, reiterated the importance of the humanities in education. "The most important task of the university," said Dr. Silber, "is to guide our students to a greater and more critical self-awareness through those studies most basic to human experience and existence. At Boston University, in the College of Liberal Arts and in the professional schools as well, the humanities provide the core of the undergraduate program. While our students prepare for roles in medicine, journalism, education, engineering and social service and other careers, they also prepare for their roles as citizens, parents, and fulfilled human beings: that is, as humanists."

INTERESTED IN COMPUTERS!

Hands-on, computer games and information banks, appealing to children and grownups alike, are featured in the "Creativity—the Human Resource" exhibit which begins a two-month stay at the Museum of Science in Boston starting February 3rd.

The purpose of the exhibition, presented by Chevrone to mark its

centennial, is to illustrate the creative process, not only through the work of fifteen, world-famous people (and one scientific team), but also by encouraging the visitors to test their own ingenuity.

In seconds, with the help of a computer, one can discover how many ways a square consisting of twenty-five dots may be divided into equal parts. With the aid of the computer's eight-color video screen, puzzles involving the color spectrum are easily solved. Word games are answered in a flash at simple keyboard—if one uses one's creative imagination.

A data bank of creative achievements enables the visitor to punch a computer keyboard and ponder a century's worth of ingenuity in the field-of-interest or timespan form. Subjects from Louis Armstrong to zoology can be drawn from the alphabetical data bank. Creative achievements in the decades since 1879 may be tracked down in the same file.

Once visitors feel at home with computers, they may want to try their skills at laser ping-pong. Each exhibit encourages the unconventional approach to a problem.

The exhibition is the first of a number of creativity projects sponsored by Chevrone. The company is sponsoring a lengthy series of Bill Moyers' television programs on the subject and also joined the Carnegie Foundation for the Advancement of Teaching in putting on a creativity symposium in Washington last November.

"Creativity—the Human Resource" will be at the Museum of Science in Boston, February 3 through March 29. Visitors hours are 9 a.m. to 4 p.m., Monday through Thursday; 9 a.m. to 10 p.m., Friday; 9 a.m. to 5 p.m., Saturday; and 10 a.m. to 5 p.m., Sunday.

Museum admission is \$4 for adults, \$2.50 for ages five to sixteen, and over 65, students and active-duty military with IDs. There are reduced rates for all on Friday nights and free admission Wednesdays, 1 to 4 p.m., except on holidays and school vacations, for adults and up to four children when accompanied by an adult.

AUTO INSURANCE— OUT OF CONTROL

The Coalition for Auto Insurance Reform called the new rates set for 1981 Massachusetts auto insurance "a depressing reminder of how a bad system gets steadily worse."

Ann N. Kramer, executive director of CAIR, an information/education coalition that has urged changes in the state's auto insurance system, said, "In the face of figures that are guaranteed to dampen the Christmas of any motorist in Massachusetts, the first impulse is to get mad—at the Insurance Commissioner, or the insurance industry, or at the fellow down the street who acts as our insurance agent. The fact is none of them is to blame. They're all victims of a system that's gone out of control, that will get worse before it gets better, that has become one of the most unpleasant facts of life for the good drivers of this state."

"The rate increase announced by Commissioner Sabbagh represents, in large part, the ever-mounting price Massachusetts motorists are paying for an insurance system that invites and rewards outright fraud and indiscriminate abuse," Kramer said.

She continued, "Our studies have shown that the average driver here, in the auto theft capital of the country, is wasting about \$75 of every premium payment in what amounts to a subsidy of auto theft and fraud. In short, bad and dishonest drivers are exploiting an insurance system that's gone out of control."

"If corrective action is not taken to reform our basic system during the next legislative session, it's an easy prediction to make that next year at this same time, we'll be complaining about the same problem: higher rates to insure a car."

"The inevitability of higher rates in succeeding years will continue as long as, under the mandatory offer law, insurance companies are forced to sell coverage at the same price to all drivers, regardless of their records, regardless of their frequency of claims, regardless, even, of the fact that many may be known car thieves."

She said, "We need fundamental reform, the Reinsurance Facility, and the method of rating we now employ. Lacking that, failing to achieve that, next year will mean only one thing: a 1981 Christmas present as ugly as this one."

J.F. KENNEDY LIBRARY INFORMATION

So that you may enjoy your visit to the John F. Kennedy Library more fully, the library has prepared the following information.

Visitor Experience

A visit to our museum has many dimensions. The core of the visitor experience is, however, to see a film on the life of President Kennedy and, then to view the extensive exhibits which incorporate documents, artifacts, film and photographs from the library's collections. The film is shown continuously throughout the day. Among our exhibits are "A Day in the Life of the President," a slide presentation of one of the 1,000 days; "The Office of the President;" "The President and the Press," videotape excerpts of television press conferences; "The Kennedy Administration"—Missile Crisis, Peace Corps, Test Ban Treaty, Space Program, Berlin Crisis, etc., and "R.F.K. Remembered," a short film biography of Robert Kennedy. Exhibit talks are given daily by staff members and we also have a weekend children's program. Visitors should plan on spending thirty minutes watching the film, "John F. Kennedy 1917-1963," and about one hour in the exhibit area. Visitors may also wish to spend some time simply enjoying the building, the landscaped park in which the library is situated, the spectacular view of our city and its harbor, and also our fine museum store where you may purchase reproductions of items found in the museum.

Location

Adjacent to the University of Mass. on Morrissey Boulevard in Dorchester, Mass.

Directions

By public transportation: 1) Red Line (Ashmont branch) to Columbia Station, Then MBTA direct from the station to the library (Buses run every twenty minutes). The fare is 25 cents each way. BARNEY FRANK V SANTA FOR THE ELDERLY?

t of necessity, Santa Claus
times makes late deliveries.
vise it will be awhile yet before
y elected U. S. Rep. Barney
k of the Fourth Congressional
ict gets delivery of what he
a "high priority" item.
rney asked Santa Claus, who
mbles House Speaker Thomas
Neill Jr., or vice-versa, to give
a seat on the House Committee
ging.
hat happens, it will be great for
ly people everywhere in the
d States, but particularly, of
se, for Massachusetts, which
a widely recognized advocate
the elderly when Frank's
ecessor, the Rev. Robert F. Dri-
gave up his Congressional

ank said recently that Speaker
ill told him he will be appointed
e Committee on Aging, if there
vacancy. "It is a high priority
me," Frank said.

As a state legislator, he has been
a vigorous advocate for the elderly.
It has been hoped that either Frank
or Fifth District Congressman
James M. Shannon, D., Lawrence,
would get the seat on the Commit-
tee on Aging.

With Barney Frank on the commit-
tee and Shannon on the House
Ways and Means Committee, our
elders would be assured of some
strong voices in their behalf in
powerful places.

A big booster of Frank is Frank J.
Manning, president of the Massa-
chusetts Association of Older Amer-
icans and Legislative Council for
Older Americans. He is very selec-
tive in his choice of speakers for his
assemblies and last May, shortly af-
ter it because known Drinan would
not seek reelection, Manning asked
Barney Frank to speak at a rally of
500 senior citizens at Arlington
Street Church. The only other
speakers were Manning and Jacob
Clayman, president of the National
Council of Senior Citizens. Later, the
elders marched to the State House
to urge enactment of a cluster of
bills tailored for their benefit.

General Order No. 3 DEATH OF MEMBERS IN THE PERFORMANCE OF THEIR DUTIES

It is with deep regret that the Fire Commis-
sioner/Chief announces the death of the
following-named members who were killed
during the performance of their duties at fire,
Box 1539 (eight alarms) on Tuesday, January 6,
1981:

Fire Lieutenant Paul M. Lentini, Engine
Company 37.

Fire Fighter James M. Gibbons, Engine
Company 37.

Both of these members sacrificed their lives
for the protection of the property of the
citizens of Boston.

Fire Lieutenant Paul M. Lentini was ap-
pointed to the department on July 7, 1971, and
promoted to the grade of fire lieutenant on
September 7, 1977.

Fire Fighter James M. Gibbons was ap-
pointed to the department on July 17, 1974.

The funeral of Fire Lieutenant Paul M.
Lentini, of Engine Company 37, was held from
the John F. O'Brien Funeral Home, 146 Dor-
chester Street, South Boston, at 0900 hours on
Saturday, January 10, 1981, followed by a
Funeral Mass in St. Brigid's Church, 845 East
Broadway, South Boston, at 1000 hours.

The funeral of Fire Fighter James M.
Gibbons, of Engine Company 37, was held
from the John J. O'Connor & Sons Funeral
Home, 740 Adams Street, Dorchester, at 1130
hours on January 10, 1981, followed by a
Funeral Mass in Our Lady of Good Counsel
Church, 237 Sea Street, Quincy, at 1230 hours.

Members of Engine Company 37 and Ladder
Company 26 were excused from duty to attend
the funeral services.

We extend our heartfelt sympathy to the
families of these deceased members.

The period from 1800 hours, January 6, 1981,
to 1800 hours, February 6, 1981, has been
declared a period of mourning by the Boston
Fire Department out of respect to the memory
of our brother fire fighters who died in the line
of duty.

All department buildings shall display the
national standard as specified in S.O.P. No. 28,
subparagraph 28.6.

III. LETTER OF THANKS

"Dear Commissioner Paul:

It is with great pleasure that I report to you how very helpful the Boston Fire Department and particularly Fire Fighter Kevin Ellis of the Boylston Street Company was to my wife and myself a few days ago. It was a cold and windy night when we returned to our car only to find that I had locked the keys inside. Disaster had struck and what to do! Knowing the firehouse to be near we knocked on the door hoping that someone might tell us where to get help. Fire Fighter Ellis not only answered the door, but answered our prayers with his cheerful welcome and an offer to help us himself. He walked backed to the car and he carefully inserted an "unlocking" key under the window and released the door lock. No fuss, no damage and all done most cheerfully. And on top of everything he would take not a single cent for his expertise.

Needless to say we were enormously impressed by Fire Fighter Ellis, his ability, his courtesy, and the cheerfulness with which he came to our aid.

As a representative of the Boston Fire Department he certainly did your organization credit and I am pleased to inform you.

Very truly yours,

Peter M. Richards, Plymouth, Mass.

The Fire Commissioner/Chief wishes to congratulate Fire Fighter Kevin Ellis of Ladder Company 15 for his cheerful courtesy extended to those in need reflecting great credit to our department.

Consultant Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to extend the city's existing contract with Jon-Jay Associates, Inc., a Massachusetts corporation, 281 Salem Street, Lynnfield, for consultant services for the Personnel Division in regard to cost control of employment compensation for the period July 1, 1980, through June 30, 1981.

Under the terms of this contract, Jon-Jay Associates, Inc., will continue to assist the city in complying with responsibilities imposed by M.G.L. c. 151A, the Massachusetts Employment Security Law. Specifically, Jon-Jay Associates will evaluate unemployment compensation claims, educate staff, provide single source control, protest claims and charges, verify rates, monitor all claims and produce timely reports at my request.

Jon-Jay Associates, Inc., was awarded a contract for these services from April 1, 1978, through June 30, 1979, and again from July 1, 1979, through June 30, 1980, with further option on part of the city to renew through June 30, 1984.

Compensation under this contract shall not exceed \$24,960, which is, in my opinion, a reasonable cost for the services to be provided and is within the contractual agreement of their existing contract that Jon-Jay Associates would increase the price not more than four percent of the contract price for the previous year. The contract price for July 1, 1978, through June 30, 1980, was \$24,000.

Because of the professional nature of the services to be performed, and because of the ongoing nature of the statutory requirements for these services, and because Jon-Jay Associates, Inc., has performed to the complete satisfaction of the city, it is my opinion that public advertising would serve no useful public purpose.

Respectfully,

John E. Murphy, Jr.,
Supervisor of Personnel.

Purchasing Division

Water Coolers and Air Conditioners

Dear Mr. Mayor:

On October 4, 1979, your Honor approved the award of a publicly advertised contract, 2547, for the lease or rental of water coolers and air conditioners to Boston Filter Company for the various city departments, during the period October 1, 1979, to June 30, 1980. Included in this contract is the option to renew for the period July 1, 1980, to June 30, 1981.

Under this option, costs to the city for fiscal year 1981 will not rise, with the exception of bottled water which may rise in price by 5 percent on July 1, 1980, and 5 percent on January 1, 1981.

Because of present inflationary trends it is my opinion that the best interests of the city would be served by exercising this option.

Your permission is requested, therefore, to award a contract to Boston Filter Company, Inc., 43 Harvard Square, Charlestown, in the approximate amount of \$26,700 less 2 percent discount at time of payment. The amount is approximate because usage of the various items under this contract is estimated.

Purchasing Division's Article 3, General Conditions, is a standard provision in all of our contracts. This permits the city to purchase an additional 25 percent of the contract amount, if so required, at the bid price, and will apply under this contract.

Respectfully yours,

Frank F. Chin,
Purchasing Agent.

Bleachers

Dear Mr. Mayor:

The Purchasing Division has received requisition 885 from the Police Department for the leasing and installation of bleachers to accommodate approximately 4,000 persons. The bleachers will be used on May 30, 1980, for the celebration of Boston 350 and will be installed at the Boston Marine Industrial Park in South Boston.

The Police Department has informed me that for the purposes of public safety, crowd control and accommodation of dignitaries and distinguished guests it is imperative that the bleachers be installed. The Police Department has solicited bids from a number of companies but only two have responded, Marr Scaffolding Co. and Portable Bleachers, Inc., of Ohio. The Ohio company has indicated it cannot comply with the city's time requirement.

In view of the extreme time constraints and the need for the bleachers publicly advertising for bids is not possible. It is my opinion, therefore, that the city's interests would best be served by immediately awarding a contract to Marr.

Accordingly, your permission is requested to award a contract, without advertising, to Marr Scaffolding Company, One D Street, South Boston, in an amount not to exceed \$32,550 net, a cost I consider reasonable. A condition of this contract requires that the city pay 50 percent of the contract amount immediately to Marr upon its certification to the City Auditor and Treasurer that the bleachers are in place.

A description of the bleachers and costs is as follows: Labor, material and equipment to deliver and erect two sections of bleachers fifteen rows high each 168 feet long, with a total seating capacity of 1,680 persons per section, and one section of bleachers fifteen rows high, 60 feet long, with a total seating capacity of 600 persons. Cost of this item is \$28,850.

Cost of crane and crew is \$3,700. Cost of removal of the bleachers is included in the contract.

Respectfully yours,

Frank F. Chin,
Purchasing Agent.

Rental of Uniforms

Dear Mr. Mayor:

On July 5, 1979, your Honor approved the award of a publicly advertised contract, 2239, for the rental of uniforms to Coverall Service

Co., Inc. for the Police Department during the period July 1, 1979, to June 30, 1980. Included in this contract is the option for the period July 1, 1980, to June 30, 1981.

Under this option, costs to the city will not rise during the fiscal year 1981.

Because of present inflationary trends it is my opinion that the best interest of the city would be served by exercising this option.

Your permission is requested, therefore, to award a contract to Coverall Service Co., Inc., 73 Addison Street, East Boston, in the approximate amount of \$5,233.80 net 30.

Purchasing Division's Article 3, General Conditions, is a standard provision in all of our contracts. This permits the city to purchase an additional 25 percent of the contract amount, if so required, at this bid price, and will apply under this contract.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Equipment Maintenance

Dear Mr. Mayor:

The Purchasing Division has received requisition 4 from the Treasury Department, Collecting Division, for the maintenance of city-owned mailing equipment and for the rental and maintenance of postage meters, during fiscal year 1981.

Because the department and I agree that the manufacturer of this equipment, Pitney-Bowes, is the only qualified company to maintain the equipment, it is my opinion that there would be no advantage to the city in publicly advertising for this service.

Your permission is requested, therefore, to award a contract, without advertising, to Pitney-Bowes, Inc., 1605 Trapelo Road, Waltham, in an amount not to exceed \$5,930 net, a cost I consider reasonable.

The equipment to be maintained and annual costs are as follows: *four Postage Meter rentals at \$1,248; one Electric scanner 8445 at \$1,982; one 1861 folder at \$114; two 4380 mailing machines at \$912; one 4255 inserter, serial 21822 at \$211; one 4255 inserter, serial 43922 at \$170; one 3166 inserter, serial 4653 at \$1,241; one 51 scale at \$52.

*This is the only item that is rented and the stated annual cost includes maintenance.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Metal Office Furniture

Dear Mr. Mayor:

Under state law, any Massachusetts municipality may make purchases under state contracts through the Collective Purchasing Bureau. Prices were obtained by publicly advertising for bids and awards were made to the lowest bidders meeting specifications. The City of Boston Law Department has ruled that, to take advantage of the state contracts, the city must award its own contracts. This can only be accomplished with an award without advertising.

Permission is therefore requested to dispense with advertising and award contracts, without public advertisement, to the following companies which were the lowest acceptable

bidders on publicly advertised bids for metal office furniture for the Commonwealth of Massachusetts and have existing contracts with the State Collective Purchasing Bureau. Amounts of contracts will not exceed those amounts indicated below and will be for furnishing and delivering various items of office furniture to various city departments from July 1, 1980, to June 30, 1981 inclusive.

The following companies for which awards are requested are responsible establishments qualified to perform the requirements of the contracts and all prices are reasonable.

Business Equipment Corporation, 100 Shawmut Avenue, Boston, \$75,000 net.

Edward V. McCarthy d/b/a McCarthy Bros., 362 Centre Street, Jamaica Plain, \$75,000 net.

GF Business Equipment, Inc., 1500 Soldiers Field Road, Brighton, \$75,000 net.

It is my opinion that the best interests of the city would be served by awarding the contracts in this manner.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Proprietary Computer Program

Dear Mr. Mayor:

On June 22, 1979, your Honor approved the renewal of a contract, without advertising, to Whitlow Computer Systems for the rental of a proprietary computer program used by the Data Processing Unit of the Administrative Services Department during fiscal year 1980.

The Purchasing Division has received requisition 43 from Data Processing for the continued use of this program during fiscal year 1981.

Whitlow is the exclusive supplier of the program product used, which is called "SYNCSORT IV & 1/2". This has proven to be more cost effective than the IBM program product it replaced. It is my opinion, therefore, that because of the specialized nature of the item and the savings in cost, that no useful purpose would be served by publicly advertising for bids.

Accordingly, your permission is requested to award a contract, without advertising, to Whitlow Computer Systems, Inc., 560 Sylvan Avenue, Englewood Cliffs, New Jersey 07632, in an amount not to exceed \$3,000 net, during the period July 1, 1980, to June 30, 1981.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

ASSESSING DEPARTMENT Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to the law firm of Gilman, McLaughlin and Hanrahan, 10 Post Office Square, Boston, for legal services in representing the City of Boston and its Assessing Department, with respect to proceeding at the Appellate Tax Board, and in the Courts of the Commonwealth, relating to matters of taxation, and tax abatement litigation.

This contract is for the period July 1, 1980, to June 30, 1981, at a cost not to exceed \$60,000.

Due to the complex and technical nature of the litigation in the tax field, and the recognized expertise of Gilman, McLaughlin and

Hanrahan in this area, I have determined that the cost to be reasonable.

Because of the professional nature of the services to be performed, and the need for continued services of representative special counsel who have great expertise in this area of law, advertising for bids would serve no useful public purpose.

Sincerely,
Barbara G. Camm,
Commissioner of Assessing

AUDITING DEPARTMENT

Consulting services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to J. William Semich, an independent consultant located at 51 Nonesuch Road, Westwood, Massachusetts, for consulting services.

Under the terms of the contract, Mr. Semich will analyze and develop a computerized central accounting and auditing system which is essential to improved accounting and financial reporting in the Auditing Department. He will, also, provide other services as requested. Mr. Semich is uniquely qualified because of his professional experience in municipal finance and analysis, and his education and training in quantitative methods and data processing systems. He holds a master's degree in quantitative methods and has qualified for a Ph.D. in corporate finance.

Compensation under this contract shall not exceed \$3,300 which I have determined to be reasonable for the work to be performed.

The term of this contract shall be from July 1, 1980, to June 30, 1980.

Because of the professional nature of the services to be performed, I believe that advertising would serve no useful public purpose.

Very truly yours,
Newell J. ...
City of Boston

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to J. William Semich, an independent consultant located at 51 Nonesuch Road, Westwood, Massachusetts, for consulting services.

He holds a master's degree in quantitative methods and has qualified for a Ph.D. in corporate finance.

Compensation under this contract shall not exceed \$35,000 for professional services which I have determined to be reasonable for the work to be performed and \$5,000 for expenses which will require prior approval.

The term of this contract shall be from July 1, 1980, to June 30, 1981.

cause of the professional nature of the
is to be performed, I believe that public
serving would serve no useful purpose.

Very truly yours,

City Auditor.

COMMUNITY DEVELOPMENT

Family Support Program

Mr. Mayor:

I respectfully request your Honor's permis-
sion to dispense with public advertising and to
award a contract to Cleveland-Marshall Com-
munity School Council, Inc. d/b/a Fields Cor-
ner Collaborative, a corporation located at
Charles Street, Dorchester, for the pro-
vision of a family support program for the
residents of Dorchester.

Under the terms of the contract, the contrac-
tor will provide the following services: a) con-
sultations and counseling with the entire
family or sub-unit about problems and how to
solve them; b) referrals to more formal
counseling programs; c) advocacy for
adolescent and other family members; d) ser-
vices for adolescents. Compensation
under this contract shall not exceed \$4,500.
Payment for this contract will be made from
the year funds of the Community Develop-
ment Block Grant. The terms of this contract
shall be from July 1, 1980, through June 30,

because of the contractor's expertise and
ability at providing similar services as
described above, I recommend that a
special relationship between the city and
Cleveland-Marshall Community School
Council, Inc., d/b/a Fields Corner Youth Col-
laborative be established at this time.

Therefore, for the reasons cited above and
reasonable cost of these services, it is my
belief that public advertising would not serve
any useful or practical purpose.

Very truly yours,

Katharine D. Kane,
Deputy Mayor.

DEVELOPMENT AND CONSTRUCTION

Security Patrol

Mr. Mayor:

I respectfully request your Honor's permis-
sion to dispense with public advertising and to
award a contract to Commonwealth Tenants'
Association, Inc., a non-profit corporation
located at 13 Fidelis Way, Brighton, for pro-
vision of a security patrol and investigative
services at Commonwealth development.

Under the term of the agreement, Common-
wealth Tenants' Association, Inc. will engage
services of a professional security patrol
and criminal investigator to combat the prob-
lem of crime at Commonwealth development.
The contractor is specially qualified to per-
form this work because it is composed of Com-
wealth development residents, who
possess a unique insight into the problem con-
cerning the development.

Compensation under this contract shall not
exceed \$75,000 which I have determined to be
reasonable for the work performed, and pay-
ment shall be made from the Year V CDBG
grant. The term of the contract shall be from
July 1, 1980, to June 14, 1981.

Because of the unique capabilities of Com-
monwealth Tenants' Association, Inc., in iden-
tifying and addressing problems within Com-
monwealth development and because of the
reasonable cost of these services, I believe
that public advertising would serve no useful
purpose.

Sincerely,

Andrew M. Olins,
Special Assistant to the Mayor.

EEPA

Professional Services

Dear Mayor White:

I respectfully request your Honor's permis-
sion to contract with Meta Software, Inc., 1860
Broadway, New York, New York 10023, for pro-
fessional services in support of the operation
of The Boston Plan, Project YES. The purpose
of the contract is to modify the Project YES
management information system (MIS) data
processing software to generate reports pur-
suant to the request of Manpower Demonstra-
tion Research Corporation (MDRC), the Depart-
ment of Labor project manager for the pro-
gram. Meta Software was selected for this
work because of their familiarity with the MIS,
the reasonable cost for services and to main-
tain design continuity in the system.

Funds for the operation of this contract will
be provided to the city through a federal grant
under Title IV of the Comprehensive Employ-
ment and Training Act (CETA) Amendments of
1978, P.L. 95-524. The contract will be effective
for the period March 1, 1980, through June 30,
1980, at a total cost not to exceed \$25,000. This
request is retroactive because the scope of
services had to be developed through negotia-
tions with MDRC before the award request
could be made. Meta Software provided lim-
ited services in good faith in preparation for
the MDRC meetings at EEPA's request.

Because this is a negotiated contract for
professional services, at a reasonable cost,
that conforms to federal procurement re-
quirements for CETA programs, no public pur-
pose would be served by formal advertising. I
therefore request approval to dispense with in-
viting sealed bids by advertising in the *City
Record* pursuant to authority granted under
the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permis-
sion to contract with Mr. Harry Jackson, 79 Or-
ton Marotta Way, Boston, for professional ser-
vices to the Employment and Economic Policy
Administration (EEPA). The contractor shall
perform a review of existing procedures and
develop a controlled system for documenta-
tion of grievance cases filed by EEPA
employees and CETA participants with the
EEPA Employee and Labor Relations Unit. This
contract is being undertaken in preparation
for a review and assessment of the EEPA/CETA
grievance system by the U. S. Department of
Labor. The contractor was selected based on
his educational qualifications and on ex-
perience and performance in related areas
while on the EEPA staff. The contract will be in
effect for a limited period necessary to com-
plete the project.

Funds for the operation of this contract will
be provided to the City through a federal grant
under the Comprehensive Employment and
Training Act (CETA) Amendments of 1978, P.L.
95-524. The contract will be effective for the
period May 14, 1980, through September 10,
1980, at a total cost not to exceed \$5,740. The
contractor will be paid at the rate of \$70 per
diem, a comparable rate for staff performing
similar work and a reasonable one given the
professional nature of the work and the con-
tractor's qualifications. This request is
retroactive in order to retain the contractor's
services in a timely fashion to prepare for the
initial U.S. D.O.L. review and assessment
meetings at EEPA.

As this is a negotiated contract for profes-
sional services at a reasonable rate, that con-
forms to federal procurement requirements for
CETA programs, no public purpose would be
served by advertising for sealed bids. I
therefore request approval to dispense with
formal advertising in the *City Record*, pursuant
to authority granted under the City of Boston
Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permis-
sion to contract with Mr. Russell Sheehan,
2020 Dorchester Avenue, Boston, for profes-
sional services to the City of Boston Employ-
ment and Economic Policy Administration
(EEPA). The contractor will work as a Union
Relations Specialist and serve as EEPA liaison
to the Boston Building Trades Council (BBTC).
The contractor will also provide assistance to
community based organizations (EEPA sub-
contractors) on issues relating to construction
and construction unions. The contractor was
selected based on his qualifications and ex-
perience pursuant to an agreement among the
BBTC, EEPA and the Massachusetts Council
of Construction Employers in which the city
committed to establish a Union Relations
Specialist position in EEPA and to select a
candidate from referrals made by the Building
Trades Council.

Funds for the operation of this contract will
be provided to the City through a federal
government grant under the Comprehensive
Employment and Training Act (CETA) Amend-
ments of 1978, P.L. 95-524. The contract will be
effective for the period June 1, 1980, through
September 30, 1980, at a total cost not to ex-
ceed \$8,000. The contractor will be compen-
sated at the rate of \$95 per diem, a reasonable
rate in view of the position's responsibilities
and the contractor's qualifications.

As this is a negotiated contract for profes-
sional services at a reasonable cost that con-
forms to federal procurement requirements for
CETA programs, no public purpose would be
served by advertising for sealed bids.
Therefore, I request approval to dispense with
formal advertising in the *City Record* pursuant
to authority granted under the City of Boston
Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Training

Dear Mayor White:

I respectfully request your Honor's permis-
sion to contract with the Trustees of Health
(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(continued from previous page)

and Hospitals, a non-profit organization with offices located at 818 Harrison Avenue, Boston, for the purpose of operating the training portion of the Elderly Services Outreach program. One hundred and ten (110) Public Service Employment (PSE) participants will be trained to survey the needs of the elderly population of four Boston neighborhoods (Allston/Brighton, the South End, Fenway and Back Bay) and to service these needs through home visits, escort services and referrals to appropriate agencies. The PSE participants will receive pre-service and ongoing in service training.

The contractor was selected based on an evaluation of its proposal and its demonstrated effectiveness in employing, training and supervising CETA enrollees in similar programs. This request is retroactive due to the delay in the submission of a budget by the Trustees of Health and Hospitals. However, since the elderly represent a large percentage of Boston residents and the problems they face during these very trying times are acute; it was decided to start the project as of January 2, 1980. Hence, the normal refining and processing of the budget caused the request to be retroactive.

Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title II-D of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. This contract will be effective for the period January 2, 1980, through March 31, 1980, at a total cost not to exceed \$17,975.

As this is a negotiated contract at a reasonable cost which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Vocational Evaluation Course

Dear Mayor White:

I respectfully request your Honor's permission to contract with Assumption College, an accredited educational institution with offices at 500 Salisbury Street, Worcester, for the purpose of providing vocational evaluation course to thirty (30) staff members employed in the EEPA/CETA intake and assessment system. The "Vocational Appraisal of the Disabled and Disadvantaged" course will teach the enrollees how to develop and implement a vocational assessment plan for their clients. Thereby, the staff members will be better equipped to serve the needs of disadvantaged City of Boston residents.

The cost of the contract is eminently reasonable. Each student will receive three graduate credits at \$75 per credit — the normal Assumption College fee per credit. There will be a \$5 registration fee for each student; and a \$500 printing and other administrative cost fee associated with course materials and conducting the course in Boston.

The contractor was selected based on the outstanding reputation in its field of the Institute for Social and Rehabilitation Services of Assumption College and its willingness to develop a course to fit EEPA's needs. This request is retroactive due to confusion over the need for a contract versus a service order and delays in processing the request to contract.

Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be effective for the period April 9, 1980, through May 28, 1980, at a total cost not to exceed \$8,500.

As this is a negotiated award, at a reasonable cost, with an accredited educational institution which conforms to federal procurement requirements, no public purpose would be served by formal advertising. I therefore request your Honor's permission to dispense with inviting sealed bids in the *City Record* pursuant to authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Youth-Building Renovation, etc.

Dear Mayor White:

I respectfully request your Honor's permission to contract with Action for Boston Community Development, Inc., a non-profit organization with offices at 178 Tremont Street, Boston, to operate a Youth-Building Renovation and Energy Conservation (Y-BREC) program. Under the terms of the contract, the contractor will provide work experience and skill training in the areas of energy conservation and building repair/renovation to thirty-four (34) out-of-school Boston Youth between the ages of 16 and 21 for four Boston neighborhoods, i.e., South End, East Boston, North End, and Parker-Hill/Fenway.

The contractor was competitively selected based on a response to a publicly advertised request for proposals. In addition, the contractor has given demonstrated effectiveness by its successful operation of past CETA programs. This procurement process is in accordance with CETA rules and regulations which give special consideration, in the selection of service providers, to community based organizations. (20 CFR 676.23).

Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under The IV-(YCCIP) of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be effective for the period May 5, 1980, through September 30, 1980, at a total cost not to exceed \$128,477. This request is retroactive due to the late submission of the proposal by ABCD to EEPA.

As this is a negotiated contract at a reasonable cost that conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Allowance Payment System

Dear Mayor White:

I respectfully request your Honor's permission to contract with the Commonwealth of Massachusetts, Division of Employment Security (DES), Charles F. Hurley Building, Government Center, Boston. The purpose of the contract is to provide for the operation of an allowance payment system for 108 Service Employment (PSE) enrollees for participation in a self-directed job search and training program. Services to be provided under the contract will include certification, Boston residency and income eligibility for prospective participants. The contract is selected based on its past cost-effective employment performance in operating allowance payment systems for trainees enrolled in CETA programs.

Funds for the operation of this contract will be provided to the City through a federal government grant under Title VI-B of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be effective for the period April 14, 1980, through September 30, 1980, at a total cost not to exceed \$50,000. This request is retroactive because of the necessity to execute a separate contract for allowance payment under each PSE Title of CETA. A timely letter dated February 7, 1980, for a contract total was approved by you on March 6, 1980. Approval of this request will permit each contract to be properly executed.

As this is a negotiated contract, at a reasonable cost, that conforms to federal procurement requirements for CETA programs for public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

FAIR HOUSING

Homeownership Service, etc.

Dear Mayor White:

I hereby request permission to dispense with bidding and to award a contract to Verdean Community House, Inc., located at 339 Dudley Street, Boston, in an amount not to exceed \$25,000. Payment for this contract will come from fifth-year Community Development Block Grant.

Under the terms of the agreement, Cape Verdean Community House will provide:

1. Homeownership service in Portuguese and English, to identify clientele interested in becoming homeowners, to provide assistance in locating a home and securing financing;
2. Bilingual homeownership course to explain procedures, implications and responsibilities of homeownership;
3. Receipt and processing of housing discrimination complaints;
4. Assistance and counseling for homeowners wishing to participate in the Home Improvement Program and other housing programs.

The period of performance will be from July 1, 1979, to June 30, 1980.

Cape Verdean Community House will submit notice from the Office of the Mayor.

grant for the Housing Counseling Program has been approved for CDBG Year V. However, the funds were not appropriated to any city agency to oversee the program through Mayor's Office of Fair Housing and Community Development since the beginning of the program year. A transfer of funds from the Office of Program Development to the Office of Fair Housing was finally approved in May, 1980, hence the delay in the award.

Use of the expertise and reputation of the Meridian Community House, and the opinion to be served, it is my view that advertising would serve no useful purpose. In my opinion, the cost is reasonable.

Sincerely,

Patterson Riley, Jr.,
Director.

Mayor White:

By request permission to dispense funding and to award a contract to La Alianza Hispana, located at 409 Dudley Street, Boston, in an amount not to exceed \$25,000. The cost for this contract will come from fifth Community Development Block Grant.

The terms of the agreement, La Alianza Hispana will provide:

Spanish-speaking homeownership services to identify Hispanic clientele interested in becoming homeowners, to provide assistance in locating a home and securing financing.

Financial homeownership counseling, to provide procedures, implications and responsibilities of homeownership;

Receipt and processing of housing discrimination complaints;

Assistance and counseling for Hispanic homeowners wishing to participate in the Home Improvement Program and other programs.

The period of performance will be from July 1 to June 30, 1980. This is to continue the currently being provided by La Alianza Hispana under the Community Development Block Grant.

La Alianza Hispana received notice from the Mayor that a \$25,000 grant for the Housing Counseling Program has been approved for CDBG Year V funding. However, the funds were not appropriated to any city agency to oversee the program, although Mayor's Office of Fair Housing had been monitoring the program since the beginning of the program year.

A transfer of funds from the Office of Program Development to Office of Fair Housing and Community Development was finally approved in May, 1980, hence the delay in the award letter.

Use of the expertise and reputation of La Alianza Hispana, and the professional opinion to be served, it is my view that public advertising would serve no useful purpose. In my opinion, the cost is reasonable.

Sincerely,

Patterson Riley, Jr.,
Director.

HEALTH AND HOSPITALS DEPARTMENT
Podiatrists

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without

advertising, a contract to Podiatry Health Services, 394 West Broadway, South Boston, for the period July 1, 1980, through June 30, 1981 at a cost not to exceed \$7,800.

Under this contract, Podiatry Health Services will provide podiatrists for two sessions a week, two hours per session at \$75 per session.

Because of the personal and professional nature of this service and because it is difficult to obtain the services of a podiatrist who can or will adhere to a weekly schedule, Podiatry Health Services, who have several podiatrists on their staff, can fulfill our needs every week at a price I deem to be reasonable.

Therefore because of the above reasons, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Rubella Screening

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award a contract without advertising, to Boston Hospital for Women, 221 Longwood Avenue, Boston, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$8,400.

Under this contract, Boston Hospital for Women will provide Rubella Screening and Rubella Titre for both pre-natal patients attending Boston City Hospital Clinics and female employees working in high risk areas as defined by our Employee Health Service Protocol. The cost per screening is \$6 and the cost per Titre is \$20.

Boston Hospital for Women has developed a high degree of proficiency in this area and their costs are lower than other laboratories in the area.

Because of the above and the reasonableness of the cost no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Advertising

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to *Boston Herald American*, 300 Harrison Avenue, Boston, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$4,000.

Under this contract the *Boston Herald American* will advertise, at the prevailing rate, legal notices issued by the Department of Health and Hospitals.

The *Boston Herald American*, being a household word as a newspaper of general circulation in the greater Boston area, is particularly qualified to satisfy the statutory mandate requiring this service.

Therefore in view of the above, and because the aforementioned company is particularly qualified to do the work and the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to *Boston Globe*, 135 Wm. T. Morrissey Boulevard, Dorchester, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$8,000.

Under this contract the *Boston Globe* will advertise, at the prevailing rate, legal notices issued by the Department of Health and Hospitals.

The *Boston Globe*, being a household word as a newspaper of general circulation in the greater Boston area, is particularly qualified to satisfy the statutory mandate requiring this service.

Therefore in view of the above, and because the aforementioned company is particularly qualified to do the work and the cost to the city is reasonable, no useful purpose would be served by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Tuberculosis Clinics

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to renew, without advertising, the city's contract with Trustees of Boston University acting by and through the Pulmonary Section of the Boston University School of Medicine for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$66,066.

Under this contract, the Pulmonary Section of the Boston University School of Medicine will provide treatment services for patients with tuberculosis. In particular, arrangements will be made for physicians from the Pulmonary Section with specific training and expertise in pulmonary diseases to staff the Tuberculosis Clinics. In addition there will be a clinic medical director and an associate director who will provide administrative, supervisory and direct clinical care.

The amount to be paid under this contract will be \$31,000 for a clinic medical director, \$15,000 for an associate director, \$50 per provider for a clinic session plus fringe benefits of (\$11,466).

Because of the special fitness of the University to provide these services as the Pulmonary Section has provided excellent services in this area in the past, because of the professional nature of the services and as the cost, in our opinion, is reasonable, we feel that no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Maintenance Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Varian, Inc., 83 Second Avenue, Burlington, Mass. 01803, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$2,200.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(continued from previous page)

Under this contract Varian, Inc., will maintain 1 Model 9176-06, Serial No. 24687764; 1 Model 9176-06, serial No. 24697764, gas liquid chromatography instruments and 1 Model 374000-00, Serial No. 2018-09; 1 Model 34000-00, serial No. 2017-09, strip chart recorders in good working order.

Varian will provide all parts, labor and travel costs necessary to provide the above services.

Varian, Inc. is the manufacturer of this equipment, is qualified, can provide immediate service and has access to parts.

Therefore, for the above stated reason, and the reasonableness of the cost, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Picker Corporation, 220 Bolivar Street, Canton, Mass. 02021, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$5,000.

Under this contract, the aforementioned company will provide repair services to Picker X-ray equipment located at the Boston City Hospital.

Inasmuch as the contract cost is reasonable, the equipment in question is of a unique nature and because the aforementioned company is particularly qualified to do the work, no useful purpose would be served by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Instrumentation Laboratories, 113 Hartwell Avenue, Lexington, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$5,820.

Under this contract Instrumentation Laboratories will maintain the following equipment.

1 — 343 Flame Serial No. 3807; 1 — 446 CO2 CL analyzer Serial No. 459; 1 — 440/461 Printer Serial No. 615/620; 1 — IL 313 Blood Gas Analyzer; 1 — IL 513 Blood Gas Analyzer.

Instrumentation Laboratories will provide all the parts, labor and travel costs necessary to maintain the above equipment in good working condition. This will exclude expendables and electrodes.

Instrumentation Laboratories is the manufacturer of the equipment, has competent technicians for service and also has ready access to parts.

Therefore because of the above stated reasons and the reasonableness of cost, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Raytheon Company, 70 Ryan Street, Stamford, Connecticut 06907, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$12,414.

Under this contract, Raytheon Company will provide all parts, labor and travel time necessary to maintain the following equipment.

1. 37 Tube Gamma Camera; 1 inch Dual Probe Scanner.

Inasmuch as the equipment is of highly specialized nature, as Raytheon is the manufacturer and the price, in my opinion, is reasonable, no useful purpose would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

MAYOR'S OFFICE

Support Services

Dear Mayor White:

I hereby request your permission to dispense with bidding and to award a contract to Agnew, Carter, McCarthy, Inc., a professional corporation with offices located at 100 Boylston Street, Boston, for an amount not to exceed \$16,000. The period of performance will be from July 1, 1980, to October 31, 1980. Funds are available in the Public Celebrations account. In my opinion, the cost is reasonable.

Under the terms of the contract, Agnew, Carter, McCarthy, Inc. will provide planning and public information services for Jubilee 350. Specific tasks will include, but will not be limited to, the preparation of written and photographic materials for a monthly calendar of events; work with local and national tourism industry to develop travel packages; preparation of media kits for local and national television and newspapers; fundraising activities; and the coordination of the advertising phase of Jubilee 350.

These tasks represent a continuation for the firm of Agnew, Carter, McCarthy, Inc. in the planning and ongoing support services required in the design and implementation of the Jubilee 350 celebration.

In view of the specialized and professional nature of the services required, the firm existing relationship with Jubilee 350 and excellent results to date, it is my opinion that public advertising would not serve any useful and practical purpose.

Sincerely,
Katharine D. Kane,
Deputy Mayor.

PROPERTY EQUALIZATION

Property Valuation Course

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to the International Association of Assessing Officers, a non-profit organization located at 1313 East 60th Street, Chicago, Illinois 60637, for the presentation of a property valuation course to be given to employees of this office and selected employees of the Assessing Department.

Under the terms of the contract, representative of the IAAO will conduct Course for those members of this department who are qualified by passing Course I and C. The contractor is uniquely qualified to take this instruction because they have recognized expertise in this profession and because such is a prerequisite for certification as required by c. 797, Act of 1977, Massachusetts General Laws.

The instruction pursuant to this contract shall begin in July, 1980. The term of the contract shall be from July 1, 1980, to September 1, 1980.

Compensation under this contract shall not exceed \$5,000 which I have determined to be reasonable for the work to be performed.

Because of the professional nature of the services to be performed, I believe that the advertising for bids would serve no useful purpose.

Sincerely,
Arthur E. Sullivan,
Mayor.

Consulting Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Robert M. Alloway, resident at 100 Chase Avenue, Lexington, Massachusetts, to perform consulting services personally as a systems analyst during the period July 1, 1980, to June 30, 1981, at a cost not to exceed \$18,000, which I have determined to be reasonable.

Under the terms of the contract, Mr. Alloway will consult with me and appropriate officials with respect to the implementation of the processing and automated system to be installed for the purpose of real property valuation in the City of Boston.

Mr. Alloway, an assistant professor at the School of Management and Center for Information Systems Research, Massachusetts Institute of Technology, has recognized expertise in the field of developing, monitoring and managing complex computerized information systems. Professor Alloway's qualifications and familiarity with the valuation of real property make him uniquely qualified to perform the services required.

Because of the highly specialized and professional nature of the services to be performed, no useful purpose would be served by public advertising.

Sincerely,
Arthur E. Sullivan,
Mayor.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Joseph E. Hunt, 2416 Road, Suite 103, Nashville, Tennessee, for consultant services in respect of real property valuation, during the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$10,000, which I have determined to be reasonable.

Under the terms of the contract, Mr. Hunt will, as consultant to the Office of Property Equalization on real property valuation technique and practice, monitor the intermediate stages of the implementation of the revaluation of real and personal property in the City. The scope of such services to be performed will generally include:

criticism and refinement of data development to achieve proper valuation standards, technical assistance and any required by before the Commissioner of Revenue of the Courts of the Commonwealth in of Boston's revaluation, supervision of the training of personnel his office in the techniques of data collection, analysis of specific problems in real valuation according to accepted professional standards.

use of the established expertise and ability of Joseph E. Shea in the field of appraisal and systems design, and of his familiarity with Boston's plan valuation and the reasonable cost of the services, it is my opinion that no useful purpose will be served by public advertising.

Sincerely,

Arthur E. Shea,
Director.

Mayor:

I respectfully request your permission to dispense with public advertising, and award a contract to David A. Tyler, Ph.D., of the Planning Department at the University of Wisconsin, for the purpose of assisting this Department in developing mapping systems related to appraisal of real property.

Mr. Tyler has recognized expertise in the developing, analyzing and supervising engineering aspects of mapping, particularly with reference to aerial photography, plotting and automated plotting techniques. Creating maps for assessing purposes and developing the capacity to integrate mapping requirements with other phases of a revaluation project, and necessitates specialized skills. Therefore, in order for the Department of Property Equalization to make informed decisions about proposed mapping systems, and to provide professional evaluation of proposals, we require the services of an individual with expertise not only in surveying and photogrammetry, but in geodetic engineering, and related skills in cartography. It has been determined that Dr. Tyler has the skills to undertake the needed services.

The term of this contract shall be from July 1, 1980, to June 30, 1981.

The cost of the services contracted for shall not exceed \$15,000, which I have determined to be reasonable.

Because of the professional nature of the services to be performed, I believe that public advertising for bids would serve no useful purpose.

Sincerely,

Arthur E. Shea,
Director.

Computer Services

Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract for computer services to Index Systems, Inc., One Broadway, Cambridge, 02142. Under the terms of the contract, Index Systems, Inc., will provide technical services and utilization time on its equipment for the required systems automa-

tion required for the City of Boston's real property revaluation.

Index Systems, Inc. is recognized as professionally qualified to provide such services. The Office of Property Equalization has asked for, and received, four additional quotations of prices for the required services. Each proposal and quotation has been evaluated and compared with respect to technical qualifications and the ability to perform the required services. Index Systems, Inc. has submitted the most reasonable proposal and the lowest cost.

The term of this contract shall be from July 1, 1980, until October 31, 1980.

Compensation under this contract shall not exceed \$16,000, which I have determined to be reasonable.

Because of the professional nature of the services to be performed, I believe that public advertising for bids would serve no useful purpose.

Sincerely,

Arthur E. Shea,
Director.

PUBLIC WORKS DEPARTMENT

Appraisal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to John E. O'Neill, an individual, located at 2091 Centre Street, West Roxbury, for appraisal of land proposed to be taken for the extension of Avenue de Lafayette.

Under the terms of the contract, Mr. O'Neill will appraise the following parcels of land:

Parcel One, land and building owned by J. Summers, Trustee, situated at 88-100 Kingston Street and 116-122 Essex Street, Boston Proper.

Parcel Two, property owned by J. N. Resha, Jr., et al., a commercial parking lot situated at 130-132 Essex Street, Boston Proper.

Mr. O'Neill is uniquely qualified to do this work because he is a member of the Society of Real Estate Appraisers.

Compensation under this contract shall not exceed \$3,650 which I have determined to be reasonable for the work to be performed.

The term of this contract shall be June 2, 1980, to June 30, 1980.

In view of the professional and technical nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Respectfully,

Joseph F. Casazza,
Commissioner.

SCHOOL DEPARTMENT

Instructional Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendations of its Superintendent, I request your authorization for the award of a contract to the District V Teacher Center Policy Board, c/o District V Office, 65 Bailey Street, Dorchester. The contract shall be in effect during the period of January 1, 1980, to September 30, 1980, and occur at a cost not to exceed \$32,645 which is deemed to be reasonable by the Committee.

The District V Teacher Center Policy Board will provide the following instructional ser-

vices at the District V (school(s) or district): For all teachers in the District, provide technical assistance, workshop and in-classroom help, research assistance, space and materials for improving the content and delivery of classroom instruction.

The District V Teacher Center Policy Board is especially qualified to provide the above services because the District V Teacher Center Policy Board is a group of teachers and administrators from District V, organized to carry out such a program.

The Teacher Center Policy Board and school department officials assumed last October that grant funds would be expended through the same processes as any other grant. Such was not the case. Other and new processes had to be devised and followed to fulfill the Federal Regulations governing this grant, consequently the delay in submission of this contract.

Because of the professional nature of the services to be provided under this agreement and the expertise of the District V Teacher Center Policy Board in providing such services, it is the determination of the School Committee that public interest would not be served by public advertising for bids.

This agreement is to be executed without an appropriation of funds under the provision of General Laws, chapter 44, s. 53 A, and is to be subject to the receipt of funds from the United States Office of Education, Teacher Centers Program (Section 13.416 catalogue of Federal Domestic Assistance).

Very truly yours,

Edward J. Winter,
Secretary.

Evaluations

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your authorization for the award of a contract without public advertising to South Cove Community Health Center, 885 Washington Street, Boston, for the purpose of providing evaluation to: "up to 50 but not less than 5 primarily Chinese-speaking children, at a rate of not more than 2 referrals per week, of the Boston School System in accordance with Massachusetts General Laws chapter 71B (chapter 766), and the regulations promulgated thereunder, at a cost of not more than \$5,000 for the period September 1, 1979, to June 30, 1980, which is deemed reasonable by the Boston School Committee. The funds are resident in the budget of Cost Center 053, Line Item 910."

This facility will provide either the basic evaluation of any component assessment thereof for Chinese-speaking children of the City of Boston. This request for the continuation of services to Boston Public School students was delayed due to reassignment of staff and court compliance responses.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed and the expertise of the facility in this area, it is the determination of the School Committee that public interest would not be served by public advertising for bids.

Very truly yours,

Edward J. Winter,
Secretary.

CONTRACTS AWARDED WITHOUT ADVERTISING

(continued from previous page)

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the Superintendent, I request your authorization to award a contract without advertising to the Lesley Collaborative for Educational Development of 29 Everett Street, Cambridge, Mass. 02138, during the period of March 1, 1980, to June 30, 1980, at a cost not to exceed \$2,500.

The contractor, in collaboration with the Office of Planning and Policy, shall conduct the evaluation of the 1979-80 Title IV-C Project Linking Education Arts and People (project 05-80).

The contractor will provide educational evaluation services in conformity with the guidelines of the Office of Planning and Policy.

A series of unusual circumstances militate against the practicality of public advertisement of this contract. The delay in appropriation of Title IV funding coupled with the time necessary to obtain state-level approval has cut deeply into the time necessary to provide a meaningful evaluation of this project. The Lesley Collaborative for Education Development was selected from a list of approved consultants by the Office of Planning and Policy with the approval of the project director because their extensive experience in educational evaluation in general and their familiarity with this project in particular render them uniquely capable of conducting the evaluation of this project within the unavoidably imposed time constraints. For these reasons it is the determination of the School Committee that public interest would not be served by public advertising for bids.

The cost of this contract is reasonable and commensurate with that paid consultants for evaluation services in the Boston Public School System.

This agreement is to be executed without appropriation under the provisions of G.L. c. 44, s. 53A and is made subject to the receipt of funds under a grant for Title IV-C Project No. 05-80 at no cost to the City of Boston.

Sincerely yours,

Edward Winter,
Secretary.

Perishable Foods, etc.

Dear Mr. Mayor:

I respectfully request your Honor's written permission to dispense with public advertising and to award a contract to L.B. Darling Co. Division of Idle Wild Farm Inc. 28 Newton Street, Southboro, for the purchase of perishable foods and other edible commodities during the period July 1, 1980, through June 30, 1981.

It is the practice of the School Committee to purchase perishable foods and other edible commodities on the basis of bids submitted weekly or monthly because of the perishable nature of these goods, the fluctuation in their prices and quantities required. The cost of all perishable food and other edible commodities purchased under this contract will be based on formal quotation prices received from several suppliers.

Because the purchasing procedures, which accrue considerable savings to the School Committee, do not lend themselves to formal public bids, it is my opinion that advertising would serve no useful public purpose.

Very truly yours,

Leo J. Burke,
Business Manager.

Dear Mr. Mayor:

I respectfully request your Honor's written permission to dispense with public advertising and to award a contract to A. Palumbo & Co. 55 Spaulding Street, Wakefield, for the purchase of perishable foods and other edible commodities during the period July 1, 1980, through June 30, 1981.

It is the practice of the School Committee to purchase perishable foods and other edible commodities on the basis of bids submitted weekly or monthly because of the perishable nature of these goods, the fluctuation in their prices and quantities required. The cost of all perishable food and other edible commodities purchased under this contract will be based on formal quotation prices received from several suppliers.

Because the purchasing procedures, which accrue considerable savings to the School Committee, do not lend themselves to formal public bids, it is my opinion that advertising would serve no useful public purpose.

Very truly yours,

Leo J. Burke,
Business Manager.

Educational Materials

Dear Mr. Mayor:

I respectfully request your Honor's written permission to dispense with public advertising and to award a contract to Radio Shack, 1600 One Tandy Center, Fort Worth, Texas 76102.

Under the term of this contract, the School Committee will purchase books and other educational materials when needed by the Boston Public Schools during the period July 1, 1979, through June 30, 1980. The cost of all items purchased under this contract will not exceed standard catalog prices in effect.

Because of the contract need to provide Boston Public Schools with books and educational materials, and because textbooks and other educational materials are unique to a particular publisher, it is my opinion that advertising for bids would serve no public purpose.

Very truly yours,

Leo J. Burke,
Business Manager.

Psychological Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of its Superintendent, I request your authorization to dispense with public advertising and to award a contract to the Trustees of Health and Hospitals of the City of Boston, Inc., on behalf of the Professional Programs in Psychology, 725 Massachusetts Avenue, Boston, to provide psychological consultative and training services at the Tileston Alternative Education Center. The contract shall be in effect during

the period of February 25, 1980, through June 30, 1980, and occur at a cost not to exceed \$8,000 which is deemed to be reasonable by the Committee.

The contractor will design and implement a series of eighty sessions of consultation and training over a period of sixteen weeks. Sessions include case and facilities training in specialized counseling, wrap-around services; clinical administration; consultation to staff of the Tileston Alternative Education Center; training in family therapy and consultation on review of files of students in transition to other more restrictive prototypes than those in which they were most recently placed.

The contractor is especially qualified to provide the above services because of its extensive experience in working with public school children in the Boston area and its extensive working within the Boston Public Schools with such children.

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

This agreement is to be executed without appropriation of funds under the provisions of General Laws, chapter 44, s. 53A, and is subject to the receipt of funds under a grant from P.L. 94-142, Project No. 80-035-41.

This contract is being submitted to you after the initiation date, February 25, 1980, because the project director was under the mistaken impression that three weeks was a reasonable time period for a contract to receive all of the necessary approvals. Additionally, the project director was awaiting the third week in February and was not available to answer some pertinent questions concerning the contract. Consequently, questions concerning the contract had to be delayed until the project director got back from his delayed final approval.

The services being provided by this contract are psychologists to the Tileston Alternative Education Center is desperately needed. The student population consists of students with severe behavior/emotional problems. The behavior has been described as: a. physically violent; b. verbally abusive; c. displaying anti-social behavior; d. poor impulse control; and e. socially maladjusted, etc. All of the individual Education Plans call for counseling and/or therapy. The success of these hinges on the ability to provide these services with a psycho educational model that meets their severe special needs. The Professional Programs in Psychology are providing the clinical expertise needed to implement the aforementioned. Sincerely,

Edward J. Winter,
Secretary.

Under the terms of the contract Mr. McGrail
will act as legal intern for the unit. Mr.
McGrail is uniquely qualified to do this work
because of his experience within the unit, his
formal legal education and his excellent
performance.

Compensation under this contract shall not
exceed \$6,000 which I have determined to be
reasonable for the work to be performed. Mr.
McGrail will be working part time at the rate of
\$5.00 per hour.

The term of this contract shall be from July
1, 1980, to June 30, 1981.

Because of the professional nature of the
services to be performed, I believe that public
advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Dear Mr. Mayor:

I respectfully request your permission to
dispense with public advertising and to award
a contract to Susan L. Manlove, an individual,
located at 466 Commonwealth Avenue, Bos-
ton, for assistance in the collection of delin-
quent real estate, personal property, and motor
vehicle excise taxes.

Under the terms of the contract Ms. Manlove
will act as legal intern for the unit. Ms.
Manlove is uniquely qualified to do this work
because of her experience within the unit, her
formal legal education, and her excellent per-
formance.

Compensation under this contract shall not
exceed \$6,000 which I have determined to be
reasonable for the work to be performed. Ms.
Manlove will be working part time at the rate of
\$5.00 per hour.

The term of this contract shall be from July
1, 1980, to June 30, 1981.

Because of the professional nature of the
services to be performed, I believe that public
advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Dear Mr. Mayor:

I respectfully request your permission to
dispense with public advertising and to award
a contract to John J. Moynihan, an individual,
located at 31 Parkton Road, Jamaica Plain, for
assistance in the collection of delinquent real
estate, personal property, and motor vehicle
excise taxes.

Under the terms of the contract Mr.
Moynihan will act as legal intern for the unit.
Mr. Moynihan is uniquely qualified to do this
work because of his experience within the
unit, his formal legal education, and his ex-
cellent performance.

Compensation under this contract shall not
exceed \$6,000 which I have determined to be
reasonable for the work to be performed. Mr.
Moynihan will be working part time at the rate
of \$5.00 per hour.

The term of this contract shall be from July
1, 1980, to June 30, 1981.

CONTRACTS AWARDED WITHOUT ADVERTISING

(continued from previous page)

The term of this contract shall be from July 1, 1980, to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Mark S. Roder, an individual, located at 311 Allston Street, Brighton, for assistance in the collection of delinquent real estate, personal property, and motor vehicle excise taxes.

Under the terms of the contract Mr. Roder will act as legal intern for the unit. Mr. Roder is uniquely qualified to do this work because of his experience within the unit, his formal legal education, and his excellent performance.

Compensation under this contract shall not exceed \$6,000 which I have determined to be reasonable for the work to be performed. Mr. Roder will be working part time at the rate of \$5.00 per hour.

The term of this contract shall be from July 1, 1980, to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Lance M. Solomini, an individual, located at 309 Chestnut Avenue, Brighton, for assistance in the collection of delinquent real estate, personal property, and motor vehicle excise taxes.

Under the terms of the contract Mr. Solomini will act as legal intern for the unit. Mr. Solomini is uniquely qualified to do this work because of his experience within the unit, his formal legal education, and his excellent performance.

Compensation under this contract shall not exceed \$6,000 which I have determined to be reasonable for the work to be performed. Mr. Solomini will be working part time at the rate of \$5.00 per hour.

The term of this contract shall be from July 1, 1980, to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Veronica M. Madden, an individual, located at 96 Draper Street, Dorchester, for assistance in the collection of

delinquent real estate, personal property, and motor vehicle excise taxes.

Under the terms of the contract Ms. Madden will act as legal intern for the unit. Ms. Madden is uniquely qualified to do this work because of her knowledge of the work through experience, her excellent performance, completion of her formal legal education, and her membership of the Massachusetts and Federal Bar Associations.

Compensation under this contract shall not exceed \$12,500 which I have determined to be reasonable for the work to be performed. Ms. Madden will be working full time at the rate of \$240.38 per week.

The term of this contract shall be from July 1, 1980, to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Carla S. Cox, an individual located at 1641 Commonwealth Avenue, Brighton, for assistance in the collection of delinquent real estate, personal property, and motor vehicle excise taxes.

Under the terms of the contract Ms. Cox will act as special assistant corporation counsel for the unit. Ms. Cox is uniquely qualified to do this work because of her knowledge of the work through experience, her excellent performance, completion of her formal legal education, and her membership of the Massachusetts and Federal Bar Associations.

Compensation under this contract shall not exceed \$12,500 which I have determined to be reasonable for the work to be performed. Ms. Cox will be working full time at the rate of \$240.38 per week.

The term of this contract shall be from July 1, 1980 to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Sincerely,
Lowell L. Richards, III,
Collector-Treasurer.

Legal Services

Dear Mr. Mayor:

I request your permission to award a contract for legal services to the firm of Mintz, Levin, Cohn, Glovsky & Popeo, 1 Center Plaza, Boston, and to dispense with public advertisements for bids in connection with the contract. The term of the contract would run from May 27, 1980, to June 30, 1980, and the contract price would not exceed \$7,500. This contract price is reasonable.

Mintz, Levin, Cohn, Glovsky & Popeo will serve as the city's special bond counsel under the contract, and would provide advice and prepare documents in connection with financial matters, and particularly in connection with the issuance of bonds, notes and certificates of indebtedness of the city, as they relate to the construction of the parking garage in the Lafayette Place redevelopment project. Special counsel is necessary on this

project, as the city's regular bond counsel, Palmer and Dodge, is counsel to the department of this project, and has advised the city to retain special counsel for this particular project.

Because Mintz, Levin, Cohn, Glovsky & Popeo is especially qualified in the area of municipal finance, and since they served as bond counsel on the initial borrowing for this project last year, it is evident that advertising for bond counsel would be inappropriate.

Sincerely,
Lowell L. Richards,
Collector-Treasurer.

Collecting Division Mailgrams

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Western Union Telegraph Company, Corporation, located at 2 Congress Street, Boston.

Under the terms of the contract, the contractor will perform the following: the preparation of all Mailgrams on all delinquent tax and Motor Vehicle Excise tax takings for the City of Boston.

The contractor is uniquely qualified to perform this work for the following reasons: only firm providing Mailgram type which have proven to be extremely efficient in our tax collection efforts, but considerably less expensive than telegrams.

Compensation under this contract shall not exceed \$90,000, which I have determined to be reasonable for the work to be performed. The term of this contract shall be from July 1, 1980, through June 30, 1981.

Because of the relative uniqueness of this service, I believe that public advertising would serve no useful purpose.

Sincerely,
Lowell L. Richards,
Collector-Treasurer.

Professional Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Synergraphics Corporation, located at 15 Flanders Road, Belmont 02178.

Under the terms of the contract, the contractor will perform the following work:

A. Synergraphics will produce customer provided print image tape, microfilm microfiche with variable data, 4" x 6" titles, eye-readable titles and an index location.

B. Processing and inspection to conform with NMA & ANSI standards.

C. Use of full range of unique titling and mini-computer re-formatting.

D. Design, development, testing and implementation of new jobs. System assistance to implement format requirements.

E. Tape and film pick up and delivery of bonded courier on his regularly scheduled runs.

The contractor is specially qualified to perform this work because it has the capacity to provide a wide range of services in this field. It provides the service at a relatively low cost and in an extremely professional manner, accurately, and rapidly.

ensation under this contract shall not \$10,000, which I have determined to be ble for the work to be performed. The his contract shall be from July 1, 1980, June 30, 1981.

use of familiarity with the city's needs ndards, and the professional nature, sonable cost of these services, I hat public advertising would serve no urpose.

Sincerely,
Lowell L. Richards, III,
Collector-Treasurer.

VETERANS' GRAVES REGISTRATION

Graves Decoration

Mayor:
I respectfully request your Honor's permis-
dispense with public advertising and to
contract to the following veterans' or-
ganizations: Lieutenant Lawrence J. Flahe-
r, American Legion, c/o Arthur Reed,
Ipswich Street, East Boston; Michael J.
Post 67, American Legion, c/o Bernard
Jia, 863 East Fourth Street, South
West Roxbury Post 167, American
Legion, c/o Richard F. Brauer, 70 Corey Street,
Salem, c/o Boston Police Post 251,
Boston, c/o James Troy, 67 Charles
Street, Hyde Park; Mt. Hope Memorial Day
Committee, c/o George K. Menichios Post 324,
Boston, c/o George K. Hantis, 1520
Roxbury Avenue, c/o Foreign Wars Parkway, West Rox-
bury, c/o Grand Army Memorial Day Com-
mittee, c/o David C. Bernner, 56 Carroll Street,
Boston, c/o Greater Boston Camp 119,
Boston, c/o Spanish-American War Veterans, c/o
John Tremble, 51 Vallaro Road, Hyde

Parsons, c/o Veterans' organizations have been
marking the graves and hero signs for years
Memorial Day.

Dispensation under this contract shall not
exceed \$21,079. the terms of this contract
shall be from May 1, 1980, through May 31,
I have determined that the contract cost
is reasonable.

After could not be initiated before May
due to the unusual circumstances of
involved as veterans are expiring
y, therefore, we could not determine
y 1, 1980, the amount of the contract.
Due to the unique nature of the services
performed, it is my opinion that public
advertising would serve no useful purpose.

Very truly yours,
David E. Gately,
Supervisor.

CONTRACTS AMENDED

Mayor has approved the
amendment of contracts, based on
the following information:

ADMINISTRATIVE SERVICES DEPARTMENT Purchasing Division Film Processor, etc.

Mayor:
On September 17, 1979, your Honor approved
the amendment of a contract (672), without adver-
tising, Polychrome Corporation for the pur-

chase of a film processor and the necessary
film, plates and chemicals used in its opera-
tion. The equipment and supplies were pur-
chased for the Printing Plant.

I have been informed by Mr. Joseph Toto, the
Superintendent of Printing, that his antici-
pated requirements for film, plates and chemi-
cals to be used in the Polychrome equipment,
during fiscal year 1981, will be approximately
\$33,000.

The statement in the before mentioned
award letter that the cost of film, and
chemicals manufactured by Polychrome for
use in its equipment is approximately 40 per-
cent less than similar items made by other
manufacturers is still valid.

It is my opinion, therefore, that purchase of
these supplies directly from Polychrome
would be in the best interest of the city and
that public advertising would serve no useful
purpose.

Accordingly, your permission is requested
to award a contract, without advertising, to
Polychrome Corporation, 57 Teed Drive, Ran-
dolph Mass. 02368, in an amount not to exceed
\$33,000, net, a cost which I consider reason-
able. The period of the contract will be July 1,
1980, to June 30, 1981.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

AUDITING DEPARTMENT General Ledger System

Dear Mr. Mayor:

On August 17, 1979, you awarded, without
public advertising for bids, a contract to Keane
Associates, Inc. with offices at 177 Milk Street,
Boston, to enhance the Community Develop-
ment Accounting General Ledger System, the
amount of which was not to exceed \$62,400.

Your approval is requested to amend the
period of performance to November 30, 1980.

Respectfully submitted,
Richard J. Hawes,
Assistant City Auditor.
EEPA

Payment Services

Dear Mayor White:

I respectfully request your Honor's permis-
sion to amend a contract with the Common-
wealth of Massachusetts, Division of Employ-
ment Security (DES), Charles F. Hurley Build-
ing, Government Center, Boston. Under the
terms of the amendment, the contractor will
continue to operate an allowance payment
system for fifty trainees under Title VII. Also,
the contractor will provide allowance payment
services to an additional eighty-eight (88)
CETA participants enrolled in four training pro-
grams operated by various Title VII contrac-
tors. The contractor will continue to certify
Boston residency and income eligibility of pro-
spective trainees.

This amendment will increase the award
amount from \$138,294 to \$180,510 to a total
cost not to exceed \$318,804. The contract will
continue to be effective for the period Febru-
ary 1, 1980, through September 30, 1980. Funds
for the operation of this contract will be pro-
vided to the City of Boston under Title VII of
the Comprehensive Employment and Training
Act (CETA) Amendments of 1978, P.L. 95-524.

As this award is for the combined operation
of a program at a reasonable cost, by a con-
tractor of proven effectiveness, no public pur-

pose would be served by formal advertising. I
therefore request approval to dispense with
public advertising in the *City Record* pursuant
to authority granted under the City of Boston
Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permis-
sion to amend an award letter for the Common-
wealth of Massachusetts, Division of Employ-
ment Security (DES), Charles F. Hurley Build-
ing, Government Center, Boston, dated Febru-
ary 7, 1980, which you approved on March 20,
1980.

The purpose of the amendment is to correct
a budgetary error in the original award letter
which incorrectly stated the total cost of the
contract not to exceed as \$65,352. The correct
amount not to be exceeded is \$72,369. The con-
tractor will continue to operate an allowance
payment system for forty-four (44) trainees in
the CETA Title II-D programs.

As in the original award letter, funds for the
operation of the contract will be provided
through a federal government grant under Title
II-D of the Comprehensive Employment and
Training Act (CETA) Amendments of 1978, P.L.
95-524. The contract will continue to be effec-
tive for the period March 1, 1980 through Sep-
tember 30, 1980.

Whereas all other terms of the original
award letter are correct, approval of this
amendment will enable EEPA to execute the
contract as planned.

Sincerely,
George Bennett,
Administrator.

Training

Dear Mayor White:

I respectfully request your Honor's permis-
sion to amend a contract with Adams and Ab-
bott, Inc., located at 46 Summer Street,
Boston, for the purpose of providing occupa-
tional training to an additional eight (8) CETA
participants (for a new total of 20 participants).
As under the terms of the original contract, the
contractor will continue to train participants
as photo typesetting keyboard operators. These
participants will learn how to operate key-
boards of automatic photo typesetting
machines, load camera magazines, lens selec-
tion, and the selection of style and size of type.

This amendment will increase the award
amount from \$47,635 to \$28,454 to a total cost
not to exceed \$76,089. The contract will con-
tinue to be effective for the period April 21,
1980, through September 30, 1980. Funds for
the operation of this contract will be provided
to the City of Boston through a federal govern-
ment grant under Title VII of the Comprehen-
sive Employment and Training Act (CETA)
Amendments of 1978, P.L. 95-524.

As this amendment is for the continued op-
eration of a program at a reasonable cost, by a
contractor of proven effectiveness, no public
purpose would be served by formal advertis-
ing. I therefore request approval to dispense
with public advertising in the *City Record*, pur-
suant to authority granted under the City of
Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

CONTRACTS AMENDED

(Continued from previous page)
Office Workers Unlimited

Dear Mayor White:

I respectfully request your Honor's permission to amend an award letter for the Boston Young Women's Christian Association (YWCA)/Aswalos House, a non-profit organization with offices at 246 Seaver Street, Boston, which was submitted March 19, 1980, and was approved by you on May 1, 1980.

The purpose of this amendment is to correct a typographical error in the original award letter which incorrectly stated the end date of the contract as September 20, 1980. The correct end date is September 30, 1980. The contractor will continue to operate the office workers unlimited program from March 5, 1980 at a total cost not to exceed \$34,666.

As in the original award letter, funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title VI-A of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524.

Whereas, all other terms and conditions of the original award letter are correct and remain in full force and effect, approval of this amendment will enable EEPA to execute the contract as planned.

Sincerely,

George Bennett,
Administrator.

Job Placement Program

Dear Mr. Mayor:

I respectfully request your permission to amend a contract with Massachusetts Halfway Houses, Inc., a non-profit organization with offices at 307 Huntington Avenue, Boston. The purpose of this amendment is to increase the total award by \$7,787.48. These funds will allow the contractor to extend its job developer position an additional six (6) months to the end of the contract period. This position is presently being funded for only half of the contract period. This amendment will allow the contractor to continue the operation of the assessment and job placement program for six hundred (600) exoffenders at the Boston Employment Resource Center.

The amendment will increase the contract from \$77,887 by \$7,787.48 to a total cost not to exceed \$85,674.48. The contract will continue to be effective for the period October 1, 1979, through September 30, 1980. Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title II-B of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524.

As this award is for the continued operation of a program as a reasonable cost, by a contractor of proven effectiveness, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s.5.

Sincerely,

George Bennett,
Administrator.

Lease of Premises

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with The Druker Company, 50 Federal Street, Boston, for the purpose of continuing the lease of certain premises deemed necessary and convenient for the successful operation of Comprehensive Employment and Training Act (CETA) programs by the Employment and Economic Policy Administration. Approval of this request will allow EEPA to continue operating the programs for the balance of the federal fiscal year for which funding has been received.

As in the original award (letter dated: June 19, 1979; approved: July 23, 1979), the demised premises consist of the entire second floor of the building at 50 Federal Street, Boston. The term of the lease will be extended by three (3) months to become effective for the period July 1, 1979, through September 30, 1980. The monthly rental will continue to be \$4,650 per month. The award total will therefore be increased to an amount not to exceed \$69,750.

Since these facilities are both adequate and convenient, and available to EEPA at a reasonable market rate, no public purpose would be served by formal advertising. I therefore request your Honor's permission to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Youth Employment Program

Dear Mayor White:

I respectfully request your Honor's permission to amend the award letters of April 14, 1980, with the Action for Boston Community Development, Inc., a non-profit organization with offices at 178 Tremont Street, Boston. Under the terms of this agreement, the contractor will combine into one contract the planning grant for the FY 1980 Summer Youth Employment Program (SYEP) and the operation of the SYEP program.

As in the original award letter, the contractor will continue to conduct general planning activities; produce printed flyers and application; assess all youth applying to the summer programs; provide orientation for agencies, enrollees, counselors and program coordinators; and identify and recruit field staff. The program will employ approximately 4,500 economically disadvantaged City of Boston youth in meaningful work experiences and training program which will develop their skill levels and enhance their future employability. In addition, vocational, educational and personal counseling will be provided to the participants.

The contract will be effective for the period January 14, 1980, through September 30, 1980, at a cost not to exceed \$3,419,961. This total combines the planning amount allocation (\$89,000) and the program operation allocation (\$3,330,961) requested in the original letter of April 14, 1980. All other terms and conditions of the original request will remain the same.

Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title IV of the Comprehensive Employment and Training Act

(CETA) Amendments of 1978, P. L. 95-524. The request is retroactive due to delay in receipt of SYEP Planning figures from the Department of Labor. As a result, AB3 did not submit a final budget to EEPA for 1980.

ABCD, as the city's largest anti-poverty agency, has conducted the summer employment programs at various locations throughout the city for the past several years. ABCD's performance has been excellent in the implementation and management of these programs. This procurement process is in accordance with CETA Rules and Regulations which give special consideration, in the selection of service providers, to community organizations of demonstrated effectiveness. (20 CFR 676.23).

As this is a negotiated award with a contractor of demonstrated effectiveness, at a reasonable cost, which conforms to government requirements for CETA programs, no public purpose would be served by inviting for sealed bids. I therefore request approval to dispense with formal advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

HEALTH AND HOSPITALS DEPARTMENT

Testing Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I request your Honor's permission to amend a city's contract with the Center for Laboratory Research, 800 Huntington Avenue, Boston, which the contract the above firm to perform HBs Ag (HAA) and anti-HBs testing at \$6.75 each and \$8.25 each respectively for the period July 1, 1979, through June 30, 1980. The total cost as approved by the Mayor is \$12,222, 1979, not to exceed \$12,075.

This amendment will increase the total sum by \$6,000, the city's total liability for this contract as so amended to an amount not to exceed \$18,075.

This increase is caused by an increase in the number of tests required which was unforeseen when the original request was prepared.

In view of the above and because it is reasonable, I recommend approval of this amendment.

Very truly yours,

David L. Rosenblatt,
Commissioner.

MANPOWER PLANNING

Vocational English Program

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with the Consolidated Benevolent Association of England (Qwong Kow School), a non-profit organization with offices at 14 Oxford Street, Boston. The purpose of this amendment is to increase the total award by \$6,746. This increase reflects the new rental cost incurred as a result of the program moving to a new location in the Boston area. The request is required because the present

inhabitable. This new location will allow contractor to continue to operate the Vocational English Education program for ninety (90) CETA participants.

The amendment will increase the award from \$7,000 by \$6,746 to a total cost not to exceed \$13,746. The contract will continue to be in effect for the period October 1, 1979, to September 30, 1980. Funds for the execution of this contract will be provided to the City of Boston through a federal government grant under Title II-B of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524.

This award is for the continued operation of the program at a reasonable cost, by a contractor of proven effectiveness, no public purchase could be served by formal advertising. I request approval to dispense with sealed bids by advertising in the City Register pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

POLICE DEPARTMENT

Food Services

Mayor White:

I enclose is your original approval of an award of a contract to Victoria Restaurant Inc., 130 Massachusetts Avenue, Boston, for providing food services for prisoners held at the House of Correction, One, Two and Four of the Boston Police Department.

Your approval is requested to amend this contract by increasing the total amount of the contract from an amount not to exceed \$19,000 to an amount not to exceed \$22,200. This amendment is necessary since our estimate of the number of prisoners requiring meals has increased to be too low. The increase in the contract amount is necessary to continue to provide service until the end of the current fiscal year.

Before, I respectfully request your written authorization to amend this contract on the stated terms. All other terms and conditions of the contract shall remain the same.

Very truly yours,

Joseph M. Jordan,
Police Commissioner.

PUBLIC WORKS DEPARTMENT

Miscellaneous Repairs

Mr. Mayor:

The present time the City of Boston has a contract for miscellaneous repairs to Terex Model 82-30B, with the Clark Wilcox Company, 18 Western Avenue, Boston. It was approved by you on June 13, 1979, in the amount of \$50 for the period of July 1, 1979, through December 31, 1980.

The services of the above-named contractor have been utilized to the financial limits of the contract. Additional repairs are now required which were not included in the original contract.

Since the equipment to be repaired is assigned to our Gardner Street Landfill, it is in the interests of public health and safety that the equipment be repaired with a minimum of delay.

Therefore, your approval is requested to amend this contract, without advertising for

public bids, with an additional amount of \$8,000.

The additional compensation to the contractor will be paid at the same rate as specified in the contract, which I deem to be reasonable.

Respectfully,

Joseph F. Casazza,
Commissioner of Public Works.

Dear Mr. Mayor:

On June 13, 1979, your Honor approved an award of a contract based on public advertising for bids to Dooley Brothers Division of Browning-Ferris Industries, Inc., 164 Market Street, Brighton, for the disposal of refuse from various districts of Boston during the period July 1, 1979, to June 30, 1980, at a cost not to exceed \$327,600.

Your approval is requested to amend this contract to provide for the disposal of refuse which will exceed the estimated tonnage stated at the time of execution of this contract. The cost of this amendment, which is effective on June 1, 1980, shall not exceed \$45,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$372,600. The period of performance shall be to June 30, 1980.

Because of executing the second renewal option in the contract I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,
Commissioner of Public Works.

Dear Mr. Mayor:

On June 13, 1979, your Honor approved an award of a contract based on public advertising for bids to Refuse Energy Systems Company, 100 Salem Turnpike, Saugus, for the disposal of refuse from various districts of Boston during the period July 1, 1979, to June 30, 1980, at a cost not to exceed \$630,812.

Your approval is requested to amend this contract to provide for the disposal of refuse which will exceed the estimated tonnage stated at the time of execution of this contract. The cost of this amendment, which is effective on June 1, 1980, shall not exceed \$25,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$655,812. The period of performance shall be to June 30, 1980.

Because of executing the second renewal option in the contract I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,
Commissioner of Public Works.

REAL PROPERTY DEPARTMENT

Security Services

Dear Mr. Mayor:

On April 12, 1979, your Honor received and subsequently approved an award of a contract, with public advertising for bids, to Executive Security, Inc., 37 Washington Street, Melrose, for guard and protection services at the public parking facility, Government Center Garage, for the period of one (1) year beginning May 1, 1979.

It is requested that this security contract be amended for a period of five months or until September 30, 1980, while the Real Property Board studies alternatives to the current con-

tract. The Real Property Board may incorporate security services in the new parking facility lease so that the lessee, not the city, will be responsible for these services coincident with their term as lessee at the facility.

It is estimated that the cost of this extension will be approximately \$36,000 raising the original contract amount from \$88,124.08 to \$124,124.08 and will be paid out of the Parking Facilities Fund Account 3-71-56-000.

Sincerely yours,

Joanne A. Prevost,
Commissioner of Real Property,
Chairman, Real Property Board.

SCHOOL DEPARTMENT

Computerized Services

Dear Mr. Mayor:

On November 29, 1979, your Honor approved the award of a contract, without public advertising for bids, to the Massachusetts Occupational Information System, Inc., 13 Mercer Road, Natick, for computerized career occupational information, during the period from September 28, 1979, to February 28, 1980, at a cost not to exceed \$55,400.

Your approval is requested to amend this contract to provide for additional services which were not funded in the terms of the original contract. The contractor, who has demonstrated excellent ability in this area, will continue to provide computerized services for five high schools at an additional four months. The cost of this amendment, which is effective on March 1, 1980, shall not exceed \$9,000, which the School Committee has determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$64,400. The period of this contract shall be extended from February 28, 1980, to June 30, 1980, for Copley Square High School, Umana High School, Another Course To College, Boston Business, and Brighton High School.

This contract is being submitted late because it was inadvertently held for budgetary review as a continuing contract.

Because of the professional nature of the services to be performed, the School Committee believes that public advertising would serve no useful purpose. These funds are resident in responsibility center 633, 672, 110, 606 and 624.

Very truly yours,

Edward J. Winter,
Secretary.

Educational Programs

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement and to award to Curry College, Milton, the following amendment, which is deemed to be reasonable by the Committee, to a contract for participation in the development of educational programs at all districts.

(1) Change the scope of services by: Add the following: Curry College will assist the School Department in evaluating the summer writing institute conducted by the college in cooperation with the Office of Curriculum and Competency Resources.

(2) Strike out in Article II the amount \$13,550 and insert in place thereof an amount not to exceed \$14,350.

(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

(3) All terms and conditions of the said contract except as hereby altered, amended, enlarged, lessened, revised or otherwise changed and except insofar as inconsistent with the purpose of this instrument of amendment shall remain in full force and effect.

Reason for amendment: This revision in the contract is being requested in order to implement the evaluation plan devised by the elected participants at the sixth day of the Institute on July 17, 1979, at Curry College, in cooperation with the three senior curriculum advisors for the Boston Public Schools, who were present. This evaluation plan was approved on August 10, 1979, by Dr. Bernice Miller's office.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing such services, it is the determination of the Superintendent of Schools and the School Committee that the public interest would not be served by public advertisement for bids.

This agreement is to be executed without an appropriation of funds under the provision of General Laws, chapter 44, s. 53A, and is to be subject to the receipt of funds under a grant from chapter 636, Project No. 80-BC-0713.

Very truly yours,
Edward J. Winter,
Secretary.

TREASURY DEPARTMENT Financial Printing

Dear Mr. Mayor:

On July 9, 1979, your Honor approved the award of a contract, to Pandick Press, New England, 230 Congress Street, Boston, for financial printing services in connection with the sale of bonds and notes by the city during the period July 1, 1979 to June 30, 1980 at a cost not to exceed \$33,682.

Your approval is requested to amend this contract to provide for additional costs which were not anticipated in the terms of the original contract. Due to a variety of reasons, the printing costs associated with the first two financings of the year by the city were more expensive than anticipated. The principal reason for this was that both issues required the production of several more proofs than normal due to the need to integrate more information into the Official Statements, and, in the case of the bond sale in March, to completely reset two of the three appendices due to the need to use new formats for the information contained therein. In addition, there has been a considerable increase in demand for copies of the city's Official Statements, both from analysts and brokers outside the Boston area, and the population in general including analysts and brokers, in the Boston area. Because of these factors, part of the costs incurred by the contractor for the March 1 Official Statement cannot be paid as they are in excess of the current contract amount. In addition, the city will be unable to have the Official Statment for the June 1 issue printed, without an amendment of amount.

Pandick Press, New England will be compensated at the same rate specified in the terms of the original contract. The cost of this amendment, which is effective on June 15, 1980, shall not exceed \$25,000, which I have

determined to be reasonable. The total costs of this contract, as amended, shall not exceed \$58,682.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Lowell L. Richards, III,
Collector-Treasurer.

YOUTH ACTIVITIES COMMISSION Lease of Office Space

Dear Mayor White:

On March 4, 1980, your Honor approved an award of a lease without public advertising for bids to Richard S. Ricupero of 178 Wordsworth Street, East Boston, during the period January 1, 1980, and ending June 20, 1980 at a cost not to exceed \$2,400.

Because of a typographical error in the original award letter, your approval is requested to change the ending date to read June 30, 1980. All other terms and conditions of the lease shall remain in full force and effect.

Since these facilities are both adequate and convenient, it is felt by the writer that public advertising would not be useful in this instance.

Sincerely,
John F. Kelly,
Executive Director.

REAL PROPERTY BOARD

**EMERGENCY REPAIRS
TO GOVERNMENT CENTER GARAGE.**

The City of Boston, acting by its Commissioner of Real Property, Room 811, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, hereinafter referred to as the Awarding Authority, hereby invites sealed general bids for the above-entitled project, subject to all applicable provisions of law, including without limitation, sections 39F and 39K through 39P of chapter 30 and sections 29 and 44A to 44L, inclusive, of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents.

Time and Place for Filing Bids

General bids will be received up until twelve o'clock noon, Boston time, Tuesday, February 10, 1981, at the office of the Awarding Authority, Room 811, City Hall, 1 City Hall Square, Boston, Mass. 02201, at which time and place they will be publicly opened and read aloud.

Bid Forms and General Documents

The form for general bids may be obtained daily (except Saturdays, Sundays, and holidays) on or after January 26, 1981, between 9 a.m. and 5 p.m., at the office of the Board, Room 811, City Hall, 1 City Hall Square, Boston, for a fee of twenty-five dollars (\$25), nonrefundable, (payable to the City of Boston), for each proposal.

General bids must be submitted on the appropriate forms for bid obtained from the Awarding Authority. The bids shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. Two copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). The general bids shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible general bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipula-

tion will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for employment are not discriminated against because of their race, creed, color, or national origin.

The Commissioner is allowing a seventy (70)-day period to complete this work starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

NOTICE: The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Preference Section contract provision of the specifications and the obligation of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract. The workforce requirement, (employee manhour ratios per trade) for this contract are as follows: Minority, 25 percent; Boston Resident, 50 percent; and Female, 10 percent.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE.

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation, expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas.

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in this notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Woburn, and the Islands of Boston Harbor, Mass.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially throughout the length of the contract, trade, and the contractor shall make a good effort to employ minorities and women on each of its projects.

The transfer of minority or female employees or trainees from contractor to contractor project to project for the sole purpose of the contractor's goals shall be a violation of the contract, the Executive Order and the regulations in 41 CFR Part 60-4. Compliance goals will be measured against the total hours performed.

No bid for the award of this project will be considered acceptable unless the contractor complies fully with the following requirements: Minority Business Enterprise Utilization.

Pursuant to the minority participation of the City of Boston contract, the contractor must give satisfactory assurance that a percentage of his bid price shall be expended on Minority Business Enterprise. For the purposes of this paragraph, the term minority business enterprise means a business at least 51 percent which is owned and controlled by minority members or, in the case of a public business, at least 51 percent of the business is owned by minority group members: Black, Hispanic, Oriental, or American Indian.

Included with the contract documents are copies of the "Minority Business Enterprise Form," "Minority Business Identification Statement," "Minority Business Utilization Report," and the "Minority Business General Contractor's Letter of Intent."

Each contractor must complete, sign, and submit his bid the Minority Business Enterprise Form. Failure to do so will result in the rejection of the bid proposal. The three lowest responsible bidders are required to submit a Minority Business Enterprise and General Contractor's Letter of Intent. The letter of intent shall be completed and signed by the minority business enterprise within five days of the time set for receiving bids. At the request of one or more of the three lowest bidders, the contractor must also be required to submit a Minority Business Identification Statement.

Contractors shall also avail themselves of a list of minority businesses to be provided through the Office of Minority Enterprise to facilitate compliance with requirements.

The attention of all bidders is specifically directed to the provisions of the contract documents including, with limitation, to all bidders and the provisions with bonds, insurance, equal employment opportunity, minimum wages, time of performance, and the requirements set forth in the specifications on equal employment opportunity, affirmative action and affirmative action program provisions. This requirement will be strictly enforced. *Proposals submitted without the forms will be rejected.* No bidder shall be awarded on this project unless he demonstrates to the satisfaction of the

ity his ability to comply with these re-
ents.

rospective bidders will be required to at-
prebid conference prior to submitting a

CITY OF BOSTON

Proceedings of City Council

Wednesday, August 27, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

The President called for a moment of silent meditation.

The meeting was opened with the salute to the flag.

DISAPPROVING ORDINANCE CREATING THE COMMISSION ON HUMAN RIGHTS

The following was received:

City of Boston
Office of the Mayor

August 21, 1980.

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, a proposed ordinance creating the Commission on Human Rights.

My reasons for disapproval are that for me to approve an ordinance which grants to the city no substantive power effectively to confront and to eliminate discrimination and disharmony would do a disservice to those of us who believe in the importance of addressing and alleviating these very serious problems.

Respectfully,

Kevin H. White,
Mayor.

City of Boston

In the Year Nineteen Hundred and Eighty
An Ordinance Creating the Commission on Human Rights.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Section 1: The City of Boston Code of Ordinances is hereby amended by adding after Title 12, chapter 15, a new chapter to be known as chapter 17, Commission on Human Rights (hereafter CHR) as follows:

Chapter 17. Commission on Human Rights
Section 400. Statement of Policy.

In the City of Boston, with a population consisting of large numbers of persons of every race, color, religious creed, national origin, ancestry, sex, age, political preference, and handicap, there is no greater danger to the health, morals, safety, and well-being of the city and its inhabitants than the existence of groups prejudiced against one another and antagonistic to each other based on such differences among them.

It is, therefore, the policy of the city: (1) to take all possible action to promote and foster harmony among its citizenry and to discourage actions which are likely to create added discord

among them; (2) to ensure that every individual residing therein, regardless of such differences, shall have an equal opportunity in areas guaranteed by law; (3) to assure that each individual residing therein shall have equal access to and benefit from all public services and equal enjoyment and exercise of civil rights.

Section 401. The Commission.

There is hereby created a commission to be known as the Commission on Human Rights (CHR), consisting of five members, who shall serve without compensation and appointed by the Mayor, subject to confirmation by the City Council. In making appointments, the Mayor shall select men and women whose background and experience reflect Boston's diverse ethnic, racial, religious, elderly, and handicapped communities. The commissioners shall elect one of them as chairperson. The Commission on Human Rights will be responsible for ensuring equal treatment, respect, and concern for all citizens, and for encouraging and bringing about mutual understanding and respect among all people in the city by working to eliminate prejudice, intolerance, bigotry, and discrimination.

Section 402: The Director and Staff.

The commission shall appoint an executive director who shall be a member of the Massachusetts Bar for a minimum of five years and who has demonstrated an interest in human rights law. The executive director shall have the powers and perform the duties established by this ordinance. The executive director may, subject to appropriations from time to time, establish within the office, such divisions and administrative units within such divisions as may be necessary for the efficient and economical administration of the office; and when necessary for such purpose, the executive director may abolish or merge any such other administrative units within divisions as the executive director may deem advisable. The executive director shall prepare and keep current a statement of the organization of the department, of the assignment of functions to its various administrative units, officers and employees, and of the places at which, and the methods whereby the public may receive information or make requests. In making staff appointments, the executive director shall employ men and women from among Boston's diverse ethnic, racial, religious, elderly, and handicapped communities.

Section 403. Duties, Powers and Responsibilities.

The Commission on Human Rights shall:

1. Receive and investigate complaints from residents of the City of Boston whose rights have allegedly been denied as to equal opportunity in areas guaranteed by law.

2. Work to ensure that the lawful rights guaranteed by municipal, state, and federal laws and executive orders are protected and respected.

3. Bring to the attention of the Massachusetts Commission Against Discrimination, or in appropriate cases, the attention of the Law Department of the City of Boston, or the District Attorney of Suffolk County, or the Attorney General of the Commonwealth of Massachusetts, or the United States Attorney, any discriminatory act prohibited by municipal law, state statute, federal statute or regulation or executive order, which is determined by CHR to have been perpetrated in the City of Boston, and assist in the prosecution of the same.

4. Investigate incidents of violence and prepare a program to prevent disorders in order to protect the rights of all citizens to live in safety without fear of harassment or intimidation.

5. Study existing federal, state and municipal laws, ordinances and regulations and recommend revisions to them.

6. Hold public hearings when such would, in its view, be helpful on matters brought before the CHR in accordance with existing laws and ordinances.

7. Conduct such programs and take such actions as seem likely to promote harmony and equal opportunity for all people in the City of Boston.

8. Strive to provide multilingual assistance to all residents of the City of Boston who seek assistance.

Section 404. Citizens Advisory Council on Violence.

In order to address the growing incidents of violence against residents of the city, there shall be established a "Citizens Advisory Council on Violence" which shall make recommendations to the Commission on Human Rights on means of reducing violence in the neighborhoods of the city. Said advisory council shall be comprised of twenty-two members who shall serve without compensation, who will represent the diverse ethnic, racial, religious, elderly, and handicapped communities of Boston's population. Each member, one from each of Boston's twenty-two wards, shall be appointed by the Mayor within thirty days following passage of this ordinance, subject to confirmation by the City Council.

The Advisory Council shall conduct public hearings in the various neighborhoods of the city, elicit public testimony and shall prepare a detailed report with specific recommendations and suggestions to assist city and community agencies in dealing with the increasing problem of violence in the city, including recommendations concerning youth unemployment, recreation programs, vocational training, and public housing. Said council shall submit its final report and recommendations to the Commission on Human Rights no later than November 1, 1981.

Section 405. Expiration.

This ordinance shall be published by the action of the City Council in passing the same; and unless extended by ordinance, shall expire after December 31, 1981. Eight weeks prior to the expiration date of this ordinance, the executive director shall file an annual report with the City Council and the Mayor, detailing the number and description of cases handled, the results of the cases handled, and any recommendations made to any city, state, or federal agency. The City Council shall, at this time, hold a public hearing on the effectiveness and purposefulness of the commission and its actions.

Assigned for 7 days for further action.

APPOINTMENTS BY THE MAYOR

Subject to confirmation by the City Council, the Mayor submitted the following appointments:

Constable with authority to serve civil process upon filing of bond for the term ending April 30, 1981:

Carroll R. Allston, 74 Waumbek Street, Roxbury; Joseph Barthel, 26 Edison Green, Dorchester;

CHAPTER 9 OF ORDINANCES OF 1979 TO BE REFERRED TO COMMITTEE OF THE WHOLE FOR HEARING SEPTEMBER 10, 1980

Coun. DiCARA offered the following:

Whereas, It is the duty of the City Council as the legislative branch of city government to enact whatever laws are necessary for the good, welfare, health and safety of the people of the City of Boston; and

Whereas, It has been alleged that personnel practices in the City of Boston have been unduly influenced by considerations of political loyalty rather than merit; and

Whereas, These allegations led to a major disruption in the functioning of city government; and

Whereas, The Administration Services Department budget, passed by the City Council, requested an appropriation to provide for the storing of such information within the computer systems purchased by the city as a result of appropriations approved by the City Council and operated as a result of appropriations approved by the City Council; and

Whereas, Chapter 66, section 10, provides that those having custody of public records shall permit them to be inspected and examined under supervision and shall furnish copies thereof on payment of a reasonable fee; and

Whereas, The Attorney General has stated that chapter 66, section 10, is to be broadly construed so as to permit the public liberal access to governmental records and to allow the business of government to be conducted in the open under full public scrutiny (Op. Atty. Gen. May 18, 1977, p. 157); and

Whereas, The data allegedly stored cannot constitute an unwarranted invasion of personal privacy since the public's interest in being informed about the influence of political activity upon personnel decisions far outweighs the privacy interest of any individual; and

Whereas, Chapter 66A of the General Laws, section 2 (1) prohibits the holder of information via data processing from collecting or maintaining more personal data than is reasonably necessary for the performance of the holder's statutory performance; and

Whereas, If, as alleged, information is being stored regarding the political activities of individual city employees, this is in violation of chapter 66A of the General Laws, section 2 (1); and

Whereas, Chapter 55, sections 13, 14, and 15, as adopted by the Great and General Court by the passage of chapter 151 of the Acts of 1975, reconfirms the traditional legislative intent that public employees cannot be coerced into providing political services and making campaign contributions; and

Whereas, Chapter 55, sections 16 and 17, quite succinctly states the legislative intent of the Great and General Court in passing Chapter 151 of the Acts of 1975:

"16 Public Officers and Employees Not Required to Contribute or Render Political Service; Penalty.

No person in the public service shall, for that reason, be under obligation to contribute to any political fund, or to render any political service and shall not be removed or otherwise prejudiced for refusing to do so . . .

17 Coercion of Public Officers or Employees Prohibited; Penalty.

No officer or employee of the Commonwealth or of any county, city or town shall discharge, promote or degrade an officer or employee, or change his official rank or compensation, or promise or threaten so to do, for giving, withholding or neglecting to make a contribution of money or other valuable thing for a political purpose . . . ; and

Whereas, Such information could constitute evidence of a violation of chapter 55, sections 16 and 17, inter al., which calls for a fine of "not less than one hundred nor more than one thousand dollars"; and

Whereas, The alleged activities could also constitute violations of rights established by collective bargaining agreements as authorized by the Great and General Court and duly adopted by the City Council and the unions in question, chapter 31 including but not limited to sections 51, 75, 77 and also Part the First Articles I, V, VII, VIII, XVI, XVIII, and XX of the Constitution of the Commonwealth of Massachusetts and the 13th and 14th Amendments to the Constitution of the United States; and

Whereas, It is the policy of the City of Boston that there be public access to information stored in computers, i.e., chapter 9 of the Ordinances of 1979:

"An Ordinance Relative to Public Access to Information.

Be it ordained by the City Council of Boston, as follows:

The City of Boston Code, Ordinances, Title 5 is

hereby amended by adding after section 128 as appearing herein the following new section:
Section 1.

Section 129. Notwithstanding any ordinance to the contrary, all information gathered for or stored in computerized, data processing, "mini computers," punch card data blanks, or any other retrieval systems operated, leased or owned by any city agency shall be considered as public records under the law. This ordinance shall apply to operations in Little City Halls and every city agency financed in part or whole with federal funds.

This ordinance shall apply to information in the aforesaid systems relating to city agencies, whether stored centrally, in a network information system, or a data bank located any distance outside Boston. Upon the written request of any citizen, city agency, or news media representative, information shall be produced within a reasonable time for inspection and a record copy issued at cost. Nothing herein shall be construed to create a right in other than the city agency owning or operating said data bank to request information through other than an existing city-owned or leased computer program or to reprogram said computer system.

This ordinance shall not apply to any data or information exempt from disclosure by state or federal law or rule of court and is subject to the provisions of G.L. chapter 66 or any similar federal law.

Section 2.

Notwithstanding the provisions of the City of Boston Code, Ordinances, Title 2, section 752, this ordinance shall be published by the action of the City Council in passing the same."

Whereas, The City Council passed this ordinance on March 21, 1979; and

Whereas, The Mayor approved it on March 26, 1979; and

Whereas, Under section 17F of chapter 452 of the Acts of 1948 (CBC Stat. 2, section 16):

"Appearance of Mayor, etc. Before Council

The City Council at any time may request from the Mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the Mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The Mayor at any time may attend and address the City Council in person or through the head of a department, or a member of a board, upon such subject as he may desire."; now, therefore, be it

Ordered, That chapter 9 of the Ordinances of 1979 be referred to the Committee of the Whole for a hearing on Wednesday, September 10, 1980; and be it further

Ordered, That the Mayor personally, or through the head of the Administrative Services Department or whatever department which might be responsible for this information, be requested to

bring with him computer printouts or other personnel documents dealing with aspects of performance in office excluding those protected by chapter 66A but including and not limited to those as alleged in the press including, "displayed yard signs, attendance at weekly Tuesday night precinct meetings, contributions to the Mayor's campaigns, and work at telephone banks and at the polls on election day."

Passed under suspension of the rules.

ORDINANCE AMENDING CBC, ORDINANCES, TITLE 8, SECTION 500 RE DEPARTMENT OF PLANNING AND DEVELOPMENT

Coun. DiCARA offered the following:

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1. The City of Boston Code, Ordinances, Title 8, section 500, is hereby amended by striking the words, "public works department," in the first line and inserting in place thereof the following: "the department of planning and development..."

Section 2. The City of Boston Code, Ordinances, Title 8, section 500, is hereby amended by striking the words, "commissioner of public works except as he acts as a member of said commission," in the fourth line and inserting in place thereof the following: "executive director of the department of planning and development..."

Section 3. The City of Boston Code, Ordinances, Title 8, section 500, is hereby amended by striking the words, "commissioner of public works," in the fourth line and inserting in place thereof the following: "executive director of the department of planning and development..."

Referred to the Committee on Planning and Development.

APPROVING PETITION FOR SPECIAL LAW RE URBAN REDEVELOPMENT AND PUBLIC HOUSING ACT

Coun. DiCARA offered the following:

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing substantially as follows:

Section 1. This act shall be known as the Urban Redevelopment and Public Housing Act.

Section 2. Definitions.

The following terms, whenever used in this act, shall have the following meanings:

"Development"—the process of construction or rehabilitation of residential and commercial buildings including public housing, commencing with planning and continuing through the stages of actual construction or rehabilitation until the project is completed.

"Management and maintenance"—responsibility for the effective and efficient operation of all public housing in the City of Boston including the repair, alteration, remodeling, demolition, clearance and condemnation of public housing units, but excluding repair, alteration or remodeling so extensive that the project becomes development, as defined above.

"Planning"—the composition of designs and/or the description of the stages of execution of an individual project, or group of projects, including proposals for project financing.

"Project"—a project as defined in section 1 of chapter 121A of the General Laws of Massachusetts.

"Public Housing"—any building or group of buildings containing residential units built and operated with federal or state funds, and previously under the management of the Boston Housing Authority and buildings hereafter built or acquired for the purpose of providing housing for low-income families and/or for the elderly of limited income in the City of Boston.

"Transfer employee"—a worker who is transferred into the Department of Planning and Development or into the Department of Housing Services, by passage and implementation of this act, and who had worked for the City of Boston or for the Boston Redevelopment Authority or for the Boston Housing Authority immediately prior to this reorganization.

"Urban Renewal or Urban Redevelopment"—as defined in section 1 of chapter 121B of the General Laws of Massachusetts.

Section 3. Chapter 652 of the Acts of 1960, as most recently amended by chapter 871 of the Acts of 1977, is hereby further amended by striking, in its entirety, section 12 and inserting in place thereof the following:

Section 12. Subject to the provisions of paragraphs (h) and (i) of section 18 of chapter 121A of the General Laws of Massachusetts, as appearing in section 11, the Department of Planning and Development, hereinafter referred to as the department, shall, in addition to its other powers and duties, have the powers and perform the duties from time to time conferred or imposed upon the housing boards of the Commonwealth by the provisions of sections 3, 4, 6, 6A, 6B, 6C, 7, 7A, 8, 9, 10, 11, 12, 13, 15, 16, 16A, 18, 18B, 18C, and 18D of chapter 121A with respect to a project thereunder in the City of Boston. The words, "housing board," "board," "Boston Redevelopment Authority," "hearing authority" (as used in section 6C only), "authority," or "planning board" (as used in sections 6 and 6B only), and any of the aforesaid words when used in sections 3, 14, and 14A of chapter 652 of the Acts of 1960, shall be deemed to mean the department; provided, however, that no vote of the department approving a project or any change therein or making or amending any rule, regulation or standard therefor shall be in force until approved by the Mayor of said city.

The Boston Redevelopment Authority is hereby abolished. The City of Boston transfers to the department all the planning and development functions formerly performed by said authority, as enumerated in the following sections of chapter 121B of the General Laws of Massachusetts: 18, 26, clauses (a), (b), (c), (d), (e), (f), (g), (1), and

(m), 30, 31, 34, excluding the tenth and eleventh paragraphs, 34B, 35, 37, excluding the sixth, seventh, eighth, and ninth paragraphs, 39, 41, and 41A.

The department shall have discretion over all the planning and development projects concerning public housing in the City of Boston, including the acquisition of additional public housing.

The Boston Landmarks Commission, as established by chapter 772 of the Acts of 1975, the Beacon Hill Architectural Commission, as established by chapter 616 of the Acts of 1955, and the Back Bay Architectural Commission, as established by chapter 625 of the Acts of 1966, are hereby abolished; their duties shall be assumed by the department.

The department shall make, and from time to time amend, reasonable rules and regulations for securing the approval of projects in Boston under said chapter 121A; and no rule, regulation or standard of the housing boards of the Commonwealth shall apply to such a project; however, the department's set of rules and regulations for securing project approval shall be subject to review by the Mayor and by the City Council acting by ordinance. The department shall have the powers and perform the duties conferred or imposed by this paragraph notwithstanding that it may have made a contract directly or indirectly affecting a project.

All the property of the City of Boston in the custody of the Boston Redevelopment Authority and all the funds in the possession of said authority are hereby transferred to the department. The city of Boston shall assume, by passage and implementation of this act, all the bonds, notes, and certificates of indebtedness of said authority, as enumerated in section 15 of chapter 121B of the General Laws of Massachusetts.

The Mayor shall have the power to appoint an executive director of the department subject to confirmation, by a majority vote, of the City Council and, in cooperation with the department, shall have the power to propose a departmental budget to be presented to the City Council for approval.

The establishment of the Department of Planning and Development shall not adversely affect the rights of any transfer employee who has served for more than five years as an employee of the City of Boston and who, by passage and implementation of this act, is transferred into the department from the Boston Redevelopment Authority, Boston Housing Authority, Boston Landmarks Commission, Beacon Hill Architectural Commission, or the Back Bay Architectural Commission. The said transfer employees shall retain their seniority from the date of their original employment as employees of the City of Boston; they shall become employees of the department without reduction in rank or compensation and without impairment of retirement rights, promotional, vacation, holiday, pension, or sick leave rights. The rules and regulations of Civil Service, as enumerated in chapter 31 of the General Laws of Massachusetts, shall not apply to any transfer employee or any future employee of the department, unless, prior to transfer, a transfer employee's status had been governed by the provisions of Civil Service. All employees of the department

shall be subject to the residency requirements of chapter 11 of the Ordinance of 1974 and chapter 9 of the Ordinance of 1976.

Section 4. Section 13 of chapter 652 of the Acts of 1960, as most recently amended by chapter 127 of the Acts of 1967, is hereby further amended by striking the word "authority," in the first sentence of the fourth paragraph, and inserting in place thereof the following: "the Department of Housing Services."

Section 5. Chapter 121B of the General Laws of Massachusetts, as most recently amended by chapter 714 of the Acts of 1979, is hereby further amended in the following sections:

Section 1 of said chapter 121B, as most recently amended by chapter 815 of the Acts of 1977, is hereby further amended in the following paragraphs:

In the fifteenth paragraph, insert at the end of the first sentence: "... and in Boston shall be known as the Department of Housing Services unless otherwise specified."

In the twenty-second paragraph, insert at the end of the first sentence: "... and in Boston shall be known as the Department of Planning and Development unless otherwise specified."

Section 3 of said chapter 121B shall be amended by inserting the following after the last sentence of the final paragraph:

"The Boston Housing Authority is abolished. The City of Boston hereby transfers all management and maintenance functions, formerly performed by said authority, to the Department of Housing Services, hereinafter referred to as the department. The department shall, in addition to its other powers and duties, have the powers and perform the duties from time to time conferred or imposed upon the housing authorities of the Commonwealth by the provisions of sections 3, 8, 26, clauses (h), (i), (j), and (k), 28, 29, 32, 33, 34, including only the tenth and eleventh paragraphs, 36, 37, including only the sixth, seventh, eighth, and ninth paragraphs, 38, 38A, 43, 43A, 44, and 44A of said chapter 121B.

The department shall assume full responsibility for all relocation efforts when such a public need arises due to displacement caused by the activities of the Department of Planning and Development or any other city department.

The department shall assume full responsibility for the inspection of all public housing in the City of Boston and for the enforcement of the State Sanitary Code, the Building Code, and the Fire Prevention Code.

All the property of the City of Boston in the custody of said authority and all the funds in the possession of said authority are hereby transferred to the department. The City of Boston shall assume, by the passage and implementation of this act, all the bonds, notes, and certificates of indebtedness of said authority, as enumerated in section 15 of said chapter 121B.

The Mayor shall have the power to appoint an executive director of the department subject to confirmation, by a majority vote, of the City Council and, in cooperation with the department, shall have the power to propose a departmental budget to be presented to the City Council for approval.

The establishment of the Department of Housing Services shall not adversely affect the rights of any transfer employee who has served for more

than five years as an employee of the City of Boston and who, by passage and implementation of this act, is transferred into the department. The aforesaid transfer employees shall retain their seniority from the date of their original employment as employees of the City of Boston; they shall become employees of the department without reduction in rank or compensation and without impairment of retirement rights, promotional, vacation, holiday, pension, or sick leave rights. The rules and regulations of Civil Service, as enumerated in chapter 31 of the General Laws of Massachusetts, shall not apply to any transfer employee or any future employee of the department, unless, prior to transfer, a transfer employee's status had been governed by the provisions of Civil Service. All the employees of the department shall be subject to the residency requirements of chapter 11 of the Ordinance of 1974 and chapter 9 of the Ordinance of 1976. The aforesaid transfer employees may retain their rights as members of a union and may retain a bargaining unit, if such is the preference of the majority of the members of the union. If a bargaining unit is retained, the City of Boston shall recognize the most recent contract."

Section 5 of said chapter 121B, as most recently amended by chapter 707 of the Acts of 1979, is hereby further amended by inserting the following at the end of the last sentence of the first paragraph: "In Boston, the Mayor shall appoint, subject to confirmation by the City Council, an executive director of each department performing the duties usually performed by the housing or redevelopment authorities."

Section 7 of said chapter 121B is hereby amended by inserting the following at the end of the first sentence of the first paragraph: "In Boston, the Mayor shall appoint, subject to confirmation by the City Council, an executive director who shall appoint all other executive officers and supervise the hiring of all other employees of the operating agency in question."

Section 9 of said chapter 121B, as most recently amended by chapter 183 of the Acts of 1979, is hereby further amended in the following clauses:

Insert the following after the word "agencies," in the last sentence of clause (d): "... and in Boston shall apply to the Department of Planning and Development."

Insert the following at the end of clause (f): "In Boston, the Department of Housing Services shall have exclusive jurisdiction over relocation efforts and shall have exclusive jurisdiction over the repair, alteration, remodeling, demolition, clearance and condemnation of all public housing. All other aforesaid duties mentioned in this clause are, in Boston, reserved for the Department of Planning and Development."

Insert the following at the end of clause (g): "In Boston, all such relocation payments shall be made by the Department of Housing Services."

Section 32 of said chapter 121B, as most recently amended by chapter 699 of the Acts of 1979, is hereby further amended by inserting the following after the word, "completion," in the first sentence of the first paragraph: "... which, in Boston, is achieved through the efforts of the Department of Planning and Development."

Section 49 of said chapter 121B is hereby amended by inserting the following at the end of

clause (c): "... in Boston, the aforesaid functions shall be the responsibility of the Department of Housing Services whenever a public housing project is concerned."

Section 6. Chapter 121A of the General Laws of Massachusetts, as most recently amended by chapter 514 of the Acts of 1978, is hereby further amended in the following sections:

Section 6 of said chapter 121A, as most recently amended by chapter 827 of the Acts of 1975, is hereby further amended by inserting the following after the words, "for displaced families herein provided," in the third sentence of the second paragraph: "... which process, in Boston, shall be the responsibility of the Department of Housing Services."

Section 8 of said chapter 121A, as most recently amended by chapter 652 of the Acts of 1960, is hereby further amended by inserting the following after the first sentence of the second paragraph: "In Boston, the Department of Housing Services shall assume all the functions of maintenance, repair, inspection and code enforcement for public housing units."

Referred to the Committee on Planning and Development.

APPROVING PETITION FOR SPECIAL LAW RE REPEALING CHAPTER 333 OF ACTS OF 1978

Coun. LANGONE offered the following:

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing substantially as follows:

That chapter 333 of the Acts of 1978 of the M.G.L. be and hereby is repealed.

Coun. SEARS in the chair.

President IANNELLA in the chair.

Coun. LANGONE moved that the rules be suspended and the order be passed.

The motion was not carried, yeas 3, nays 6:

Yeas—Councillors Langone, O'Neil, Tierney—3.

Nays—Councillors DiCara, Flynn, Iannella, McDonough, Sansone, Sears—6.

REQUESTING PARKS AND RECREATION DEPARTMENT NAME FLOWER GARDEN IN NORTH END IN HONOR OF ROSE KENNEDY

Coun. SANSONE, for all the Councillors, offered the following:

Whereas, Rose Fitzgerald Kennedy who was born at Garden Court in Boston's North End on June 22, 1910, recently celebrated her ninetieth birthday; and

Whereas, Mrs. Kennedy has served her country well as the mother of nine outstanding children, who exemplified service and dedication to our nation as they served in the United States Armed Forces, the United States House of Representatives, the United States Senate, and one as President of the United States; and

Whereas, Mrs. Kennedy's contribution to Boston is unparalleled in dedication to the betterment of our society, as well as to millions of Americans as she and her family have provided inspiration to generations of Americans; therefore, be it

Ordered, The Parks and Recreation Department of the City of Boston officially name the flower garden in North Square of Boston's North End: The Rose Kennedy Rose Garden, in memory of an outstanding woman in Boston's history.

Passed under suspension of the rules.

ORDINANCE AMENDING SECTION 1, CHAPTER 2, ORDINANCES OF 1954, AS REVISED, RE USE OF CERTAIN SPACE IN CITY HALL (CITY HALL GALLERY)

Coun. SEARS offered the following:

Whereas, The City Council Gallery on the fifth floor of City Hall, adjoining the Council offices was described in the original plans of City Hall as being under the control of the Council; and

Whereas, There are Council offices on both sides of the Gallery; and

Whereas, The Gallery, now known as City Hall Gallery, therefore is clearly within the control of the City Council; now, therefore

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance

Be it ordained by the City Council of Boston, as follows:

Section 1 of chapter 2 of the Ordinances of 1954, as revised in section 15 of chapter 1 of the Ordinances of 1961, is hereby amended by inserting at the end of the first sentence the following new sentence:

The rooms on the fifth floor of City Hall known as the City Hall Gallery shall be under the control of the City Council, and the Council is authorized to use said rooms, or to offer them for a period not in excess of five years for use by departments, commissions or agencies whose activities are funded from the city Treasury.

Referred to the Committee of the Whole.

On motion of Councillor IANNELLA the Rules of the City Council were suspended in order to include the following on the Consent Agenda:

GRATITUDE TO ROBERT WOOD, FORMER SUPERINTENDENT OF THE BOSTON PUBLIC SCHOOLS

Coun. DiCARA, for all the Councillors, offered the following:

Whereas, Dr. Robert Wood, born in St. Louis, Missouri, graduated from Princeton University summa cum laude, received a master's degree in 1947 and a Ph.D in 1950 from Harvard University; and

Whereas, He has a national reputation as an educator, urbanist, and administrator and was the first superintendent chosen from outside the Boston system in sixty-six years; and

Whereas, Dr. Wood has held numerous prestigious positions including president of the University of Massachusetts, professor of political science at the Massachusetts Institute of Technology, and former Cabinet secretary under past President Lyndon Johnson; and

Whereas, He has made numerous changes benefiting the Boston School Committee including the acceptance of a request for a 1.6 million-dollar grant from the state for vocational education proposals to be implemented in September, 1980, one of the earliest notification and implementation dates in years; and

Whereas, Dr. Robert Wood developed an affirmative action plan for Boston schools and also has greatly reduced the number of student problems with the bus service; and

Whereas, He took steps to aid bilingual and minority students through the Voluntary Lau Compliance Plan, where all Boston bilingual students were tested and placed in appropriate Lau categories, further developing the bilingual curriculum; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, thanks Dr. Robert Wood for his outstanding accomplishments benefiting the Boston public schools; and further be it

Resolved, That the Boston City Council is grateful for his devoted service as the past superintendent of the Boston Public Schools.

Adopted upon approval of the Consent Agenda.

SUPPORTING EFFORTS OF PEOPLE OF POLAND TO SECURE ECONOMIC, POLITICAL AND RELIGIOUS FREEDOM

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, The courageous actions by Polish workers and their families to secure economic, political, and religious freedom has earned the respect and admiration of freedom-loving people across the world; and

Whereas, The fate of the Polish workers and their cause is of particular concern to the many people of Polish descent in the City of Boston who have made such an important and lasting contribution to the culture and well-being of our city; and

Whereas, The goals sought by the people of Poland—free trade unions, the elimination of censorship and the right of media access by the church—are basic human and civil rights which the people of our nation enjoy each day; and

Whereas, The history and culture of Poland, particularly as personified in the life and example of Pope John Paul II, has made a permanent impact not only to the people of the United States but across the world; and

Whereas, The people of Boston have always sought to support the actions of freedom-loving people to secure their political and human rights; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially expresses its support, on behalf of the people of the City of Boston, for the efforts of the people of Poland

to secure economic, political, and religious freedom in that country and hereby further expresses its commendation to the people of Polish descent in the city who have been actively working for many years to support the valiant struggles of the people of their homeland to achieve the long-awaited goals of freedom and justice; and be it further

Resolved, That copies of this resolution be forwarded to the members of the Massachusetts Congressional delegation.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO MARTIN PIERCE ON HIS ELECTION AS SECRETARY/ TREASURER OF IAF

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Martin Pierce, a native of the Charlestown neighborhood of the city, presently serves as president of the Fire Fighters Local 718, and as vice-president of the Massachusetts State Labor Council; and

Whereas, On August 21, 1980, Martin Pierce was elected to serve as secretary/treasurer of the International Association of Fire Fighters at its annual convention in Toronto, Canada; and

Whereas, The election of Martin Pierce as secretary/treasurer of the International Association of Fire Fighters is a tribute to his hard work and dedication on behalf of the members of our country's most dangerous profession; and

Whereas, As an officer of the International Association of Fire Fighters, Martin Pierce will have many important and wide-ranging responsibilities which will impact the lives and well-being of fire fighters and their families across the country; and

Whereas, Throughout its history, the International Association of Fire Fighters has worked diligently to improve safety and working conditions for fire fighters who each day risk their lives and well-being of fire fighters and their families across the country; and

Whereas, Throughout its history, the International Association of Fire Fighters has worked diligently to improve safety and working conditions for fire fighters who each day risk their lives in order to protect public safety and well-being; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially congratulates Martin Pierce on his election as secretary/treasurer of the International Association of Fire Fighters and extends to him every best wish for success in his new position.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO JOHN JENNINGS ON ELECTION AS TRUSTEE OF IAF

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, John Jennings has long been involved in efforts to improve the safety and working conditions of members of the Boston Fire Department; and

Whereas, Presently, John Jennings serves as a member of the Pension and Welfare Committee of the Fire Fighters Local 718; and

Whereas, At its recent convention held in Toronto, Canada, John Jennings was elected a trustee of the International Association of Fire Fighters; and

Whereas, As a trustee of the International Association of Fire Fighters, John Jennings will have the opportunity to further his contributions on behalf of the members of our country's most dangerous profession; and

Whereas, The people of the City of Boston are proud that a member of the Boston Fire Department has been elected to this prestigious and important position with the International Association of Fire Fighters; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially congratulates John Jennings on his election as a trustee of the International Association of Fire Fighters and extends to him every best wish for success in his new position.

CONGRATULATIONS TO MR. AND MRS. JOSEPH LOMOND ON THEIR THIRTY-FIFTH WEDDING ANNIVERSARY

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Thirty-five years ago on September 2, 1945, Mr. and Mrs. Joseph Lomond, of L Street in South Boston, were married at Saint Augustine's Church in South Boston; and

Whereas, During their life together, Joseph and Clare Lomond have been blessed with six children and five grandchildren who are all a credit to their parents and community; and

Whereas, Joseph and Clare Lomond have contributed unselfishly both to their family and to the community life of the South Boston neighborhood; and

Whereas, The lifelong example of Joseph and Clare Lomond in setting a high standard for family life is a tribute to their dedication to those values and an outstanding model for others to follow; and

Whereas, On September 6, 1980, the children of Mr. and Mrs. Joseph Lomond will have a surprise thirty-fifth wedding anniversary party at the Lithuanian Club in South Boston to thank them for all they have contributed to their family; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially congratulates Mr. and Mrs. Joseph Lomond on the occasion of their thirty-fifth wedding anniversary and extends to them its best wishes for many more years of health and happiness together.

Adopted upon approval of the Consent Agenda.

COMMENDATION TO THOMAS P. BEGGAN ON INSTALLATION AS COMMANDER OF THE SUFFOLK COUNTY COUNCIL, AMERICAN LEGION

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Thomas P. Beggan of South Boston served his country during World War II as a

member of the United States Coast Guard; and

Whereas, After returning to South Boston from active duty, Thomas P. Beggan has served in various offices of the American Legion; and

Whereas, Among his duties while a member of the American Legion, Thomas P. Beggan has served as commander of the Saunders Post 383, chairman of the Parade Committee for the Suffolk County Memorial Day and Veterans Day observances; and

Whereas, In addition to his active involvement with veterans' affairs in the American Legion, Thomas P. Beggan has also contributed greatly to the well-being of the South Boston Community in many ways, including as chief marshal of the 1980 St. Patrick's Day/Evacuation Day Parade; and

Whereas, On Saturday, September 6, at the Gate of Heaven CYO Hall in South Boston, Thomas P. Beggan will be installed as the sixty-second commander of the Suffolk County Council District 7 American Legion; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially commends Thomas P. Beggan of South Boston on being installed as commander of the Suffolk County Council, American Legion and extends to him every best wish for success in his new post.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO JOSEPH A. ROY, JR., AND FAMILY

Coun. LANGONE offered the following:

Whereas, Joseph A. Roy, Jr. and his wife Deborah, will celebrate their ninth year of marriage; and

Whereas, The Roys, who are blessed with one daughter, Ghuorghia, will also be celebrating the unity of their family; and

Whereas, In a celebrated Mass at St. John the Baptist's Greek Orthodox Church, family members, friends, and well-wishers will attend the renewal of their marriage vows; and

Whereas, The Roys are residents of Alhambra Road in West Roxbury, and Joseph is a member of the N. G. Berman Veterans Association; now, therefore, be it

Resolved, That the Boston City Council, in assembly today, congratulates the Roys on this most joyous occasion, and wishes them much happiness and long life.

Adopted upon approval of the Consent Agenda.

COMMENDATION TO POLICE OFFICER DANIEL KEELER

Coun. SEARS, for all the Councillors, offered the following:

Whereas, Patrolman Daniel Keeler of the Boston Police Department jumped from the Boston University Bridge to the Charles River below to rescue a man from imminent drowning, thus placing his own life in jeopardy and displaying a selfless courage in the line of duty; and

Whereas, In a society that increasingly turns its back on its neighbors and fellow citizens, this sort of concern and valor is all too rare, and is very much in the best and highest tradition of the Boston Police Department, now, therefore, be it

Resolved, That the Boston City Council, in assembly today, congratulates and commends Patrolman Daniel Keeler for his bravery and selflessness in the execution of his duty.

Adopted upon approval of the Consent Agenda.

APPROVING APPLICATION FOR GRANT OF \$40,000 FOR STUDY OF TRANSPORTATION SERVICE FOR HANDICAPPED AND ELDERLY CITIZENS

The following was received:

City of Boston

Office of the Mayor

August 21, 1980.

To the City Council.

Dear Councillors:

I transmit herewith and I urge you to adopt an order authorizing the city to apply for not more than forty thousand dollars (\$40,000) from the U.S. Department of Transportation under the provisions of the Urban Mass Transportation Act of 1964, as amended. If funded the grant will enable the city to undertake a planning study to address the problem of how to provide a higher quality, more reliable, and cost-effective transportation service for the elderly and handicapped citizens in the city.

Attached is a copy of the proposed application.

I hope that you will give the attached order your earliest consideration and approval.

Respectfully,

Kevin H. White,
Mayor.

City of Boston

Traffic and Parking Department

August 21, 1980.

Mayor Kevin H. White,

City of Boston.

Dear Mayor White:

Attached is a proposed City Council order permitting the city to apply for \$40,000 in federal funds from the U.S. Department of Transportation. The funds will allow the Traffic and Parking Department to undertake a planning study which will address the problem of how to provide a higher quality, more reliable, and cost-effective

transportation service for the elderly and handicapped citizens in the city.

I urge your support of this grant and I respectfully request the prompt submission of this order to the City Council.

Sincerely,

H. Joseph Powderly,
Commissioner.

Whereas, The Secretary of Transportation is authorized to make grants for mass transportation projects and

Whereas, The city has prepared an application for the funding of a planning study which will address the problem of how to provide a higher quality, more reliable, and cost-effective transportation service for the elderly and handicapped citizens in the city; and

Whereas, The application is entitled "User-Side Subsidy Shared-Ride Taxi Service for Elderly and Handicapped Citizens: A Planning Study Proposal"; and

Whereas, The city is seeking funding in the amount of not more than \$40,000 to carry forth this project; and

Whereas, It is required by the U.S. Department of Transportation in accord with the provisions of Title VI of the Civil Rights Act of 1964, that in connection with the filing of an application for assistance under the Urban Mass Transportation Act of 1964, as amended, the applicant give an assurance that it will comply with Title VI of the Civil Rights Act of 1964 and the U.S. Department of Transportation requirements thereunder; and

Whereas, It is the goal of the applicant that minority business enterprise be utilized to the fullest extent possible in connection with this project, and that definitive procedures shall be established and administered to ensure that minority businesses shall have the maximum feasible opportunity to compete for contracts when procuring construction contracts, supplies, equipment contracts, or consultant and other services; and

Whereas, The Mayor has submitted to the Council an application for this project; now, therefore, be it

Ordered, That the Mayor, acting on behalf of the City of Boston, be, and hereby is, authorized to apply for financial assistance from the Urban Mass Transportation Administration of the U.S. Department of Transportation under the Service and Methods Demonstration Program, in the amount of forty thousand dollars (\$40,000), and in connection therewith to execute and deliver such documents as may be required by the federal government and to act as the representative of the City of Boston in connection with said application, and pursuant to G.L. ch. 44, s. 53A, to expend such funds in conformity with said application.

Referred to the Committee on Government Finance.

AUTHORIZING EXPENDITURE OF GRANT OF \$10,000 TO DEVELOP CITY-WIDE FIRE REPORTING SYSTEM

The following was received:

City of Boston
Office of the Mayor

August 20, 1980.

To the City Council.

Dear Councillors:

Under the provisions of sections 9 (b) (1) and 9 (b) (2) of the Federal Fire Prevention and Control Act of 1974, the City of Boston has been awarded a grant, not to exceed \$10,000, by the United States Fire Administration for a project entitled "Development and Operation of a City-wide Fire Incident and Casualty Reporting System."

I recommend prompt adoption of the enclosed order, which authorizes the expenditure of these funds, for the purpose for which they were granted.

Respectfully,

Kevin H. White,
Mayor.

City of Boston
Fire Department

August 20, 1980.

Kevin H. White, Mayor,

City of Boston.

Dear Mayor White:

Attached is a proposed City Council order permitting the city to expend \$10,000 in federal funds recently awarded by the United States Fire Administration. The funds will support the project entitled "Development of a City-wide Fire Incident and Casualty Reporting System," which will be administered by the Boston Fire Department.

Attached please find a copy of the grant award letter from the U.S. Fire Administration.

I urge your support of this grant and I respectfully request the prompt submission of this order to the City Council.

Sincerely,

George H. Paul,
Fire Commissioner/Chief.

Ordered, That approval be, and hereby is, given under section 53A of chapter 44 of the General Laws for expenditure by the Mayor, acting through the Commissioner, Boston Fire Department, of \$10,000 to be granted by the United States Fire Administration under the provisions of sections 9 (b) (1) and 9 (b) (2) of the Federal Fire Prevention and Control Act of 1974 for a project, entitled "Development and Operation of a City-wide Fire Incident and Casualty Reporting System."

Referred to the Committee on Public Safety.

DESIGNATING ROBERT E. HOLLAND SPECIAL MUNICIPAL EMPLOYEE

The following was received:

City of Boston
Office of the Mayor

August 26, 1980.

To the City Council.

Dear Councillors:

I transmit herewith, and recommend that you adopt, an order designating Robert E. Holland as a special municipal employee pursuant to the provisions of General Laws, chapter 268A, section 1 (n).

The Administrative Services Department has entered into a contract with Mr. Holland to provide assistance to the Office of Labor Relations in collective bargaining matters.

Because Mr. Holland's associates, like other attorneys, from time to time represent clients who have interests that are adverse to the city's, it is necessary to designate Mr. Holland as a special municipal employee.

I therefore, urge your prompt adoption of this order.

Respectfully submitted,
Kevin H. White,
Mayor.

Ordered, That Robert E. Holland be, and hereby is, designated a special municipal employee in accordance with the provisions of G.L. c. 268A, s. 1(n) for the purposes of his personal service contract with the City of Boston Administrative Services Department.

Referred to the Committee on Government Operations.

DESIGNATING PHILIP MURRAY SPECIAL MUNICIPAL EMPLOYEE

The following was received:

City of Boston
Office of the Mayor
August 25, 1980.

To the City Council.
Dear Councillors:

I transmit herewith, and recommend that you adopt, an order designating Philip Murray as a special municipal employee pursuant to the provisions of General Laws, chapter 268A, section 1(n).

The Law Department has entered into a contract with Mr. Murray to provide technical assistance to the department in developing an operational plan for the most efficient and economical management of personnel and material resources.

Because Mr. Murray's associates, like other attorneys, from time to time represent clients who have interests that are adverse to the city's, it is necessary to designate Mr. Murray as a special municipal employee.

I, therefore, urge your prompt adoption of this order.

Respectfully submitted,
Kevin H. White,
Mayor.

Ordered, That Philip Murray be, and hereby is, designated a special municipal employee in accordance with the provisions of G.L. c. 268A, s. 1(n) for the purposes of his personal service contract with the City of Boston Law Department.

Referred to the Committee on Government Operations.

DESIGNATING NORTH STATION AREA AS A COMMERCIAL AREA REVITALIZA- TION DISTRICT

The following was received:
City of Boston
Office of the Mayor

To the City Council.

Councillors:

I transmit herewith to you a resolution originating from the Boston Redevelopment Authority that I urge you to adopt.

This resolution will create a Commercial Area Revitalization District (CARD) in the North Station area of the city. The creation of the North Station CARD will give commercial enterprises located within its boundaries access to development incentives that are presently available only to manufacturing firms. These development incentives include tax-exempt, revenue-bond financing through the Boston IDFA, mortgage insurance, through the Massachusetts Industrial Finance Agency, and a state, corporate, excise-tax credit through the Urban Job Incentive Bureau of the Massachusetts Department of Commerce.

Your timely adoption of this resolution will serve to make these needed development incentives available to aid in the revitalization of this important commercial area of the city.

Respectfully,
Kevin H. White,
Mayor.

(Annexed hereto is the documentation referred to.)

Whereas, In accordance with chapters 40D and 23D, Massachusetts General Laws, the Commonwealth of Massachusetts acting by and through the Secretary of Communities and Development may approve Commercial Area Revitalization Districts plans (herein referred to as CARD plans); and

Whereas, Such approval is a precondition for the use of various state financial incentives for commercial development that would be in the public interest of the citizens of Boston; and

Whereas, The redevelopment of the North Station CARD, the boundaries of which are described on page 9 of the application for designation of the North Station CARD, would further the community development objectives of the City of Boston and would result in the physical redevelopment of said district and the creation of employment opportunities of a character consistent with that contemplated by the above-cited statutes; now, therefore, be it

Ordered:

1. That the North Station Commercial Area Revitalization District described above (and herein referred to as the CARD) is a predominantly commercial geographic area; and

2. That implementation of the proposed CARD plan will serve to avert and reverse the decay of

the area covered by the plan and will help deter the movement of commercial enterprises into a previously noncommercial area; and

3. That the North Station CARD plan is hereby approved and that said plan shall be submitted to the Secretary of Communities and Development for approval.

Referred to the Committee on Planning and Development.

DESIGNATING THEATRE DISTRICT/CHINATOWN AS COMMERCIAL AREA REVITALIZATION DISTRICT

The following was received:

City of Boston
Office of the Mayor

To the City Council.

Councillors:

Enclosed is a resolution, originating from the Boston Redevelopment Authority, that I urge you to adopt.

This resolution would create the Theatre District/Chinatown Commercial Area Revitalization District (CARD) and make commercial enterprises within its boundaries eligible for tax-exempt, revenue-bond financing through the Boston Industrial Financing Authority, mortgage insurance, through the Massachusetts Industrial Finance Agency, and the programs of the Urban Job Incentive Bureau of the Massachusetts Department of Commerce.

In addition, recent legislative action now permits the use of these development incentives for mixed residential and commercial projects.

The Theatre District/Chinatown CARD is surrounded by and includes a wide variety of residential, retail, office, performing arts, and commercial area. It encompasses Boston's Theatre District, its Chinatown, and the retail, commercial, office district along lower Washington Street and part of Boylston Street.

This entire area is now in the process of significant physical, social, and economic change and is presently subject to considerable development pressures due to a number of large commercial and institutional projects adjacent to the Theatre District/Chinatown CARD. These projects include, Lafayette Place, the new State Transportation Office Building, the Metropolitan Center, and South Station.

The availability of CARD-related development incentives will assist the developers of smaller residential, commercial, and performing arts projects to obtain permanent financing at lower-than-market interest rates and provide a needed catalyst to aid in the revitalization of this important area of downtown Boston.

Respectfully,

Kevin H. White,
Mayor.

(Annexed hereto is the documentation referred to.)

Whereas, In accordance with chapters 40D and 23B of the Massachusetts General Laws the Commonwealth of Massachusetts, acting by and through the Secretary of Communities and Development, may approve Commercial Area Revitalization District plans (herein referred to as CARD plans); and

Whereas, Such approval is a precondition for the use of various state financial incentives for commercial and mixed commercial and residential development that would be in the public interest of the citizens of Boston; and

Whereas, The redevelopment of the Theatre District/Chinatown CARD, the boundaries of which are described on page 6 of the application for designation of the Theatre District/Chinatown CARD, would further the community development objectives of the City of Boston and would result in the physical redevelopment of said district and the creation of employment opportunities of a character consistent with that contemplated by the above-cited statutes; now, therefore, be it

APPROPRIATION OF \$263,918.52 FOR EASTERN REGIONAL LIBRARY

The following was received:

City of Boston
Office of the Mayor

August 18, 1980.

To the City Council.

Councillors:

I am submitting herewith an order in the amount of \$263,918.52 for the Eastern Regional Library.

I respectfully recommend adoption of this order by your Honorable Body.

Very truly yours,

Kevin H. White,
Mayor.

The Trustees of the Public Library
of the City of Boston

August 11, 1980.

Hon. Kevin H. White,

Mayor of Boston.

Dear Mr. Mayor:

It is respectfully requested that your Honor introduce into the City Council an appropriation order whereby there will be available in the Eastern Regional Library's Budget (3-10-12) the sum of \$263,918.52, which is currently being held by the Collector-Treasurer.

This appropriation represents the state reimbursement for the period April and May, 1980, for the Eastern Regional Library System operated by the Boston Public Library as provided in the contract between the Commonwealth of Massachusetts, acting by the Board of Library Commissioners in its Department of Education, and the City of Boston, acting by the laws of the Commonwealth of Massachusetts, c. 78, s. 198, which became effective on October 26, 1966.

This request is being made at this time in order that the revolving fund being used for the operation of the Eastern Regional Library System may be reimbursed.

Sincerely,
Philip J. McNiff,
Director.

Ordered, That from state reimbursements for the Eastern Regional Public Library under General Laws, c. 78, s. 19C, the sum of \$263,918.52 be, and the same hereby is, appropriated to the Board of Trustees in charge of the Library Department for the purposes of the Eastern Regional Public Library.

3-10-12, Eastern Regional Public Library, \$263,918.52.

On motion of Coun. LANGONE the rules were suspended; the order was passed.

REPORT OF COMMITTEE ON URBAN RESOURCES

Coun. SEARS, for the Committee on Urban Resources, submitted the following:

Report on message of the Mayor and appointment (referred April 2) (Docket No. 0467) of Francis W. Gens as a member of the Boston Water and Sewer Commission—recommending that the appointment ought not be confirmed.

The report was accepted; the appointment was not confirmed, yeas 2, nays 7:

Yeas—Councillors Iannella, Langone—2.

Nays—Councillors DiCara, Flynn, McDonough, O'Neil, Sansone, Sears, Tierney—7.

AUTHORIZING RETENTION OF COUNSEL TO INITIATE LEGAL ACTION RE EX- PENDITURE OF CITY FUNDS FOR PAY RAISES

Couns. FLYNN, SANSONE, SEARS, McDONOUGH, and O'NEIL offered the following:

Whereas, Section 5 (g) of the Acts of 1909 (as contained in CBC St. 2, sec. 752) specifically provides that any department or agency head's salary may be increased, reduced, or abolished by ordinance; and

Whereas, The Mayor has created numerous Mayoral agencies which practically operate as departments or agencies of the city, in derogation of the provisions of the City Charter; and

Whereas, The Mayor, in apparent violation of the provisions of the City Charter, has granted pay raises totaling \$2 million, effective September 2, 1980, for 400 non-Civil Service administrators and political advisors, including department and agency heads, without the approval or authorization of the City Council by ordinance; and

Whereas, The only pay raises provided for in the Fiscal Year 1981 appropriations order and operating budget approved by the City Council were an average 7 percent across the board increase as provided for by collective bargaining agreements reached with Civil Service line department employees; and

Whereas, The expenditure of \$2 million in unauthorized funds to pay raises will require the use of city funds for purposes other than which they were specifically appropriated and either the firing of other city employees or the reduction in services to city residents in order to avoid deficit spending; and

Whereas, Serious questions have been raised during this time of fiscal austerity in the city about the large size of many of the pay raises granted by the Mayor, some of which were in excess of 50 percent; and

Whereas, Further questions have been raised about the criteria of the award of large pay raises on the basis of performance in political campaigns rather than in city duties; and

Whereas, The morale of career Civil Service employees is significantly damaged when promotions and pay increases are granted on a political rather than a professional basis; and

Whereas, The unauthorized expenditure of funds by the Mayor for pay raises for department or

agency heads violates the integrity of the legislative process and represents a usurpation of authority by the executive over the legislative branch of city government; now, therefore, be it

Ordered, That, in light of the deep and overriding concern in preserving the de facto existence and the integrity of the legislative branch of city government in Boston, the Boston City Council, in meeting assembled, hereby authorizes the retention of counsel to initiate legal action in Suffolk Superior Court on its behalf to suspend the further expenditure of city funds for any pay raises for department or agency heads or other non-Civil Service employees not expressly authorized by ordinance or for which no specific appropriation was passed by the City Council, and to stop the further expenditure of city funds for purposes other than the purposes for which the funds were appropriated.

Coun. DiCARE in the chair.

Coun. FLYNN moved that the order be passed under suspension of the rules.

On motion of Coun. IANNELLA the question first came on suspension of the rules.

The rules were not suspended, yeas 4, nays 3: Yeas—Councillors Flynn, McDonough, O'Neil, Sansone—4.

Nays—Councillors DiCARE, Iannella, Sears—3.

Voting present—Councillors Langone, Tierney—2.

Referred to the Committee of the Whole.

MEETING OF COMMITTEE OF THE WHOLE

Coun. LANGONE moved that the City Council recess at 3:10 p.m. for a meeting of the Committee of the Whole for the purpose of implementing the provisions of Docket No. 0942.

Coun. TIERNEY moved to amend the previous motion to include the foregoing order just referred to the Committee of the Whole and that a member of the firm of Choate, Hall & Stewart and a member of the Law Department be present.

The amendment was carried.

President IANNELLA in the chair.

The motion, as amended, was carried, yeas 8, nays 0:

Yeas—Councillors DiCARE, Flynn, Langone, McDonough, O'Neil, Sansone, Sears, Tierney—8.

Nays—0.

Voting present—Councillor Iannella—1.

RECESS

On motion of Coun. LANGONE the Council voted to recess at 3:10 p.m., subject to the call of the chair. The members reassembled in the City Council Chamber and were called to order by President Iannella at 3:20 p.m.

REPORT OF COMMITTEE OF THE WHOLE

Coun. IANNELLA, for the Committee of the Whole, submitted the following:

Ordered, That the Boston City Council's Committee of the Whole summons Jerry Mechling, Edward T. Sullivan, John Flanagan, James Kelley, Lynne Mooney, Micho Spring, George Regan, Newell Cook, William McNeill, Harold Carroll, and all others deemed necessary to appear next Wednesday, September 17, 1980, at 2 p.m. in relation to Docket No. 0942.

The report was accepted; the order was passed. Later in the session Coun. LANGONE moved reconsideration of the previous vote.

Reconsideration prevailed.

Coun. LANGONE moved that the name of Katherine Kane be added to the list of people to be summonsed.

The motion was carried.

The order, as amended, was passed.

COMMITTEE OF THE WHOLE TO HOLD HEARING ON SEPTEMBER 17, 1980 RE LOAN OF \$60,000,000 IN ANTICIPATION OF REVENUE

Coun. IANNELLA offered the following:

Ordered, That in connection with Docket No. 0908, Order, Loan of \$60,000,000, in anticipation of revenue, the Committee of the Whole, be, and hereby is, authorized and directed to conduct a hearing at 2:30 p.m., on September 17, 1980, with stenographer present, causing to appear at such hearing the Director of Administrative Services, the Collector-Treasurer, the Acting Auditor, the Supervisor of Personnel, Mayoral Assistant Maria Micho Spring, and such others as can give testimony relative to the city's financial condition and rate of expenditures, including personnel and policy changes increasing or decreasing the need for borrowing.

Coun. LANGONE moved that the order be amended by removing the word "Acting" before the word "Auditor."

The motion was carried.

The order, as amended, was passed under suspension of the rules.

APPOINTMENT OF TEMPORARY EMPLOYEES

Coun. IANNELLA offered the following:

Ordered, That effective Wednesday, September 10, 1980, the following-named persons be, and they hereby are, appointed to the positions set against their respective names until Wednesday, October 1, 1980:

Amy Dominici, legislative aide, at \$205.80.

Thomas McDonough, legislative aide, at \$137.20.

William Burke, legislative assistant, at \$275.

Passed under suspension of the rules.

DISAPPROVING VARIOUS ITEMS OF APPROPRIATION AND TAX ORDERS FOR FISCAL 1980-81

Coun. McDONOUGH called up, under unfinished business, No. 20 on the calendar, viz.:

20. Message disapproving various items of the Appropriation and Tax Orders for Fiscal Year

1980-81 passed by the City Council July 30, 1980. (Docket No. 0704.)

Filed August 14, 1980. Sections IV, V, VI, VII, VIII, and IX assigned for seven days for further action.

Sections IV, V, VI, VII, VIII and IX, as disapproved by the Mayor on August 14, 1980, were passed notwithstanding his disapproval—yeas nine.

APPROPRIATE COMMITTEE TO HOLD HEARING RE CLOSING OF CERTAIN SOUTH END STREETS

Coun. TIERNEY offered the following:

Whereas, The BRA and the Traffic and Parking Commission of the City of Boston have approved the closing of certain streets in the South End section of Boston; and

Whereas, Said closings present a threat to the safety and well-being of the residents of the South End; now, therefore, be it

Ordered, That an appropriate committee of the City Council hold a public hearing immediately on the closing of certain streets in the South End section of the City of Boston.

Referred to the Committee on Neighborhood Services.

APPROVING PETITION FOR SPECIAL LAW RE POSITIONS OF SUPERINTENDENT AND DEPUTY SUPERINTENDENT IN BOSTON POLICE DEPARTMENT

Coun. O'Neil called up from the table No. 25, viz.:

25. Order approving petition for special law concerning the positions of superintendent and deputy superintendent in Boston Police Department. (O'Neil, July 30, 1980) (Docket No. 0767).

The order was passed, yeas 8, nays 1:

Yeas—Councillors Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Sears, Tierney—8.

Nays—Councillor DiCara—1.

On motion of Councillor LANGONE Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

COUNCIL TO TAKE ALL STEPS NECESSARY TO OBTAIN CERTAIN BUDGET INFORMATION PREVIOUSLY REQUESTED IN 17F ORDER

Coun. LANGONE offered the following:

Ordered, That the City Council take any and all steps—in any manner—that are legally necessary to obtain the payroll, contract, and budget information requested in the section 17F order (Docket No. 0926), that was filed and passed by the City Council on August 20, 1980.

Referred to the Committee of the Whole.

On motion of Councillor LANGONE Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

CERTAIN INFORMATION RE PROPERTY REVALUATION IN BOSTON

Coun. LANGONE offered the following:

Whereas, The City of Boston is now in the

process of raising the valuations of property in this city; and

Whereas, His Honor, the Mayor, has declared that one-third of all the property valuations will be raised over the next three years; and

Whereas, The Assessing Department has been in the process of upgrading the valuations for the past month; now, therefore, be it

Ordered, That the Boston City Council request his Honor, the Mayor, to make available the valuation information as to the number of parcels being raised throughout the city; and be it further

Ordered, That this information be made available to the City Council within fourteen days.

Passed under suspension of the rules.

On motion of Councillor DiCARA Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

ORDINANCE REVISING THE SALARY SCHEDULE OF CERTAIN MUNICIPAL OFFICERS

Coun. DiCARA offered the following:

City of Boston

In the Year Nineteen Hundred and Eighty An Ordinance Revising the Salary Schedule of Certain Municipal Officers.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1. City of Boston Code, Ordinances, Title 5, section 105, is hereby amended by striking out the words "police commissioner" on line 2, Category II, and adding after Category V, the following:

Category VI shall include: the police commissioner, who shall receive as salary fifty-five thousand dollars.

Referred to the Committee on Government Operations.

On motion of Councillor SEARS Rule 10 of the Rules of the City Council were suspended in order to introduce the following:

BUDGET RECOMMENDED BY MAYOR AND ADOPTED BY COUNCIL ON JULY 30, 1980 TO STAND

Coun. SEARS offered the following:

Whereas, Mayor Kevin H. White in August, 1980, purported to approve in part, and disapprove in part, Docket No. 0704, an order appropriating funds for the operations of the city department and Suffolk County, and thereafter the Mayor signed the portion of the budget which he purports to have approved; and

Whereas, The Mayor's recommendation, under Statute 6, No. 251 of the City Code, would have been deemed adopted had the Council failed to act, but the Council did act, and adopted the Mayor's recommendations with respect to the Finance Commission, the Community School program, the City Clerk, and (with minor reduction) the budget of the City Council itself; and

Whereas, The Mayor has thus attempted, in the absence of any statutory permission, to reduce his own recommendations; and

Whereas, The power accorded the Mayor in Statute 2, No. 15 of the City Code is not a power to reduce items but only a power to disapprove, in part, wholly unlike authority granted the Governor "to disapprove or reduce items or parts of items in any bill appropriating money," as set forth in section 5 of Article 63 of the Articles of Amendments to the Constitution of Massachusetts; now, therefore, be it

Ordered, That the Mayor's purported disapproval in part is null and void, and the budget stands as recommended by the Mayor and as adopted by the Council on July 30, 1980.

Coun. DiCARA in the chair.

On motion of Coun. SEARS, the order was referred to the Committee of the Whole.

On motion of Councillor IANNELLA the Rules of the City Council were suspended in order to include the following on the Consent Agenda:
CONGRATULATIONS TO MR. AND MRS. JEREMIAH BEASLEY ON FIFTIETH WEDDING ANNIVERSARY

Coun. O'NEIL, for all the Councillors, offered the following:

Whereas, Mr. and Mrs. Jeremiah Beasley, of Charlestown, were wed on September 21, 1930; and

Whereas, Jeremiah and Hannah are the proud parents of four and grandparents to seventeen; and

Whereas, The Beasleys have given of themselves whenever there was a need for their time or their personal involvement; and

Whereas, Jeremiah and Hannah will join family and friends in celebration of their fiftieth, Golden Wedding Anniversary on September 14, 1980; now, therefore, be it

Resolved, That the Boston City Council extend its heartfelt congratulations to Mr. and Mrs. Beasley on this commemorative occasion and wish them many more years of good health and happiness together.

Adopted upon the approval of the Consent Agenda.

HONORING THE HEROISM OF RICHARD MICHAEL DOHERTY

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Richard Michael Doherty was born on November 18, 1960, and lived his entire life in the City of Boston; and

Whereas, Throughout his life Richard Doherty was a credit to his family, friends and community; and

Whereas, Richard Doherty's life ended tragically on March 28, 1980, when he saw a man being attacked, and in the finest and highest act of human courage and concern, risked his own life in order to save another; and

Whereas, The life and example of Richard Doherty will continue to live on in the City of Boston among all those who seek to ensure a city

where all people can live in harmony and peace; and

Whereas, The people of the City of Boston mourn with the family and friends of Richard Doherty at his sudden loss and hope that this tragedy will show others the senselessness of violence in any form against any person; therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially honors the life and heroism of Richard Michael Doherty and extends its deep condolences to his family and friends that, while the pain of his tragic death will never be forgotten, his life and example will serve to show the city and its residents the meaning of true human concern and respect for the value of all human life.

Adopted upon approval of the Consent Agenda.

CONSENT AGENDA

The following matters were adopted and passed upon the approval of the Consent Agenda as a whole:

WELCOMING INTERNATIONAL ACADEMY OF TRIAL LAWYERS AND DONALD O'BRIEN TO BOSTON

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, On September 13, 1980, the International Academy of Trial Lawyers will be holding its regional conference in Boston this year at the Sheraton to help celebrate the occasion of Boston's 350 Birthday celebration; and

Whereas, Attending that conference will be Donald O'Brien, executive director of the International Academy of Trial Lawyers, who is an attorney from San Jose, California; and

Whereas, Donald O'Brien, who is an active member of the International Academy of Trial Lawyers, has been instrumental in organizing this year's conference; now, therefore, be it

Resolved, That the Boston City Council, in assembly today, welcomes the International Academy of Trial Lawyers to Boston, and congratulates Mr. O'Brien for his interest in the academy.

Adopted upon approval of the Consent Agenda.

WELCOMING TYREE B. HARRIS, PRESIDENT OF THE INTERNATIONAL ACADEMY OF TRIAL LAWYERS, TO BOSTON

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, The International Academy of Trial Lawyers will be holding its regional meeting on September 13, 1980, at the Boston Sheraton; and

Whereas, At this year's regional meeting, the president of the International Academy of Trial Lawyers, Tyree B. Harris, will be honored by his colleagues and invited guests; and

Whereas, Tyree B. Harris, who was born in Nashville, Tennessee, in 1921, admitted to the bar in 1942, and graduated from the University of Tennessee, College of Law in 1943, served as a member of the Board of Editors of the Tennessee Law Review; serves as a member and past president of the Nashville Tennessee and American Bar

Associations; serves as a member of the Federation of Insurance Council; the American Judicature Society, and a fellow of the American College of Trial Lawyers; and

Whereas, The International Academy of Trial Lawyers is pleased to welcome Mr. Tyree B. Harris to its regional meeting in Boston; therefore, be it

Resolved, That the Boston City Council, in assembly today, welcomes Tyree B. Harris and all members of the International Academy of Trial Lawyers and invited guests to Boston on the occasion of Boston's 350 Birthday celebration.

Adopted upon approval of the Consent Agenda.

RECOGNIZING LOUISE FARLEY'S INITIATIVE AND ONGOING EFFORTS IN CLEANUP OF BOSTON

Coun. SEARS, for all the Councillors, offered the following:

Whereas, Louise Farley, a Back Bay resident, has for fifteen years waged war on the litter problem in her neighborhood by being a one-woman, litter control committee and work force; and

Whereas, This Boston native has dutifully worked to keep the Kenmore Square, Fenway, and Back Bay areas free of debris by stooping to collect the trash that other citizens irresponsibly discard; and

Whereas, She has undertaken this crusade in a strictly volunteer capacity, organizing two litter patrol crews for a recent day-long cleanup of her neighborhood; now, therefore, be it

Resolved, The Boston City Council in recognition of Louise Farley's initiative and on-going efforts in the cleanup of Boston, extends its appreciation to her.

Adopted upon approval of the Consent Agenda.

The several orders were passed, yeas 9, notwithstanding the disapproval of the Mayor.

Adjourned at 4:20 p.m., on motion of Councillor Iannella, to meet on Wednesday, September 17, 1980, at 1 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

CITY OF BOSTON

Proceedings of City Council

Wednesday, September 17, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

Reverend James H. Lane, Pastor of St. Brendan's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY THE REVEREND
JAMES H. LANE

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

Father, You have promised that where two or three are gathered in Your name, You will be with them. Aware of Your "Living Spirit" among us, we turn to You in supplication. Your spirit reaching down to enlighten our minds; strengthening our wills; enriching us with Your love and mercy.

You have created each person to do some definite service, some work which is not given to another. Grant to these municipal legislators the confidence, the courage to realize their mission of commitment of service to the citizens of Boston.

We pray that what we say here and what we do here may reflect our unwavering faith in You and manifest our concern for all Your citizens. "May Your kindness and blessing, O Lord, be upon us who have put our hope in You."

We ask this through Christ our Lord.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

The meeting was opened with the salute to the flag.

CONSENT AGENDA

The following matters were adopted and passed upon the approval of the Consent Agenda as a whole:

GRATITUDE TO LEADERS OF BOSTON,
ENGLAND, FOR COMING TO HELP
BOSTON, MASSACHUSETTS, CELEBRATE
ITS ANNIVERSARY

Coun. SEARS, for all the Councillors, offered the following:

Whereas, The City of Boston, Massachusetts, looks with affection and respect, to the City of Boston, Lincolnshire, as its parent and progenitor, and source of many of its first citizens, and of the spirit and courage which gave us life and purpose; and

Whereas, The people of both cities are presently sharing a remembrance of the holy friar, St. Botolph, whose anniversary recalls to us both our common origin and strong beginnings; and

Whereas, On the occasion of the 350th birthday of Boston, Massachusetts, we have been honored by a visit in force by the leaders of Boston, Lincolnshire, including his Worship, the Lord Mayor, and Mayoress; Lord and Lady Boston of Faversham; and five members of the City Council, with their families, who have traveled far to be with us at a happy time, and have been gracious and interesting guests; now, therefore, be it

Resolved, That the City Councillors of Boston, Massachusetts, in meeting assembled on September 17, 1980, three hundred and fifty years to the day from the original vote to adopt for ourselves the name "Boston," do express their deep gratitude to their transatlantic colleagues, and to all the citizens they represent, for their generous gesture in coming among us to improve and illuminate our anniversary celebration.

Adopted upon approval of the Consent Agenda.

Coun. SEARS moved that when the Council adjourn today it do so in affectionate salute to the City of Boston, Massachusetts.

The motion was carried.

HONORING THOMAS F. FOLEY FOR MANY
YEARS OF SERVICE TO YOUNG PEOPLE
OF ST. ANN'S PARISH, NEPONSET

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Thomas F. Foley is a lifelong resident of the Neponset neighborhood of Dorchester; and
Whereas, For the past thirty years, Thomas F. Foley has dedicated thousands of volunteer hours as a baseball coach, basketball coach, friend, and advisor to the young people of St. Ann's Parish in Neponset; and

Whereas, The encouragement, support, and advice Thomas F. Foley has given to the young people of St. Ann's Parish has made a lasting impact on hundreds of young people, their families and the entire Dorchester community; and

Whereas, In addition to his volunteer efforts at St. Ann's, Thomas F. Foley served the people of Boston for many years as a member of the Boston Fire Department; and

Whereas, As a way of showing their appreciation for his years of dedicated service to the young people of St. Ann's Parish, the many friends and neighbors of Thomas F. Foley will honor him at the annual Neponset VFW Reunion to be held Friday, October 10, 1980, at the I.B.E.W. Hall in Dorchester; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially congratulates Thomas F. Foley for his many years of service to the young people of Neponset and extends to him its best wishes for every future success and happiness.

Adopted upon approval of the Consent Agenda.

WISHING FORMER SPEAKER OF THE
UNITED STATES HOUSE OF REPRESENTATIVES, JOHN W. MCCORMACK, A
SPEEDY RECOVERY

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, Boston's No. 1 Citizen, John W. McCormack, is currently at the New England Lahey Clinic recovering from a siege of pneumonia; and

Whereas, John W. McCormack is one of the greatest living Americans who has done so much for this great City of Boston, the state of Massachusetts, and the nation, having served as Speaker of the House under seven presidents; and

Whereas, During his illustrious career, John W. McCormack has been a recipient of many honors bestowed on him by various governments throughout the world, as well as his own country; and

Whereas, The recognition that he has received ranks him in history with great leaders of our time, such as Roosevelt, Churchill, Eisenhower, Kennedy, and others; now, therefore, be it

Resolved, That the Boston City Council wishes him a speedy recovery and a return to his daily routine at his office at the McCormack Federal Building where he so much enjoys meeting with his constituents.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO MASSACHUSETTS
REHABILITATION HOSPITAL ON ITS
TENTH ANNIVERSARY

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, Today marks the tenth anniversary of the Massachusetts Rehabilitation Hospital located on Nashua Street in Boston; and

Whereas, Ten years ago this country suddenly developed an urgent need for hospitals which could provide inpatient rehabilitation care, and two knowledgeable Bostonians, Josiah Spaulding, president and chairman of the Board, and Dr. John Knowles, then director of the Massachusetts General Hospital, saw this need and thus a ten-story hospital was designed and opened; and

Whereas, The Massachusetts Rehabilitation Hospital serves a great need for the ill, especially the elderly who are forced to leave the hospitals after receiving their primary care, and are still in need of care and attention. When the hospital first opened its doors, its major programs included only stroke and orthopedics, but later reorganized to include cardiac diseases, chronic pain, spinal cord injury, arthritis, and pediatrics; and

Whereas, In 1975, the administration changed towards a geographic-based hospital, a full-time physician staff, and initiated clinical affiliations with Tufts University School of Medicine, Harvard Medical School, and many other teaching institutions. In 1977, an alcoholism rehabilitation program began; and

Whereas, Under the direction of Manuel J. Lipson, M.D., executive director, the Massachusetts Rehabilitation Hospital has become increasingly sophisticated in its program availability, and now serves an area within a 30-mile radius of Boston. It is the largest rehabilitation center east of Chicago and the largest employer of therapists in Massachusetts, and yet still Massachusetts Rehabilitation Hospital plans to build an addition to increase its services, and become one of the leading rehabilitation hospitals of the world; therefore, be it

Resolved, That the Boston City Council, in assembly today, congratulates the Massachusetts Rehabilitation Hospital's founding fathers, staff, and employees on the occasion of the tenth anniversary of the hospital, and wishes the Massachusetts Rehabilitation Hospital much success in its endeavor to become one of the leading rehabilitation hospitals of the world.

Adopted upon approval of the Consent Agenda.

COMMENDING DANIEL MCGONAGLE FOR SERVICE TO YOUNG PEOPLE OF SOUTH BOSTON

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Daniel McGonagle of the South Boston neighborhood of the city has served the young people of his community for the past seven years as a member of the staff of the Tynan Community School; and

Whereas, During this time, Daniel McGonagle has worked for, with, and in support of the youth of South Boston; and

Whereas, His dedication and devotion to young people has had a positive impact on programming at the Tynan School and the South Boston community at large; and

Whereas, In his capacity as gym director, Daniel McGonagle has developed an atmosphere of sportsmanship and open community participation in the

athletic programs at the Tynan Community School; and

Whereas, On Saturday evening, September 20, at the Lithuanian Club in South Boston, the many friends and co-workers of Daniel McGonagle will honor him with a special testimonial dinner; now, therefore, be it

Resolved, That the Boston City Council in meeting assembled, hereby officially commends Daniel McGonagle for his many years of dedicated service on behalf of the young people of the South Boston neighborhood of the City of Boston.

Adopted upon approval of the Consent Agenda.

MAYOR TO ORDER PUBLIC WORKS DEPARTMENT TO DETERMINE LOCATION OF WATER SHUT-OFF VALVES AND BOSTON WATER AND SEWER COMMISSION TO MAINTAIN TWENTY-FOUR-HOUR COMMUNICATION SYSTEM

Coun. LANGONE offered the following:

Whereas, Early Sunday morning, September 14, 1980, Boston City Hall was flooded from a broken water main which caused much damage to the first floor, the extent of which could amount to hundreds of thousands of dollars; and

Whereas, The water shut-off valve was covered by the asphalt poured during the cleanup by the City of Boston prior to the Tall Ships visit when Congress Street, downtown Boston, all Beacon Hill, Back Bay, and the North End areas were closed off to the public and were resurfaced; and

Whereas, The workmen were unable to locate the shut-off valve for several hours while the water poured into Boston City Hall, and the Boston Water and Sewer Commission was unavailable because the office telephones were not manned during that Sunday; and

Whereas, The number of main water valves covered in the various locations mentioned are not determinable at this time, and if a water break or other emergency arises, a similar situation could occur; now, therefore, be it

Ordered, That the Boston City Council, requests his Honor, the Mayor, to order the Public Works Department to take immediate steps to correct this situation, and requests that the Boston Water and Sewer Commission maintain a twenty-four-hour communications systems, so that whenever a similar emergency situation exists, they will be better prepared.

Passed under suspension of the rules.

On motion of Councillor O'NEIL Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

REPORT OF COMMITTEE ON PUBLIC SAFETY

Coun. O'NEIL, for the Committee on Public Safety, submitted the following:

Report on message of the Mayor and order (referred September 10) (Docket No. 0967), permitting city to expend grant of \$10,000 from United States Fire Administration—recommending that the order ought to pass.

The report was accepted; the order was passed.

APPOINTMENT OF
BERNARD W. CALLAHAN

Notice was received from the Mayor of the appointment of Bernard W. Callahan, 21 Upcrest Road, Brighton, to be Commissioner of Real Property for the City of Boston for a term expiring January 1, 1984.

Placed on file.

APPOINTMENT OF ROBERT R. VENUTI

Notice was received from the Mayor of the appointment of Robert R. Venuti, 100 Commercial Street, Boston, to be Assistant Commissioner of Real Property for the City of Boston for the term expiring January 1, 1984.

Placed on file.

On motion of Councillor McDONOUGH Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

ORDINANCE AMENDING CBC,
ORDINANCE 6, CHAPTER 1

Coun. McDONOUGH offered the following:

Whereas, It is the policy of the city that persons employed by the city shall hold such positions in accordance with chapter 31 of the Massachusetts General Laws, or lawful exception thereto; and

Whereas, It is the policy of the city that no city funds shall be expended for the payment of persons employed by the city unless such funds are first lawfully appropriated for the express purpose of such payment; and

Whereas, It is the policy of the city that no funds be expended for the payment of any increased salary levels of any city employee unless an appropriation has been made for the specific purpose of paying such increased salary; now, therefore,

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1. The City of Boston Code, Ordinance 6, chapter 1, shall be, and hereby is, amended by adding at the end thereof the following new section:

The Auditor shall examine every demand for a payroll payment rendered by any agency or department of the city, and shall ascertain whether the following facts exist: (a) That all persons whose names appear thereon were lawfully hired in accordance with the provisions of

chapter 31 of the Massachusetts General Laws, or a specific statutory exemption from said chapter 31; and (b) That funds specifically appropriated for the purpose of paying such persons at the salary levels provided for on the payroll are on hand in a sufficient amount for the payment of such payroll.

If the Auditor finds that all of said facts exist, he shall make appropriate notations on said payroll, including the specific statute granting exemption from said chapter 31, if any, and forthwith forward the same to the Collector-Treasurer for payment. If the Auditor finds that any of such facts do not exist, he shall return the payroll with his objections to the person submitting the same. If said Auditor fails to comply with the provisions of this ordinance, he shall be punished by a fine not to exceed two hundred dollars for each such offense.

Section 2. This ordinance shall be published by the action of the City Council in passing the same.

Referred to the Committee on Government Operations.

CITY OF BOSTON

Proceedings of City Council

Wednesday, September 24, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

Reverend James H. Lane, Pastor of St. Brendan's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY THE REVEREND
JAMES H. LANE

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

Father, 350 years ago, under Your Divine Guidance and Protection, a people brought to our shores a charter of freedom, a hope for a land of just and equal laws, a society free from every form of injustice and tyranny.

Today we meet to secure, to foster, to protect those ideals of our forefathers: A nation, a state, a city celebrating and praising the memory of our American heritage under Divine Providence. Today, 1980, Father in Heaven, we join together under that same banner of guidance "doing and speaking and serving" with Your Gifts, Your Grace, Your Talents, leaving for posterity a monument of faith and hope and service.

May we learn to serve You—Father of us all—and each other with an unselfish care and concern. We are Your hands, Your eyes, Your head, Your soul. May we direct all our efforts in and with and through Your Holy Name.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

The meeting was opened with the salute to the flag.

VISITOR TO CITY COUNCIL

President IANNELLA, in behalf of the City Council, welcomed State Representative Chase Untermeyer of Houston, Texas.

APPROVING INDUSTRIAL DEVELOPMENT
PROJECT FOR 310 McCLELLAN HIGH-
WAY REALTY TRUST

The following was received:

City of Boston
Office of the Mayor

September 15, 1980.

Hon. City Council
Boston City Hall.
Councillors:

With this letter I transmit to you a proposed City Council order concerning the request of 310 McClellan Highway Realty Trust for industrial revenue bond-financing of its development project.

The proposed project involves the development of an air freight facility to be located at 310 McClellan Highway, East Boston. The project will enable the expansion of Burlington Northern Air Freight, Inc., which currently occupies the adjacent site. Currently employing forty-four, full-time and nine part-time people, Burlington Northern expects to add ten to thirty workers in the next two years.

The 310 McClellan Highway Trust project represents an opportunity to expand an industrial use important to the city's economic development.

Therefore, I request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

City of Boston

Economic Development and Industrial Corporation
Industrial Development Financing Authority
September 12, 1980.

Hon. Kevin H. White, Mayor, and
Honorable City Council of the

City of Boston.

Dear Mayor White, Councillors:

The Boston Industrial Development Financing Authority has reviewed and considered an industrial development project proposed by 310 McClellan Highway Realty Trust. The trust comprises Grossman Industrial Properties, Inc., South Bayshore Associates, and Mark C. Dickinson, president of Dickinson Development Corporation.

The proposed project involves the development of an air freight facility to be located at 310 McClellan Highway, East Boston. The site is within the property known as "Air Park East," an airport-oriented industrial park in which four air freight forwarders are presently located. The project is being undertaken to meet the expansion needs of an existing tenant, Burlington Northern Air Freight, Inc. which occupies the facility adjacent to the project site. The proposed development involves the construction of a 15,675 square-foot building and site improvements.

The estimated total cost of the project is \$899,500 which comprises: \$710,000 for building construction; \$20,000 in site improvements; \$40,500 in construction interest; and \$129,000 in legal, architectural, and financing fees. The trust plans to finance \$800,000 of the project's costs by the issuance of industrial revenue bonds by the city, acting by and through the Authority, and will finance the remaining costs or expenses, if any, from its own resources. The trust has expressed its willingness to enter into agreements whereby it will make payment to the city sufficient to pay the principal of and interest on the industrial development bonds as they come due and to reimburse the city for or indemnify the city against any expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated.

The project will enable Burlington Northern to hire ten to thirty new workers within two years, adding to its current workforce of forty-four, full-time and nine, part-time people. The project will contribute to the alleviation of unemployment in the city and be of benefit to the economy of the city and Commonwealth.

The members of the Authority are persuaded that this project will be of benefit to the economy, and in the best interests of the City of Boston and of the Commonwealth of Massachusetts. The members believe that the project may be properly financed through the issuance of industrial development bonds under chapter 40D of the General Laws and that it warrants the assistance of the city in this manner. Accordingly, we respectfully request that the Mayor recommend to the Honorable City Council that it approve the industrial development project for the company, the estimated cost thereof and the financing thereof under chapter 40D. The members of the Authority and representatives of the company will undertake to provide to the Mayor and the Honorable City Council any additional information concerning the project which you may request.

Sincerely,
Boston Industrial Development
Financing Authority,
By William H. O'Leary,
Vice-Chairman.

310 McClellan Highway Realty Trust Project Background Information

310 McClellan Highway Realty Trust, the beneficial interests of which are held by Grossman Industrial Properties, Inc., South Bayshore Associates (owned by Hospital Mortgage Group, Inc. and Transco Realty Trust), and Mark C. Dickinson, president of Dickinson Development Corp., are planning to develop a fourth air freight and office facility to be located at 310 McClellan Highway, East Boston. The property of which this building will be a part is known as "Air Park East" and is located approximately 1½ miles north of Logan Airport. This is an airport-oriented industrial park in which four air freight forwarders are presently located as well as an off airport alternative parking operation.

Air Park East is bounded by McClellan Highway on the front, the B&M Railroad tracks and the Chelsea Creek on the rear and Auto City (which is in the process of being sold to P&L Sportswear) on the side. The highway serves as an effective barrier from the residential neighborhoods of East Boston and the three previous buildings have been built without any community opposition because of the isolated nature of the site.

The building will contain 15,675 square feet, which will include 3,300 feet of office space equally divided between two floors. The rest will be warehouse/dock space. The building will be a masonry and steel structure which will contain loading doors on one side and a two-level office area in the front. It will be similar in appearance to the so-called A.F.S.A.C. building recently completed.

The project is being undertaken to meet the expansion needs of an existing tenant and employer of Air Park East, Burlington Northern Air Freight, Inc. Burlington Northern occupies an adjacent 25,500 square-foot facility and presently employs about fifty-three people. Their business has expanded so rapidly that they already need an additional facility. There is a shortage of existing space for air freight businesses in East Boston and Burlington Northern needs this additional space to meet minimal storage and shipping requirements. This demand for space was recently highlighted in

The Boston Globe (July 5, 1980), in an article on the business page which discussed Massport's proposed Bird Island Flats Development. In the article, Mr. Norman Faramelli, director of planning for Massport, is quoted as saying "air cargo is growing like crazy"; that "air cargo goes together beautifully with high technology"; and that a "major reason for the increase in demand for air freight services is for the areas of electronics industry."

The total project cost is \$899,500 and an \$800,000 Industrial Revenue Bond is being requested. This is a very expensive development because of the unusual site problems. The building will require deep piles as well as a structural slab which alone will add approximately \$9 per square foot to the cost of the basic building. Because of the high interest rates in the conventional market today, this project is not economically feasible without the benefit of Industrial Revenue Bond-financing. Alternative sites less costly to acquire and less costly to develop are not presently available in East Boston, but may be available in nearby Revere. If Burlington Northern cannot expand its operation, they could be forced to leave East Boston, thereby creating a possible loss of fifty-three existing jobs as well as not providing the additional prospect for ten to thirty new jobs at the proposed site.

The estimated assessment of the land to be acquired is \$22,612, generating \$5,719 in taxes. The new building will be assessed at approximately \$65,312 and generate an additional \$16,517 in taxes. Therefore, the total taxes will be an estimated \$22,236 for the project upon its completion.

City of Boston Industrial Development Financing Authority Secretary's Certificate

I, Lawrence A. Bianchi, the duly elected secretary of the Boston Industrial Development Financing Authority, do hereby certify as follows:

1. A meeting of the Boston Industrial Development Financing Authority was held on September 10, 1980, at the offices of the Authority, 18 Tremont Street, Boston, Mass., pursuant to notice duly given to each member of the Authority in accordance with the Authority's bylaws.

2. The following members of the Authority were present and voting throughout said meeting: Lawrence A. Bianchi, secretary; Matthew McGrath; William O'Leary, vice-chairman.

3. Notice of said meeting was duly filed with the City Clerk and publicly posted. Said meeting was open to the public, no deliberations or decisions with respect to the attached resolutions concerning 310 McClellan Highway Realty Trust Industrial Revenue Bond Financing were held or made in executive session; the official records of the meeting were made available to the public promptly thereafter and they shall remain available to the public; and in the foregoing respects and in all other respects, said meeting was conducted in accordance with the open meeting law requirements set forth in sections 23A through 23C, chapter 39 of the Massachusetts General Laws, as amended.

4. The attached copy of the resolution concerning 310 McClellan Highway Realty Trust Industrial Revenue Bond Financing is a true, correct and

accurate copy of the resolution duly adopted by vote of the members of the Board of Directors of the Authority at said meeting held on September 10, 1980.

Date: September 10, 1980.

Lawrence A. Bianchi,
Secretary.

Whereas, An industrial development project to be owned by 310 McClellan Highway Realty Trust (the "Trust") and used by Burlington Northern Air Freight, Inc., a corporation having its principal place of business at 4350 Von Karman Avenue, Newport Beach, California 92660 (hereinafter referred to as "Burlington"), in the storage, handling and transportation of air freight has been proposed for the City of Boston; and

Whereas, Said development project will consist generally of (1) construction on a 1.067-acre site at 310 McClellan Highway, East Boston, of a two-story facility containing approximately 15,675 square feet, of which approximately 12,375 square feet will be used for warehouse/truck docking space and the balance will be used for related office space; and (2) necessary site improvements, including the installation of utilities; and

Whereas, The said industrial development project is to be owned by the Trust and the Trust has expressed willingness to make payments sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay costs of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Trust, will provide full-time employment in addition to employment currently provided by Burlington for approximately ten to thirty persons during the two years following completion and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment, and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The estimated cost of said industrial development project is \$899,500 and the Trust has requested financing through industrial development bonds in the amount of \$800,000 and has indicated its willingness to finance the balance of said estimated cost of said project and costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through this Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; whereas,

The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the Trust and Burlington to construct and improve the proposed project in the City of Boston; and

Whereas, This resolution is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they

may now and hereafter exist in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; now, therefore, be it

Resolved, That, subject to the approval of the City Council and of the Massachusetts Industrial Finance Agency and upon such terms and conditions as shall later be determined by further resolutions of this Authority, this Authority hereby determines to issue industrial development bonds of the city in a principal amount not in excess of \$800,000 for the development project to be owned by the Trust used by Burlington described hereinabove; that this Authority hereby requests that the City Council take the necessary action to approve said industrial development project, the estimated cost thereof and the financing thereof by this Authority pursuant to chapter 40D of the General Laws; and that the chairman, vice-chairman or secretary of this Authority be, and hereby is, authorized to prepare and deliver to the City Council a letter on behalf of the Authority stating such request and recommending favorable action thereon.

Whereas, An industrial development project is proposed for the City of Boston by the Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be owned by 310 McClellan Highway Realty Trust (the "Trust") and used by Burlington Northern Air Freight, Inc., a corporation having a principal place of business at 4350 Von Karman Avenue, Newport Beach, California 92660 (hereinafter referred to as "Burlington"), in the business of storage, handling and transportation of air freight; and

Whereas, Said development project will consist generally of (1) construction on a 1.067-acre site at 310 McClellan Highway, East Boston, of a two-story facility containing approximately 15,675 square feet, of which approximately 12,375 square feet will be used for warehouse-truck docking space and the balance will be used for related office space; and (2) necessary site improvements, including the installation of utilities; and

Whereas, The said industrial development project is to be owned by the Trust and the Trust has expressed willingness to make payments sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay costs of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Trust, will provide full-time employment in addition to employment currently provided by Burlington for approximately ten to thirty persons within two years following completion and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The estimated cost of said industrial development project is \$899,500 and the Trust has requested financing through industrial development bonds in the amount of \$800,000 and has indicated its willingness to finance the balance of said estimated cost of said project and costs of said

project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the Trust and Burlington to construct and improve the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they may now and hereafter exist, in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development project and has indicated its willingness to finance the construction and improvement of the project described above through a lease, purchase and sale agreement, loan agreement or other financing agreement pursuant to said chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approves the industrial development project for the Trust and Burlington hereinbefore described, the estimated cost thereof and financing of said project through bonds issued by the city, acting by and through the Authority, pursuant to chapter 40D of the General Laws, as amended, in a principal amount not to exceed \$800,000; provided, however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

Referred to the Committee on Planning and Development.

APPROVING INDUSTRIAL DEVELOPMENT PROJECT FOR DIKE REALTY TRUST

The following was received:

City of Boston
Office of the Mayor

September 15, 1980.

Hon. City Council,
Boston City Hall.

Councillors:

With this letter I transmit to you a proposed City Council order concerning the request of Dike Realty Trust for industrial revenue bond financing of its development project.

The proposed project involves the acquisition and rehabilitation of currently vacant commercial property, located at 120-130 Water Street. Upon project completion, the law firm of Dike, Bronstein, Roberts, Cushman and Pfund will be the principal occupants of the property, with the remaining 25 percent of the property to be leased as office space. The project will accommodate forty-four, full-time jobs within the next two years.

The Dike Realty Trust project represents an opportunity to promote commercial revitalization important to the city's economic development.

Therefore, I request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

City of Boston

Economic Development and Industrial Corporation
Industrial Development Financing Authority

September 12, 1980.

Hon. Kevin H. White, Mayor, and
Hon. City Council of the

City of Boston.

Dear Mayor White, Councillors:

The Boston Industrial Development Financing Authority has reviewed and considered an industrial development project proposed by Dike Realty Trust. The trust is composed of the principal attorneys of the law firm of Dike, Bronstein, Roberts, Cushman, and Pfund (hereinafter DBRC & P).

The proposed project involves the acquisition and rehabilitation of a currently vacant 9,500 square-foot building which is located at 120-130 Water Street. The project is within the financial district Commercial Area Revitalization District, and consistent with the approved plan for the area as certified by the Boston Redevelopment Authority. Upon project completion, the DBRC & P law firm will be the principal occupants of the property; although up to 25 percent of the property may be available for lease by users of office space.

The estimated total cost of the project is \$675,000 which comprises: \$300,000 for land and building acquisition; \$335,000 for building improvements and renovations; and \$40,000 in legal, architectural, and financing fees. The trust plans to finance all \$675,000 of the project's costs by the issuance of industrial revenue bonds by the city, acting by and through the Authority, and will finance the remaining costs or expenses, if any, from its own resources. The trust has expressed its willingness to enter into agreements whereby it will make payment to the city sufficient to pay the principle of and interest on the industrial development bonds as they come due and to reimburse the city for or indemnify the city against any expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated.

The project, as projected by the trust, will provide space to accommodate up to forty-four employees of the user and the various tenants to occupy the project, and represents an opportunity to promote commercial revitalization important to the city's economic development.

The members of the Authority are persuaded that this project will be of benefit to the economy, and in the best interests of the City of Boston and of the Commonwealth of Massachusetts. The members believe that the project may be properly financed through the issuance of industrial development bonds under chapter 40D of the General Laws and that it warrants the assistance of the city in this manner. Accordingly, we respectfully request that the Mayor recommend to the Honorable City Council that it approve the industrial development project for the company, the estimated cost thereof and the financing thereof under chapter 40D of the General Laws all as required by section 12 (1) of said chapter 40D. The members

of the Authority and representatives of the company will undertake to provide to the Mayor and the Honorable City Council any additional information concerning the project which you may request.

Sincerely,
Boston Industrial Development
Financing Authority,
By David W. Davis,
Chairman.

Dike Realty Trust

Project Background Information

Dike Realty Trust, composed of the principals in the law firm of Dike, Bronstein, Roberts, Cushman & Pfund, are planning to develop currently vacant commercial property located at 120-130 Water Street. The property, comprising approximately 10,000 square feet in four floors, will be acquired and rehabilitated for use as office space. Upon project completion, the law firm of Dike, Bronstein, Roberts, Cushman & Pfund will be the principal occupants. Up to 25 percent of the property may be available for rental for office use.

The firm will move from its current location of 75 Federal Street. The space will accommodate forty-four, full-time jobs, representing ten to fifteen new jobs in the next two years.

The property is currently owned by J. Bradley Ingalls and formerly was occupied by International Weekends Travel Agency. The assessed value of the land (\$26,500) and building (\$28,500) will generate an estimated \$13,910 in taxes to the city.

The property is located in the financial district CARD. The BRA has issued a letter certifying that the project is consistent with the CARD plan. The brick building is 150 years old and renovation plans will restore it.

City of Boston Industrial Industrial Development
Financing Authority
Secretary's Certificate

I, Lawrence A. Bianchi, the duly elected secretary of the Boston Industrial Development Financing Authority, do hereby certify as follows:

1. A meeting of the Boston Industrial Development Financing Authority was held on September 10, 1980, at the offices of the Authority, 18 Tremont Street, Boston, Mass., pursuant to notice duly given to each member of the Authority in accordance with the Authority's bylaws.

2. The following members of the Authority were present and voting throughout said meeting: David W. Davis, chairman; Lawrence A. Bianchi, secretary; Matthew McGrath; William O'Leary.

3. Notice of said meeting was duly filed with the City Clerk and publicly posted. Said meeting was open to the public, no deliberations or decisions with respect to the attached resolutions concerning Dike Realty Trust Industrial Revenue Bond Financing were held or made in executive session; the official records of the meeting were made available to the public promptly thereafter and they shall remain available to the public; and in the foregoing respects and in all other respects, said meeting was conducted in accordance with the open meeting law requirements set forth in sections 23A through 23C, chapter 39 of the Massachusetts General Laws, as amended.

4. The attached copy of the resolutions concerning Dike Realty Trust Industrial Revenue Bond

Financing is a true, correct and accurate copy of the resolution duly adopted by vote of the members of the Board of Directors of the Authority at said meeting held on September 10, 1980.

Date: September 10, 1980.

Lawrence A. Bianchi,
Secretary.

Whereas, An industrial development project to be used by Dike Realty Trust, Sewall P. Bronstein and David G. Conlin, Trustees, having its principal place of business at 75 Federal Street, Boston, Mass. (hereinafter referred to as the "User"), in the business of acquiring and rehabilitating property for various commercial users of office and retail space has been proposed for the City of Boston (the "City"); and

Whereas, Said industrial development project will consist generally of the acquisition, rehabilitation and renovation of the buildings located at 120-130 Water Street, Boston, Mass.; and

Whereas, Said industrial development project is to be used by the User and the user has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Boston Industrial Development Financing Authority (the "Authority"), incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the User, upon completion and occupancy of the offices located in said buildings renovated as part of said project will provide space to accommodate the full-time employment of approximately forty-four clerical, professional and service employees of User and various tenants who will occupy the industrial development project, thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, Said industrial development project is located in a predominantly commercial area for which a Commercial Area Revitalization District plan has been adopted by the city and approved by the Secretary of Communities and Development and said project is consistent with such plan; and

Whereas, The currently estimated cost of said industrial development project is \$675,000 and the User has requested financing with the proceeds of industrial development bonds in the amount of not exceeding \$675,000 or the cost of said project, whichever is less; and

Whereas, The User has indicated its willingness to finance the excess of the total actual cost of said project (whether or not such actual cost exceeds the estimated cost set forth in the preceding paragraph) over the amount of such actual cost financed with the proceeds of industrial development bonds; and

Whereas, It appears that said industrial development project may be financed with the proceeds of industrial development bonds issued by the city, acting by and through the Authority, pursuant to

the provisions of chapter 40D of the Massachusetts General Laws; now, therefore, be it

Resolved, That, subject to the approval of the City Council of the City of Boston and of the Massachusetts Industrial Finance Agency and upon such terms and conditions as shall later be determined by further resolutions of this Authority, this Authority hereby determines to issue industrial development bonds of the city in a principal amount not in excess of \$675,000 by this Authority for the development project to be used by the User described hereinabove; that this Authority hereby requests that the City Council of the City of Boston take the necessary action to approve said industrial development project, the cost thereof and the financing thereof by this Authority pursuant to chapter 40D of the General Laws; and that the chairman, vice-chairman or secretary of this Authority be, and hereby is, authorized to prepare and deliver to the City Council a letter on behalf of this Authority stating such request and recommending favorable action thereon.

Whereas, An industrial development project has been proposed for the City of Boston by the Boston Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be used by Dike Realty Trust, Sewall P. Bronstein and David G. Conlin, Trustees, having its principal place of business at 75 Federal Street, Boston, Mass. (hereinafter referred to as the "User"), in the business of acquiring and rehabilitating property for various commercial users of office and retail space; and

Whereas, Said industrial development project will consist generally of the acquisition, rehabilitation and renovation of buildings located at 120-130 Water Street, Boston, Mass.; and

Whereas, Said industrial development project is to be used by the User and the User has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the User, upon completion and occupancy of the offices located in said buildings renovated as part of said project will provide space to accommodate the full-time employment of approximately forty-four clerical, professional and service employees of User and various tenants who will occupy the industrial development project, thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, Said industrial development project is located in a predominantly commercial area for which a Commercial Area Revitalization District plan has been adopted by the city and approved by the Secretary of Communities and Development and said project is consistent with such plan; and

Whereas, The currently estimated cost of said industrial development project is \$675,000 and the User has requested financing with the proceeds of industrial development bonds in the amount not exceeding \$675,000 or the cost of said project, whichever is less; and

Whereas, The User has indicated its willingness to finance the excess of the total actual cost of said project (whether or not such actual cost exceeds the estimated cost set forth in the preceding paragraph) over the amount of such actual cost financed with the proceeds of industrial development bonds; and

Whereas, It appears that said industrial development project may be financed with the proceeds of industrial development bonds issued by the city, acting by and through the Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the company to acquire the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they may now and hereafter exist; in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this said industrial development project and has indicated its willingness to finance the acquisition, renovation and rehabilitation work described above through a lease, purchase and sale agreement, loan agreement or other financing agreement pursuant to said chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approves the industrial development project for the User hereinbefore described, the currently estimated cost thereof up to an amount not exceeding \$675,000 or the cost of said project as may hereafter be approved by the Authority, whichever is less; provided, however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

Referred to the Committee on Planning and Development.

I enclose herewith a cover letter to the City Council and a City Council order authorizing the city to apply for and expend a grant of \$300,000 for a vocational education and linkages program through the Governor's Coordination and Special Services Grant which is under Title II-BC of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The operation of this grant is coordinated by the Commonwealth of Massachusetts Department of Manpower Development, the State Employment and Training Council and the City of Boston Employment and Economic Policy Administration.

I urge you to present this order to the City Council quickly so that these funds and training opportunities will be made available to the economically disadvantaged residents of our city as soon as possible.

Sincerely,

David S. Mundel,
Administrator.

Ordered, That the Mayor and the administrator of the Employment and Economic Policy Adminis-

tion, acting on behalf of the city, be, and hereby are, authorized to apply for financial assistance in federal fiscal year 1981 for a vocational education and linkages program in an amount not to exceed \$300,000 from the Commonwealth of Massachusetts, Department of Manpower Development under the Special Grants to Governors/Governor's Coordination and Special Services Grant which is part of Title II-BC of the Comprehensive Employment and Training Act Amendments of 1978, P.L. 95-524; and in connection therewith to provide such additional information and furnish such documents as may be required by the United States of America; to execute such contract or contracts as may be necessary for the grant applied for, to execute and file requisitions for funds, and to act as the authorized representative of the city in the administration of such programs; and be it further

Ordered, That approval be, and hereby is, given in accordance with section 53A of chapter 44 of the General Laws of the Commonwealth, for the expenditure by the Mayor and the administrator of the Employment and Economic Policy Administration of such funds as may be granted upon said application for the purposes for which granted.

On motion of Coun. McDONOUGH the order was referred to the Committee on Government Finance.

GRANT OF \$2,546,657 UNDER TITLE IV OF CETA

The following was received:

City of Boston
Office of the Mayor

September 2, 1980.

To the City Council.
Dear Councillors:

I enclose herewith an order authorizing the city to apply for and expend a grant of \$2,546,657 for a Youth Employment and Training Program (YETP) under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The program to be operated with these funds will provide employment and training opportunities to economically disadvantaged youths between the ages fourteen and twenty-one in the city.

The agencies to operate these programs will be selected pursuant to Department of Labor regulations giving special consideration, in the selection of service deliverers, to community-based organizations of demonstrated effectiveness.

I urge you to adopt this order quickly so that the funds and services will be made available to the youth of our city as soon as possible.

Sincerely,
Kevin H. White,
Mayor.

Coun. DiCORA in the chair.

President IANNELLA in the chair.

The motion for substitution was carried, yeas 6, nays 3:

Yeas—Councillors DiCora, Flynn, Iannella, Sansone, Sears, Tierney—6.

Nays—Councillors Langone, McDonough, O'Neil—3.

The substitute motion was referred to the Committee of the Whole.

MEETING OF THE COMMITTEE OF THE WHOLE

Coun. IANNELLA moved that the City Council recess forthwith for a meeting of the Committee of the Whole to discuss the foregoing order.

The motion was carried, yeas 6, nays 2:
Yeas—Councillors DiCara, Flynn, Iannella, Sansone, Sears, Tierney—6.
Nays—Councillors Langone, O'Neil—2.
Voting present—Councillor McDonough—1.

RECESS

On motion of Coun. IANNELLA the Council voted to recess at 2:45 p.m., subject to the call of the chair. The members reassembled in the City Council Chamber and were called to order by President Iannella at 4:07 p.m.

APPROVAL OF CONSTABLES' BONDS

The constables' bonds of Calbert Booker, Thomas E. Kelly, and Barbara Ann Pizzi, having been approved by the Collector-Treasurer, were received and approved.

NOTICE OF HEARINGS BEFORE DEPARTMENT OF PUBLIC UTILITIES

Notice was received from the Department of Public Utilities of hearing to be held September 30, 1980, re petition of Gray Line Framingham Commuter Corp. requesting department to act as licensing authority and issue license to travel over certain streets in Boston.

Notice was received from the Department of Public Utilities of hearing to be held October 2, 1980, re petition of Saving Dollar Charter Service of Dorchester for a charter license.

Notice was received from the Department of Public Utilities of hearing to be held October 21, 1980, re investigation by department on its own motion as to propriety of rates and charges in MDPU No. 4, 3rd revised page 16, filed by Ram Broadcasting of Massachusetts, Inc.

Severally placed on file.

REPORT OF COMMITTEE ON GOVERNMENT OPERATIONS

Coun. McDONOUGH, for the Committee on Government Operations, submitted the following:

Partial report on appointment (referred September 17) (Docket No. 0975), of Walter J. McAvoyn to be constable with bond—recommending that the appointment be confirmed.

The report was accepted; the appointment was confirmed.

REPORT OF COMMITTEE ON GOVERNMENT FINANCE

Coun. FLYNN, for the Committee on Government Finance, submitted the following:

Report on message of the Mayor and order (referred September 10) (Docket No. 0965), authorizing the city to apply for \$40,000 from the United States Department of Transportation for the purpose of studying reliable and cost-effective transportation services for elderly and handicapped citizens—recommending that the order ought to pass.

The report was accepted; the order was passed.

APPROVING PETITION FOR SPECIAL LAW RE AN ACT FURTHER AMENDING LEGISLATION GOVERNING APPOINTMENTS OF POLICE CADETS TO VACANCIES IN BOSTON POLICE FORCE

Coun. DiCARA offered the following:

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of Article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing substantially as follows:

Section 1. Chapter 174 of the Acts of 1978, as amended by chapter 560 of the Acts of 1979, is further amended by inserting the words "prior to 1973" in line number six of the amendment, between the words "cadet" and "provided" so as to make the pertinent clause read: "or who has completed any such service as a cadet prior to 1973, provided such person also completed at least two years of service as a civilian employee of said department . . ."

Referred to the Committee on Public Safety.

APPROPRIATING ADDITIONAL SUMS FOR COMMUNITY SCHOOLS PURPOSES

Coun. FLYNN offered the following:

Whereas, The Community Schools Program has become the sole provider of many, needed human services for low-income residents of all ages throughout the city; and

Whereas, The Community Schools Program offers local residents the unique opportunity to decide how tax dollars are to be spent; and

Whereas, The Community Schools Program has demonstrated the ability to lever outside funds, given a foundation of city support by a factor of three to one, making its operations most cost-effective; and

Whereas, Their current level of funding is insufficient to maintain even basic services and jeopardizes their ability to seek additional funding; now, therefore, be it

Ordered, That in addition to the sums previously appropriated for Community Schools purposes, in accordance with section 23 of chapter 59 and all other applicable General Laws the sums as specified below are hereby appropriated:

Account 1-13-93:	
Personal Services	\$153,700
Contractual Services	646,000
Supplies and Materials	20,000
Current Charges	6,000

Total \$825,700

Referred to the Committee of the Whole.

MAYOR TO HAVE GUARDRAIL SUITABLY PLACED IN VICINITY OF 5 WALDEMAR AVENUE

Coun. LANGONE offered the following:

Whereas, Waldemar Avenue in the Orient Heights section of East Boston, is a heavily traveled thoroughfare; and

Whereas, Cars coming from nearby Suffolk Downs Race Track or from the top of the hill at Waldemar Avenue, have caused damage to the property of an apartment building at No. 5 Waldemar Avenue, and narrowly missed one of the residents of that building; and

Whereas, The residents of the area have asked the Public Works Department of the City of Boston to place a guardrail at the curb adjacent to the apartment building; now, therefore, be it

Ordered, That the Boston City Council requests his Honor, the Mayor, to have a guardrail suitably placed in the vicinity of Waldemar Avenue to prevent any future mishaps to the residents or to the property of that apartment building.

Passed under suspension of the rules.

REQUESTING INVESTIGATION OF CONDUCT OF CORPORATION COUNSEL

Coun. McDONOUGH offered the following:
Whereas:

1. Under the provisions of section 11 of chapter 452 of the Acts of 1948, as amended, the City Council of Boston constitutes the legislative body of the city. The legislative branch of government is the policy-making, law-making branch.

2. Under the provisions of section 13 of chapter 43B of the Massachusetts General Laws, the city is empowered to legislatively exercise any power which the General Court has power to confer upon it which is not inconsistent with the Constitution or which is not denied expressly or by clear implication of the City Charter.

3. Under the provisions of section 17D of said chapter 452, as amended, the City Council is authorized to pass an ordinance by a two-thirds vote of the body, notwithstanding the prior disapproval of the Mayor, if such ordinance does not authorize a loan, appropriate money, or accept a statute involving the expenditure of money, such ordinance is immediately in force upon such passage.

4. During the past five years, the administration of Mayor White expended in excess of one hundred million dollars of unappropriated funds in direct violation of section 16 of chapter 486 of the Acts of 1909, and engaged in other activities which are wasteful of the city's funds.

5. The Council, during the past several years, has passed numerous ordinances notwithstanding the Mayor's disapproval in accordance with said section 17D, which ordinances were designed to address loose city budgetary practices as well as the other wasteful practices of the administration.

6. All of such ordinances have been disregarded by the Mayor, notwithstanding the fact that under said section 17D, such ordinances are in force immediately upon passage by a two-third vote of the Council notwithstanding the Mayor's disapproval.

7. It is the duty of the Corporation Counsel under the provisions of the ordinance establishing such office (CBC, Ord. 5, sec. 450) to give good-faith opinions regarding questions of law raised by the City Council. Notwithstanding the fact that he is appointed and may be removed by the Mayor, the Corporation Counsel has an attorney-client relationship with the Council.

8. During the course of a meeting of the Council Committee of the Whole held on Wednesday,

September 17, 1980, the present Corporation Counsel, who was appointed by the Mayor on May 10, 1980, upon being questioned as to why the Mayor should be allowed to disregard ordinances passed in accordance with said section 17D replied that in his opinion the ordinances were invalid because they were in violation of section 8 of chapter 486 of the Acts of 1909 which prohibits the Council from taking part in the executive or administrative business of the city.

9. Such a response by the Corporation Counsel is incredible. Clearly said section 8 prohibits the City Council from acting as the executive, but it does not prohibit the City Council from affecting executive conduct through the performance of its legislative function, nor does it authorize the Mayor or his appointed Corporation Counsel to prevent the functioning of the city's legislative branch.

10. The language contained in said section 8 and interpretations of that statute by the Supreme Judicial Court make it clear that the performance of its legislative function by the City Council is not an interference with the performance of the Mayor's executive duties. Virtually all legislation has an effect on executive duties. The very purpose of the legislative or policy-making branch of government is to set out executive tasks and to decide how much of the city's funds are to be expended on each such task.

11. Further, it is not the function of the Corporation Counsel, it is the function of the courts to decide the validity of an ordinance which has been lawfully passed by the Council over the disapproval of the Mayor in accordance with section 17D of chapter 452 of the Acts of 1948.

12. In view of all the above, it appears that the only fair and reasonable conclusion one can arrive at is that the Corporation Counsel is preventing the implementation of valid ordinances which the Mayor does not like by not acting in good faith in his professional relationship with the City Council to which he owes the duty of an attorney.

13. Examples of ordinances which were passed by the City Council in accordance with said section 17D notwithstanding the Mayor's disapproval, which the Mayor is unlawfully ignoring with the express or implied acquiescence of the Corporation Council are as follows:

Ordinances of 1978, chapter 2; Ordinances of 1979, chapters 11, 15, 16, 41; Ordinances of 1980, chapters 4, 8, 9, 10; now, therefore, be it

Ordered, That the City Clerk shall forward a copy of this order to the Massachusetts Board of Bar Overseers with the request that such board investigate the conduct of the present Corporation Counsel of the city, particularly as to whether he is performing his duty to the City Council in good faith in the circumstance cited above, with the further request that in the event said board finds good faith to be lacking, it take such action as it deems appropriate.

Referred to the Committee of the Whole.

Coun. McDONOUGH moved that the Corporation Counsel be forthwith summoned to appear before the Committee of the Whole to testify regarding the foregoing matter at a meeting of

such Committee to be held on Wednesday, October 8, 1980, at 2 p.m. in the City Council Chamber, and that a copy of the proposed order accompany said summons.

The motion was carried.

Later in the session Coun. McDONOUGH moved reconsideration of the previous motion.

Reconsideration prevailed.

Coun. McDONOUGH requested unanimous consent to withdraw the previous order and motion. Unanimous consent was granted; the order and motion were withdrawn.

CERTAIN INFORMATION UNDER SECTION 17F RE ACTIONS OF CORPORATION COUNSEL

Coun. McDONOUGH offered the following:

Whereas, On Wednesday, September 17, 1980, the Corporation Counsel testified before the Committee of the Whole of this body that he had declared certain ordinances passed by the City Council over the Mayor's disapproval in accordance with section 17D of chapter 452 of the Acts of 1948 to be null and void and he therefore, refuses to enforce them; and

Whereas, The City Council upon examination of City of Boston Code, Ordinances 5, section 450 finds no authority therein for the Corporation Counsel to declare ordinances passed in accordance with said section 17D null and void; and

Whereas, So far as the Council is aware the only entity with authority to declare ordinances void is the judicial branch of government; be it therefore

Ordered, That in accordance with the provisions of 17F of said chapter his Honor, the Mayor, is hereby requested to appear before the City Council Committee of the Whole at 2 p.m. on October 8, 1980, in the Council Chamber to answer the following questions:

1. By what authority does the Corporation Counsel purport to take the action described above?

2. Which ordinances have the Corporation Counsel or his predecessors declared void and of no effect?

Passed under suspension of the rules.

ORDINANCE AMENDING SECTION 1, CHAPTER 3, OF REVISED ORDINANCES OF 1961, AS AMENDED AND CODIFIED

Coun. SEARS offered the following:

Section 1, Chapter 3 of the Revised Ordinances of the 1961 (sup. 1971), as most recently amended by chapter 3 of the Ordinances of 1975, and as codified in CBC Ordinances, title 5, section 105, is hereby further amended by striking out paragraphs two, three, four, five, and six, and inserting in place thereof the following:

Category I shall include: the director of administrative services, the police commissioner, the fire commissioner, and the corporation counsel, who shall receive as salary not less than forty-five thousand dollars nor more than sixty thousand dollars.

Category II shall include: the city auditor, the collector-treasurer, the commissioner of assessing, the supervisor of budgets, the city clerk, the director of federal relations, the chairman of the commission on human rights, the commissioner of public works, who shall receive as salary not less than thirty-five thousand dollars nor more than forty-five thousand dollars.

Category III shall include: the commissioner of penal institutions, the chairman of the election commission, the supervisor of labor relations in administrative services, the purchasing agent, the building commissioner, the commissioner of housing inspection, the real property commissioner, the commissioner on the affairs of the elderly, the commissioner of traffic and parking, the commissioner of parks and recreation, the chief of the licensing division, the director of the office of public service, the supervisor of personnel in the commission on human rights, the director of the office of fiscal affairs, the director of property equalization, the executive secretary of administrative services, the director of energy, the executive director of the rent control administration, who shall receive as salary not less than thirty thousand dollars, nor more than thirty-five thousand dollars.

Category IV shall include: members of the election commission, the two associate commissioners of assessing, the assistant commissioner of housing inspection, the two assistant commissioners in the parks and recreation department, the director of environmental affairs, the assistant commissioner of real property, the commissioner of veterans services, the two deputy commissioners of elderly affairs, the deputy director of fiscal affairs, the executive director of the consumer's council, the editor of the City Record, the director of the community schools, who shall receive as salary not less than twenty-five thousand dollars nor more than thirty thousand dollars.

Category V shall include: the member of the board of review in the assessing department appointed from the public at large, the chairman and members of the licensing board, the executive secretary of the licensing board, who shall receive as salary not less than twenty thousand dollars nor more than twenty-five thousand dollars.

Category VI: shall receive as salary not less than fifteen thousand dollars nor more than twenty thousand dollars.

Section 2. Said chapter 3 is hereby further amended by adding in the seventh paragraph thereof the following new language:

No person assigned to one of the categories enumerated herein or acting temporarily in any position established in a category herein may receive overtime. The Mayor may appoint persons to positions not enumerated in categories herein, provided, however, that the department or agency into which the person is appointed has been duly established by the City Council with the approval of the Mayor, and provided further that the assignment of the appointee to one of the categories enumerated herein will be made by the City Council with the approval of the Mayor, and no person shall be transferred from category to category except by the City Council upon recommendation of the Mayor. Referred to the Committee of the Whole.

**REPLACING ORDINANCE, CHAPTER 11,
SECTION 1, OF ORDINANCES OF 1968,
AS AMENDED AND CODIFIED**

Coun. SEARS offered the following:

Chapter 11, section 1 of the Ordinances of 1968, as most recently amended by chapter 13 of the Ordinances of 1975, and codified as CBC Ordinances, Title 2, section 452, is hereby stricken and replaced with the following new section:

For the conduct of the affairs of the City Council there shall be, in addition to the city clerk, a chief of staff, a legislative counsel, a chief of administrative services, a clerk of committees, a director of research and libraries, a director of budget, a city messenger, ten office managers, ten administrative assistants, an assistant clerk of committees, a research assistant, a budget assistant, a receptionist and two council aides. Council personnel shall be appointed by vote of the Council and shall be assigned by the Council to salary categories established in CBC Ordinance 5, section 105, except as otherwise provided by ordinance. Holders of Council offices shall receive such annual salary as shall be fixed by the Council President within the limits set out in CBC Ordinance 5, section 105 for the category in which said office is placed, provided, however, that all holders of an office shall receive the same salary as all other holders of the same office. Such salaries shall, except as otherwise provided by ordinances, be in full for all services rendered to the city and county, shall be appropriated in the event of service for only part of the year, or in the event any Councillor chooses to divide the office of administrative assistant, whenever such division is allowed by the rules of the Council, and such salary or salaries shall be subject to deduction for any and all sums due to the city or county from such office holder.

Assignments to categories or salary level shall be as follows:

1. Chief of staff, category IV
2. Legislative counsel, category IV
3. Chief of administrative services, category V

**URGING ADOPTION OF HOUSE NO. 555, AS
AMENDED, RE HOME RULE PETITIONS**

Couns. SEARS and TIERNEY offered the following:

Whereas, The Constitutional provisions establishing Home Rule as the policy of the Commonwealth have occasionally misfired because the chief executives of certain cities have neither approved home rule petitions, under the provisions of section 8 of Article 89 of the Amendments to

the Constitution, nor disapproved them with objection, but have taken no action at all; and

Whereas, Efforts were made during the regular session of the General Court by Representative Scelsi of Pittsfield, and by Representatives Feeney and Frank of Boston, Robinson of Melrose, and Card of Holbrook, and by Councillors Tierney, Sears, Iannella and McDonough to solve the problem; and

Whereas, The General Court of the Commonwealth of Massachusetts has convened in Constitutional Convention, and has before it a long overdue reform to correct an abuse of power by which a mayor can deny due process by refusing to take any action on home rule measures duly approved by City Council bodies; and

Whereas, The Legislative Committee on Local Affairs recommended, and the Constitutional Convention is presently considering, with an amendment, the Scelsi version, as the seventeenth item on the calendar of the convention, whether a mayor has to act at all on a home rule petition; and

Whereas, The pending amendment, however, may in its language fall short of absolutely compelling a chief executive in cities or boards of selectmen in towns to signify formal disapproval within ten days of presentation; now, therefore, be it

Resolved, That the Boston City Council strongly urges the Senate and House of Representatives sitting as a Constitutional Convention, to adopt H.555, as amended, the Scelsi proposal; and further

Resolved, That the Boston City Council strongly urges the convention further to close the loophole by amending the proposal and adding the following language in the tenth line after the words "be in force", "or if the Mayor fails to take action within ten days," the petition shall and will thereby become approved and transmitted to the General Court for further consideration.

The resolution was adopted under suspension of the rules.

On motion of Councillor FLYNN Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

**COMMITTEE ON PUBLIC SAFETY TO HOLD
HEARING RE EFFECT OF CERTAIN FIRE
DEPARTMENT ACTIONS**

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, On September 22, 1980, without any forewarning or public notice, the Boston Fire Department announced its plans to eliminate Engine Company 43 and Ladder 20 located at Southhampton Street in the South End, and Engine Company 25 on High and Oliver Streets in the downtown area of the city; and

Whereas, The closing of these stations will seriously jeopardize public safety, not only in the South End and downtown areas, but also in much of the South Boston neighborhood including the Andrew Square and D Street areas; the Columbia Point area which is presently inaccessible from certain directions because of unsafe bridges; the Savin Hill neighborhood of Dorchester; and the Dudley Street area of Roxbury, for which these companies serve as back-up crews; and

Whereas, In the past week alone, in their back-up capacity, these companies have been responsible for rescuing the lives of six people during a fire in the Dudley Street area and also for saving the rectory adjacent to St. William's Church in Dorchester during the tragic eight-alarm fire which recently struck that location; and

Whereas, The city has a responsibility to ensure the protection of public safety for residents in every neighborhood of the city; now, therefore, be it

Ordered, That the Boston City Council's Committee on Public Safety conduct a hearing to assess the impact on public safety which the closing of Engine 43, Ladder 20, and Engine 25 will have on residents of the neighborhoods served by those units; and be it further

Ordered, That the Commissioner of the Boston Fire Department, the president of the Fire Fighters Local 718, and concerned residents of neighborhoods impacted by these closings be requested to appear before the committee at said hearing.

Passed under suspension of the rules and a copy referred to the Committee on Public Safety for a hearing.

On motion of Councillor O'NEIL Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

COMMITTEE ON PUBLIC SAFETY TO HOLD HEARING ON EFFECT OF CERTAIN FIRE DEPARTMENT ACTIONS

Coun. O'NEIL offered the following:

Ordered, That a public hearing be held in the City Council Chamber subject to call by the Chairman of said Committee re closing and re-assigning of various fire houses throughout the City of Boston.

Passed under suspension of the rules and a copy referred to the Committee on Public Safety for a hearing.

On motion of Councillor O'NEIL Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

COMMITTEE ON GOVERNMENT OPERATIONS TO HOLD HEARING RE DOCKET NO. 0882

Councillor O'Neil:

Ordered, That a public hearing be held in the James Michael Curley Executive Room on Tuesday, September 30, 1980, at 11 a.m. re Docket No. 0882 "Order Accepting Provisions of Chapter 416 of the Acts of 1980 an Act Relative to Qualifications of Certain Assessors" by the Committee on Government Operations.

Referred to the Committee on Government Operations.

On motion of Councillor IANNELLA the Rules of the City Council were suspended in order to introduce the following matters on the Consent Agenda:

DESIGNATING SEPTEMBER 25, 1980,

AS PINKY CASALETTO DAY

Coun. IANNELLA offered the following:

Whereas, Augustino Casaletto, "Pinky" to his countless friends, is a lifelong resident of the East Boston section; and

Whereas, Pinky Casaletto honorably served our city, state, and nation as Chief Petty Officer, USN during wartime; and

Whereas, Pinky Casaletto has long been active in the civic affairs of our community serving as aide to John Fitzgerald Kennedy and to George Fingold, as member and chairman of the Ward One Democratic Committee and as president of the Ward One Club; and

Whereas, Pinky has been equally active in veterans organizations as a member of the Italian-American War Veterans and as past vice-commander of his AMVETS Post; and

Whereas, Pinky Casaletto, a plumber by profession and the father of five plumbers, for some twenty-five years has been employed with the Boston Building Department, rising to the position of chief plumbing inspector; and

Whereas, Augustino Pinky Casaletto has announced the start of his well-earned retirement; now, therefore, be it

Resolved, That within the City of Boston, September 25, 1980, be, and hereby is, declared and designated "Pinky Casaletto Day."

Adopted upon approval of the Consent Agenda.

SUPPORTING ESTABLISHMENT OF BOSTON MUSEUM OF SPORTS

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Dr. Matthew R. Sgan has developed a plan for the creation of the Boston Museum of Sports; and

Whereas, In the history of sports, Boston has played a special role which is represented in both amateur and professional sports from 1630 to the present; and

Whereas, The Boston Museum of Sports will be a center for education, artistic, and cultural sports programs stressing the role which sports play in promoting civic understanding and harmony; and

Whereas, Included in the museum will be exhibits depicting professional team achievements, Olympic medalists, community rivalries, famous sports families, and traditional college games; and

Whereas, Many distinguished members of the Boston sports community have endorsed the establishment of such a museum; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby expresses its official support for the establishment of the Boston Museum of Sports as a means of preserving Boston's unique contribution to sports and athletic achievement.

Adopted upon approval of the Consent Agenda.

WELCOMING VICE-PREMIER OF CHINA, BO YIBO

Coun. DiCARA, for all the Councillors, offered the following:

Whereas, The vice-premier of the Peoples Republic of China, Bo Yibo, is touring the United States with a delegation of Chinese officials to review areas of American business and technology; and

Whereas, While visting such cities as Seattle, San Francisco, and Chicago, Vice-Premier Bo Yibo

and his party exchanged ideas with American officials to foster trade relations; and

Whereas, Vice-Premier Bo Yibo and President Jimmy Carter signed negotiated agreements concerning civil aviation, maritime regulation, and the trade of textiles between the United States and China; and

Whereas, As China's highest official in economic and industrial planning, Vice-Premier Bo Yibo is responsible for the rapid development of his country; and

Whereas, The City of Boston is honored to be included on the historic tour of Vice-Premier Bo Yibo and his delegation; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, welcomes Vice-Premier Bo Yibo and the Chinese delegation to the city and extends its best wishes to the group on the remainder of their tour.

Adopted upon approval of the Consent Agenda.

WELCOMING MAYORS AND MUNICIPAL ADMINISTRATORS TO BOSTON

Coun. SEARS, for all the Councillors, offered the following:

Whereas, The City of Boston is honored by the presence among us of mayors and municipal administrators from thirty large cities around the world, who are here to help us observe our 350th Anniversary; and

Whereas, Our visitors are exchanging information with us on problems which some cities have solved and others still face, and this exchange will be of incontestable value to us so long as we are willing to listen, and to stretch our imaginations, and to enlarge our perspective; now, therefore, be it

Resolved, That the City Council of Boston welcomes our distinguished visitors, and spreads upon its records its appreciation for the courtesy extended to Boston by their visit and the opportunity presented to us to attack and solve some of our own municipal problems.

Passed upon approval of the Consent Agenda.

CONSENT AGENDA

The following matters were adopted upon approval of the Consent Agenda:

CONGRATULATIONS TO TROY LAWSON ON ATTAINING EAGLE SCOUT RANK

Coun. DiCARA, for all the Councillors offered the following:

Whereas, Troy Lawson, of Roslindale, has received Scouting's highest honor, the rank of Eagle Scout; and

Whereas, In also being elected president of both his senior class and the Arboretum District Explorer Post, Troy has displayed the poise and ambition necessary to continue serving his community well and to go on to achieve even higher goals in coming years; and

Whereas, He organized an informative slide and tape presentation which aided in his school's transition to its new location; and

Whereas, In working to achieve this distinction, Troy raised money with which he bought books for and literally created a library facility for the

Growing Together Day Care Center in Roslindale; and

Whereas, He is to receive this distinctive honor on Friday evening, October 3, 1980, at the Jamaica Plain High School auditorium; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled congratulates Eagle Scout Troy Lawson on his accomplishments, commends his parents for their support, and extends its sincere wishes for his future success.

Adopted upon approval of the Consent Agenda.

COMMENDATION TO LIAM CARLIN OF DERRY, IRELAND, FOR ADVANCING HUMAN RIGHTS CAUSE IN IRELAND

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, The desperate plight of hundreds of men and women, who have risked their lives and safety to speak out against religious and political discrimination in Northern Ireland, is a source of deep concern for all those who believe in human rights; and

Whereas, The systematic violations of human rights in the counties of Northern Ireland are of particular concern to the people of the City of Boston who have such strong historical and cultural ties to the people of Ireland; and

Whereas, Many of those brave men and women who have spoken in defense of human rights for the people of Northern Ireland have been jailed in inhumane conditions as a consequence of their courageous actions; and

Whereas, Many of these Irish political prisoners have been incarcerated at the infamous H Block of Long Kesh Prison where they have been subjected to both physical and psychological torture; and

Whereas, Liam Carlin of Derry, Ireland, is one of those brave prisoners who was subjected to the brutal conditions in the H Block at Long Kesh; and

Whereas, Liam Carlin has come to the United States to inform the American public about the grave violations of human rights which political prisoners and their families are suffering in Northern Ireland; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially commends Liam Carlin of Derry, Ireland, for his courage and heroism in advancing the cause of human rights in Northern Ireland and extends to him its best wishes for success in his mission of educating the American people about the struggle to achieve justice in that war-torn land.

Adopted upon approval of the Consent Agenda.

COMMENDING FRANCIS McCANN OF BELFAST, IRELAND, FOR ADVANCING HUMAN RIGHTS IN IRELAND

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, The desperate plight of hundreds of men and women who have risked their lives and safety to speak out against religious and political discrimination in Northern Ireland is a source of

deep concern for all those who believe in human rights; and

Whereas, The systematic violations of human rights in the counties of Northern Ireland are of particular concern to the people of the City of Boston who have such strong historical and cultural ties to the people of Ireland; and

Whereas, Many of those brave men and women who have spoken out in defense of human rights for the people of Northern Ireland have been jailed in inhumane conditions as a consequence of their courageous actions; and

Whereas, Many of these Irish political prisoners have been incarcerated at the infamous H Block of Long Kesh Prison where they have been subjected to both physical and psychological torture; and

Whereas, Francis "Fra" McCann of Belfast, Ireland, is one of those brave prisoners who was subjected to the brutal conditions in the H Block at Long Kesh; and

Whereas, Francis "Fra" McCann has come to the United States to inform the American public about the grave violations of human rights which political prisoners and their families are suffering in Northern Ireland; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially commends Francis "Fra" McCann of Belfast, Ireland, for his courage and heroism in advancing the cause of human rights in Northern Ireland and extends to him its best wishes for success in his mission of educating the American people about the struggle to achieve justice in that war-torn land.

Adopted upon approval of the Consent Agenda.

At the request of President IANNELLA the members of the Council stood for a moment of silent meditation.

BUDGET OF COMMUNITY SCHOOLS TO BE REVIEWED RE BUDGET POSSIBILITIES

The following was received:

City of Boston

Office of the Mayor

September 26, 1980.

Dear City Council:

I appreciate the great concern that has been expressed in the last few days about the future of Boston Community Schools. I also freely acknowledge that the program has provided important services and played a significant role in neighborhood life in the past eight years.

Unfortunately, priorities do change with the changing needs of the city. There is always a fierce

competition for scarce public resources and if we are to meet new challenges it is not always possible to maintain every service or activity at previous funding levels.

Nevertheless, in view of the fact that the Council has made the further funding of the Community School program its top priority, I am asking Vice-Mayor Sullivan and Budget Director William McNeill to review the operating budget of the city departments and all available funds and to try to find and to recommend to me interdepartmental transfers or further appropriations for Community Schools.

In addition, I am asking Jane Edmonds and the Office of Federal Relations to seek additional federal monies as well as to explore the possibility of grants from private foundations.

In closing, please be assured that I am aware of the Council's interest in this matter and of the concern expressed by those associated with the Community Schools and the programs they provide.

Sincerely,

Kevin H. White,
Mayor.

Referred to the Committee of the Whole.

Coun. LANGONE moved that Mr. William McNeill, the budget director of the City of Boston, be summoned to appear forthwith at a meeting of the Committee of the Whole.

The motion was carried.

MEETING OF THE COMMITTEE OF THE WHOLE

Coun. IANNELLA moved that the City Council recess forthwith for a meeting of the Committee of the Whole which had been recessed on Wednesday, September 24, 1980.

The motion was carried.

RECESS

On motion of Coun. IANNELLA the Council voted to recess at 10:30 a.m., subject to the call of the chair. The members reassembled in the City Council Chamber and were called to order by President Iannella at 6 p.m.

REPORT OF THE COMMITTEE OF THE WHOLE

Coun. IANNELLA, for the Committee of the Whole, submitted the following:

1. Report on substitute order (referred September 24) (Docket No. 1031), for appropriation of \$929,293 from Revenue Sharing Funds—recommending that the order ought to pass.

The report was accepted.

Coun. LANGONE offered the following amendment:

That the passage of these funds are conditioned upon the submission by the Mayor of supplementary appropriations to restore the appropriations reduced and deleted from the 1980-1981 budget

BOSTON'S MUNICIPAL DEPARTMENTS: THEIR FUNCTIONS

Thanks to George T. Nedder (the businessman's ombudsman) Executive Director of the Mayor's One-Stop Business Service for permission to publish an excellent and informative booklet titled, "A Business Community Guide to City Hall."

This series will commence with the February 16 edition of the *City Record*.

City of Boston
Office of the Mayor
City Hall, Boston

Members of the Business Community.

In the past decade, the number and scope of services that the City of Boston has expanded substantially. This expansion has resulted in the establishment of many new agencies and a broadening of the operations of city departments. Consequently, the Business Community may not be aware of all the functions performed by each city department and may not know the procedures to follow when it is necessary to utilize the services of city agencies. Often, this lack of familiarity with the operations of city agencies can result in unnecessary delays and inconveniences.

In an effort to assist the business community in dealing with the city, the Mayor's One-Stop Business Service has prepared this booklet for the business community and others whose operations might bring them into contact with various city agencies and departments. The booklet is especially helpful in considering building or expansion in Boston with regard to facts and procedures which will be necessary to implement plans.

We hope that "The Business Community Guide to City Hall" will enable all business persons to make the proper use of the variety of services the city provides while making contact with city government a more productive and pleasant experience.

Sincerely,

KEVIN H. WHITE, Mayor.

City of Boston
Office of the Mayor
"The Businessman's Ombudsman"
One-Stop Business Service

Members of the Business Community.

Problems encountered with running a city of any substantial size are inevitable.

Bureaucracies not only become unavoidable, but even necessary. As a result, city halls in our nation, have acquired a reputation for being bureaucratic mazes. To those forced to pass through the bureaucratic hurdles, moving from one office to another, city halls represent frustrating and sometimes obstacle courses.

Though no one claims the system is perfect, it is the best we have. Such a system, however, is no comfort to those who must eventually deal with the city bureaucracy.

Recognizing this fact, and in line with the administration's commitment to city government more responsive, the Business Community Guide to City Hall has been developed to facilitate the relationship of business to the city. In an effort to make City Hall more accessible, we will provide a useful tool in our effort toward solving the increasingly complex problems of the 80s.

Sincerely,
GEORGE T. NEDDER, Executive Director.

LINCOLN'S BIRTHDAY, FEBRUARY 12

Remember this Address?

The Gettysburg Address was delivered by President Abraham Lincoln at the dedication of the National Cemetery on Gettysburg Battlefield, November 19, 1863. It is a masterpiece of literature. President Lincoln, our sixteenth president was born February 12, 1809, and died April 15, 1865.

Fourscore and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting-place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this. But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead, who struggled here, have consecrated it far above our power to add or detract. The world will little note, nor long remember, what we say here, but it can never forget what they did here. It is for us, the living, rather to be dedicated here to the unfinished work they have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from these honoured dead we take increased devotion to that cause for which they here gave the

last full measure of devotion; that we here highly resolve that the dead shall not have died in vain, that this nation, under God, shall have a new birth of freedom; and that government of the people, by the people, and for the people, shall not perish from the earth.

Lincoln's famous Gettysburg Address is carved into the stone of the Lincoln Memorial in Washington, D.C. The address was delivered by President Lincoln at the dedication of the national cemetery on the Gettysburg Battlefield, November 19, 1863. The audience was disappointed at the shortness of the address, and few realized that a masterpiece of literature had been created. But the famous orator, Edward Everett, who had been the principal speaker at the dedication, wrote to Lincoln the next day, "I should be glad if I could flatter myself that I came as near to the central idea of the occasion in two hours as you did in two minutes." Lincoln later wrote out several copies of the speech, with slight variations. His final version is the now, world-famous Gettysburg Address.

Among the best biographies of Lincoln are Nicolay and Hay's "Abraham Lincoln," Ida M. Tarbell's "Life of Abraham Lincoln," Lord Charnwood's "Abraham Lincoln," Carl Sandburg's "Abraham Lincoln: the War Years," N. W. Stephenson's "Lincoln," and Albert J. Beneridge's "Abraham Lincoln, 1809-1858."

MAYOR WHITE APPOINTS FRANCIS W. GENS EXECUTIVE DIRECTOR OF THE BOSTON WATER AND SEWER COMMISSION

Mayor Kevin H. White, on January 27, announced the appointment of Francis W. Gens as the executive director of the Boston Water and Sewer Commission, effective Wednesday morning, January 28, 1981.

Gens has served most recently as director of Building Regulation and

Rehabilitation in the Mayor's Office. The annual salary is \$45,000.

Mayor White said, "Frank Gens has proven himself as a highly innovative leader in the area of urban housing and development. His long career in public service exemplifies his commitment to the people of Boston."

In the new position, Gens hopes "to improve water and sewer services for the people of Boston, as well as stabilize and secure the water and sewer rights for the city's residents." Gens said he hopes to seek and receive more state and federal assistance for water and sewer improvements for the City of Boston.

Gens has served as director of Building Regulation and Rehabilitation since February, 1979. In that position, he supervised the preparation of budgets, training programs, and long-range planning for the Building Department, Housing Inspection Department, and the Housing Improvement Program. The regulation requiring smoke detectors in Boston apartments was implemented in the past year under Gens' leadership.

Gens served as commissioner of the Boston Building Department from June, 1975, through February, 1979. He was previously Commissioner of the Boston Housing Inspection Program. Under his direction, the city implemented the highly successful Housing Improvement Program, which in one year alone resulted in the rebate of \$4.5 million to Boston homeowners.

Gens participated in the M.I.T. Sloan School of Management Program for Urban Executives. He received his bachelor of science degree from Tufts University and is a member and past vice-chairman of the State Building Code Commission. ROSENBLUM ON RESEARCH BUREAU REPORT

David Rosenbloom, chairman of the Select Committee on Finance, responded to the Municipal Research report which indicates that Boston underestimated the cuts required by Proposition 2½.

Rosenbloom said, "The Municipal Research Bureau's figures are generally consistent with public figures generated by the review of its activity, and they tend to implement Proposition 2½."

The two points of disagreement between the city and the Bureau are the question of deficit spending by the School Department, and the issue of city maintenance of state court system buildings in Suffolk County.

Rosenbloom said, "The city tends to deny deficit spending by the School Department, even means closing schools, but refuses to pay for the maintenance of state court facilities in Suffolk County after July 1. We believe we prevail on those issues, and the Research Bureau has taken a conservative view."

RENT BOARD APPROVES GENERAL ADJUSTMENT

The Boston Rent Board, on May 16, announced that it will make a general adjustment in controlled rents due to increases in the cost of living, property taxes, and costs incurred by landlords.

The Board's action enables landlords whose records have been audited by the Rent Control Administration to raise rents on controlled apartments by 10 to 17.5 percent, depending on certain factors relative to their individual operating

percentage adjustment allowed. The adjustment will be calculated by the Board for each landlord on the basis of a formula that weighs increases in the Consumer Price Index, the property tax rate, assessed value, the cost of heating fuels. All audited landlords will be eligible for a cost-of-living and tax-rate adjustment. Only those landlords whose property has been re-audited and who provide heat as part of the rental agreement will be eligible for additional adjustments.

Following the precedent set when the Board granted its last general adjustment in 1977, elderly tenants earning certain income reductions will be liable for only a portion of their rent increase. Tenants who file with the Rent Control Administration to be eligible for this provision.

John Gordon, Chairperson of the Rent Board said, "The Board is obligated by law to adjust rents in response to increases in the costs of owning housing. During the last several years it has been possible to make equitable adjustments on a case-by-case basis by reviewing individual landlord and tenant circumstances. The Board recognizes, however, that certain costs common to all landlords have now escalated to such a way as to justify a general increase in rent levels.

The board has weighed all of the evidence—from economic data to the testimony of tenants and landlords delivered at public hearings—and has concluded that a general adjustment based on this evidence is a reasonable solution to the problem."

Landlords eligible for rent increases will be notified by the Rent Control Administration and will be required to certify the adjustments to which they are entitled and the amount by which each tenant's rent will be increased.

The Rent Board will not grant an adjustment while housing code violations exist or taxes are in arrears. In such cases, tenants can file with the Board to prevent the adjustment from taking effect.

Bernard F. Shadrawy, Jr., Executive Director of the Boston Rent Control Administration, advised tenants not to pay any rent increase until they had been properly notified by the landlord. The Rent Control Administration will be providing forms to landlords for this purpose.

"We will make every effort," said Shadrawy, "to ensure that the adjustment process proceeds smoothly, and that no tenant will pay a rent increase that has not been approved. Any tenant or landlord with questions about adjustment procedures is urged to contact the Rent Control Administration."

SPECIAL OLYMPICS LEASES IN BOSTON

The Massachusetts Special Olympics has opened an office on the fifth floor of Boston's Statler Office Building, according to Ken Hodge, former Boston Bruins defenseman and state director for the Special Olympics program in Massachusetts.

The Massachusetts Special Olympics program is affiliated with the National Special Olympics, set up under the Joseph P. Kennedy, Jr. Foundation to supply an athletic program for the mentally retarded. The Massachusetts program began in 1968.

NEW BUBBLES EXHIBIT AT CHILDREN'S MUSEUM

Young visitors to the Boston Children's Museum during the

February school break will receive a fascinating introduction to the art and science of bubble making in the newly opened "Bubbles" exhibit.

Created by Bernie Zubrowski, the museum's science expert and author of a book on bubbles, the exhibit enables kids and adults to make giant bubbles and bubble domes, play with a bubble honeycomb, and create a giant, multicolored, soap film window. The exhibit also demonstrates how bubble forms appear in nature, art, architecture, and everyday life.

Throughout the vacation week, February 14—22, the museum will be showcasing the area's best children's performers.

The Gerwick Puppets will be presenting their brand-new production, "Midwinter Magic," and the Cooperative Artists Institute will be bringing the jump-up, join-in music and dance of Tribal Rhythms.

Tom Smith and Stephen Baird will be weaving stories and songs together, and Sophie Parker will be returning to the museum as Madame Nose—juggler, mime, and clown. Rounding out the vacation will be the Patchwork Players, the Peanut Butter and Jelly Dance Company, and Jup the Clown.

Schedule:

Tribal Rhythms, February 14, at 2 and 3 p.m.; Gerwick Puppets, February 15, at 1, 2, and 3 p.m.; Tom Smith, February 16, at 2, 2:45, and 3:30 p.m.; Madame Nose, February 17, at 2, 2:45, and 3:30 p.m.; Stephen Baird, February 18, at 2, 2:45, and 3:30 p.m.

Patchwork Players, February 19, at 2, 2:45, and 3:30 p.m.; Peanut Butter and Jelly Dance Company, February 20, at 2 and 3 p.m.; Jup the Clown, February 21 at 2, 2:45, and 3:30 p.m.; Gerwick Puppets, February 22 at 1, 2, and 3 p.m.

There's no additional charge for special events above museum admission of \$3.50 for adults and \$2.50 for children.

February 14-22, the museum is open daily, 10 to 5 p.m.; Fridays, until 9.

The Children's Museum is on Boston's waterfront at Museum Wharf, 300 Congress Street. For travel directions, call the What's Up Line, 426-8855.

MAYOR LAUDS \$13.5 MILLION FEDERAL HEALTH CARE GRANT

Mayor Kevin H. White, on January 16, characterized the award to Boston of a federal health care grant totaling \$13.5 million over three years as "a progressive step in providing low-cost, quality, medical service to our residents."

That grant, which will mean \$4.5 million annually to Boston over the next three years, will create a prepaid health insurance for over 10,000 people who live in Boston, and regularly use the facilities of Boston City Hospital and the neighborhood community health centers.

Under the plan, which will ultimately expand into a health maintenance organization system for residents and city employees, incentives will be provided to physicians and other primary health care providers to practice preventative medicine at lower costs.

Said Mayor White, "The potential of this system to reduce the costs of health care in this city, while still providing quality service, is unlimited. The concept is sound, and will ultimately mean a reorganization of city health care services into a more efficient and effective system."

Mayor White noted, "The support we received from the state, most notably from Governor Ed King, Senate President William Bulger, and the state's Congressional delegation were all key factors in this grant's becoming a reality in Boston."

Health and Hospitals Commissioner David Rosenbloom explained that the new system should help the city absorb the high cost of health care for the indigent.

He said, "Currently Boston City Hospital and its network of affiliated community health centers provide about \$20 million of care to near-poor residents of Boston who are not eligible for Medicaid, but are too poor to either buy health insurance or pay for medical care. That totals 25 percent of Boston City Hospital's total business. In spite of the considerable efforts of BCH to upgrade its facilities and management systems, the burden of providing care to this population is grow-

ing at a staggering rate because of the inflation of health care costs and overall inflation while Medicaid eligibility requirements remain static.

The Department of Health and Hospitals will set up a separate corporation called the Boston Health Plan, Inc. (BHP) which will be responsible for contracting with the Mass. Department of Welfare for enrolling near-poor and Medicaid recipients. BHP will contract with the City of Boston through Blue Shield, serving as an insurance intermediary, for the enrollment of city employees. BHP will then subcontract with provider groups and institutions to provide prepaid health services to these populations.

Primary health care will be provided by the following Community Health Centers affiliated with Boston City Hospital: Dorchester House Health Center, Dorchester; East Boston Health Center, East Boston; Harvard Street Health Center, Dorchester; South Boston Health Center, South Boston; Uphams Corner Health Center, Dorchester; Whittier Street Health Center, Roxbury.

Inpatient services will be provided by Boston City Hospital. The plan will contract with some other health facilities for services which cannot be provided by the Health and Hospitals.

Patients who join the plan will choose the site from which they wish to receive their primary care. They will also choose or be assigned a primary care physician who will be responsible for providing or organizing and monitoring all the health services (which are comprehensive) provided.

Three major groups will be eligible to join the Plan:

- A) Near-poor people who:
 - fall under a set of relatively liberal income guidelines (considerably above Medicaid guidelines), \$8,000 for individuals, \$14,000 gross annual income for a family of four;
 - are current users of the Health Center or BCH;
 - have a Social Security number;
 - have no other form of health insurance.

B) Active employees of the City of Boston

C) Current Medicaid recipients categorized as AFDC or Medicaid — only

Under a health maintenance organization plan, a fixed amount of money is set aside yearly for the care of each patient assigned to a specific doctor. If the patient's demands on the medical service exceed that dollar amount, the patient absorbs the loss. If the patient's demands fall short of estimate, then the surplus monies are shared by the physicians.

Boston Health and Hospitals Commissioner David Rosenbloom said, "Under this system, the liability for the risk lies with the health providers. The providers have a vested interest, beyond their professional concern, in keeping patients healthy and the hospital and healthy."

PNEUMOCOCCAL VACCINE AVAILABLE

David L. Rosenbloom, Ph.D., Commissioner, Dept. of Health and Hospitals.

Are you aware that there is a vaccine to prevent pneumococcal pneumonia? Are you a candidate for this vaccine?

During the last two years, the Boston Department of Health and Hospitals has sponsored an immunization program for senior citizens and other high-risk persons to prevent pneumococcal pneumonia and to reduce the number of deaths from this disease. More than 4,500 Boston residents have already received the vaccine and benefited from it.

The pneumococcal vaccine is different from the flu vaccine. While the flu shot provides protection against certain strains of influenza virus, it does not offer any protection against pneumococcal pneumonia. The flu vaccine must be given every year to be effective, preferably in the fall, prior to the influenza season; the pneumococcal vaccine should be given no more frequently than once every five years and can be given at any time of the year.

Are you a candidate for the pneumococcal vaccine? Look at the following questions:

Are you fifty years of age or older?

Do you have chronic disease or disorder, such as diabetes, lung disease, heart disease, or kidney failure?

Are you convalescing from a serious illness?

If you answered "yes" to any of the questions, you may benefit from vaccination against pneumococcal pneumonia.

Pneumonia is an inflammation of the lungs caused by bacteria, virus, or the inhalation of irritating substances. Pneumococcal pneumonia is by far the most common type of bacterial pneumonia, striking an estimated 200,000 to 1,000,000 Americans each year. The Massachusetts Department of Public Health's data indicate that pneumonia has had a particularly strong impact in Massachusetts.

What is pneumococcal vaccine? It is an inactive agent which prevents pneumococcal pneumonia in

those at increased risk, particularly the chronically ill or older people. The vaccine has proven to be safe and 80 percent effective in preventing pneumococcal pneumonia. Limited local reactions have occurred in up to 25 percent of those vaccinated, as with the flu shot, such as soreness at the injection site for a day or two, and/or a low-grade fever which usually lasts no more than one day. As in many other situations, the decision to vaccinate should be based on your nurse's or doctor's assessment of your condition.

Pneumococcal vaccine is not effective after the disease strikes. It is not a cure or treatment, but rather a means of prevention. When the vaccine is administered, serious illness can be prevented, and hospitalization and the need for recuperation avoided.

For more information about pneumococcal vaccine, contact your physician, local neighborhood health center, or public health nursing unit. You can also contact the Community Medical Services Office of the Boston Department of Health and Hospitals at 424-5904 or 424-5916.

BOSTON OFFERS YOUTH PROGRAM FOR INDOCHINESE REFUGEES

Mayor Kevin H. White, on January 16, announced that the city's Employment and Economic Policy Administration (EEPA) has been awarded 358,000 federal dollars to fund a program to provide English as a Second Language courses, counseling and work experience for Indochinese refugee youths.

The thirty-week program, called the Special Project for Indochinese Youth (SPICY), will serve seventy young people, aged sixteen to twenty-one, who have come to Boston from Cambodia, Laos, and Vietnam. EEPA which coordinates the city's federally funded employment and training programs, has contracted with three agencies to operate SPICY: the Chinese-American Civic Association, the International Institute of Boston, and the Family

Service Association of Greater Boston.

SPICY is one of three federally funded National Demonstration Projects designed to explore methods for helping Indochinese youths gain the skills necessary to enroll in public schools and function in a job. In addition to providing education and developing jobs for the participants, the program, will offer two weeks of "acculturation" classes to teach the young people such things as how to go to a store, how to use a bank, or how to apply for a job.

Mayor White said, "I'm very happy that this city has received the opportunity to perform a meaningful service to the refugees from Indochina. As we work to help them, I think it's important to remember our own families who, at one time, were immigrants too."

According to Winnie Tang, of the Chinese-American Civic Association, all of the young people who will be participating in the program spent time in Asian refugee camps before coming to the United States.

Ms. Tang said, "Many of these young people were separated from their families when they came to the United States, and are here on their own. They're often illiterate even in their own language, because their education has been disrupted, sometimes because of the wars."

SPICY, which will start on January 27, Currently is contracting with local businesses to provide jobs for program participants. In return, SPICY will provide minimum wage salaries for the youths. The program also will supply counselors to help the participants adapt to the jobs.

Recruitment for SPICY participants began on January 7. Indochinese refugees who speak Chinese and are interested in participating in SPICY can call Winnie Tang at the Chinese American Civic Association: 426-8673. Those who are interested in the program and speak a language other than Chinese can call Moira Lucey at the International Institute of Boston: 536-1081.

Boston residents interested in participating in other EEPA employment and training programs can call EEPA's Intake and Assessment Center: 725-3700.

APPLY NOW FOR PUBLIC SERVICE EMPLOYMENT JOBS

Applications are now available to unemployed Boston residents interested in Public Service Employment jobs sponsored by the city's Employment and Economic Policy Administration (EEPA). All applications must be submitted by February 20. EEPA will hold a lottery on March 6th to select eligible applicants for the positions.

To be eligible, Boston residents (proof of residency required) must have been unemployed for fifteen of the last twenty weeks—or be receiving some form of public assistance. Also, all applicants must be at least eighteen years old.

Jobs available through the lottery include entry level positions as: aides to the elderly; clerical workers; health field and environmental maintenance workers.

Eligible applicants may apply at: EEPA's Employment and Referral Center, 7 Beacon Street, Boston, MA, 725-3710.

ABCD-Dorchester Assessment Center, 450 Washington Street, Dorchester, MA, 436-0200.

OIC Assessment Center, 184 Dudley Street, Roxbury, MA, 442-2424.

ABCD-South Boston Assessment Center, 424 West Broadway, South Boston, MA 269-5160.

For more information call the Employment and Economic Policy Administration at 725-3650.

VACATION ACTIVITIES AT USS "CONSTITUTION" MUSEUM

Ahoy there, Moms, Dads, Kids, Everyone! Spend February school vacation week making Sea History happen at the USS "Constitution" Museum. During February school vacation, February 16 to the 22, the USS "Constitution" Museum will be hosting a Family Sea Fare of workshops, films, and nautical craft demonstrations.

Activities will take place on Tuesday, February 17, and Thursday, February 19, beginning at 10 a.m. with a drop-in workshop on rope making. Participants will learn the

19th century technique of making rope which they can then turn into a rope belt. A second workshop, beginning at 2 p.m., will teach participants how to make their own "dittybags," sailors' catch-alls for small articles. There will be a small fee of 50 cents charged for each workshop.

At noon on February 17 and 19, a series of short films will be shown free of charge. "Had You Lived Then," illustrates life in a whaling community in the 1800s; "War of 1812," recounts a young American seaman's adventures during one of America's most exciting battles; Colonial techniques for building ships is colorfully documented in "Colonial Shipbuilding and Sea Trade"; and animation brings a museum to life in "Closed Mondays."

Nautical crafts like scrimshaw will be demonstrated by expert artisans in the afternoons of Tuesday and Thursday. On the weekend of February 21 and 22, a skilled craftsman from the American Shipcarvers Guild will show the intricacies of wood carving.

The USS "Constitution" Museum is located next to the "Constitution" in Boston's historic Charlestown Navy Yard. Museum hours are weekdays 10 to 4 and weekends 9 to 5.

For more information, call the Museum at 426-1812.

DO YOU READ THE WARRANTY?

When you buy furniture or an appliance do you read its warranty carefully? The warranty will tell you how long the product should last and what recourse you have if the product gives you trouble.

Since 1975, you have rights under a federal law, the Magnuson-Moss Warranty Federal Trade Commission Improvement Act, which is often referred to as the Magnuson-Moss Act. The law does not require the manufacturer to provide a written warranty. However, if a manufacturer chooses to include a written warranty, the law requires that it be printed in easily understood language.

Price of the Item

When will the law actually help you? Suppose you are considering buying a new hairdryer. If it costs more than \$15 and comes with a ten year warranty, you must be permitted to look over the warranty before you pay for the product. If you pay more for your new transistor radio, its written warranty must describe by caption whether it is a "full" or "limited warranty."

Types of Warranties

What is the difference between a "full warranty" and a "limited warranty?" A full warranty fulfills all federal requirements. If you buy a toaster oven under full warranty and it is not calibrated properly or explodes in the course of its warranty period, you are assured a replacement free of charge. The manufacturer may choose either to repair or replace the toaster. If the product has built-in or hard to remove items, as a dishwasher, the manufacturer must remove and reinstall it. There would be no charge unless the manufacturer shows that the job is so difficult that you can do yourself. If several repair attempts prove unsuccessful, you may choose either to have the product replaced or to receive a refund of the purchase price.

A limited warranty does not protect you to the extent that a full warranty does. If you buy a toaster with a limited warranty, you should know that you might be required to pay for labor even if the manufacturer will provide replacement at no cost. Beware of a limited warranty or at least read it carefully.

Extent of Coverage

The Magnuson-Moss Act only protects you if you are buying a consumer product, any product bought for home or personal use. If you are buying a lawnmower to mow a lawn, the act applies. However, if you buy a lawnmower for a lawn maintenance business, you are not protected.

You should also read your warranty to see if the manufacturer claims that it is not responsible for "consequential damages." Suppose your toaster oven has an improperly covered wire or plug which can catch on fire. If the kitchen counter and your child receives second degree burns, the kitchen damage

the child's injury would be considered consequential damages. Usually, these damages might be a major concern and mere payment of the toaster will not be the personal injury or property damage.

In addition to the Magnuson-Moss Act, you are afforded other rights under Massachusetts law. Please contact the Massachusetts Consumer's Council, 100 Cambridge Street, Boston, MA 02202 (727-2605) if you have any questions about your rights under warranty law or would like further information.

CHANGES IN SOCIAL SECURITY PROGRAMS

Several important changes in the Social Security disability insurance and supplemental security income disability programs took effect in November.

Many of the changes are intended to encourage people who receive Social Security or SSI disability payments to return to work. The changes

for a person who is still disabled but unable to work within a year after his or her benefits were terminated because of work, payments will be automatically reinstated. A new application is not necessary, and the person must notify Social Security.

A worker starts receiving Social Security disability benefits within a year after they stopped and he or she had Medicare before, Medicare will begin immediately. The person does not have to serve another four-month waiting period. This provision also applies to disabled widows and widowers and those disabled before age twenty whose benefits start again every seven years.

A person who did not complete the four-month waiting period during the first period of disability must wait the months he or she did not receive benefits toward the waiting period of the second period of disability. Government-related work expenses will be deducted from a person's benefits in deciding whether he or she is able to do substantial gainful

work even if these expenses also apply to living needs. Expenses for such things as medical devices and equipment, attendant care, required drugs, and services are included. These deductions also apply in figuring the amount of SSI payments.

Disabled widows and widowers are now eligible for a trial work period which permits them to test their ability to work and still get benefits.

Social Security will pay a reasonable charge for any medical reports it needs and requests.

Another change applying to those getting SSI payments because of disability became effective in January, 1981. Under the old law, SSI payments stopped if a person was found to have earnings high enough to represent substantial gainful work. As a result, he or she was often ineligible for Medicaid and social services.

Under a three-year experiment, all of these benefits may continue even though a person's earnings are high enough to represent substantial gainful work. As the person's earnings increase, however, the amount of the SSI payment will decrease. But, eligibility for Medicaid and social services may continue if a disabled or blind person could not work without this help and does not earn enough to pay for similar help.

SCHEDULED SCHOOL COMMITTEE MEETINGS

Following upon the suggestion outlined in his State of the Schools message delivered on January 14, School Committee President John O'Bryant has announced the schedule of dates and locations of School Committee meetings to be held over the next five-month period.

In order to increase access, involvement, and participation in School Committee matters, meetings will be held at varying times of day and in diverse locations throughout the city. All interested citizens, especially parents, students, and school personnel are encouraged to attend.

The schedule is as follows:

IV. LETTER OF SYMPATHY

January 13, 1981.

"Dear Commissioner Paul:

I am writing to convey to you my sincere sympathy on the deaths of Fire Lieutenant Paul M. Lentini and Fire Fighter James M. Gibbons.

Needless to say, I was deeply saddened to learn of their deaths upon my return to the Archdiocese and I shall pray for the repose of their noble and heroic souls. However, I am confident that they now enjoy the eternal happiness for which they were created.

With kindest personal regards, I remain

Devotedly yours In Our Lord,

HUMBERTO CARDINAL MEDEIROS,

Archbishop of Boston."

**EXTRAORDINARY STEP-STEP ADVANCE
UNDER COMPENSATION PLAN FOR
EMPLOYEES OF SUFFOLK COUNTY.**

PENAL INSTITUTIONS DEPARTMENT

Thomas B. Francis, Jr.,
Acting Supervisor of Personnel.

Dear Sir:

Effective February 4, 1981, Harry J. Courtney will be appointed superintendent at the Penal Institutions Department, Suffolk County House of Correction.

Prior to this appointment, Mr. Courtney served over eight years with the Town of Brookline Police Force as a patrolman. He also worked in private security industry for the past three years at Landmark Security and May Security, Inc.

Mr. Courtney is a graduate of Northeastern University, University College, with a Bachelor of Science Degree in Security and a Bachelor of Science in Law Enforcement. He is also a recent graduate of the City of Boston Management Program.

Due to his prior experience and education, it is respectfully requested that his first-, second-, and third-year increments be determined under Rule 15F of the County Classification and Compensation Plan for officers and employees of Suffolk County.

Sincerely,
John C. Seay,
Penal Commissioner.

**CONTRACTS AWARDED
WITHOUT ADVERTISING**

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

**ADMINISTRATIVE SERVICES DEPARTMENT
Personnel Division**

Management Training Programs

Dear Mr. Mayor:

Your permission is respectfully requested to award a contract, without advertising, to Mr. Leo Dauwer, 20 Shady Lane, Needham, for consulting services to the city for the management training programs which will be held this summer for key management personnel and department heads.

Under the terms of this contract, Mr. Dauwer will spend up to six days in the preparation and planning of the training sessions at a per diem cost of \$250 per day, and will give lectures not to exceed five days at a cost of \$500 per day. In addition, there will be incidental cost for supplies and materials for the participants in the program of approximately \$1,000. The total cost for the program which will run from July 7, 1980, through September 30, 1980, will not exceed \$5,000, which I feel is reasonable.

In view of Mr. Dauwer's distinguished reputation in the field of management training and his special qualifications for this project, I

feel that no benefit will accrue to the city by publicly advertising for this service.

Very truly yours,
John E. Murphy, Jr.,
Supervisor of Personnel.

Dear Mr. Mayor:

Your permission is respectfully requested to award a contract, without advertising, to Thompson Island Education Center, Inc., South Boston, for the operation of a series of Boston Neighborhood Conferences from July 1, 1980, to December 31, 1980, in an amount not to exceed \$80,000, which is a reasonable cost.

This program will consist of training 500 city employees in innovative management techniques. Included in the cost of the program will be dormitory facilities, conference rooms, and meals. This program will provide a unique opportunity for management personnel employed by the city to more fully understand their duties and acquire the necessary skills to perform them.

Due to the unique nature of the facilities and services to be provided, it is hereby requested that the department be allowed to dispense with public advertising in awarding this contract.

Very truly yours,
John E. Murphy, Jr.,
Supervisor of Personnel.

**ART COMMISSION
Art Consultant Services**

Dear Mr. Mayor:

Permission is respectfully requested to dispense with public advertising and to award a contract for consulting services to Mary O. Shannon, 117 West Newton Street, whose business address is 117 West Newton Street.

Over the past year, Mrs. Shannon has been handling the daily operations of the commission and will continue to do this. She will arrange, where necessary, for repairs, restoration, storage, and relocation of city-owned artworks.

She will supervise production and distribution of a booklet on selected pieces of Boston art, which is being produced with funds obtained from the National Endowment for the Arts. With the results of a survey of over fifty of Boston's major exterior monuments, she will be actively involved in fund-raising efforts to provide monies for cleaning, restoration, and continued maintenance of these pieces.

Most of the data collection in the city's first complete inventory of its artworks is finished and Mrs. Shannon will continue to coordinate and supervise the photographing and research which are the remaining major parts of this project.

This contract will begin on 1 July, 1980, and will be completed by 30 June, 1981, at a cost not to exceed \$17,600. The contract price is reasonable for the amount and complexity of the work. Mrs. Shannon's work has been reviewed by the Art Commission members. We believe she is well qualified for this work and that no public interest would be served by public advertising.

Very truly yours,
William B. Osgood,
Chairman.

COMMUNITY DEVELOPMENT

Social Service Programs

Dear Mayor White:

I respectfully request your Honor's permission to dispense with public advertising to award a contract to Programs for Youth, d/b/a the Murphy Community School Program, a corporation located at 316 Highland Avenue, for the provision of social, recreational, educational, and employment programs for teenagers from the Westchester section of the City of Boston.

Under the terms of the contract, the contractor will offer social services to medical, health, and counseling needs; shop/seminars to cover topics such as abuse, nutrition, and personal growth; and be held. Recreational activities will be available to include archery, basketball, volleyball, music, dance lessons, etc. The center will offer a relaxing atmosphere for teenagers in the area. Employment assistance will be available to youths that are in summer or year-round, part-time employment. Also, a youth service committee will be developed to organize volunteer work for interested teenagers.

Compensation under this contract will not exceed \$8,000. Payment for this contract will be made from the Community Development Block Grant. The term of this contract will be from September 1, 1979, through August 31, 1980.

Although this program had a HUD date of August 23, 1979, it was under HUD conditions making it impossible to award a contract. These conditions were removed last week, finally making it possible to proceed with the processing of this contract. Thus, explaining the late arrival of award letter to the Law Department.

Because of the contractor's experience and proven ability at providing similar services, those described above, I recommend the contractual relationship between the Social Service Programs for Youth, Inc., d/b/a the Murphy Community School Teen Program, established at this time.

Therefore, for the reasons cited above, the reasonable cost of these services is viewed that public advertising would not be any useful or practical purpose.

Sincerely yours,
Katharine D. Keane,
Deputy

Dear Mayor White:

I hereby respectfully request your permission to dispense with public advertising and to award a contract to Programs for Youth, Inc., d/b/a Ohrenberger Comprehensive Program, a corporation, located at 100 Arlington Avenue, for the provision of educational and recreational services for the residents of the West Roxbury, Hyde Park, and Roslindale sections of the City of Boston.

Under the terms of the contract, the contractor will provide two kinds of services to citizens in the area. The first will be a program in working with children ages four to four-years-old, and eventually lead to their actual participation with the Ohrenberger nursery program. The second type of program will be recreational with such activities as games, crafts, dance, bingo, fitness, etc.

under this contract shall not exceed \$10,000. Payment for this contract will be made from the Community Development Block Grant. The term of this contract shall be from September 15, 1979, to September 14, 1980. Although this program had a HUD approval of August 23, 1979, it was under special conditions, making it impossible to provide a contract. These conditions were revised last week, finally making it possible to proceed with the processing of this award letter, explaining the late arrival of this letter to the Law Department.

Because of the contractor's expertise and ability at providing similar services as described above, I recommend that a contractual relationship between the city and the Office for Youth, Inc., d/b/a the Ohrenberger Comprehensive Senior Program, be established at this time.

Therefore, for the reasons cited above and reasonable cost of these services, it is my recommendation that public advertising would not serve a useful or practical purpose.

Sincerely yours

Katharine D. Kane,
Deputy Mayor.

Dear Mayor White:
I respectfully request your Honor's permission to dispense with public advertising to award a contract to Programs for Youth, Inc., d/b/a the Murphy Community School Children's Program, a corporation, located at 316 Boston Avenue, for the provision of social, cultural, and recreational activities for residents of the Dorchester section of Boston. Under the terms of the contract, the contractor will offer after-school programs such as arts and crafts, photography, games, etc. Also, workshops will be held so that guests from such organizations as the New England Aquarium or the Mass. Horticultural Society will make presentations to the participants and allow direct involvement by the participants. A summer day camp will be run for residents of July and August. Field trips to such as cultural, educational, and sports events will be held throughout the year.

Compensation under this contract shall not exceed \$10,000. Payment for this contract will be made from the Community Development Block Grant. The term of this contract shall be from September 1, 1979, through August 31, 1980.

Although this program had a HUD approval of August 23, 1979, it was under special conditions making it impossible to provide a contract. These conditions were revised last week, finally making it possible to proceed with the processing of this award letter, explaining the late arrival of this letter to the Law Department.

Because of the contractor's expertise and ability at providing similar services as described above, I recommend that a contractual relationship between the city and the Office for Youth, Inc., d/b/a the Murphy Community School Children's Program, be established at this time.

Therefore, for the reasons cited above and reasonable cost of these services, it is my recommendation that public advertising would not serve a useful or practical purpose.

Sincerely,

Katharine D. Kane,
Deputy Mayor.

EEPA Consultant Services

Dear Mayor White:

I respectfully request your Honor's permission to contract with Mr. David S. Mundel, 3507 Woodley Road, N.W., Washington, D.C., for professional services to the City of Boston Employment and Economic Policy Administration. The contractor will work as a consultant to the Administrator's Office and will provide technical assistance to develop funding strategies to enhance economic development and job opportunities for City of Boston residents. Mr. Mundel was selected based on his extensive academic and work experience background, most recently having served as assistant director for Human Resources and Community Development in the Congressional Budget Office. The contractor will be compensated at the rate of \$229.89 per diem, a reasonable fee given the qualifications of and the work to be performed by the contractor.

Funds for the operation of this contract will be provided to the city through a federal grant under Title I of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be effective for the period June 2, 1980, through August 5, 1980, at a total cost not to exceed \$10,346. This request is retroactive because of continuing negotiations regarding the duration of the contract.

At this is a negotiated contract for professional services at a reasonable cost that conforms to federal procurement requirements for CETA programs, no public purpose would be served by advertising for sealed bids. I therefore request approval to dispense with formal advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Program for Women

Dear Mayor White:

I respectfully request your Honor's permission to contract with the Cardinal Cushing Center, a nonprofit organization with offices at 1375 Washington Street, for the purpose of operating the Community Support Women Program. Ten Hispanic Public Service Employment (PSE) participants will be employed and trained to assist pregnant teenagers and teenage mothers in coping with problems of adolescent health care and child development.

The contractor was selected based on an evaluation of its proposal and its demonstrated effectiveness in employing the long-term unemployed; the ability to provide suitable training to CETA enrollees; adequate supervision of the participants; and its value in addressing the needs of the City of Boston residents.

Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title II-D of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. This contract will be effective for the period June 30, 1980, through September 30, 1980, at a total cost not to exceed \$12,225.

As this is a negotiated award, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal ad-

vertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Staff Support Services

Dear Mayor White:

I respectfully request your Honor's permission to contract with Transitional Employment Enterprises (TEE), a nonprofit organization with offices at 286 Congress Street, for the purpose of providing central staff support for a program for the hard-core unemployed. The agency will train and employ two Public Service Employment (PSE) participants as clerks.

The contractor was selected based on an evaluation of its proposal and its demonstrated effectiveness in employing, training, and supervising CETA enrollees in similar programs. This request is retroactive due to the change in the central administrative staff of TEE resulting in a delay in the submission of the proposal. Since it is extremely important to integrate these offenders into the working society, as soon as possible, it was decided to start the project as of January 2, 1980. Hence, the normal refining and processing of the proposal caused the request to be retroactive.

Funds for the operation of the contract will be provided to the City of Boston through a federal government grant under Title VI-A of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. This contract will be effective for the period January 2, 1980, through May 23, 1980, at a total cost not to exceed \$5,775.

As this is a negotiated contract, at a reasonable cost, which conforms to federal requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

FEDERAL RELATIONS

Management Services

Dear Mayor White:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the National Center for Municipal Development, Inc., 1620 Eye Street, N.W., Washington, D.C., for office, administration, and financial management services for the City of Boston's Washington office and staff.

Under the terms of the contract, the National Center for Municipal Development (NCMD) will provide for the city's Washington office and staff, among other services; all office services, including Xerox, postage, supplies, telephone, etc.; travel planning and advances; accounting services and fiscal administration. NCMD will incur and pay the costs of these services, including the costs of all travel expenses.

NCMD has provided the city with these office services for the past year; the city is currently leasing office space from NCMD and

has done so in the past. Since the city has been completely satisfied with the services provided, NCMD is an appropriate choice for continuing to provide the city with these needed services. NCMD is associated with the U.S. Conference of Mayors and the National League of Cities.

The cost of this contract is in the amount not to exceed \$20,000, which is reasonable and customary. The term of the contract will be July 1, 1980, to June 30, 1981.

Because NCMD is uniquely qualified to provide these services by virtue of the broad range of services in which NCMD is well experienced, I believe that public advertising would serve no useful purpose.

Sincerely,
Roy Bishop,
Director.

HEALTH AND HOSPITALS DEPARTMENT

Treatment Programs

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to the Trustees of Boston University, acting by and through the Arthritis, Oncology, and Psychiatry Section of the Boston University School of Medicine for the provision of arthritis, oncology and psychiatry services at Long Island Hospital for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$67,656.

Under this contract, the Oncology, Arthritis, and Psychiatry Section will provide comprehensive treatment programs for the patients at Long Island Hospital. In addition the psychiatric section will also provide similar services for the patients at Mattapan Hospital. Direct patient care will be provided by physicians with specific training and expertise in their respective fields of oncology, arthritis, and psychiatry.

Contracting with the Trustees instead of individual physicians for these services allows for the establishment of comprehensive programs and continuity of care.

Because of the special fitness of the University to provide these services, because of the professional nature of the services, and as the cost in our opinion is reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Equipment Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Digital Equipment Corporation, 235 Wyman Street, Waltham, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$10,440.

Under this contract Digital Equipment Corporation will provide all the materials and perform all work necessary to maintain and repair the hospital laboratory computer equipment configuration, including programmable data loggers, data acquisition and terminals.

Inasmuch as Digital Equipment Corporation is the manufacturer of this equipment and has personnel trained in maintaining equipment, at a cost I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Digital Equipment Corporation, 235 Wyman Street, Waltham, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$27,756.

Under this contract Digital Equipment Corporation will maintain our hospital laboratory computer equipment including the DEC System 20 configuration.

Inasmuch as Digital Equipment Corporation is the manufacturer of this equipment and has personnel trained in maintaining equipment, at a cost I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Digital Equipment Corporation, 235 Wyman Street, Waltham, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$7,162.

Under this contract Digital Equipment Corporation will supply DEC software updates for software products.

Inasmuch as the software products to be maintained are to be executed on Digital Equipment Corporation Computer Model 2040, and Digital Equipment Corporation has personnel specifically trained to provide these services, at a cost I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Optometric Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award, without advertising, a contract to Dr. Robert P. Moritz, 1050 Washington Street, Canton, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$2,600.

Under this contract Dr. Moritz will provide consultant services in optometry at Long

Island Hospital once a week, at a cost of \$200 per visit.

Because of the personal and professional nature of the services to be provided, because Dr. Moritz is well qualified by training and experience to provide these services at a price I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Shuttle Bus Service

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to extend, for one year, without advertising, the city's contract with New England Shuttle, Incorporated, Worcester Road, Wellesley Hills, for providing shuttle bus service at Boston City Hospital for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$67,200. Under Article XXIV of the original contract, it states that the city may extend this contract for one additional year on the same basis as the previous contract.

Therefore, as the contract is being extended on the same basis and same price, and New England Shuttle, Inc., has provided excellent service, at a cost I deem to be reasonable, no benefit would be served by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Data Entry Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award, without advertising, a contract to Advanced Automation Associates, 140 Main Street, Tewksbury, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$94,000.

Under this contract, Advanced Automation Associates will provide keytaping and keypunching services for the department.

Currently this department is converting data processing operation from an independent, self-managed system to a timesharing system, utilizing new equipment and computer time with other hospitals in the Greater Boston area. Upon completion of the conversion, the department will have its own computerized general ledger, accounts payable, payroll, personnel, inventory, appropriation, and patient billing files.

However, during this implementation, the department must continue the present daily computer operations such as billing, payrolls, and accounts payable. In order to accomplish this, it is necessary for this major conversion to conduct normal operations at the same time as from an outside data entry concern is required.

Therefore, because Advanced Automation Associates has provided data entry services for the past several years and as a result has become familiar with our needs, data processing requirements and requirements to the department, that converting to another firm at this time would result in a major disruption

effort, and because the cost not only is able it contains no increase over fiscal costs, and finally, because the department intends to publicly advertise in fiscal it is determined that the need for this still exists, no benefit would inure to by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Computer Services

ant to the authority, delegated to me Board of Health and Hospitals, I hereby your Honor's permission to award, advertising, a contract to Boston Center Supply Service, Inc., 727 Massachusetts Avenue, for the period of May 31, through June 30, 1980, at a cost not to exceed \$10,000.

By this contract, Boston Medical Center Supply Service, Inc., will procure and develop necessary professional computer services to support the analysis of bidding by seeking to supply the municipal departments of the City of Boston. Approximately 10 vendors gave submitted bid proposals in the categories, which include several specific items necessary to the provision of medical services.

The volume of work has required computer analysis, in order to complete the management operations of the grouping project within a critically short period. Because the selection of vendors on basis of low bid and because the review of item selections by the appropriate Procurement Committees of the Department of Health and Hospitals had to be completed and contracts awarded to vendors made by the end of the current fiscal year, there was insufficient time to initiate the request for contract prior to the commencement of

By Boston Medical Center Supply Service, Inc. will procure, with the funds in this contract, the requisite ancillary keypunch services and the computerization.

Such as Boston Medical Center Supply Service, Inc., is a nonprofit organization, specified to provide generally the following services: purchasing, material management, and catalogue updating to the Department of Health and Hospitals, and as for services under this contract are provided, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Purchasing Services, etc.

By the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award a contract without advertising, to Boston Medical Center Supply Service, Inc., 727 Massachusetts Avenue, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$3,500.

By this contract, Boston Medical Center Supply Service, Inc. will provide to the Department of Health and Hospitals purchasing and management services in the area of medical health-related supplies. Among the

categories of materials and supplies to be provided are medical and surgical items, pharmaceuticals, laboratory supplies, radiology supplies, reagents, etc.

Boston Medical Center Supply Service, Inc. is a not-for-profit private corporation formulated through the cooperation of the Department of Health and Hospitals and the University Hospital, 750 Harrison Avenue. The purpose of the Boston Medical Center Supply Service, Inc. is to facilitate and explore joint materials management application, through which the city can obtain efficiencies and economies in the material fields. The first application is a group purchasing effort, by which the Department of Health and Hospitals expects to contain its materials costs by purchasing in greater combined volumes with the University Hospital.

Boston Medical Center Supply Service, Inc. will provide all requisite full accounting and financial management systems, all fully auditable. Additionally, new levels of management information will be provided to the Boston City Hospital as well as the Long Island and Mattapan Chronic Disease Hospitals, relating to item utilization, vendor payments, usage projections, and inventory management.

Furthermore, Boston Medical Center Supply Service, Inc. will facilitate improvements in the department's materials standardization process, as well as improving the levels of materials and supplies services to the providers and users of the Department of Health and Hospitals.

As the contractual agent for the Department of Health and Hospitals, the Boston Medical Center Supply Service, Inc. will provide these purchasing and supply services in strict compliance with the policies and procedures of both the City of Boston and the Department of Health and Hospitals.

Therefore, because the concept was researched, planned, and established by personnel from the Department of Health and Hospitals and the University Hospital, who had a thorough knowledge of the needs and problems of both institutions, and because they have provided services designed specifically for our needs and the elimination of our problems through the Boston Medical Center Supply service, Inc., a nonprofit corporation with costs I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Billing Services, etc.

Dear Sir:

In accordance with the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to renew, without advertising, the city's contract with Health Management Systems, 115 East 87th Street, New York, for the retroactive billing services in connection with third-party payments due from Medicaid for the period July 1, 1980, through June 30, 1981, in an amount not to exceed \$150,000.

Under this contract, Health Management Systems shall continue to provide retroactive billing services in connection with third-party payments due from Medicaid for Boston City Hospital's Designated Programs, as herein-

after defined to consist of patient and ancillary services which are operated by Boston City Hospital in its Emergency Rooms and Out-Patient Clinics rendered to patients (a) identified as self-pay patients; (b) unidentified as to third-party coverage; and (c) billed by Boston City Hospital to a third-party and then rejected for payment by such third party.

Under this contract, Health Management Services shall be paid as follows: (a) where the combined gross value of those billings approved and paid by Medicaid to Boston City Hospital for billings evolving from the services of Hospital Management Systems during the period of this contract is equal to or less than \$750,000, then the city shall pay Health Management Systems at a rate of 20 percent of the actual gross value of said billings; and (b) where the combined gross value of said billings exceeds \$750,000, then the city shall pay Health Management Systems a flat sum of \$150,000 for all services rendered during the entire contract period.

Inasmuch as this contract provides a substantial benefit to the city as it allows for the effective and uninterrupted collection of revenues due, as Health Management Systems has efficiently provided these services in the past, and as the fee is reasonable, no useful purpose would be served in publicly advertising for bids.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Dietary Management Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to extend for one year, without advertising, the city's contract with ARA Hospital Food Management, Inc., 6 Corporate Park Drive, White Plains, New York, for the professional management of the dietary departments at Mattapan Hospital and Long Island Hospital, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$1,056,899.

Under Article IV of the original contract the city may extend this contract for one year on the same basis. Although the above amount represents an increase of \$120,027 over the fiscal 1980 cost, \$106,111 is an increase in the estimated cost of the pass through expenditures which are reimbursed by the city only when and if expended. The balance, \$3,916, is an increase in the salaries of the contractor's on-site managers and represents a 7.7 percent increase which I deem to be reasonable and acceptable.

Therefore, because ARA has shown major improvements in food preparation, personnel management and security since July, 1979, and also in spite of an increase in their request for fiscal 1981, this total is still lower than all other bids received for fiscal 1980 and finally because their 1981 request in my opinion is reasonable, I recommend approval of this request.

Very truly yours,

David L. Rosenbloom,
Commissioner.

Primary Health Care Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to the Trustees of Health and Hospitals of the City of Boston, Inc. (Trustees), 818 Harrison Avenue, a charitable, nonprofit corporation created under chapter 174 of the Acts of 1880 as most recently amended by chapter 656 of the Acts of 1965, under which said corporation will continue the operation of comprehensive primary health care centers affiliated with Boston City Hospital, in certain neighborhoods in the City of Boston for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$2,518,759. The health centers are operated in facilities, some of which are owned or rented by the City of Boston, and consist of the following:

North Dorchester — Dorchester Health Center, 1353 Dorchester Avenue; Uphams Corner Health Center, 500 Columbia Road.

Roxbury — Whittier Street Health Center, 20 Whittier Street; Charles Drew Health Center, 632 Blue Hill Avenue.

Mattapan — Harvard Street Health Center 895 Blue Hill Avenue.

South Boston — South Boston Health Center, 133 Dorchester Street.

East Boston — East Boston Neighborhood Health Center, 79 Paris Street.

Under this contract the trustees will continue to provide fiscal management services to health centers and assume continuing responsibility for their operations. In consideration of the services rendered, the Trustees shall be permitted to retain an amount equal to 7 percent of the total of this contract as general and administrative cost.

This undertaking is of a very personal and professional nature, and the Trustees have demonstrated to the city during the past several years their special fitness to administer this contract in a very satisfactory manner, at a reasonable cost. Accordingly, in our judgment, no benefit will inure to the city by publicly advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

HOUSING INSPECTION DEPARTMENT Leasing Certain Premises

Dear Mayor White:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of an estimated 1,550 square feet of space in the building located at 2 Hyde Park Avenue, Jamaica Plain, and to enter into a lease with Celtic Realty Trust, Post Office Box 9176, Boston, for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally funded program.

The proposed lease is for a term of one year — July 1, 1980, to June 30, 1981 — with options on the part of the city to extend the term

of the lease for an additional year. The proposed rental fee is \$690 per month with a tax clause of 5 percent. This is a reasonable cost.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
John A. Vitagliano,
Commissioner.

Dear Mayor White:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of an approximately 1,500 square feet of space in the building located at 1225 River Street, Hyde Park, and to enter into a lease with Myer Dana and Sons Real Estate, 3 Center Plaza, for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally funded program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for one year — July 1, 1980, to June 30, 1981 — with options on the part of the city to extend the term of the lease for an additional year. The proposed rental fee is \$325 per month. This cost is reasonable.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
John A. Vitagliano,
Commissioner.

Dear Mayor White:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of an estimated 1,100 square feet of space in the building located at 4395 Washington Street, Roslinoale, and to enter into a lease with Josef Porteleki, Jr., 102 Walnut Street, Canton, for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally funded program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of one year — July 1, 1980, to June 30, 1981 — with options on the part of the city to extend the term of the lease for an additional year. The proposed rental fee is \$475 per month. This is a reasonable cost.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
John A. Vitagliano,
Commissioner.

Dear Mayor White:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of an estimated 1,820 square feet of space in the building located at 214 Bowoin Street, Dorchester, and to enter into a lease with Ellsworth O. Beckstrom, 19 St. Peter Street, Jamaica Plain, for this space. The

premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally funded program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of one year — July 1, 1980, to June 30, 1981 — with options on the part of the city to extend the term of the lease for an additional year. The proposed rental fee is \$805 per month with a tax clause of 20 percent. This is a reasonable cost.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
John A. Vitagliano,
Commissioner.

Dear Mayor White:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of an estimated 1,100 square feet of space in the building located at 111 Franklin Street, Allston, and to enter into a lease with Ronald Cahaly, acting as agent for Madeline Cahaly, 58 Adamson Street, for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally funded program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of one year — July 1, 1980, to June 30, 1981 — with options on the part of the city to extend the term of the lease for an additional year. The proposed rental fee is \$255 per month. This is a reasonable cost.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
John A. Vitagliano,
Commissioner.

PARKS AND RECREATION DEPARTMENT

Entertainment Services

Dear Mr. Mayor:

I respectfully request your written approval to dispense with proposals by advertising in the *City Record*, and to award to Mr. Angelo Picardi, 58 Cedars Acres Road, Marshfield, a contract to supply and engage entertainers and to perform at various times from July 1, 1980, to June 30, 1981, for a total not to exceed \$20,000. This is to be charged to the Parks and Recreation Department Budget 1-11-41 (29) Miscellaneous Contractual Services. This sum is reasonable and standard for professional services of this nature.

The services to be provided by Mr. Picardi include performing on "Wednesday Evening on the Plaza" (Italian Night), August 27, 1980; planning city-wide entertainment programs for senior citizens; performing at a series of concerts; and to plan and program "Wednesday Evenings on the Plaza 1980."

It is my opinion that no useful purpose would be served by advertising because of the nature of the services to be rendered and because of Mr. Picardi's unique talent as a professional entertainer.

Very truly yours,

Alan M. Austin,
Commissioner.

Electrical Engineering

Dear Mr. Mayor:

It is respectfully requested that your Honor approve my selection of Paul E. Pritzker Associates, Inc., with offices at 680 Hancock Street, Quincy, to furnish electrical engineering services during the period June 25, 1980, through December 31, 1980, to conduct energy audit survey of existing Parks and Recreation facilities in order to implement energy conservation measures in the operation of the facilities; to furnish electrical engineering services for the preparation of plans and specifications; and for the supervision of construction of improvements to lighting systems throughout the park system at a cost not to exceed \$25,000.

The compensation to be paid for professional services shall be as follows: principal \$40; engineers, and professional staff, technical and clerical staff, 2½ times the hourly rate paid to the engineer's employees, not to exceed \$30 per hour (on certified basis); or of an approved consultant, no to exceed \$40 per hour (on a certified basis).

Paul E. Pritzker Associates, Inc. is qualified to perform the services proposed and the compensation to be paid the firm is fair and reasonable and conforms with the rates paid for similar professional services by other city departments.

Also requested is your Honor's authorization to dispense with public advertising in the *City Record*, in the award of this contract. As the proposed contract is one for the performance of professional services, a public solicitation of bids, in my opinion, would therefore serve no useful purpose. This contract will be charged to 3-31-16.

Very truly yours,

Alan M. Austin,
Commissioner.

Classes for Women

Dear Mayor White:

I hereby respectfully request permission to dispense with inviting proposals by advertising in the *City Record*, and to award a contract to Colette K. Ayache, 35 Congreve Street, Roslindale, to teach Oriental ballet and to conduct slimnastic classes for women from July 1, 1980, to June 30, 1981, fifty-two weeks, fifteen hours per week at \$10 per hour. The total cost of these services to be performed by Ms. Ayache is not to exceed \$7,800. This is to be charged to the Parks and Recreation Department Budget 1-11-41 (29) Miscellaneous Contractual Services. This is the standard rate for professional services of this nature and is a reasonable cost.

Under the terms of this proposed contract, Ms. Ayache will organize and instruct groups of women at various recreation centers under the care and control of the Parks and Recreation Department, the art of Oriental ballet. She will also conduct specialized classes in slimnastics.

Due to Ms. Ayache's prior excellent performance in these areas for the Parks and Recreation Department and because of the professional nature of the services to be provided, I feel that no useful purpose would be served by publicly advertising for bids.

Very truly yours,

Alan M. Austin,
Commissioner.

Dear Mayor White:

I hereby respectfully request permission to dispense with inviting proposals by advertising in the *City Record*, and to award a contract to Beverly Rose Richards, 141 Ashley Street, East Boston, a contract for services to be rendered instructing gymnastics, baton twirling, physical fitness, and dancing to participants at various recreation centers under the care and control of the City of Boston Parks and Recreation Department from July 1, 1980, to June 30, 1981, fifty-two weeks, ten hours per week at \$10 per hour for a total not to exceed \$5,200 to be charged to the Parks and Recreation Department Budget 1-11-41 (29) Miscellaneous Contractual Services. This is the standard rate for professional services of this nature.

Under the terms of this proposed contract, Ms. Richards will direct, organize, and instruct participants in gymnastics, baton twirling, physical fitness, and dancing at various recreation centers under the care and control of the Parks and Recreation Department.

Due to Ms. Richards expertise and experience in the above-mentioned fields and because of the professional nature of the services to be provided, I feel that no useful purpose would be served by publicly advertising for bids.

Very truly yours,

Alan M. Austin,
Commissioner.

Camp Director

Dear Mayor White:

I respectfully request your permission to dispense with inviting proposals by advertising in the *City Record*, and to award a contract to Mr. John J. Gately, 357 Weld Street, West Roxbury,

(Continued on next page)

for services to be rendered as director of Camp Joy, our program for mentally and physically handicapped children and adults. The contract will be for the period of July 1, 1980, to June 30, 1981, inclusive. The sum to be paid will not exceed \$9,400, which will be charged to the Parks and Recreation Department Budget 1-11-41 (29) Miscellaneous Contractual Services. Mr. Gateley will work a total of 940 hours at \$10 per hour which is the standard and reasonable professional rate for the services he will render.

Under the terms of the proposed contract, Mr. Gateley will direct all transportation, site supervision, and participant evaluation for the Camp Joy Program. Over the course of this contract, the participant population will number upwards of 600 children and adults.

Mr. Gateley enters this work with an exceptional background of both experience and education. It is my opinion that no useful purpose would be served by advertising for bids. I, therefore, respectfully request that your permission be forthcoming to enter into this contract.

Very truly yours,
Alan M. Austin,
Commissioner.

PROGRAM DEVELOPMENT Market Survey, etc.

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the Dudley Terminal Merchants Association, a nonprofit organization, located at 2343 Washington Street, Roxbury, for a business district planning study and improvement program.

Under the terms of the contract, the Dudley Terminal Merchants Association will conduct market survey research, purchase amenities such as street/store directories, and start publication of a monthly newsletter.

Compensation under this contract shall not exceed \$5,000, which I have determined to be reasonable for the services to be provided. Payment will be made from the Community Development Block Grant program Year V on a reimbursable basis. The term of this contract shall be from July 1, 1980, until June 30, 1981.

Because of the professional qualifications and unique expertise of the contractor, I believe that public advertising would serve no useful or practical purpose.

Sincerely,
Andrew S. Fink,
Fiscal Administrative Officer.
Recreation Program, etc.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to the Neighborhood Development Corporation of Jamaica Plain, a non-profit organization, located at 62 Atherton Street, Jamaica Plain, for the purposes of running a community-based recreation and maintenance program at Mozart Playground in the Hyde Square area of Jamaica Plain.

Under the terms of the contract, the contractor will institute on an annual schedule a comprehensive community-based recreation and

maintenance program at the Mozart playground. The contractor will be responsible for the management of recreation and arts and crafts activities, organizing such activities and providing necessary supplies. The contractor will also be responsible for control and disposal of litter, seasonal removal of leaves and snow, and for minor repairs to recreational equipment. Along with a local resident oversight committee, the contractor shall oversee the employment of local residents, adults and youths, preferably bilingual, in program management.

Compensation under this program shall not exceed \$25,000, payment being made from the Community Development Block Grant program Year V on a reimbursable basis. The term of this contract shall be from July 1, 1980, until June 30, 1981.

It is our belief that this pilot program, in conjunction with the city's outlay of \$100,000 of its capital budget to renovate this neighborhood park, is essential if the community is to attain full benefits from the scheduled improvements. Because of the contractor's expertise and previously proven ability, and due to the reasonable costs of these services, I recommend that a contractual relationship between the city and the Neighborhood Development Corporation of Jamaica Plain be established at this time.

For the reason cited above, I feel that public advertising would not serve any useful or practical purpose.

Sincerely,
Andrew S. Fink,
Fiscal Administrative Officer.

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to the Boys' Club of Boston, Inc., a nonprofit organization, located at 15 Green Street, Charlestown, for the provision of a summer program.

Under the terms of the contract, the Boys' Club will administer and operate the South Boston Summer Collaborative Program. This program, based at 230 West Sixth Street, South Boston, will provide a day camp program and a sailing program.

Compensation under this contract shall not exceed \$80,000, which I have determined to be reasonable for the services to be provided. Payment will be made from the Community Development Block Grant program Year V on a reimbursable basis. The term of this contract shall be from June 30, 1980, until October 3, 1980.

Because of the contractor's expertise and proven ability at providing similar services as those described above, I believe that public advertising would serve no useful or practical purpose.

Sincerely,
Andrew S. Fink,
Fiscal Administrative Officer.
Land Data Analysis

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising, and award a contract to the University of Maine at Orono, Maine, for an analysis of the land data resources and requirements of the City of Boston.

The University of Maine at Orono is internationally recognized as professionally and uniquely qualified to provide these services.

An analysis of their capabilities, and individuals committed by the university to this project, has demonstrated to me that the University of Maine at Orono possesses the requisite capability to provide these services.

The cost of this contract shall not exceed \$40,000, which I have determined to be reasonable.

The terms of this contract shall be from June 25, 1980, through June 30, 1980.

It is anticipated that the services cannot be completed prior to the end of the fiscal year and that the contract will need to be amended.

Because of the professional nature of the services to be performed, no useful purpose would be served by public advertising.

Sincerely,
Arthur E. S.

Automated Systems Testing

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Index Systems, Inc., One Boston Center, Cambridge. Under the terms of the contract, Index will provide professional services with respect to the development and testing of automated systems design for the Department of Revenue to revalue the City of Boston according to law.

Index Systems, Inc. is recognized as a nationally qualified to provide such services. Under the terms of the contract, contract will 1. develop final specifications for automated system to be installed in the Department of Revenue; 2. provide a request proposal to be advertised for public bid; 3. results of data collected according to test project being conducted by OPE; 4. write specifications for a work-in-progress system for data entry by the Department Division of OPE; 5. provide maintenance services in the Technical Services Unit.

Compensation under this contract shall not exceed \$220,000, which I have determined to be reasonable.

The term of this contract shall be from June 16, 1980, to June 30, 1980.

It is anticipated that the services cannot be completed prior to the end of the fiscal year, and that the contract will need to be amended.

Because of the professional nature of the service to be performed, no useful purpose would be served by public advertising.

Sincerely,
Arthur E.

Computer Services, etc.

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to Charles T. Main, Inc., of Boston Center, Boston.

Charles T. Main is recognized as a nationally qualified to provide such services. I have submitted proposals in writing to the office, and the contractor was selected on the basis of cost, professional expertise, and data processing accuracy and cost.

the technical specifications required by demonstrated to my satisfaction that S. T. Main, Inc. possesses the requisite ability to perform the map digitizing required by this contract.

The cost of this contract shall not exceed \$100,000, which I determined to be reasonable. The term of this contract shall be from June 30, 1980, to June 30, 1981.

I anticipated that the services described would be completed prior to the end of the fiscal year, and that the contract will need to be renewed.

Because of the professional nature of the services to be performed, no useful purpose would be served by public advertising.

Sincerely,

Arthur E. Shea,
Director.

PUBLIC FACILITIES DEPARTMENT

Leasing Certain Premises

Mr. Mayor:

For a delegation of its power from the Facilities Commission to the director of Facilities, I respectfully request your written permission to dispense with advertising in leasing certain premises if necessary and convenient by the Mayor for municipal office purposes. There is a delegation of power from the commission to the director to execute such lease, or on thereof, upon receipt of written authority from the Mayor of Boston.

The lessor is the 147 Milk Street Realty Company, 147 Boylston Street, Boston.

The premises consist of 50,000 square feet of office space, located at 147 Milk

The term of the lease will be five years (substantially annual appropriation) beginning May 1, 1980, and ending April 30, 1985.

The monthly rental will be \$39,583.33, with the first payment for the initial month being to cover the additional costs of renovation and alterations necessary to suit the requirements of the lessee. The charge for the initial term (May 1, 1980, to April 30, 1981) is not to exceed \$117,583.33. The rent will be supplied by the lessor, and the rent to be paid by the lessee. I have determined these costs to be reasonable.

These facilities are both adequate and convenient, it is not felt by the writer that public advertising would serve any useful purpose.

Very truly yours,

Donald B. Manson,
Director.

PUBLIC WORKS DEPARTMENT

Legal Services

Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract for legal services to the law firm of Zeidman and Schomer, with offices located at 1025 Connecticut Avenue, Washington, D.C.

The terms of the contract, counsel will be to advise the city in matters relating to the responsibilities of the City of Boston and on Housing Authority with respect to public housing units covered by the Annual Appropriations Contracts (ACCs). Counsel will be to advise all of the available ACCs entered into

with the U.S. Department of Housing and Urban Development (HUD) and its predecessor agencies. Counsel will also research applicable case law on the subject and furnish the city with its conclusion as to its legal responsibility under applicable federal and Massachusetts law to the Boston Housing Authority, or its successor, with respect to the units covered by the ACCs.

Counsel is extremely qualified to render those services because of Attorney Brownstein's experience as the federal housing commissioner of the Federal Housing Administration, and his later experience as assistant secretary for housing for HUD.

The term of this contract shall be from April 23, 1980, to June 30, 1981. Counsel will be compensated for actual time, plus out-of-pocket expenses, at the rate of \$150 per hour for the time of a partner and at a rate of \$75 per hour for the time of an associate, rates which I consider reasonable. In no event shall the total compensation in the aggregate for all services rendered during the term of this contract exceed \$40,000.

This request is being submitted late due to administrative inadvertence.

Because of the professional nature of the services to be performed, and the special qualifications of this law firm, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph Casazza,
Commissioner of Public Works.

TREASURY DEPARTMENT

Tax Collection Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Donna M. Farrelly, an individual, located at 57 Thomas Park, South Boston, for assistance in the collection of delinquent real estate, personal property, and motor vehicle excise taxes.

Under the terms of the contract Ms. Farrelly will act as legal intern for the unit. Ms. Farrelly is uniquely qualified to do this work because of her experience within the unit, her formal legal education, and her excellent performance.

Compensation under this contract shall not exceed \$6,000, which I have determined to be reasonable for the work to be performed. Ms. Farrelly will be working part time at the rate of \$5 per hour.

The term of this contract shall be from July 1, 1980, to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Lowell L. Richards, III,
Collector-Treasurer.

Bond Counsel Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Palmer & Dodge, a partnership, located at One Beacon Street, to serve as the city's bond counsel.

Under the terms of the contract, Palmer & Dodge will provide advice and prepare documents in connection with financial matters, and particularly in connection with the issuance of bonds, notes, and other certificates of indebtedness of the city. Palmer & Dodge is

uniquely qualified to do this work because it is very familiar with Massachusetts General Laws on matters of municipal finance, is extremely familiar with the city's finances and procedures due to previous work, and has performed similar services in the past in a very fine manner.

Compensation under this contract shall not exceed \$90,000, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1980, to June 30, 1981.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Lowell L. Richards, III,
Collector-Treasurer.

SCHOOL DEPARTMENT

Chapter 766 Services

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Judge Baker Guidance Center, 295 Longwood Avenue, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c.71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$563,950, which is deemed to be reasonable by the committee, during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to fifty Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,

Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Boston College Campus School, Roberts Center, Chestnut Hill, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c.71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$287,250, which is deemed to be reasonable by the committee, during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to thirty-five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Y.M.C.A. Services Corp., 316 Huntington Avenue, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c.71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$146,775, which is deemed to be reasonable by the committee, during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to twenty-five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Spectrum, Inc., Oak Street, Westboro, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c.71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$10,634, which is deemed to be reasonable by the committee, during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to two Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. White:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to the Community Group, 410 South Street, Needham, for the providing of special educational services to one Boston Public School pupil in accordance with M.G.L. c.71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$11,261, which is deemed to be reasonable by the committee, during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to one Boston Public School pupil in accordance with the child's educational plan devised for him by the School Department staff.

Because it has been determined that this child is in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to the Pilgrim Center, 140 Adams Street, Braintree, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$34,310, which is deemed to be reasonable by the committee, during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to two Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Children's Hospital Medical Center, 300 Longwood Avenue, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$73,000, which is deemed to be reasonable by the committee, during the period of July 1, 1979, to June 30, 1980.

The facility will provide thereunder educational services to ten Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Recruitment Services

Dear Mr. Mayor:

On behalf of the School Committee, I respectfully request your permission to dispense with public advertising and to award a contract to Public Service Associates, a corporation located at 15 Court Square, for the conduct of a broadbased recruitment effort for the position of deputy superintendent of management operations.

Under the terms of the contract, Public Service Associates, Inc. will recruit on an statewide basis for the above-named position, specifically focusing recruitment efforts on underrepresented racial minorities, women, and the handicapped. They will screen, interview, and make references of applicants, provide the School Department with a summary description of project progress, evaluate applicants, and deliver referral packages on three applications for the position by June 30, 1980. Public Service Associates, Inc. is uniquely qualified to do this work because they are the only company in the Boston area to recruit exclusively for public sector positions.

Compensation under this contract shall not exceed \$7,075, which the School Committee has determined to be reasonable for the work to be performed.

The term of this contract shall be from July 1, 1980, to June 30, 1980.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This contract was submitted after its effective date because of the unexpected resignation of the former incumbent of the position of deputy superintendent. It was necessary to start an immediate search for a successor.

Very truly yours,
Edward J. Winter,
Secretary.

School Buses

Dear Mr. Mayor:

On behalf of the Boston School Committee, I request your authorization to award a contract, without public advertising, to 8020 Corporation, with a principal place of business at 40 Mall Road, Burlington, for the sale and purchase of 125, 1979 school buses. 8020 Corporation was established as a subsidiary of Capital Funding Corporation which, under a contract approved by you on April 29, 1979, is assisting the School Committee in securing tax-exempt financing for its school bus acquisition. This particular transaction includes the first phase of that plan. Under the terms of this particular contract and related documents, the School Committee will purchase 125 school buses to 8020 Corporation.

post upon request and receipt of an additional
postage and handling charge of five dollars (\$5),
payable by a separate check. If requested, docu-
ments will be forwarded by air freight, where
such service is available, at the expense of the
plan holder.

Bidders attention is directed to Appendix 1,
Goals and Timetables for Female and Minority
Participation in the Construction Industry; and
to Appendix 2, Supplemental Equal Employ-
ment Opportunity, Anti-Discrimination and Af-
firmative Action Program in the specifications.
In addition, pursuant to the requirements of Ap-
pendix 3, Minority Business Enterprise (MBE)
Provision, all potential prime contractors must
submit an assurance with their bids that they
will make sufficient reasonable efforts to meet
the stated goal of 4 percent.

Bidders wishing to remain in competition for
the award of this contract must submit to the
Authority with their bids the names of MBE sub-
contractors, a description of the work each is to
perform and the dollar value of each proposed
MBE subcontract.

The Authority hereby notifies all bidders that
it will affirmatively insure that in regard to any
contract entered into pursuant to this advertise-
ment (Notice to Contractors), minority and
female construction contractors will be af-
forded full opportunity to submit bids in

response to this invitation and will not be dis-
criminated against on the grounds of race,
color, religion, sex, or national origin in con-
sideration for an award.

Bidders will be required to comply with
federal equal employment opportunity regula-
tions and the President's Executive Order No.
11246 and any amendments or supplements to
that executive order. The requirements for bid-
ders and contractors under this order are ex-
plained in the specifications.

Authorization for the bidders to view the sites
of the work on the MBTA's property shall be ob-
tained from the office of the Assistant Director
of Construction-NW, Mr. F. M. Keville
(Telephone No. 617/722-5806).

A prebid conference will be held on February
23, 1981, at 10 a.m., in the office of the Assistant
Director of Construction-NW, Cambridge
Masonic Hall Association, 1950 Massachu-
setts Avenue, Cambridge, Massachusetts. It is
imperative that prospective bidders have a rep-
resentative attend. Any request for interpreta-
tion of plans and specifications should be sub-
mitted in writing at the same time.

Bidders will be required to certify that they
are not on the Comptroller General's list of
ineligible contractors.

The provisions of Massachusetts Executive
Order No. 130, Anti-Boycott Covenants are
incorporated by reference as part of this
contract.

Bidders will be required to certify as part of
their proposal that they are able to furnish labor
that can work in harmony with all other ele-
ments of labor employed or to be employed on
the work.

Bidders are advised that the "Buy American"
provisions of the Surface Transportation
Assistance Act of 1978 (Pub. L. 95-599) applies
to any contract, procurement, or agreement (in
excess of \$500,000) which results from this
solicitation.

These regulations require, as a condition of
responsiveness, that the bidder submit with his
bid a completed Buy America certificate as set
forth in the form for bid.

Proposal guaranty shall consist of a bid
deposit of four hundred and fifty thousand
dollars (\$450,000), in the form of a bid bond,
cash, certified check, treasurer's or cashier's
check issued to the MBTA by a responsible
surety, bank, or trust company.

The successful bidder shall be required to
furnish a performance bond and a labor and
materials payment bond, each for the full
amount of the contract price. The surety shall
be a surety company or securities satisfactory
to the Authority.

The Authority reserves the right to reject any
or all proposals, to waive informalities, to ad-
vertise for new proposals or proceed to do the
work otherwise, as may be deemed to be for the
best interests of the Authority.

**Invitation for General Bids for Furnishing,
Delivering, and Installing a Learning Lab
in South Boston High School, 96 G Street,
South Boston, Mass.**

The School Committee of the City of Boston, acting by the Senior Structural Engineer of the Department of Planning and Engineering, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed general bids for furnishing, delivering, and installing a learning lab in South Boston High School, 96 G Street, South Boston, Mass.

General bids will be received up until twelve o'clock noon, Boston time, Monday, February 23, 1981, at the office of the Awarding Authority, second floor, 26 Court Street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals must be made in duplicate, the one with the certified check is to be filed and left at the above, the other without certified check to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

General bids must be submitted on the form obtained from the Awarding Authority. The general bid shall be completely filled in, signed, enclosed in an envelope, sealed, and plainly marked with the description of the work to be done. The general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of cash or a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston, or a bid bond in a form satisfactory to the Awarding Authority with a surety company qualified to do business in the Commonwealth and satisfactory to the Awarding Authority and conditioned upon the faithful performance by the principal of the agreements contained in the subbid or general bid, in the sum of \$100 minimum or 5 percent of total amount bid, whichever is the greater amount. The general bid shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under

the provisions of General Laws (Ter. Ed.), chapter 149, section 26, as amended, a schedule of which appears in the specifications.

The attention of all bidders is specifically directed to the equal employment opportunity section of the specifications and the obligation of the contractor and all subcontractors to take affirmative action in connection with employment practices throughout the work.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Specifications and other contract documents may be obtained at the office of the Awarding Authority.

A performance bond, and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

CITY OF BOSTON

Proceedings of City Council

SPECIAL MEETING

Wednesday, October 1, 1980.

Special meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

INVOCATION BY PRESIDENT IANNELLA

Daily Prayer of the Co-Workers of Mother Teresa

Make us worthy, Lord, to serve our fellowmen throughout the world who live and die in poverty and hunger. Give them, through our hands, this day their daily bread, and by our understanding love, give peace and joy.

Lord, make me a channel of Thy peace that, where there is hatred, I may bring love; that where there is wrong, I may bring the spirit of forgiveness; that where there is discord, I may bring harmony; that, where there is error, I may bring truth; that, where there is doubt, I may bring faith; that, where there is despair, I may bring hope; that, where there are shadows, I may bring light; that, where there is sadness, I may bring joy.

Lord, grant that I may seek rather to comfort than to be comforted; to understand than to be understood; to love than to be loved; for it is by forgetting self that one finds; it is by forgiving that one is forgiven; it is by dying that one awakens to eternal life. Amen.

The meeting was opened with the salute to the flag.

The meeting was held pursuant to the following call:

Boston City Council

September 30, 1980.

To the City Council.

Councillors:

Anticipating that his Honor, the Mayor, will submit an appropriation order for school purposes as a result of an order entered in *Kelley et als. v. Boston, et als.*, I hereby call a special meeting of the City Council at 2 p.m., on Wednesday, October 1, 1980, in the Council Chamber for the limited purpose of receiving such order and taking such action thereon as the Council may determine.

In the event no such order is filed prior to 2 p.m., October 1, 1980, there will be no business before the Council and it will not meet.

Christopher A. Iannella,
President.

Placed on file.

APPROPRIATION OF \$15,100,000 FOR SCHOOL DEPARTMENT

The following was received:

City of Boston
Office of the Mayor

September 30, 1980.

To the City Council.

Dear Councillors:

I transmit herewith an order which would appropriate \$15.1 million requested by the School Committee to fund collective bargaining agreements. I transmit this order only under command of the Superior Court. I believe the request is unjustified, deceptive, and against the best interests of the residents and taxpayers of Boston. I strongly urge you to disapprove this order as a first step toward developing a rational, open, and responsible budget process for the School Department.

The request for \$15.1 million is unjustified on its face, because by the admission of the School Department, only \$12.1 million is required to fund the contracts which have been executed and are the subject matter of the Superior Court order. Without further analysis then, 25 percent of the request is a reckless increase, which the School Department defends on the grounds that it estimates that such amount will be needed for future contracts. That represents not only poor negotiating tactics, but a shamefully cavalier attitude toward public funds. The request is further shown to be unjustified by the diminishing requirement for school personnel at a time of rapidly declining school population.

The request is deceptive in that it suggests that the only impact of the City Council's approval would be the \$15.1 million cost. In fact, by appropriating that amount, the City Council would be ratifying a three-year contract which will cost the taxpayers an increase of nearly \$9 million over its life. Furthermore, there are other provisions in the contract such as absolute job security and excessive health and welfare benefits, which will impose additional significant costs. Although the law is not completely clear with respect to future funding obligations, recent experience shows that the city should not gamble with the law on matters relating to protection of the public purse.

The expenditures of the School Department are out of control. The School Department is not legally required to justify annually its regular appropriations; the law simply gives the School Department an automatic lump sum, this year totaling nearly \$200 million. Last year, the School Department ran enormous deficits, and apparently expects to do so again. The time has come to impose fiscal discipline from without, as the department clearly has shown neither the will nor the capacity to do so from within.

Over the past six months, the City Council has shown great concern and sensitivity to the burden of this city's taxpayers. The Council has acted decisively and responsibly on a number of budget matters to keep the tax rate down. Unfortunately, the School Department supplemental budget would add \$10 to this year's tax rate—an increase that is totally unjustified.

The public is eminently aware of the issue of School Department overspending, and will be opposed to this latest disregard by the School Committee for their views, opinions and wishes.

This is one of the most serious issues on the public agenda today, and will be the subject of continued debate in the coming months and even coming years.

I urge the City Council to hold hearings at which the city will present its analysis of the appropriation request. At the conclusion of those hearings, I urge you to disapprove this order, an action which will then take into account the legitimate problems of the taxpayers, as well as of School Department employees.

Respectfully submitted,

Kevin H. White,
Mayor.

Ordered, That in addition to the appropriations heretofore made, to meet the current expenses of the School Department in the fiscal period commencing July 1, 1980, and ending June 30, 1981, the sum of \$15,100,000 be, and the same hereby is, appropriated, said sum to be raised by taxation pursuant to section 23 of chapter 59 of the General Laws:

School Department General School Purposes, \$15,100,000.

Referred to the Committee of the Whole.

MEETING OF COMMITTEE OF THE WHOLE

Coun. DiCARA moved that the Council immediately recess and go into the Committee of the Whole for the purposes of considering the request for \$15.1 million to the School Department.

The motion was carried, yeas 9.

RECESS

On motion of Coun. LANGONE the Council voted to recess at 2:30 p.m., subject to the call of the chair. The members reassembled in the City Council Chamber and were called to order by President IANNELLA at 6:15 p.m.

REPORT OF COMMITTEE OF THE WHOLE

Report on message of the Mayor and order (referred today) for appropriation of \$15,100,000 for School Department purposes—recommending that the order in the new draft ought to pass:

Ordered, That in addition to the appropriations heretofore made, to meet the current expenses of the School Department in the fiscal period commencing July 1, 1980, and ending June 30, 1981, the sum of \$15,100,000 be, and the same hereby is, appropriated, for the purpose of paying School Department salaries as provided for by collective bargaining agreements dated after August 28, 1980, between the Boston School Department and the various unions representing its employees, said sum to be raised by taxation pursuant to section 23 of chapter 59 of the General Laws.

The report was accepted.

The order in the new draft was passed, yeas 8, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Tierney—8.

Nays—Councillor Sears—1.

APPROPRIATION AND LEVY CAPS

Coun. IANNELLA offered the following:

Ordered, That the appropriation cap be increased by \$419,627, and that the levy cap be increased by \$4,215,178.

The order was passed, yeas 8, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Tierney—8.

Nays—Councillor Sears—1.

The purpose for which this meeting was called having been accomplished, the President declared the meeting adjourned at 6:20 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

CITY OF BOSTON

Proceedings of City Council

SPECIAL MEETING

Tuesday, October 7, 1980.

Special meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President IANNELLA in the chair and all the members present.

The chair requested the Council members and all present to rise and observe a moment of silent prayer.

The meeting was opened with the salute to the flag.

The meeting was held pursuant to the following call:

Boston City Council

October 2, 1980.

To the City Council.
Councillors:

As you are aware, the Collector-Treasurer has reported that without increased borrowing authority, operating funds will be exhausted on or about October 7, 1980.

In accordance with the request of the Collector-Treasurer, I hereby call a special meeting of the City Council for Tuesday, October 7, 1980, at 2 p.m. in the Council Chamber for the limited purpose of considering the message and order now on the table authorizing borrowing in anticipation of taxes, or for the consideration of any order for like purpose in a lesser amount.

Any such order must receive two readings, not less than twenty-four hours apart.

Christopher A. Iannella,
President.

City of Boston
Treasury Department

October 1, 1980.

Christopher A. Iannella, President,
Boston City Council.

Dear Councillor Iannella:

As I indicated in my letter of September 11, 1980, and my testimony before the Committee of the Whole, the city's need for operating funds during the month of October cannot be satisfied from the borrowings authorized to date. My current analysis indicates that operating funds will be exhausted on or about October 7, 1980. As I indicated, when that happens, if the City Council has not authorized the Collector-Treasurer to borrow additional funds, no employees paid from general fund revenues can be paid. This would include employees in the Police, Fire, School, Public Works, Assessing, Building, Hospital, and other departments and agencies.

As I have indicated to you, the approval of the City Council does not do anything which would

enable funds to be expended for any purpose for which there is not a lawful appropriation already made by you. Therefore, frankly, I am at a loss as to the reason for the City Council's failure to approve as requested, the \$60 million loan order now before the Committee of the Whole. I strongly urge you to approve the loan order as requested as quickly as possible.

Please remember that to be effective, this loan order requires a vote of at least six members in favor, which vote must be taken again not less than twenty-four hours later with the same two-thirds favorable vote.

Sincerely,
Lowell L. Richards, III,
Collector-Treasurer.

Severally placed on file.

LOAN OF \$50,000,000
IN ANTICIPATION OF REVENUE

On motion of Coun. IANNELLA, message of the Mayor and order (Docket No. 0908) was taken from the table.

Coun. DiCARA moved that the order be given its first reading and passage.

Coun. LANGONE offered the following amendment:

That the passage of these funds shall be conditional upon the staffing of the Police and Fire Departments in accordance with the budget allowances by the Boston City Council as it passed.

Further, the same provisions apply to the Community Schools and Library Department.

Coun. McDONOUGH offered the following amendment to be substituted for Coun. LANGONE's amendment:

That the passage of these funds shall be conditional upon the staffing of the Police and Fire Departments for the 1980-81 fiscal year in accordance with the budget allowances by the Boston City Council as it passed.

Further, the same provisions apply to the Community Schools and Library Department.

And in the event that the Mayor disapproves the above conditions the order in its entirety is null and void and of no effect.

Coun. SEARS moved to amend the substitute amendment of Coun. McDonough as follows:

In Line one, replace the word "passage" with the word "borrowing."

Insert in the first paragraph, before the word "Police" the words "uniformed branch of the"; and remove the entire sentence "Further, the same provisions apply to the Community Schools and Library Department" and replace it by the following clause: "and conditional upon a request for significant restoration of funds to the Community Schools and Library Department budgets."

The amendment of Coun. SEARS was adopted, yeas 5, nays 4:

Yeas—Councillors Langone, McDonough, O'Neil, Sears, Tierney—5.

Nays—Councillors DiCARA, Flynn, Iannella, Sansone—4.

The substitute amendment of Coun. McDONOUGH, as amended, was adopted, yeas 5, nays 4:

Yeas—Councillors Langone, McDonough, O'Neil, Sears, Tierney—5.

Nays—Councillors DiCARA, Flynn, Iannella, Sansone—4.

Coun. LANGONE moved that the Council recess to go into the Committee of the Whole forthwith to hear testimony on the loan order from the Budget Director and the Treasurer, and any others who wish to testify.

Coun. DiCARE in the chair.

President IANNELLA in the chair.

Coun. DiCARE moved the previous question.

The motion was carried.

The motion of Coun. LANGONE was not carried, yeas 2, nays 7:

Yeas—Councillors Langone, O'Neil—2.

Nays—Councillors DiCARE, Flynn, Iannella, McDonough, Sansone, Sears, Tierney—7.

Coun. LANGONE moved that the order be reduced to \$5,000,000.

The motion was not carried, yeas 2, nays 7:

Yeas—Councillors Langone, O'Neil—2.

Nays—Councillors DiCARE, Flynn, Iannella, McDonough, Sansone, Sears, Tierney—7.

Coun. IANNELLA moved that the order be reduced to \$30,000,000.

The motion was carried, yeas 5, nays 4:

Yeas—Councillors Flynn, Iannella, O'Neil, Sansone, Sears—5.

Nays—Councillors DiCARE, Langone, McDonough, Tierney—4.

On motion of Coun. DiCARE, the order for loan of \$30,000,000, as amended, was given its first reading and passage, yeas 6, nays 3:

Yeas—Councillors DiCARE, Flynn, Iannella, McDonough, Sansone, Sears—6.

Nays—Councillors Langone, O'Neil, Tierney—3.

Assigned for further action.

The purpose for which this meeting was called having been accomplished, the chair declared the meeting adjourned at 4 p.m., on motion of Coun. DiCARE.

CITY OF BOSTON

Proceedings of City Council

Wednesday, October 8, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

Reverend James H. Lane, Pastor of St. Brendan's Church, Dorchester, was escorted to the rostrum

INVOCATION BY THE REVEREND
JAMES H. LANE

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

Father, in this body of municipal concern, we prayerfully follow Your Providential Inspiration, knowing that in You we find our way to fulfillment, our way to true peace, our way to useful service, our way to eternal life.

May we walk with You, Father, not running ahead, presuming Your lead, not trailing behind, doubting Your inspiration and direction, but with You, trusting in Your Power and Grace, Your way of life.

Strengthen our Council President and its Members, with Your power; enrich them with Your gifts; Enlighten them with Your Grace and Wisdom.

We ask this through Christ Our Lord.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

The meeting was opened with the salute to the flag.

GRANT OF \$26,115,000 IN CONNECTION
WITH CDBG PROGRAM

The following was received:

City of Boston
Office of the Mayor

To the City Council.
City Hall

Dear Councillors:

This is to transmit a request for the right to expend the City of Boston's Year VI CDBG allocation. The Department of Housing and Urban Development approved the city's application for these funds on September 12, 1980.

The proposed expenditures will enable the city to undertake those important projects described in the Neighborhood Development Program for 1980-1981 which the City Council approved on June 25, 1980. These projects will meet the needs of low-and moderate-income Boston residents in the areas of economic development, energy conservation, housing revitalization, human services, and security for BHA housing projects.

I believe the Neighborhood Development Program to be necessary to the city's welfare and

recommend approval of the right to expend at the earliest opportunity.

Sincerely,

Kevin H. White,
Mayor.

Ordered, That approval be, and hereby is, given in accordance with section 53A of chapter 44 of the General Laws, for the expenditure by the Mayor of \$26,115,000 in connection with the Community Development Block Grant program in accordance with the Housing and Community Development Act of 1974, P.L. 93-383, as amended.

Referred to the Committee on Government Finance.

DISAPPROVING ORDER AUTHORIZING RETENTION OF LEGAL COUNSEL RE PAY RAISES

The following was received:

City of Boston
Office of the Mayor

October 2, 1980.

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, a proposed order purporting to authorize certain legal action to be taken on the Council's behalf in connection with the salaries of certain employees.

My reasons for disapproval are that since the controversy surrounding the compensation of municipal employees and officers appears to have been resolved, I assume that the order is now unnecessary.

Respectfully,

Kevin H. White,
Mayor.

Councillors FLYNN, SANSONE, SEARS, McDONOUGH, and O'NEIL offered the following:

Whereas, Section 5(g) of the Acts of 1909 (as contained in CBC St. 2, sec. 752) specifically provides that any department or agency head's salary may be increased, reduced, or abolished by ordinance; and

Whereas, The Mayor has created numerous Mayoral agencies which practically operate as departments or agencies of the city, in derogation of the provisions of the City Charter; and

Whereas, The Mayor, in apparent violation of the provisions of the City Charter, has granted pay raises totaling \$2 million, effective September 2, 1980, for 400 non-Civil Service administrators and political advisors, including department and agency heads, without the approval or authorization of the City Council by ordinance; and

Whereas, The only raises provided for in the Fiscal Year 1981 appropriations order and operating budget approved by the City Council were an average 7 percent across-the-board increase as provided for by collective bargaining agreements reached with Civil Service line department employees; and

Whereas, The expenditure of \$2 million in unauthorized funds to pay raises will require the use of city funds for purposes other than which they

were specifically appropriated and either the firing of other city employees or the reduction in services to city residents in order to avoid deficit spending; and

Whereas, Serious questions have been raised during this time of fiscal austerity in the city about the large size of many of the pay raises granted by the Mayor, some of which were in excess of 50 percent; and

Whereas, Further questions have been raised about the criteria of the award of large pay raises on the basis of performance in political campaigns rather than in city duties; and

Whereas, The morale of career Civil Service employees is significantly damaged when promotions and pay increases are granted on a political rather than a professional basis; and

Whereas, The unauthorized expenditure of funds by the Mayor for pay raises for department or agency heads violates the integrity of the legislative process and represents a usurpation of authority by the executive over the legislative branch of city government; now, therefore, be it

Ordered, That, in light of the deep and overriding concern in preserving the de facto existence and the integrity of the legislative branch of city government in Boston, the Boston City Council, in meeting assembled, hereby authorizes the retention of counsel to initiate legal action in Suffolk Superior Court on its behalf to suspend the further expenditure of city funds for any pay raises for department or agency heads or other non-Civil Service employees not expressly authorized by ordinance or for which no specific appropriation was passed by the City Council, and to stop the further expenditure of city funds for purposes other than the purposes for which the funds were appropriated.

In City Council, September 17, 1980, passed, yeas seven, nays one.

Barry T. Hynes,
City Clerk.

Disapproved, October 2, 1980.

Mayor.

Assigned for further action.

DISAPPROVING SUPPLEMENTAL APPROPRIATION OF \$15,100,000 FOR SCHOOL DEPARTMENT

The following was received:

City of Boston
Office of the Mayor

October 3, 1980.

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, an order passed by your Honorable Body on October 1, 1980, for a Supplemental Appropriation for the School Department in the amount of \$15.1 million.

When I transmitted this appropriation request to you, under the order of the Superior Court, I recommended that you disapprove it. In the single hearing conducted by your Honorable Body, no evidence was taken with respect to any possible economies which could be made in the \$195 million budget to accommodate such amount. I am convinced, and I believe that the public is convinced, that there is indeed room within that bud-

get to accommodate the requested amount, or a substantial part of it. I realize that in times of inflation the School Department suffers with the rest of us in terms of escalating costs for essential items. The remedy, however, at least in part, is for the School Department itself to economize rather than always asking the taxpayer to economize.

The School Department budget in its present form defies rational analysis. This is so because there is in fact no disciplined public process for developing the school budget, as there is in the months-long public process before the City Council for forming the rest of the city's budget. We, as the ultimate appropriating authority of the city, must ensure that the School Committee acts responsibly with respect to public funds. Whenever I am satisfied that the same efforts to control the School Department budget have been made as have been for the rest of the budget, I will support responsible increases.

There are many elements in the Teachers Union contract which are undesirable in addition to the \$15.1 million first year cost. The no-fire provision appears contrary to the public interest where there is a declining enrollment. These things should be addressed in any further collective bargaining process.

My action in disapproving the order may cause some uncertainty and instability in the short run, but ultimately, in our joint attempt to control all costs of government, the public will be better served by a more thorough analysis of the real needs of the School Department and of the areas where money might be saved.

Respectfully,

Kevin H. White,
Mayor.

Ordered, That in addition to the appropriations heretofore made, to meet the current expenses of the School Department in the fiscal period commencing July 1, 1980, and ending June 30, 1981, the sum of \$15,100,000 be, and the same hereby is, appropriated for the purpose of paying School Department salaries as provided for by collective bargaining agreements dated after August 28, 1980, between the Boston School Department and the various unions representing its employees, said sum to be raised by taxation pursuant to section 23 of chapter 59 of the General Laws.

In City Council, October 1, 1980, passed, yeas eight, nays one.

Barry T. Hynes,
City Clerk.

Disapproved, October 6, 1980.

Mayor.

Placed on file.

APPOINTMENTS BY THE MAYOR

Notice was received from the Mayor of the following appointments:

Paul W. Gibson, 559 Ashmont Street, Dorchester, to be a member of the Board of Appeals for a term expiring on May 1, 1984.

Anthony P. Giuggio, 295 Pond Street, Jamaica Plain, to be the landlord representative to Rent Board for a term expiring January 2, 1984.

Severally placed on file.

LOAN OF \$700,000 TO COMPLETE MELNEA CASS ELDERLY CENTER IN WASHINGTON PARK

The following was received:
City of Boston
Office of the Mayor

To the City Council.
Gentlemen:

I transmit herewith and recommend that you approve an order regarding funding in the amount of \$700,000 for the construction of buildings, including the cost of original equipment and furnishings or said buildings, for the purposes of its Public Facilities Department.

This authorization is necessary to provide for additional funds for the completion of the Melnea Cass Elderly Center in Washington Park.

I urge your speedy and favorable approval of the within proposed orders.

Respectfully,

Kevin H. White,
Mayor.

Ordered, That the sum of \$700,000 be, and hereby is, appropriated for the construction of buildings, including the cost of original equipment and furnishings of said buildings in its Public Facilities Department and that to meet said appropriation the Collector-Treasurer be, and hereby is, authorized under the provisions of clause (3) of section 7 of chapter 44 of the General Laws to issue from time to time, on request of the Mayor, bonds, notes, or certificates of indebtedness of the city to said amount.

Referred to the Committee on Government Finance.

GRANT BY HUD UNDER UDAG PROGRAM FOR TERADYNE PROJECT

The following was received:
City of Boston
Office of the Mayor

To the City Council.
Dear Councillors:

I transmit herewith and recommend that you approve an order concerning the expenditure of U.S. Department of Housing and Urban Development Action Grant (UDAG) funds for the Teradyne project. Teradyne is a Boston-based company that is a leading manufacturer of automatic test equipment. The UDAG funds will enable Teradyne to renovate the HUB Mail Building at 1000 Washington Street in the South End, as well as reconfigure two other facilities at 183 Essex Street and 179 Lincoln Street. This expansion program will create 2,000 new jobs.

This project is significant not only in terms of the large number of jobs it will create but also because it represents the commitment of a major and growing high technology firm to remain in the city and to continue its growth within Boston.

This order is pursuant to a previous City Council order of April 16, 1980, authorizing the Mayor to apply for Urban Development Action Grant funds for the above project. As the U.S. Department of Housing and Urban Development has approved said application and has offered UDAG funds in the amount of \$4,636,500 for the Teradyne project, I am requesting authorization to expend these funds.

I urge your speedy and favorable approval of the attached order.

Respectfully,

Kevin H. White,
Mayor.

Boston Redevelopment Authority
September 9, 1980.

Mayor Kevin H. White,
City of Boston.

Dear Mayor White:

Attached is an order permitting the Mayor to expend Urban Development Action Grant (UDAG) funds for the Teradyne project. As you know, the city received approval for this project from the U.S. Department of Housing and Urban Development on July 9, 1980.

Teradyne is a Boston-based company that is a leading manufacturer of automatic test equipment. The UDAG will enable Teradyne to renovate the HUB Mail Building at 1000 Washington Street in the South End as well as reconfigure two other facilities at 183 Essex Street and 179 Lincoln Street. This expansion program would create 2,000 new jobs.

In order to assure the timely implementation of this project, I respectfully request that you submit the attached order to the Council.

Sincerely,

Robert J. Ryan,
Director.

City of Boston
Office of Federal Relations
September 15, 1980.

Mayor Kevin H. White,
City of Boston.

Dear Mayor White:

Attached is an order concerning the expenditure of funds for the Teradyne Urban Development Action Grant (UDAG) for which the city received approval from the U.S. Department of Housing and Urban Development on July 9, 1980. As you know, on April 16, 1980, the City Council authorized you to apply for such UDAG funds but withheld approval to expend these funds if they were granted. The attached order will authorize the expenditure of UDAG funds and thus permit the commencement of the Teradyne project.

I respectfully request your submission of the attached order to the City Council for their action.

Sincerely,

Jane C. Edmonds,
Director, Intergovernmental Relations.

Whereas, The City of Boston has submitted an Urban Development Action Grant application to the U.S. Department of Housing and Urban Development for the Teradyne Project, as authorized by the City Council on April 30, 1980; and

Whereas, The U.S. Department of Housing and Urban Development approved said application and awarded to the City of Boston an Urban Development Action Grant in the amount of \$4,636,500 for the Teradyne project. (Grant No. B-80-AA-25-0041); and

Whereas, City Council approval is required before expenditure of Urban Development Action Grant funds by the Mayor; now, therefore, it is

Ordered, That approval be, and hereby is, given under section 53A of chapter 44 of the General Laws, for expenditure of such Urban Development Action Grant funds by the Mayor for the Tera-dyne Project.

Referred to the Committee on Planning and Development.

**GRANT BY HUD UNDER UDAG PROGRAM
FOR WESTLAND AVENUE APARTMENTS
PROJECT**

The following was received:

City of Boston

Office of the Mayor

To the City Council.

Dear Councilors:

I transmit herewith and recommend that you approve an order concerning the expenditure of U.S. Department of Housing and Urban Development Action Grant (UDAG) funds for the Westland Avenue Apartments.

Westland Avenue Apartments is a neighborhood housing rehabilitation project in the East Fens section of the Fenway neighborhood. The vacant, fire-damaged buildings to be rehabilitated constitute all the vacant structures on Westland Avenue. In addition to using important arson-damaged housing stock, the project serves several other important housing policy goals, towards which the city and HUD have been striving for years.

The creation of ninety-seven new rental units will produce significant benefits for the neighborhood. The proposed apartments address the community's central goal of residential stability, family occupancy and re-use of arson-damaged buildings.

New rental housing for a genuine mix of low-, moderate-, and market-rate levels will be created without displacing any neighborhood residents.

This order is pursuant to a previous City Council order of February 13, 1980, authorizing the Mayor to apply for Urban Development Action Grant funds for the above project. As the U.S. Department of Housing and Urban Development has approved said application and has offered UDAG funds in the amount of \$2,000,000 for the Westland Avenue Apartments Project, I am requesting authorization to expend these funds.

I urge your speedy and favorable approval of the attached order.

Respectfully,

Kevin H. White,
Mayor.

Boston Redevelopment Authority

September 30, 1980.

Hon. Kevin H. White, Mayor,

City of Boston.

Dear Mayor White:

Attached is an order permitting the Mayor to expend Urban Development Action Grant (UDAG) funds for the Westland Avenue project. As you know, the city received approval for this project from the U.S. Department of Housing and Urban Development on July 9, 1980.

The objectives of this agency, the neighborhood group, and the developer will be addressed in this unique housing rehabilitation project. Rehabilitation of the ten, vacant, fire-damaged buildings in this deteriorated area of the Fenway neighborhood will

provide subsidized housing for neighborhood families, and moderate-rental units. The attractive features of this project, the provision of moderate-rent units for moderate-, middle-income households and the rehabilitation of the central core of the East Fens by a partnership which includes a community organization, are important public purposes which the BRA supports and encourages in this UDAG application.

In order to assure the timely implementation of this project, I respectfully request that you submit the attached order to the Council.

Sincerely,

Robert J. Ryan,
Director.

City of Boston

REPORT OF COMMITTEE ON PLANNING AND DEVELOPMENT

Coun. DiCARA, for the Committee on Planning and Development, submitted the following:

1. Report on message of the Mayor and order (referred September 10) (Docket No. 0972), for designation of North Station Area as a CARD district—recommending that the order ought to pass.

The report was accepted; the order was passed.

2. Report on message of the Mayor and order (referred September 10) (Docket No. 0973), for designation of Theatre District/Chinatown as a CARD district—recommending that the order ought to pass, as amended, in the plan on file in the office of the City Clerk.

The report was accepted; the order was passed.

3. Report on message of the Mayor and order (referred September 24) (Docket No. 1014), approving an Industrial Development Project for 310 McClellan Highway Realty Trust—recommending that the order ought to pass.

Coun. TIERNEY offered the following substitute report:

The Boston Industrial Development Financing Authority was established to enable the city to stimulate industrial activity by financing acquisition, construction, or enlargement of industrial projects through the issuance of revenue bonds.

The project before the Council involves a company involved in the freight forwarding business in the City of Boston, one of more than 100 such companies in the city.

The company, Burlington Northern Air Freight, Inc., according to my information is not a Massachusetts-based company. It is, according to my information, a subsidiary of Burlington Railroads, a mammoth conglomerate—hardly a struggling enterprise.

Last year the companies' gross revenue was \$236,774,756. Their net income was \$10,231,052. They are number two in the Boston market.

Should the Council approve the project today it would, in my opinion, hurt the smaller, long-established companies by giving Burlington an unfair advantage.

I would move that this project be rejected without prejudice until the long-established, smaller freight forwarding companies of Boston have an opportunity to present their case to this Council and the taxpayers of Boston.

The substitute report failed of passage, yeas 3, nays 6:

Yeas—Councillors Langone, O'Neil, Tierney—3.
Nays—Councillors DiCara, Flynn, Iannella, McDonough, Sansone, Sears—6.

The report was accepted.

Coun. LANGONE offered the following amendment:

That at least 50 percent of the employees be hired who are bona fide residents of Boston and at least 25 percent of the employees be hired who are bona fide residents of the East Boston section of Boston.

The amendment was adopted.

The order, as amended, was passed, yeas 6, nays 3:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, Sansone—6.

Nays—Councillors O'Neil, Sears, Tierney—3.

RECESS

On motion of President IANNELLA the Council voted to take a recess at 3:30 p.m., subject to the call of the chair. The members reassembled in the Council Chamber and were called to order by President IANNELLA at 4:55 p.m.

FURTHER REPORT OF THE COMMITTEE ON PLANNING AND DEVELOPMENT

Coun. DiCARA, for the Committee on Planning and Development, submitted the following:

4. Report on message of the Mayor and order (referred September 24) (Docket No. 1015), approving an Industrial Development Project for DIKE Realty Trust—recommending that the order ought to pass.

The report was accepted; the order was passed.

On motion of Councillor McDONOUGH Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

INTERIM REPORT OF COMMITTEE ON GOVERNMENT OPERATIONS

Coun. McDONOUGH, for the Committee on Government Operations, submitted the following:

Report on appointment (referred September 24) (Docket No. 1030), of Jerold Hershenson, 111 Perkins Street, Jamaica Plain, as a constable with authority to serve civil process upon filing a bond for the term ending April 30, 1981—recommending that the appointment be confirmed.

The report was accepted; the appointment was confirmed.

On motion of Councillor SEARS Rule 10 of the City Council was suspended in order to introduce the following:

REPORT OF COMMITTEE ON URBAN RESOURCES

Coun. SEARS, for the Committee on Urban Resources, submitted the following:

Report on designation (referred September 17) (Docket No. 0999), of Franklin Park as a Landmark—recommending that the designation be approved with the following proviso: That designation includes and incorporates an agreement attached to this vote between the City of Boston, acting through its Landmarks Commission, the Metropolitan District Commission, and the Boston Zoological Society.

Coun. DiCARA in the chair.

President IANNELLA in the chair.

The report was accepted; the designation was approved with the attached proviso.

LOAN OF \$30,000,000 IN ANTICIPATION OF REVENUE

Coun. DiCARA called up under unfinished business No. 10A on the calendar, viz.:

10A. Message and loan order for \$30,000,000 in anticipation of revenue (Docket No. 0908).

On October 7, 1980, the order was given its first reading and passage. Assigned for further action.

Coun. DiCARA moved that the loan order be given its second reading and that the second reading be amended to read as follows:

Ordered, That in anticipation of the revenue of the fiscal year beginning July 1, 1980, the Collector-Treasurer be, and hereby is, authorized (1) to issue in such year under G.L. c. 44, as amended, at such times and in such amounts as he may deem best, notes of the City of Boston to an amount not exceeding \$30,000,000 in the aggregate under this order, which amount is in addition to the amount authorized by an order first passed under said section in City Council on June 25, 1980, and again on July 16, 1980, and which was approved by the Mayor on July 17, 1980; and (2) to refund under G.L. ch. 44, s. 17, as amended, any such notes issued for a shorter period than one year, and that the question be divided.

The amendment was adopted, yeas 5, nays 4:

Yeas—Councillors DiCARA, Flynn, Iannella, Sansone, Sears—5.

Nays—Councillors Langone, McDonough, O'Neil, Tierney—4.

The loan order received its second reading and failed of passage, yeas 5, nays 4 (6 votes being required for passage):

Yeas—Councillors DiCARA, Flynn, Iannella, Sansone, Sears—5.

Nays—Councillors Langone, McDonough, O'Neil, Tierney—4.

Coun. DiCARA moved reconsideration of the previous vote.

Reconsideration prevailed.

On motion of Coun. DiCARA the loan order was placed on the table.

Coun. FLYNN moved that the provisions of Rule 10 of the Rules of the City Council be suspended in order to introduce the following late-filed message of the Mayor.

The motion was carried, yeas 9.

INCREASING APPROPRIATIONS LIMIT ESTABLISHED BY CHAPTER 151 OF ACTS OF 1979

The following was received:

City of Boston
Office of the Mayor

October 8, 1980.

To the City Council.

Dear Councillors:

As you know, the city's operating deficit for fiscal 1980 of about \$25 million has been included in the city's tax rate calculations for fiscal 1981. Although our examination of the tax cap law convinces us that the deficit should not be counted as an appropriation for fiscal 1981, it appears that the Department of Revenue will refuse to certify the tax rate until the City Council raises the appropriation limit by the amount of the deficit.

Rather than to incur the additional costs of further delaying the tax rate certification, I request that approve the raising of the appropriations level as set forth on the attached proposed order.

The appropriations have already been passed, and this order would have no impact on this year's tax rate.

Respectfully,

Kevin H. White,
Mayor.

Ordered, That the City of Boston increase the appropriations limit established by chapter 151 of the Acts of 1979 by \$25,419,627, so that the appropriation limit as so increased will be \$479,857,891.

Coun. DiCARA moved that the order be passed.

Coun. SEARS moved that the order be amended by adding at the end thereof:

"provided, however, that on or before October 15, 1980, the Police Commissioner set in motion the recruitment of at least 150 officers for the uniformed branch of the Police Department; provided further that the administration undertake to close no fire houses before June 30, 1981; provided further that \$600,000 be transferred by vote of the City Council, with approval by the Mayor, to the Community Schools Department; and provided further that \$400,000 be transferred by vote of the City Council, with approval by the Mayor, to the Library Department. In the event that the Mayor fails to make these undertakings and commitments or fails to make the transfer requests called for in these amendments, this entire order will be rendered null and void, and the tax cap may not be so exceeded."

Coun. TIERNEY offered the following amendment to the amendment of Coun. SEARS:

Strike out the words "provided, however" and insert in place thereof the following: "and that approval hereby given by the City Council is expressly conditioned upon the following: That on or before . . ."

The amendment of Coun. TIERNEY was not adopted, yeas 4, nays 4:

Yeas—Councillors Langone, O'Neil, Sears, Tierney—4

Nays—Councillors DiCARA, Flynn, Iannella, Sansone—4.

Voting present—Councillor McDonough.

Coun. O'NEIL offered the following amendment to the amendment of Coun. SEARS:

Strike out the words "close no fire houses" and substitute the words "eliminate no fire companies."

The amendment of Coun. O'NEIL was adopted, yeas 5, nays 4.

Yeas—Councillors Langone, McDonough, O'Neil, Sears, Tierney—5.

Nays—Councillors DiCARA, Flynn, Iannella, Sansone—4.

Coun. DiCARA in the chair.

Coun. SANSONE moved the previous question; the motion was carried.

President IANNELLA in the chair.

The amendment of Coun. SEARS, as amended, was adopted, yeas 5, nays 4:

Yeas—Councillors Langone, McDonough, O'Neil, Sears, Tierney—5.

Nays—Councillors DiCARA, Flynn, Iannella, Sansone—4.

Coun. TIERNEY moved to strike out the period at the end of the first sentence and to insert in place thereof a comma.

The motion was carried.

Coun. DiCARA moved the previous question; the motion was carried.

The order, as amended, failed of passage (six votes being required), yeas 5, nays 4:

Yeas—Councillors DiCARA, Flynn, Iannella, Sansone, Sears—5.

Nays—Councillors Langone, McDonough, O'Neil, Tierney—4.

SUPPORTING FAIR SHARE'S APPLICATION TO LEAA FOR ANTI-ARSON FUNDS

Coun. FLYNN offered the following:

Whereas, The Law Enforcement Assistance Administration (LEAA) has indicated a willingness to provide resources to the City of Boston through a community organization for a broad variety of purposes involving housing issues; and

Whereas, The support of the city has been requested by the Law Enforcement Assistance Administration as an indication of cooperation in facilitating the anti-arson and other housing strategies to be undertaken by this federal grant; and

Whereas, The City of Boston stands to gain \$250,000 worth of revenue upon the decision of the LEAA to provide these resources; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby affirms its support of Fair Share's application for anti-arson funds; and be it further

Resolved, That a copy of this resolution be forwarded to the Law Enforcement Assistance Administration forthwith.

On motion of Coun. DiCARA, the rules were suspended; the resolution was adopted.

APPROVING PETITION FOR SPECIAL LAW RE EXPANSION OF BACK BAY ARCHITECTURAL COMMISSION

Coun. SEARS offered the following:

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing substantially as follows:

Section 1. Section 1 of chapter 625 of the Acts of 1966 is hereby amended in its entirety to read as follows:

Section 1 Purposes. The purposes of this act are as follows: (a) to promote the economic, cultural, educational and general welfare of the

public through high standards of design throughout the Back Bay and through the preservation of the residential portion of the Back Bay area in the City of Boston; (b) to safeguard the heritage of the City of Boston by preventing the despoliation of a district in that city which reflects important elements of its cultural, social, economic and political history; (c) to stabilize and strengthen residential property values in such area; (d) to foster civic beauty; and (e) to strengthen the economy of the Commonwealth and the City of Boston.

Section 2. Section 3 of chapter 625 of the Acts of 1966 is hereby amended by striking out the next to last paragraph and inserting in place thereof the following paragraph:

"Exterior Architectural Feature," the architectural style and general arrangement of the exterior of a structure or any portion of it including but not limited to kind, color and texture of the building material, type and design of all windows, doors, lights, signs, and other fixtures, the location and adequacy of vehicular access, if any, type and design of landscaping, fences and walls, and the location and treatment of any parking space for motor vehicles.

Section 3. Section 8 of chapter 625 of the Acts of 1966 is hereby amended in its entirety to read as follows:

Section 8. Certificate of Appropriateness. No person shall construct any exterior architectural feature in the Back Bay Architectural District, or reconstruct, alter, change, except as hereafter provided, the exterior color of, or demolish, any such feature now or hereafter in said area, until such person shall have filed in duplicate with the secretary of the commission an application for a certificate of appropriateness in such form and with such plans, specifications and other material as the commission may from time to time prescribe and a certificate of appropriateness shall have been issued as hereafter provided in this section. The commission shall retain one copy of the application and transmit the other to the board.

Within eight days after the filing of an application for a certificate of appropriateness, Saturdays, Sundays and legal holidays excluded, the commission or such member or employee as the commission from time to time designate so to do shall determine the properties deemed by it to be materially affected by such application and, unless a public hearing on such application is waived in writing by all persons entitled to notice thereof, shall forthwith cause its secretary to give by mail, postage prepaid, to the applicant, to the owners of all such properties as they appear on the ten most recent real estate tax list, and to any person filing written request for notice of hearings, such request to be renewed yearly in December, reasonable notice of a public hearing on such application to be held not sooner than fourteen days after the date on which the copy of the application was transmitted to the board. The public hearing may be conducted by the commission or by such member or members or employee or employees as the board may from time to time designate; provided, however, that if such public hearing is not conducted by the commission itself, the person or persons so conducting it shall transmit

a written report and recommendation thereon forthwith to the commission. There shall be available at such public hearing a report and recommendation from the board, together with material, plans or drawings to aid the commission in reaching its decision. The commission shall not render any decision until such report and recommendation has been received and considered, provided that if no such report and recommendation has been received by the time of the public hearing, the commission may render its decision without such report and recommendation.

As soon as conveniently may be after such public hearing or the waiver thereof, but in all events within fifty calendar days after the filing of the application for the certificate of appropriateness or within such further time as the applicant may in writing allow, the commission shall determine whether the proposed construction, reconstruction, alteration, change in exterior color or demolition of the exterior architectural feature involved will be appropriate to the preservation of the Back Bay Architectural District for the purposes of this act, and whether, notwithstanding that it may be inappropriate, owing to conditions especially affecting the structure involved, but not affecting the Back Bay Residential District generally, failure to issue a certificate of appropriateness will involve a substantial hardship to the applicant and such a certificate may be issued without substantial detriment to the public welfare and without substantial derogation from the intent and purposes of this act. In passing upon appropriateness, the commission shall consider: (a) the historical and architectural value and significance of the structure and its relationship to the surrounding area; (b) the relationship of the exterior architectural features of such structure to the rest of the structure and to the surrounding area and to exterior architectural features of other structures in the neighborhood; (c) architectural style, general design, compatibility with neighboring structures, arrangement, texture, materials and colors of the original structure and of the proposed change or addition; (d) any landscaping features proposed by the applicant; and (e) any aesthetic or other factor which it deems to be pertinent.

The commission shall pass only on the exterior architectural features of a structure and shall not consider interior arrangements nor the use to be made of the structure. It is the intent of this act that the commission be strict in its judgment of plans involving substantial new construction or for structures deemed to be valuable according to studies performed on behalf of the city, the board or the commission for said area to determine which structures are of architectural value. It is also the intent of this act that the commission shall be lenient in its judgment of plans for structures of little architectural value, except where such plans would seriously impair the architectural value of surrounding structures or the surrounding area. It is also the intent of this act that the commission deal more leniently with proposals respecting structures within those sections of the Back Bay Architectural District which may be zoned for local or general business uses than with those

proposals within those sections of the district which may be zoned for residential uses, to the end that conversions of structures to business uses will not be unreasonably prevented.

If the commission determines that the proposed construction, reconstruction, alteration, change in exterior architectural features involved will be appropriate or, although inappropriate, owing to conditions as aforesaid, failure to issue a certificate of appropriateness will involve substantial hardship to the applicant and issuance thereof may be made without substantial detriment or derogation as aforesaid or if the commission fails to make a determination within the time hereinbefore prescribed, the secretary of the commission shall forthwith issue to the applicant a certificate of appropriateness. In approving an application the commission may impose conditions which, if the certificate of appropriateness or the permit for demolition or removal is acted upon, shall be binding upon the applicant, the owner of the property and his successors in title. Any such condition may subsequently be modified or removed by the commission. Prior to approving an application subject to condition, the commission may notify the applicant of its proposed action and permit the applicant to express his opinion thereon. If the commission determines that a certificate of appropriateness should not issue, the commission shall forthwith spread upon its records the reasons for such determination and may include recommendations respecting the proposed construction, reconstruction, alteration, change in exterior color or demolition. Upon the making of any such determination the secretary of the commission shall forthwith by mail, postage prepaid, give notice of such determination to the applicant and to every person filing written request for such notice, transmitting therewith an attested copy of the reasons and recommendations, if any, spread upon the records of the commission.

The exterior color of any building or structure of portions thereof within the Back Bay Architectural District may, without the filing of an application for, or the issuance of a certificate of appropriateness, be changed to any color or combination of colors which the commission, in accordance with written guidelines published from time to time, determines to use without substantial derogation from the intent and purposes of this act.

The installation of storm windows in any location, and the paving of areas visible only from the public alleys within the Back Bay Architectural District may without the filing of an application for, or the issuance of, a certificate of appropriateness, be carried out in any manner which the commission shall determine in accordance with written guidelines published from time to time.

Section 3. Section 4 of chapter 625 of the Acts of 1966 is hereby amended by adding, after the second sentence of said section, the following last sentence: The terms of the commission members and alternates nominated by the Boston Society of Architects, and their successors, shall terminate in 1980, 1985, and every five years thereafter.

ORDINANCE CONCERNING ACQUISITION OF MOTOR VEHICLES BY CITY OF BOSTON

Coun. TIERNEY offered the following:

Whereas, The City Council passed an ordinance on September 29, 1977, forbidding the city from purchasing passenger automobiles having a city mileage rate of less than twenty-two miles per gallon; and

Whereas, The Mayor vetoed said ordinance on October 11, 1977, stating that "my reasons for disapproval are that your effort to reduce municipal expenditure on gasoline, although commendable, is unrealistic"; and

Whereas, The Mayor argued that "such a measure might be feasible a year from today" and actually three (3) years have expired with gasoline prices nearly doubling; and

Whereas, The *Boston Herald American* reported on October 7th that the City of Boston is planning to purchase four new 1981 Ford LTDs; and

Whereas, The cost to the taxpayers of the City of Boston will be more than \$36,000 for the cars and thousands more for gasoline for these guzzlers; now, therefore, be it ordained by the City Council of Boston as follows:

Section 1. City of Boston Code, Ordinances, Title I, section 11 is hereby amended by inserting at the end of section the following:

No department, agency, board, or division of the City of Boston shall purchase, lease, rent, or otherwise acquire any passenger automobile certified by the Environmental Protection Agency of the United States as having a city mileage rate of less than twenty-four miles per gallon of gasoline. The provisions of this ordinance shall not apply to vehicles used for security, emergency and for rescue purposes.

Section 2. This ordinance shall be published by the action of the City Council in passing the same.

Passed under suspension of the rules, yeas 9.

Whereas, Marsha Barros will be honored as one of Boston's outstanding community leaders at ABCD's Community Awards Dinner on Thursday evening, October 9, 1980, at the Sheraton-Boston Hotel; and

Whereas, The residents of this city are indebted to Marsha Barros for her efforts to improve the living conditions in the City of Boston; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, congratulates Marsha Barros on her accomplishments and extends its best wishes for her continued success.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO GRACE HILLIARD OF APAC FOR HER ACCOMPLISHMENTS

Coun. DiCARA, for all the Councillors, offered the following:

Whereas, Grace Hilliard, of the South End, has worked diligently at one of ABCD's neighborhood-based Area Planning Action Councils, Neighborhood Service Centers, and other associated agencies; and

Whereas, Because of her dedication and commitment to service, many community programs in areas such as youth employment and health care advocacy have been established and fostered; and

Whereas, Grace Hilliard will be honored as one of Boston's outstanding community leaders at ABCD's Community Awards Dinner on Thursday evening, October 9, 1980, at the Sheraton-Boston Hotel; and

Whereas, The residents of this city are indebted to Grace Hilliard for her efforts to improve the

living conditions in the City of Boston; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, congratulates Grace Hilliard on her accomplishments and extends its best wishes for her continued success.

Adopted upon approval of the Consent Agenda.

COMMENDATION TO DR. JOSEPH R. STANTON FOR HIS EFFORTS FOR UNBORN

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, For the past ten years, Dr. Joseph R. Stanton has labored valiantly on behalf of the rights of the unborn; and

Whereas, During this time, Dr. Joseph R. Stanton has lectured across the country; researched and written many cogent articles and papers; testified before the Massachusetts Legislature, the United States Congress and the Ethics Advisory Board of the U.S. Department of Health, Education and Welfare; and served on the boards of many pro-life organizations; and

Whereas, In October of 1970, Dr. Joseph R. Stanton was instrumental in founding the first pro-life organization in the Commonwealth of Massachusetts, the "Value of Life Committee," located in Boston, which for the past ten years has served as an educational, referral and research center for writers, professors, ethicists and concerned people across the nation and abroad; and

Whereas, The concern and dedication of Dr. Joseph R. Stanton on behalf of the value of human life has been exhibited not only in his efforts in the pro-life movement, but also as a respected physician at St. Elizabeth's Hospital in Brighton, as an associate clinical professor of medicine at Tufts University School of Medicine and as a fellow of the American College of Physicians; and

Whereas, On Saturday, October 18, 1980, at the Sheraton Boston Hotel, Dr. Joseph R. Stanton will be the guest speaker at the annual dinner of Massachusetts Citizens for Life, whose previous speakers have included other nationally known pro-life leaders such as the Hon. Henry J. Hyde, Prof. John T. Noonan, Prof. Robert Byrn and Rev. Harold O.J. Brown; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially commends Dr. Joseph R. Stanton for his efforts on behalf of the unborn and his dedication to the principle of government espoused by Thomas Jefferson in 1807, that "The care and protection of human life, and not their destruction, is the first and only legitimate object of good government."

Adopted upon approval of the Consent Agenda.

DECLARING OCTOBER 19, 1980, "RESPECT FOR LIFE DAY"

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, The Massachusetts Legislature has officially designated the month of October as "Pro-Life Month" in the Commonwealth of Massachusetts in order to set aside a time for all citizens to reflect on the value of human life; and

Whereas, The primary purpose of government is to ensure protection for what the founding

fathers of our country called "the inalienable rights of life, liberty and the pursuit of happiness"; and

Whereas, In order to promote these principles, it is an important function of government at all levels to encourage its citizens to reflect on the need to preserve and promote the dignity of human life at all stages; and

Whereas, On Sunday, October 19, 1980, His Eminence Humberto Cardinal Medeiros will be the principal celebrant and homilist at a special "Respect for Life Celebration" at Our Lady of Good Voyage Chapel on Boston's waterfront; and

Whereas, At this occasion, special attention will be paid for the need to foster respect for all human life—for unborn children and their parents, for doctors and scientists studying life issues, for victims of violence and prejudice, for exceptional children and dying persons; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially declares Sunday, October 19, 1980, as "Respect for Life Day" in the City of Boston and urges all citizens to take note of this occasion as an opportunity to reflect upon the inherent value and dignity of all human life at every stage of development and circumstance, both born and unborn.

Adopted upon approval of the Consent Agenda.

PROCLAIMING WEEK OF OCTOBER 5-11, 1980, "PORT WEEK"

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, The port of Boston, which had its beginning in 1630, is one of the oldest major ports in the United States; and

Whereas, During the years of our nation's infancy, Boston's sailing vessels touched every port in the western world, pioneered in the Pacific and China markets, and established a tradition of skillful trading which commanded worldwide respect; and

Whereas, From this port sailed some of the most resourceful privateers, some of the most perfect clipper ships ever to ride the waves, and the greatest ship of America's wooden Navy, "Old Ironsides"; and

Whereas, Modern Boston has successfully met and survived sweeping changes in shipping technology, ashore and afloat, and has managed to remain a vigorous competitor among rival U.S. North Atlantic ports; and

Whereas, Two major waterfront development projects are presently under way which will add substantially to Boston's cargo-handling capabilities, generate hundreds of new jobs, and revitalize significantly the economic future of the port community; and

Whereas, On May 14, 1980, House Joint Resolution 551 was introduced in the U.S. House of Representatives for the purpose of bringing to the attention of the American people the many contributions of our ocean ports in the areas of employment, balance of payment efforts, and the further expansion and development of the United States as a trading nation; now, therefore, be it

Resolved, That the Boston City Council in meeting assembled hereby officially proclaims the week of October 5-11, 1980 as: "Port Week in

the City of Boston," and urges the citizens of the City of Boston and the Commonwealth to recognize the influence that Massachusetts ports exert on the city's and state's economic health.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO 1980 COLUMBUS DAY PARADE COMMITTEE

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, The 1980 Columbus Day Parade will be held on Sunday, October 12, 1980, in the East Boston neighborhood of the city; and

Whereas, This parade will be a celebration and a tribute not only to Christopher Columbus, the discoverer of America, but also to the outstanding contribution which the Italian community has made to the history and culture of our city; and

Whereas, Many thousands of families will watch the line of march to view the bands and floats which have each year made the parade such a success; and

Whereas, The Columbus Day Parade will mark the highlight of a week of activities in the East Boston community celebrating the life and contribution of Christopher Columbus to the American people; and

Whereas, This year's parade will be coordinated under the leadership of Chief Marshal Robert Cheffro of the East Boston Veterans Council; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially congratulates the entire Columbus Day Parade Committee for their efforts in making the parade a source of pride for the entire City of Boston.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO LA SOCIETA' SAN CALOGERO DI SCIACCA ON ITS SEVENTY-FIFTH ANNIVERSARY

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, La Societa' San Calogero di Sciacca, known as the Society of St. Calogero, a society of mutual relief and benefit, will celebrate its seventy-fifth anniversary on November 8, 1980; and

Whereas, Its members are born in, descendants of, or married to those born at Sciacca, Italy. The members' club is located at 290 North Street in Boston's North End; and

Whereas, All members are sworn to participate in civil and religious manifestations deliberated by this society and in all functions and parades in honor of San Calogero di Sciacca, as well as to participate in attendance at wakes with brotherly respect, as well as to participate in the funeral accompaniment of its deceased members; and

Whereas, Seventy-five members will participate in its seventy-fifth anniversary under the direction of its President, Guy Indelicato, who is responsible for the society's official duties such as presiding at all meetings, enforcing the laws of the society, as well as signing the reports of the society; now, therefore, be it

Resolved, That the Boston City Council, in assembly today, congratulates La Societa' San Calogero di Sciacca on its seventy-fifth year and

wishes its president and members much success, happiness, and good fortune in its coming years.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO COMMANDER ROBERT L. GILLEN, FORMER SKIPPER OF "OLD IRONSIDES"

Coun. SANSONE, for all the Councillors, offered the following:

Whereas, Commander Robert L. Gillen, of the United States Navy, retired as skipper of "Old Ironsides" after two outstanding years of service on September 26, 1980; and

Whereas, Commander Gillen, a native resident of Charlestown, has served his neighborhood well as he has been an outstanding leader in community activities; and

Whereas, Commander Gillen served in the U.S. Navy for thirty years, defending his country, including outstanding service on the U.S. Atlantic Fleet during the Cuban Missile Crisis in 1962; and

Whereas, Commander Gillen's naval service also brought him to his nation's defense in Southeast Asia, earning the highly coveted Fleet Marine Force Combat Insignia; and

Whereas, Commander Gillen took an active role in promoting the U.S. Navy's presence and contribution to the City of Boston as captain of the U.S.S. "Constitution," speaking throughout the state and participating in the visit of the Tall Ships in 1980 and the Soviet warship in 1975; and

Whereas, Commander Gillen, and his wife, E. Paula, who live in St. Mary's parish in Charlestown, have raised two fine children, Robert L. and Eileen M. Gillen; and

Whereas, Commander Gillen's work in Charlestown has also actively involved him with the Armed Services YMCA, the USO, the Park League Softball team, Navy Day, and Bunker Hill Day in Charlestown and the Kennedy Center; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, does on this day, offer its sincere congratulations to Commander Robert L. Gillen and his family for their services to Charlestown and we offer him the best of luck as a teacher of naval sciences at West Roxbury High School.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO RONALD A. CATENA ON HIS ACCOMPLISHMENTS FOR ABCD

Coun. SANSONE, for all the Councillors, offered the following:

Whereas, East Boston has greatly benefited by the dedication, work, and devotion of its lifelong neighbor, Ronald A. Catena; and

Whereas, Ron Catena has been a member of the Action for Community Development Board of Directors and the Area Planning Action Council for the past year, taking an active interest in jobs and recreation for East Boston's youth; and

Whereas, Ron Catena will be honored with the ABCD's 1980 Community Service Award at their awards banquet on October 9, 1980; and

Whereas, Ron Catena has also recognized the special needs of East Boston's elderly community as he has spent tireless hours reaching out to the community, working to ensure that their problems were solved; and

Whereas, Ron Catena was recently elected to the Board of Directors of the East Boston Community Development Corporation, guaranteeing his concern for preserving East Boston as a residential neighborhood will be realized; and

Whereas, Ron Catena has developed a special relationship between East Boston and the rest of the city as he has acted as an "ambassador-at-large" for the past several years; and

Whereas, Ron's love for his neighborhood is capsulized by his own words: "East Boston is a neighborhood in the true sense of the word—that's what I like about living here"; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, does on this day, offer its sincere congratulations and gratitude to Ronald A. Catena for the service he has given to the people of East Boston.

Adopted upon approval of the Consent Agenda.

CITY OF BOSTON

Proceedings of City Council

SPECIAL MEETING

Tuesday, October 14, 1980.

Special meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President IANNELLA in the chair and all the members present.

The chair requested Council members and all present to rise and observe a moment of silent meditation.

The meeting was opened with the salute to the flag.

The meeting was held pursuant to the following call:

Boston City Council

October 10, 1980.

To City Council.

Councillors:

I hereby call a special meeting of the City Council for Tuesday, October 14, 1980, at 2 p.m., in the Council Chamber for the limited purpose of considering the message and order now on the table authorizing borrowing in anticipation of taxes, and consideration of an order to increase the appropriations limit established by chapter 151 of the Acts of 1979.

Christopher A. Iannella,
President.

COMMUNICATION FROM THE MAYOR
RE: LOAN ORDER

The following was received:

City of Boston

Office of the Mayor

October 14, 1980.

Councillor Christopher Iannella, President,

Boston City Council.

Dear President Iannella:

Today the City Council will once again consider the \$30 million loan order before it, which is necessary to obtain funds to meet payroll and other current expenses, until tax revenues are received. I am informed that some Councillors may be inclined to vote for an authorization of \$10 million in order to provide for the payment of employees who weren't paid last week and won't be paid today, due to an insufficiency of cash. The Collector-Treasurer has advised me that \$10 million would be a wholly insufficient amount to meet such obligations beyond Wednesday 15 October. In addition, since it is well known that the city will need the full \$30 million very soon, the Collector-Treasurer has advised me that there may

not be lenders willing to loan any more funds to the city until the Collector-Treasurer has been authorized to borrow the full amount which the city will need.

Therefore, I would consider passage of a loan order for only \$10 million not only an exercise in futility, but an irresponsible and deceptive action, which would be harmful to the interest of all city employees and vendors, and ultimately the city's residents.

Once a budget has been adopted, in what is always an intensely political process, and properly so, the borrowing of funds to finance the expenses authorized in that budget should not be subject to differences between the branches of government. No city employees or contractor should be put in a position of not knowing from week to week whether they will be paid. I strongly urge you to authorize the borrowing of the full \$30 million, as \$10 million would be unacceptable.

Sincerely,

Kevin H. White,
Mayor.

Placed on file.

JOINT COMMUNICATION FROM THE TREASURER AND AUDITOR RE: LOAN ORDER

The following was received:

City of Boston

October 13, 1980.

Councillor Christopher Iannella, President,

Boston City Council.

Dear President Iannella:

Lately the misapprehension has arisen that the city has a short-term cash need of only \$10 million or that a favorable vote on a \$10 million temporary loan authorization will postpone the cash needs of the city for a significant time. This is not true.

Let us reiterate that the minimum temporary borrowing requirement of the city is \$30 million. Further, that need for \$30 million is immediate.

On Friday 10 October, 1980, the city's cash position available for payrolls and payments to vendors was under \$300,000. Payrolls due on on Thursday, 9 October, Friday, 10 October, Tuesday, 14 October, Wednesday, 15 October are \$1,540,000, \$702,000, \$123,000, and \$3,650,000, respectively. Thus, if the Council authorizes a temporary loan of \$1 million today, \$6,015,000 will be used for payrolls by the close of business Wednesday the 15th.

For Thursday, 16 October, less than \$4 million would be available to meet that day's payrolls, which payrolls, as the semimonthly teachers' salaries are due on that day, will exceed \$8 million. The city will thereby be unable to meet payrolls beyond this Wednesday. This situation repeats itself every day.

Unless the full \$30 million order is passed there can be no regular payroll cycle reestablished. Additionally, the city's payments to vendors have been stopped along with the payrolls. The delay of such payments, which average \$400,000 per day, must be considered in your decision on the loan authorization.

Let us again stress that the \$30 million temporary loan authorization is the absolute minimum for prudent fiscal management.

Thank you for your attention.

Sincerely yours,

Lowell L. Richards, III,
Collector-Treasurer.
Newell Cook,
City Auditor.

The purpose for which this meeting was called having been accomplished, on motion of Coun. FLYNN, the chair declared the meeting adjourned at 3:35 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

CITY OF BOSTON

Proceedings of City Council

Wednesday, October 15, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1p.m., President IANNELLA in the chair and all the members present.

Reverend James H. Lane, Pastor of St. Brendan's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY THE REVEREND
JAMES H. LANE

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

Father, as we have celebrated the 350th anniversary of the founding of our city, we celebrate and commemorate this week, the discovery of this new land, this continent, under Your Divine Providence.

Today we enjoy the liberties, the freedoms, the fruits of the faith and the hope and the vision of Columbus, Your faithful servant. You guided him in Your wisdom and mercy to new horizons where hope and opportunity would be brought.

Today we meet to preserve, to foster that ideal, that hope. We come to You, Father, with all our problems of this day. Not that we may escape them but that we may meet them and carry them with renewed strength and courage.

We look to You, Father, as Your faithful navigator did, for Your guidance and direction, in making of a better city and a better world. Hear this prayer in the name of Your Son.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

The meeting was opened with the salute to the flag.

APPLICATION TO HUD TO ADD CERTAIN
SECTION OF DORCHESTER AS URBAN
HOMESTEADING AREA

The following was received:

City of Boston
Office of the Mayor

October 1, 1980.

To the City Council.

Dear Councilors:

I enclose herewith and urge that you adopt an order extending the boundary of the existing Meeting House Hill area to include a new area bounded on the south by Bowdoin Street, on the north by Columbia Road, on the east by Hancock Street, and on the west by Washington Street. This area extension will permit the city to obtain abandoned properties from HUD at a nominal cost, for rehabilitation under the Homesteading Program. It will also offer the opportunity for homeownership to low- and moderate-income families.

I hope that you will act favorably on this order

as soon as possible so that its benefits can be made available to the citizens of Boston.

Sincerely,

Kevin H. White,
Mayor.

Whereas, The United States Department of Housing and Urban Development has established the Urban Homesteading Program, pursuant to the Housing and Community Development Act of 1977 (P.L. 95-128); and

Whereas, Pursuant to City Council order adopted February 9, 1976, and approved by the Mayor on February 24, 1976, the City of Boston has implemented an Urban Homesteading Program in areas commonly and generally known as Meeting House Hill, Codman Square, and Mattapan; and

Whereas, Vacant and abandoned structures continue to blight other residential neighborhoods contiguous with the existing Homesteading areas; now, therefore, be it

Ordered, That the City of Boston is hereby authorized to amend its application to the United States Department of Housing and Urban Development for the purpose of adding the following Urban Homesteading area:

An area in the Dorchester section of the City of Boston bounded by Columbia Road on the north, Hancock Street on the east, Bowdoin Street on the south, and Washington Street on the west.

Referred to the Committee on Urban Resources.

APPOINTMENTS BY THE MAYOR

Subject to confirmation by the City Council, the Mayor submitted the following appointments:

Constable with authority to serve civil process upon filing of bond for the term ending April 30, 1981: William G. Peters, 42 Bradford Street, Boston; Edward J. Reavey, 979 Adams Street, Dorchester.

Referred to the Committee on Government Operations.

AUTHORIZING EXCHANGE OF PROPERTY
BETWEEN CITY AND MASSACHUSETTS
TURNPIKE AUTHORITY

The following was received:

City of Boston
Office of the Mayor

October 14, 1980.

To the City Council.

Dear Councilors:

I am submitting to you with this letter an order for your consideration in connection with the furtherance of the Copley Place project proposed for the Copley Square section of the city. Such order effectuates an exchange of property between the city and the Massachusetts Turnpike Authority, and the relocation of streets surrounding the Copley Place project incident thereto, to establish the property lines of development parcels.

On October 2, 1980, after public hearing, the Public Improvement Commission, acting upon petitions of the Massachusetts Turnpike Authority and Urban Investment and Development Co., voted to discontinue portions of Dartmouth Street, Stuart Street, Huntington Avenue, and Harcourt Street

as public ways and determined such portions to be no longer required for public purposes. Such discontinuation and determination were made contemporaneously with the vote of the Public Improvement Commission to relocate portions of each of such streets upon land to be conveyed to the City of Boston for such purposes by the Massachusetts Turnpike Authority, and Urban Investment and Development Co. to reconstruct those streets as so relocated at no expense to the City of Boston and to assume the maintenance responsibility for Harcourt Street when so reconstructed.

The area of land involved in the conveyance to the Turnpike Authority is approximately identical to the amount of land to be conveyed by the Turnpike Authority to the City of Boston.

The Copley Place project is an opportunity for this city to create hundreds of jobs for Boston residents and to generate millions of dollars in tax revenue from land which is now tax-exempt. The adoption of the order enclosed with this letter is a critical step toward making that project a reality. I respectfully request your most expeditious response upon this order.

Very truly yours,

Kevin H. White,
Mayor.

Whereas, In furtherance of the Copley Place project, the City of Boston through its Public Improvement Commission voted to discontinue portions of certain public ways hereinafter described; and

Whereas, The aforementioned public ways shall be relocated upon land now of the Massachusetts Turnpike Authority and to be conveyed to the City of Boston; and

Whereas, The area of land to be exchanged by and between the City of Boston and the Massachusetts Turnpike Authority is approximately identical; now, therefore, be it

Ordered, That pursuant to Massachusetts General Laws, chapter 40, section 15, and to City of Boston Code, Statute 3, section 2, the Mayor be, and hereby is, authorized to execute and deliver to the Massachusetts Turnpike Authority a deed to those parcels of land in the Copley Square section of the City of Boston more particularly described in Exhibit A, annexed hereto, in consideration of the written undertaking of said Massachusetts Turnpike Authority to convey to the City of Boston the parcels of land described on Exhibit B, annexed hereto, and the written undertaking of said Massachusetts Turnpike Authority and Urban Investment and Development Co. to construct portions of Dartmouth Street, Stuart Street, Huntington Avenue, and Harcourt Street as relocated pursuant to the vote of the Public Improvement Commission of the City of Boston adopted on October 2, 1980.

Annexed hereto is the documentation referred to. Referred to the Committee on Planning and Development.

COMMUNICATION FROM CITY CLERK

Communication was received from the City Clerk in accordance with chapter 6 of the Ordinances of 1979 of the actions taken by the Mayor with regard to the papers acted upon by the City

Council at its meeting of September 24, 1980.
Placed on file.

Notice was received from the Department of Public Utilities of hearing to be held October 20, 1980, re joint petition of the MBTA and the National Railroad Passenger Corporation (AMTRAK) for exemption from requirements of section 134A of chapter 160 of the General Laws for bridges and platforms to be constructed re Southwest Corridor Project.

Notice was received from the Department of Public Utilities of hearing to be held October 29, 1980, re petition of Bloom's Bus Lines, Inc., of Taunton, requesting department amend its Certificate No. 1257 by adding routes in Boston.

Notice was received from the Department of Public Utilities of hearing to be held October 30, 1980, re petition of Bloom's Bus Lines, Inc., of Taunton, requesting department act as licensing authority for license to travel over certain streets in Boston.

Notice was received from the Department of Public Utilities of hearing to be held November 4, 1980, re petition of Michael Gulbankian, Inc., of Southborough, requesting certificate of public convenience and necessity for carriage of passengers for hire between Southborough and Boston.

Severally placed on file.

PARTIAL REPORT OF COMMITTEE ON GOVERNMENT OPERATIONS

Coun. McDONOUGH, for the Committee on Government Operations, submitted the following:

Partial report on appointments (referred September 24) (Docket No. 1030), of constables authorized to serve civil process—recommending that the appointment of Joel B. Hurwitz be confirmed.

The report was accepted; the appointment was confirmed.

RECESS

On motion of Councillor Flynn the Council voted to take a recess at 2:10 p.m., subject to the call of the chair. The members reassembled in the Council Chamber and were called to order by President IANNELLA at 5:15 p.m.

CALL FOR ELECTION ON NOVEMBER 4, 1980

Coun. IANNELLA offered the following:

Ordered, That meetings of the citizens of this city qualified to vote for state officers be held at the several polling places designated for the purpose by the Board of Election Commissioners, on Tuesday, the fourth day of November, 1980, for the election of Representatives in Congress, Councillors, Senators in the General Court, Representatives in the General Court and Sheriff; also to give in their votes "Yes" or "No" on the following questions:

QUESTION 1—Proposed Amendment to the Constitution.

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on September 7, 1977, by a vote of 262-1, and on May 28, 1980, by a vote of 192-0?

YES ☐ NO ☐

SUMMARY

The proposed amendment would add a new article to the state Constitution which would prohibit discrimination against handicapped people. It would provide that no otherwise qualified handicapped individual could, on the sole basis of that handicap, be excluded from participation in, denied the benefits of, or subjected to discrimination in any program or activity.

QUESTION 2—Law Proposed by Initiative Petition

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1980, by a vote of 5-146, and on which no vote was taken by the Senate before May 7, 1980?

YES ☐ NO ☐

SUMMARY

The proposed law would limit certain taxes, and change laws relating to school budgets and compulsory binding arbitration. It would impose a limit on state and local taxes on real estate and personal property equal to $2\frac{1}{2}$ percent of the full and fair cash value of the property being taxed. If a locality currently imposes a tax greater than $2\frac{1}{2}$ percent of that cash value, the tax would have to be decreased by 15 percent each year until the $2\frac{1}{2}$ percent level is reached. If a locality currently imposes a tax of less than $2\frac{1}{2}$ percent, it would not be allowed to increase the tax rate. In either situation, a city or town could raise its limit by a two-thirds local vote at a general election.

The proposed law would provide that the total taxes on real estate and personal property imposed by the state or by localities could never be increased by more than $2\frac{1}{2}$ percent of the total taxes imposed for the preceding year, unless two-thirds of the voters agreed to the increase at a general election.

It would further provide that no law or regulation which imposes additional costs on a city or town, or a law granting or increasing tax exemptions, would be effective unless the state agrees to assume the added cost. A division of the State Auditor's Department would determine the financial effect of laws and regulations on the various localities.

The proposal would limit the amount of money required to be appropriated for public schools to that amount voted upon by the local appropriating authority. It would also repeal the law which provides for compulsory binding arbitration when labor negotiations concerning police and fire personnel come to an impasse. In addition, the petition would provide that no county, district or authority could impose any annual increase in costs on a locality of greater than 4 percent of the total of the year before.

The proposed law would also reduce the maximum excise tax rate on motor vehicles from \$66 per thousand to \$25 per thousand, and it would allow a state income tax deduction equal to one-half of the rent paid for the taxpayer's principal place of residence.

QUESTION 3—Law Proposed by Initiative Petition

Do you approve of a law summarized below, which was disapproved by the House of Representatives on May 6, 1980, by a vote of 2-147, and on which no vote was taken by the Senate before May 7 1980?

YES ☐ NO ☐

SUMMARY

The proposed law would limit local property taxes and state taxes and would provide for increased state aid for local educational purposes.

The act would limit local property taxes in the years 1981 through 1984 to the amount levied in the previous year increased by the percentage increase in personal income of the residents of the Commonwealth during the previous year. The local property tax limit could be exceeded to offset decreases in local aid, to cover shortages for prior years and to pay court judgments. Pension and retirement allowances, payments to other governmental units, principal and interest on any indebtedness, unemployment compensation, amounts required to be raised as a condition of a state or federal grant, and costs for special education programs would be excluded from the property tax limit.

These local limits would be reduced by any excess taxes actually collected over the tax limit for the preceding year. The limit would not apply to any municipality having a general tax rate of less than \$35 per thousand of equalized valuation. The tax limit could be exceeded by a two-thirds vote of the local appropriating body.

The cost of regional and independent vocational schools would be subject to the same limitations.

The proposed law would also limit state taxes imposed in the years 1981 through 1984 to an amount no greater than that imposed the previous year, increased by the percentage increase in the personal income of Massachusetts residents in the previous year. This state tax limit could be exceeded only to increase local aid or to assume other costs approved by a two-thirds vote of the state legislature. The amounts necessary to pay principal and interest on state indebtedness, pensions retirement allowances, unemployment compensation and court judgments, and money required to be raised as a condition of a federal grant would not be subjected to the state tax limit. The total amount of local aid for any year which would be subject to legislative appropriation could not be less than the total amount of aid for the preceding year increased by half the increase in collected state taxes during that preceding year. The state tax limit would be reduced by any excess taxes actually collected over the tax limit for the preceding year.

The proposed law would require, subject to legislative appropriation, a gradual increase in the percentage of local education costs paid by the Commonwealth to a level of 50 percent in 1984. The proposal would also require, again subject to legislative appropriation, that school aid paid by the Commonwealth in any year between 1981 through 1984 must be at least 15 percent greater than that provided in 1980.

QUESTION 4—Referendum on an Existing Law

Do you approve of a law summarized below, which was approved by the House of Representatives on November 1, 1979 by a vote of 83-62, and

which was approved by the Senate on November 1, 1979?

YES ☐ NO ☐

SUMMARY

The law provides for increases in the salaries of members of the legislature and the constitutional officers of the Commonwealth.

The law increases salaries of members of the legislature by an annual amount varying from \$1,853 to \$17,923. The size of the raise conferred on a particular individual depends upon his position within the legislature. The law has the effect of setting the base salary for a legislature at \$20,335, but under the law legislative salaries range as high as the approximately \$55,920 paid to the President of the Senate and the Speaker of the House of Representatives.

The salaries of the constitutional officers are increased either by \$20,000, in the case of the Governor, or \$10,000 in all other cases. The law raises the annual salary of the Governor to \$60,000, that of the Attorney General to \$47,500, and the salaries of the Lieutenant Governor, Secretary of the Commonwealth, Treasurer and Receiver General, and the Auditor to \$40,000.

The law also amends the statutes pertaining to the organization of the offices of the Secretaries of Administration and Finance and of Human Services and to the compensation of senior officials within those offices. It gives the Secretaries of Administration and Finance and of Human Services greater flexibility in establishing positions and setting salaries for those under their supervision.

QUESTION 5—Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on November 30, 1977, by a vote of 257-8, and on September 18, 1980, by a vote of 179-6?

YES ☐ NO ☐

SUMMARY

The proposed amendment would limit the power of the legislature to impose certain costs on cities and towns. It would provide that any law which imposes additional costs upon two or more cities or towns by regulating the compensation, hours, status, conditions, or benefits of municipal employment would not be effective within a municipality until it accepts the law by vote or appropriation of money. Local acceptance would not be required if the legislature either passed the law by a two-thirds vote, or provided, during the same session in which the law was enacted, that the additional costs would be assured by the Commonwealth.

QUESTION 6—Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the Constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on September 7, 1977, by a vote of 264-0, and on September 19, 1980, by a vote of 162-0?

YES ☐ NO ☐

SUMMARY

The proposed amendment would change the procedure by which the Legislature declares a

measure to be an emergency law, making it effective when it is signed by the Governor. The amendment would allow the Legislature to make such a declaration by a voice vote, rather than by a recorded vote, as now required. The amendment would maintain the existing option allowing for a formal roll call vote.

QUESTION 7 or 8—Depending on the Representative District—See list below—This Question Is Non-binding

On motion of Councillor IANNELLA Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

APPROPRIATIONS OF \$789,093 FOR CITY COUNCIL, CITY CLERK, AND VARIOUS DEPARTMENT HEADS COMPENSATION

The following was received:

City of Boston

Office of the Mayor

October 15, 1980.

To the City Council.

Dear Councillors:

Subject to an authorized increase in the appropriations levy, it is now possible to fund certain accounts previously reduced or disallowed by me.

Accordingly, I submit and recommend you adopt the accompanying appropriation orders.

Sincerely,

Kevin H. White,
Mayor.

Ordered, That in addition to the appropriations heretofore made, to meet the current expenses of the City of Boston in the fiscal year commencing July 1, 1980, and ending June 30, 1981, the respective sums of money specified in the schedules hereinafter set out be, and the same hereby are, appropriated for expenditure under the direction of the respective boards and officers specifically specified, for the several specific purposes hereinafter designated and, except for transfers lawfully made, for such purposes only—said appropriations to be met from entitlements received, or to be received, from the United States of America under the State and Local Fiscal Assistance Act of 1972. 1-10-12, City Council.

1. Permanent Employees

1. Personal Services	\$276,993
2. Contractual Services	57,400
3. Supplies and Materials	24,400
4. Current Charges and Obligations	3,000

1-01-61, City Clerk.	
2. Contractual Services	\$ 10,500

1-01-16, Department Head Compensation.

1. Personal Services \$400,000
Referred to the Committee of the Whole.

On motion of Councillor McDONOUGH Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

Whereas, The basic services which the city government is obliged to provide for the people of the city are provided by the Police, Fire, Public Works, Parks, and other city departments; and

Whereas, The present city administration has avoided the legitimate budgetary function of the City Council by transferring funds appropriated by the Council for such departments to other agencies providing less essential services at the expense of the said departments; and

Whereas, This practice must be stopped if the city's finances, which involve the expenditure of hundreds of millions of dollars, are to be conducted on a sound basis; and

Whereas, One important manner in which better control over funding the various city departments and agencies may be achieved is for the Council to assure that testimony concerning proposed appropriations given by department and agency heads and budget office personnel to the City Council is accurate and truthful; and

Whereas, Such testimony is most likely to be obtained by the Council if the testimony given by such persons to the Council is given under oath and in the presence of a stenographer; now, therefore,

City of Boston

In the Year Nineteen Hundred and Eighty
An Ordinance Requiring Testimony Concerning
Appropriations To Be Given Under Oath.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1.

Section 125 of Ordinance 5 of the City of Boston Code shall be, and hereby is, amended by adding at the end thereof the following:

Department and agency heads and employees of the Budget Division of the Administrative Services Department, when testifying before the City Council or a Committee thereof concerning an appropriation order pending before the Council in accordance with CBC, St. 6, section 251, or a loan order or an order approving the expenditure of funds received from the state or federal governments, shall do so under oath and subject to the penalties of perjury in accordance with the procedure set forth in Massachusetts General Laws, chapter 233, section 8A, and such testimony shall be recorded by a stenographer.
Referred to the Committee on Government Operations.

CONSENT AGENDA

The following matter was adopted upon the approval of the Consent Agenda:

CONGRATULATIONS TO BENJAMIN P. PISCOPO, STATE COMMANDER OF MASSACHUSETTS VETERANS OF FOREIGN WARS

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, Benjamin P. Piscopo, the 1980-81 State Commander of the Department of Massachusetts Veterans of Foreign Wars, has once again demonstrated his leadership ability and dedicated and faithful service and

Whereas, Benjamin P. Piscopo, having been an active member of the George Dilboy Post 529 since 1955, is no stranger to the Veterans of Foreign Wars' many elected positions. Ben not only served as this year's State Commander, but also served on the post level, Middlesex County level, the department level and the national level. He served as the state vice-commander from 1978 to 1979 and the senior vice-commander from 1979 to 1980; and

Whereas, Ben is an engineer graduate of Boston University and a business law graduate of Northeastern University, and is married to the former Lorraine M. Cutola; and

Whereas, Ben has proven his leadership abilities in many ways during his involvement with the Veterans of Foreign Wars, but perhaps his greatest contribution to veterans is his lobbyist activities to promote better legislation for the sometimes forgotten veteran; and

Whereas, Ben faithfully served his country and is the recipient of many honors as the Korean Service Medal, the United Nations Defense Medal, the Air Force Flying Badge, and the Good Conduct Medal; and

Whereas, There will be a special event on November 8, 1980, to honor Ben on his distinguished career as a member of the Veterans of Foreign Wars, and to honor him for having successfully served as its state commander; now, therefore, be it

Resolved, That the Boston City Council, in assembly today, congratulates Benjamin P. Piscopo for his distinguished service, and wishes him and his family much luck, and happiness and good fortune in his future endeavors.

Adopted upon approval of the Consent Agenda.

On motion of Councillor FLYNN Rule 10 of the Rules of the City Council was suspended in order to introduce the following, yeas 6, nays 2:
Yeas—Councillors DiCara, Flynn, Iannella, Langone, Sansone, Sears—6.

Nays—Councillors McDonough, O'Neil—2.

Voting present—Councillor Tierney—1.

REPORT OF COMMITTEE ON GOVERNMENT FINANCE

Coun. FLYNN, for the Committee on Government Finance, submitted the following:

Report on message of the Mayor and order (referred August 20) (Docket No. 0904), authorizing city to apply for and expend grant of \$5,000,000 for Project Y.E.S. under Title IV of the CETA amendments of 1978—recommending that the order ought to pass.

The report was accepted; the order was passed.

FURTHER REPORT OF COMMITTEE ON GOVERNMENT FINANCE

Coun. FLYNN, for the Committee on Government Finance, submitted the following:

1. Report on message of the Mayor and order (referred August 19) (Docket No. 0909), for loan

of \$8,000,000 for planning, designing, acquiring land for constructing and equipping structures and facilities and for remodeling, restructuring existing facilities owned by the city for various departments—recommending that the order be rejected without prejudice and resubmitted word for word, line for line, for further consideration.

The report was accepted; the order was rejected without prejudice.

LOAN OF \$8,000,000 FOR PLANNING, DESIGNING AND EQUIPPING STRUCTURES FOR VARIOUS DEPARTMENTS

Coun. FLYNN offered the following:

Ordered, That the sum of \$8,000,000 be, and hereby is, appropriated for planning, designing, acquiring land for constructing and originally equipping structures and facilities for remodeling, reconstructing or making major alterations, additions and major repairs to existing facilities owned by the city for the purpose of its various departments, and that to meet said appropriation the Collector-Treasurer be, and hereby is, authorized under the provisions of section 7A of chapter 642 of the Acts of 1966, as amended, to issue from time to time, on request of the Mayor, bonds, notes, or certificates of indebtedness of the city to said amount.

Referred to the Committee on Government Finance.

FURTHER REPORT OF COMMITTEE ON GOVERNMENT FINANCE

Coun. FLYNN, for the Committee on Government Finance, submitted the following:

2. Report on message of the Mayor and order (referred August 19) (Docket No. 0910), for loan of \$7,000,000 for planning, designing, acquiring land for constructing and equipping structures and facilities for parks—recommending that the order be rejected without prejudice and resubmitted word for word, line for line, for further consideration.

The report was accepted; the order was rejected without prejudice.

LOAN OF \$7,000,000 FOR PLANNING, DESIGNING, ACQUIRING LAND FOR CONSTRUCTING AND EQUIPPING STRUCTURES AND FACILITIES FOR PARKS

Coun. FLYNN offered the following:

Ordered, That the sum of \$7,000,000 be, and hereby is, appropriated for planning, designing, acquiring land for, constructing and originally equipping structures and facilities the city is authorized to construct and for remodeling, reconstructing or making major alterations, additions and major repairs to existing facilities owned by the city for the purpose of its parks, and that to meet said appropriation the Collector-Treasurer be, and hereby is, authorized under the provisions of section 7A of chapter 642 of the Acts of 1966, as amended, to issue from time to time, on request of the Mayor, bonds, notes, or certificates of indebtedness of the city to said amount.

Referred to the Committee on Government Finance.

REPORT OF COMMITTEE ON PUBLIC SAFETY

Coun. O'NEIL, for the Committee on Public Safety, submitted the following:

RECESS

On motion of Councillor Iannella the Council voted to take a recess at 2 p.m., subject to the call of the chair. The members reassembled in the Council Chamber and were called to order by President IANNELLA at 2:55 p.m.

REPORT OF COMMITTEE OF THE WHOLE

Coun. IANNELLA, for the Committee of the Whole, submitted the following:

1. Report on motion (proposed in Committee) that the Council vote to support Local 718 to suspend all closings of fire houses, fire companies, until decisions from the courts and the Labor Commission have been resolved—recommending that the motion ought to be carried.

The report was accepted; the motion was carried, yeas 8, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Tierney—8.

Nays—Councillor Sears—1.

2. Report on resolution (proposed in Committee) urging the Fire Department to suspend implementation of plans to eliminate Engine Company 43, Ladder 20, and Engine 25 pending appeal to the State Labor Relations Board—recommending that the resolution be adopted.

The report was accepted; the resolution was adopted, yeas 8, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Tierney—8.

Nays—Councillor Sears—1.

On motion of Councillor FLYNN Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

URGING POLICE DEPARTMENT SUSPEND REORGANIZATION PLAN PENDING APPEAL TO STATE LABOR RELATIONS BOARD

Coun. FLYNN, for all the Councillors except Coun. SEARS, offered the following:

Whereas, The primary responsibility of city government is to protect the safety and well-being of its citizens; and

Whereas, For the past several weeks, an enormous amount of public concern and controversy has been generated as a result of reports relative to the proposed reorganization of the Boston Police Department; and

Whereas, Questions about the consolidation of district police stations and the number of uniformed patrol officers on duty in the city's neighborhoods should involve a cooperative effort among the Police Department, the Boston Patrolmen's Association, and community representatives in order to develop a plan that will best meet the safety needs of Boston residents; and

Whereas, The lack of public communication and community input in the development of the police reorganization plan announced October 17, 1980, has increased public concern about the level of protection which will be available to city residents, especially those in geographically isolated neighborhoods of the city; and

Whereas, The Massachusetts collective bargaining law, Massachusetts General Laws, chapter 150E, specifically mandates that prior to any decisions affecting the working conditions and safety of police patrolmen, the management of the Boston Police Department must consult with union representatives; and

Whereas, A suit is presently pending in the Superior Court of the Commonwealth of Massachusetts to restrain implementation of the police reorganization plan until the Massachusetts State Labor Board has made a ruling on whether or not the police reorganization plan constitutes an unfair labor practice under the provisions of chapter 150E; now, therefore, be it

Resolved, That the Boston City Council, in light of the serious questions of public safety and labor-management relations posed by the proposed police reorganization plan, officially go on record as urging the Boston Police Department to suspend implementation of the reorganization plan pending a final decision by the Massachusetts State Labor Board; and be it further

Resolved, That copies of this resolution be forwarded to the Massachusetts State Labor Board, the Police Commissioner, and the Mayor of the City of Boston.

Coun. O'NEIL moved that the resolution be amended by adding that the Boston Police Department be urged to suspend implementation of reorganization plan pending appeal to State Labor Relations Commission by the BPPA.

The amendment was adopted.

The resolution, as amended, was adopted, yeas 8, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Tierney—8.

Nays—Councillor Sears—1.

FURTHER REPORT OF COMMITTEE OF THE WHOLE

Coun. IANNELLA, for the Committee of the Whole, submitted the following:

3. Report on order (referred October 15) (Docket No. 1119), for loan of \$30,000,000 in anticipation of revenue—recommending that the order ought to pass. The report was accepted.

On October 15, 1980, the foregoing order was read once and passed—yeas eight, nays one. On motion of Coun. DiCara, the order was given its second reading and passage, yeas 8, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, Sansone, Sears, Tierney—8.
Nays—Councillor O'Neil—1.

4. Report on order (referred October 15) (Docket No. 1120), that appropriations limit established by chapter 151 of the Acts of 1979 be increased by \$25,419,627—recommending that the order ought to pass.

The report was accepted.

Coun. LANGONE offered the following amendment:

That \$1.9 million of these funds to be appropriated under chapter 151 of the Acts of 1979 be set aside for the restoration of funds cut from the 1980-1981 budget for the Community Schools and the Library Department.

Coun. FLYNN in the chair.

President IANNELLA in the chair.

The amendment was adopted, yeas 5, nays 4:

Yeas—Councillors Langone, McDonough, O'Neil, Sansone, Tierney—5.

Nays—Councillors DiCara, Flynn, Iannella, Sears—4.

Coun. LANGONE offered the following amendment:

That this appropriation order and amendment shall be considered as one appropriation and shall not be severable and separable.

The amendment was not adopted, yeas 4, nays 5:

Yeas—Councillors Langone, McDonough, O'Neil, Tierney—4.

Nays—Councillors DiCara, Flynn, Iannella, Sansone, Sears—5.

Coun. McDONOUGH offered the following amendment:

Provided further that, in addition to the appropriations heretofore made, \$6,500,000 shall be initiated by the Mayor and appropriated in accordance with the provisions of Massachusetts General Laws, chapter 44, section 64, for the exclusive purpose of paying monies presently due and owing to vendors by the School Department which indebtedness was incurred during the 1979-1980 fiscal year, said sum to be raised by taxation pursuant to section 23 of chapter 59 of the General Laws; and be it further

Ordered, That in the event said section 64 has not been accepted by the city, said section shall be, and hereby is, accepted.

The amendment was not adopted, yeas 3, nays 6:

Yeas—Councillors Langone, McDonough, O'Neil—3.

Nays—Councillors DiCara, Flynn, Iannella, Sansone, Sears, Tierney—6.

The order, as amended, was passed, yeas 9.

5. Report on message of the Mayor and order (referred October 15) (Docket No. 1122), for appropriation of \$789,093 from Local Assistance Act Funds for various departments and/or accounts—recommending that the order ought to pass.

The report was accepted.

Coun. LANGONE offered the following amendment:

That \$400,000 be deleted for department pay raises.

The amendment was not adopted, yeas 3, nays 6:
Yeas—Councillors Langone, McDonough, O'Neil—3.

Nays—Councillors DiCara, Flynn, Iannella, Sansone, Sears, Tierney—6.

The order was passed, yeas 7, nays 2:

Yeas—Councillors DiCara, Flynn, Iannella, O'Neil, Sansone, Sears, Tierney—7.

Nays—Councillors Langone, McDonough—2.

DISAPPROVING ORDER FOR APPROPRIATION OF \$939,293 FROM REVENUE SHARING FUNDS FOR CERTAIN ACCOUNTS (DOCKET NO. 1031)

The following was received:

City of Boston
Office of the Mayor
To the City Council.

Dear Councillors:

On September 29, 1980, a certain appropriation order for the fiscal year commencing July 1, 1980, ending June 30, 1981, was presented to me, having been passed by your Honorable Body on September 26, 1980. Under the authority vested in me by St. 1948, c. 452, s. 17D as amended, and all other powers vested in the Office of Mayor, I hereby disapprove the said order, all as delineated hereinafter.

In Account No. 1-91-12, City Council, in the amount of \$368,593 is disapproved.

In Account No. 1-01-16, Department Head Compensation, in the amount of \$400,000 is disapproved.

In Account No. 1-01-93, Finance Commission, in the amount of \$65,756 is disapproved.

In Account No. 1-03-12, Freedom Trail Commission, in the amount of \$94,944 is disapproved.

My reasons for disapproval are that such disapproval will begin to cause the city budget to comply with tax cap legislation. Further, the non-severability amendment is invalid as it is inconsistent with the City Charter. Finally, the City Council has no authority to institute appropriations.

Yours very truly,
Kevin H. White,
Mayor.

Ordered, That in addition to the appropriations heretofore made, to meet the current expenses of the City of Boston in the fiscal year commencing July 1, 1980, and ending June 30, 1981, the respective sums of money specified in the schedules hereinafter set out be, and the same hereby are, appropriated for expenditure under the direction of the respective boards and officers specifically specified, for the several specific purposes hereinafter designated and, except for transfers lawfully made, for such purposes only—said appropriations to be met from entitlements received, or to be received, from the United States of America under the State and Local Fiscal Assistance Act of 1972: 1-91-12, City Council

1. Personal Services	\$276,993
2. Contractual Services	57,400
3. Supplies and Materials	24,400
4. Current Charges and Obligations	3,000
5. Equipment	6,800

\$368,593

1-01-16, Department Head Compensation

1. Personal Services	\$400,000
1-01-93, Finance Commission	
1. Personal Services	\$ 38,406
2. Contractual Services	13,350
3. Supplies and Materials	1,300
4. Current Charges and Obligations	12,500
5. Equipment	200

\$ 65,756

1-03-12, Freedom Trail Commission

Special Appropriation	\$94,944
-----------------------------	----------

and be it further

Ordered, That the passage of this appropriation shall be considered all as one item and the veto of any one item shall constitute a veto of the entire appropriation order.

In City Council September 26, 1980.

Passed—Yeas six, nays three.

Barry T. Hynes, City Clerk.

Disapproved.

Mayor.

Placed on file.

DISAPPROVING ORDER FOR APPROPRIATION OF \$825,700 FOR COMMUNITY PURPOSES (DOCKET NO. 1037)

The following was received:

City of Boston

Office of the Mayor

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, a proposed order purporting to appropriate funds for the Community Schools Program.

My reason for disapproval is that since the City Council has no authority to institute appropriations. The order to fund Account 1-13-93 is void.

Very truly yours,

Kevin H. White,
Mayor.

Whereas, The Community Schools Program has become the sole provider of many needed human services for low-income residents of all ages throughout the city; and

Whereas, The Community Schools Program offers local residents the unique opportunity to decide how tax dollars are to be spent; and

Whereas, The Community Schools Program has demonstrated the ability to lever outside funds, given a foundation of city support by a factor of three to one, making its operations most cost effective; and

Whereas, Their current level of funding is insufficient to maintain even basic services and jeopardizes their ability to seek additional funding; now, therefore, be it

Ordered, That in addition to the sums previously appropriated for Community Schools purposes, in accordance with section 23 of chapter 59 and all other applicable General Laws the sums as specified below are hereby appropriated:

Account 1-13-93

Personal Services	\$153,700
Contractual Services	646,000
Supplies and Materials	20,000
Current Charges	6,000

Total \$825,700

In City Council September 26, 1980.

Passed—Yeas nine.

Barry T. Hynes, City Clerk.

Disapproved.

Mayor.

Assigned for further action.

On motion of Councillor FLYNN Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

APPROVING INCLUSION OF \$15,100,000 TO PAY SCHOOL DEPARTMENT SALARIES

Coun. FLYNN offered the following:

Ordered, In voting to override the appropriation cap provisions, it is the express intent of the City Council to include in that amount the special appropriation of \$15,100,000 for the purpose of paying School Department employees salaries as provided for by collective bargaining agreements dated after August 28, 1980, between the Boston School Department and the various unions representing the employees which was approved by the City Council on October 1, 1980.

The order was passed, yeas 7, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone—7.

Nays—Councillor Sears—1.

Voting present—Councillor Tierney—1.

Adjourned at 5:25 p.m., on motion of Councillor Sansone, to meet on Wednesday, October 22, 1980, at 1 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

BOSTON TAKES MAJOR STEP TOWARD CITYWIDE CABLE TV SYSTEM

Mayor announces completion of report to vying cable firms

Mayor Kevin H. White announced on February 7, that Boston has taken a major step toward licensing a company to build and operate a citywide television system.

This step is the completion and publication of a 200-page Issuing City Report to the eight companies competing for the Boston license. The report, also called a Request for Proposals (RFP), serves as a guide to guide the companies in amending and augmenting their applications submitted November 3.

Now we are heading into the exciting and innovative phases of our system to bring to Boston the best and most community-responsive communications system in the country," Mayor White said. "We foresee a technologically second to none and socially and economically responsive to the needs of the entire community — a system to take this to the twenty-first century."

The RFP contains a list of minimum requirements that each company must meet in its amended application. These requirements include the following commitments to:

Access to the cable system for Boston residents, businesses, and institutions. The successful applicant would be expected to enter into an agreement with the proposed cable independent corporation that would allocate channel time to users and stimulate the production of new programming. The system will provide a diverse, high-quality program-

able system utilizing the most advanced technology.

Provision of eighty channels to all potential subscribers, including the capacity for two-way communications via the cable.

Provision of forty channels — twenty downstream and twenty upstream — to serve Boston's private and public institutions and businesses.

The lowest possible installation and monthly costs to subscribers.

A construction schedule giving priority to areas with poor television reception.

Strict provisions guaranteeing consumer protection and subscriber

- Local management and programming control.

- Jobs for Bostonians, including minorities and women, in the construction and operational stages.

In addition to listing minimum requirements, the RFP encourages the eight companies to include in their amended applications their own innovative ideas for building the best possible cable system and providing the highest quality programming.

Though not among the minimum requirements, Boston calls on the cable licensee to join the city in its efforts to attract the growing video production industry here.

Mayor White noted in his introduction to the RFP that Boston has an unequalled number of internationally respected cultural, educational, medical, and commercial institutions which could serve as sources for the production of outstanding and nationally marketable cable programming television productions.

"Therefore," the Mayor said, "the city is working towards the develop-

ment of a production center to enhance the opportunities available to the licensee to fully realize cable's potential. To create such a production resource, the city envisions a cooperative effort shared by the municipality, the licensee, developers, investors, and targeted clients of the facility."

The competing companies have seventy-five days to file their amended applications.

Completion of the RFP by Boston CATV Coordinator Richard Borten and his staff brings the city to the end of a crucial phase in the licensing procedure and to the beginning of another.

Some major steps which led to today's development were the report of the Mayor's Cable Television Review Commission in October of 1979, and the report of the Mayor's Cable Access Advisory Committee last December.

Throughout the entire process, strict measures have been taken to ensure that the highest ethical standards are adhered to in bringing cable communications to Boston.

Companies competing for the Boston cable franchise are: Abetta Corporation, Boston; American Cablevision of Boston, Boston; Boston Cablevision Services, Inc., Boston; Rollins Cablevision, Newark, Delaware; Times Mirror Cable TV of Boston, Irvine, California; Tribune Cable of Boston, Chicago, Illinois; Warner-Amex Cable Communications, Boston; and Cablevision Systems Boston Corp., Woodbury, New Jersey.

Mayor White will award the license to the winning company following public hearings and a thorough evaluation of the amended applications.

BUSINESS OPPORTUNITIES AVAILABLE THROUGH EEPA

Last October, Ron Stoll of Computer Ventures in South Boston, did some profitable business with the city's Employment and Economic Policy Administration (EEPA).

He developed a contract with EEPA that enabled him to hire and train Boston residents for half the price that it would normally cost him.

The contract was made possible by EEPA's On-the-Job Training (OJT) program, which is designed to facilitate local employers' efforts to train new employees at reasonable costs. Through OJT, EEPA identifies potential trainees and then refers them, according to their interests, to interviews with employers who have suitable training opportunities. If the employer hires the referral, EEPA reimburses the company for 50 percent of the new employee's salary during his or her training period. The length of the OJT contract is determined by the types of skills in which the employer is providing training.

Ron Stoll, whose trainees are learning how to assemble computers that can produce color photographic portraits, has been pleased with the results of his OJT contract: "EEPA was very helpful to us by aiding our company to screen potential trainees so that we weren't wasting our time with someone who wasn't appropriate. In the short run, OJT benefits us by getting us good employees at half the price, but in the long run, it's going to help the trainees even more, because they're going to learn a skill that they can take with them anywhere."

OJT is one of several EEPA programs which aims to provide qualified personnel to Boston's private sector. Another example of such programs is the Targeted Jobs Tax Credit (TJTC) program, which offers local businesses the opportunity to hire Boston residents at a tax savings to the company of up to \$3,000 per year for each new employee. In the TJTC program, EEPA refers eligible residents to interviews with interested businesses, who, upon hiring the referral, are eligible to claim a tax credit equal to 50 percent of the first \$6,000 in wages paid to the

employee in his first year on the job. The company also is eligible for a credit of 25 percent of the first \$6,000 in wages paid to the employee in his second year.

David Mundel, the director of EEPA, said: "Programs such as OJT and TJTC are beneficial to businesses in two ways: first, they help employers fill vacant job openings efficiently; second, they enable employers to achieve significant savings. I also think that these programs are helpful to Boston's economy as a whole, because they create a more favorable climate in which businesses can operate."

Employers wanting information about TJTC, On-the-Job Training and other services which EEPA is providing to local businesses, may call Mike Droegi at 426-8654; or contact the Boston Private Industry Council, a private, nonprofit business which works in conjunction with EEPA to assist businesses with issues of public financing, and tax and employment incentives such as OJT and TJTC. At the Private Industry Council, call John Holmberg: 742-5016.

Boston residents interested in participating in EEPA's employment and training programs, call EEPA's Intake and Assessment Center at 725-3700.

MUNICIPAL DEPARTMENT Air Pollution Control Commission (APCC)

The APCC consists of five commissioners: Commissioner of the City of Boston Traffic and Department (ex officio) and Hospitals Department (ex officio); and three members appointed by the Mayor.

The staff consists of an Executive Director, Senior Administrative Assistant, and several investigators.

The major function of the commission is the enforcement of the city's own air pollution and control regulations as well as the Commonwealth's. The staff heavily on receiving complaints from the citizens of Boston to make up for its limited staff. Common complaints of which the commission staff investigate are: smoke emissions from heating and incineration stacks; visible dust emissions from construction/demolition sites and abrasive blasting operations; objectionable odors from most sources; excessive idling of motor vehicles; any open burning. There may be no abrasive blasting or open burning in Boston unless a permit is applied for and issued by this commission. Common complaints which the commission staff investigate are: air conditioning units; loud music; construction equipment; train yard activities; and others. Intra-city noise complaints should be referred to the Housing Court of Appeals at 742-5822.

When a violation of the commission's regulation is observed, the owner/operator is so notified by the time of observation and in the same violations continue, the commission has the authority to have exercised that authority to bring violators to court for appropriate fines and/or injunctive relief.

In addition, the commission views, administers and enforces the city's parking freeze within the city. Proper. Any modification of the construction of a new parking lot within the freeze area must be viewed by this commission. For more detailed information concerning the parking freeze, air pollution problems, or other environmental

ions, please call the commis-
staff. 182 Tremont Street, 6th

DRIVE TO RESTORE SHAW MEMORIAL

At the top of Beacon Hill, op-
posite the State House, stands one
of the finest monuments of the nine-
teenth century, and the most impor-
tant work of art to come out of the
Civil War: the Shaw/54th Regiment
Memorial. It is also the first piece of
sculpture to memorialize black men
— the first regiment of free black
troops from the North to fight in the
cause of their own freedom. To-
gether with their legendary white
leader, Colonel Robert Gould Shaw,
many of these men were killed in the
charge on Fort Wagner in Charles-
ton, South Carolina, on July 18,
1863.

Commissioned in 1884 and un-
veiled in 1897, the Shaw/54th Re-
giment Memorial is also one of the
foremost creations of the gifted
American sculptor, Augustus Saint-
Gaudens. Its framework was de-
signed by the distinguished arch-
itect, Charles McKim. Private
funds built this handsome orna-
ment, presented to the City of
Boston on May 31, 1897, as a
reminder to future generations of
the "pride, courage, and devotion"
of the men it honors. Today, it
stands in serious jeopardy, victim of
corrosion, vandalism and general
neglect. With no public funds avail-
able for its repair and preservation,
private funds must again come to
the rescue.

The need is urgent. The cause is
extraordinary: to show our respect
for a notable work, by a magnificent
artist, symbolizing one of the first
times in our history when black men
and white joined hands to fight
together.

On Thursday, January 29, 1981, at
3:30 p.m., James B. Ames, a Boston
attorney, and John D. O'Bryant,
chairman of the Boston School
Committee, co-chairmen of the vol-
unteer Committee to Save the
Shaw/54th Regiment Memorial,
kicked off a campaign for \$125,000,
to repair and preserve this hand-
some ornament of the City of
Boston.

Plans for restoration and conser-
vation of the Shaw/54th Regiment
Memorial may be divided into four
major areas of concern:

—cleaning and conservation of
the masonry and bronze;

— repair of damaged portions of
the monument;

— replacement of missing ele-
ments of the monument;

— restoration of the fountain to
working condition.

In addition, the plans include, if
funds permit, two additional areas
of work:

— inscription of the names of
sixty-three black soldiers;

— descriptive and historical
plaques.

The project hopes to receive a
matching grant from the Massachu-
setts Historical Commission, and
the work would then also be subject
to the preservation standards of the
United States Department of the In-
terior. Final plans will also be
reviewed by the Parks and Recrea-
tion Department and the Art and
Landmarks Commissions. Con-
struction work should commence in
the summer of 1981, and the major
phase of work on restoration and
conservation of the monument will
take several months.

CABLE ACCESS COMMITTEE

*Job Well Done for Boston —
Mayor Kevin H. White*

When Cable TV comes to Boston, it's going to bring a lot more than entertainment — it's going to bring the power of communications to all sectors of our community.

Surely one of the most intriguing aspects of the state of cable technology is the opportunity it affords to provide access to the media that only a handful of people enjoy today.

Guaranteeing adequate and equitable public access to the airwaves will be one of our most crucial responsibilities as Boston develops a communications system that will serve to bring us into the next century.

Recognizing this responsibility, I appointed a committee in October to study the complex issues surrounding public access to cable. The Mayor's Cable Access Advisory Committee reported its findings in December and this work will contribute enormously to our understanding of the communications needs of Boston's neighborhoods and institutions and the potential of the cable system for serving those needs.

The committee has defined public access to cable as access to policy decisions, airtime, audiences, education, program materials, media tools, new and experimental technologies, and the system's economic growth potential.

In order for cable's potential to be fully realized, these types of access

must be provided to every sector of our community — from neighborhoods, to institutions, to interest groups, in short, to all those whose message can be better shared with the public through use of the new technology.

To safeguard these rights of access, the committee has recommended the creation of the Boston Access and Information Corporation, a permanent, independent, nonprofit corporation responsible for allocating channel space, production facilities and resources, developing funding sources for access, managing revenues from leased channels, and providing a forum for public discussion and programming issues.

The corporation's composition would reflect the diversity of the public interest by including representatives of all neighborhoods, institutions and groups whose access needs must be considered.

The committee has further recommended that both the eventual costs of producing access programming and "groundwork" activities such as assessing community needs and resources for access, and educating the public as to cable's service potential, be assumed by the winning applicant of Boston's cable franchise.

If funding for access can be keyed to the level of the cable operator's profits it would be guaranteed that both the entertainment and service elements of the cable system would develop and mature in a manner that would be beneficial to us all.

The committee's report contains sound recommendations and will provide a framework for decisions on regulating public access to cable that must be made by the city in the months ahead.

Every segment of our community has been well served by the committee's work, and the challenge set forth in the report will now be taken on: "For the past 150 years, industrial society has been defined by technology. Over the past thirty years, television has become a pervasive and powerful influence on government, education, social conscience, family life, and personal development. As we move headlong

into the communications era, our greatest challenge is to create an environment in which we control the media rather than be controlled by it. To achieve this end we must satisfy our social needs, define our goals and harness available technology to our service."

MAYOR ANNOUNCES COMPLETION OF CABLE CONSTRUCTION FEASIBILITY REPORT

*Calls it one of the
"most comprehensive ever"*

Mayor Kevin H. White recently announced the completion of a three-part cable construction feasibility study designed to provide more accurate information to potential cable system developers in Boston.

Applicants for the city's next television license were informed of the report's completion today.

The three-part report, which was prepared by the nationally respected, cable engineering firm of Malarkey Taylor and Associates in conjunction with Boston's Public Works Department, is "one of the most comprehensive studies ever undertaken by a municipal government in preparation for the award of a television license," according to Mayor White.

Mayor White said, "The city has conducted the construction feasibility study to: address cable industry concerns that the construction of a cable system in Boston would be extremely difficult and exorbitantly expensive; provide all applicants with the Boston license with the best body of reliable information available upon which to base their proposals; provide the city itself with information that will enable it to analyze intelligently the technical and financial information contained in the final proposals."

The feasibility study concludes that the construction of a new television system in Boston would require that less than 26 percent of the total cable plant be installed underground. Earlier estimates by cable industry sources had predicted that from 45 percent to

ent of the system would require underground construction.

The new estimated costs of ground construction are very "surprising," said Richard A. [unclear], the city's cable development coordinator. A cable system should be considerably less expensive than previously assumed."

The study noted that a large amount of abandoned gas pipe may be available for cable operators. The pipes, which are in-ground and the property of the city, could be cut and construction costs by eliminating the need for a CATV trencher to dig up city streets.

WORK-CONNECTED ASTHMA

It is nice to throw out the alarm — and stay in bed. But most can't. We have livelihoods to

and health sometime have a bearing on the way we earn our livings, says the American Lung Association.

Several recent studies have pointed out the connection between asthma and employment in manufacturing companies that work with toxic chemicals. It is suggested that a substantial fraction of unexplained asthma may be due to such chemicals in the workplace. Unfortunately, use of the chemicals in the industry are rapidly expanding in the chemicals industry.

Company attitudes toward the asthma-threatened workers vary. In some cases, susceptible workers are strained to perform other jobs, away from the guilty chemicals. At other companies, plant physicians refuse to ignore complaints. Some companies invite the researchers into their plants; at others there is considerable resistance to the scientific investigation.

There are many causes of asthma other than work-related allergies. Dust, animal dander, and pollen are common examples; or the cause may be a nonallergenic factor, such as cold air, a viral infection, or vigorous exercise. The stimulus may be a combination of factors.

Asthma is a definite physical disease and not "all in the mind."

Some six million adults and children in the United States suffer from this difficult disease — but there are good news about asthma surfaces, too. The disease can usually be controlled and prevented by excellent medications.

To find out more about asthma and other lung diseases, consult the American Lung Association of Boston — the Christmas Seal people. It's a matter of life and breath.

THIRD YEAR OF COOPERS AND LYBRAND AUDIT OFFERS NO SURPRISES

An examination of the City of Boston's combined financial statements for 1979 and 1980 by the prestigious accounting firm of Coopers and Lybrand, released today, offered no surprises to either the financial community or the general public.

The thirty-four-page document, the product of a commitment made by Mayor Kevin H. White in 1977 to submit the city's books to its first independent audit, is based upon the application of Generally Accepted Accounting Principles (GAAP) versus the accounting principles adopted by the state more than 100 years ago. The use of GAAP makes the examination more relevant to the financial community, the prime audience for such a study.

The study indicated that refunds resulting from the long-awaited Tregor decision, the award of damages against the city for past assessing procedures will shortly fall due, and be posted against the city's assets. The awards are the major contributors to a \$50 million drop in General Fund equity, and a decrease in the combined fund equity position by \$37 million.

Said City Auditor Newell Cook, "Although the Tregor decision's liabilities have accrued over a number of years, and will be settled over a three-year period once the award is made, the General Accounting Prin-

ciples require that it be posted in 1980. It's a liability we have recognized for some time, and we have anticipated it. Our official statements have acknowledged the problem for the past several years."

The audit also reflected a drop in federal assistance to Boston totaling \$43 million for fiscal 1980. That drop was comprised of a reduction in \$10 million in CDBG funds, \$10 million in Public Works monies, and \$23 million in CETA funding. Program adjustments at the local level offset the impact of those significant cuts.

GEORGE WASHINGTON SLEPT HERE?

Great men of history often inspire the imagination. In addition to the story about young George Washington chopping down the cherry tree, Boston has its own questionable tale about the father of our country.

On display at the Boston Public Library is Emmanuel Leutze's famous painting, "Washington at Dorchester Heights." Originally commissioned by a wealthy Boston family, and purchased by public subscription in 1955, this painting has perpetuated the myth that Washington personally led his troops in the evacuation of the British. Although he was Commander-in-Chief, it's highly doubtful that General Washington ever set foot on Dorchester Heights.

Actually, Washington visited Boston only three times. First, as Colonel Washington in 1756. *The Gazette*, a lively Boston newspaper, noted his arrival and termed him "a gentleman who has deservedly a high reputation for military skill and valor, though success has not always attended his undertakings." Washington returned to Boston in 1775 to take command of the Continental Army; and again in 1789, on a presidential visit.

On February 16th, Bostonians join the nation in celebrating George Washington's Birthday by recalling his many contributions; and, perhaps, by having a piece of cherry pie.

LANDLORD-TENANT PROBLEMS #1 CONSUMER COMPLAINT

Rental housing/landlord and tenant problems were the number one consumer complaints received by the Boston Consumers Council in 1980.

The Council released report, which cites the ten most called-in complaints, is based on quarterly statistical averaging of staff investigators' weekly caseloads.

The total caseload for the last calendar year was 55,316. Out of that number there were 9,083 (16.42 percent) callers complaining of rental housing/landlord and tenant problems.

Miscellaneous complaints were second in the most frequent complaint area, with 8,768 (15.85 percent) callers; and automobile repairs ranked third, with the Consumers Council having received 7,213 (13.04 percent) of these complaints.

SOCIAL SECURITY TAXES UP

The Social Security tax deducted from workers' paychecks is higher in 1981 than it was in 1980.

This is due to the fact that the tax rate increased from 6.13 percent for 1980 to 6.65 percent for 1981. In addition, the wage base, the maximum amount of annual earnings on which Social Security taxes are paid, increases to \$29,700 for 1981 from \$25,900, the 1980 figure.

These increases are the result of legislation enacted in 1977 intended to restore the Social Security system to financial stability.

The increases are not substantial, for most workers. For example, a worker earning about \$10,000 in both 1980 and 1981 will pay about \$1 more a week in Social Security taxes. Workers whose earnings amount to about \$25,900 for both years will pay about \$2.59 more a week in 1981 than in 1980, a total of \$134.68 more in Social Security taxes.

Workers earning more than \$25,900 in 1981, have a greater increase in total Social Security taxes for the year. A worker earning \$29,700 in both years will pay

\$387.38 more in Social Security tax for 1981 than in 1980.

Employers also pay more in Social Security taxes in 1981, since they match employee taxes dollar for dollar.

Workers should remember that the Social Security taxes they pay are building lifetime protection for themselves and their families. In addition to retirement benefits, they are also earning important protection if they should become disabled and for their survivors should they die.

Social Security taxes also pay for Medicare hospital insurance for people six-five and over, and for people who have been getting Social Security disability checks for two years or more.

FUEL ASSISTANCE NOW READILY AVAILABLE

Applications for help with winter fuel bills have been pouring into ABCD's Fuel Assistance Program in recent weeks.

One reason why the demand is so great, besides the extremely cold weather we've been having, is that this year income-eligibility levels for fuel assistance have changed. As a result, more people qualify. For a household of one, the income must be at or below \$6,633; for two, \$8,678; for three, \$11,030; and for four, \$13,620. In larger households the eligibility level increases by \$2,730 for each additional person.

Applying for fuel assistance can be a fairly simple procedure as long as applicants remember to bring certain papers with them. When visiting an intake office applicants must show suitable proof of income and also proof of need for fuel assistance. Without both documents an application cannot be processed. Therefore, to avoid an unnecessary trip, it is wise to call the intake office before coming, to find out exactly what is required.

ABCD's Fuel Assistance Program serves Boston, Brookline, Dedham, Needham, Newton, and Waltham. Residents of these communities can find out where the closest intake office is located by calling 357-6031.

FIRE DEPARTMENT ORDER

February

General Order No. 10

I. FIRE CAPTAIN FRANK A. BERGDOLL

It is with deep regret that the Fire Commissioner/Chief announces the death on June 2, 1981, of Fire Captain Frank A. Bergdoll, of the Training and Research Division. Fire Captain Bergdoll was appointed to the department June 28, 1944, promoted to fire lieutenant June 19, 1950, and promoted to fire captain June 27, 1954.

The funeral was held from the Thomas Funeral Home, 22 Oak Street, Park, Thursday, February 5, 1981, following a funeral Mass in St. Pius X Church, 1011 Road, Milton, at 1000 hours.

The Fire Commissioner/Chief made honorary detail to act as funeral escort for members of the Training and Research Division, Fire Prevention Division, Headquarters, and Rifle Honor Guard were excused from the services.

II. RETIREMENTS

The following retirements, in accordance with the provisions of section 5, Chapter 149A, became effective on the dates indicated:

Fire Lieutenant William P. Ahern, Fire Prevention Division — 0800, 2-5-81.

Fire Lieutenant Joseph F. Manning, Company 49 — 0800, 1-16-81.

Fire Lieutenant Ahern was appointed to the department June 11, 1941, and promoted to lieutenant October 17, 1945. Fire Lieutenant Manning was appointed September 1, 1941, and promoted to fire lieutenant January 1, 1954.

Both of these members leave the department with the best wishes of their associates.

III. COMMENDATION

The Fire Commissioner/Chief is pleased to commend Fire Fighter Patrick J. Foley, Engine Company 36 for responding to a fire alarm working at Box 1875, a working fire, and performing duty.

Fire Fighter Foley assisted Engine Company 21 and Ladder Company 7 until dismissed.

IV. HIGH COMMENDATION

On January 10, 1981, at 0227 hours, Engine Company 28 responded to Box 37 (alarms) struck for a fire at 752 Metropolitan Avenue. Upon arrival, heavy smoke was coming from a four-story, forty-unit apartment building. The rear stairway completely engulfed the fire from the basement to the roof.

Being informed that people were still in the building and before fire suppression operations had begun, Fire Fighters John M. Carey and Richard M. Feeley of Ladder Company 28 immediately entered the front door to search for victims.

After removing some tenants from the floor, Fire Fighter Carey went to the floor and Fire Fighter Feeley to the third floor. Fire Fighter Feeley came upon two women on the third floor (one unconscious) and called Fire Fighter Carey for assistance. Both were removed to the street and taken to a hospital and treated for smoke inhalation.

Because these rescues were made under extreme conditions before fire operations had begun and without regard for their own safety, the Fire Commissioner/Chief is pleased to commend Fire Fighter John M. Carey and Fire Fighter Richard M. Feeley of Ladder Company 28 for their actions and refers their case to the Board of Merit for further consideration.

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. 076-104 will be received by the Director of Construction at the Contract Administration Office, fifth floor, 50 High Street, Boston, MA 02110, until two o'clock (2 p.m.) on February 26, 1981. Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows: EMERGENCY REPAIRS TO PIER NO. 13, GREEN LINE, NORTH STATION TO LECHMERE, CAMBRIDGE, Massachusetts.

This work consists of shoring the structure, removal of existing pier cap, removal of loose concrete, installing new concrete pier cap, expansion joint and bearings, and touch painting.

This contract is subject to a financial assistance contract between the MBTA and the UMTA of the United States Department of Transportation.

Prequalification of contractors in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders" will not be applicable to this contract.

In view of the specialized nature of construction, an award will not be made to a contractor who does not possess the demonstrated ability and who is not equipped to undertake and complete the work. The low bidder and/or lowest responsible bidder may be required to submit within five (5) business days after opening of bids a postqualification statement on forms to be furnished by the Authority.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., Monday through Friday, at a charge of \$15. The Authority's General Requirements and Covenants (1978 Edition of Division I), as amended, are available from the Contract Administration Office at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, are available from the Contract Administration Office at a charge of \$15 per copy. None of these charges are refundable.

BIDDING DOCUMENTS WILL BE AVAILABLE ON FEBRUARY 12, 1981.

Any person may purchase copies of the plans and specifications for information purposes only, upon payment of the required charge.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of three dollars (\$3), payable by separate check. If requested, documents will be forwarded by air freight,

where such service is available, at the expense of the plan holder.

Bidders attention is directed to Appendix 1, Goals and Timetables for Female and Minority Participation in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination and Affirmative Action Program in the specifications.

In addition, attention of bidders is directed to the MBTA's Minority Contractor Participation Provision incorporated as Appendix No. 3 in the Special Provisions.

The Authority hereby notifies bidders that it will affirmatively insure that in regard to any contract entered into pursuant to this advertisement (Notice to Contractors), minority and female construction contractors will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with federal and equal employment opportunity regulations and the President's Executive Order No. 11246 and any amendments or supplements to that executive order. The requirements under this order are explained in the specifications.

Authorization for the bidders to view the site of the work on the MBTA's property shall be obtained from the office of Mr. Walter G. Cusack, 500 Arborway, Jamaica Plain, MA 02130. Phone: 617/722-3456.

A prebid conference will be held on February 18, 1981, at 10 a.m., at the work site as shown on the plans. It is imperative that prospective bidders have a representative attend. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

The provisions of Massachusetts Executive Order No. 130, Anti-Boycott Covenants are incorporated by reference as part of this contract.

Bidders will be required to certify as part of their proposal that they are able to furnish labor that can work in harmony with all other elements of labor employed or to be employed on the work.

Proposal guaranty shall consist of a bid deposit of fifteen hundred dollars (\$1,500), in the form of a bid bond, cash, certified check, treasurer's or cashier's check issued to the MBTA by a responsible surety, bank, or trust company.

The successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

The Authority reserves the right to reject any or all proposals, to waive informalities, to advertise for new proposals or proceed to do the

work otherwise, as may be deemed to be the best interests of the Authority.

NO. 8

NEW SKYSCRAPER TO RISE IN DEWEY SQUARE

Mayor Kevin H. White, on February 10, hailed the construction of a forty-story, \$100 million office tower in Dewey Square as "the latest symbol of Boston's extraordinary economic and architectural rebirth."

The Building, located on a site bounded by Atlantic Avenue and Summer, and Essex Streets, is a joint venture of Rose Associates, Inc. and Metropolitan Life Insurance Company. Construction will start in spring, 1981, and be completed in fall, 1983.

Said Mayor White, "This project, more than almost any other, demonstrates that Boston is hot for development. This entire project will be paid through private investment . . . not one penny of government money will be used in construction."

Mayor White added, "This tower will contribute to Boston's increasing robust economy through increased tax revenues and an expanded employment base. The building's striking facade will dramatically underscore its importance to the architecture in the new South Station area."

The six-sided Dewey Tower will contain one-million square feet of Class A office space, plus an entire gallery with retail stores, restaurants, and three movie theaters.

The Dewey Square Tower ties in with the plans of the Boston Development Authority, according to A Director Robert J. Ryan. The development will help to ease the shortage of Class A office space in downtown Boston. In addition, according to Ryan, the new building will create another link between the downtown financial district and the South Station, which is being redeveloped into a major transportation center, combining rail, bus, and subway service, supported by new office and hotel facilities.

The building's glass-enclosed entire gallery extends to the sixth floor on the north side of the building. The facade of the steel frame building is granite at the base, the same material as the historic South Station Head House. The upper floors will be glass and stone.

The lower floors have been designed to provide an exciting visual experience for the public, according to the architects, Pietro Belluschi, Inc., and Jung/Brannen Associates, Inc., of Boston. Extensive public access to the glass gallery will bring light and activity to this area after the office building closes for the day.

"The South Station Head House — the handsome entrance to South Station — is of historic importance, and this visual focal point has been carefully considered in the siting and design of the office building," said Daniel Rose, president of Rose Associates. The new tower will enhance and frame the elegance of this famous facade.

"The new tower will contribute significantly to the upgrading of the area, a need that has been evident for the past few years," Mr. Rose said, "With many recent improvements in the area, including the Stone & Webster and Fiduciary Trust buildings, the new building will aid the renaissance of the area across Fort Point Channel — an area considered the next most important focus for revitalization in Boston."

According to Thomas F. Garesche, vice-president of Metropolitan Life Insurance Co., in charge of the Eastern Territory real estate investment office, "The Dewey Square Tower project enables Metropolitan to participate in

Boston's continuing development. Metropolitan has recently opened a new head office in Warwick, Rhode Island and a real estate investment office in Unicorn Park, ten miles north of Boston. We intend to increase our real estate investment in New England. These will help stimulate the economy of an area where we've been an insurer and an employer for decades."

The Codman Company, Inc., of Boston, is the leasing agent for the Dewey Square Tower.

Dewey Square Tower will provide parking for 120 cars below grade on two levels, reserved principally for office tenants.

Rose Associates, Inc., one of the nation's largest real estate development and management organizations, has been active in Boston, as well as in New York and Washington, for many years. In conjunction with British firms, Rose Associates developed the Keystone Building and later acquired the 33-acre Boston Wharf Company property at Fort Point Channel. Some of the historic buildings of the Boston Wharf Company, near Museum Wharf on Sleeper Street, are being converted to residences and retail space, according to Mr. Rose.

Metropolitan Life Insurance Co., has many real estate investments in the Boston area, including a mortgage on the Keystone Building and joint ownership of Unicorn Park, an office development on Route 1-93. More than \$14 billion of the company's \$48 billion assets have been invested in real estate throughout the United States and Canada. In Massachusetts alone, Metropolitan has invested and committed more than a quarter billion dollars through mortgage lending, equity participations, and real estate purchases.

MUNICIPAL DEPARTMENTS

Beacon Hill Architectural Commission 617/722-4300.

The Beacon Hill Architectural Commission is primarily a "watch-dog" commission. It was formed for the purpose of preserving the historical character of Beacon Hill district as represented in its architecture. The main function of the commission is to regulate and control all construction, reconstruction, and alteration to buildings and structures within the district in which exterior architectural features are involved. These exterior features include all portions of the structure which can be viewed from a public way including signs, lights, and other visible fixtures.

Applications for all building permits on Beacon Hill follow the standard procedures established by the Building Department. In addition the applications for Beacon Hill are reviewed to determine whether the building permit would create an external change. If the Building Department decides that the building permit will result in a change of the exterior, the application will be submitted to the Beacon Hill Architectural Commission for its approval. This approval is granted after a hearing providing that the proposed building will maintain the "Old Boston" design of the existing Beacon Hill structures. The Building Department's inspectors report deviations from this architectural style to the commission and refusal to comply can result in legal action. City Hall, 9th floor.

Board of Appeal 617/725-4775, 4776

The Board of Appeal is an adjunct of the Building Department. Any applicant for a permit from the Building Department whose application has been refused because it is not in accordance with the Building Code may appeal to the board within ninety days of the refusal. Applications which have been refused because they are in violation of the Zoning Code may be appealed to the board within forty-five days of refusal.

Access to the Board of Appeal is a public right, but it must be done on proper forms and within the above-stipulated period of time. Before

one can file for an appeal, he must wait for a letter of refusal from the Building Commissioner. Once a letter of refusal is received, the affected party can go to the Building Department and fill out the appropriate forms (five copies) and pay the required fee. It usually takes sixty to ninety days after filing to have the case heard before the Appeals Board.

In addition to filing an appeal because of a violation of code, an appeal may be made to the board by a homeowner when the Building Department orders expenses to be incurred by the owner due to hazardous conditions. The appeal must be filed within thirty days of the order. City Hall, 8th floor, Room 803.

Board of Examiners 617/725-4777

The Board of Examiners is an adjunct of the Building Department. The purpose of the board is to insure safe buildings with high quality workmanship in Boston. The board administers examinations for men to supervise all types of building including construction, alteration, demolition, shoring and miscellaneous building.

In order to obtain a supervisor's license one must file a notarized application accompanied by three references with the board. Upon completion of these steps the applicant

must set up an appointment for the particular examination required for his purposes. The examination is based on the Building Code which may be checked from the Building Department. Examinations are conducted by the three-member board approximately once a week.

Upon completion of the first successful passage of the examination, the applicant is given a license for one year. After one year he must renew his license by personally appearing at the office of Examiner's office. If a license is not renewed for five years after the expiration date, the licensee must take the examination again and pay an initial fee for the license and a penalty fee if the license is renewed within thirty days of expiration date. City Hall, Room 804.

EGG-CEPTIONAL EGG RACE MARCH 21

The egg-ceptional event of the spring season, the Fourth Annual Great Boston Egg Race, takes place on Saturday, March 21, at the Museum of Science. It is open to everyone, not only eggheads.

The challenge is to travel the ordinary egg as far as possible by means of energy taken from a rubber band. The vehicle must start and end the course on the sidewalk. The vehicle traveling the greatest distance along a 100-meter long and 2.5 meter wide track will be the winner.

Competition is held in several categories of participants: teenagers, and adults.

Attracting some seventy participants last year, the race brought out handmade contraptions that defied description. Although many had names, others were given arbitrary titles, such as "The Chunky Chugger," "Escapement No. 1," and "Eggsterminator."

Entry forms and rules are available at the museum, and can be obtained by sending a self-addressed envelope to the Egg Race, Museum of Science, 221 Museum Rd., Boston, MA 02114. Entry forms will be returned to the museum by mail.

CABLE TV: QUESTIONS AND ANSWERS

By Mayor Kevin H. White

Saturday, February 7, my Administration took a major step in providing a cable TV system for Boston. We issued a 200-page Issuing Authority Report that will serve as a rulebook to guide the companies bidding for the right to install and run the system.

The rulebook was the product of months of effort by consultants working with an eighteen-member advisory committee representing the interests of all our neighborhoods.

The rulebook requires at least three regular channels for residential subscribers, including the city's two-way communication and forty channels to serve schools and public institutions and businesses.

It requires that the successful applicant enter into an agreement with a nonprofit corporation that will ensure that all residents, businesses, and institutions in Boston have the opportunity to broadcast on cable. The goals of the Issuing Authority Report are:

- Quality programming and clear reception
- Economic opportunities — including investment options for residents and jobs for Bostonians
- Explain the program more fully, answer some questions and concerns

Now that the Issuing Authority Report has been issued, what's next?

Applicants have seventy-five days to respond with amended applications, which are due April 23. Technical, legal, and financial consultants will evaluate them, and we will make a decision early next year. The successful applicant will be granted a provisional license for one year. If, at the end of the provisional period, all required conditions have been taken, a permanent license will be issued.

When will a public hearing be held? By law, a public hearing must be held after the amended applications have been submitted so that

all interested persons — cable companies and the public alike — may have an opportunity to comment. The hearing will be held at a date to be announced, in May or June. Testimony will be taken into account in the award decision.

Q. What will be the most important criteria in deciding which cable operator gets the franchise?

A. Financial capability, state-of-the-art technology, wide variety of quality programming, commitment to a nonprofit corporation that will provide local access, economic opportunities for Bostonians, a good track record in other municipalities.

Q. What makes this Issuing Authority Report unique?

A. It is the most comprehensive report ever put together by an American city. It features an innovative plan for the support of public access, an investment plan, and the most detailed construction feasibility study ever commissioned by a municipality.

Q. What are some of the other benefits sought in the report?

A. The lowest possible installation and monthly costs to the subscriber. A construction schedule giving priority to areas with poor television reception. Jobs for Bostonians, including minorities and women, in the construction and operational stages.

Q. How long will it be before everyone in the city has cable?

A. The city will be completely wired within five years of the award of the permanent license.

HYPOTHERMIA: HEALTH DANGER TO ELDERLY

Turning down the thermostat to save energy can cause severe health problems and even death in older persons, warns Richard E. Shepherd, executive secretary of the National Association of Mature People (NAMP).

Shepherd says he was alarmed by reports that extreme winter temperatures and shortage on natural gas in Massachusetts might force strict conservation measures on consumers.

"Hypothermia, a subnormal temperature of the body, is a general trend with aging, and a threat to persons with blood vessel problems or those on special medications such as antidepressants, sedatives and even sleeping pills," he says.

Shepherd says an estimated 25,000 persons over the age of sixty-five die every year of accidental hypothermia, which usually develops over a period of several days.

"Nursing homes, retirement homes or any dwelling place for mature people must have temperatures no lower than 70 degrees Fahrenheit. Even at 70 degrees, many older persons will not feel comfortably warm, but at least they are out of the danger zone," he says.

While younger persons shiver when they feel cold, older victims of accidental hypothermia might not show those early warning signs, he says. Instead, they will feel extremely cold to the touch, experience thirst, feel tired and show signs of disorientation, slurred speech, and slow or irregular heartbeats.

"These symptoms can be mistaken for results of a mild stroke, and if the body heat drops from the normal 98.6 degrees to less than 90 degrees, the victim usually slips into a coma. Eventually, the person dies from heart failure," Shepherd says.

Older persons might also endanger their lives through emergency measures if thermostats are turned down arbitrarily.

"Many will use alternative sources of heat, such as unsafe floor heaters, kerosene heaters, or even hot plates designed for cooking. These makeshift heat sources pose an extreme fire hazard," Shepherd says.

Left Is Right

Traveling women: "Tell me which platform to go to for the train to Boston."

Conductor: "Just turn to the left, and you'll be right"

Women: "Young man, don't be so smart alecky."

Conductor "Ok, then just turn right and you'll be left."

SUPREME COURT UPHOLDS CITY'S POSITION

On School Department Budget rules that Special Needs Education must stay within appropriation.

The Massachusetts Supreme Judicial Court ruled on February 12, that the Boston School Department must pay for special needs education out of its authorized \$210 million budget.

In overturning a Superior Court summary judgment, the Supreme Court upheld the City of Boston's position that it is not required to fund special needs programs in addition to the regular school budget.

The Boston School Committee had contended the city was obligated to pay for special needs programs over and above the regular city appropriation for Boston public schools.

The Supreme court ruling means that the Boston School Department has no legal authorization to spend \$46 million above its authorized budget for special needs education this academic year.

The Boston School Committee had been operating under the assumption that it had this \$46 million to spend, in addition to the regular school appropriation. The assumption was based on a Superior Court summary judgment, which was overturned today.

Boston Corporation Counsel Harold Carroll said the Supreme Court ruling, made by the full bench, legally sets what the Boston School Department is authorized to spend this year — \$210 million.

"Now we know what the rules are," Carroll said. "The Supreme Judicial Court upheld the position of the city and the Mayor that special needs funding must be found within the regular appropriation of the School Committee and is not to be added to the appropriation without the approval of the Mayor and the City Council."

In its ruling, the Supreme Court stated: "The City of Boston and its financial officers are not required . . . to provide funding for special needs programs in addition to the funds appropriated (for the regular school budget).

"The obligation to provide and allocate funding for special needs

programs is subject to the limitations on school funding for the City of Boston. . . ."

Under law, the Boston School Department can spend for each new fiscal year an amount up to, but not exceeding, its appropriation for the previous year. Increased spending requires city approval.

Last year's appropriation was \$195 million. However, under court direction, the city placed in escrow \$15 million additional funds to cover a collective bargaining wage agreement with the Boston Teachers' Union.

In another decision today, the Supreme Judicial Court upheld a lower court decision that the collective bargaining agreement must be honored and the \$15 million held in escrow must be released to pay the teachers' wage increases.

The case had been brought to the Supreme Court by the city for clarification.

ARENA COMMITTEE FORMED

The Arena Committee was formed on February 9, by the governmental and economic leadership of Massachusetts in a unified attempt to build a new arena to retain the city's professional sports teams.

The committee, announced at a press conference in the concourse at North Station, is composed of major governmental officials, popular sports figures, top-level member of the business and financial communities, and media representatives.

Serving on the committee are the following elected officials:

U.S. Speaker of the House Thomas P. "Tip" O'Neill, Jr., U.S. Senator Paul E. Tsongas, U.S. Senator Edward M. Kennedy, Boston Mayor Kevin H. White, Governor Edward J. King, Senate President William M. Bulger, House Speaker Thomas W. McGee, U.S. Congressman John Joseph Moakley.

Senator Tsongas will serve as cochairman of the committee with Robert Ryan, director of the Boston Redevelopment Authority, and James F. Carlin, commissioner, Massachusetts Department of Commerce and Development.

The Arena Committee issued the following statement:

"The committee is intent on finding every possible means of financing and constructing a new sports arena in a meaningful time frame, respecting the respective interests involved.

"Boston major sports teams are an important regional resource. The success of these teams is vital to the economic interests of the people of Massachusetts, and the state's economic growth, and to this end, this committee will work to provide a viable solution to a complex issue."

The arena committee will communicate with interests owning and operating the Bruins and the Red Sox with respect to their pending contracts and possible participation in a new arena.

Mayor White has indicated that the City of Boston is willing to contribute an appropriate fee, for access to city-owned land behind North Station, for construction of a new Boston arena featuring in-structure parking for a capacity of 16,000 to 18,000.

The committee will have the authority of exploring other viable options for Greater Boston.

The staffing for the committee will be provided by the governmental entities represented, in consultation with legal counsel and specialists in the financing, construction, and operation of sports arenas.

A major concern of the committee is the impact of professional sports and other entertainment events on the city and state economy. The creation of the arena question is more urgent because it is now before the voters as Proposition 2½ takes effect to prevent further loss of tax revenue and jobs in Massachusetts.

Figures compiled by the committee close that closing the Boston Garden would deprive the City of Boston and the Commonwealth of Massachusetts of almost \$6 million in loss of tax revenues.

Boston Garden events generate more than \$5 million in sales taxes and corporate taxes to the city. The city's loss of revenue would offset the property taxes paid by the Boston Garden.

The BRA estimates that the Boston Garden helps produce approximately \$60 million to the city economy.

LISTS SUNDAY SERVICES; ELIMINATES BUS ROUTES

MBTA will be able to run first services on Sundays, the Board of Directors announced. The savings from operating essential transit services expected to reach approximately \$1 million annually.

"We reviewed our original decision to eliminate all Sunday service," MBTA Chairman Barry M. Locke said, "and because of the savings through operating only essential service, coupled with service changes, we will be able to provide essential Sunday service."

The Board of Directors made its decision after Governor King, hospital nurses, citizens, and others expressed concern about the possibility of the elimination of all Sunday service. Locke said the board received all requests and suggestions from a range of people and then made the decision to provide essential Sunday service. The board repeated its determination to remain within the \$337 million budget approved by the Advisory Board. "Despite the Advisory Board's lack of adequate funding, we strongly feel that essential Sunday service should be retained," Locke said.

"The Sunday service picture will be made clear by this:

Line Now:

Orange Line; No change until Sunday, March 22.

Blue Line; Rapid transit service from Government Center to Orient Heights; bus service from Orient Heights to Wonderland (Suffolk County, Beachmont, Revere Beach, and Wonderland stations closed).

Orange Line; Rapid Transit service from Forest Hills to Wellington; bus service from Wellington to Oak Grove (Malden Center, Oak Grove stations closed).

Orange Line; Prudential Station to Collector's booth at Lechmere; passengers will pay for boarding at Lechmere.

Service; Twenty-four, high-low-patronage routes eliminated. Route changes have been announced after ridership surveys were completed.

Effective March 22:

Red Line; Rapid transit service from Braintree to Harvard-Brattle and from Andrew to Harvard-Brattle; bus service will be provided from Andrew to Ashmont (Columbia, Savin Hill, Fields Corner, Shawmut, Ashmont stations closed).

Bus Service; Elimination of certain bus routes and reduced schedules on other bus routes. Sixty buses will provide all Sunday service.

The local routes slated for Sunday termination are: Kennedy Library-Columbia Station; City Point-Downtown; City Point-Dudley; Ashmont-Andrew; Georgetowne-Arborway; Egleston-Dudley; Heath Street and South Huntington Avenue-Dudley; Quincy Center-North Quincy and Fields Corner.

Present; Rapid Transit (including Green Line); 6 a.m. to 12:48 a.m.; buses; 5:30 a.m. to 1:00 a.m.

Beginning March 22:

Rapid Transit (including Green Line); 6 a.m. to 10:48 p.m.; buses; 7 a.m. to 7 p.m.

With the announcement of restoration of Sunday service, Locke cautioned that the MBTA is still facing a major task of reducing operating expenses. "With a reduced budget for 1981 voted by the Advisory Board, the MBTA must find alternatives to cut costs," Locke explained. "It will mean that high-cost, low-patronage service must be curtailed. Restoration of this essential service will cost the T \$2 million the Authority had expected to save through the elimination of all Sunday service."

SMALL FIRMS HURT BY OLYMPIC BOYCOTT ELIGIBLE FOR SBA LOANS

The U. S. Small Business Administration announced that small businesses suffering substantial economic injury as a direct result of the United States boycott of the 1980 Summer Olympic Games are eligible to apply for low-interest economic dislocation loans.

In making the announcement, Acting SBA Administrator Roger H. Jones cautioned that "the loan program carries strict eligibility requirements. I suggest that interested

small firms contact the nearest SBA Office to help determine whether or not they are eligible."

Jones then listed these qualifications for loan applicants:

— The firm must qualify as a small business under the agency's size standards.

— The firm must demonstrate that it suffered "serious and substantial economic injury as a result of the Olympic boycott." SBA defines economic injury as "injury threatening the continued viability of the company."

— A small firm must have utilized its personal and/or business assets as well as outside credit to the extent possible, prior to making application.

— A qualifying firm must have been unable to quickly return to its normal levels of operation — meaning that the firm was unable to correct its economic problems with inventory adjustments or production changes in the normal course of business without suffering substantial adverse financial impact.

"In short," Stanley C. Weinberg, Jr., regional administrator, said, "small businesses should be aware that there are rather strict qualifications and limitations on economic dislocation loans."

Interest rate on Olympic Boycott loans is 9 1/4 percent a year.

Loans can be made up to \$100,000. However, the actual amount of economic injury will determine the size of the loan. Loans can carry a maximum maturity of thirty years, but a business's ability to repay will determine the actual maturity.

Loan proceeds can be used for working capital purposes, such as carrying accounts receivable, meeting accounts payable, meeting operating expenses, and bringing long-term debt current. Loan funds cannot be used to pay off any commercial loans.

SBA was mandated to extend Olympic Boycott loans in Public Law 96-536, which was signed by former President Carter in December.

SBA field offices are located in most major cities across the country. The offices are listed under "U. S. Government" in telephone directories.

Students will use the "Handbook for Real Estate Examinations and Practice," written by Association

Executive Vice-President M. Shaw of Boston. There is a fee for the course.

Class size is limited, for a registration or further information contact the association of Realtors in Boston at (617) 437-7800.

CLEAR PATH TO MAILBOX

In an effort to reduce the number of injury to area mailmen, the Post Office is asking all residents to remove ice and snow from porches, stairs, and sidewalks, and to clear walkways and steps when necessary.

"We do everything possible to deliver the mail, regardless of how bad the weather becomes," said Postmaster Philip L. Sullivan. "But we want to remind customers again that snow and ice on porches and sidewalks where carriers walk has to be removed."

"More than 16,000 postal workers across the nation were hurt last year when they fell or lost their balance and ice and snow was the primary cause of these accidents. The Post Office alone fifty-one area mailmen suffered disabling injuries as a result of unshoveled or icy walkways," Sullivan added.

The postmaster said he understands it's not always easy to remove snow and snow, but mailmen are required to risk personal injury if their approach to the mailbox is not

WORK TO DO

Dear Lord, throughout this busy year
How shall I find the time to
How can I possibly afford
To pause and have my soul
restored?

I'd like some leisure time with you
But there is so much work to do
When I had voiced this fervent prayer
I seemed to hear God answer
"My child, for every common day
You have help, if you but ask
You need not seek a place at rest
To ease the longing in your heart
Remember, God is yearning
To share in all the work you do"

POLICE COMMISSIONER ANNOUNCES ANNUAL LISTING OF RESIDENTS

Police Commissioner Joseph M. McGuire, chairman of the City of Boston Board, has announced the Annual Listing of Residents under way and will continue the next few weeks.

Listing officials will call at every home to obtain the following information about Boston residents: date of birth; residence as of January 1, 1981; residence on January 1, 1980; occupation; and number of children in each household.

In addition to the personal data, the listing official will be seeking information about dogs.

If the event you will not be available to be listed, you may leave the listing with a neighbor to be taken to the listing official as instructed.

Information to be collected includes: Date of Birth; Residence as of January 1, 1981; Residence on January 1, 1980; Occupation; Cites, No; Number of children under seventeen years in household.

If you have any questions, please call the Listing Board, Room 108, in City Hall, at (617) 725-4304.

WHAT IS GOOD?

"What is the real good?"

I ask in musing mood.

"Order," said the law court;

"Knowledge," said the school;

"Truth," said the wise man;

"Pleasure," said the fool;

"Love," said the maiden;

"Beauty," said the page;

"Freedom," said the dreamer;

"Home," said the sage;

"Fame," said the soldier;

"Equity," said the seer.

Spoke my heart fully sad:

"the answer is not here."

Then within my bosom

Softly this I heard:

"Each heart holds the secret:"

"Kindness is the word."

— John Boyle O'Reilly.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

Labor Relations Consultant

Dear Mayor White:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Allan W. Drachman, an individual, located at 115 Mayor Road, Wellesley, for labor relations consulting services.

Under the terms of the contract, the contractor will assist the city in its conduct of labor relations matters. Mr. Drachman, as a former assistant corporation counsel specializing in labor matters, has the necessary experience and expertise.

Compensation under this contract shall not exceed \$5,000. The city will pay Mr. Drachman for all work performed at the rate of \$65 per hour, billed monthly. The term of this contract shall be from July 1, 1980, to June 30, 1981.

In view of the professional nature of the services to be performed hereunder, it is my opinion that public advertising for proposals could serve no useful purpose. In my opinion the cost is reasonable.

Respectfully,
Edward T. Sullivan,
Director.

Purchasing Division Copy Machines Rental

Dear Mr. Mayor:

Your authorization is requested to renew, without advertising, the city's existing contract with Xerox Corporation, 191 Spring Street, Lexington, for rental and maintenance of copy machines for the various city departments attached, during the period from July 1, 1980, through June 30, 1981. The total amount of the contract is not to exceed \$392,151, net.

Because the city has been well satisfied with Xerox' past record of performance and maintenance, and because in my opinion the cost of this contract is reasonable, it is my opinion that the best interests of the city would be served by contracting with Xerox under the terms and conditions above.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Disposable Containers

Dear Mr. Mayor:

On September 7, 1980, your Honor approved the award of a contract to Sherman Disposal Company for furnishing lease of disposable containers, Proposal 006, to the Police Department, from August 1, 1979, to June 30, 1980, with an option to renew the contract for fiscal year 1981. This contract was based on publicly advertised bids but because of a technical deficiency in Sherman's proposal, permission was requested and granted to award the contract to Sherman without further advertising.

The cost of leasing each container for fiscal year 1981 will be \$20 higher than the price for

fiscal 1980, as stated in the original bid. Because of the continuing inflationary trend and because Sherman's original bid was substantially lower than the other bids received, it is my opinion that better prices would not be obtained if we publicly advertised for new bids, and that the city's best interests would be served by exercising our option to renew this contract for fiscal year 1981.

Your permission is therefore requested to renew, without further advertising, the city's existing contract with Sherman Disposal Company, 172 Hampden Street, Roxbury, in an amount not to exceed \$26,000, less 2 percent discount at time of payment.

The leased containers are used by the Police Department stables and the above amount reflects closing of one of the stables.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Rental of Uniforms

Dear Mr. Mayor:

An invitation to bid on Proposal 421 for the rental of uniforms to the Parks and Recreation Department for the period July 1, 1980, to July 31, 1981, was advertised in the *City Record* of June 16, 1980.

The lowest bidder, Eastern Uniform Rental, inadvertently failed to sign its bid and, therefore, this bid is technically deficient.

Because this company is a responsible company and because I feel that Purchasing should accept every low bid that is responsive to our specifications, it is my opinion that an award to this company would be in the best interest of the city.

Your permission is therefore requested to reject all bids and award a contract, without further advertising, to Eastern Uniform Rental, Division of Servisco, 110 Glenn Street, Lawrence, in the amount of \$15,636.40, less 2 percent for payment in ten days.

Article 3, General Conditions, is a standard provision in Purchasing's contract. This permits the city to purchase an additional 25 percent of the contract amount, if required at the contract prices. This provision will apply under this contract.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

COMMUNITY DEVELOPMENT

Health Care Services

Dear Mayor White:

I respectfully request your permission to dispense with public advertising and to award a contract to Commonwealth Health Improvement Program, Inc. a corporation located at 13 Fidelis Way, Brighton, for the delivery of health care services to families and individuals living in the Commonwealth Development, also known as Fidelis Way.

Under the terms of the contract, the contractor will promote, enhance, and protect the overall health and well-being of individuals, families, and the entire tenant population at the Commonwealth Development, also known as Fidelis Way. In addition to the facilitation of a more effective utilization of available resources, Commonwealth Health Improvement Program's staff will administer these services in an environment sensitive to the particular needs of families and individuals. Compensation

under this contract shall not exceed \$13,410. Payment for this contract, made from fifth-year funds of the Commonwealth Development Block Grant. The term of this contract shall be from June 15, 1980, to March 31, 1981.

Although the Commonwealth Health Improvement Program, Inc. was given a date of August 23, 1979, from HUD, then in the initial planning stages of the program, and waiting on other possible sources. It was only recently that the contractor was able to supply my office with the pertinent information necessary to write this letter. Thus explaining the late arrival of award letter to the Law Department.

Because of the professional nature of the services to be performed and the real cost of these services, and the demonstrated expertise of the contractor, I recommend the contractual relationship between the Commonwealth Health Improvement Program, Inc. be secured at this time.

Therefore, for the reasons cited above, in my view that public advertising would serve as any useful or practical purpose.

Sincerely,
Katharine D. Ingram,
Deputy Mayor.

EEPA

Medical Secretary Training

Dear Mayor White:

I respectfully request your Honor's permission to contract with New England Community College (Dimock Community Health Center) offices at 55 Dimock Street, Boston, for the operation of a medical secretary training program for fifteen CETA participants under Title VII. The participants will be trained in areas of physiology, medical terminology, secretarial science, typing, and transcription.

The contractor was selected by the Private Industry Council, Inc., the designated body to oversee the use of Labor-designated body to oversee Title VII funds, as outlined in 20 CFR. The contractor was selected by competitive evaluation of its proposal and the contractor's past successful operation of CETA programs.

Funds for the operation of this program can be provided to the City of Boston from a federal government grant under Title VII Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-600. This contract will be effective for the period from September 30, 1980, through September 30, 1981, at a cost not to exceed \$14,057. This request is proactive due to the time involved in the number of participants to be trained in the subsequent budget development.

As this is a negotiated contract, the cost, which conforms to federal government requirements for CETA programs, for public purpose would be served by public advertising. I therefore request approval to dispense with inviting sealed bids by publishing in the *City Record*, pursuant to Chapter 21A, St. 4, s. 5.

Sincerely,
George I. ...
Administrator

Teachers Aide Training

Mayor White:
I respectfully request your Honor's permission to contract with the Douglas A. Thomas, Inc., a nonprofit organization with offices located at 315 Dartmouth Street, Boston, for the purpose of assisting in the operation of the Therapeutic Arts Program. This program is designed to integrate children with special needs into a pre-school environment. The project will employ one Public Service Employment (PSE) participant as a teacher's aide at the South Street School. In addition, the project will continue to take courses on early childhood development.

The contractor was selected through a competitive evaluation based on the following

capabilities of the agency to employ the unemployed; the ability of the agency to provide suitable training to enrollees; the agency's value in addressing the needs of the residents of Boston; the ability of the agency to supervise the project.

For the operation of this contract will be provided to the City of Boston through a federal government grant under Title VI-A of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. This contract will be effective for the period March 1, 1980, through July 4, 1980, at a total cost not to exceed \$3,850. This request is due to the delay in the submission of the approved budget. This resulted when the source was changed from Title VI-B to Title VI-A in order to allow the participant to complete an eighteen-month PSE duration. It was that to maintain this valuable work experience and the continuity of the program, the participant would remain a teacher's aide as of March 1, 1980. Hence, the normal refining and processing of the budget caused the request to be retroactive.

This is a negotiated award, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to disburse with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, Chapter 21B, Section 5.

Sincerely,
George Bennett,
Administrator.

Industrial Maintenance Training

Mayor White:
I respectfully request your Honor's permission to contract with the Economic Development Corporation/Job Training Corporation, a non-profit organization with offices located at 49 Summer Street, Building 49, Boston, for the purpose of providing training in industrial maintenance skills. The contractor will train (44) Public service Employment (PSE) participants with the objective of qualifying them for industrial maintenance on machinery and buildings. They will also be trained in the proper use of standard carpentering, mechanical, and electrical hand

The contractor was selected through a competitive evaluation based on the following

The ability of the agency to provide suitable training to CETA enrollees; the agency's value in addressing the needs of the residents of Boston; the ability of the agency to supervise the enrollees.

This request is retroactive due to the delay in the submission of budget materials. EDIC had forwarded inappropriate budget forms to our agency. As there is a demand in the public and private sector for these skilled individuals, the decision was made to start the program as of March 1, 1980. Hence, the normal refining and processing of the budget caused the request to be retroactive. In addition to the award letter of April 3, 1980, being misplaced during the approval process, the starting date has been changed from March 12, 1980, to March 1, 1980, and the funds increased from \$58,425 to \$63,450.

Funds for the operation of this contract will be provided to the City of Boston through a federal government grant under Title II-D of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. This contract will be effective for the period March 1, 1980, through September 30, 1980, at a total cost not to exceed \$63,450.

As this is a negotiated award, at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to disburse with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

HEALTH AND HOSPITALS DEPARTMENT

Mortuary Services

Dear Sir:

I am requesting your Honor's permission to award a contract without advertising, to Floyd A. Williams Funeral Home, Inc., 498 Columbia Road, Dorchester, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$25,000.

Under this contract, the contractor will remove and transport dead bodies from locations within the Southern District of Suffolk County to the Southern Mortuary, 784 Massachusetts Avenue, Boston, as directed by the Medical Examiner.

Inasmuch as the above firm has performed in a satisfactory manner for the past several years, and they are a wholly owned and operated minority firm, and further, they have agreed to provide these services at the same cost charged in fiscal 1980, a charge I deem to be reasonable, no benefit would inure to the city by publicly advertising for bids.

Very truly yours,
George W. Curtis, M.D.,
Medical Examiner.

Computer Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Lawrence E. Schlesinger, Ph. D., 594 Washington Street,

Wellesley, for consulting services to the department for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$24,000.

Under this contract Mr. Schlesinger will perform but not be limited to the following:

Manage the process of change involved in implementing a new responsibility accounting and data processing system; manage all diagnostic, education and training activities associated with computer conversion; coordinate process of goal-setting and planning in installation and implementation; provide individual consultation to managers on performance and motivational problems in their unit; monitor relationship between computer vendor's system installation personnel and hospital staff to make best use of resources; conduct special studies of unit effectiveness and efficiency in utilization of computer system.

Dr. Schlesinger's qualifications include the following: teaching a graduate course in human relations in organizations and undergraduate course in organizational behaviour at Suffolk University School of Management; in his doctorate in social psychology from Boston University he specialized in group dynamics and organizational behaviour. He has been a consultant on issues of management and change to Michigan Bell Telephone Co., Matrix Corporation, Insurance Corporation of North America, U.S. Department of Treasury, Federal Aviation Administration and other profit and nonprofit organizations.

Therefore, because of Mr. Schlesinger's specialized knowledge and experience and the cost which I deem to be reasonable, no benefit would inure to the city by public advertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Registered Nurses Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to the Trustees of Health and Hospitals of the City of Boston, Inc., Boston for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$217,000.

The charges will be as follows for the period 7-1-80/9-30-80 and 10-1-80/6-30-80:

Ward, 7 a.m. - 3 p.m., Monday - Friday, \$77.76 — \$82.88.

Ward, 3 p.m. - 11 p.m., 11 p.m. - 7 a.m., Monday - Friday, \$88.05 — \$93.24.

Ward, all weekend shifts, \$88.05 — \$93.24.
ICU-CCU, 7 a.m. - 3 p.m., Monday - Friday, \$88.05 — \$93.24.

ICU-CCU, 3 p.m. - 11 p.m., 11 p.m. - 7 a.m., Monday - Friday, \$98.41 — \$103.59.

ICU-CCU, all weekend shifts, \$98.41 — \$103.59.

Weekends begin at 3 p.m. Friday, and end 7 a.m. Monday. Time and one-half will be paid for every hour worked beyond an eight-hour shift, and on all listed holidays: New Year's Day, Martin Luther King Birthday, Washington's Birthday, Evacuation Day, Patriots' Day, Memorial Day, Bunker Hill Day, Independence Day, Labor Day, Veterans' Day, Thanksgiving Day, day after Thanksgiving, Christmas Day.

(Continued on next page)

CONTRACTS AWARDED WITHOUT ADVERTISING

(continued from previous page)

Under this contract, Trustees of Health and Hospitals of the City of Boston, Inc., a nonprofit, charitable corporation created under chapter 174 of the Acts of 1880 as most recently amended by chapter 656 of the Acts of 1965, will provide this department with skilled registered nurses whenever an emergency situation created by a shortage of nurses necessitates supplementation of the department's regular staff.

Therefore, inasmuch as the Trustees of Health and Hospitals of the City of Boston, Inc., is a nonprofit organization, and they have just recently established a capability to recruit nurses for temporary service exclusively for the department at a cost which is very reasonable, no benefit would inure to the city by having them bid publicly.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Ambulance Repair, etc.

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Modular Ambulance Corporation, 2000 So. Great South-west Parkway, Grand Prairie, Texas, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$233,000.

Under this contract Modular Ambulance Corporation will repair and refurbish the patient compartment modules of eleven, city-owned ambulances and remount the modular boxes on eleven, new Ford F-250 chassis, making all necessary modifications as listed on the contract specifications. Modular Ambulance Corporation will provide all of the necessary transportation to deliver the city ambulances to Grand Prairie, Texas, and return the refurbished, remounted ambulances to Boston.

Inasmuch as Modular Ambulance Corporation, the original manufacturer of the modular boxes, has the capacity to refurbish and remount the modules, is completely familiar with the construction and design of the ambulance, and has on hand the component parts necessary to complete the remounting of the compartments, it is uniquely equipped to provide the work under this contract at a reasonable price, no benefit would inure to the city by publicly advertising for this service.

Very truly yours,
David L. Rosenbloom,
Commissioner.

HOUSING INSPECTION DEPARTMENT Legal Services

Dear Mayor White:

I hereby request your permission to dispense with bidding and to award a contract in the amount not to exceed \$8,000 to The Glaser Office, attorneys at law, 77 Pond Street, Sharon, for professional legal services. Payment for this contract will be made from the Community Development Block Grant. Period of performance will be from July 15, 1980, to June 30, 1981.

Under the terms of the agreement, the law firm will conduct a title search for approximately fifty properties owned by persons who are applying for home improvement loans funded by the federal government's section 312 Rehabilitation Loan Program. In accordance with federal requirements, a search of title is a prerequisite for each property under consideration for home improvement loan in this program when the rehabilitation cost estimate exceeds \$10,000.

Mr. Glaser has quoted a fee of \$155 per case, plus the cost of municipal lien certificates. This cost is reasonable.

On the basis of The Glaser Office's expertise, experience, and professional ability, it is my opinion that this law firm is eminently qualified to perform the work delineated above.

For these reasons, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
Constantino Buttiglieri,
Assistant Commissioner.

Leasing Certain Premises

Dear Mayor White:

I hereby respectfully request permission to dispense with public advertising in the *City Record* for the leasing of an estimated 1,400 square feet of space in the building located at 397A West Broadway, South Boston, and to enter into a lease with the Lithuanian Encyclopedia Press, Inc., 395 West Broadway, South Boston, for this space. The premises are needed by this department in connection with the Housing Improvement Program, a federally funded program.

The proposed lease is for a term of one year — July 1, 1980, to June 30, 1981 — with options on the part of the city to extend the term for an additional year. The proposed rental fee is \$600 per month with a tax clause of 25 percent.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
John A. Vitagliano,
Commissioner.

Dear Mayor White:

I hereby respectfully request permission to dispense with public advertising in the *City Record* for the leasing of an estimated 1,100 square feet of space in the building located at 5190 Washington Street, West Roxbury, and to enter into a lease with the Alex Nashawaty /d/b/a Alnel Realty 23 Freeman Avenue, West Roxbury, for this space. The premises are needed by this department as a local office in connection with the Mayor's Office of Housing, federally funded program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of one year — July 1, 1980, to June 30, 1981 — with options on the part of the city to extend the term for an additional year. The proposed rental fee is \$630 per month. This is a reasonable cost.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
John A. Vitagliano,
Commissioner.

Brochures Articles, etc.

Dear Mayor White:

I hereby request your permission to dispense with bidding and to award a contract in an amount not to exceed \$7,500, to Faerfaer Associates, doing business as Faerfaer Associates, at 47 Winter Street, Boston, for this contract will be made from the Fifth-Year Community Development Block Grant.

Under the terms of the agreement, Faerfaer Associates will develop brochures, public announcements, and articles for joint public education about the various activities of the Mayor's Office of Housing.

The period of performance for this contract is from June 15, 1980, through December 31, 1980.

On the basis of Mr. Faerfaer's experience, and professional ability, it is my opinion that he is eminently qualified to perform the work delineated above and that the contract cost is reasonable.

For these reasons, it is my opinion that public advertising would serve no useful purpose.

Sincerely,
John A. Vitagliano,
Commissioner.

PARKS AND RECREATION DEPARTMENT Supplying Entertainment

Dear Mr. Mayor:

I respectfully request your permission to dispense with inviting proposals for entertainment in the *City Record*, and to award a contract to Mr. Abe Ford, 120 Boylston Street, Boston, to engage and supply an entertainment to perform at Wednesday Evening on (Irish Night), August 20, 1980, for a total cost not to exceed \$2,100. This is to be charged to the Parks and Recreation Department Budget 1-11-41 (29), Miscellaneous Contractual Services. This sum is reasonable and suitable for professional services of this nature.

The service to be provided by Mr. Ford will be to engage Miss Carmel Quinn to perform on Wednesday Evening on the Plaza (Irish Night) on August 20, 1980.

It is my opinion that no useful purpose would be served by advertising for this service because of the special nature of the service to be provided.

Very truly yours,
Alan M. A. Vitagliano,
Commissioner.

Special Needs Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with inviting proposals for entertainment in the *City Record*, and to award a contract to Mr. Edmund Nazzaro, 89 Endicott Street, Boston, for this contract will be made from the Community Development Block Grant. Period of performance will be from July 15, 1980, to June 30, 1981, inclusive. Mr. Nazzaro will be charged to the Parks and Recreation Department Budget 1-11-41 (29) Miscellaneous Contractual Services. He will work 940 hours per year which is the standard and normal profession fee for services he is to provide.

er the terms of this proposed contract, Iazzaro will direct all special programs, e., special olympics; field trips; camps; indoor recreation; etc.) for the needs population of Boston, recreated by our department. Further, he ordinate all cross jurisdictional events his department sponsors for special persons.

Iazzaro enters into this work with an excellent background of both experience and on. It is my opinion that no useful purpose could be served by public advertisement above-mentioned services. I respect, therefore, that your permission coming to enter into this agreement.

Very truly yours,

Alan M. Austin,
Commissioner.

Art Instruction

Mr. Mayor:

I respectfully request your permission to proceed with inviting proposals by advertisement in the *City Record*, and to award a contract to Ross, 106 Warren Street, Brighton, for art to be rendered instructing art at recreation centers under the care and of the Parks and Recreation Department from September 1, 1980, through and including June 26, 1981, forty-three weeks, 40 hours per week, @ \$9 per hour for a total to exceed \$7,740 to be charged to the Parks and Recreation Department Budget 4 (29) Miscellaneous Contractual Services. This sum is reasonable and standard for similar services of this nature.

Under the terms of this proposed contract, I will organize and instruct parties in oil painting, collage, mixed media, and acrylic art, at various recreation centers under the care and control of the Parks and Recreation Department.

Ms. Ross' expertise in the above-mentioned fields and because of the professional nature of the services to be provided, I believe that the useful purpose would be served by advertising for bids.

Very truly yours,

Alan M. Austin,
Commissioner.

POLICE DEPARTMENT

Physicians' Services

Mr. Mayor:

I respectfully request authorization to proceed with public bidding in the award of a contract to Dr. William Wigglesworth, an orthopedic specialist with a practice at the Health Clinic, not to exceed the amount of \$30. per hour or \$30,000 total, for a period of time commencing July 1, 1980, through June 30, 1981. We have determined that the contract cost is reasonable in view of the professional nature of the services.

The purpose of this contract is to provide for medical examinations of present and prospective police officers to aid in departmental decisions relating to determination of fitness of injured or ill officers for return to light or full duty; distinguishing between on-and off duty injuries and illnesses of officers; selection of officers from applicants; promotion of officers. Previous departmental attempts to either maintain a physician as a full-time employee or to contract with the facilities and staff of a

local hospital have proved unsatisfactory. It has been very difficult to hire a well-qualified physician for full-time work, because of the salary rate and the interest of most qualified physicians in maintaining some private practices.

We believe the proposed contract will solve these problems. First, its part-time nature enables the department to select a more highly qualified physician who wishes to maintain a private practice while it provides greater comprehensiveness via employment of both an orthopedist and internist. Second the expiration of a contract, with subsequent renewal, revision or nonresumption of the terms of agreement, is superior to a longer-term employment relationship, in that we have more flexibility to correct deficiencies of the system. Third, the contract provides sufficient time to schedule all the appointments we require.

Adequate evaluation of the health states of officers is, of course, vital to efficient functioning of the department. With respect to sick and injury leave, it has become even more important because of three troublesome areas. One is the recent expansiveness of conditions for which arbitrators are granting benefits to injured and ill officers through the grievance process. The second area is in the direct relationship between low morale and improper use of sick leave, as exemplified by an officer who, dissatisfied with his transfer from an indoor to an outdoor function, calls in sick for a few days or longer. The third area is the continuing need to evaluate injured officers to return them to work as soon as they are fit.

We have recruited applicants for the positions through the New England Journal of Medicine and the Journal of Occupational Health. Dr. Wigglesworth is the most qualified of the applicants for the position of orthopedist. He is a graduate of Harvard Medical School, a lifelong practitioner in the Boston area, and is highly experienced in the orthopedic and trauma-related problems that compose the bulk of our problems.

He has worked for us during fiscal years 1978, 1979, and 1980 in this capacity and proved very effective.

Therefore, because of the advertising already undertaken by the department, and in light of the qualifications and experience of Dr. Wigglesworth, it is believed that public advertising would serve no useful purpose.

Respectfully submitted,

Joseph M. Jordan,
Police Commissioner.

Equipment Servicing

Dear Mayor White:

Your Honor's approval is hereby respectfully requested to dispense with public advertising and to enter into a contract with the Data General Corporation for the servicing of equipment for the period commencing July 1, 1980, through June 30, 1981.

The total monthly charge is \$8,454, times 12 equals \$101,448, annually.

Once per annum charge for administrative costs is \$610, making the total annual charge \$102,058.

In addition to the cost of \$102,058 an additional \$1,942 is required to cover charges for emergency repairs outside normal service times. The total price for servicing the above-

listed equipment from July 1, 1980, to June 30, 1981, is not to exceed the sum of \$104,000, a price that I deem to be reasonable.

The above-listed equipment was purchased four years ago as part of two contracts awarded to ADL Systems, Inc., for the design and installation of a computer-aided dispatch system. The equipment is manufactured by Data General Corporation and the technical expertise necessary to service it can only be provided by the Data General Corporation.

Therefore, I believe that publicly inviting bids would not serve any useful purpose nor be of any avail to the City of Boston.

Respectfully,

Joseph M. Jordan,
Police Commissioner.

Medical Service

Dear Mr. Mayor:

I respectfully request authorization to dispense with public bidding in the award of a contract to Dr. Joseph Zambella, an occupational health specialist with a practice at the Boston Army Base, not to exceed the amount of \$27.50 per hour, or for not more than \$18,000 total, for a period of time commencing July 1, 1980, through June 30, 1981.

The purpose of this contract is to provide for medical examinations of present and prospective police officers to aid in departmental decisions relating to determination of fitness of injured or ill officers for return to light or full duty; distinguishing between on-and off-duty injuries and illnesses of officers; selection of officers from applicants; promotion of officers.

Previous departmental attempts to either maintain a physician as a full-time employee or to contract with the facilities and staff of a local hospital have proved unsatisfactory. It has been very difficult to hire a well-qualified physician for full-time work, because of the salary rate and the interest of most qualified physicians in maintaining some private practices.

We have been able to improve our medical program significantly by hiring doctors on contract. Contracts have several advantages. First, its part-time nature enables the department to select a more highly qualified physician who wishes to maintain a private practice while it provides greater comprehensiveness via employment of both an orthopedist and an occupational specialist. Second the expiration of a contract, with subsequent renewal, revision, or nonresumption of the terms of agreement, is superior to a longer-term employment relationship, in that we have more flexibility to correct deficiencies of the system. Third, the contract provides sufficient time to schedule all the appointments we require.

Adequate evaluation of the health states of officers is, of course, vital to efficient functioning of the department. With respect to sick and injury leave, it has become even more important because of three troublesome areas. One is the recent expansiveness of conditions for which arbitrators are granting benefits to injured and ill officers through the grievance process. The second area is in the direct relationship between low morale and improper use of sick leave, as exemplified by an officer who, dissatisfied with his transfer from an indoor to an outdoor function, call in sick for a few days or longer. The third area is the continuing need to evaluate injured officers to return them to work as soon as they are fit.

CONTRACTS AWARDED WITHOUT ADVERTISING

(continued from previous page)

We have recruited applicants for the positions through the New England Journal of Medicine, the Journal Occupational Health, and the *Boston Globe*. Dr. Zambella is the most qualified of the applicants for the available position. He is a graduate of Tufts Medical School, a lifelong practitioner in the Boston area and is highly experienced in occupational medicine.

Therefore, because of the advertising already undertaken by the department, and in light of the qualifications and experience of Dr. Zambella, it is believed that public advertising would serve no useful purpose. I have determined that the contract price is reasonable.

Respectfully submitted,
Joseph M. Jordan,
Police Commissioner.

Dear Mayor White:

I respectfully request authorization to dispense with public bidding in the award of a contract to Drs. Nathan Brenner of 575 Hyde Park Avenue, Roslindale, Charles Meloni of 45 Bayswater Street, East Boston, Earl Wedrow, 330 Beacon Street, George J. Arroll, 71A Newbury Street, Peabody, in an amount not to exceed \$38,000 for the period from July 1, 1980, through June 30, 1981.

The purpose of this contract is to provide this department with twenty-four hour medical service when needed to make pronouncements of death, mental commitments, and emergency medical treatment of prisoners.

This department has undertaken to recruit physicians to participate in this program by advertising in the *Boston Globe*. The response to our efforts has not been great and it is difficult to find physicians who are willing to respond on a twenty-four-hour basis.

Drs. Brenner and Melone have for many years performed a great service to this department by responding when needed. They have demonstrated their technical skills for many years and have developed a unique ability to handle the treatment of prisoners. Drs. Wedrow and Arroll have been selected as the most fully qualified physicians who have responded to our recent recruiting efforts.

Because of the advertising already undertaken I see no practical purpose to be served by further public advertising for these services.

The rate of compensation per call under this contract shall be: days, 8 a.m. to 8 p.m., \$15; nights 8 p.m. to 8 a.m., \$20.

The pronouncement fee shall be \$25.

The fee for mental commitment shall be \$35.

I have determined that these fees and the total contract price is reasonable.

Very truly yours,
Joseph M. Jordan,
Police Commissioner.

PUBLIC FACILITIES DEPARTMENT Energy Audits Engineering

Dear Mr. Mayor:

Pursuant to vote of the Public Facilities Commission on May 20, 1980, I hereby request

your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to Shooshanian Engineering Associates, Inc., a Massachusetts corporation, consulting engineers, 129 Malden Street, Boston.

Under the terms of the contract, Shooshanian Engineering Associates, Inc. will provide feasibility studies for energy conservation at Mattapan Hospital (Foley Building, kitchen, cafeteria, power plant, laundry). Such studies will include in-depth engineering and financial analyses necessary to undertake appropriate capital measures. Also these studies are mandated by the federal Department of Energy for the city's participation in the 50 percent cost-sharing program for capital projects; the cost for such services not to exceed \$7,500 (payable per the schedule to be set forth in the contract), which is a reasonable cost.

This firm was selected on the basis of its competitive bid, available resources, and experience in this field. As a result, I feel it is qualified to do the work required.

For these reasons, and due to the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Dear Mr. Mayor:

Pursuant to vote of the Public Facilities Commission on May 20, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to Total Energy Management Consultants Corp., Inc., a Massachusetts corporation, 265 Franklin Street, Melrose.

Under the terms of the contract, Total Energy Management Corp. will provide feasibility studies for energy conservation at West Roxbury High School and Pediatrics Building, Boston City Hospital. Such studies will include in-depth engineering and financial analyses necessary to undertake appropriate capital measures. Also these studies are mandated by the federal Department of Energy for the city's participation in the 50 percent cost-sharing program for capital projects; the cost for such services not to exceed \$18,129 (50 percent funded by the D.O.E.) payable per the schedule to be set forth in the contract, which is a reasonable cost.

This firm was selected on the basis of its competitive bid, available resources, and experience in this field. As a result, I feel it is qualified to do the work required.

For these reasons, and due to the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Dear Mr. Mayor:

Pursuant to vote of the Public Facilities Commission on May 20, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to Clark & Slater, Inc., engineers and management consultants, 679 Highland Avenue, Needham Heights.

Under the terms of the contract, Slater, Inc. will provide feasibility study for energy conservation at Boston City Hospital (Linda Richards Building, Warehouse Medical Building) and Long Island Medical Building, laundry, Morris Hospital, Ward A, B, C, and D. Such studies will include in-depth engineering and financial analyses necessary to undertake appropriate capital measures. Also these studies are mandated by the federal Department of Energy for the city's participation in the 50 percent cost-sharing program for capital projects; the cost for such services not to exceed \$16,905 (50 percent funded by the D.O.E.) payable per the schedule to be set forth in the contract, which is a reasonable cost.

This firm was selected on the basis of its competitive bid, available resources, and experience in this field. As a result, I feel it is qualified to do the work required.

For these reasons, and due to the technical and professional nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Donald B. Manson,
Director.

School Reconstruction

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on May 20, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to MBTA, BRA, and PFD in connection with the reconstruction of the Carter School, located at 100 High Street, Boston, a public body corporate, and political subdivision of the Commonwealth of Massachusetts.

Under the terms of the contract, MBTA, BRA, and PFD will perform certain work in connection with the reconstruction of the Carter School, the items of which will consist of a master plan for the building, landscape design and construction, air conditioning design and installation, emergency lighting, and changes to the electrical system; at a cost not to exceed \$364,962, which is a reasonable amount.

Because of these circumstances, and due to the professional and technical nature of the services to be performed, it is my judgment that public advertising would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

SCHOOL DEPARTMENT Chapter 766 Services

Dear Mr. Mayor:

On behalf of the School Committee of Boston and upon the recommendation of the superintendent of schools, I hereby request your authorization for the award of a contract to Amego School, 10 Merrymount Road, for the providing of special education services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 71B) of the regulations promulgated thereunder; at a cost not to exceed \$364,962, which is

reasonable by the committee, during the period of July 1, 1980, to June 30, 1981. The facility will provide thereunder educational services to twenty Boston Public School children in accordance with each child's educational plan devised for him by the School Committee staff.

Since it has been determined that these children are in immediate need of special attention and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:
On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Beacon School, 209 Babcock Street, Brookline, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$597,040, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to eighty-five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Since it has been determined that these children are in immediate need of special attention and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:
On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Bethany Hill School for Multi-Impaired Deaf, and Aphasic Children, 89 Bethany Road, Framingham, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$310,080, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to forty Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Since it has been determined that these children are in immediate need of special attention and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Edna Stein Academy, Boston Brookline Col- laborative Center, 150 Fisher Street, Brookline, for the providing of special educational ser- vices to Boston Public School children in ac- cordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$407,940, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educa- tional services to sixty Boston Public School pupils in accordance with each child's educa- tional plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special at- tention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determina- tion of the School Committee that the public interest would not be served by public adver- tising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Harbor School, Inc., 11 Market Street, New- buryport, for the providing of special educa- tional services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$388,925, which is deemed to be reasonable by the com- mittee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educa- tional services to twenty-five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special at- tention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determina- tion of the School Committee that the public interest would not be served by public adver- tising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Holden School, Inc., (Special Education Charlestown), 8 Pearl Street, Charlestown, for the providing of special educational services to Boston Public School children in ac- cordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$300,860, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educa- tional services to thirty-five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special at- tention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determina- tion of the School Committee that the public interest would not be served by public adver- tising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Hopefields School, Inc., (Riverview), Route 6A, East Sandwich, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Judge Baker Guidance Center (Manville), 295 Longwood Avenue, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$532,800, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to fifty Boston Public School pupils in accordance with each child's educa-

tional plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Little People's School, 1507 Washington Street, West Newton, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$730,680, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to one hundred and twenty Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to The Community Group, 410 South Street, Needham, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$56,305, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Therapeutic Center for Multi-Handicapped Children (Vinfen Corp.), 150 Fisher Avenue, Brookline, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$360,000,

CONTRACTS AWARDED WITHOUT ADVERTISING

(continued from previous page)

which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to forty Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Vision in Action, 32 East Central Street, Natick, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$75,795, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to fifteen Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Warren Camp, 11 Pierce Street, Brookline, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$21,945, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to thirty-five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to YMCA Services Corporation, River Street Mini School, 1137 River Street, Hyde Park, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$181,720, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to thirty-five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to YMCA Services Corporation, River Street Pre-Vocational, 1137 River Street, Hyde Park, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$221,580, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to thirty Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Y.M.C.A. Services Corporation, Enrichment Services, 285 Martin Luther King Blvd., Roxbury, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$181,720, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to twenty-five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to Shore Collaborative, 10 Hall Avenue, for the providing of special educational services to Boston Public School children in accordance with M.G.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$19,936.62, which represents the total amount due for the period of July 1, 1978, to June 30, 1979.

The facility has provided thereunder educational services to three Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Freezer Storage

Dear Mr. Mayor:

I respectfully request your Honor to dispense with public advertising and award a contract to Quincy Market Storage & Warehouse Company, a corporation located at 555 Pleasant Street, Waterbury, for the providing of freezer storage.

Under the terms of the contract, the facility will provide freezer storage for food commodities donated to the Boston Public School children by the federal government through the

Department of Education's School account.

Contractor is specially qualified to do work because it is the only facility to and store the government food commodities for the Massachusetts Department of Education that are available to the Boston schools.

Compensation under this contract shall not exceed \$35,000, which I have determined to be reasonable for the work to be performed. The term of this contract shall be from January 15, 1980 to June 30, 1980.

In the absence of this agreement, the Public Schools would be unable to take advantage of the free government commodities, valued last year at \$818,475, and are required to purchase and store additional commodities at greater expense, because of the reasonable cost of these commodities. I believe that public advertising does not serve any useful purpose.

This contract is being submitted for your approval after commencement of the term before administrative delay in its processing. For the reasons set forth above, your approval is hereby requested.

Very truly yours,

Leo J. Burke,
Business Manager.

FIC AND PARKING DEPARTMENT

Rental of Uniforms

Mayor White:

In response to an advertisement published in the *Record* on May 12, 1980 and May 19, 1980, furnishing work uniforms on rental, the following bids were publicly opened and read on May 29, 1980.

Sheen Uniform Service, Inc., 173 North Avenue, \$7,540.

Proposal submitted by Lani-Sheen Service, Inc., the only bidder, has been determined to be legally defective because the original duplicate proposal was not signed. However, inasmuch as Lani-Sheen Uniform Service, Inc. is an otherwise responsible and qualified bidder and inasmuch as Lani-Sheen Service, Inc. submitted the only bid that has been determined to be reasonable, no objection is requested to reject all bids and award this contract, without advertising, to Lani-Sheen Uniform Service, Inc. for the term of July 1, 1980, through June 30, 1981, at a rate not to exceed \$7,540.

Compensation is available in budget item 29-1.

Very truly yours,

H. Joseph Powderly,
Commissioner.

BUILDING DEPARTMENT

NOTICE TO CONTRACTORS

**Invitation for Bids for Demolition and Site
Clearance, Project No. 99, CD-ATD, Com-
munity Development Block Grant.**

The City of Boston, acting by its Building Commissioner, Room 807, Boston City Hall, 1 City Hall Square, Boston, MA 02201, hereinafter referred to as the Awarding Authority, invites sealed general bids for the demolition and site clearance of the following buildings:

599-601 Dorchester Avenue, Ward 7 (2 Boston Street).

603 Dorchester Avenue, Ward 7 (4-6 Boston Street).

188-192 Hampden Street, Ward 8.

8 Browning Avenue, Ward 14 (rear garage).

2 Glen Street, Ward 15.

20 Milton Avenue, Ward 17 (rear barn).

Technical specifications may be obtained at the office of the Awarding Authority.

General bids will be received up until 11 a.m., Thursday, March 5, 1981, at the office of the Awarding Authority, Room 807, Boston City Hall, 1 City Hall Square, Boston, MA 02201, at which time and place they will be publicly opened and read aloud.

General bids must be submitted on the form for general bid obtained from the Awarding Authority. The general bids shall be completely filled in, signed, enclosed in an envelope, sealed and plainly marked with the description of the work to be done. Two copies of the general bid shall be filed with the Awarding Authority, at the office designated above, accompanied by a bid deposit in the form of a bid bond, or cash, or in the form of a certified check on, or a treasurer's or cashier's check issued by, a responsible bank or trust company, payable to the City of Boston in the sum of 5 percent of value (not to be less than \$100, not to exceed \$50,000). One copy of the general bid will be filed with the City Auditor. The general bids shall be filed before the time stated above for the opening of general bids.

No general bid may be withdrawn after the time limit for filing general bids and for five (5) days (Saturdays, Sundays, and legal holidays excluded) from the opening of the general bids. In addition, no general bid filed by the three lowest responsible and eligible bidders may be withdrawn prior to execution and delivery of the general contract, unless no award has been made upon expiration of the prescribed time therefor.

The successful bidder will be required to provide insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond and also a labor and materials or payment bond, each of a surety company qualified to do business under the laws of the Commonwealth and satisfactory to the Awarding Authority and the Housing and Urban Development Department, and each in the sum of 100 percent of the contract price, will be required of the successful general bidder.

Attention is called to the fact that not less than the minimum salaries and wages as set forth in the contract documents must be paid on this project and that the contractor must ensure that employees and applicants for the employment are not discriminated against because of their race, creed, color, or national origin.

The Building Commissioner is allowing a eighteen-day period to complete the demolition and site clearance of these buildings starting within seven (7) days after the signing of the Mayor's award.

The Awarding Authority reserves the right to waive any informalities and to reject any or all general bids if it be in the public interest to do so.

The contractor's attention is called to XXIV, Protection of the Public. These measures, which appear in the contract, are of two general types: revisions to the demolition contract specifications, and modifications or additions to the Clearance of Unsafe Buildings Program itself.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT OPPORTUNITY (EXECUTIVE ORDER 11246) IF APPLICABLE.

The contractor's attention is called to the "Equal Opportunity Clause" and "Standard Federal Equal Employment Opportunity Construction Contract Specifications" set forth in this part.

The goals and timetables for minority and female participation, expressed in percentage terms for the contractor's aggregate workforce in each trade on all construction work in the covered areas (See pages EEO-1 and EEO-2 of the bid specifications for goals and timetables).

These goals are applicable to all the contractor's construction work (whether or not it is federal or federally assisted) performed in the covered areas.

As used in this notice, and in the contract, the covered area is Arlington, Boston, Belmont, Brookline, Burlington, Cambridge, Canton, Chelsea, Dedham, Everett, Malden, Medford, Melrose, Milton, Norwood, Reading, Revere, Somerville, Stoneham, Wakefield, Westwood, Winthrop, Woburn, and the Islands of Boston Harbor, Massachusetts.

The contractor's compliance with the Executive Order and the regulations in 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required to meet the goals established for the geographical area where the contract is to be performed.

The hours of minority and female employment and training must be substantially uniform throughout the length of the contract in each

trade, and the contractor shall make a good faith effort to employ minorities and women evenly on each of the projects.

The transfer of minority or female employees or trainees from contractor to contractor on project to project for the sole purpose of meeting the contractor's goals shall be a violation of the contract, the Executive Order, and the regulations in 41 CFR Part 60-4. Compliance with the goals will be measured against total workhours performed.

No bid for the award of this project will be considered acceptable unless the contractor complies fully with the following requirements for Minority Business Enterprise Utilization.

Pursuant to the minority participation policy of the City of Boston, the contractor must give satisfactory assurance that at least 25 percent of his bid price shall be expended for minority business enterprises for the purposes of this paragraph, then the term minority business enterprise means at least 50 percent of which is owned and controlled by minority group members. In the case of a publicly owned business, at least 50 percent of the stock is owned by minority group members who are Black, Hispanic, Oriental, or American Indians.

Included with the contract documents shall be copies of the "Minority Business Identification Form," "Minority Business Identification Statement," "Minority Business Identification Progress Report," and the "Minority Business Enterprise and the General Contractor's Letter of Intent."

Each contractor must complete, sign, and file with his bid the Minority Business Enterprise Identification Form. Failure to do so will result in rejection of the bid proposal. The three responsive bidders are required to submit a Minority Business and General Contractor Letter of Intent. The letter of intent shall be completed and signed by the minority business enterprise and the general contractor five days after the time set for receipt of bids. At the request of the city one or more of the three lowest bidders may also be required to submit a Minority Business Identification Statement.

Contractors shall also avail themselves of the list of minority businesses to be used by the city through the Office of Minority Business Enterprise to facilitate compliance with these requirements.

The attention of all bidders is directed to the provision of the contract documents, including, with limitation, the all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity, wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, anti-discrimination affirmative action program contract provisions, and to the requirements of mandatory compliance with section 3 of the Housing and Urban Development Act of 1968 and Executive

A statement of workforce needs, as required by section 3 and a section 3 affirmative action plan shall be submitted with the contractor's proposal. A section 3 affirmative action plan consists of tables AAP-1 to AAP-3 and ST-1 to ST-7 of the contract documents. The requirement shall be strictly adhered to. Bids submitted without the required information will be rejected. No bidder shall be eligible to bid on this project unless he is able to demonstrate to the satisfaction of the Awarding Authority his ability to comply with the requirements. All prospective bidders are required to attend a prebid conference before submitting a bid. The time and place are announced.

THE CUSTOM HOUSE

The Custom House, built by Arthur B. Young in 1834-47, originally stood at the water's edge. It was built to replace the first Boston Custom House constructed by Oliver Cottoning earlier in the century. In the Revival style with a striking Doric colonnade, the two-story structure was capped by a saucer dome, visible only from the interior. In 1864 when Customs needed additional space but had no budget for acquiring a new site, a 30-story tower was built over the dome, thereby preserving the structure for the future. As a federal building, the Custom House was exempt from the city's 125-foot height restriction placed on all construction in 1904. The Custom House thus became the first "high rise" in Boston and remained the tallest structure in the city until the construction of the John Hancock Building in 1949. The Custom House observation platform on the 11th floor is open to the public, free of charge, and offers an outstanding view of the city.

CITY OF BOSTON

Proceedings of City Council

Wednesday, October 22, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

Reverend Paul Bresnahan, Rector of Christ Church, Episcopal, Hyde Park, was escorted to the rostrum.

INVOCATION BY THE
REVEREND PAUL BRESNAHAN

I ask Your prayers on behalf of this city and for all cities in this nation, Heavenly Father. In Your word You have given us a vision of that Holy City to which the nations of the world bring glory.

Behold and visit, we pray, the cities of the earth. Renew the ties of mutual regard which form our civic life. Send us honest and able leaders. Enable us to eliminate poverty, prejudice, and oppression that peace may prevail with righteousness and justice with order and that men and women from every culture, with all differing talents, may find with one another the fulfillment of their humanity through Jesus Christ, our Lord. Amen.

The meeting was opened with the salute to the flag.

APPROVING INDUSTRIAL DEVELOPMENT
PROJECT FOR DOMCLIFF REALTY TRUST

The following was received:

City of Boston
Office of the Mayor

October 20, 1980.

Hon. City Council,

Boston City Hall.

Councillors:

With this letter I transmit to you a proposed City Council order concerning the request of the Domcliff Realty Trust/Royal Label Company, Inc. for industrial development project.

The Domcliff Realty Trust proposes to lease a 60,000 square-foot parcel of land which is part of the Alsen-Mapes Industrial Park in Dorchester and owned by EDIC/Boston. They also propose to construct thereon a one-story, 20,000 square-foot building. The Domcliff Realty Trust will lease the land and building to the Royal Label Company, Inc. Approximately fourteen new jobs will be created with those additional employment needs to be met from within the community.

Because the project represents a contribution to the city's economic development, I respectfully request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

EDIC/Boston

Industrial Development Financing Authority

October 17, 1980.

Honorable Kevin H. White, Mayor, and

Honorable City Council.

Dear Mayor White, Councillors:

The Boston Industrial Development Financing Authority has reviewed and considered an industrial development project proposed for use by the Royal Label Company, Inc. and Domcliff Realty Trust.

The proposed project involves the construction of a 20,000 square-foot manufacturing facility on a 60,000 square-foot parcel of land. The land, owned by EDIC/Boston, is part of the Alsen-Mapes Industrial Park in Dorchester. Domcliff Realty Trust will lease the land from EDIC/Boston and construct the building for lease to the Royal Label Company which is in the business of designing and manufacturing labels, decals, name plates, and panels.

The estimated total cost of the project is \$617,000 which comprises: \$207,000 for site acquisition through a twenty-year lease with option to purchase for a nominal sum at expiration; \$370,000 for building construction; \$20,000 for construction interest; and \$20,000 for professional and financing fees. The applicant proposes to finance \$250,000 of the project's costs by the issuance of industrial revenue bonds by the city, acting by and through the Authority, and will finance the remaining costs or expenses, if any, from its own resources. The company has expressed its willingness to enter into agreements whereby it will make payment to the city sufficient to pay the principle of and interest on the industrial development bonds as they come due, and to reimburse the city for or indemnify the city against any expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated.

The project, as projected by the company, will provide full-time employment, in addition to employment currently provided by the company, for approximately fourteen persons within two years following completion, and thereby contribute to the alleviation of unemployment in the city.

The members of the Authority are persuaded that this project will be of benefit to the economy, and in the best interests, of the City of Boston and of the Commonwealth of Massachusetts. The members believe that the project may be properly financed through the issuance of industrial development bonds under chapter 40D of the General Laws and that it warrants the assistance of the city in this manner. Accordingly, we respectfully request that the Mayor recommend to the Honorable City Council that it approve the industrial development project for the company, the estimated cost thereof and the financing thereof under chapter 40D of the General Laws, all as required by section 12(1) of said chapter 40D. The members of the Authority and representatives of the company will undertake to provide to the Mayor and the Honorable City Council any additional information concerning the project which you may request.

Sincerely,

Boston Industrial Development
Financing Authority

By David W. Davis,
Chairman.

Royal Label Company, Inc., is a designer and manufacturer of labels, decals, name plates, and panels. Founded in 1958, the company was acquired by the present owners—William E. Donovan and Paul D. Clifford—in 1970. During the period from 1970 to 1980, Royal Label Company has tripled its workforce and quadrupled the sales volume and earning level. This was accomplished in spite of the company relocating within the Boston area a total of three times.

The company is currently located at 80 Freeport Street in Boston, where the facilities have become insufficient for their future growth. The proposed project will enable the company to expand its current workforce of thirty-eight by the addition of fourteen new employees within the next two years.

For purposes of the project, the Domcliff Realty Trust is being formed. The principals of Royal Label Company, William E. Donovan and Paul D. Clifford, are to be the Trustees and, with their spouses, the beneficiaries of Domcliff Realty Trust.

The proposed project involves the construction of a 20,000 square-foot manufacturing facility on a 60,000 square-foot parcel of land. The land, owned by EDIC/Boston, is part of the Alsen-Mapes Industrial Park in Dorchester. Domcliff Realty Trust will lease the land from EDIC/Boston and construct the building for lease to the Royal Label Company. The \$617,000 project proposes the use of industrial revenue bonds to finance up to \$250,000 of the project costs.

City of Boston Industrial Development
Financing Authority
Secretary's Certificate

I, Lawrence A. Bianchi, the duly elected secretary of the Boston Industrial Development Financing Authority, do hereby certify as follows:

1. A meeting of the Boston Industrial Development Financing Authority was held on October 15, 1980, at the offices of the Authority, 18 Tremont Street, Boston, pursuant to notice duly given to each member of the Authority in accordance with the Authority's bylaws.

2. The following members of the Authority were present and voting throughout said meeting: David W. Davis, Chairman; Lawrence A. Bianchi, Secretary; William O'Leary.

3. Notice of said meeting was duly filed with the City Clerk and publicly posted; said meeting was open to the public, no deliberations or decisions with respect to the attached resolutions concerning the Royal Label Company, Inc. Industrial Revenue Bond Financing were held or made in executive session; the official records of the meeting were made available to the public promptly thereafter and they shall remain available to the public; and in the foregoing respects and in all other respects, said meeting was conducted in accordance with the open meeting law requirements set forth in sections 23A through 23C, chapter 39, of the Massachusetts General Laws, as amended.

4. The attached copy of the resolutions concerning the Royal Label Company, Inc. Industrial Revenue Bond Financing is a true, correct, and accurate copy of the resolution duly adopted by vote of the members of the Board of Directors

of the Authority at said meeting held on October 15, 1980.

Date: October 15, 1980.

Lawrence A. Bianchi,
Secretary.

Whereas, An industrial development project to be used by Domcliff Realty Trust and by the Royal Label Co., Inc., a realty trust and a Massachusetts corporation respectively, having their principal place of business at 80 Freeport Street, Boston (hereinafter collectively referred to as the "Company"), in the business of the design and manufacture of labels, decals, name plates, and panels, has been proposed for the City of Boston; and

Whereas, Said development project will consist generally of (1) the lease by the company of a project site owned by the Economic Development and Industrial Corporation located at Alsen-Mapes Industrial Park, Boston (Dorchester); (2) and the construction of a manufacturing facility (approximately 20,000 square feet) thereon; and

Whereas, The said industrial development project is to be used by the Company and the Company has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by and through the Boston Industrial Development Financing Authority (the "Authority"), incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Company, will provide full-time employment, in addition to employment currently provided by the Company, for approximately fourteen persons within two years following completion and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment, and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The estimated cost of said industrial development project is \$617,000 and the Company has requested financing through industrial development bonds in the amount of \$250,000 and has indicated its willingness to finance the balance of said estimated cost of said project and costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through this Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; now, therefore, be it

Resolved, That, subject to the approval of the City Council and of the Massachusetts Industrial Finance Agency and upon such terms and conditions as shall later be determined by further resolutions of this Authority, this Authority hereby determines to issue industrial development bonds of the city in a principal amount not in excess of \$250,000 for the development project to be used by the Company described hereinabove; that this Authority hereby requests that the City

Council take the necessary action to approve said industrial development project, the estimated cost thereof and the financing thereof by this Authority pursuant to chapter 40D of the General Laws; and that the chairman, vice-chairman or secretary of this Authority be, and hereby is, authorized to prepare and deliver to the City Council a letter on behalf of this Authority stating such request and recommending favorable action thereon.

Whereas, An industrial development project is proposed for the City of Boston by the Boston Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be used by Domcliff Realty Trust and the Royal Label Co., Inc. a realty trust and Massachusetts corporation respectively, having their principal place of business at 80 Freeport Street, Boston (hereinafter collectively referred to as the "Company"), in the business of the design and manufacture of labels, decals, name plates, and panels; and

Whereas, The said industrial development project is to be used by the Company and the Company has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Company, will provide full-time employment, in addition to employment currently provided by the Company, for approximately fourteen persons within two years following completion and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment, and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The estimated cost of said industrial development project is \$617,000 and the Company has requested financing through industrial development bonds in the amount of \$250,000 and has indicated its willingness to finance the balance of said estimated cost of said project and costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the company to acquire the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they may now and hereinafter exist, in order to confer the benefit of exemption from federal income taxation upon the interest of these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development project and has indicated its willingness to finance the project described above through a lease, purchase and sale agreement, loan agreement, or other financing agreement pursuant to said chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approves the industrial development project for the Company hereinbefore described, the estimated cost thereof and financing of said project through bonds issued by the city, acting by and through the Authority, pursuant to chapter 40D of the General Laws, as amended, in principal amount not to exceed \$250,000; provided, however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

Referred to the Committee on Planning and Development.

APPROVING INDUSTRIAL DEVELOPMENT PROJECT FOR TRUSTEES OF WHITING TRUST

The following was received:

City of Boston
Office of the Mayor

October 20, 1980.

Honorable City Council,
Boston City Hall.

Councillors:

With this letter I transmit to you a proposed City Council order concerning the request of the Whiting Trust for industrial revenue bond financing of their proposed industrial development project.

The Whiting Trust proposes to acquire approximately 163,000 square feet located at 59 Sprague Street in the City of Boston. Also the construction thereon of a one-story building of cement block and steel construction to contain 25,000 square feet. The Whiting Trust will lease the land, building, and equipment to Burtman Iron Works Company. Approximately twelve new jobs will be created with additional employment needs to be met from within the community.

Because this project represents a contribution to the city's economic development, I request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

Industrial Development Financing Authority
October 17, 1980.

Hon. Kevin H. White, Mayor, and
Honorable City Council.

Dear Mayor White, Councillors:

The Boston Industrial Development Financing Authority has reviewed and considered an industrial development project proposed by the Whiting Trust.

The proposed project involves the acquisition of 163,000 square feet of land located at 59 Sprague Street in the City of Boston, the construction thereon of a one-story building of cement block and steel construction to contain approximately 25,000 square feet and the purchase and installation of equipment. The Whiting Trust will lease the land, building, and equipment to the Burtman Iron Works Company.

The estimated total cost of the project is \$545,000 which comprises: \$172,000 for land acquisition; \$310,000 for new construction; \$23,500 for legal and financing fees; and \$39,500 for equipment costs. The firm plans to finance \$500,000 of the project's costs by the issuance of industrial revenue bonds by the city, acting by and through the Authority, and will finance the remaining costs or expenses, if any, from its own resources. The company has expressed its willingness to enter into agreements whereby it will make payment to the city sufficient to pay the principle of and interest on the industrial development bonds as they come due, and to reimburse the city or indemnify the city against any expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated.

The project, as projected by the company, will provide full-time employment, in addition to employment currently provided by the company, for approximately twelve persons within two years following completion, and thereby contribute to the alleviation of unemployment in the city.

The members believe that the project may be properly financed through the issuance of industrial development bonds under chapter 40D of the General Laws and that it warrants the assistance of the city in this manner. Accordingly, we respectfully request that the Mayor recommend to the Honorable City Council that it approve the industrial development project for the company, the estimated cost thereof and the financing thereof under chapter 40D of said chapter 40D. The members of the Authority and representatives of the company will undertake to provide to the Mayor and the Honorable City Council any additional information concerning the project which you may request.

Sincerely,
Boston Industrial Development
Financing Authority

By David W. Davis,
Chairman.

Whiting Trust was founded on December 19, 1967. The Trustees were Arthur Burtman, Earl Burtman, and Irving Goodman. It is in business solely to own and lease manufacturing space to the Burtman Iron Works, Inc., of 59 Sprague Street, Readville, Mass.

The proposed project involves the acquisition of 163,000 square feet of land located at 59 Sprague Street in the City of Boston, the construction thereon of a one-story building of cement block and steel construction to contain approximately 25,000 square feet and the purchase and installation of equipment. The Whiting Trust will lease

the land, building, and equipment to the Burtman Iron Works Company.

The Burtman Iron Works was founded in 1909 and occupied the premises at 93 Heath Street, Jamaica Plain, until 1958. From then until 1964, it was located on Humbolt Avenue in Roxbury. The company was moved in 1964 to its present location, an 80,000 square-foot building in the Readville section of Boston.

Under the trade name of "Dyna-Bilt Products," the manufacture of material handling equipment, including hand trucks, wagons, dumpsters, and steel pallet racks. These items are sold nationally through dealers and their sales force.

They have a payroll of approximately \$2,000,000 per year and employ 150 people as follows: skilled, 33 percent; women, .04 percent; semi-skilled, 53 percent; engineering and sales, 10 percent.

Of the above, 35 percent are minority and disadvantaged. Their sales are approximately \$7.5 million per year. They expect to employ twelve people from the Boston area on expansion into this building.

Sales and employment should increase from 3 percent to 5 percent per year inasmuch as their present product line covers three separate industries, i.e., building specialties, refuse containers, and specialized handling equipment, which industries are growing at that rate.

They have no principal competitors in the area. During the last twenty-four months, they have developed twelve new products. The potential market for these new products is national and now represents 3 percent of company sales.

Their employment is stabilized year-round due to their many varied products. They are currently in their first year of a three-year labor contract with local 501 of the Iron Workers Union.

The company bank is the Hancock Bank & Trust in Quincy and they average a daily balance of \$140,000. They are rated BA 2 with Dun & Bradstreet.

The Burtman Iron Works owes no back taxes to the City of Boston and is currently paid in full for all taxes owed to the city as of this date (10/15/80).

The second amendment of Coun. SEARS was adopted, yeas 9.

Coun. McDONOUGH moved that the following order be substituted for Docket No. 1113:

Whereas, In furtherance of the Copley Place project, the City of Boston through its Public Improvement Commission voted to discontinue portions of certain public ways hereinafter described; and

Whereas, The aforementioned public ways shall be relocated upon land now of the Massachusetts Turnpike Authority and to be conveyed by the City of Boston; and

Whereas, The area of land to be exchanged by and between the City of Boston and the Massachusetts Turnpike Authority is approximately identical; and

Whereas, The purpose herein of the City Council is to ensure the construction of the total Copley Place project, in accordance with both the conditions established by the City Council when authorizing the City of Boston to apply for Urban Development Action Grant ("UDAG") monies in behalf of the Copley Place as necessary for the expenditure of such monies and the guidelines developed by the Copley Place Citizens Review Committee as interpreted by its Design Review Subcommittee, and thus create the maximum number of jobs for the residents of the City of Boston, generate the maximum amount of tax revenue from land which now is tax exempt, and rejoin most beneficially areas of the city now separated by traffic and large scale development; now, therefore, it is

Ordered, That pursuant to Massachusetts General Laws, chapter 40, section 15, and to City of Boston Code, Statute 3, section 2, and only upon the occurrence of certain conditions precedent hereinafter provided, the Mayor be, and hereby is, authorized to execute and deliver to the Massachusetts Turnpike Authority a deed to those parcels of land in the Copley Square section of the City of Boston more particularly described in Exhibit A annexed hereto and the written undertaking of said Massachusetts Turnpike Authority and Urban Investment and Development Company ("UIDC") to construct portions of Dartmouth Street, Stuart Street, Huntington Avenue, and Harcourt Street as relocated pursuant to the vote of the Public Improvement Commission of the City of Boston adopted on October 2, 1980.

(1) The implementation by the City of Boston and UIDC where necessary of those conditions established by the City Council as necessary for the expenditure of UDAG monies in behalf of the Copley Place project; and

(2) The submission to the City Council by UIDC of the final design drawings, defined for purposes herein as construction documents, for the so-called central block, Marriott Hotel, housing and landscaping elements of the Copley Place project; and

(3) The approval in writing by the majority of the members of the Design Review Subcommittee of the Copley Place Citizens Review Committee as established by the contract between UIDC and the Massachusetts Turnpike Authority of the final design drawings, redesign and improvements required by Conditions 2, 4, 5 and 6, submitted to the City Council, whether or not the Massachusetts Turnpike Authority continues to utilize such subcommittee; and

(4) The redesign by UIDC of both the elevation of and the materials for the facades of the Hotel Boston so-called which are visible from Copley Square so that the facades might fit more beneficially with the scale and materials of other building facades on the square, particularly the facades of the Boston Public Library and the Copley Plaza Hotel; and

(5) The improvement by UIDC, Boston Redevelopment Authority and the Traffic and Parking Department of the City of Boston of the connections across Stuart Street and Huntington

Avenue and the provision by UIDC of sidewalks on both sides of Stuart Street; and

(6) The submission by UIDC to the City Council of the final design drawings, defined for purposes herein as construction documents, both for the exterior cladding, paving and glazing materials to be used for the Hotel Boston and for the treatment to reduce the impact of wind to pedestrians at all corners of the Hotel Boston site so long as such treatment does not reduce the effective widths of adjacent sidewalks.

The substitute order failed of passage, yeas 2, nays 7:

Yeas—Councillors McDonough, Sears—2.

Nays—Councillors DiCara, Flynn, Iannella, Langone, O'Neil, Sansone, Tierney—7.

The order, as amended, was given its first reading and passage, yeas 8, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Tierney—8.

Nays—Councillor Sears—1.

The order was assigned for fourteen days for final action.

ORDINANCE FORBIDDING THE DISTRIBUTION OF TOBACCO PRODUCTS IN PUBLIC PLACES

Coun. IANNELLA offered the following:

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance Forbidding the Distribution of Tobacco in Public Places

Be it ordained by the City Council of Boston, as follows:

Section 1. The City of Boston Code, Ordinances 14, is hereby amended by adding after section 270 thereof, the following new caption and section:

Section 270A Tobacco Products, Distribution in Public Places.

No person shall, except at full retail price, in or upon any part of the streets, parks, public grounds, public buildings, or other public places with the city, distribute any product containing tobacco for any commercial purpose.

Section 2. Any person violating the provisions of Ord. 14 s. 270A shall be punished by a fine of two hundred dollars.

Section 3. Notwithstanding the provisions of CBC Ord. 2, s. 752, this ordinance shall be published by the action of the City Council in passing the same.

Referred to the Committee on Human Services.

CERTAIN INFORMATION UNDER SECTION 17F RE VACANCIES IN POLICE AND FIRE DEPARTMENTS

Coun. LANGONE offered the following:

Whereas, There are approximately 106 funded uniformed vacancies in the City of Boston Police Department and approximately 97 funded uniformed vacancies in the City of Boston Fire Department which vacancies the Budget Department of the City of Boston said will not be funded in the current fiscal year; and

Whereas, The City of Boston Police Department and the City of Boston Fire Department have not satisfactorily answered why the vacancies remain

unfilled, despite the rising high crime rate; now, therefore, be it

Ordered, That under the provisions of section 17F of chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, his Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council within one week of the receipt hereof, the following information:

1. Respond as to why vacancies are not and will not be filled in both the Police Department and the Fire Department.

2. What is the total strength of the officers and uniformed men as of October 20, 1980, in the Police Department?

3. What is the total number of administrative positions in the Police Department?

4. What is the total number of uniformed police to be reassigned under the so-called Reorganization Plan on a per-shift basis for District 5 in Hyde Park; District 7 in East Boston; District 6 in South Boston; District 14 in Brighton; and District 3 in Mattapan?

5. Respond as to whether or not the sum of \$100,000 is being held in abeyance by the Police Department and will not be expended in the current fiscal year.

6. How many police has the Police Commissioner appointed in the current fiscal year? How many in the fiscal year 1979-1980? How many police have retired in the current fiscal year? How many police have retired in the fiscal year 1979-80?

7. How many firemen were appointed by the Fire Department commissioner in the fiscal year 1980-81? What is the total strength of the Fire Department as of October 20, 1980?

8. How many firemen were appointed in the 1979-1980 fiscal year? How many firemen have retired in the current fiscal year? How many retired in the 1979-80 fiscal year?

Passed under suspension of the rules.

CERTAIN INFORMATION UNDER SECTION 17F RE SALARY INCREASES, PROMOTIONS AND UPGRADINGS OF PERSONNEL EMPLOYED BY BRA

Coun. LANGONE offered the following:

Ordered, That, under the provisions of section 17F of chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, his Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within three weeks of the receipt hereof, the following information:

1. The list of salary increases, promotions and upgradings of personnel employed by the Boston Redevelopment Authority as approved by the Boston Redevelopment Authority Board at its meeting of Thursday, October 16, 1980, indicating:

A. Name of each person

B. Title

C. Salary prior to increase or upgrading

D. New salary or upgrading, effective date and change in title, duties, if applicable

E. Designation from which funding source employee is compensated: city money, federal funds, or pro-rated share if both

2. A current Boston Redevelopment Authority payroll or copy of same, such listing—or supplemental document as necessary—to provide the following information:

A. Each employee paid principally or in full from federal funds, denoting for each, name, title, and salary.

B. Each employee principally or in full from city funds, denoting for each, name, title, and salary.

3. A list of persons who may be paid through Boston Redevelopment Authority accounts, but are attached to or working in municipal agencies or offices, indicating name, title, salary, and payroll source.

Passed under suspension of the rules.

MAYOR TO INITIATE DEVELOPMENT OF URBAN HOMESTEADING COMMITTEE

Couns. SANSONE, IANNELLA and FLYNN, for all the Councillors, offered the following:

Whereas, Recent studies indicate that the housing vacancy rate in Boston has dwindled to 2 percent or less; and

Whereas, There are over 2,000 structures in Boston which have been vacated and abandoned, many of which the city has foreclosed; and

Whereas, Vacant and abandoned structures blight residential neighborhoods, endanger the safety of the public at large, present a special hazard to fire fighters and others who must enter these structures, result in considerable expense to the city for boarding and demolition, and serve as havens for vandals; and

Whereas, Property taxpayers will be faced with a steep property tax this month, due to the spiraling costs of operating municipal government; and

Whereas, The Boston City Council introduced and passed the Boston Urban Homesteading Act of 1973, aimed at removing these structures from a delinquent status and encouraging ownership by responsible neighborhood people; and

Whereas, These homes should be sold to protective buyers who are willing to make an investment in a community for the amount of one dollar; and

Whereas, The Boston Urban Homesteading Act of 1973, specifically states: "There shall be a Boston Urban Homesteading Committee . . . (who) shall distribute lists of city-owned structures . . . for consideration of \$1 a deed converting title"; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, does on this day, express their strong reaffirmation of their commitment to this program as its benefits to the City of Boston will be overwhelming; and be it further

Resolved, That the Boston City Council strongly urge the Mayor to take immediate steps to initiate the development of the Boston Urban Homesteading Committee as mandated by CBC Ord. 8:s.12.

On motion of Coun. SANSONE the rules were suspended; the resolution was adopted.

On motion of Councillor IANNELLA Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

APPOINTMENT OF TEMPORARY EMPLOYEE

Coun. IANNELLA offered the following:

Ordered, That effective Wednesday, October 22, 1980, the following-named person be, and hereby is, appointed to the position set against her name until Monday, January 5, 1981:

Margaret O'Leary, legislative assistant.

Passed under suspension of the rules.

On motion of Councillor SANSONE Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

CERTAIN INFORMATION UNDER SECTION 17F RE AUDIT OF MONIES RECEIVED FROM COMMONWEALTH OF MASSACHUSETTS FOR EDUCATION OF SPECIAL NEEDS CHILDREN OF BOSTON

Couns. SANSONE and FLYNN offered the following:

Whereas, The School Department of the City of Boston accrued a deficit of over \$18 million resulting in a \$6.5 million deficit in unpaid bills in fiscal year 1980; and

Whereas, These unpaid bills are owed to a variety of service providers, including private institutions who educate and care for Boston's 12,000 special needs children; and

Whereas, The Commonwealth of Massachusetts, under chapter 70, s. 4, has fulfilled its legal obligation and reimbursed the City of Boston over \$21 million for special needs children; and

Whereas, The providers of special needs services may soon be forced to discontinue accepting Boston's special needs students because they have not received the funding due; now, therefore, be it

Ordered, That, under the provisions of section 17F of chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, his Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:

1) A complete audit of the monies received by the General Fund of the City of Boston from the Commonwealth of Massachusetts for the education of special needs children in fiscal year 1980, totaling approximately \$21,000,000.

Passed under suspension of the rules.

CERTAIN INFORMATION UNDER SECTION 17F RE CONTINGENCY PLAN FOR HOUSING PLACEMENT FOR CERTAIN RESIDENTS OF BOSTON

Coun. SANSONE, for all the Councillors, offered the following:

Whereas, The City of Boston has a responsibility to the health, safety, and welfare of all its citizens; and

Whereas, The City of Boston is now faced with a new phenomenon of the increased number of homeless people, that is, persons that are left homeless, and for one reason or another, need support and special services; and

Whereas, The Pine Street Inn of Boston's new facility is already overcrowded and currently turning away at least 150 needy people on a daily basis; and

Whereas, With the approach of winter and inclement weather, this number will increase significantly; and

Whereas, Elements such as condominium conversion and the revamping of laws related to alcoholism and protective custody have contributed to the loss of shelter for these persons; and

Whereas, Through deinstitutionalization programs, many people who were formerly hospitalized, are now among those competing for housing and shelter; and

Whereas, The future of the Tobin Building at Long Island Hospital, which has space for 150 patients, is unclear at this time; and

Whereas, The devastation of the Beacon Hill Chambers fire, and the displacement of 200 men has altered the city's Building Commission to a multitude of building code violations resulting in major renovations of the hotel, removing the structure from the financial reach of the men who lived there; now, therefore, be it

Ordered, That under the provisions of section 17F of chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, his Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:

- 1) A contingency plan for housing placement for the victims of the Beacon Hill Chambers fire, people who have been deinstitutionalized by the Commonwealth of Massachusetts, and those who live in the streets, ensuring them safe, clean, decent, and affordable housing.
- Passed under suspension of the rules.

On motion of Councillor McDONOUGH Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

COMMITTEE ON GOVERNMENT OPERATIONS TO HOLD HEARING ON OCTOBER 28, 1980, RE CONSTABLES

Coun. McDONOUGH offered the following:

Ordered, That the Committee on Government Operations conduct a meeting on Tuesday, October 28, 1980, at 10 a.m., to discuss all matters concerning the manner of appointment of constables, particularly the reasons the administration has failed to appoint certain persons who heretofore have served as constables, with the person in the city administration responsible for processing such appointments, and also to consider an order confirming various appointments as constables submitted to the Council on October 22, 1980, and the Clerk of Committees shall take all steps necessary to produce the appropriate witnesses at said hearing.

Passed under suspension of the rules.

On motion of Councillor IANNELLA the Rules of the City Council were suspended in order to introduce the following onto the Consent Agenda: **CONGRATULATIONS TO VIRGINIA BONICA ON HER RETIREMENT**

Coun. O'NEIL, for all the Councillors, offered the following:

Whereas, Virginia Bonica will commemorate her retirement with family and friends on Thursday evening, October 23, 1980, at Florian Hall in Dorchester; and

Whereas, Virginia has served the City of Boston with unerring dedication for sixteen years; and

Whereas, Virginia served six years with the Licensing Board of the City of Boston; and

Whereas, Virginia devoted ten years of dedicated service in her capacity as legislative aide to Councillor Albert L. "Dapper" O'Neil; and

Whereas, Virginia, through the years, has acquired a host of friends in the City of Boston and is highly esteemed by her former fellow employees as well as her innumerable social acquaintances; and

Whereas, As an employee, Virginia exemplified the epitome of loyalty and as a friend, is always the first one in line to lend a helping hand or celebrate with others, whichever the case may be; now, therefore, be it

Resolved, That the Boston City Council, in meeting here assembled, express its gratitude to Virginia for services performed during her many years with the City of Boston and wish her much happiness and an active life, full of new and satisfying endeavors during her well-earned retirement.

Adopted upon approval of the Consent Agenda.

DECLARING OCTOBER 23, 1980, "GREATER BOSTON YMCA DAY"

Coun. IANNELLA, for all the Councillors, offered the following:

Whereas, The country's first Young Men's Christian Association was formed here in Boston; and

Whereas, From the original Boston Y, this organization has grown to include over 1,800 units and the YMCA can be found in eighty-six countries throughout the world; and

Whereas, The Boston Y, now the Greater Boston Young Men's Christian Association, has become a full-service agency, operating fourteen branches among its twenty-three operating units; and

Whereas, The Y now offers its services to young and old, and to men and women, without regard to race or creed; and

Whereas, On Thursday, October 23, 1980, there will be convened the one hundred and twenty-ninth General Assembly of the Greater Boston YMCA; now, therefore, be it

Resolved, That in honor of its long service to the citizens of our city and state, October 23, 1980, be, and hereby is, declared and designated "Greater Boston YMCA Day."

Adopted upon approval of the Consent Agenda.

HONORING SISTER DENISE SIMMS ON HER GOLDEN JUBILEE

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, For the past fifty years, Sr. Denise Simms has dedicated her life to the service of God and neighbor as a member of the Daughters of Charity; and

Whereas, As a sister of the Daughters of Charity, Sr. Denise Marie served as the director of the

Laboure Center Visiting Nurse Service in South Boston; and

Whereas, By her concern, dedication, and hard work at the Laboure Center, Sr. Denise Simms has made a long-lasting contribution to the quality of life for many hundreds of people in the City of Boston; and

Whereas, Throughout her years of service to the people of the City of Boston, Sr. Denise Simms has exemplified in her life the meaning of love of God and neighbor in a way which is an inspiration and a model for others to follow; and

Whereas, On Saturday, October 25, 1980, a reception will be held at St. Augustine's Center in South Boston in honor of Sr. Denise Simms' golden jubilee in the order of the Daughters of Charity; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially honors Sr. Denise Simms on the occasion of her golden jubilee as a sister of the Daughters of Charity and extends to her its best wishes for many more years of good health and happiness.

Adopted upon approval of the Consent Agenda.

WISHING FUTURE SUCCESS TO CHARLESTOWN MUSCULAR DYSTROPHY ASSOCIATION

Coun. TIERNEY offered the following:

Whereas, The Charlestown Muscular Dystrophy Committee was organized in 1974 for the purpose of aiding "Jerry and his kids"; and

Whereas, The Charlestown Muscular Dystrophy Committee sets aside the first weekend in August each year to hold their fund-raising event for this very worthy cause; and

Whereas, The Charlestown Muscular Dystrophy Committee has raised over \$16,000, surpassing their previous total each year; and

Whereas, The Charlestown Muscular Dystrophy Committee has the reputation of being one of the top charity organizations in Charlestown; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, does hereby congratulate the members of the Charlestown Muscular Dystrophy Committee for their fine work and dedication to the cause of "Jerry and his kids"; and be it further

Resolved, That the Boston City Council wishes the members of the Charlestown Muscular Dystrophy Committee many, many years of continued success in their fund-raising efforts with each year surpassing the previous year's total.

Adopted upon approval of the Consent Agenda.

themselves as serious contenders at the county level in Ireland and have succeeded; and

Whereas, The panel of eighteen players have, through twelve months of dedicated and persistent fund-raising efforts, raised sufficient funds to make this trip to Boston possible; and

Whereas, The players and their accompanying supporters of the St. Aiden's group will hopefully enjoy the excitement of playing Gaelic football and the promotion of the Irish cultural heritage that it exhibits, as well as capitalize on the outstanding opportunity presented to meet with relatives and old friends; to make new friends; to develop a sound awareness of American life in the rich cultural surroundings of historic Boston, and of course, to enjoy themselves fully in the knowledge that Ireland and the United States have reaffirmed their friendship in the greatest tradition; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled here today, welcome St. Aiden's Football Club to Boston and wish them a fulfilling and memorable stay.

Adopted upon approval of the Consent Agenda.

Adjourned at 3:10 p.m., on motion of Councillor DiCara, to meet on Wednesday, October 29, 1980, at 1 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

PRESIDENT, CITY COUNCIL

NO. 9

MAYOR'S PLAN TO KEEP SCHOOLS OPEN

Mayor White in a televised interview over Channel 4 on Washington's proposed a four-point plan for resolving the fiscal crisis that threatens to close the school system next month. The plan calls for \$15 to \$20 million in additional funds from the city, rather than spending reductions of \$30 to \$40 million. The school year will end in the middle of May instead of June 16, as planned. The Mayor would ask the Boston Teachers Union to defer all or part of their proposed salary increases for this year to save \$10 to \$15 million. The rest of the plan asks the State Board of Education to waive the law requiring a minimum of 180 days of instruction and allow Boston Schools to start a month early with no loss of State Aid. The city will allocate an extra \$20 million to the School Department. The School Committee would cut \$10 million from its \$210 million budget for the current fiscal year. Mayor White proposed to raise the city budget by trimming other department budgets or by using funds set aside for the owners of business properties that the Supreme Court had found to be unfairly assessed. Payment would be deferred for these property owners. School Committee President John D. O'Bryant has indicated he believes the plan could work if the State and the Teachers Union agree to the proposals.

beach, or any land within roughly 100 feet of these or land under the water, must have the project reviewed and approved by the local Conservation Commission before work can begin. Since Boston is largely developed, the majority of applications before the commission deal with building, wharf and seawall rehabilitation, surface regrading and drainage, sewage connections, and new seawall, rip rap, and other construction, including pile driving. A call to the commission can determine if your project requires a permit.

The permit addresses seven interests: public and private water supply, ground water, flood control, storm damage prevention, prevention of pollution, protection of land containing shellfish and protection of fisheries. A public hearing is required under the Wetlands Protection Act, and the entire process, from the date of completed and accepted application to the issuance of a permit, usually requires about forty-two days. The permit itself is normally a list of conditions which, if followed, prevent damage to the interests listed above.

Any interested person should consult a copy of the act itself and may call the Boston Conservation Commission for information and copies of forms.

The commission also works to conserve wild lands in the city with land management and acquisition programs to preserve noteworthy sites from development. Finally, the commission reviews reports describing various construction projects to assure that these are being carried out with a basic concern for the environment. 182 Tremont Street, 6th floor.

City Record

The *City Record* is a weekly chronicle of municipal affairs of the City of Boston. It is printed at the city Printing Plant, 174 North Street, under the direction of the Mayor in accordance with legislative act and city ordinance. The editor of the *City Record* edits and prepares each issue for publication each week; accounts for revenues from advertising, newsstand and subscription sales; and supervises the production of the publication.

The *City Record* is obtainable by subscription for an annual fee of \$8, or on sale at the Old South Newsstand, 174 North Street, at 20 cents per copy. Such advertising as is included in the *City Record* is for the purpose of obtaining competitive bids from responsible vendors and contractors for the furnishing of labor and materials to the City of Boston under contractual agreements.

The Boston Conservation Commission 617/725-4416

The Boston Conservation Commission consists of the Commissioner of Parks and Recreation, ex officio, and six commissioners who are appointed by the Mayor. Two of the slots are reserved for nomination by named environmental groups. The commission was established by the Mayor in 1970.

The primary responsibility of the commission is the administration of the Wetlands Protection Act (ch. 131 s. 40 of the Mass. General Laws) in Boston. This state law requires that any person who wishes to remove fill, dredge, or alter any inland or coastal wetland, flood plain, coastal bank or

Boston Consumers' Council 617/725-3320

The City of Boston Consumers' Council, founded in 1968 by Mayor Kevin H. White, is responsible for a broad range of consumer protection activities, which include the conduct of studies, investigations, and research on matters affecting consumers' interest, the conduct of educational programs for the purpose of informing consumers, and the exertion of our efforts to insure full enforcement of consumer legislation. The council maintains a large staff of investigators to respond to the complaints of individual consumers, and, when necessary, to assist complainants in small claims litigation.

The Consumers' Council handles 30,000 consumer complaints per year. Investigators attempt to negotiate settlements between merchants and consumers. In addition, staff members conduct ongoing consumer information and advocacy programs.

Some of the projects the council has initiated are a seminar program on automobile ownership, investigation of complaints received concerning auto purchases and repairs, home insulation, energy conservation and many other areas of vital interest to Boston Consumers.

Also, the Consumers' Council presents a weekly, twenty-four-hour recording of consumer tips, best buys, and warnings — The Consumer Advisor at 426-0660.

If you have a problem with a merchant, your landlord, or any other business, give us a call. Our trained investigators and paralegal mediators can answer your questions, or help you to get some action to settle your complaint — 9 a.m. to 5 p.m., Monday through Friday, at 725-3320. 182 Tremont Street, 4th floor.

NEW STATION NAME ON NEW ORANGE LINE

Medical Center/Chinatown will be the name of the first station (one stop southbound from Essex) on the relocated Orange Line.

The MBTA Board of Directors today voted to name the station, previously called South Cove, Medical Center/Chinatown in keeping with the Authority's policy to identify station names with surrounding neighborhoods.

Although the new station will not be in use until the relocated Orange Line is opened for revenue service in 1985, a permanent name had to be selected at this time, so that the architects, Cannon Design/Turner Associates, can proceed with its station finish plans, including appropriate informational and directional signs for the new station.

The shell of the new station and the first 1,500 feet of the tunnel, which will connect the existing Orange Line from the subway portal south of Essex Station to the relocated line being built on the Shore Line railroad right-of-way, were built in 1971. The project was undertaken at that time to allow development plans of the Tufts New England Medical Center, Don Bosco High School, and others to proceed in the South Cove Redevelopment Project area.

This first-phase construction was performed by Peter Kiewit Sons Company under an \$11.3 million contract. The same contractor won the second-phase contract for a low bid of \$20.5 million. Under this contract, the tunnel was extended 1,200 feet, going under the Massachusetts Turnpike and emerging on the railroad right-of-way near Castle Square. The contract also called for demolition of the north entrance to the new station so that it can be widened to accommodate an elevator and two escalators in accordance with new regulations pertaining to making stations accessible to handicapped persons.

The station finish contract, a two-year job, is expected to go out for bid this month with construction scheduled to start in mid-April.

The north entrance to the new station will serve the New England Medical Center's new pediatric hospital and the theater district. The south entrance will serve Don Bosco High School, the Josiah Quincy School, Bay Village, and the Chinese Community Center and housing, including the Mass. Pike Towers and Quincy Tower.

HELP FOR 6,000 HOUSEHOLDS

With the home heating season halfway over, Action for Boston Community Development (ABCD) helped more than 6,000 households in Boston, Brookline, Dedham, Framingham, Newton, and Waltham with their heat bills. In addition to the number, applications from more households are being processed.

This year's program also includes a provision for rent assistance. Applicants for rent assistance must meet the same income-eligibility standards as for fuel assistance. They must also show proof of rent they pay, and their rent must include the cost of heating the apartment.

To apply for rent assistance, an applicant must fill out both the assistance application and a landlord/renter/agent agreement. Both can be obtained at local intake offices.

If you live in one of the six communities served by ABCD and would like to know if you are eligible for rent assistance, call 357-6000 for a referral to the nearest intake office.

MORE JOBS COMING UP

By Kevin H. White

often, but occasionally, I get me to enjoy a stroll in one of the neighborhoods or another and to the people.

One of my favorites locales for this time — and it has been for years — Castle Island in South Boston. Much activity! When the weather is good there are people fishing from the pier. Tugs are moving large ships in and out of the harbor and jets are coming in and out of Logan across the bay.

One of the people nod hello, and stop to say a few words of encouragement or to voice their opinions on one topic or another.

One of the more talkative ones, a fellow with an enormous keyring hanging from his belt, was out at Castle Island on my last visit there. "What have you been doing for the keyring man, lately, mayor?" the fellow asked.

As glad he did, because the city is constantly doing what it can for workingmen, particularly in the effort of bringing the kind of jobs into the city that the residents need.

There have been some results, especially during the last half dozen

years from 1950 to 1980, Boston lost 50,000 blue-collar jobs. A loss that my friend at Castle Island has good cause to regret. It wasn't much that I or any one could do about it at the time, because the loss was the result of local and international trends.

An attempt to make up for the loss took maximum advantage of the programs offered by the federal and state governments to start building plants all over the city. In recent years the effort has paid off with the creation of 88,000 new jobs to make up for the 50,000 lost.

In the context of this new activity is obvious the past few years, and becoming even more so as we move into the 1980s. Boston has been constructing in the neighborhood and downtown at a \$1 billion-a-year clip.

All this means is jobs, and a tax base.

The man with the keyring concludes that most of the new jobs are in professional and service areas.

"We need them in the factories and warehouses . . . the blue-collar jobs, you know?" he said.

Until recently this just wasn't in the cards. The trend was all toward service jobs.

Even so, we did fairly well in the leaner years in comparison with other cities in our attempts to retain and create blue-collar work.

Now we have something else going for us. The trend toward all service and professional jobs is changing. A combination of circumstances is making it likely that there will be more jobs for blue-collar workers than we had been able to generate in the leaner years.

The major cause is the growth of the so-called high-technology industry along the perimeter of Metropolitan Boston. Electronic and other high-tech business has been expanding so rapidly that they are facing a double problem.

First, there is a very little fully developed land left in the suburbs that industry can afford. High-tech firms are on the lookout for new locations.

Second, they're having a lot of trouble finding people to fill jobs as production workers, assemblers, and so on, as well as technicians and professionals.

As a result, Boston has become a desirable location for industry for the first time in thirty years, possessing both the sites and the people that high tech needs.

In addition, the new administration in Washington is working on legislation that will make it easier for businesses to establish plants in the city. We're doing everything we can to take advantage of these new programs. At last the blue-collar workers may get a break.

So if you saw me smiling at the ceremony announcing the Wang Laboratories' new facility in Chinatown, now you know why. Wang is an internationally known, high-tech firm, which like Teradyne and Digital Equipment Corporation has chosen Boston as a good place to work.

That ought to be good news for the men at Castle Island and all the other neighborhoods, and it's only the beginning.

CITY TRAINING PROGRAM AID LOCAL WOMEN

Second Wind, funded by the city's Employment and Economic Policy Administration (EEPA), aids displaced homemakers — women over thirty-five who have suffered a loss of income due to divorce, separation, or the death or disability of a spouse — to gain the skills and confidence necessary to go out and support themselves.

Rita Stewart, of South Boston, who is now in a clerical training course at the Burdette School, said: "This program makes you see things so differently. The help they've given us — the warm feelings and the hope — it's been wonderful. There were so many different kinds of people, all with the same problem, and we all worked things out together. Now I'm going to go out and finish my training and get a good job."

Operated through the YWCA, Second Wind offers participants a six-week Life Skills Management course where the women explore such subjects as: self-esteem, values, money management, and assertiveness. Upon completion of the course, Second Wind helps the women either to find a job or to be placed into a vocational training program in a field of interest to them.

According to Myrna Parkin, a counselor for Second Wind, the program focuses on helping women to realize the full extent of their capabilities. "Most of the women in Second Wind have been at home for several years or more, and they have been getting the message that they have no skills. What we try to do is help the women realize that, in reality, raising children and managing a household requires skills which, with a little polishing, are extremely marketable."

Women interested in participating in the next Second Wind cycle can call EEPA's Intake and Assessment Center. For more information about the program, call 247-2633.

During the past fiscal year, EEPA, which coordinates the city's employment and training programs, served over 5,000 economically disadvantaged women.

Boston residents interested in participating in EEPA programs may call 725-3700.

SECONDHAND SMOKE THREAT TO NONSMOKERS

The fact that nonsmokers have found cigarette smoke from other people's cigarettes irritating is not big news. Nor is the fact that local lung associations throughout this nation have been working to educate the public for years about the hazards connected with smoke being inhaled as well as secondhand smoke.

"What is news these days," says Cynthia Ferguson, health educator for American Lung Association of Boston, "is that more and more research studies are corroborating what the American Lung Association has been saying for years, and we think this is very encouraging."

Ferguson, who also serves as smoking education director for American Lung Association of Massachusetts, referred to a study of Japanese adults by Tokyo's National Cancer Center Research Institute and a study by Drs. White and Froeb that has been featured in the *New England Journal of Medicine*.

"The Japanese study concluded that nonsmoking wives of smokers had an increased risk of dying from lung cancer," says Ferguson, "and the *New England Journal of Medicine* article, citing a California study of 2,100, middle-aged men and women, concluded that chronic exposure to tobacco smoke in the work environment was deleterious to the nonsmoker and significantly reduced small airways function."

Local lung associations have been encouraging restaurants and other public places for years to set up nonsmoking areas, Ferguson explains, and advising nonsmokers to think more about their rights.

"Smoking has been a very strange phenomenon in our society," says Ferguson, "and what is strangest of all, is how nonsmokers have tolerated this bad habit in others. We've come a long way to the point where many smokers now ask if others mind whether they light up and puff or not, but we've still got a long way to go."

Pressing reasons for public concern about secondhand smoke include these facts: (1) Nonsmokers

make up two-thirds of our population. (2) Some 34 million people suffer from eye and nose irritation as well as coughing and wheezing brought on by cigarette smoke. (3) Smoke from the burning end of the cigarette contains higher concentration of harmful chemicals than the smoke inhaled by the smoker. (4) Heavy smoking in small, unventilated areas can produce carbon monoxide levels far in excess of industrial exposure standards. (5) People with preexisting lung diseases, such as emphysema or bronchitis, can suffer debilitating and even fatal attacks due to other people's heavy concentrations of secondhand smoke.

If that isn't enough to raise our consciousness of the dangers of secondhand smoke, Ferguson notes that babies of smoking mothers have a higher death rate during their first twenty-eight days of existence. Smokers have twice the incidence of low birth-weight babies. Pregnant smokers have an increased spontaneous abortion rate. Also secondhand smoke triggers twice as much bronchitis and pneumonia in young children.

The solution? According to Ferguson, speaking for the American Lung Associations in Massachusetts, "The single most effective solution is quitting — and our Freedom From Smoking self-help program helps people kick the habit. Call us at 426-8330. It's a matter of life and breath."

AMERICAN INDIAN DAY AT CHILDREN'S MUSEUM

A festival of Native American crafts, games, food, and stories takes place Sunday, March 8, at the Boston Children's Museum.

American Indian Day celebrates the completion of study storage and the installation of twenty selected Native American objects that were made available through the collection sharing program of the Peabody Museum of Archeology and Ethnology, Harvard.

Study Storage is a special system of collections storage which enables the public to view, and especially interested visitors to study, the

museum's rich collection of Northeast Native American objects and resources.

The Children's Museum's collection includes everything from household goods and regalia, and objects range in age from the eighteenth century to contemporary objects from Native American craftsmen.

Craft demonstrations by Native Americans highlight the day's activities. Gladys Widdiss "Wildberry," a Gay Head Wampanoag, will be making Gay Head pottery. Two wood carvers will be demonstrating their craft, as well as Bayrd, "Eagle Claw," a Narragansett, and Joe Johns "Cayuga" Creek and an artist-in-residence at the Peabody Museum.

Lavinia Underwood "Night Hawk" a Wampanoag-Cherokee, will play legends through words and actions, and museum staff will be showing visitors how to finger weave as moccasins are made.

Visitors can make a replica of a paper birch basket and make and play several traditional games, including pin, the moccasin game, and bowl game (also known as hula).

Traditional foods will be made. Children and adults can taste a sample of corn cake (made by Eleanor Dove, a Narragansett), a Rhode Island Dove Crest, a Rhode Island restaurant and museum), pemmican, and popcorn.

Videotapes and filmstrips played throughout the day in "People of the First Light," shows the continuing traditions of Native American communities in southern New England.

Native American art will be on display and crafts will be for sale. Afternoon, dancing and drumming will celebrate the day's events.

Events take place all day long, from 10 a.m. to 5 p.m. Admission to the Boston Children's Museum is \$4 for children and senior citizens, \$3.50 for adults. For travel information, call the What's Up at 426-8855.

LET'S KEEP AMERICA

CONTROL BOARD PROVIDES FOR ELDERLY EXEMPTIONS

The Boston Rent Board is currently accepting applications for exemptions to the recent general adjustment in controlled

rent. The general adjustment granted by the board in January, enables landlords to raise rents on controlled apartments by 10 to 17.5 per cent, depending on certain factors related to their individual operating

costs. Following the precedent set when the board granted its last general adjustment in 1977, elderly tenants earning certain income requirements will be liable for only half of the rent increases.

To qualify for the elderly exemption, the head of the household living in a rent controlled apartment must be at least sixty-two years of age and the total annual gross income for all members of the household must not exceed:

For one person, \$12,000
For two people, \$13,950
For three people, \$15,700
For four people, \$17,450
For five people, \$18,550
For six people, \$19,600
For seven people, \$20,700
For eight or more people, \$21,800

Single tenants must file an application in person at the Boston Rent Control Board or at any Little Green Office. Applicants are required to provide the following items:

Proof of age: Birth certificate or driver's license; or other type of identification stating date of birth.

Proof of income: Copy of Federal Income Tax form; or copy of Social Security, SSI or pension check; or five consecutive pay stubs for individuals who are working; or other statements of income.

A decision granting an elderly exemption shall be effective as of the date that the application was filed with the board.

Tenants granted an elderly exemption at the time of the last general adjustment in 1977 must file an application with the board to be eligible for the exemption.

The elderly exemption applies only to rent increases resulting from the general adjustment and will not affect a landlord's right to file a rent increase petition when the board resumes the granting of individual rent increases after May 15, 1981.

For more information contact the Rent Control Administration, 147 Milk Street, sixth floor, Boston, MA 02108.

HEALTH TIPS FOR WINTER VACATIONS

Winter vacations, once the pleasure of the well-to-do, now are popular with millions of Americans who want to escape snow and ice.

At the same time, the diminishing dollar is sending many of these sun-seekers to areas where the living standard lags behind resort development. This can mean increased risk of disease, unless precautions are taken, according to the American Lung Association.

Tuberculosis, for example, is much more common in developing countries than in the United States. Because TB is transmitted through the air, there is no danger of its being spread by dishes, linens, and items that are touched by a person with TB. It can, however, be transmitted through unpasteurized milk or milk products.

The main danger of infection is long-term exposure in a closed environment which has been contaminated by a person with untreated TB. Not great, this risk does exist for those who spend several weeks in areas where TB is prevalent.

Any traveler who anticipates possible prolonged exposure to TB should have a TB skin test before leaving. If the test is negative, a repeat test after return will tell whether the traveler has become infected. Those who suspect they have been exposed to TB during travel should tell their doctors upon return.

The Christmas Seal people, the experts on TB for seventy-five years, say the disease should be taken seriously by those who might encounter it. Modern medicines, when properly taken, can prevent and cure TB. For more information contact the American Lung Association of Boston. It's a matter of life and breath.

WORKSHOP TO EXAMINE 2 1/2

Senator Ted Kennedy and Governor Edward King head the list of prominent public officials and local government experts who will participate in a day-long program on March 7, entitled "The 1980s — Lean Years for Local Government," sponsored by the Massachusetts Municipal Association.

The Municipal Association conference, which will be held at the State House in Boston, will focus on the impending struggles over municipal service cuts caused by Proposition 2 1/2 and the nationwide trend toward reducing the size of government.

For more information contact the Massachusetts Municipal Association.

BOSTON'S TRAFFIC ENGINEERING DIRECTOR HONORED BY NATIONAL ASSOCIATION

Director of Traffic Engineering for Boston's Traffic and Parking Department, Robert F. Drummond, was awarded the "Transportation Engineer of the Year" award for 1980 by the Institute of Traffic Engineers at their annual Valentine's Day Dance in Hartford, Connecticut. The award was given for his outstanding contributions to the technology of transportation and traffic engineering.

Mr. Drummond has served since 1951 in the Boston Traffic and Parking Department and has risen to the position of traffic engineering director. In working for many commissioners with varying perceptions of transportation issues, he has been unfailing in his dedication to standards and good practice. At the same time, he has been open to new ideas and their appropriate adaptation. He is painstakingly bringing Boston the latest technology of traffic control while helping to create such recognized projects as the Faneuil Hall Markets and the Downtown Crossing. He is even-handed with community concerns and through his technical analyses.

This award is particularly appropriate in 1980 which is the thirtieth year of Mr. Drummond's employment with the City of Boston.

COLLEGE COSTS CLIMB

Steady inflation and rising energy costs have boosted undergraduate tuition, room and board charges at Harvard University by 14.9 percent for next year, to \$10,540.

The \$1,370 increase over this year's \$9,170 cost was voted by the corporation on Monday, January 19. The 1981-82 figure includes hikes of 15.5 percent for tuition (from \$6,000 to \$6,930); 14.5 percent for room (from \$1,580 to \$1,810); and 13.2 percent for board (from \$1,590 to \$1,800).

"The general inflation rate and spiraling energy cost increases of 25 percent last year at Harvard have made it impossible to hold college costs level. The price of steam, used in many of the university's heat and hot water systems, rose 80 percent last year and contributed to the university's \$27 million energy bill," said Henry Rosovsky, dean of the Faculty of Arts and Sciences. "Our tuition costs, however, continue to parallel rises in national income as measured by Disposable Personal Income, so that most families will still allocate about the same percentage of income to education. In spite of the fact that in real dollars parents will pay Harvard approximately the same amount, we do not underestimate the burden our tuition costs and inflation place on families. We will continue to help students and their families cope with education costs by offering financial aid counseling and a range of financial aid program."

Harvard is also attempting to raise \$41 million for undergraduate financial aid in its five-year campaign — \$26 million to strengthen the endowment that provides direct scholarships and \$15 million for self-help aid that includes loans and student employment subsidies, Mr. Rosovsky said.

Sixty-five percent of the 6,561 Harvard/Radcliffe undergraduates receive financial aid, including off-campus employment and bank loans, to pay for their education. Harvard and Radcliffe Colleges offer aid, including loans and on-campus employment, to 50 percent of their students. Forty percent re-

ceive scholarships from Harvard and Radcliffe funds.

Students received a total of \$11.5 million this year in scholarships, of which \$9.2 million came from Harvard or Radcliffe Colleges. Figures for this earnings for on-campus employment are not yet available, but last year students earned \$4.4 million in a variety of jobs paying \$3.65 to \$4.55 an hour. Those earnings came from three sources: work-study jobs, university-funded student employment, and the Faculty Aide Program, which provides a 50 percent subsidy on the salaries of undergraduates working as research assistants to members of the Faculty of Arts and Sciences.

The university's Parent Loan Program, established in 1976, continued to allow parents to borrow university funds. Parents may borrow during each of the four college years and pay back the amount monthly over a longer period. This year, parents could borrow \$9,000 at 10 percent interest. University restricted loan funds, Guaranteed Student Loans up to \$2,500 a year, and National Direct Student Loans up to \$1,500 a year were also available.

Rosovsky said he hopes federal student loan policies continue to allow students low-interest loans.

No specific figures have been set yet, but Harvard, as is customary, plans to increase undergraduate financial aid for 1981-82 to offset the increased costs. Scholarship and self-help (loans and earnings) ratios will remain approximately the same.

"Our programs have always been sufficient to meet the needs of our students," said Martha Lyman, director of financial aids for Harvard and Radcliffe Colleges. "When we accept a student, we expect to help him or her finance the cost of college. We're committed to educating the most able students without regard to their financial circumstances."

Colleges comparable to Harvard are also expected to raise their charges by about 15 percent, according to Melissa Gerrity, associate dean of the Faculty of Arts and Sciences for Financial Affairs. Most have not yet announced next year's rates. At Stanford, tuition, room and

board charges will be \$10,113.3 percent. Gerrity said Stanford's package has always been more than Harvard's for two reasons: location in a warmer climate and in lower energy costs, and the design of its dormitories resulting in lower operating costs.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts based on the following information.

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

Automotive Equipment

Dear Mr. Mayor:

On May 20, 1980, your Honor approved an award of a contract (No. 2888) based on public advertising for bids to Oste Chevrolet, Inc., 1065 Commonwealth Avenue, for furnishing automotive equipment to the Office of Property Equalization, Proposal 304, for immediate delivery, at a approximate cost of \$42,070.

Your approval is requested to amend this contract to provide for an additional six station wagons and maintenance of them during fiscal year 1981.

The cost of this amendment, which is effective immediately, shall not exceed \$36,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$78,130, net fifteen days.

Because of the immediate need of the additional vehicles and because it is my opinion that better pricing would not be obtained, I believe that further public advertising would serve no useful purpose.

Respectfully yours,

Frank F. Chin,
Purchasing Agent.

COMMUNITY DEVELOPMENT

Educational Services, etc.

Dear Mayor White:

I hereby respectfully request your Honor's permission to amend an award letter with Programs for Youth, Inc. d/b/a the Madison Park Community School, a corporation located at 316 Huntington Avenue, Boston, which was approved by you on May 13, 1980.

The original award letter allowed \$26,109 for Programs for Youth, Inc. d/b/a the Madison Park Community School for the residents of Roxbury and parts of the North Dorchester sections of the City of Boston. The amended total shall not exceed \$51,109. Payment for this contract will be made from fifth-year funds

of the Community Development Block Grant. The period of this contract shall be from March 1, 1980, to February 28, 1981.

This amendment to an award letter is arriving late in the Law Department because the original award letter had been processed late and subsequent to the award letter being signed, a discrepancy in the amount of funds allocated to the Madison Park Community School had been discovered on two different lists. Therefore, it has become necessary to amend the original award letter which was approved by you on May 13, 1980.

Under the terms of the agreement, Programs for Youth, Inc. d/b/a Madison Park Community School shall provide educational, vocational, social, cultural and recreational services to residents of Roxbury and the North Dorchester sections of the City of Boston.

Because of the contractor's expertise and proven ability at providing similar services as those described above, I recommend that a contractual relationship between the city and Programs for Youth, Inc., d/b/a Madison Park Community School be established at this time.

Therefore, for the reasons cited above and the reasonable cost of these services, it is my view that public advertising would not serve any useful or practical purpose.

Sincerely yours,

Katharine D. Kane,
Deputy Mayor.

EEPA

Lease of Premises

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with Nathan R. Miller Properties, Ltd., 6 Beacon Street, Boston, for the purpose of continuing the lease of certain premises deemed necessary and convenient for the successful operation of Comprehensive Employment and Training Act (CETA) programs by the Employment and Economic Policy Administration through U.S. Department of Labor funding.

The demised premises consist of approximately 7,050 square feet on the street floor of the building at 11 Beacon Street, Boston. The term of the lease will be extended by three months, to become effective for the period July 1, 1979, to September 30, 1980, thereby conforming to the federal fiscal year. The monthly rental will increase from \$5,728.13 to \$6,315.63. The award will be increased by \$18,946.89 for a total not to exceed \$87,684.39. This negotiated amendment is reasonable in light of economic conditions in the commercial real estate market. This rate will also apply for FY '81.

Since these facilities are both adequate, convenient and available to EEPA at a reasonable market rate, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Allowance Payment System

Dear Mayor White:

I respectfully request your Honor's permission to further amend a contract with the Com-

monwealth of Massachusetts Division of Employment Security (DES), Charles F. Haley Building, Government Center, Boston. The purpose of the amendment is to contract for the operation of an allowance payment system for 222 Public Service Employment (PSE) enrollees for participation in a self-directed search out-placement program. This will include additional service under the contract commencing April 14, 1980. The contractor was selected based on its past cost-effective exemplary performance in operating allowance payment systems for trainees enrolled in CETA programs.

Funds for the operation of the contract will be provided to the city through a federal award under Title II-D of the Comprehensive Employment and Training Act (CETA) Amendment of 1978 P.L. 95-524. The contract will continue to be effective for the period March 1, 1980, through September 30, 1980. The contract amount will be increased by \$106,335 for a total cost not to exceed \$178,704. This request is retroactive in order to obligate the funds to the existing DES contract under Title III-A. A timely award letter dated February 7, 1980, for allowances under all PSE Titles was approved by you on March 6, 1980. Approval of this request will permit EEPA to properly execute a separate contract for each funding source.

As this is a negotiated contract, at a reasonable cost, that conforms to federal procurement requirements for CETA programs for public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with the Commonwealth of Massachusetts Division of Employment Security (DES), Charles F. Haley Building, Government Center, Boston. The purpose of the amendment is to contract for the operation of an allowance payment system for 120 Public Service Employment (PSE) enrollees for participation in a self-directed search out-placement program. This will include additional service under the contract commencing April 14, 1980. The contractor was selected based on its past cost-effective exemplary performance in operating allowance payment systems for trainees enrolled in other CETA programs.

Funds for the operation of the contract will be provided to the city through a federal award under Title VI-A of the Comprehensive Employment and Training Act (CETA) Amendment of 1978, P.L. 95-524. The contract will continue to be effective for the period October 1, 1979, through September 30, 1980. The contract amount will be increased by \$53,320 for a total cost not to exceed \$153,320. This request is retroactive in order to obligate the funds to the existing DES contract under Title VI-A. A timely award letter dated February 7, 1980, for allowances under all PSE Titles was approved by you on March 6, 1980. Approval of this request will permit EEPA to properly execute a separate contract for each funding source.

As this is a negotiated contract, at a reasonable cost, that conforms to federal procurement requirements for CETA programs for public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

ement requirements for CETA programs, no
public purpose would be served by formal ad-
vertising. I therefore request approval to
dispense with inviting sealed bids by advertis-
ing in the *City Record* pursuant to authority
granted under the City of Boston Code, St. 4, s.

Sincerely,
George Bennett,
Administrator.

Air Conditioner Rental

Dear Mr. Mayor:
I respectfully request your Honor's permis-
sion to amend a contract with Boston Filter
Company, Inc., 43 Harvard Square, Bos-
ton, Massachusetts. The purpose of the amendment
is to extend the contract for air conditioner
rental through the balance of the federal fiscal
year. The contract will continue at the same
reasonable rates contained in the City of
Boston Purchasing Division Contract No.
3-479 which was awarded pursuant to a
publicly advertised invitation to bid.

Funds for the operation of the contract will
be provided to the city through a federal grant
under Title I of the Comprehensive Employ-
ment and Training Act (CETA) Amendments of
1978, P.L. 95-524. The contract will be ex-
tended by three months and increased by
\$100 to become effective for the period July
1, 1979, through September 30, 1980, at a total
cost not to exceed \$21,710.

Because this contract is for the continued
operation of satisfactory services at the same
rates as contained in the 1979 bid award, no
public purpose would be served by advertising
sealed bids. I therefore request approval to
dispense with formal advertising in the *City
Record*, pursuant to authority granted under
the City of Boston Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

Accounting Services

Dear Mayor White:
I respectfully request your Honor's permis-
sion to amend a professional services contract
with Paul J. Gerry, C.P.A., P.C. 1162-B Blue Hill
Avenue, Boston. The purpose of the amend-
ment is to extend the contract to provide for
continued maintenance of the manual
accounting system for the balance of the
fiscal year (through 9/30/80) and to ex-
tend the scope of services commencing May
1, 1980. The new duties will include a recon-
ciliation of the automated financial manage-
ment system (FMS) with the manual entry
system for the second and third quarters of
1979; preparation of federal reports for CETA
programs; and assistance in resolving ac-
counting and accrual problems as they relate
to the operation of the automated FMS.
Due to staff attrition in the fiscal depart-
ment, retention of this contractor will insure
that the automated system is brought on-line
as soon as possible and that required federal
reports are submitted when due. Since these
duties generally entail interfacing the manual
system with the automated system, Gerry's ex-
perience in developing the former and famili-
arized over the past months with the latter
makes his selection the most effective means
for the City of Boston to carry out all its financial manage-
ment responsibilities.

Funds for the continued operation of this
contract will be provided to the city through a
federal grant under the Comprehensive Em-
ployment and Training Act (CETA) Amend-
ments of 1978, P.L. 95-524. The contract will be
extended four and one-half months to become
effective for the period November 1, 1979,
through September 30, 1980; the contract
amount will be increased by \$45,990 to an
amount not to exceed \$90,990.

As this is a negotiated contract for profes-
sional services at a reasonable rate from a
contractor of proven effectiveness that con-
forms to federal procurement requirements for
CETA programs, no public purpose would be
served by formal advertising. I therefore re-
quest approval to dispense with advertising for
sealed bids in the *City Record* pursuant to
authority granted under the City of Boston
Code, St. 4, s. 5.

Sincerely,
George Bennett,
Administrator.

HEALTH AND HOSPITALS DEPARTMENT

Recruiting Services

Dear Sir:

Pursuant to the authority delegated to me by
the Board of Health and Hospitals, I hereby re-
quest your Honor's permission to amend, for
the third time, without advertising, the city's
contract with Alfred S. Buyer, Inc., 289 Hillside
Avenue, Needham, Mass. 02194. Under this
contract, the above vendor will provide all
necessary personnel to effectively recruit
health care professionals for the Health and
Hospitals Department. This will include, but
not be limited to, advertising in newspapers,
and selective journals, producing effective
booth displays, brochures and other advertis-
ing materials. The original contract was ap-
proved by the Mayor on May 22, 1979, for the
period July 1, 1979, through June 30, 1980, at a
cost not to exceed \$55,000. The first amend-
ment was approved by the Mayor on October
23, 1979, for \$45,000 which brought the city's
total liability to \$100,000. The second amend-
ment was approved by the Mayor on May 7,
1980, for \$20,000 and this brought the city
liability under the contract to \$120,000.

This third amendment will increase the con-
tract price by \$25,000 increasing the total
liability to the city under the contract to
\$145,000.

The department has developed a rental
assistance program which will utilize hospital
apartments located in the South Block. These
apartments are furnished and security guard
protection for the area is provided twenty-four
hours per day.

There is great potential for recruitment
when this type of offer is made available, how-
ever, newspaper advertisement, nursing jour-
nals, audio-visual media and other innovative
approaches must be utilized now when new
graduates are in the market and experienced
nurses are planning to relocate.

This is the second new and innovative step
the department has taken in its continuing ef-
fort to ease the nurse staffing shortages. The
other step taken was the establishment of an
in-house capability to recruit nurses for tem-
porary services, which will decrease our
dependence on private vendors.

Therefore, because of the above reasons
and also because Alfred S. Buyer, Inc., has pro-
vided satisfactory services at a reasonable
cost, I recommend approval of the amend-
ment.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Emergency Repairs

Dear Sir:

Pursuant to the authority delegated to me by
the Board of Health and Hospitals, I hereby re-
quest your Honor's permission to amend, with-
out advertising, the city's contract with EMI
Medical, Inc., 100 Morris Avenue, Springfield,
New Jersey 07081. The original contract was
approved by the Mayor on September 7, 1979,
for the period July 1, 1979, through June 30,
1980 at a cost not to exceed \$10,000.

This amendment will increase the contract
price by \$3,000 increasing the total liability to
the city under this contract to \$13,000.

Under this contract EMI Medical, Inc. per-
forms emergency repairs on weekends, and
holidays and from 6 p.m. to 8 a.m. weekdays on
the scanner unit, viewer, unit, mag tape unit
and line printer.

This amendment is necessary because the
equipment is used in many trauma situations
and must be available for use at all times; and
secondly breakdowns occurred more often
during the above times than was originally an-
ticipated.

Therefore, for the above reasons I recom-
mend that this amendment be approved.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Ambulances Repair, etc.

Dear Sir:

Pursuant to the authority delegated to me by
the Board of Health and Hospitals, I hereby re-
quest your Honor's permission to amend the
contract with Excellance, Inc., Huntsville,
Alabama, under which contract Excellance,
Inc. will repair and refurbish the patient com-
partment modules of five city-owned am-
bulances and remount the modular boxes on
five new Ford F-350 chassis for the period July
1, 1979, through June 30, 1980, as approved by
the Mayor on July 13, 1979, at a cost not to ex-
ceed \$99,000.

This amendment shall increase the contract
sum by \$1,375. The city total liability under this
contract, as so amended, will not exceed
\$100,375.

This amendment is necessary because at
the time the original contract was written, ex-
act costs for specified chassis seats were not
available.

Therefore, inasmuch as the department
understood that final costs for the above were
not available and as the increased cost is
reasonable, I recommend approval of the
amendment.

Very truly yours,
David L. Rosenbloom,
Commissioner.

HOUSING INSPECTION DEPARTMENT

Legal Services

Dear Mr. Mayor:

On December 18, 1979, your Honor approved
the award of a contract, without public adver-
(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

tising for bids, to Mario A. Clavell, attorney at law, 628 Tremont Street, for professional legal services in connection with the section 312 Rehabilitation Loan Program. The period of performance is from October 1, 1979, to June 30, 1980.

Your approval is requested to amend this contract to provide additional services as the demand for section 312 Rehabilitation Loan funds has exceeded our expectations. Mr. Clavell will be compensated at the rate specified in the terms of the original contract. The cost of this amendment, which is effective May 27, 1980, shall not exceed \$5,150, which I have determined to be reasonable. The total cost of this contract as amended, shall not exceed \$20,150. The period of this contract shall remain the same as specified in the original award letter.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
John A. Vitagliano,
Commissioner.

PENAL INSTITUTIONS DEPARTMENT Registered Nurses

Your Honor:

On August 30, 1979, your Honor approved an award of a contract based upon public advertising for bids to Medical Personnel Pool, 1 Newbury Street, Peabody Office Building, Peabody, Mass, for the services of registered nurses for the Suffolk County House of Correction, Deer Island, Boston, during the period of August 17, 1979, through June 30, 1980, inclusive, at a cost not to exceed \$18,000.

Your approval is requested to amend this contract to provide for weekend and second and third shift coverage at the aforementioned institution. The cost of this amendment, which will become effective as of May 21, 1980, shall not exceed \$3,000, which cost I have determined to be reasonable. The contract as amended shall not exceed \$21,200. The period of performance shall remain through June 30, 1980.

Through administrative oversight, the requirement for this amendment was not determined until a time at which the administrative process would preclude its approval prior to its effective date.

Because of the need to maintain medical nursing coverage for the abovementioned periods, to cover for vacation periods, and because of the drastic increase in inmate population over the past year, this amendment is critical to the continued care and custody of the inmates sentenced to the Deer Island facility.

Respectfully,
William R. Celester,
Commissioner.

PUBLIC FACILITIES DEPARTMENT Fire Station Design

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on June 18, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertising in the *City Record*, and enter into an agreement with

Charles R. Rolando, d/b/a Charles R. Rolando & Associates, 153 Milk Street, amending a contract executed November 27, 1979, providing for architectural/engineering services in designing a new fire station in Jamaica Plain, increasing the amount authorized for expenditure for \$131,730 to \$141,662.50, a net increase of \$9,932.50, which is a reasonable cost.

The construction budget and the architect's scope of work have been increased for this project as a result of changes in the program requested by the Fire Department. The new cost for services is based on a fee factor of 7.333 percent (1967 AIA B rate) of the presently estimated cost of construction of \$1,250,000, the cost of the proposed services not to exceed \$141,662.50 (including \$50,000 for supplementary services).

Due to the provision of the law to the effect that executed city contracts may be altered only by a writing signed by all parties thereto, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Recreation Facilities Improvements

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on June 18, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertising in the *City Record*, and to enter into an agreement with Schoenfeld Associates, Inc., 210 South Street, amending a contract executed December 18, 1979, providing for architectural services in connection with improvements at five recreation facilities, increasing the amount authorized for expenditure, covering additional work at Cronin Playground, from \$55,915 to \$60,577.50.

This site was approved for funding under a federal grant and the scope of work has been increased substantially. The new cost for services is based on the same fee factor of 7.172 percent (1967 AIA A rate) of the presently estimated cost of construction of \$408,000 the cost of the proposed services not to exceed \$60,577.50 (including \$24,000 for supplementary services and an additional \$7,315.50 for supervision of multiple sites), a net increase of \$4,662.50 which is a reasonable amount.

Due to the provision of the law to the effect that executed city contracts may be altered only by a writing signed by all parties thereto, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

PUBLIC WORKS DEPARTMENT Bridge Repairs

Dear Mr. Mayor:

Reference is made to your approval of my letter dated February 13, 1980, copy enclosed, concerning an amendment to the contract for repairs to the draw and approach span piers of the Northern Avenue Bridge over the Fort Point Channel, by Rev-Lyn Contracting Company, 1265 Saratoga Street, East Boston, to \$414,362.50.

During the preparation of the above amendment, two items for payment were inadver-

tently omitted and should have been included in the estimate for the total amount due to the contractor.

Due to this oversight, the amendment request of February 13, 1980, fell short of the necessary funds to pay the contractor for work that has been completed, by the amount of \$54,748.25.

Therefore, your approval is requested to further amend this contract to provide for payment for item F4-4, guniting and pointing; F6-8, remove and reset bearing; for the amount specified above.

The contract, as amended, shall not exceed \$469,110.75, which I consider to be reasonable.

Inasmuch as this work has been completed by the contractor, public advertising would serve no useful purpose.

Very truly yours,
Joseph F. Casazza,
Commissioner.

REAL PROPERTY DEPARTMENT Fuel Oil, etc.

Dear Mr. Mayor:

On June 19, 1979, your Honor approved the award of a contract, with public advertising for bids, to James Devaney Fuel Company, Inc., 12 Springvale Avenue, West Roxbury, for providing fuel oil and servicing oil burners in the buildings of the Real Property Department during the period July 1, 1979, to June 30, 1980, at a cost not to exceed \$59,625.80.

Your approval is requested to amend this contract to provide for additional fuel oil and services which were not anticipated in the terms of the original contract. The following is a summary of events which has led to this request for an amendment:

On June 14, 1979, the Real Property Department acquired through tax foreclosure proceedings, the land and buildings located at 77, 89, 99, and 109 East Canton Street, Boston. These properties were acquired after the above-mentioned advertised bid was cancelled and read on Monday, June 4, 1979. At the time of advertisement, the estimated quantity of fuel to be delivered to all other department properties was 4,200 gallons. To date, 966 gallons of fuel oil have been delivered to 89, 99, and 109 East Canton Street to ensure the health and safety of the seventy tenants who inhabit these buildings. More deliveries are anticipated.

At the request of your housing advisor, Andrew Olins, the Real Property Department withdrew the four East Canton Street properties from public action, in order to allow him the opportunity to obtain federal monies to rehabilitate said buildings and allow the tenants many of whom are lifelong residents in the South End, an opportunity to remain in the low- and moderate-income apartments because of this subsequent acquisition of properties and the deferral of their sale at public auction, an amendment to this contract is necessary.

The cost of this amendment, which is effective immediately, shall not exceed \$100,000, which I have determined to be reasonable. The total cost of this contract as amended, shall not exceed \$159,625.80. The period of this contract shall remain from July 1, 1979, to June 30, 1980.

Sincerely yours,
Joanne A. Prevorsek,
Commissioner of Real Property,
Chairman, Real Property Board.

SCHOOL DEPARTMENT

Chapter 636 Services

Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your written authority to dispense with inviting proposals by advertisement and to award to Youth Enrichment Services, Inc., 180 Massachusetts Avenue, the following amendment, which is deemed to be reasonable by the Committee, to a contract for participation in the development of an educational program at the Champlain School, District 5.

Change the scope of services by: decreasing the number of students served from 121 to 10 and the number of teachers served from 14 to 10. Also the snowshoeing and cross-country skiing activities have been deleted and hiking, bike touring, and downhill skiing have been added.

Striking out in Article IV the termination date of April 30, 1980, and inserting in place of the termination date of June 14, 1980. Strike out in Article II the amount \$4,544, insert in place thereof an amount not to exceed \$3,615.

All terms and conditions of the said contract except as hereby altered, amended, changed, lessened, revised or otherwise modified and except insofar as inconsistent with the purpose of this instrument of amendment shall remain in full force and effect.

Reason for amendment: The lack of snow in winter directly affected the "Sixth Day" educational program because it involved snowshoeing and cross-country skiing. This amendment is being submitted late in April because the program was postponed several times in February and March hoping that it would snow.

Because of the professional nature of the services to be provided under this contract and the expertise of the contractor in providing these services, it is the determination of the Superintendent of Schools and the School Committee that the public interest would not be served by public advertisement for bids. This agreement is to be executed without an appropriation of funds under the provision of General Laws, chapter 44, s. 53A, and is to be subject to the receipt of funds under a grant under chapter 636, Project No. 80-S0087.

Very truly yours,

Edward J. Winter,
Secretary.

TREASURY DEPARTMENT

Collecting Division

Collection Services

Mr. Mayor:

On May 12, 1980, your Honor approved an award of a contract, without public advertisement for bids to Robin Lambert, 312 Fairmount Avenue, Hyde Park, for assistance in the collection of delinquent real estate, personal property, and motor vehicle excise taxes, to be performed during the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$0.

Your approval is requested to amend this contract to provide for additional services to be performed, due to increased responsibilities and an additional time commitment to the original part-time estimation.

The cost of this amendment which is effective on July 1, 1980, shall not exceed \$3,000,

Which I have determined to be reasonable. The contract, as amended, shall not exceed \$10,000, to be paid at the rate of \$6.50 per hour. The period of performance shall remain the same.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Lowell L. Richards, III,
Collector-Treasurer.

Computer Modifications

Dear Mr. Mayor:

On July 27, 1979, your Honor approved the award of a contract, without public advertising for bids, to Computer Partners, Inc., a corporation, located at 34 Washington St. Wellesley Hills, for the design and programming of modifications to the Tax Title Computer System during the period July 15, 1979, to October 31, 1979, at a cost not to exceed \$18,000. The time of performance was subsequently extended to December 31, 1979. You subsequently approved an amendment to the contract on January 7, 1980, which expanded the scope, amount, and time of the contract; the time was extended to June 30, 1980, and the amount was increased by \$55,000.

Your approval is requested to further amend this contract to provide for additional services, and to provide for somewhat greater costs than expected incurred in accomplishing the components currently included in the scope of services. In the past three weeks, it has become apparent that to continue the progress made to date and to avoid the necessity on the contractor's part of reassigning staff currently assigned to this project, funds in excess of those presently contracted for would have to be committed to this project. There have been several areas where the contractor has encountered greater difficulty in modifying the existing information system than was expected by either contractor or city personnel. Specifically, the interest calculation routines in the existing programs were unexpectedly discovered to be incorrect and required approximately two to three weeks to correct, there was a flaw in the record creation algorithm which allowed duplicate records to be created in certain circumstances, which required an unscheduled week of work to remedy, and a problem was identified in the update program which eventually proved to be in the operating system software. In addition, unexpectedly, the opportunity to make modifications to the system which would result in greatly reduced run times was identified, as was the opportunity to simplify the job control language to speed operations and reduce errors. The contractor performed both of these previously unbudgeted activities, in order to permit them to proceed to other planned activities most efficiently. By amending the contract, the contractor will be able to complete the balance of the activities previously planned to be completed by June 30, 1980.

The contractor will be compensated at the same hourly rate as specified in the original contract. The cost of this amendment, which is effective on June 2, 1980, shall not exceed \$20,000, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$93,000. The period of this contract, as amended, will remain from July 1, 1979, to June 30, 1980.

Because of the professional nature of the services to be performed and the excellent work of the contractor to date, I believe that public advertising would serve no useful purpose.

Very truly yours,

Lowell L. Richards, III,
Collector-Treasurer.

Auditing Services

Dear Mr. Mayor:

On January 18, 1980, your Honor approved an award of a contract with out public advertising for bids to Coopers & Lybrand, 100 Federal Street, Boston, for additional auditing services concerning the Boston Redevelopment Authority during the period November 1, 1979, to June 13, 1980, at a cost not to exceed \$22,000.

Your approval is requested to amend this contract to provide for additional auditing services, specifically those described in Phase III in the attached letter from Coopers & Lybrand.

The cost of this amendment, which is effective on June 13, 1980, shall not exceed \$12,375, which I have determined to be reasonable. The contract, as amended, shall not exceed \$34,375. The period of performance shall be extended to June 30, 1980.

Because of the professional nature of the services involved, and Coopers & Lybrand's familiarity with the city and the project to date, I believe that public advertising would serve no useful purpose.

This award letter is retroactive in nature due to the fact that I was under the impression that the original contract covered phases II and III.

Very truly yours,

Lowell L. Richards, III,
Collector-Treasurer.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the award of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

Gasoline

Dear Mr. Mayor:

Under the Emergency Petroleum Allocation Act of 1973, P.L. 93-159 and E.O. 11746 (38FR 33577), which requires the city to purchase from the supplier of record, permission is requested to dispense with advertising for bids and renew, without advertising, the city's contract with Mobil Oil Corporation, 105 E. 42nd Street, New York, with local offices at 504 Totten Pond, Waltham, for the purchase of 3,000,000 gallons of gasoline for the various city departments for the period July 1, 1980, to June 30, 1981. The amount of the contract is not to exceed \$4,705,000, net fifteenth

proximo. The price per gallon of gasoline is based upon prices posted daily at Mobil's East Boston terminal located at 580 Chelsea Street, plus state excise tax, presently at \$.085 per gallon.

Mobil Oil Corporation is a responsible corporation which has satisfactorily serviced the City of Boston for many years. Since government regulations require purchase of gasoline to be made only from the city's existing supplier, no useful purpose would be served by advertising.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Linotype Metal

Dear Mr. Mayor:

The Purchasing Division has received a requisition from its Printing Section for the furnishing of linotype metal for casting of printing type during fiscal year 1981.

Because the only source of this item in New England is Acme Northeast Type and Supply, it is my opinion that no useful purpose would be served by publicly advertising for bids and that the city's best interests would be served by awarding a contract to Acme.

Accordingly, your permission is requested to award a contract, without advertising, to Acme Smelting Co., d/b/a Acme Northeast Type and Supply, 413 Second Street, Everett, in an amount not to exceed \$5,000, net.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Graphics Terminal Equipment

Dear Mr. Mayor:

The Purchasing Division has received a requisition from the Office of Property Equalization for the furnishing of graphics terminal equipment. This equipment will be used in conjunction with existing equipment and software to increase its workload capacity to meet court-mandated goals.

Property Equalization has requested that the new equipment be purchased from Tektronix, Inc. and has informed me that only this company can furnish equipment that will be compatible with its existing equipment and software systems, and produce a true graphics display. Tektronix is the largest and leading manufacturer of this type of equipment in the country and the pricing it is offering the city for this purchase is the same pricing as other large users would pay. It is my opinion that the best interests of the city would be served by awarding this contract to Tektronix.

Your permission is therefore requested to award a contract, without advertising, to Tektronix, Inc., 482 Bedford Street, Lexington, in an amount not to exceed \$10,950, net. This amount includes approximately \$100 for shipping charges from Oregon.

The items and prices for the new equipment are: three No. 4006-1, graphic terminal, at \$3,300 each; one No. 672-0489-01, four-channel multiplexer, at \$590 each; and three No. 012-0547-00, ten-inch cables for No. 4631, at \$120 each.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

FIRE DEPARTMENT

Ladder Truck Repairs

Dear Sir:

I respectfully request your Honor's permission to award to Salami's Truck Center, 124 Norfolk Avenue, the task of performing certain repairs to a reserve ladder truck as follows: Labor and materials to repair the damage of water in the oil and a complete engine overhaul.

The cost of the work described above \$2,959.16, which will be paid pursuant to the city's existing contract with this firm, contract number R.S. 1818, for repetitive services for fiscal year 1980. This contract requires the Mayor's approval for any single repair of \$2,000 or more.

In my opinion the contractor is qualified to do the work herein described, inasmuch as Salami's Truck Center is thoroughly familiar with all types of work on said equipment. The price quoted for the work is reasonable and it does not appear that any lower price could be obtained by publicly advertising for bids.

Very truly yours,
George H. Paul,
Fire Commissioner.

Immediately thereafter, in a designated room, the proposals will be opened and read publicly.

The above-numbered contract is more fully described as follows:

(Class 7 Building) ADDITION AND RENOVATION BUS OVERHAUL SHOP, EVERETT MAINTENANCE FACILITY, EVERETT, MASSACHUSETTS.

The work consists of construction of a new addition and renovation of the bus overhaul shop, both interior and exterior.

This contract is subject to a financial assistance contract between the MBTA and UMTA of the United States Department of Transportation.

Each prospective bidder proposing to bid this project must be prequalified in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies may be obtained from the Contract Administration Office at the above address. Request for prequalification for this project will not be accepted by the Authority after the tenth (10th) day preceding the date of the opening of bids.

Prequalified bidders may obtain from the Contract Administration Office a "Request for Proposal Form" which must be properly filled out and submitted for approval.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., Monday through Friday, at a charge of \$50. The Authority's General Requirements and Cover Sheet (1978 Edition of Division I), as amended, are available from the Contract Administration Office at a charge of \$5 per copy. The Authority's Standard Specifications, Construction, dated January, 1980, are available from the Contract Administration Office at a charge of \$5 per copy. None of these charges are refundable.

BIDDING DOCUMENTS WILL BE AVAILABLE ON FEBRUARY 25, 1981.

Any person may purchase copies of the plans and specifications for information purposes only, upon payment of the required charge.

Bidding documents will be mailed by first class post upon request and receipt of an additional postage and handling charge of fifteen dollars (\$15), payable by separate check. If requested documents will be forwarded by air freight where such service is available, at the expense of the plan holder.

This contract contains a fuel and a price escalation clause.

Bidders attention is directed to Appendix A, Goals and Timetables for Female and Minority Participation in the Construction Industry, and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination and Affirmative Action Program in the Specifications. In addition, pursuant to the requirements of Appendix 3, Minority Business Enterprise (MBE) Provision, all potential prime contractors must submit an assurance with their bids that they will make sufficient reasonable effort to meet the stated goal of 7.48 percent.

Bidders wishing to remain in competition for the award of this contract must submit to the Authority with their bids the names of all subcontractors, a description of the work each will perform, and the dollar value of each prime MBE subcontract.

The Authority hereby notifies bidders that it will affirmatively insure that in regard to this contract entered into pursuant to this advertisement

(Notice to Contractors), minority and disabled construction contractors will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, religion, sex, or national origin in connection for an award.

Bidders will be required to comply with all equal employment opportunity regulations and the President's Executive Order No. 12066 and any amendments or supplements to that executive order. The requirements under that order are explained in the specifications. Authorization for the bidders to view the site and work on the MBTA's property shall be obtained from the office of Mr. George H. Smith, Project Manager, Telephone Number 884/5885.

A rebid conference will be held on March 10, at 10 a.m., at the MBTA Project Office, 21 Arlington Avenue, Charlestown, Mass. Representative that prospective bidders have a representative attend. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify that they are not on the Comptroller General's list of ineligible contractors.

Provisions of Massachusetts Executive Order No. 130, Anti-boycott Covenants are incorporated by reference as part of this contract. Bidders will be required to certify as part of their proposal that they are able to furnish labor and work in harmony with all other elements of labor employed or to be employed on the work.

Bidders are advised that the "Buy American" provisions of the Surface Transportation Assistance Act of 1978 (Pub. L. 95-599) applies to this contract, procurement, or agreement (in excess of \$500,000) which results from this transaction. These regulations require, as a condition of responsiveness, that the bidder submit with his bid a completed Buy America Certificate as set forth in the form for bid.

Proposal guaranty shall consist of bid deposit of four hundred and twenty thousand dollars (\$420,000), in the form of a bid bond, certified check, treasurer's or cashier's check issued to the MBTA by a responsible bank, or trust company.

A successful bidder shall be required to furnish a performance bond and a labor and materials payment bond, each for the full amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

The Authority reserves the right to reject any proposals to waive informalities, to advertise new proposals or proceed to do the work, or, as may be deemed to be for the best interests of the Authority.

TRAFFIC AND PARKING DEPARTMENT

**Proposals for Project Manager
Planning Study.**

The City of Boston, acting by the Commissioner of Traffic and Parking, hereby referred to as the Commissioner, with Room 721, City Hall, Boston, Massachusetts 02201, invites applications from interested qualified individuals or firms to assume the responsibilities of project manager for a planning study of User-Side Subsidy Shared-Ride Taxi Service for elderly and handicapped citizens in the City of Boston. Funds for planning study have been approved by the Urban Mass Transportation Administration under section 6 of the Urban Mass Transportation Act of 1964, as amended. The purpose of the study is to examine the feasibility of user-side subsidy shared-ride taxi service for elderly and handicapped citizens and to provide a detailed plan for the implementation of the service.

The project manager will be responsible for all technical aspects of the study, for cooperative working relationship with the Boston taxi industry, the social services agencies providing special transportation services and the federal, state and local government transportation agencies and for the development of innovative taxi services and management techniques. The project manager must have managerial and administrative skills to create and coordinate new transportation services. Previous experience with large municipal transportation operations and coordination with public and private agencies in the provision of transportation services is essential. Graduate level work in the application of methodology in transportation planning is highly desirable. One to two years of related experience and two to three years of related educational experience are required. Professional analytical, writing, speaking, coordination and creative abilities are required.

Applications and contract documents may be obtained from the Traffic and Parking Department, Room 721, Boston City Hall.

Completed applications must be received at the Traffic and Parking Department before 12 noon, Friday, March 13, 1981.

CITY OF BOSTON

Proceedings of City Council

Wednesday, October 29, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair. Absent, Councillors Langone and Tierney.

Reverend James H. Lane, Pastor of St. Brendan's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY THE REVEREND
JAMES H. LANE

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

Lord God, Creator and Sustainer of all that we are and all that surrounds us, we need Your help and guidance to fulfill the tasks and duties that are ours as followers of Your Son—as citizens of this great nation—as children of Your Kingdom.

We ask for an even fuller gift of Your Spirit as we approach our national elections.

May we be mindful of the presence of Your Guiding Grace and help in forming intelligent, prudent, and caring decisions.

May we choose leaders who will guide our nation in justice, liberty, and peace. Persons with a deep awareness of their awesome responsibilities, leaders with wisdom and vision to build and establish a nation under Your Divine Providence and protection.

Father, bless our national, state, and municipal leaders in their work of service. We ask this through Christ our Lord.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

The meeting was opened with the salute to the flag.

VETO OF ORDINANCE PROHIBITING CITY
FROM PROCURING PASSENGER AUTO-
MOBILES NOT CERTIFIED BY EPA AS
HAVING CITY MILEAGE RATE OF 24
MILES PER GALLON

The following was received:

City of Boston
Office of the Mayor

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, a proposed order which would prohibit the city from procuring passenger automobiles which were not certified by the Environmental Protection Agency as having a city mileage rate of twenty-four miles per gallon.

My reason for disapproval is that such an order would limit the city's purchasing options to

Chrysler Corporation vehicles, excluding Ford and Chevrolet, when seeking a vehicle with automatic transmission able to accommodate six persons and suitable for various drivers and uses.

Unfortunately, it has taken three years for all American automakers to manufacture a mid-sized vehicle with an EPA estimate of twenty-two miles per gallon.

Sincerely,

Kevin H. White,
Mayor.

City of Boston
In the Year Nineteen Hundred and Eighty
An Ordinance

October 8, 1980.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws, chapter 43B, section 13, and any other applicable law, as follows:

Whereas, The City Council passed an ordinance on September 29, 1977, forbidding the city from purchasing passenger automobiles having a city mileage rate of less than twenty-two miles per gallon; and

Whereas, The Mayor vetoed said ordinance on October 14, 1977, stating that "my reasons for disapproval are that your effort to reduce municipal expenditure on gasoline, although commendable, is unrealistic"; and

Whereas, The Mayor argued that such a measure might be feasible a year from today" and actually three years have expired with gasoline prices nearly doubling; and

Whereas, The *Boston Herald American* reported on October 7th, that the City of Boston is planning to purchase four new 1981 Ford LTDs; and

Whereas, The cost to the taxpayers of the City of Boston will be more than \$36,000 for the cars and thousands more for gasoline for these guzzlers; now, therefore, be it

Ordained by the City Council of Boston as follows:

Section 1. City of Boston Code, Ordinances, Title I, section 11 is hereby amended by inserting at the end of said section the following:

No department, agency, board, or division of the City of Boston shall purchase, lease, rent, or otherwise acquire any passenger automobile certified by the Environmental Protection Agency of the United States as having a city mileage rate of less than twenty-four miles per gallon of gasoline. The provisions of this ordinance shall not apply to vehicles used for security, emergency, and for rescue purposes.

Section 2. This ordinance shall be published by the action of the City Council in passing the same. In City Council October 8, 1980.

Passed.

Barry T. Hynes, City Clerk.
Disapproved, October 27, 1980.

Assigned for seven days for further action.

DESIGNATING CHARLES J. BEARD SPECIAL MUNICIPAL EMPLOYEE

The following was received:

City of Boston
Office of the Mayor

October 28, 1980.

To the City Council.

Dear Councillors:

I transmit herewith and I urge you to adopt an order which designates as a special municipal employee, for purposes of the conflict of interest law,

Attorney Charles J. Beard, of the firm of Foley, Hoag, and Eliot, 10 Post Office Square, Boston, Mass.

Mr. Beard has been engaged by the Law Department to provide special legal services in connection with the awarding of the cable television franchise. As a former commissioner of CATV in Massachusetts, Mr. Beard is especially qualified to provide these services. In order to protect Mr. Beard and his partners from any restrictions with respect to conflicts of interest applicable to regular city employees, I recommend that you adopt this order as soon as possible.

Respectfully,

Kevin H. White,
Mayor.

Ordered, That Charles J. Beard, Esquire, be designated a special municipal employee under chapter 268A of the General Laws, for the purpose of providing legal counsel to the city in connection with the awarding of the cable television franchise.

Referred to the Committee on Government Operations.

JITNEY APPLICATION

Petition was received from Paulette E. King for license to operate motor vehicles for the carriage of passengers for hire over certain streets in Boston.

Referred to the Committee on Government Regulations.

REPORT OF COMMITTEE ON GOVERNMENT OPERATIONS

Coun. McDONOUGH, for the Committee on Government Operations, submitted the following:

Report on ordinance (referred October 15) (Docket No. 1123), requiring testimony concerning appropriations to be given under oath—recommending that the ordinance ought to pass in the following new draft:

Whereas, The basic services which the city government is obliged to provide for the people of the city are provided by the Police, Fire, Public Works, Parks, and other city departments; and

Whereas, The present city administration has avoided the legitimate budgetary function of the City Council by transferring funds appropriated by the Council for such departments to other agencies providing less essential services at the expense of the said departments; and

Whereas, This practice must be stopped if the city's finances, which involve the expenditure of hundreds of millions of dollars, are to be conducted on a sound basis; and

Whereas, One manner in which better control over the funding of city departments and agencies may be achieved is to assure that statements concerning proposed appropriations given to the Council are accurate and truthful; and

Whereas, Accurate testimony is most likely to be obtained by the Council if it is given under oath and in the presence of a stenographer; now, therefore,

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance Requiring Testimony Concerning Appropriations to Be Given Under Oath

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws, chapter 43B, section 13, and any other applicable law, as follows:

Section 1.

Section 125 Ordinance 5 of the City of Boston Code shall be, and hereby is, amended by adding at the end thereof the following:

Department and agency heads and employees of the Budget Division of the Administrative Services Department, when testifying before the City Council or a Committee thereof concerning an appropriation order pending before the Council in accordance with CBC, St. 6, section 251, or a loan order or an order approving the expenditure of funds received from the state or federal governments, shall do so under oath and subject to the penalties of perjury in accordance with the procedure set forth in Massachusetts General Laws, chapter 233, section 8A, and such testimony shall be recorded by a stenographer, excepting when the Council or a Committee to which the examination of any department or agency budget is assigned by express vote authorizes the dispensation of said requirement for sworn testimony and stenographic record.

Section 2. This ordinance shall be published by the action of the City Council in passing the same.

The report was accepted; the ordinance in the new draft was passed.

REPORT OF COMMITTEE ON URBAN RESOURCES

Coun. SEARS, for the Committee on Urban Resources, submitted the following:

1. Report on appeal (referred June 11) (Docket No. 0441), under Boston Zoning Code by Lafayette Place Associates for variances and interpretations of Boston Zoning Code at 474-552 Washington Street—recommending that no further action be taken.

The report was accepted.

The report was accepted.

COMMITTEE ON GOVERNMENT FINANCE TO HOLD HEARING RE INCREASED PROPERTY VALUATIONS IN BOSTON

Coun. FLYNN offered the following:

Whereas, According to figures filed by the city with the Massachusetts Department of Revenue, the total assessed valuation of property in Boston increased \$164 million over last year from \$1.738 billion to \$1.902 billion; and

Whereas, Included in this \$164 million increased valuation were increased assessments for three-quarters of Boston's 33,700 single-family homes, some of which totaled 63 percent; and

Whereas, Serious questions have been raised as to the manner in which these reassessments were determined, particularly why some neighborhoods of the city were much more heavily impacted than others and why assessments were determined on the basis of 138 districts rather than on individual property values; and

Whereas, Further questions have been raised as to the relationship of these increased assessments to the city's compliance with court-ordered 100 percent property valuation which is scheduled to be completed by 1983; and

Whereas, As a result of these increased valuations, many homeowners and businesses have been faced with sharply increased tax bills which are impacting their ability to be able to continue to afford to live or run a business in the City of Boston; now, therefore, be it

Ordered, That the Boston City Council's Committee on Government Finance conduct a public hearing to determine the distribution, extent, and pattern of increased residential and commercial property in calculating the Fiscal Year 1981 tax bills and in arriving at compliance with court-ordered 100 percent valuation; and be it further

Ordered, That the members of the Board of Assessors, the director of the Office of Property Equalization and the city Budget Director be requested to testify about these matters at said hearing.

Passed under suspension of the rules.

AMENDMENTS TO BE DELETED FROM DOCKET NO. 1113 RE COPLEY PLACE PROJECT

Coun. O'NEIL offered the following:

Ordered, That when the Council takes the second and final vote on Docket No. 1113 re transfer of land for Copley Place Project, the amendments added in the first reading be deleted.

On motion of Coun. O'NEIL the order was placed on the table.

APPROVING PETITION FOR SPECIAL LAW PROHIBITING SEXUAL HARASSMENT IN BOSTON

Coun. SANSONE offered the following:

Whereas, All people, both men and women, have the legal and moral right to education, housing, and employment opportunities, free of sexual harassment; and

Whereas, Many people, especially working women, are faced daily with the devastating prospect that their future rides on the fulfillment of sexual favors; and

Whereas, A survey conducted by the Working Women's Institute revealed that 70 percent of the women surveyed had been victims of sexual harassment at one point in their lives; and

Whereas, In 1979, a court in Colorado ruled: "If employers have reason to believe that sexual demands are being made on employees, they are obligated to investigate the matter and correct any violation of the law. If the employer fails to respond to a valid complaint, he effectively condones illegal acts"; now, therefore, be it

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing substantially as follows:

Section 1. A person shall have the right to be free from sexual harassment in the areas of employment, housing, and education.

Section 2. For the purpose of this ordinance, sexual harassment shall be defined as the making of a favorable response to a sexual advance a precondition for the receipt of any benefits in employment, housing, and education and shall include, but not limited to:

a) Repeated and unsolicited, explicit or implicit promises that any person's employment, retention of employment, career development, educational advancement, and housing opportunities will be materially benefited in return for sexual favors;

b) Repeated and unsolicited, explicit or implicit threats that any person's employment, retention of employment, career development, educational advancement, or housing opportunities will be adversely affected if sexual demands are rejected; or

c) Deliberate, repeated, and unsolicited physical actions gestures or verbal or written comments of a sexual nature.

Section 3. In the case of sexual harassment, both employer and person found to be engaged in sexual harassment shall be liable.

Section 4. The superior and district courts shall have jurisdiction in equity to enforce this right and to award compensatory and punitive damages.

Referred to the Committee on Human Services.

URGING BOSTON VOTERS TO VOTE IN FAVOR OF QUESTION ONE ON NOVEMBER 4, 1980

Coun. SANSONE, for all the Councillors, offered the following:

Whereas, Handicapped persons deserve and are entitled to equal rights and opportunities which are available to the rest of society; and

Whereas, Recent studies in the City of Boston estimate that one out of every four Bostonians suffers from some form of handicap, resulting in 160,000 handicapped Bostonians; and

Whereas, The American Coalition of Citizens with Disabilities estimates that out of every six people in the nation one person is disabled to a degree which potentially excludes him from equal access to housing, education, and employment opportunities; and

Whereas, Question One on the November 4th ballot in Massachusetts asks voters to accept a constitutional amendment which reads: "No otherwise qualified, handicapped individual shall solely by reason of his (her) handicap be excluded from the participation in, denied the benefits of, or be subject to discrimination under any program or activity within the Commonwealth; and

Whereas, The adoption of this amendment would guarantee handicapped individuals legal protection against discrimination in the Commonwealth; and

Whereas, The General Court of the Commonwealth of Massachusetts has overwhelmingly accepted the amendment on two separate occasions; and

Whereas, Presently two other states, Illinois and Florida, have adopted similar legislation which has effectively protected the rights of the handicapped; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, does on this day, offer their full support of ballot Question One, prohibiting discrimination against individuals based solely on their handicap; and be it further

Resolved, That the Boston City Council strongly urge the voters of Boston to vote "yes" on Question One on November 4, which will guarantee equal rights for all handicapped individuals.

The resolution was adopted under suspension of the rules.

Whereas, Mrs. Mary Rita Sullivan, of 85 Mercer Street in South Boston, is a lifelong resident of the South Boston neighborhood of the city; and

Whereas, Mary Rita Sullivan, who is affectionately known as "Red" by her neighbors and friends, has contributed selflessly to family and community life in South Boston as a wife, mother, and member of St. Augustine's Parish; and

Whereas, Mary Rita Sullivan is the mother of five fine children, Peggy, John, Marty, Midge, and Pat, who have all followed their mother's outstanding example of community pride and concern for family, friends, and neighbors; and

Whereas, On November 1, 1980, a special surprise party will be held by her family in South Boston to celebrate Mary Rita Sullivan's seventieth birthday; and

Whereas, The lifelong example of Mary Rita Sullivan in setting a high standard for family and community life is a source of great pride and inspiration to the entire South Boston neighborhood; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially congratulates Mrs. Mary Rita Sullivan on the occasion of her seventieth birthday and extends to her and her family its best wishes for many more years of good health and happiness together.

Adopted upon approval of the Consent Agenda.

CONGRATULATIONS TO FATHER BEDE FERRARA AND OTHERS ON EFFORTS TO HELP US REMEMBER HOSTAGES IN IRAN

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, Father Bede Ferrara, O.F.M., former pastor of St. Leonard's Church in the North End, will commemorate "The One Year of Captivity" of the fifty-two American hostages in Iran with a special memorial prayer service to be held on November 2, 1980; and

Whereas, The citizens of East Boston have joined together with the community, and the churches of East Boston, the Portuguese Club, and the Social Club of Putnam Hall, will participate in this special event; and

Whereas, With the holidays approaching, this event has a significant meaning, with all praying that the hostages will soon be released to rejoin their loved ones; and

Whereas, Father Bede a crusader of modern times, has conducted such services in fifty other churches across the state; now, therefore, be it

Resolved, That the Boston City Council, in assembly today, congratulates Father Bede Ferrara, the churches of East Boston, the Portuguese Club, the Social Club of Putnam Hall, and further congratulates the residents of East Boston and its youth for their most generous and sincere effort to help us remember the American hostages in Iran.

Adopted upon approval of the Consent Agenda.

BEST WISHES TO CHESTER N. BLOW ON HIS RETIREMENT

Coun. McDONOUGH, for all the Councillors, offered the following:

Whereas, Chester N. Blow, of Dorchester, has faithfully served as custodian at St. Brendan's Church, school, and convent for the past twelve year; and

Whereas, His conscientious work has been evident in the quality of maintenance in the physical plan; and

Whereas, Mr. Blow, through his quiet personality, has earned the respect and genuine friendship of the many families belonging to St. Brendan's Parish; and

Whereas, He has been particularly appreciated by the teaching Sisters and by his corps of young friends at St. Brendan's School because of his special care for the institution; and

Whereas, Known affectionately to most of the parishoners as "Joe Blow," a regular guy, he has been ever-willing to assist in a legion of parish activities, including regular handling of weekly collections; and

Whereas, His modest manner, quiet capabilities, devotion to his church and family have made him an exemplary citizen of Dorchester, where he chose residence after serving with distinction in World War II; and

Whereas, In military service, he was wounded in combat in "The Battle of the Bulge" as a member of the First (Big Red One) Infantry Division in Europe; and

Whereas, Following treatment of wounds at a field hospital, he returned to combat duty and later was discharged as a staff sergeant holding several medals and unit citations; and

Whereas, After service, he settled in Dorchester where he married the former Margaret Linnehan

and together they raised three children: Carol Ann, David, and Cathleen; and

Whereas, The people of St. Brendan's will pay signal honor to their "Joe Blow" at a retirement reception November 10, 1980, at Florian Hall, Dorchester; now, therefore, be it

Resolved, The Boston City Council adds its voice of appreciation for the many ways in which Chester N. Blow has helped his neighborhood and parish and extends sincere wishes to him for a happy, active, and healthful retirement.

Adopted upon approval of the Consent Agenda.

Whereas, The many outstanding contributions of this selfless, dedicated, and energetic public-spirited citizen are deeply appreciated by the community of South Boston; and

Whereas, James Mocha Mahoney's many friends have planned a tribute for him on Saturday, November 22, 1980; now, therefore, be it

Resolved, That the Boston City Council salutes the outstanding contributions of James Mocha Mahoney to the youth of South Boston; and be it further

Resolved, That the Boston City Council, this day assembled, declare Saturday, November 22, 1980, "James 'Mocha' Mahoney Day" in Boston.

Adopted upon approval of the Consent Agenda.

THANKS TO VINCENT COLLINS FOR HIS EFFORTS IN BEHALF OF SOUTH BOSTON COMMUNITY

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Mr. Vincent Collins, of 438 East Fifth Street in South Boston, has for many years been involved in civic and church affairs in the South Boston neighborhood of the city; and

Whereas, In his efforts to advance community and family life in South Boston, Vincent Collins has been unsparing of his time and commitment in many volunteer community organizations and as an active member of Gate of Heaven Parish; and

Whereas, For the past two years, Vincent Collins has served as president of the Castle Island Associates; and

Whereas, In his capacity as president of the Castle Island Associates, Vincent Collins has worked diligently to protect and enhance the his-

toric and environmental beauty of the Castle Island area and to ensure that all residents, especially the elderly, of South Boston and neighboring communities are able to enjoy this beautiful spot on Boston's shore; and

Whereas, On Friday, November 7, at the annual banquet of the Castle Island Associates, Vincent Collins will be honored for his outstanding efforts on behalf of the South Boston community as president of the Castle Island Associates; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially honors Vincent Collins for his dedicated efforts on behalf of the

people of South Boston and extends to him and his family every best wish for continued happiness and success.

Proceedings of City Council

Wednesday, November 5, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

Reverend James H. Lane, Pastor of St. Brendan's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY THE REVEREND
JAMES H. LANE

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

Lord, at every moment of our existence You are present to us. With gentle compassion help us to become more aware of Your strengthening presence in these times of political transition. May Your inspiring message and example of hope and peace direct our newly elected leaders to an awareness of Your healing presence.

We invoke Your Heavenly Blessing on these people. Bless them with increasing spiritual wisdom and integrity that heals the wounds of time and place.

May they and we never fear to put our trust in You who alone can offer true peace and harmony—always aware of our responsibilities to promote and protect the rights of all life—the liberties and the pursuit of happiness with which You have endowed all people.

Father, hear our call, our plea and answer us. We ask this through Christ our Lord.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

The meeting was opened with the salute to the flag.

APPROVING INDUSTRIAL DEVELOPMENT
PROJECT FOR WILBUR THEATRE PROP-
ERTIES, INC.

The following was received:

City of Boston
Office of the Mayor

October 27, 1980.

Hon. City Council,
Boston City Hall.

Councillors:

With this letter I transmit to you a proposed City Council order concerning the request of Wilbur Theatre Properties, Inc. for industrial revenue bond financing of their proposed project.

Wilbur Theatre Properties, Inc. proposed to acquire the Wilbur Theatre building located on a 10,234 square-foot parcel at 246 Tremont Street in Boston. In addition, it proposes to equip, renovate, and improve the theatre. Approximately forty-four new jobs will be created upon project completion.

Because this project represents a contribution to the city's economic development and particularly to the revitalization of the Theatre District, I request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

City of Boston
Industrial Development Financing Authority
October 24, 1980.

Hon. Kevin H. White, Mayor, and
Hon. City Council,
City of Boston.

Dear Mayor White, Councillors:

The Boston Industrial Development Financing Authority has reviewed and considered an industrial development project proposed by the Wilbur Theatre Properties, Inc.

The proposed project involves the acquisition of the Wilbur Theatre building located on a 10,234 square-foot parcel at 246 Tremont Street in Boston, and the equipping, renovation, and improvement of such building for use as a legitimate theatre. Wilbur Theatre Properties, Inc. currently leases the property from Tufts New England Medical Center Hospital.

The project is located within the Theatre District Phase I CARD plan which has been approved by the City Council and the Mayor. The project has been certified as consistent with the CARD plan by the Boston Redevelopment Authority.

The estimated total cost of the project is \$515,000 which comprises: \$450,000 for acquisition; \$15,000 for legal and financing fees; and \$50,000 for renovations and equipment. The firm plans to finance up to \$500,000 of the project's costs by the issuance of industrial revenue bonds by the

city, acting by and through the Authority, and will finance the remaining costs or expenses, if any, from its own resources. The company has expressed its willingness to enter into agreements whereby it will make payment to the city sufficient to pay the principal of and interest on the industrial development bonds as they come due, and to reimburse the city for or indemnify the city against any expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated.

The project, as projected by the applicant, will provide employment in addition to employment currently provided by the company for approximately forty-four persons within two years following completion, and thereby contribute to the alleviation of unemployment in the city.

The members of the Authority are persuaded that this project will be of benefit to the economy, and in the best interests, of the City of Boston and of the Commonwealth of Massachusetts. The members believe that the project may be properly financed through the issuance of industrial development bonds under chapter 40D of the General Laws and that it warrants the assistance of the city in this manner. Accordingly, we respectfully request that the Mayor recommend to the Honorable City Council that it approve the industrial development project for the company, the estimated cost thereof and the financing thereof under chapter 40D of the General Laws, all as required by section 12 (1) of said chapter 40D. The members of the Authority and representatives of the company will undertake to provide to the Mayor and the Honorable City Council any additional information concerning the project which you may request.

Sincerely,

Boston Industrial Development
Financing Authority

By David W. Davis,
Chairman.

Wilbur Theatre Properties, Inc.

The Wilbur Theatre was originally built in 1914 by the Shubert brothers and operated by them until 1956. Tufts New England Medical Center acquired the property in 1956. Jujamcyn Theatres leased and operated the theatre from 1956 to 1979. In September, 1979, when Jujamcyn did not renew their lease, Wilbur Theatre Properties, Inc., whose principals consist of Paul T. Ford, Alan Light, and James E. Mulcahy, became the new lessee and operators of the theatre, continuing its tradition as a legitimate playhouse. The proposed project involves the acquisition of the Wilbur Theatre building located on a 10,234 square-foot parcel at 246 Tremont Street in Boston, and the equipping, renovation, and improvement of the building for continued use as a legitimate theatre. The \$515,000 project proposes the use of industrial revenue bonds to finance up to \$500,000 of the project costs.

Wilbur Theatre Properties, Inc. currently provides employment for thirty-nine people for a twenty-six-week period per year. Upon project completion, the applicant expects to employ an additional forty-four workers and extend the employment period to forty weeks per year.

The Wilbur Theatre is located within the boundaries of the Theatre District CARD plan which was approved by the state in late October. The BRA has certified that this project is in conformance with the CARD plan, such certification being contingent upon receipt of evidence of financing commitments by February 1, 1981.

City of Boston Industrial Development
Financing Authority
Secretary's Certificate

1, Lawrence A. Bianchi, the duly elected secretary of the Boston Industrial Development Financing Authority, do hereby certify as follows:

1. A meeting of the Boston Industrial Development Financing Authority was held on October 15, 1980, at the offices of the Authority, 18 Tremont Street, Boston, pursuant to notice duly given to each member of the Authority in accordance with the Authority's bylaws.

2. The following members of the Authority were present and voting throughout said meeting; David W. Davis, chairman; Lawrence A. Bianchi, secretary; William O'Leary; Matthew McGrath.

3. Notice of said meeting was duly filed with the City Clerk and publicly posted; said meeting was open to the public, no deliberations or decisions with respect to the attached resolutions concerning the Wilbur Theatre Properties, Inc. Industrial Revenue Bond Financing were held or made in executive session; the official records of the meeting were made available to the public promptly thereafter and they shall remain available to the public; and in the foregoing respects and in all other respects, said meeting was conducted in accordance with the open meeting law requirements set forth in sections 23A through 23C, chapter 39 of the Massachusetts General Laws, as amended.

4. The attached copy of the resolutions concerning the Wilbur Theatre Properties, Inc. Industrial Revenue Bond Financing is a true, correct and accurate copy of the resolution duly adopted by vote of the members of the Board of Directors of the Authority at said meeting held on October 15, 1980.

Date: October 15, 1980.

Lawrence A. Bianchi,
Secretary.

Whereas, The City of Boston, acting by and through the Boston Industrial Development Financing Authority (the "Authority"), is empowered to assist in the financing of industrial development facilities through the issuance of industrial revenue bonds pursuant to G.L. c. 40D as amended (the "Act"); and

Whereas, Wilbur Theatre Properties, Inc., a Massachusetts corporation (hereafter with any parent corporation, subsidiary, or other business affiliate referred to as the "Company"), has proposed the financing by the city of certain industrial development facilities consisting generally of the following (hereafter the "Project");

Acquisition of the Wilbur Theatre building parcel located at 246 Tremont Street, Boston, containing approximately 10,000 square feet of land and the equipping, renovation, and improvement of such building.

Whereas, The estimated cost of the Project is approximately \$500,000 and the Company has requested that the city agree to issue its industrial revenue bonds under the Act at one time or from time to time in order to finance the Project, such bonds to be secured by the obligation of the Company to make lease, mortgage, loan, or other payments in amounts sufficient to pay the debt service thereon and possibly by interests in property and the interest on such bonds to be exempt from federal income taxes by virtue of the provisions of IRC s. 103 (b) (6) and the regulations thereunder (the "regulations"), as they may now or hereafter exist; and

Whereas, The Project is located in a predominantly commercial area for which a commercial area revitalization plan has been adopted by the city, such plan being subject to approval by the Secretary of Communities and Development, and the project appears to be consistent with the plan; and

Whereas, The financing of the Project under the provisions of the Act appears feasible; now, therefore, be it

Resolved that,

1. Purpose of Resolution. This resolution is intended as official action, as contemplated by the regulations, toward the issuance of industrial revenue bonds under the Act to finance the Project and is also intended to be an inducement for the Company to construct or acquire the Project in the city.

2. Agreement. The Authority approves the Project and the estimated cost thereof and the issue of up to \$500,000 of industrial revenue bonds under the Act to finance the Project as requested by the Company but subject to all requirements of the Act.

3. Recommendation. The Authority recommends that the City Council of the city vote to approve the Project, the estimated cost thereof and the financing thereof by bonds to be issued pursuant to the Act.

4. Effective Date. This resolution shall take effect upon its passage.

Whereas, An industrial development project is proposed for the City of Boston by the Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be used by Wilbur Theatre Properties, Inc., 246 Tremont Street, Boston (hereinafter with any parent corporation, subsidiary or other business affiliate referred to as the "Company"); and

Whereas, Said development project will consist generally of the following: acquisition of the Wilbur Theatre building parcel located at 246 Tremont Street, Boston, containing approximately 10,000 square feet of land and the equipping, renovation, and improvement of such building; and

Whereas, The said industrial development project is to be used by the Company and the Company has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of

such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Company, will contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The Project is located in a predominantly commercial area for which a commercial area revitalization plan has been adopted by the city, such plan being subject to approval by the Secretary of Communities and Development, and the project appears to be consistent with the plan; and

Whereas, The estimated cost of said industrial development project is \$500,000 and the Company has requested financing through industrial development bonds in the amount of \$500,000 and has indicated its willingness to finance the costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the company to acquire the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they may now and hereafter exist, in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development project and has indicated its willingness to finance the project described above through a lease, purchase and sale agreement, loan agreement or other financing agreement pursuant to said chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approved the industrial development project for the Company hereinbefore described, the estimated cost thereof and financing of said project through bonds issued by the city, acting by and through the Authority, pursuant to chapter 40D of the General Laws, as amended, in a principal amount not to exceed \$500,000; provided, however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

Referred to the Committee on Planning and Development.

APPROVING INDUSTRIAL DEVELOPMENT PROJECT FOR 88 BROAD STREET PART- NERSHIP

The following was received:

City of Boston
Office of the Mayor

October 27, 1980.

Honorable City Council,
Boston City Hall.

Councillors:

With this letter I transmit to you a proposed City Council order concerning the request of 88

Broad Street Partnership for industrial revenue bond financing of their proposed project.

The 88 Broad Street Partnership proposes to acquire and rehabilitate a ten-story building located at 88 Broad Street in the financial district of Boston. The project will enable the conversion of the currently underutilized building to a modern office building with ground-floor commercial space. The space will be leased to users of office/commercial space. Upon completion, the project will provide full-time employment to 300 clerical, professional, and service employees of the applicant and various tenants over the next two years.

Because this project represents a contribution to the city's economic development and to the revitalization of the financial district, I respectfully request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

City of Boston

Industrial Development Financing Authority

October 24, 1980.

Honorable Kevin H. White, and
Honorable City Council,
City of Boston.

Dear Mayor White, Councillors:

The Boston Industrial Development Financing Authority has reviewed and considered an industrial development project proposed by 88 Broad Street Partnership.

The proposed project involves the acquisition and rehabilitation of a ten-story building containing approximately 65,000 square feet of office space and located on 7,000 square feet of land at 88 Broad Street in Boston. Currently underutilized and functionally obsolete, the project will enable its conversion to a modern office building with ground-floor commercial space. The space will be leased to users of office/commercial space.

The project is located within the financial district CARD plan. The Boston Redevelopment Authority has certified that the project is in conformance with the CARD plan.

The estimated total cost of the project is \$4,700,000 which comprises: \$1,950,000 for acquisition; \$2,100,000 for improvements and renovations; \$450,000 for expenses during construction and construction interest; and \$200,000 in professional and financing fees. The firm plans to finance \$3,300,000 of the project's costs by the issuance of industrial revenue bonds by the city, acting by and through the Authority, and will finance the remaining costs or expenses, if any, from its own resources. The company has expressed its willingness to enter into agreements whereby it will make payment to the city sufficient to pay the principal of and interest on the industrial development bonds as they come due, and to reimburse the city for or indemnify the city against any expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated.

The project, as projected by the applicant, will create full-time employment for approximately 300 persons within two years following completion, and thereby contribute to the alleviation of unemployment in the city.

The members of the Authority are persuaded that this project will be of benefit to the economy, and in the best interests, of the City of Boston and of the Commonwealth of Massachusetts. The members believe that the project may be properly financed through the issuance of industrial development bonds under chapter 40D of the General Laws and that it warrants the assistance of the city in this manner. Accordingly, we respectfully request that the Mayor recommend to the Honorable City Council that it approve the industrial development project for the company, the estimated cost thereof and the financing thereof under chapter 40D of the General Laws all as required by section 12 (1) of said chapter 40D. The members of the Authority and representatives of the company will undertake to provide to the Mayor and the Honorable City Council any additional information concerning the project which you may request.

Sincerely,

Boston Industrial Development
Financing Authority

By David W. Davis,
Chairman.

88 Broad Street Partnership

88 Broad Street Partnership, whose principals consist of Devens H. Hamlen and Sargent Collier, proposes to acquire and rehabilitate a ten-story building located at 88 Broad Street in the financial district of Boston. The 65,000 square-foot building on 7,000 square feet of land is currently vacant and functionally obsolete. The project will enable its conversion to a modern office building with ground-floor commercial space. The space will be leased to users of office/commercial space. The current owner of the 88 Broad Street building is Broad Exchange Trust.

The \$4,700,000 project proposes the use of industrial revenue bonds to finance up to \$3,300,000 of the project costs.

The project, as projected by the applicant, will provide full-time employment for approximately 300 clerical, professional, and service employees of the applicant and various tenants over the next two years.

The 88 Broad Street building is located within the boundaries of the financial district CARD plan. The BRA has certified that this project is in conformance with the CARD plan, contingent upon receipt of evidence of construction financing commitments by January 2, 1981.

The present owner of the building paid \$34,533.90 in city property taxes last year. While \$21,533.96 remains unpaid, the applicant has represented that all taxes will have been paid by the present owner on or before the date that the purchase and sale transaction will be closed.

City of Boston Industrial Development
Financing Authority
Secretary's Certificate

I, Lawrence A. Bianchi, the duly elected secretary of the Boston Industrial Development Financing Authority, do hereby certify as follows:

1. A meeting of the Boston Industrial Development Financing Authority was held on October 15, 1980, at the offices of the Authority, 18 Tremont Street, Boston, pursuant to notice duly given to each member of the Authority in accordance with the Authority's bylaws.

2. The following members of the Authority were present and voting throughout said meeting: David W. Davis, Chairman; William O'Leary; Matthew McGrath.

3. Notice of said meeting was duly filed with the City Clerk and publicly posted; said meeting was open to the public, no deliberations or decisions with respect to the attached resolutions concerning 88 Broad Street Partnership Industrial Revenue Bond Financing were held or made in executive session; the official records of the meeting were made available to the public promptly thereafter and they shall remain available to the public; and in the foregoing respects and in all other respects, said meeting was conducted in accordance with the open meeting law requirements set forth in sections 23A through 23C, chapter 39 of the Massachusetts General Laws, as amended.

4. The attached copy of the resolutions concerning 88 Broad Street Partnership Industrial Revenue Bond Financing is a true, correct and accurate copy of the resolution duly adopted by vote of the members of the Board of Directors of the Authority at said meeting held on October 15, 1980.

Date: October 15, 1980.

Lawrence A. Bianchi,
Secretary.

Whereas, An industrial development project, to be owned by 88 Broad Street Partnership, a Massachusetts limited partnership of which Devens H. Hamlen and Sargent Collier are general partners, presently having its principal office at 125 Pearl Street, Boston (the "Owner"), for lease to various commercial users of office and retail space has been proposed for the City of Boston; and

Whereas, Said industrial development project will consist generally of the acquisition, reconstruction, rehabilitation, and conversion of an existing property from a functionally obsolete and under-utilized office facility consisting of one ten-story building, to a modern, usable office building with ground-floor commercial space, for lease to future tenants of the space, located at 88 Broad Street in said Boston on a site containing approximately 7,000 square feet of land and 65,000 square feet of office space, presently owned by Broad Exchange Trust (the "Project"); and

Whereas, The Project is to be owned by Owner and Owner has expressed its willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay up to \$3,300,000 of the cost of the Project and the current expenses of the city, acting by or through the authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, The Project, as projected by Owner, will provide full-time employment for approximately 300 clerical, professional, and service employees of Owner and various tenants who will occupy the Project upon its completion over the next one- to two-year period, and thereby contribute to the alleviation of unemployment in the

city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth of Massachusetts; and

Whereas, The estimated cost of the Project is \$4,700,000 and Owner has indicated its willingness to finance any costs of the Project in excess of \$3,300,000 of such amount other than by the issue of industrial development bonds and it appears that \$3,300,000 of the cost thereof may be financed through the issue of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; now, therefore, be it

Resolved, That, subject to the approval of the Boston City Council and of the Massachusetts Industrial Finance Agency and subject further to confirmation by the Boston Redevelopment Authority that a commercial area revitalization plan has been adopted for the area in which the Project is located and that a construction financing commitment acceptable to the Boston Redevelopment Authority has been obtained by the Owner on or before January 2, 1981, and upon such further terms and conditions as shall later be determined by further resolutions of this Authority, this Authority hereby determines to issue industrial development bonds of the City of Boston in a principal amount not in excess of \$3,300,000 for the Project to be owned by Owner as hereinabove described; that this Authority hereby requests that the Boston City Council take the necessary action to approve said Project, the estimated cost thereof and the financing of \$3,300,000 of the cost thereof by this Authority pursuant to chapter 40D of the Massachusetts General Laws; and be, and hereby are, authorized to prepare and deliver to the Boston City Council a letter on behalf of this Authority stating such request and recommending favorable action thereon.

Whereas, An industrial development project is proposed for the City of Boston by the Boston Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be (owned/used by) 88 Broad Street Partnership, a Massachusetts limited partnership, having its principal place of business at 125 Pearl Street, Boston (hereinafter referred to as the "Company"), in the business of real estate development; and

Whereas, Said development project will consist generally of the acquisition, reconstruction, rehabilitation, and conversion of an existing property from a functionally obsolete and under-utilized office facility consisting of one, ten-story building, to a modern, usable office building with ground-floor commercial space, for lease to future tenants of the space, located at 88 Broad Street in said Boston on a site containing approximately 7,000 square feet of land and 65,000 square feet of office space, presently owned by Broad Exchange Trust (the "Project"); and

Whereas, The said industrial development project is to be owned by the Company and the Company has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and

to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Company, will provide full-time employment, in addition to employment currently provided by the Company, or approximately 300 persons within one to two years following completion and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The estimated cost of said industrial development project is \$4,700,000 and the Company has requested financing through industrial development bonds in the amount of \$3,300,000 and has indicated its willingness to finance the balance of said estimated cost of said project and costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of chapter 40D of the Massachusetts General Laws; and

Whereas, Said industrial development project is located in a predominantly commercial area for which a Commercial Area Revitalization plan has been adopted by the city and approved by the Secretary of Communities and Development and said project is consistent with such plan; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the company to acquire the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they may now and hereafter exist; in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development project and has indicated its willingness to finance the Project described above through a lease, purchase and sale agreement, loan agreement or other financing agreement pursuant to said chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approves the industrial development project for the Company hereinbefore described, the estimated cost thereof and financing of said project through bonds issued by the city, acting by and through the Authority, pursuant to chapter 40D of the General Laws, as amended, in a principal amount not to exceed \$3,300,000; provided, however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

Referred to the Committee on Planning and Development.

Coun. McDONOUGH offered the following:

Ordered, That James H. Perkins, Esq. of the law firm of Palmer & Dodge, One Beacon Street, Boston, be, and hereby is, designated a special municipal employee in accordance with the provisions of G.L. c. 268A, s. 1 (n) for the purpose of representing the defendants-appellees in the case *Tierney et al. v. White et al.* in the Supreme Judicial Court. This designation shall include any partner or associate of Mr. Perkins in connection with this case.

Passed under suspension of the rules.

REPORT OF COMMITTEE OF THE WHOLE

Coun. IANNELLA, for the Committee of the Whole, submitted the following:

Report on message of the Mayor and order (Docket No. 1113), referred today, for the exchange of certain parcels of public land re Copley Place Project—recommending that the order be further amended by striking all the words after the date "October 2," 1980, in the fourth paragraph, and inserting in place thereof a "period" and by adding the following new words "There shall be a pedestrian passageway on the south side of Stuart Street that allows pedestrians to cross Ramp D, provided, however, that it shall not be at grade level."

The report was accepted.

Coun. FLYNN moved that the following language, recommended in the committee report, be deleted from the order: "There shall be a pedestrian passageway on the south side of Stuart Street that allows pedestrians to cross Ramp D, provided, however, that it shall not be at grade level."

The motion was carried, yeas 5, nays 4:

Yeas—Councillors DiCara, Flynn, Iannella, O'Neil, Tierney—5.

Nays—Councillors Langone, McDonough, Sansone, Sears—4.

Coun. IANNELLA moved that the Committee's recommendation to strike all the words after the date "October 2," 1980, in the fourth paragraph, and insert in place thereof a "period" be approved.

The motion was carried.

The order, as further amended, was given its second reading and passed, yeas 8, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Tierney—8.

Nays—Councillor Sears—1.

On motion of Councillor FLYNN Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

DESIGN ADVISORY GROUP DESIGNATION
TO SATISFY INTENT OF FORMER
AMENDMENT TO DOCKET NO. 1113

Coun. FLYNN offered the following:

Resolved, That this Council considers that the design advisory group established by the Boston Redevelopment Authority as described in a letter from Director Robert Ryan to Mr. Stuart Robbins, dated October 30, 1980, a copy of which was read into the record of this Council by Councillor O'Neil on this date, satisfies the intent and requirement of Amendment No. 2 to Docket No. 1113, adopted on October 22, 1980.

The resolution was adopted, yeas 5, nays 4:

Yeas—Councillors DiCara, Flynn, Iannella, O'Neil, Tierney—5.

Nays—Councillors Langone, McDonough, Sansone, Sears—4.

FURTHER REPORT OF
COMMITTEE OF THE WHOLE

Coun. IANNELLA, for the Committee of the Whole, submitted the following:

Report on order (referred today), to delete amendments to Copley Place Project—recommending that the order be placed on file.

The report was accepted; the order was placed on file.

Adjourned at 7:45 p.m., on motion of Councillor DiCara, in memory of Richard Cardinal Cushing, to meet again on Wednesday, November 19, 1980, at 1 p.m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

NO. 10

THE CHALLENGE OF ENTERPRISE ZONES

By Mayor Kevin H. White

What's the most important problem facing Boston and other large cities in the 1980s?

Most experts agree that it's the same problem we faced in the 60s and —the poor.

In decades past, the federal government poured money and expertise into the cities in an attempt to cure the problem. Some of the programs were successful, but the poor remain with us in large numbers taking a disproportionate share of our resources.

Now, as administrations change in Washington, two new ways of dealing with the problem are being suggested. One, as outlined by a commission appointed by President Carter, is aimed at dispersing the poor from the Northeast to the Sunbelt. It calls for direct aid to individuals—welfare, food stamps, and the like—that would help them go in search of jobs in greener areas.

That suggestion is not being given serious consideration at the moment because it does not give the poor any reasonable assurance that they will find what they need most—employment.

The other approach is aimed at creating jobs in the neighborhoods of the chronically poor. As embodied in the Kemp-Garcia Act, which has been praised by the Reagan team, it calls for incentives that would encourage the development of business in so-called Enterprise Zones.

The act would:

Reduce Social Security taxes by 10 percent for workers twenty-one and older and by 90 percent for the younger.

Cut in half the capital-gains tax on small business investment in an zone.

Give a 15 percent reduction in rates for companies already in Enterprise zones and accelerate depreciation allowances on each company's first \$500,000 of capital investment annually.

Qualify for status as Enterprise Zone, cities would have to reduce property taxes there by 5 percent an-

nually for four years. Social services would be left intact as a "safety net."

Can the proposed Kemp-Garcia Act work in Boston? If it can, how can it best be implemented? If it can't, what can be done to change it? Ever since the election of Ronald Reagan began to seem likely an interdepartmental team has been attempting to define the city's response to the concept of Enterprise Zones. In a preliminary report, the team has concluded that the basic concept of Kemp-Garcia, properly modified, can indeed, work in Boston. My administration is at work on a proposal to test the concept and has designated four areas as possible enterprise zones.

The four areas are the Boston State Hospital property in Mattapan, North Station, Lower Washington Street, and the Crosstown Industrial Park.

Of the four, the 200-acre Boston State Hospital property offers the most immediate prospect of success. Bordered by Morton Street and the American Legion Highway, it is being phased out as a facility for the mentally ill. As a consultant has pointed out:

"Geographically, it would permit blacks and whites to work in the area without going through each other's turf. It would create revenue for the city, while at the same time keeping the neighborhood vital and vibrant. The buildings were built like fortresses, and there's plenty of parking. You could move people in there immediately."

Why test the concept of Enterprise Zones in Boston? Because of the city's pioneering effort in resident job policy (which guarantees local residents 50 percent of the jobs generated by public projects); its success in utilizing state and federal programs for economic development (a new skyline and excellent educational facilities) and its relatively healthy economy based on high growth industries geared toward the future. (Unemployment in Massachusetts is lower than in any other industrial state).

Equally important, Boston is well along with plans for economic growth in its four designated areas—plans that are congruent in many ways with the provisions of the Kemp-Garcia Act. Public improvements already exist, and mechanisms for providing public assistance and for attracting investment are in place.

In other words, the city has seized the initiative. What remains to be done is to define how the city will relate to federal authorities and private enterprise in the planning and implementation of projects. Boston is prepared to make a strong case for extensive decision-making power at the local level.

However national urban policy is formulated, whatever its final shape

(Continued on next page)

Enterprise Zones . . .

will be, wherever and however public sector help is delivered—either through a combination of grant programs or incentives—the leading issue remains how urban policy can help Boston and how Boston's role in creating this policy can be of help to the nation as a whole.

Boston has always prided itself as a city with ideas, a place where resourcefulness and imagination make up for its distance from raw materials and major markets. It is a city which has always been eager to confront problems, to provide answers for questions which seem impervious to resolution. It is in this spirit that Boston welcomes the challenge and opportunity to work with the federal government on a new and innovative urban policy.

MUNICIPAL DEPARTMENTS

Boston Redevelopment Authority 617/722-4300

The Boston Redevelopment Authority (BRA) was created in 1957 at the request of Boston's Mayor and City Council in accordance with the Massachusetts General Law (chapter 121) providing for the establishment of redevelopment authorities when requested by city governments. From 1949 to 1957, urban renewal activities were carried on by the Boston Housing Authority. In 1960, the City Planning Commission was abolished and BRA assumed its functions and responsibilities. The BRA operates with funds derived from the federal government, the Commonwealth of Massachusetts and the City of Boston.

Funds for renewal projects may be secured on all three governmental levels. At the federal level, the Housing Act of 1949, as amended, provides loans and grants for urban renewal projects, community renewal programming, urban beautification, historic preservation projects, and neighborhood development facilities projects.

To initiate a renewal project, the BRA first surveys an area that has

already been designated by the City Council as blighted or deteriorated and draws up plans for redevelopment. This planning is financed by the Department of Housing and Urban Development (HUD) which administers urban renewal funds.

When the plans are completed, public hearing must be held to inform the community and to win the approval of the Mayor and the City Council. The State Department of Community Affairs and HUD's Renewal Assistance Administration must approve the plans before funds to carry out the project will be made available.

The BRA is responsible for acquiring property for redevelopment or rehabilitation—either through negotiation or eminent domain. Acquisition may start before the project's urban renewal plan has been approved using an Early Land Acquisition Loan from HUD. The BRA provides relocation assistance to families and businesses displaced by urban renewal using HUD grants designated for relocation. Demolition and site preparation on development parcels are undertaken by the BRA and begin after land acquisition and relocations have been completed.

The BRA solicits public and private developers for projects in the renewal areas. While acquisition and site preparation are being carried out, the authority works with the selected developers on their redevelopment proposals for individual disposition parcels. The BRA staff reviews proposals to ensure their conformance with the area's urban renewal plan and with the specific requirements for development of the parcel. In the case of residential development, the redeveloper is also given assistance in meeting the Federal Housing Administration's requirements for financing eligibility. After all necessary approvals have been received, the BRA sells the land parcels to the redevelopers who then carry out the planned construction or rehabilitation.

In recent years, the BRA's role as city planning agency has increased considerably. The BRA is in the process of drawing up a new master plan to replace the 1965 General

Plan for the City of Boston; issued to issue urban design guidelines for the city; and has also recommended new sign control standards.

Through its district planning program, the BRA provides a professional planner to each of the sixteen districts throughout the city. The planner works with neighborhood groups and provides technical assistance in helping the residents formulate plans and projects for their district. The planner also coordinates these plans with the citywide development strategy.

In connection with its planning function, the BRA conducts an ambitious research program. The Research Department publishes numerous studies as part of the planning effort carried on by the agency. These studies are usually available to the public and are extremely useful to members of the business community.

Within the BRA there are nine major departments: Planning; Urban Design; Traffic Planning; Engineering; Research; Residential Development; Non-Residential Development;

Boston Rent Board 617/725-3930

The Boston Rent Board is com-
posed of five members—a tenant, a
landlord, and three public interest
members. The Board has jurisdic-
tion of all rental housing in the city
except: one- and two-family dwelling
units; three-family owner-occupied
dwelling units; publicly owned,
subsidized or financed housing; hous-
ing accommodations constructed,
converted from nonhousing to hous-
ing or substantially rehabili-
tated after December 1, 1968; co-
operatives; hotels; motels; inns; and
boarding houses occupied in a ma-
jority by transient guests. Another
jurisdictional limitation is vacancy
control which, after prior approval
of the Board, removes from rent con-
trol units which were voluntarily
vacated on and after January 1,

1971. The Rent Board controls max-
imum rents and permits rent in-
creases by requiring the landlord to
file a petition as part of a formal
renting procedure. The rent is set
by the Board considers the in-
come and expenses of the building,
including the actual tax increase,
any capital improvements. The
condition of the building is also con-
sidered in setting the rent.

Where code violations exist, the
Board has the power to reduce rents
if such violations have been cor-
rected. This may be done upon peti-
tion by the tenants or by Board-
initiated action.

Eviction of tenants in Boston is
under the control of the Rent Board.
Units subject to the rent control
ordinance, a landlord must obtain a
certificate of Eviction from the
Board before starting the usual
summary process proceedings in
court.

The Board is responsible for im-
plementing the condominium or-
dinance, requiring that a one- or
year notice be given by the
landlord to tenants of rent control-
led or vacancy decontrolled housing
before an eviction can be com-
menced for condominium conver-
sion. 147 Milk Street, 6th floor.

HISTORIC NAVY YARD WALL

Since 1825, the boundaries of the
Charlestown Navy Yard have been
marked by a high granite wall pro-
tecting United States Navy ships
and buildings within the yard. Today,
the Navy Yard is a national historic
site administered by the National
Park Service. The boundary wall is
integral to the historic scene that in-
cludes nineteenth century build-
ings, structures, and landscaping.
The construction of the Chelsea and
Water Streets connector across a
corner of the Navy Yard necessi-
tates the relocation of part of the
boundary wall.

This granite wall has special sig-
nificance to nineteenth century
Boston as it was designed by Alex-
ander Parris, one of Boston's most
celebrated architects. Parris com-
bined the graceful lines of popular
Greek Revival architecture with the
permanence promised by granite
construction. By 1820, several prom-
inent Boston institutions were
housed in Parris-designed build-
ings. His Quincy Market, completed
in 1825, is among Boston's most
recognized landmarks. In 1824, the
Navy offered Parris the position of
construction engineer at the Navy
Yard. For the next twenty years, he
designed a variety of structures in-
cluding a ropewalk for the Navy to
manufacture their own cordage. His
first work was the completion of the
Navy Yard boundary wall.

The Navy had hired Parris to de-
sign their industrial use buildings in
the classical vocabulary of Greek
Revival. But first the yard's vulner-
ability to trespassers and vandals
had to be eliminated. A "substantial
wall" was needed, not only to pre-
vent mischief from the outside, but
to discourage desertions from
within the ranks. Despite sugges-
tions that the wall be build of brick
to match the yard buildings, the
Navy specified a granite wall. A
stone boundary wall emphasized
the image of invulnerability and
strength; an image commensurate
with the Navy Yard's growth from
simple shipyard to complex military
installation. Later alterations made
to the wall reflected change or
development within the yard. Gates
in the wall were created or closed at

the whim of nineteenth century
commandants. In the years prior to
World War II, increased security re-
quirements dictated restricted ac-
cess to the yard. The granite wall
played a critical role in this security
effort. Protection for Charlestown
Navy Yard continues to this day.
Federal legislation assures the
former Navy structures protection
as cultural resources administered
by the National Park Service.

VISITING AIDES JOBS OPEN IN CITY

The city has announced CETA job
openings in the Visiting Aides Pro-
gram, sponsored by the Mayor's
Commission on Affairs of the El-
derly, which provide companionship
and health monitoring to Boston's
isolated elders. To be eligible for a
CETA slot as a visiting aide, a per-
son must be fifty-five or older, a
resident of Boston, unemployed for
fifteen weeks or more, and meet-
ing certain income requirements
(\$4,090). Visiting aides will earn \$75 a
week for twenty hours work.

Visiting aides work within their
own communities and are trained in
areas relevant to their job respon-
sibilities and of issues of particular
interest to the elderly. Each aide car-
ries a caseload of ten to fifteen
clients and meets weekly with them
in their homes.

In addition to providing friendly
visits on a one-to-one basis and
health monitoring, aides offer infor-
mation, referral, follow-up services,
when necessary, and escort ser-
vices to medical appointments and
shopping trips. Visiting aides also
provide emotional support during
periods of stress and supportive
counseling during periods of transi-
tion.

Interested applicants should see
the CETA Intake worker at 7 Beacon
Street, Boston. Those with ques-
tions about the program or any of
the others offered by the Mayor's
Commission should call the Elderly
Commission at 725-3986 or 725-
3987. Judy Settana, project director,
will be happy to answer your ques-
tions.

DISTURBING TRENDS IN HOME IMPROVEMENT SCAMS

Joanne A. Prevost, executive director of the Mayor's Office of Consumer Affairs and Licensing has released the results of a study of trends and patterns of consumer abuse in the home improvement contracting trades.

The top three causes of consumer complaint against home improvement contractors were: unsatisfactory workmanship (33.3 percent); failure to make repairs on a "Warranty for Years" (20.3 percent); and failure to disclose the full cost (10.6 percent). The statistics were abstracted from consumer complaints received at the Mayor's Office of Consumer Affairs and Licensing over an eighteen-month period by Investigator Justin LeVeque, the department's home improvement contracting specialist. LeVeque points out that a whopping 46.9 percent of all complaints about home improvements involve contracts for siding, roofing, and gutters, which are among the most expensive home improvements. LeVeque estimates that claims in excess of \$173,000 were filed regarding faulty or fraudulent home repairs, work never completed, and problems or defects never resolved.

Home improvement contractors solicit work and conduct general operations in a number of different ways. The type of home improvement business least likely to be the cause of complaints is a contractor with a permanent place of business.

The type of business found most likely to be the cause of complaints is a contracting business utilizing an answering service, machine recording, or a mailbox "drop" to handle customer relations. Such methods of contact may be used to avoid a notice by the consumer to cancel the contract under the state's "Three-Day Cancellation Clause" law (M.G.L. chapter 93, s. 48).

One other type of contracting business which appears to cause a higher incidence of customer complaints is the sole proprietorship, operated by the contractor, out of his home.

Over half of all home improvement complaints within the City of

Boston were filed by residents of Dorchester (28 percent); Jamaica Plain (11.4 percent); Mattapan (7.6 percent); and West Roxbury (6.8 percent) — total, 53.8 percent of all complaints.

One of the most disturbing trends indicated by the study is that some sort of unscrupulous practice, rip-off scheme, or criminal intent to defraud is suspected in 14.6 percent of all home improvement complaints! Elderly homeowners, minorities, and non-English-speaking people are particularly susceptible to such scams.

The statistics for one, four-month period indicate that \$12,530 were lost to larcenous schemes. This represents an average loss to each homeowner of \$1,392. In such cases, the unwitting consumer has been roped in by a fast-talking "contractor," who takes a sum of money in advance for a home repair job, and either never returns again, or performs only a minimal amount of work before vanishing.

The way in which you find a home improvement contractor may be vital to your success in finding a good one. Figures indicate that people who sought out a contractor at his permanent place of business had the fewest subsequent problems with the work done on their homes. Apparently some of the worst ways to choose a contractor are by hiring one you've seen working in the neighborhood (75 percent loss factor); by picking one at random from the phone book (72.3 percent loss factor); or by relying on the contractor recommended by a friend (61.5 percent loss factor).

The Mayor's Office of Consumer Affairs and Licensing warns all consumers who are thinking of having work done on their homes to go with the established local businesses. Take time to consider your choice. Use a contractor with a permanent business address, and one who is willing to give you the names of three or more satisfied customers who you may contact for references. Don't pay all the money at once for a job, and don't let any work begin without a written and signed contract which you have read and which you understand. Be sure to get a firm completion date for the work.

For a sample Home Improvement Contract, send a self-addressed envelope, stamped, business-size envelope to "Home Improvement Contract," Mayor's Office of Consumer Affairs and Licensing, City Hall Annex, 1 Tremont Street, Room 401, Boston, MA 02111.

PLANETS AND MOONS

"Planets and Moons," a new exhibit at Boston's Museum of Science, presents some of the clearest views Earth has yet had of objects in our solar system.

Not until space vehicles landed on our Moon and Mars, and spacecraft probes to still more distant bodies scrutinized them, could their makeup be deciphered.

Color enlargements based on NASA photos reveal features on several moons, the intricate rings of Saturn, Venus' gaseous cloud cover, pockmarked Mercury, Jupiter's pronounced turbulence, and the ice caps of Mars.

The exhibit emphasizes celestial phenomena that recur throughout the solar system, particularly volcanoes, craters, turbulence and erosion. These are shown in photographic details which become the subject of a visitor quiz. Where are volcanoes? Which planets are marked by these craters?

Two kalliopes, designed by artist Paul Matisse, Cambridge, grandson of the French Impressionist painter, Henri Matisse, also invite visitor participation. The kalliopes are a device that creates patterns of turbulence similar to the swirling clouds seen on the planets. The patterns that evolve may be regarded from an aesthetic as well as a scientific viewpoint.

Another simulation appeals to the eye and ear. A video sequence leads to craters on a moon or planet surface. Included are stroboscopic images of a falling drop of molten metal taken by M.I.T. Professor Harold Edgerton.

Visitors may examine and touch a meteorite on display. Weighing 295½ pounds (133 Kg), it was found in Arizona and donated many years ago to the Museum.

Among the secrets the space-
be photos reveal is the similarity
Venus to other terrestrial planets.
piercing its cloud cover with

ountains, and other features also

other startling discovery was the

work will be required.

HOUSING SALES DOWN IN 1980

Average home price up to \$59,273

Last year was a definite "downer"
from home sales, although the Mas-
sachusetts real estate market
showed signs of improvement as
1980 ended, according to a report
released by the Massachusetts As-
sociation of Realtors.

As a public service to reflect ex-
isting home market conditions in
the Commonwealth, the association
issued its 1980 sales summary of
the twenty-two Multiple Listing Ser-
vice (MLS) of local Boards of
Realtors in Massachusetts. The
year-end report showed drops both
in listings of available homes and in
actual sales, over the same period
in 1979. Meanwhile, the average sell-
ing price of an existing home con-
tinued its steady climb through
1980, although at a pace well below
the skyrocket of 1979.

"In the thirteen years that we
have kept such record, sales fell
only one other time," said
Massachusetts Association of
Realtors President George H. Bren-
ner. "Homes sales dropped 11.6 per-
cent in 1974, in line with that

period's sour economy. A slight
sales increase took place in 1975
followed by a wild market rally and a
28.6 percent sales gain in 1976."

Brenner continued, "Since 1976,
sales figures have continued to
grow each year until 1980 when 8.5
percent fewer homes were sold than
in 1979. In fact, our 1980 mid-year
report showed one of the steepest
sales drops (23.6 percent) on record.
For the full year, seventeen out of
twenty-two MLS reports showed
sales declines. We are happy to add,
however, that sales returned to
climb position by the fourth quarter
with a 7.8 percent increase over the
same quarter of 1979. Only seven of
the twenty-two MLS reports showed
sales declines in the fourth quarter."

The average price of an MLS-sold
home through 1980 rose 11.4 per-
cent, after skyrocketing to a record
seventeen percent increase in 1979.
This average price tag climbed from
\$53,219 in 1979, to \$59,273 in 1980.
However, the quarterly average price
of an existing home sale did break
the \$60,000 mark by the third quarter
of 1980 and was \$60,511 in the
fourth quarter of the year.

The MLS reports showed a broad
range of average prices throughout
the Commonwealth. The lowest
average home sales prices were
found in Franklin County (\$37,331);
Greater New Bedford (\$38,912); and
Greater Holyoke-Chicopee (\$40,280).
The highest averages were in
Greater Boston (\$77,868); Greater
Lawrence (\$75,810); and Cape Ann
(\$72,188). Virtually every MLS
reported gains in average price,
ranging from 4 percent to 20 per-
cent.

The Massachusetts average re-
sale home price tag for 1980 was
below both the nationwide (\$72,716)
and northeastern United States
(\$71,350) figures, reported by the Na-
tional Association of Realtors.

"The housing industry in this part
of the country concluded the roller
coaster real estate market ride of
1980, perhaps in better shape than
anywhere else," Brenner said. "Our
painful experiences during the
1974-75 housing slump seem to
have given the Bay State market the
antibodies to stay healthier than
other sections of the United States,
notably the Midwest."

SATURDAY HOURS RESUME AT MAIN LIBRARY

Philip J. McNiff, director of the Boston Public Library, announced today that the Central Library in Copley Square will resume Saturday service beginning March 14. Under a new schedule of hours, the Central Library will be closed on Monday mornings and Friday evenings.

Effective March 11, the full schedule for both the General Library and the Research Library will be: Mondays, from 1 p.m. to 9 p.m.; Tuesdays through Thursdays, from 9 a.m. to 9 p.m.; Fridays and Saturdays, from 9 a.m. to 5 p.m. The Rare Books and Manuscripts Department and the Print Department of the Research Library will be open on Mondays, from 1 p.m. to 5 p.m.; and on Tuesdays through Fridays, from 9 a.m. to 5 p.m. The Library will remain closed on Sundays and on holidays.

CONFLICT OF INTEREST?

As a city employee, can you work part-time for a private business that has a contract with the city? Can you accept gifts for performance of your official duties? Are there any restrictions on the kind of job you can take after you have been a city employee?

These questions, as well as many others, are covered by the Massachusetts Conflict of Interest Law, chapter 268A, passed in 1962, though the answers would depend on the circumstances in any given case. The law covers the activities of all state, county, and municipal employees whether elected or appointed, paid or unpaid, full or part time.

The purpose of the law is to ensure that public employees are not taking advantage of their position to further their own private interests. In Massachusetts, as in forty other states and the federal government, conflict laws are not only concerned with dishonesty and corruption, but also with preventing even the temptation of wrongdoing by prohibiting certain relationships or activities which might lead to wrongdoing or even appear to be wrong. By so doing, conflict laws allow government to monitor itself so that honest employees can work proudly and the general public can gain confidence in the reliability of government.

In Massachusetts, the agency charged with enforcement of the Conflict Law is the State Ethics Commission. The Commission is a permanent and independent agency (not to be confused with the MBM Special Commission or the Ethics Committees of the House and Senate.) The Ethics Commission has been in existence since 1978, and administers the state's Financial Disclosure Law, which unlike chapter 268A, only applies to candidates, elected officials, and certain management-level employees, as well as enforcing the conflict law.

Since the Conflict Law is written quite broadly, it has sometimes been difficult for employees to know when they were acting illegally. To help clarify the law, the commission has just published a guide to the Conflict of Interest Law. The Guide explains the law and also provides examples of the kinds of activities which are prohibited or allowed. The commission will also be holding a series of seminars and workshops with state agencies to answer questions about the law. The commission's goal is to encourage voluntary compliance with the conflict law by increasing awareness and understanding of it.

Copies of the Guide are available from the Ethics Commission, Room 1413, McCormack Building, One Ashburton Place, Boston, MA 02108. To order the Guide, to request an advisory opinion about the legality of your own activities, or to file a complaint, write to the commission at that address or call (617) 727-0060.

SW CORRIDOR PROJECT CONTRACT AWARDED

A \$20,999,863 contract for the construction of 2,000 feet of the Jamaica Plain section of the dedicated Orange Line and MBTA/Amtrak railroad line was awarded recently by the MBTA Board of Directors to the lowest six bidders.

The successful bid was submitted by the joint venture of Salah & Pecci Construction Co., Salah & Pecci Leasing Co., Inc., Truman Construction Co., Inc. of Canton. Bids were publicly opened December 30.

Minority subcontractor on this section of the Southwest Corridor Project is Y & M Steel Contractors Inc., of Millville, Maryland.

The work under this contract includes excavating 2,000 feet of right-of-way between Atherton and Boylston Streets, constructing a reinforced concrete slab and structure, known as the "boattecton"; constructing highway bridges to carry Atherton and Boylston Streets over the right-of-way; clearing over about 500 feet of the "park section" for future parkland; and construction of the foundation for what is now called Boylston Station.

SOCIAL SECURITY PAYS BILLIONS IN BENEFITS

Social Security paid monthly benefits totaling \$121 billion in 1980 to over 35,000,000 men, women and children.

The impact of Social Security on people's lives and on the economy is tremendous. The benefits represent a large part of these people's income. Total payments represent about one-fourth of all federal expenditures.

Social Security has been improved many times over the years. Coverage has been expanded so that today nine out of ten workers and their families are protected. Disability insurance was added in the 1950s and Medicare in 1965. Automatic cost-of-living benefit increases started in 1975 and provide a cushion against inflation.

Social Security provides comprehensive lifetime protection

people of all ages receive monthly benefits. They include the factory worker who just retired, as well as the eighty-nine-year-old aunt who has been getting widow's payments since 1955. Then there are the two young children of the woman who is of cancer, and the worker laid off more than a year after an accident. They receive checks, too.

Nearly all of the people on benefit receive the right check at the right address and on time each and every month.

In addition to monthly benefits, there is Medicare. This helps pay for hospital, doctor, and other medical bills for most people sixty or older; for disabled people who have been receiving benefits at least two years; and for many people with permanent kidney failure. In 1980, Medicare paid about \$35 a month on their behalf.

At a time when Social Security benefits have just increased, it is important to remember the benefit of the program as well as the downside.

The \$20,000 a year I earn as a technician is barely enough to support my family of four. With prices skyrocketing, I really can't afford extra Social Security tax now being deducted from my pay.

In your case as an employee, a tax increase should amount to at least an extra \$2 a week. An increase is necessary to help pay for rising costs of retirement, disability, and survivors' benefits, as well as Medicare hospital insurance. Keep in mind that Social Security protects you and your family now and will pay monthly benefits should you die or become permanently disabled.

I am only thirty now and won't retire until about the year 2015. With a high rate of inflation, will my Social Security check be worth anything then?

The Social Security tax and the benefit system takes into consideration rising wages and inflation. The Social Security protection you earn by paying Social Security taxes will keep pace with rising wage levels during your working lifetime. After you begin getting benefits, they will be automatically adjusted to increases in prices.

FIRE DEPARTMENT ORDERS

February 20, 1981.

General Order No. 13

I. RETIREMENTS

The following retirements, in accordance with the provisions indicated will become effective at 0800 hours, March 1, 1981:

Fire Fighter Lieutenant Paul W. Keefe, Engine Company 26, sections 7, 94, chapter 32, G.L.

Fire Fighter John G. Monteiro, Ladder Company 10, sections 7, 94, chapter 32, G.L.

Fire Fighter Raymond F. Brundage, Engine Company 9, sections 7, 94A, chapter 32, G.L.

Fire Fighter Stephen J. Clements, Engine Company 7, section 7, chapter 32, G.L.

Fire Lieutenant Keefe was appointed to the department February 10, 1943, and promoted to lieutenant August 15, 1966. Fire Fighter Monteiro was appointed August 31, 1955. Fire Fighter Brundage was appointed May 29, 1957. Fire Fighter Clements was appointed April 5, 1972.

All of these members leave the department with the best wishes of their associates.

II. HAZARDOUS BUILDING

The block of stores at 1131 to 1137 Blue Hill Avenue, District 12, is in hazardous condition. There are holes in the floors and in the roof. A large outdoor billboard on the roof is unsupported by any bearing walls.

Fire fighting personnel shall use extreme caution during fire fighting operations in this building. The building has been posted.

III. DEPARTMENT TELEPHONES

Telephone keysets within the department have been surveyed and a number of them are in the process of being removed.

District fire chiefs' telephones will be terminated in the near future. The telephone extension numbers 501 through 513 will be discontinued. District fire chiefs may be reached by dialing the telephone number of the station where they are quartered.

IV. COMMENDATION

On January 10, 1981, Engine Company 51 responded to Box 5376 for an alarm of fire at 109 Kendrick Street, Brighton.

Upon arrival, with fire and smoke showing, a line was immediately run to the first floor. Fire Fighter Thomas Burke entered the front door on his hands and knees and located an unconscious woman on the floor and removed her to safety before ventilation and water was put on the fire.

Because of his quick action under intense heat and smoke, the Fire Commissioner/Chief is pleased to commend Fire Fighter Thomas Burke of Engine Company 51 for his extreme effort and makes this commendation a part of his personnel folder.

V. LETTER OF THANKS

"Dear Commissioner:

The Board of Selectmen of the Town of Dedham, in conjunction with our Police and Fire Departments, is very grateful for the maximum mutual aid effort put forth by your firemen and emergency units during the recent fire at 30 Highland Street, Dedham. Without your assistance, the damage to surrounding homes and even the whole neighborhood could have been utterly disastrous.

Thank you very much.

Very truly yours,

ROBERT B. HAMSON,

Executive Secretary.

February 27.

General Order No. 15

I. RETIREMENTS

The following retirements, in accordance with the provision of section 5, chapter 32, G.L., will become effective at 0800 hours, March 1, 1981.

Fire Captain Louis M. McLaughlin, Ladder Company 1.

Fire Fighter John R. O'Kane, Engine Company 32.

Fire Captain McLaughlin was appointed to the department February 13, 1946, promoted to fire lieutenant June 1, 1966, and promoted to fire captain July 25, 1973. Fire Fighter O'Kane was appointed April 27, 1949.

Both of these members leave the department with the best wishes of their associates.

II. TRANSFERS

The following transfers will become effective 0800 hours March 4, 1981.

Fire Capt. Raymond P. Rogazzo, from Engine Company 37, to Personnel/Medical.

Fire Lieut. Paul F. O'Brien, from Engine Company 22, to Personnel/Medical.

Fire Lieut. Anthony F. Laurano, from Engine Company 56, to Personnel/Medical.

Fire Fighter Alonzo P. Brooks, Jr., from Engine Company 8, to Personnel/Medical.

Fire Fighter Joseph C. Doyle, from Fire Prevention, to Personnel/Medical.

(Continued on next page)

FIRE DEPARTMENT ORDERS

(continued from previous page)

Fire Fighter Richard T. O'Donnell, from Engine Company 2, to Personnel/Medical.

Fire Fighter William B. O'Sullivan, from Engine Company 12, to Personnel/Medical.

Fire Fighter Walter B. Paris, Jr., from Fire Prevention, to Personnel/Medical.

Fire Fighter James A. Sheehan, from Training and Research, to Personnel/Medical.

Fire Fighter John D. Sheehan, from Engine Company 26, to Personnel/Medical.

Fire Fighter Salvatore R. Russo, from Engine Company 11, to Personnel/Medical.

Fire Fighter Ernest M. Taro, from Ladder Company 19, to Aerial Tower 2.

III. STREET DISCONTINUED

A portion of Vernon Street, Roxbury, from Shawmut Avenue approximately 400 feet southwesterly, has been discontinued.

IV. STREET NAMES CHANGED

Effective March 1, 1981, the following-named streets will be changed to read as follows:

Templeton Street, from Dorchester Avenue to Adams Street, will be changed to Monsignor Patrick J. Lydon Way.

Gove Street Footway, East Boston, from Bremen Street, approximately 155 south-easterly, will be changed to Reverend Anthony Ciao Footway.

V. COMPUTERIZED ALARM ASSIGNMENT SYSTEM

The following changes shall be made in UAAB:

Pre-Fix, Box 12-321 — Add new installation: Housing for Elderly, 447 Adams Street. Attention: Engines 20, 18, 17; Ladder 7; AT2; District 8. Add to First Alarm Slate at Patrol Desk.

Pre-Fix, Box 13-3816 — Add new installation: Housing for Elderly, 11 Summer Street. Attention: Engines 48, 49, 45; Ladders 28, 16; District 10. Add to First Alarm Slate at Patrol Desk.

VI. LETTER OF THANKS

"Dear Commissioner:

I would like to take this opportunity to drop a short note of personal thanks to the members of your department for their quick and efficient actions during my recent accident. To me, it was just another example of a highly professional and dedicated group of men doing their jobs to the best of their ability.

It is my opinion that Boston has the finest fire fighters in the country and their recent reaction to my misfortune reinforced that feeling.

Again, on behalf of myself, my wife, and my two sons, I would like to extend my thanks for another job well done.

Sincerely,
signed/WILLIAM E. MCGONAGLE,
686 East Eighth Street,
South Boston, Mass."

FALSE FIRE ALARMS KILL!

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

Purchasing Division Various Papers

Dear Mr. Mayor:

On July 31, 1980, your Honor approved the award of two publicly advertised contracts for furnishing paper, cut sizes (copy, Xerographic, memo), Proposal 426, to Office Supplies, for the period July 1, 1980, to June 30, 1981. The contracts were awarded to A.B. Dick Company and Empire Paper Corporation.

In the original letter of award it was stated that Item 18 (Xerographic papers) would be awarded at a later date, after bids received had been evaluated. Evaluation is now complete and it is my recommendation that award of this item be made to A.B. Dick Company in the approximate amount of \$109,720.

Your permission is therefore requested to amend the original award letter and award a contract to A.B. Dick Company in the approximate amount of \$124,861, net. This amount includes the original award of \$15,141 and Item 18.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

Equipment Replacement Parts

Dear Mr. Mayor:

In August, 1980, your Honor approved the award of several publicly advertised contracts for furnishing heavy equipment parts, Proposal 281, to the Public Works Department, for the period July 1, 1980, to June 30, 1981.

Inadvertently, two companies were omitted from the list of recommended awards and the amount for another company was misstated.

Accordingly, your permission is requested to amend the original award letter by adding the following companies and their approximate total amounts: C.N. Wood Company, \$40,000, net thirty days; Old Dominion Brush Company, Inc., \$15,000, ½ net days, net 30 days.

Also, by increasing the award to Babcock Equipment Co., Inc. from \$10,000 to \$20,000 less 2 percent discount at time of payment.

Respectfully yours,
Frank F. Chin,
Purchasing Agent.

EEPA

Remedial Education, etc.

Dear Mayor White:

I respectfully request your Honor's permission to amend a contract with the Casa del Sol Educational Program, Inc., a nonprofit organization with offices at 405 Shawmut Avenue, for the purpose of continuing the youth employment and training program. Under the terms of the amendment, the contractor will continue to provide English-as-a-Second Language (ESL) training and remedial education instruction in basic skills emphasizing prevocational and vocational training for thirty-five Hispanic CETA participants. In addition, the contractor will provide counseling and job placement services to these participants.

This amendment will increase the contract amount from \$63,542 by \$9,180 to a total amount not to exceed \$72,722. The contract will continue to be effective for the period October 1, 1979, through September 30, 1980. Funds for the operation of this contract are provided to the City of Boston through a federal government grant under Title IV, Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524.

As this amendment is for the continuation of a program at a reasonable cost by a contractor of proven effectiveness for a public purpose would be served by its advertising. I therefore request approval to dispense with inviting sealed bids in the *Record*, pursuant to authority granted to the City of Boston Code, St. 4, s. 5.

Sincerely,
George Benne,
Administrator.

FIRE DEPARTMENT

Dear Mr. Mayor:

On May 22, 1979, your Honor approved the award of a contract based on public advertising to Pilgrim Laundry, 65 Allerton Street, for doing laundry work of the Boston Fire Department during the period July 1, 1979, to June 30, 1980, at a cost not to exceed \$26,130.

Your approval is requested to amend the contract to provide for payment for services which were in excess of our estimated requirements. The cost of this amendment which is effective on June 30, 1980, shall not exceed \$5,601, which I have determined to be reasonable. The contract, as amended, shall not exceed \$31,731.

Because of the fact that the services have been performed I believe that public advertising would serve no useful purpose.

Very truly yours,
George H. Parnell,
Fire Commissioner.

HEALTH AND HOSPITALS DEPARTMENT Equipment Service

Dear Sir:

On April 17, 1980, your Honor approved a request to award, without advertising, a contract to Coulter Electronics, Inc., 110 Commence Way, Woburn, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$11,000.

Under the contract the following equipment would be repaired as needed: one Counter, Model S, Serial No. 1735; one Coulter Counter, Model S, Serial No. 11.

I respectfully request that your Honor approve an amendment to the original Letter of Award by eliminating the request for repair and replacing it with a request for a maintenance contract at a cost not to exceed \$10,400. The maintenance contract includes all parts, travel time, and preventive maintenance service necessary to keep the above equipment in good operating condition.

Very truly yours,
Lewis Pollack,
Acting Commissioner.

POLICE DEPARTMENT

Auto Washes

Mr. Mayor:

On July 9, 1979, your Honor approved an award of a contract based on public advertising bids to Boston Car Wash Corporation, 10 West Howell Street, Dorchester, for the washing of Police Department motor vehicles during the period of July 1, 1979, to June 30, at a cost not to exceed \$3,500.

Our approval is requested to amend this contract since our estimate of the number of auto washes has proven to be too low. The cost of this amendment shall not exceed \$500, which I have determined to be reasonable. The contract, as amended, shall not exceed \$4,000. Therefore, I respectfully request your authorization to amend this contract on the above-stated terms. All other terms and conditions of the contract shall remain the same.

Very truly yours,

Joseph M. Jordan,
Police Commissioner.

PROGRAM DEVELOPMENT

Mr. Mayor:

On May 4, 1977, this department awarded a contract to Massachusetts Institute of Technology approved by your Honor, without public advertising, to perform research and evaluation services in connection with the Innovative Projects Program, during the period March 3, 1977, through June 3, 1978, at a cost not to exceed \$57,000.

Our authorization is requested to amend the contract in order to evaluate additional services of importance to the program at a price not to exceed \$3,800 and to extend the term of the contract to September 30, 1978. Analysis at the end of the term of the contract suggests a need to evaluate certain program components still ongoing. The cost of the contract, as amended, shall not exceed \$60,800, which, in my opinion, is a reasonable price. Final payment on this contract has not been made. Because of the professional nature of these services and the importance of continuity in program evaluation, it is my opinion that public interest would not be served by public advertisement for bid.

Sincerely,

John Weis,
Director.

PUBLIC FACILITIES DEPARTMENT

Data Processing Services

Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on February 13, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Bowne Information Systems, Inc., One Bulfinch Place, amending a publicly advertised contract executed November 15, 1979, providing for automatic data processing services for technical specifications for the Public Facilities Department during the period of July 1, 1979, to June 30, 1980, so as to increase the contract sum \$5,000, from \$10,000 to \$15,000.

The reason for this request is the estimate prepared for these services was substantially less than the actual services performed for the

twelve-month period. The original \$10,000 only covered an eight-month period and this amendment is required for the months of March, April, May, and June, 1980. Further, the contractor shall furnish these additional services for the same unit prices filed in its publicly advertised bid on June 12, 1979, which is reasonable.

Your Honor's authorization is requested to dispense with further advertising in the *City Record*, and to amend a contract to Bowne Information Systems, Inc., executed November 13, 1979, without advertising, for a sum not to exceed \$5,000.

Respectfully,

Donald B. Manson,
Director.

Consulting Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on June 18, 1980, I hereby request your Honor's written authority, to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Clark & Slater Associates, Inc., 163 Highland Avenue, Needham Heights, amending a contract executed January 30, 1980, providing consulting services in connection with computerized energy monitoring system and related activities for the period October 1, 1979, to June 30, 1980, so as to increase the amount authorized for expenditure from \$22,415, to \$26,415, which is a reasonable cost.

This net increase of \$4,000 is a result of additional services arising from (a) Boston Edison renumbering their accounts requiring the recodifying of the city's cross reference file; (b) Boston Gas charging the computer tape formats for gas data; (c) substantial research by the consultant's senior staff to trace errors in utility billing; (d) continual use of the computer to implement these changes.

Due to the provision of the law to the effect that executed city contracts may be altered only by a writing signed by all parties thereto, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,

Donald B. Manson,
Director.

Engineering Services

Pursuant to a vote of the Public Facilities Commission on June 18, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to enter into an agreement with Thompson Consultants, Inc., 44 Farnsworth Street, amending a contract executed October 26, 1979, providing mechanical engineering services for the period July 1, 1979, to June 30, 1980, so as to increase the amount authorized for expenditure from \$15,000 to \$18,000, which is a reasonable cost.

This net increase of \$3,000 is a result of additional services by the consultant required for the study and direct participation in the solution of field problems associated with the operation of the computerized energy conservation lighting system at five ballfields (Billings, Lee, Columbia Point, Derby, and Fens Stadium).

Due to the provision of the law to the effect that executed city contracts may be altered only by a writing signed by all parties thereto, including the Mayor and bonding company, public advertising in this instance would serve no useful purpose.

Respectfully,

Donald B. Manson,
Director.

PUBLIC WORKS DEPARTMENT

Bridge Repairs

Dear Mr. Mayor:

Reference is made to your approval of my letter dated February 13, 1980, copy enclosed, concerning an amendment to the contract for repairs to the draw and approach span piers of the Northern Avenue Bridge over the Fort Point Channel, by Rev-Lyn Construction Company, 1265 Saratoga Street, East Boston, to \$414,362.50.

During the preparation of the above amendment, two items for payment were inadvertently omitted and should have been included in the estimate for the total amount due to the contractor.

Due to this oversight, the amendment request of February 13, 1980, fell short of the necessary funds to pay the contractor for work that has been completed, by the amount of \$54,748.25.

Therefore, your approval is requested to further amend this contract to provide for payment for Item F4-4; Guniting and Pointing, and F6-8; Remove and Reset Bearing, for the amount specified above.

The contract, as amended, shall not exceed \$469,110.75, which I consider to be reasonable.

Inasmuch as this work has been completed by the contractor, public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,
Commissioner.

REAL PROPERTY DEPARTMENT

Security Services

Your Honor:

Your permission is respectfully requested to extend the contract of May Security, Inc., a corporation, 59 Williams Street, Chelsea, which was for fiscal 1979-1980, for a period of two months from July 1, 1980, through August 31, 1980.

May Security, will be retained for a period of two months pending the passing of the 1980-1981 budget. The Buildings Division of this department, has requested an appropriation in its Personnel Account, to provide its own security force in City Hall and various buildings. I have also advertised for a private security company, until such a time as the budget is passed by the Boston City Council, I do not know which type security will be employed.

May Security is qualified to continue this work. Compensation under this extension shall not exceed \$20,000 for a two-month period from July 1, 1980, through August 31, 1980.

(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

The reason for awarding this extension is, as stated, awaiting the passing of the budget. The cost is the same as last year's contract per month.

Respectfully yours,
Bernard W. Callahan,
Assistant Commissioner.

SCHOOL DEPARTMENT

Plumbing Alterations

Dear Mr. Mayor:

I request your approval of my action to amend the contract with the Master Mechanical Contractors, Inc., Revere, for plumbing alterations at Boston Latin School, 78 Avenue Louis Pasteur, from \$59,838 to \$60,438.

This amendment becomes necessary because on May 27, 1980, subbids were received for plumbing alterations at Boston Latin School. All subbids were rejected for masonry and an allowance of \$5,000 was carried by all of the general contractors for masonry. Invited subbids were sent out to four contractors and the prices received were as follows: Folan Waterproofing & Construction Co., Inc., \$5,600; Master Mechanical Contractors, Inc., \$6,660; R & L Construction Co., Inc., \$7,418; Peter Vento & Sons, Inc., no bid.

The lowest acceptable bid was submitted by Folan Waterproofing & Construction Co., Inc., 864 Washington Street, South Easton, Mass., in the amount of \$5,600. The price of the general contractor was amended from \$59,838 to \$60,438, which reflects a difference of \$600.

Respectfully submitted,
Paul W. Mooney,
Senior Structural Engineer.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the award of contracts without public advertising, based on the following communications:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division Motorola Parts

Dear Mr. Mayor:

The Purchasing Division has received Requisition 3 from the Communications Maintenance Unit of the Police Department for the furnishing of Motorola replacement parts which will be used in Motorola radio equipment owned by the Police Department during the period July 1, 1980, to June 30, 1981.

The Police Department is requesting only Motorola parts because past experience using other manufacturers has been unsatisfactory.

Because Motorola is the manufacturer of these replacement parts and is the sole supplier, it is my opinion that no useful purpose would be served by publicly advertising for prices, and that the best interests of the city would be served by awarding a contract to Motorola. The prices that will be charged the city by Motorola under this contract will be the same prices it charges GSA. Crystals and batteries will not be included under this contract.

Your permission is requested, therefore, to award a contract, without advertising, to Motorola C&E, Inc., a division of Motorola, Inc., 33 Hartwell Avenue, Lexington, in an amount not to exceed \$68,000 net, a cost I consider reasonable.

Respectfully yours,

Frank F. Chin,
Purchasing Agent.

Ink Rollers

Dear Mr. Mayor:

The Purchasing Division has received a requisition from the Boston City Hospital for furnishing ink rollers for use with its Dymo 5000 imprinter.

These rollers are manufactured only by Dymo and they have informed me that, because of the quantity involved in this prospective purchase, its price is substantially less than its pricing to the General Services Administration. The item and price is: 640 purple ink rollers, 2½ inches at \$7.90 each. For these reasons, it is my opinion that publicly advertising for bids on this item would serve no useful purpose.

Accordingly, your permission is requested to award a contract, without advertising, to Dymo Business Systems, Inc., Randolph Industrial Park, Randolph, in an amount not to exceed \$5,056, net.

Respectfully yours,

Frank F. Chin,
Purchasing Agent.

AFFAIRS OF THE ELDERLY

Optical Services

Your permission is hereby requested to award a contract, without advertising, to Mass. Society for the Prevention of Blindness, Inc., 375 Concord Avenue, Belmont, for the operation of Project "Bright Eyes" within the City of

Boston, in an amount not to exceed \$13,000 for the period September 9, 1980, through June 30, 1981.

Project "Bright Eyes," a free, optical testing and follow-up program for the elderly, will be conducted twice weekly during the fall, winter, and spring months with a approximate weekly caseload of between thirty and forty persons, and is a joint venture between the Commission on Affairs of the Elderly and the Mass. Society for the Prevention of Blindness who have satisfactorily performed this service in the past.

The funds to be provided under this contract will be used to meet food, professional and other administrative costs incurred by the society in the amount of approximately \$310 per week, which is reasonable for the service to be provided. This will amount to approximately 55 percent of the project cost, the remainder of which will be met by the society.

Due to the unique nature of the service to be delivered it is hereby requested that the commission be allowed to dispense with public advertising in awarding this contract.

Sincerely,

Elaine F. Guiney,
Commissioner.

EEPA

Placement Services

Dear Mayor White:

I respectfully request your Honor's permission to contract with Romac & Associates of Boston, Inc., 125 High Street. The contractor will provide referral placement services of finance professionals to fill positions in the EEPA fiscal office. This contract is necessary to insure a pool of candidates of sufficient professional caliber to fill several key position vacancies. Romac is a recognized leader in the placement of finance professionals. These services will be provided at a standard competitive industry rate (1 percent per \$1,000 salary).

Funds for the operation of this contract will be provided to the city through a federal government grant under Title I of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will be effective for the period June 16, 1980, through September 30, 1980, at a total cost not to exceed \$20,000.

Because this is a negotiated contract for placement services at a reasonable rate from an agency of established repute that conforms to federal procurement requirements for CETA programs, no public purpose would be served by advertising for sealed bids. I therefore request permission to dispense with formal advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permission to contract with Action for Boston Community Development, Inc. (ABCD) a nonprofit organization with offices at 178 Tremont Street, for the employment of a Hubert Humphrey Occupational Resource Center liaison for the Boston Public Schools/EEPA Vocational Education/CETA Linkage Project. The individual will work to centralize the coordination and management information systems of both Boston Public Schools and EEPA for job

development/placement programs for CETA-eligible youth in high technology jobs.

The contractor was selected pursuant to proposal submitted by BPS to the Division of Occupational Education of the Massachusetts Department of Education. The state agreed to fund the grant based on the BPS proposal which designated EEPA as a subgrantee with the stipulation that EEPA subcontract with ABCD for the HHORC liaison. This request is retroactive due to the delays in the approval of the individual hired for this position by the Boston Public School Department.

Funds for the operation of this contract will be provided to EEPA by the Boston Public School Department through a grant from the State Department of Education. The original source of the state funds is Title IV (YE) of the Comprehensive Employment and Training Act (CETA) Amendments of 1978. This contract will be effective for the period July 14, 1980, through September 30, 1980, at a total cost not to exceed \$4,200.

As this is a negotiated contract at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Computer Training Supplies

Dear Mayor White:

I respectfully request your Honor's permission to contract with the Opportunity Industrialization Centers of Greater Boston, a nonprofit organization with offices at Dudley Street, Roxbury. Under the terms of the contract, this award will provide funding for the upgrading and expansion of training equipment and supplies required for the operation of a skill training program for twenty CETA participants as electronic/computer technicians under Title VII.

The contractor was selected pursuant to RFP by the Boston Private Industry Council, the designated body to administer Title VII funds to operate a Title VII program. Based on a recommendation by the Massachusetts Technology Council, EEPA decided to provide STIP II funds to the contractor for renovation and new equipment to update the facilities and enhance the Title VII electronic/computer technicians training program. The U.S. Department of Labor approved said use of these Title VII funds.

Funds for the operation of this contract will be provided to the City of Boston through a federal grant under Title III, STIP II of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P. L. 95-524. The contract will be effective for the period November 1, 1980, through September 30, 1980, at a total cost not to exceed \$95,000. This request is retroactive due to the time involved in determining the appropriate funding source and the contractor and the subsequent budget approval.

As this is a negotiated contract at a reasonable cost, which conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval

ense with initing sealed bids by advertis-
in the *City Record*, pursuant to authority
ted under the City of Boston, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Mayor White:
I respectfully request your Honor's permis-
to contract with Opportunities In-
tialization Centers of Greater Boston, Inc.,
nprofit organization with offices at 184
ey Street, Roxbury, to operate a Title VII
ing program for CETA participants. Under
terms of the contract, the contractor will
de skill training to twenty CETA par-
nts as electronic/computer technicians.
contractor will provide a thirty-two-week
culum which was designed by the Massa-
etts High Technology Council and has
adapted to meet the needs of CETA eligi-
participants. These participants originally

e Industry Council, Inc., the department
or-designated body to oversee the use of
/II funds, as outlined in 20 CFR, Part 679.
contractor was selected based on a com-
ve evaluation of its proposal and the con-
r's past succesful operation of CETA pro-
s. This request is retroactive due to fur-
visions in the negotiated budget. A more
award letter had been submitted to you
y 9, 1980. Due to this budget revision, the
letter was withdrawn.

ds for the operation of this contract will
vided to the City of Boston through a
il grant under Title VII of the Comprehen-
Employment and Training Act (CETA)
dments of 1978, P.L. 95-524. This con-
will be effective for the period May 19,
through September 30, 1980, at a total
ot to exceed \$53,360.

this is a negotiated contract at a
able cost, which conforms to federal
ement requirements for CETA programs,
blic purpose would be served by formal
ising. I therefore request approval to
ise with inviting sealed bids by advertis-
the *City Record*, pursuant to authority
d under the City of Boston Code, St. 4, s. 5.

George Bennett,
Administrator.

Occupational Literacy Program

Mayor White:
I respectfully request your Honor's permis-
to contract with Action for Boston Com-
/ Development (ABCD), a nonprofit
zation with offices located at 178 Tre-
Street, for the purpose of operating an
Basic Education/Occupational Literacy
m. The program will provide educational
psis, computed-based learning, inal
tutorial and a vocational curriculum
Public Service Employment (PSE) par-
nts.

he contractor was selected for the award
contract as a result of a publicly adver-
request for proposal conducted by the
ement Unit of the EEPA Public Service
yment Department. The contractor was
ad from among seven responding agen-
rough a competitive evaluation based
rogram design, curriculum, cost-

effectiveness, organizational background, and
management plan. This request is retroactive
because after the final contractor selection,
EEPA was required to negotiate separate
budgets for each of three participant categor-
ies.

Funds for the operation of this contract will
be provided to the City of Boston through a
federal government grant under Title II-D of the
Comprehensive Employment and Training Act
(CETA) Amendments of 1978, P.L. 95-524. The
contract will be effective for the period June 1,
1980, through September 30, 1980, at a total
cost not to exceed \$106,000.

As this is a negotiated contract for services
at a reasonable cost, which conforms to
federal procurement requirements for CETA
programs, no public purpose would be served
by further advertising. I therefore request ap-
proval to dispense with inviting sealed bids by
advertising in the *City Record*, pursuant to
authority granted under the City of Boston
Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Dear Mayor White:

I respectfully request your Honor's permis-
sion to contract with Action for Boston Com-
munity (ABCD), a nonprofit organization with
offices located at 178 Tremont Street, for the
purpose of operating an Adult Basic Educa-
tion/Occupational Literacy Program. The pro-
gram will provide educational diagnosis,
computer-based learning, individual tutorial
and vocational curriculum for fifty Public Ser-
vice Employment (PSE) participants.

The contractor was selected for the award of
this contract as a result of a publicly advertis-
ed request for proposal conducted by the
Outplacement Unit of the EEPA Public Service
Employment Department. The contractor was
selected from among seven responding agen-
cies through a competitive evaluation based
on program design, curriculum, cost-
effectiveness, organizational background, and
management plan. This request is retroactive
because after the final contractor selection,
EEPA was required to negotiate separate
budgets for each of three participant
categories.

Funds for the operation of this contract will
be provided to the City of Boston through a
federal government grant under Title VI-A of
the Comprehensive Employment and Training
Act (CETA) Amendments of 1978, P.L. 95-524.
The contract will be effective for the period
June 1, 1980, through September 30, 1980, at a
total cost not to exceed \$23,000.

As this is a negotiated contract for services
at a reasonable cost, which conforms to
federal procurement requirements for CETA
programs, no public purpose would be served
by further advertising. I therefore request ap-
proval to dispense with inviting sealed bids by
advertising in the *City Record*, pursuant to
authority granted under the City of Boston
Code, St. 4, s. 5.

Sincerely,

George Bennett,
Administrator.

Printing Program

Dear Mayor White:

I respectfully request your Honor's permis-
sion to contract with the North Bennet Street

Industrial School, an accredited educational
institution with offices at 39 North Bennet
Street. Under the terms of the contract, the
contractor will operate an after school printing
program for eight Project YES-eligible youths.
The youths will receive fifteen hours of train-
ing per week in the areas of typesetting,
platemaking, press work, marketing, etc. This
contract will provide for the salary of a part-
time instructor in connection with the training
program described above.

The contractor was selected based on its
past exemplary performance in the operation
of an after school program for the City of
Boston youths, and on the merits of a proposal
which underwent an extensive review process.
This request is retroactive due to an ad-
ministrative oversight after the proposal and
budget were received by EEPA.

Funds for the operation of this contract will
be provided to the City of Boston through a
federal government grant under Title I of the
Comprehensive Employment and Training Act
(CETA) Amendments of 1978, P.L. 95-524. The
contract will be effective for the period
January 1, 1980, through June 30, 1980, at a
total cost not to exceed \$5,000.

As this is a negotiated contract, at a
reasonable cost, which conforms to federal pro-
curement requirements for CETA programs, no
public purpose would be served by formal
advertising. I therefore request approval to
dispense with inviting sealed bids by advertis-
ing in the *City Record*, pursuant to authority
granted under the City of Boston Code, St. 4, s.
5.

Sincerely,

George Bennett,
Administrator.

HEALTH AND HOSPITALS DEPARTMENT

Communications System

Dear Sir:

An invitation for bids for a two-phase project
involving a new telecommunication system for
the department for the period April 15, 1980,
through June 30, 1980, was advertised in the
City Record, on February 28, 1980, and bids
were publicly opened on March 10, 1980. The
following bids were received:

Economics and Technology, Inc., 101 Tre-
mont Street, \$46,880; and Telecommunication
Management Corporation, 40 Washington
Street, Wellesley Hills, \$58,755.

Pursuant to the authority delegated to me by
the Board of Health and Hospitals, I hereby re-
quest your Honor's permission to reject the
above bids and award a contract, to Telecom-
munication Management Corporation, 40
Washington Street, Wellesley Hills, for the
period May 15, 1980, through June 30, 1980, at
a cost not to exceed \$10,000. This contract will
not be completed in fiscal 1980, therefore the
department may request and extension of one
year ending on June 30, 1981, subject however
to an appropriation being available and to the
approval of the Mayor. In no event will the total
cost of services to be performed under this
contract and any extension thereof exceed
\$58,755.

Under this contract, the telecommunication
needs of the department will be determined, a
system will be designed to meet these needs,
specifications for the installation of new

(continued from previous page)

equipment will be prepared, an orderly conversion plan will be formulated, installation will be monitored and acceptance of the new installation will be recommended.

The Telecommunication Management Corporation was recommended by the department selection committee for the following reasons: first, and most important, they have had extensive experience in communication designs for many health care facilities, such as the Virginia Medical Center with 8,000 lines and the University of Massachusetts Medical Center with 2,000 lines. Both of these centers are larger than the Department of Health and Hospitals, which has 1,500 lines. Second, in the initial stages of this contract, data collection and program planning is of the utmost importance in effectively determining the department needs and accomplishing this phase in a timely manner. A review of the technical aids and trained personnel available for this project from Telecommunication Management Corporation, indicate they do possess the necessary equipment and personnel to satisfy the needs of the department.

Economics and Technology, Inc. has no experience with health care facility designs and their technical availability does not compare with that of Telecommunication Management Corporation.

Therefore, because the results of the contract will determine the effectiveness of the department's communication system for many years and because Telecommunication Management Corporation is better qualified by experience in the health care field to perform effectively and the price in my opinion is reasonable, no benefit would inure to the city by publicly readvertising for bids.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Addiction Clinic Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to Trustees of Health and Hospitals of the City of Boston, Inc. 818 Harrison Avenue, for the period August 29, 1980, through June 30, 1981, at a cost not to exceed \$20,000.

Under this contract, Trustees of Health and Hospitals of the City of Boston, Inc., a non-profit, charitable corporation created under chapter 174 of Acts of 1880, as most recently amended by chapter 656 of the Acts of 1965, will provide Boston Police details for the Narcotic Addiction Clinic at 19 Bradston Street. The police detail will provide protection for staff and clients in the waiting room area; will escort unruly clients out of the building; and will accompany staff persons for narcotic deliveries from Boston City Hospital Pharmacy to the clinic as needed. The hours of coverage will be from 6:15 a.m. to 6:15 p.m. week-days, and from 6:15 a.m. to 11 a.m. on Saturdays, Sundays, and holidays.

Coverage at the clinic was provided by the Police Department on an overtime basis and because of the long delay in receiving pay-

ment for their services the officers refused the overtime assignment.

Therefore, because the clinic cannot function without this service, and because the Trustees of Health and Hospitals of the City of Boston, Inc., a nonprofit organization can effect payment in a timely manner acceptable to the police officers and at a cost which is reasonable, I recommended approval of this request.

Very truly yours,
David L. Rosenbloom,
Commissioner.

Data System Services

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to award, without advertising, a contract to Inforex, Inc., 12 New England Executive Park, Burlington, for the period July 1, 1980, through December 31, 1980, at a cost not to exceed \$6,690.

Under this contract Inforex, Inc. will rent a key to disk data collection system for use by Management Information Services Division of the department, along with all necessary services as specifically set forth in the specifications.

Therefore, inasmuch as this is a contract for a partial year, the equipment is still in the department, our employees are familiar with its use and operation, and because the complete turnover to the McAuto system is within four to six months, and the cost is reasonable, no benefit would inure to the city by publicly advertising for bids.

This letter is being filed late because the need for this partial contract was not determined until recently.

Very truly yours,
Lewis Pollack,
Acting Commissioner.

Leasing Certain Premises

Dear Mayor White:

I hereby respectfully request permission to dispense with public advertising in the *City Record*, for the leasing of an estimated 696 square feet of space in the building located at 232 Bunker Hill Street, Charlestown, and to enter into a lease with Michael P. Walsh, Post Office Box 62, Charlestown, for this space. The premises are needed by this department as a local office in connection with the Housing Improvement Program, a federally funded program. Your approval will permit the Housing Inspection Department to exercise the renewal option clause.

The proposed lease is for a term of one year — July 1, 1980, to June 30, 1981 — with options on the part of the city to extend the term for an additional year. The proposed rental fee is \$450 per month. This is a reasonable cost.

It is my opinion that nothing is to be gained by public advertising as this location is suitable for conducting program activities.

Very truly yours,
John A. Vitagliano,
Commissioner.

LAW DEPARTMENT

Legal Services

Dear Mr. Mayor:

I respectfully request your written approval to dispense with inviting proposals by adver-

tisement in the *City Record*, and to award contract to Joan T. Schloss, 145 West Chestnut Street, Boston.

Under this contract, Miss Schloss, attorney, will provide legal services to the Department, as required, on an hourly contract basis, including but not limited to research, preparation of briefs, memoranda, opinion letters, pleadings, motions, documents, as well as court appearances necessary.

The total cost of this contract is not to exceed \$4,410. Payments to be made will be the rate of \$9 per hour for actual time, which is reasonable. The period of the contract will be from July 1, 1980, to September 1980.

In view of the professional nature of the services to be rendered, public advertising would serve no useful purpose.

Very truly yours,
Harold J. Carroll,
Corporation Counsel.

LIBRARY DEPARTMENT

Fire Alarm Services

Dear Mr. Mayor:

On August 31, 1978, there was entered into with Automatic Alarm Co., Inc., 39 Francis Road, Braintree, a contract for the inspection and testing of fire alarm systems at the Central Library Building and at various other locations in the Library system, as specified in the period July 1, 1978, through June 30, 1979.

Your Honor had given approval for the award of this contract following a public advertisement and public opening of bids. Bids were invited and submitted for the above-mentioned work "during the period July 1, 1978, through June 30, 1979, with the option for renewal July 1, 1979, and as of July 1, 1980, at the price." (The option was to be that of the original bid.)

During the two previous contract periods Automatic Alarm Co., Inc. performed to the satisfaction of the Library. Their acquaintance with the Library's plant and its problems is a desirable asset for the firm to be allowed to continue the contract work for still another year.

In view of the foregoing, the Board of Trustees in charge of the Library Department, acting for and in behalf of the City of Boston, and wishing to exercise the option of renewal, has taken the following action:

Voted, That, without public advertising, there be entered into with Automatic Alarm Co., Inc., 39 Francine Road, Braintree, a contract for the inspection and testing of fire alarm systems at the Central Library Building and at various other locations throughout the Library system, as specified in the specifications, during the period July 1, 1980, through June 30, 1981, at a total cost not to exceed \$4,000.

The delay in requesting your permission to award this contract is due to vacancies created by the loss of two of our trustees at the close of fiscal year 1980. Therefore, a quorum did not exist until July 30, 1980, so the contract could only be approved at this July meeting.

The permission of your Honor is, therefore, respectfully requested to enter into a contract with Automatic Alarm Co., Inc. for the contract work at the original bid price of \$4,000, with

ic advertising for bids. In the opinion of
Official, the cost to the city is a reasonable
for the services to be rendered.

Respectfully,
Board of Trustees in Charge of Library
Department of the City of Boston,
By Philip McNiff,
Director.

**MAYOR'S OFFICE
Programming, etc.**

Mr. Mayor:
I respectfully request your permission to
proceed with public bidding and to award a
contract, without advertising, to Mrs. Carolyn
Connors, 113 Cliff Road, Wellesley Hills.
Mrs. Connors will be involved in the pro-
gramming and scheduling of several of the
events for the upcoming Boston 350 Celebra-
tion in addition to personally administering
and supervising many of the functions.
The contract will commence on April 30,
1980, and will terminate on June 30, 1980. The
cost will not exceed \$2,800, which will be
added to the budget for Public Celebrations.
In view of Mrs. Connors' prior experience in
the field and her expertise in these matters, it
is my opinion that no benefit will accrue to the
city by publicly advertising for this service.

Very truly yours,
Katharine D. Kane,
Director, Community Services Department.

Mr. Mayor:
I respectfully request your permission to
proceed with public bidding and to award a
contract, without advertising, to Mrs. Carolyn
Connors, 113 Cliff Road, Wellesley Hills.
Mrs. Connors will continue her involvement
in programming and scheduling of many of
the events for the upcoming Boston 350 Cele-
bration in addition to personally administering
and supervising many of the functions.

The contract will commence on July 1, 1980,
and will terminate on or before December 31,
1980. The cost will not exceed \$10,000, which I
deem to be reasonable, and the contract
will be charged to the budget for Public
Celebrations.
In view of Mrs. Connors' prior experience in
the field and her expertise in these matters, it
is my opinion that no benefit will accrue to the
city by publicly advertising for this service.

Very truly yours,
Katharine D. Kane,
Director, Community Services Department.

PROPERTY EQUALIZATION

Cost Analysis

I respectfully request your Honor's permis-
sion to dispense with public advertising, and
to award a contract to E. H. Boeckh Co., 615
Michigan Street, Milwaukee, Wisconsin,
a professional real property cost analysis
firm in respect to valuation of real property
in the City of Boston.

Under the terms of the contract, E. H.
Boeckh will supply the Office of Property
Equalization, with specialized computer ser-
vices which will enable this office to test the
approach to valuation on selected parcels
of real estate within the city. E. H. Boeckh is a
highly specialized specialist in this professional field
and is uniquely qualified to provide this ser-

Compensation under this contract shall not
exceed \$5,000 which I have determined to be
reasonable for the work to be performed.

The term of this contract shall be from
August 1, 1980, to June 30, 1981.

Because of the professional nature of the
service to be supplied, I believe that public
advertising would serve no useful purpose.

Sincerely,
Arthur E. Shea,
Director.

**PUBLIC FACILITIES DEPARTMENT
Energy Monitoring System**

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities
Commission on June 18, 1980, I hereby request
your Honor's written authority to dispense
with inviting proposals by advertisement in the
City Record, and to award a contract to Clark &
Slater Associates, Inc., 163 Highland Avenue,
Needham Heights.

Under the terms of the contract, Clark &
Slater will continue to process data for the
computerized energy monitoring system for all
city-owned buildings, including monthly
reports, for the period July 1, 1980, to June 30,
1981, at a cost not to exceed \$60,000, which is
a reasonable amount.

Based on the past two years' experience
with this firm, I believe it is qualified to provide
the services required.

For this reason, and due to the technical and
professional nature of the services to be per-
formed, it is my judgment that public advertis-
ing would serve no useful purpose.

Respectfully
Donald B. Manson,
Director.

Consultant Services, etc.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities
Commission on May 20, 1980, I hereby request
your Honor's written authority to dispense
with inviting proposals by advertisement in the
City Record, and to award a contract to
Gladstone Associates, Inc., economic con-
sultants, 2030 M Street, NW, Washington, D.C.
20036, with local offices at 66 Long Wharf.

This contract covers professional services
in connection with development of the
Jamaica Plain High School (a surplus
building), which consists of evaluation of
market and economic factors, and written
report; at a cost not to exceed \$3,500, which is
a reasonable amount.

These services were originally included in a
letter to your Honor dated November 28, 1979,
awarding a contract to Paul J. Carroll &
Associates with Gladstone Associates as a
subcontractor, which letter we subsequently
(on May 22, 1980) requested be rescinded. This
was due to the fact that the project and scope
of work were revised. As a result, it was deter-
mined that Gladstone be awarded a separate
contract to cover Jamaica Plain High School
only. In the interim, the above services were
completed by the consultant. Therefore, public
advertising in this instance would be un-
necessary.

Respectfully,
Donald B. Manson,
Director.

Sampling Asbestos, etc.

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities
Commission on July 23, 1980, I hereby request
your Honor's written authority to dispense
with inviting proposals by advertisement in the
City Record, and to award a contract to GCA
Corporation, 213 Burlington Road, Bedford.

Under the terms of the contract, GCA Cor-
poration will provide professional services in-
volving the sampling, testing, and analysis (in-
cluding a written report) of asbestos through-
out City Hall, at a cost not to exceed \$19,500
(including \$380 for out-of-pocket expenses)
payable in accordance with the schedule set
forth in the contract, which is a reasonable
cost.

GCA Corporation was recommended to us
by the local office of the Environmental Protec-
tion Agency. Dr. Charles Spooner, GCA
employee and project manager, is the
recognized expert in the analysis of asbestos.
Therefore, I believe this firm has the qualifica-
tions to provide the services required.

Due to the technical and professional nature
of the services to be performed, it is my judg-
ment that public advertising would serve no
useful purpose.

Very truly yours,
Donald B. Manson,
Director.

Design Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities
Commission on July 23, 1980, I hereby request
your Honor's written authority to dispense
with inviting proposals by advertisement in the
City Record, and to award a contract to
Whitney, Atwood, Norcross Associates, Inc.,
architects, 256 Boylston Street.

Under the terms of the contract, Whitney, At-
wood, Norcross Associates, Inc., will provide
architectural design services for the prepara-
tion of plans, specifications, and construction
cost estimates, and supervision of construc-
tion of renovations to unassigned space on the
fourth floor of the Ambulatory Care Center,
Center, Boston City Hospital, for the relocation
of Outpatient Dental Services; at a cost for
such services of 16.47 percent (1980
architect's C rate) of the presently estimated
cost of construction of \$150,000, the cost of
the proposed services not to exceed \$31,305
(including \$6,600 for supplementary services),
which is a reasonable cost.

Based on our past experience with this firm,
in particular its work on the Dowling Building, I
believe it is qualified to do the work required
under this contract.

Due to the technical and professional nature
of the services to be performed, it is my judg-
ment that public advertising would serve no
useful purpose.

Respectfully,
Donald B. Manson,
Director.

Branch Library Construction

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities
Commission on July 23, 1980, I hereby request
your Honor's written authority to dispense
with inviting proposals by advertisement in the
City Record, and to enter into a contract with

CONTRACTS AWARDED WITHOUT ADVERTISING

(continued from previous page)

the Boston Housing Authority (through its receiver), 53 State Street.

The contract is for payment of the work competitively bid in accordance with G.L. c. 149, sec. 44A-L and described as "Alternates" in the BHA construction contract documents for the Washington Village Branch Library at Old Colony Housing Project, South Boston; specifically: 1. vestibule and entrance doors, described in section 5B of the documents; 2. finish carpentry, including built-in reference desk, built-in work table in staff room, and built-in bookshelves as indicated in drawing 2 (furnishing); 3. kitchenette, described in section 11A of the contract; and 4. electrical work, including fire alarm, and emergency lighting. The base contract price of \$88,300 is to be paid by the Boston Housing Authority through the use of CDBG funds and the Public Facilities Department is to pay for the work described above in order to complete the project, at a cost not to exceed \$27,150, which is a reasonable amount.

Since the work described above has been publicly advertised and the purpose of the contract is to pay for particular items of work, public advertising in this instance would serve no useful purpose.

Respectfully,
Donald B. Manson,
Director.

Architects Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on May 20, 1980, I hereby request your Honor's written authority to dispense with inviting proposals by advertisement in the *City Record*, and to award a contract to Paul J. Carroll, d/b/a Paul J. Carroll & Associates, architects, 729 Boylston Street.

This contract covers professional services in connection with development of the Roslindale High School (a surplus building), which consist of preliminary review of developers' proposals, evaluation of market and economic factors, development of architectural criteria, intensive review of developers' proposals, and preparation of a report on their various strengths and weaknesses; provided, however, that Paul J. Carroll & Associates secures the services of Gladstone Associates, Inc., 2030 M Street, NW, Washington, D.C., with local offices at 66 Long Wharf, as a consultant by way of a subcontract at no cost to the city other than the compensation stated in the contract; at a cost not to exceed \$5,670 (including \$335 for out-of-pocket expenses and preparation of report) which is a reasonable cost.

These services were originally included in a letter to your Honor dated November 28, 1979, which we subsequently (on May 22, 1980) requested be rescinded. This was due to the fact that the project and scope of work were reduced to cover Roslindale High School only (eliminating Jamaica Plain and Charlestown High Schools). In the interim the above services were completed by the consultant. Therefore, public advertising in this instance would be unnecessary.

Respectfully,
Donald B. Manson,
Director.

Leasing Certain Premises

Dear Mayor White:

Under a delegation of its power from the Public Facilities Commission to the director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for Office of Public Service purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of 989 square feet of office space located at 432 Washington Street, Brighton.

The term of the lease will be twelve months, beginning July 1, 1980, and ending June 30, 1981.

The monthly rental will be \$650, with the rental charge for this initial term not to exceed \$7,800. I have determined that this cost is reasonable.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
Donald B. Manson,
Director.

Dear Mayor White:

Under a delegation of its power from the Public Facilities Commission to the director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for Municipal Office purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of 50,000 square feet of office space located at 147 Milk Street.

The term of the lease will be twelve months, beginning July 1, 1980, and ending June 30, 1981.

The monthly rental will be \$39,583.33, with the rental charge for this initial term not to exceed \$475,000. I have determined that this cost is reasonable.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
Donald B. Manson,
Director.

Dear Mayor White:

Under a delegation of its power from the Public Facilities Commission to the director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for Library Department purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of 400 square feet of library space at 161 Hand Avenue, Allston.

The term of the lease will be twelve months, beginning July 1, 1980, and ending June 30, 1981.

The monthly rental will be \$980, with the rental charge for this initial term not to exceed \$11,760. I have determined that this cost is reasonable.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
Donald B. Manson,
Director.

Dear Mayor White:

Under a delegation of its power from the Public Facilities Commission to the director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for Parks and Recreation Department purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of 8,000 square feet of land and buildings located at Regis Road, Mattapan.

The term of the lease will be twelve months, beginning July 1, 1980, and ending June 30, 1981.

The monthly rental will be \$4,756.24, with the rental charge for this initial term not to exceed \$57,074.88. I have determined that this cost is reasonable.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,
Donald B. Manson,
Director.

Dear Mayor White:

Under a delegation of its power from the Public Facilities Commission to the director of Public Facilities, I hereby respectfully request your Honor's written authority to dispense with public advertising in leasing certain premises deemed necessary and convenient by the director for Police Department purposes. There is a further delegation of power from the commission to the director to execute such lease, or extension thereof, upon receipt of said written authority from the Mayor of Boston.

The demised premises consist of 10,000 square feet of land located at the rear of Clayton Street, Dorchester.

The term of the lease will be twelve months, beginning July 1, 1980, and ending June 30, 1981.

The monthly rental will be \$533.33, with the rental charge for this initial term not to exceed \$6,399.96. I have determined that this cost is reasonable.

Since these facilities are both adequate and convenient, it is not felt by the writer that public advertising would be useful in this instance.

Very truly yours,

SCHOOL DEPARTMENT Physicians Services

Mr. Mayor:
On behalf of the School Committee of the City of Boston, your authorization for the award of a contract to Children's Hospital Center, 300 Longwood Avenue, for services to be performed from September 3, 1979, to June 30, 1980, at a cost not to exceed \$10, which is deemed reasonable by the School Committee, is respectfully requested. Children's Hospital will provide school health services to Roxbury High School. The provider will cause its physicians to attend clinical sessions of three and one-half hours each for thirty-six weeks at Roxbury High School. The provider will assure that all of its physicians will perform duties set forth in Attachment A. The duties therein shall be changed upon mutual written agreement of both partners. The physicians are uniquely qualified to perform these services because of special training and their strong experiential background with children and school personnel in an outpatient setting. Negotiations for the provision of uniformed health services were extended beyond the deadline due to complications. Further, there were difficulties in procuring signatures of the Certificate of Authority for all health-related agencies. Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing such services, it is the determination of the School Committee that the public interest would not be served by public advertisement for bids. Monies for this contract are budgeted within the District Community Superintendent's budget.

Very truly yours,
Edward J. Winter,
Secretary.

Transportation Services

Dear Mr. Mayor:

On behalf of the Boston School Committee, I request your authorization to award a contract, without further public advertising, to Educational and Recreational Services, Inc., a wholly owned subsidiary of ARA Services, Inc. of Philadelphia, for furnishing school transportation services for the period August 1, 1980, to August 31, 1983, at a cost estimated not to exceed \$13.3 million per year.

The contractor will operate and maintain the fleet of 515 school transportation vehicles previously acquired by the School Committee to provide virtually all regular and special needs school transportation within the City of Boston. The School Committee received five submissions in response to its advertisement for proposals. Two proposals were to operate not more than twenty vehicles. These proposals are being held for further appropriate action. Two proposals and one counter-proposal were submitted to operate and maintain the entire fleet.

ATE Management and Service Co., Inc. of Cincinnati, Ohio, filed a counter-proposal to operate and maintain the fleet on a pure, cost-plus fixed-fee basis. ATE manages on a similar basis a number of public transit systems, including 1,000-plus vehicle fleets in Minneapolis and Baltimore. However, its experience in school bus operations is not that great. To date, it has only operated thirty-four yellow school buses and no discrete student special needs transportation. While the management fee proposed by ATE is substantially lower than that of the other two vendors, the School Committee, under the ATE counter-proposal, would be required to make full reimbursement of whatever costs ATE incurred in its operations. Furthermore, ATE's management fee would not be subject to penalty in the event of poor performance. Since the ATE counter-proposal lacked any guaranty of price stability and managerial incentives, the committee rejected the counter-proposal.

Educational and Recreational Services, Inc. (ERS) and Boston Transit, Inc. (BTI), an affiliate of Transportation Management Corporation, wholly owned by Richard Zimmerman, both filed proposals substantially conforming to the contract specifications. During the public hearing process, Boston Transit offered to make a price concession which would have made Boston Transit approximately \$1.5 million lower on this \$40 million, three-year contract. About half this price spread is attributable to a lower maintenance budget, which could have resulted in higher fuel and parts costs and short vehicle life, all of which costs are borne by the School Committee. In the final analysis, there is deemed to be no

demonstrable material cost difference between the ERS and BTI proposals. The School Committee selected ERS as the contractor upon the recommendation of the superintendent because ERS had in place a three-year labor contract with a no-strike clause, it had a better maintenance program to safeguard the committee's investment in the fleet, its access to corporate resources made it more likely to succeed in performing such a large contract, and, finally, BTI (or more exactly TMC) has had an unsatisfactory performance record with respect to special needs transportation.

Because both conforming bidders made price and other concessions favorable to the city after the filing of sealed proposals, all proposals are being rejected and the award is to be made without further advertising. It is the determination of the School Committee that the price is reasonable and no public purpose would be served by further advertising. The cost of the contract is to be charged to various school transportation accounts.

Very truly yours,
Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On behalf of the School Committee, I request your authorization to award a contract, without further advertising, to Boston Transit, Inc. of 1850 Columbus Avenue, an affiliate of Transportation Management Corporation, wholly owned by Richard Zimmerman, for the transportation of special needs students to destinations outside of the City of Boston, and for the transportation of adult mental retardates, for the period August 1, 1980, to August 31, 1983, at a cost estimated not to exceed \$3.2 million per year.

When sealed proposals were opened on June 25, 1980, only Boston Transit had filed a proposal substantially conforming to the contract documents. Cambridge Taxi, d/b/a Transcomm, Inc. had filed a proposal for roughly one-half of the work and attached numerous objectionable conditions to its proposal. Bill Taylor Transportation Co., failed to submit a bid deposit and its proposal for Schedule II (Adult Mental Retardates) was rejected. After extending the Cambridge Taxi proposal as though it had bid for all of Schedule I and II, Boston Transit was the lower bidder by more than \$550,000 per year.

Since Boston Transit (or, more exactly, the affiliated Transportation Management Corporation) has experienced performance difficulties in the past, the School Committee directed that alternative options be developed. When no viable alternatives emerged, the committee awarded the contract to Boston Transit subject to the condition that the contract could be terminated after one year if, in the committee's sole determination, performance had not been satisfactory.

Since the contract conditions have been changed, all proposals are being rejected and the contract is to be awarded, without further advertising. Since Boston Transit submitted the lowest bid and since time does not so permit, no public interest would be served by further advertising. The price is reasonable. The cost of this contract will be charged to various school transportation accounts.

Very truly yours,
Edward J. Winter,
Secretary.

CONTRACTS AWARDED WITHOUT ADVERTISING

(continued from previous page)

Dear Mr. Mayor:

On behalf of the School Committee, I request your authorization to award a contract without further advertising to Transporting the Handicapped and Elderly in Massachusetts (THEM), Inc. of 59 Clarendon Street, Watertown, for transporting special needs students confined to wheelchairs for the period August 1, 1980, to August 31, 1983, at a cost estimated not to exceed \$180,000 per year.

When sealed proposals were opened on June 25, 1980, only one proposal was received for this specialized transportation service. The proposal was from Boston Transit, Inc., an affiliate of Transportation Management Corporation, which had performed unsatisfactorily for wheelchair transportation in the past. School Department staff invited THEM, Inc. to submit a proposal. THEM, Inc. is a nonprofit corporation presently managing a similar service known as "The Ride" for the MBTA. The proposal submitted by THEM, Inc. is only approximately \$9,000 per year higher than that submitted by Boston Transit, Inc.

Since the performance record of the only bidder has been unsatisfactory, and since the price proposed by THEM, Inc. is virtually the same as that submitted by Boston Transit, the bid is being rejected and the contract is to be awarded without further advertising. The School Committee has determined that the price is reasonable and that no public interest would be served by further advertising. The cost of the contract is to be charged to various school transportation accounts.

Very truly yours,
Edward J. Winter,
Secretary,

Computer Services

Dear Mr. Mayor:

Your authorization is requested for the award of a contract, without public advertising, to Digital Equipment Corporation, 175 Federal Street, for furnishing servicing of computer equipment for the Mario Umana School for the period July 1, 1979, to June 30, 1980 (twelve months at \$770 per month), as a cost not to exceed \$9,240.

This equipment is located at the Mario Umana School, 312 Border Street, East Boston, and this is a continuation of an existing contract. The equipment has proven satisfactory and the Business Manager deems that the cost is reasonable. Because of the specialized nature of this computer equipment and since it would be impractical and conceivably violative of the court order to remove the equipment from the Umana School, it is the opinion of the staff that advertisement of bids would serve no useful purpose. The contract was mailed to Digital Equipment Corporation on December 3, 1979. It was returned to the Business Manager's Office on June 16, 1980. Digital Equipment Corporation would not sign the contract until the attached additional terms and conditions of the contract were approved by the general counsel of the School Department.

Very truly yours,
Leo J. Burke,
Business Manager.

Chapter 766 Services

On behalf of the School Committee of the City of Boston and upon the recommendation of the superintendent of schools, I request your authorization for the award of a contract to American School for the Deaf 139 Main Street, West Hartford, Conn., for the providing of special educational services to Boston Public School children in accordance with M.C.L. c. 71B (chapter 766), and the regulations promulgated thereunder, at a cost not to exceed \$56,050, which is deemed to be reasonable by the committee, during the period of July 1, 1980, to June 30, 1981.

The facility will provide thereunder educational services to five Boston Public School pupils in accordance with each child's educational plan devised for him by the School Department staff.

Because it has been determined that this child or these children are in immediate need of special attention, and due to the professional nature of the services to be performed, and the expertise of the facility in this area, it is the determination of the School Committee that the public interest would not be served by public advertising for bids.

Very truly yours,
Edward J. Winter,
Secretary.

Training Films

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston, I request your authorization for the award of a contract, without public advertising, to Robert Gilmore Associates, Inc., 990 Washington Street, Dedham, to produce not more than ten, short training films at \$3,000 per film for a total not to exceed \$30,000.

These films, each dealing with a specific area of the federally funded Title I program of the Boston Public Schools, would be produced by extensive and selective editing of videotape footage filmed by Gilmore Associates under a previous contract won through a publicly advertised bid.

The experience and familiarity gained by Gilmore Associates in performance of the previous contract have uniquely qualified that company to perform the proposed services more efficiently and economically than any other company. For another company to attempt to provide the proposed services would require excessive time and effort not only on the part of such company but also from Boston Title I staff personnel.

One competitive vendor, D4 Film Studios, Inc., would not bid on this kind of service, and another competitor, Videocom, Inc., would not commit himself without spending some time in familiarizing himself with the previous footage and the product of the previous contract.

It appears that the interests of the city would be best served by not advertising for public bids.

Federal funding for this contract is available in the budget of cost center 900.

Contract term to begin May 1, 1980, or upon award of contract, and end not later than November 1, 1980.

Submission of this request has been delayed while the State Department of Education, the approving agency under federal law, has assessed the appropriateness of the ex-

penditure. That department has now approved a budget amendment not to exceed \$11,000 which amount is within the terms of the contract and is deemed reasonable by the business manager.

Sincerely yours,
Leo J. Burke,
Business Manager.

Phototypesetting Equipment

Dear Mr. Mayor:

Your authorization is requested for the award of a contract, without public advertising, to AM Leasing, a subsidiary of AM International Leasing Corp., Inc., 244 East Court, Palatine, Illinois, for the continuation of a lease/purchase agreement for phototypesetting equipment at the McKinley School. The lease would mark the second of the three arrangements, at which time the McKinley School would own the equipment. The lease would continue to be \$460.15 per month, or \$5,521.80 per year. The equipment to be leased would again include: 524, CompSet phototypesetting machine with tab/data; 504, floppy record/playback unit; 3, standard type 745, processor for developing photographic paper.

This machine would continue to be used for the preparation of camera-ready copies of several important publications developed by the McKinley School and School Department. The equipment and service has been satisfactory over the past year and the business manager deems that the price is reasonable.

The contract is being processed because the original four copies that were mailed to them in December, 1979, they never received. This agreement would be executed with funds from P.L. 94-142, Project 80-035-461B, Code Y160-811-0079-23, the period is from November 1, 1979, to August 31, 1980.

Very truly yours,
Leo J. Burke,
Business Manager.

Testing Services, etc.

Dear Mr. Mayor:

On behalf of the School Committee of the City of Boston and upon recommendation of its superintendent, I request your authorization for the award of a contract, without public advertising, to Educational Progress, a division of Educational Development Corporation, 4235 South Memorial Drive, Tulsa, Oklahoma, for services to be performed during the period July 21, 1980, to June 30, 1981, at a cost not to exceed \$245,920, which is deemed reasonable by the School Committee.

The company will provide the following services: reading and mathematics individualized criterion-referenced tests, scoring service, two test administrations in both reading and mathematics for 35,000 students in grades through eight; consultant services of not more than fifteen days for Boston School administrators to insure efficient use of test results.

The company is uniquely qualified to perform these services because Educational Progress Corporation is the sole publisher of individualized criterion-referenced tests, and provides representatives specifically trained to implement the service.

cause of the professional nature of the services to be provided under this agreement the expertise of the contractor in providing services, it is the determination of the Superintendent of Schools and the School Committee that the public interest would not be served by public advertisement for bids.

A delay in submission is occasioned by Boston Plan for Basic Skills Improvement, which had to be submitted to the State Department of Education, and in its final stages of completion had ramifications for this contract. Funds are available in the budget of the Department of Curriculum and Competency, Reliability Center 100 and Responsibility Center 104.

Edward J. Winter,
Secretary.

TREASURY DEPARTMENT

Collecting Division

Data System Services

Mr. Mayor: I respectfully request your permission to proceed with public advertising and to award a contract to Access International, Inc., a corporation, located at 218 Lewis Wharf, for installation of receipting system specifically to be used as part of a request for proposal for programming services.

Under the terms of the contract, Access International, Inc. will prepare complete system specifications for an automated receipting system for the Collecting Division, which will include teller entry of payment data, automatic production of duplicate bills and receipts, and the capacity to accept transmission of payment data from the Shawmut Bank lock box by magnetic tape or telephone line transmission. Access International, Inc. is uniquely qualified for this work because of their familiarity with the city's current system due to prior work on this issue, and work of a similar nature for other clients.

Compensation under this contract shall not exceed \$25,000, which I have determined to be reasonable for the work to be performed. The term of this contract shall be August 1, 1980 to October 15, 1980.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Lowell L. Richards, III,
Collector-Treasurer.

Proposals for Project Manager for Planning Study.

City of Boston, acting by the Commissioner of Traffic and Parking, hereinafter referred to as the Commissioner, with offices at 721, City Hall, Boston, Massachusetts, invites applications from interested and qualified individuals or firms to assume the responsibilities of project manager for a planning study of User-Side Subsidy Shared-Ride Service for elderly and handicapped citizens in the City of Boston. Funds for the planning study have been approved by the Urban Mass Transportation Administration under section 6 of the Urban Mass Transportation Act of 1964, as amended. The purpose of the study is to examine the feasibility of a shared subsidy shared-ride taxi service for elderly and handicapped citizens and to pro-

vide a detailed plan for the implementation of the service.

The project manager will be responsible for all technical aspects of the study, for a cooperative working relationship with the Boston taxi industry, the social service agencies providing special transportation services, and the federal, state and local government transportation agencies and for the use of innovative taxi services and management techniques. The project manager must have managerial and administrative skills needed to create and coordinate new transportation services. Previous experience with large municipal transportation operations and coordination with public and private agencies for the provision of transportation services is essential. Graduate level work in the application of methodology in transportation planning is highly desirable. One to two years practical experience and two to three years of related or educational experience are required. Proven analytical, writing, speaking, coordination and creative abilities are required.

Applications and contract documents may be obtained from the Traffic and Parking Department, Room 721, Boston City Hall.

Completed applications must be returned to the Traffic and Parking Department no later than 12 noon, Friday, March 13, 1981.

MAYOR FILES PETITION TO HELP FUND SCHOOLS

Seeks greater fiscal accountability from School Department

Mayor Kevin H. White, on March 3, filed a home rule petition aimed at keeping Boston's financially troubled schools open until the end of the year by setting in motion a transfer to the School Department budget of \$18 million earmarked in this year's municipal budget to settle tax abatement cases.

The legislation, the Emergency School Funding Act, filed with the City Council, also provides for greater school financial accountability by calling for the end of autonomy for the Boston Public Schools.

This legislation alone, however, is not enough to keep the schools open through the end of this year at their current spending rate.

To keep the schools open, the joint venture undertaken by the Mayor, the School Committee, the State Education Commissioner, and the unions must be successfully completed.

Under the plan, the School Department would be required to conform to the same budget procedures now observed by all other municipal departments.

Additionally, the School Department would be subject to a quarterly spending plan and periodic review of its personnel budget to guarantee that its spending rate does not approach a deficit. If a deficit situation develops, the legislation empowers the Mayor to close the school system.

Said Mayor White, "This plan is our part of an overall cooperative effort by public officials to keep the schools open. With the help of the other officials in this situation, our attempt will be successful.

The legislation also authorizes the city to borrow funds to replace that million for tax abatement refunds, and for the settlement of the remainder of the so-called Tregor case liabilities. The legislation allows borrowing up to \$90 million for these purposes.

That borrowing will be backed by revenues provided by the collection of service taxes which fall primarily on nonresidents of Boston.

Acting as collateral for the borrowing, those taxes include:

- an increase of the Hotel-Motel Excise Tax from the current 5.7 percent to 7 percent. That percentage increase would mean \$4 million to Boston. The remainder would still accrue to the state coffers.

- an increase of the Meals Excise Tax from 5 percent to 7 percent. The 5 percent, currently collected by the state would still go to the state. The additional 2 percent, totaling \$5.6 million annually, would go to the city.

- creation of a Parking Excise Tax which would impose a 20 percent tax on all off-street parking spaces, both in garages and lots. This tax, paid by the driver and collected by the parking operator, would mean \$11 million to the city yearly.

- imposing a \$500 tax on each parcel consolidated with others for new development. This tax on development would mean \$500,000.

MUNICIPAL DEPARTMENTS

Building Department 617/725-4700

The Building Department is responsible for the safety of all buildings and building construction in the city. The protection of the property owner and the general public is the basis for functions and procedures of the department. It administers and enforces the Building Code and issues permits and licenses to comply with the code.

Applications for all types of building must be filed with the department. This includes application for work of a minor nonstructural nature, as well as major construction or alteration. The department issues individual permits for new construction; alterations, additions, or changes of occupancy; amendments; use of the premises; foundation and excavation; and demolition. The Building Department consists of four major divisions: Inspection, Zoning, Plan Examination, and Enforcement or Legal.

The Inspection Division conducts the inspection of on-site materials and workmanship during construction, as well as examination of existing buildings for violations of the code. Sections within the Inspection Division include Construction and Safety, Egress, Electrical, Plumbing, Gasfitting and Elevator.

The Zoning Division examines building plans to determine if proposed uses of the land in the city are in compliance with the Zoning Code.

Plan Examination is responsible for the review of the entire plan for building. This division must be sure

(Continued from previous page)

MUNICIPAL DEPARTMENTS . . .

that the building plan conforms to all Building Law requirements. plan examination gives approval of plans or notification of necessary changes to be made in the plans before approval is granted.

Enforcement or Legal is the division which handles violations of, or refusals to comply with, the Building Code.

Assistance from the Building Department staff is available for persons proposing to purchase property for development or existing buildings within the city. A copy of the Building Code may also be purchased from this department.

City Hall, 8th floor, Room 807

Bureau of Milk and Licenses (H&H) **617/722-4568**

The Bureau of Milk and Licenses of the Health and Hospitals Department is responsible for the sanitation of the drinking water and the milk and dairy products in Boston. Inspectors from the bureau conduct tests on the above-mentioned upon complaint as well as random sampling. The bureau also issues licenses for: shipping, selling, distributing, dispensing and pasteurizing of milk and dairy products; peddling of fruits, vegetables, and raw fish; undertakers; health spas or clubs; private garbage dealers and dumps; manufacture of nonalcoholic beverages and wood alcohol; trailer parks; manufacture of prepared or chopped meats; as well as a variety of minor licenses.

174 North Street

City Clerk 617/725-4602

The City Clerk Department has the care and custody of the records of the City Council and of all city records, documents, maps, etc., concerning the care and custody of which no other provision is made. The City Clerk's Office also records and files various legal documents as provided by statute and ordinance. The City Clerk and Assistant City Clerk are Clerk and Assistant Clerk of the City Council.

City Hall, 6th floor, Room 601

City Council 617/725-3040

The Boston City Council is comprised of nine members elected at-

large, all of whom serve their two-year terms concurrently. The President is a Council member elected for a one-year period to act as chairman of all Council meetings and as Mayor in absence of the presently elected Mayor.

The authority of the City Council includes the power to review the annual city budget; to make reductions in the fiscal proposal, but not increase allocations; to approve all federal grants and loans for projects which the city shares the cost; to vote on several mayoral appointments; and to authorize loans and land sales.

The Council is organized into a system of committees which may investigate city problems. The City Council can issue ordinances (change of law) which are subject to the Mayor's approval. Resolutions which do not involve changes in law and do not require approval of the Mayor may be issued by the Council. The third type of legislation which the Council can issue is an order, submitted by a Councillor at a public meeting, which requests information of the Mayor or city department heads.

EMERGENCY SCHOOL FUNDING ACT

This bill:

—authorizes the city to borrow bonds to obtain the cash necessary to pay court-ordered tax abatement refunds. These bonds would be repaid over no more than five years.

—modernizes the laws controlling short-term borrowing. This would enable the city to finance short-term loans by providing it with more flexibility in using lines of credit, and in pledging state aid for the repayment of notes.

—authorizes the city to collect four new taxes totaling approximately \$20 million in revenues which fall principally on nonresidents:

A. Hotel-Motel Excise Tax: increased to a total of 9 percent from the current 5.7 percent. The 5.7 percent which now goes to the state would continue to go to the state. That service tax would net approximately \$4 million annually.

B. Parking Excise Tax: imposes a tax of 20 percent on all street parking places, in garages and lots. This tax, paid by the driver and collected by the parking operator as part of the fee, would total \$11 million annually.

C. Meals Excise Tax: imposes a tax of 2 percent on all restaurant sales in Boston. This is in addition to the existing 5 percent state meals tax. It would raise \$5.6 million to Boston.

D. Parcel Subdivision and Consolidation Excise Tax (Development Tax): imposes a tax of \$100 on each parcel consolidated with others for a new development created from a larger parcel, or a condominium development. This would mean \$500,000 to Boston.

—eliminates School Department fiscal autonomy. The School Department would be required to submit its budget to the Mayor and the City Council in conformance with existing procedures for all municipal departments. In addition, a spending plan would be established and periodically reviewed to insure that School Department funds are not depleted before the end of the fiscal year.

HOW IT HAPPENED

Dorchester Heights Fortified March 4-5, 1776

During the night of March 4, and early morning of March 5, 1776, colonial militia and local volunteers healthily fortified the summit of Dorchester Heights. Wrapping their cannon wheels with straw to deaden the sound, they moved cannons from Roxbury and entrenched them on the hills of Dorchester Neck (now South Boston).

As dawn broke on March 5, Colonel John Thomas, commander of the colonial fort at Roxbury which spearheaded the fortification, and others who knew of the feat, waited anxiously. Would the British in Boston abandon the city, or would they attack as they had at Bunker 1?

On March 6, British General Howe ordered an amphibious assault on Dorchester Heights. A storm blew during the night, however, and the troops could not land.

After nearly two weeks of waiting, the colonists were relieved to see a stir of activity on Boston's waterfront. Finally, on March 17, 1776, British ships weighed anchor. They waited a full ten days before leaving the Harbor, and sailed for Nova Scotia on March 27.

March 17, the day the troops left Boston soil, is now celebrated as Evacuation Day. The Evacuation Monument atop Dorchester Heights, now operated by the National Park Service, commemorates these events. You may visit the grounds daily. National Park Service Rangers knowledgeable about the history of the site are on duty during the summer months.

EVACUATION DAY

A famous event in Boston's history took place on March 17, 1776, Evacuation Day. Except for the feat in Canada, the American colonists were holding their own against the British forces. The colonial forces in Boston were stronger than ever despite the lack of guns and ammunition.

Fortunately, cannons and ammunition arrived to add an ironic touch to the triumph; for the guns which Ethan Allen had captured from the British at Fort Ticonderoga almost a year before were available for use against the invaders.

During the winter, the American troops, commanded by Colonel Henry Knox, hauled the cannons over the wilderness trails on sledges drawn by oxen. By early March, 1776, the captured cannons were mounted on Dorchester Heights, South Boston, and were made ready for action.

Viewing the awesome sight of these cannon aimed directly at their ships, the British invaders realized that their occupation of Boston must cease at once. The evacuated Boston, March 17, 1776, and set sail for Nova Scotia. It was a great victory for General George Washington, for the British never again returned to that area.

MDC BEGINS WATER CONSERVATION PROGRAM

Metropolitan District Commissioner Terrence J. Geoghegan announced recently a two-pronged assault to begin immediately on conservation of the public water supply and reduction in the loss due to leakage.

"It is important," Commissioner Geoghegan emphasized, "in these days when water shortages are prevalent in many parts of the nation that the MDC do its part to insure we are not losing any of our precious supply because of inefficiency or neglect. Therefore, we will undertake the meter modernization project and the water leakage survey immediately as part of our ongoing water conservation program to make certain our agency serves its water users as well in the future as it has in the past."

The MDC, Geoghegan noted, will spend approximately \$3,750,000 to undertake a meter modernization project that will include the furnishing and installation of process controller units, terminals and peripheral hardware and software at the MDC headquarters building at 20

Somerset Street, Boston. In addition, sixty-nine water meters throughout the MDC water system will be rehabilitated, and monitoring equipment will be obtained for all 137 MDC meters.

Commissioner Geoghegan said his agency will also undertake a water leakage survey of the MDC distribution system from Quabbin Reservoir in the western part of Massachusetts through tunnels, aqueducts, reservoirs, to points where water leaves the MDC system and is delivered to water-using communities.

SMALL CLAIMS COURT; PEOPLE'S COURT

Do you have a consumer complaint you aren't sure how to handle? Consider taking it to small claims court!

Small Claims Court is a people's court designed to settle everyday consumer disputes in Massachusetts of up to \$750. Small Claims Court is intended to be an informal and inexpensive forum where the average citizen can present his dispute and receive a fast and fair hearing.

Because Small Claims Courts are designed to be as accessible as possible, you are not required to have a lawyer in order to sue or be sued in Small Claims Court. You may speak for yourself and present your own evidence. In most instances the judge will bring out the important facts of the case.

Some typical small claims court cases might concern a consumer whose television does not work shortly after it was purchased, a car owner whose car has not been properly repaired, or an individual who is owed money by a landlord or tenant who refuses to pay.

Whether you are suing or being sued, there is some basic information about Small Claims Court you should understand so you can use the court effectively. For information about Small Claims Court procedures, contact MASSPIRG's Small Claims Advisory Service at 423-1796. Hours are from 10 a.m. to 4 p.m. Advice in Spanish is given Tuesday, 2-3; Wednesday, 11-12; Thursday, 1-3; and Friday 2-4.

CARDIOVASCULAR HEALTH IMPORTANT YEAR-ROUND

Cardiologists at St. Elizabeth's Hospital want to recommend that we make every month year-round a good time for our hearts.

But the task won't be easy in the light of today's health statistics.

Heart disease now edges out cancer, as the major killer of human life — recent figures indicate that 50 percent of all Americans will die of heart disease.

The average American male has a 20 percent chance of suffering a heart attack before age sixty, and females after menopause, match the male rate.

The gender gap is shrinking, reports Dr. K. Ramaswamy, director of St. Elizabeth's Cardiac Catheterization Laboratory, as women compete in the business world and drive themselves to prove professional worthiness. In the last ten years, Dr. Ramaswamy has seen the cardiac disease rates of men and women grow closer, to the point where he can predict they will probably be the same in the near future.

According to Dr. Bernard Kosowsky, Chief of Cardiology at St. Elizabeth's, there are three major risk factors which significantly increase the development of coronary heart disease — smoking, hypertension, and high cholesterol levels.

While controlling these factors will not positively prevent coronary disease, it will greatly lessen the chances. "By staying active, avoiding obesity, and not smoking, a person will run less risk," explains Dr. Kosowsky.

Smoking can be eliminated and people who smoke can reverse the damage done. Even persons who have had heart problems can reduce the likelihood of further attacks.

Hypertension can be controlled with dietary changes along with medication and long-term management. The problem is that high blood pressure usually has no discernable symptoms unless a person undergoes a blood pressure test to check for hypertension.

Individual diet clearly does play a role in the incidence of coronary artery disease. A recent U.S. Senate report outlining dietary goals for

Americans calls for an increase in complex carbohydrates found in wheat and natural sugar found in fruits.

Fats should account for 30 percent of calories, but these should be made up of polyunsaturated fats (corn oil, safflower oil, etc.) as opposed to saturated fats like butter, cream and some meats. It's better to avoid meat richly marbled with fat in favor of fish and lean meat.

Cholesterol is a form of fat that plays a role in the development of atherosclerosis, blockage of the arteries to your heart. One should limit the amount of cholesterol ingested by reducing consumption of eggs, liver, and other foods rich in this material.

Reducing sugar consumption is also, important, as is the reduction of salt.

Dr. Ramaswamy, also believes that the way we react to the stress and strain of modern life contributes to our vulnerability to heart disease. The competitive highly pressured "Type A" personality is a more likely candidate for a heart condition than someone who can develop a more relaxed attitude toward life.

"That doesn't mean we shouldn't achieve," explains Dr. Ramaswamy, "but we should try to modify harmful habits."

While it's difficult for a person to change his basic personality, he can change routine. By taking a vacation, longer lunch hours, and trying to relax, he can ease stress.

TOP O' THE MORNING

Saint Patrick (389? — 461), Ireland's patron saint, whose special day the Irish celebrate on March 17 with their annual parade through South Boston, was reputed to have been born in England. He lived in southwestern Britain and was educated as a Christian.

When he was sixteen years old, a group of Irish raiders took him as a slave to Ireland. After serving in Ireland for six years as a swineherd, he escaped in a ship bound for Gaul, France. He later became a monk and then returned to his home in Britain.

After his return, he dreamed one night that a man came to him with a

paper bearing these words, "In the voice of the Irish," and at the same time he heard the Irish calling, "Pray thee, holy youth to come again and walk amongst us as before."

Beloved Patrick then decided it was a missionary call to Ireland. He returned to Gaul and spent four years preparing for his work. Voted the title bishop, and the Pope blessing, he arrived in Ireland and became its patron saint.

He did much to establish Christianity firmly in Ireland building churches and monasteries and converting the people. This remarkable work was accomplished in spite of fierce tribal chieftains ruling the land.

BOSTON OFFERING RETIREMENT INCENTIVES

Mayor Kevin H. White announced on March 4, that the city is offering a retirement incentive to its workers aged fifty-five and older who meet requirements for pension allowance.

The special incentive will be 5 percent of the employee's annual pay. In addition, the employee will be paid for all vacation days earned but not used by the end of the current year by June 1, 1981.

The offer expires on April 1 of this year.

More than 3,000 workers, about one in four city employees, is fifty-five or older, according to Personnel Department statistics.

"We are doing this to save as many jobs as possible for employees who want to stay with the city, but who would otherwise be laid off under Proposition 2½ cutback," Mayor White said.

He said the city also expects to save an average of \$1,500 in unemployment costs for each employee who accepts the plan.

City officials have been discussing the retirement incentive for more than two weeks with union representatives of twenty-two bargaining units. The discussions are continuing, and it is expected the unions will concur with the city's position that the incentives will be a benefit to Boston's workforce.

Dennis G. Austin, the city's superior of Labor Relations, said that eligible employees who want to accept their retirement incentive could notify their department heads and the Retirement Board in writing.

Austin said that those who retire and want to seek other employment will be able to make use of the city's placement, scheduled to open next week.

In a letter to union presidents, Mayor Edward T. Sullivan said the city wants to make the retirement incentive available to eligible employees as soon as possible. It is expected that the retirements would become effective in about ten years from the time the eligible employees give their retirement notices.

Austin said those retiring could expect their incentive payments within "three or four weeks" of their retirement.

He said the retirement incentive being offered to eligible non-union workers, as well as unionized employees.

THE IDES OF MARCH — BEWARE

The plague of the "common cold" occurs more often during cold weather, but March can be a risky month for persons exposed to colds, according to the American Lung Association.

Extremes are the norm in March. Temperatures change quickly, and falling rains oftentimes follow gentle breezes. Weather variety does not cause colds, but it can increase vulnerability to viruses which cause colds. Viruses are minute infectious agents that can't be seen with a microscope, but which enter body cells, multiply, and then cause disease.

Many different kinds of viruses can cause a cold. Over a hundred have been identified; that is why no vaccine has been successful. There is little anyone can do to avoid infection, but hope for the best and stay away from people who have colds. Infants and young children are the most susceptible to colds because they have not yet built up immunity.

When a cold can't be thwarted, grandmother's advice is still good: aspirin, liquids, and even chicken soup may relieve symptoms.

Protect others by covering your coughs and sneezes and keeping your distance from people. Germs escape from the mouth even when you speak. Use tissues and dispose of them in a closed paper bag.

The Christmas Seal people can't cure your cold, but ask the American Lung Association of Boston for an authoritative leaflet, "Common Cold, the Facts about Your Lungs." It's a matter of life and breath.

LUNCH HOUR LECTURES AT QUINCY MARKET

"Art a la Carte," a weekly noon-time series of gallery talks, beginning in March, will focus on the works of the great nineteenth century French artists featured in the exhibition "Corot to Braque: A Century of French Masters." The exhibition will be at the Museum of Fine Arts at Faneuil Hall from March through June. The exhibition is now back in Boston after completing a three-year tour of the United States and Japan where it broke attendance records.

Designed for the convenience of the businessmen and women, students, and shoppers in the Faneuil Hall Marketplace during their lunchtime break, the half-hour talks will be presented at 12 noon and repeated at 1 p.m. for eight weeks. The talks are offered free to the public.

"We hope to give the visitors to the 'Corot to Braque; A Century of French Masters' exhibition a more personal experience through the lectures with these outstanding works of art from the MFA's own collections," explains Maria Friedrich, manager of the MFA at Faneuil Hall. Each talk will highlight different aspects of the paintings by such masters as Degas, Delacroix, Corot, Monet, Cezanne, Van Gogh, Courbet, and Millet.

Museum of Fine Arts staff members who will conduct the gallery talks are: Boston residents Carole Taynton, staff lecturer; and

Judith Neiswander, assistant to the director of Education; and Cambridge residents Barbara Martin, staff lecturer; and Cynthia Stone, head of the Museum's Workshop Program.

A special subscription series of four "after work" lectures will also be offered at the Faneuil Hall Museum from 5:30 to 6:30 p.m., starting on May 7th. This series will cost \$16 for members and \$20 for nonmembers. Staff lecturer Carole Taynton invites participants to an "in-depth look at some of the central themes and major artists in this exhibition." Sherry and biscuits will be served.

SQUARE RIGGER DAY: AT MUSEUM WHARF

Boston's Museum Wharf takes on the seafaring flavor of a century ago when the Museum of Transportation and the Children's Museum present Square Rigger Day on Saturday, March 21.

Bob Walser and Susan Stuke from Connecticut's Mystic Seaport Museum will be teaching sailor skills, games, and music to landlubbers of all ages.

Events held at both museums include a Block and Tackle workshop and "Voyage on a Square Rigger," a sound and slide story for young children. Would-be sailors can try their hand at reef knots and bowlines or join a pennywhistle and fiddle band, which consists of pennywhistles, an accordion, and lots of pots and pans.

A twenty-five-minute version of the film, "Down to the Sea in Ships," records the beauty and majesty of the Tall Ships with historic footage of four-masted grain barques rounding Cape Horn and a visit to the U. S. Coast Guard Training Ship, "Eagle," which visited Boston last year.

Visitors to the Museum of Transportation can watch and chat with members of the Boston Boat Building Skills Shop as they use traditional techniques to restore vintage wooden boats from the museum's collection.

ARTS LOTTERY FUNDS AVAILABLE

Members of the Boston Arts Community may now apply through the Boston Arts Lottery Council for funds available from the Massachusetts Arts Lottery, Deputy Mayor Kane announced recently.

The Massachusetts Arts Lottery is the first lottery in the nation created solely to benefit the arts, Deputy Mayor Kane noted, adding that this has created an important new source of funding for local arts organizations. The Massachusetts State Arts Lottery is a \$5, good-for-four-week ticket that can return prizes ranging from a free ticket to \$200,000 with approximately \$2 of every ticket sold becoming profit for the arts.

The application and awards procedures are as follows: Applications for Arts Lottery funds are now available in Room 802, Boston City Hall, Government Center. Applications must be picked up, they will not be mailed.

March 16 — Completed applications must be returned to City Hall no later than 5 p.m., Monday, March 16.

May, June — Massachusetts Arts Lottery Council reviews summary.

July 1 — Disbursement of funds are made by the state to the Boston Arts Lottery Council according to the local aid formula.

July 15 — Award letters and checks are issued by the Boston Arts Lottery Council.

Further questions can be answered by the Boston Arts Lottery Council at 725-3914.

POST OFFICE AUCTION

A public auction of unclaimed and damaged merchandise will be conducted by the Boston Post Office on Thursday, March 19, 1981, at 9 a.m., General Mail Facility, 25 Dorchester Avenue, Boston, Postmaster Philip L. Sullivan announced today. The facility is located directly behind South Station, and can be reached from Summer Street, or via the South Station Concourse.

Items for sale will include books, appliances, tools, clothing, house-

hold accessories, and several sterling silver bars (.999 fine). Special interest items include a jade oriental sculpture (minimum bid \$4,000), and a grandfather clock. This merchandise may be inspected the day before the sale, Wednesday, March 18, 1981, from 10 a.m. to 2 p.m. Sale on Auction Day will be by lot number only, and no examination of merchandise will be permitted.

All articles will be sold on an "as is" basis, and no refunds will be made. Payment must be made in cash, and merchandise must be removed immediately after the sale.

FIRE DEPARTMENT ORDERS

March 2.

General Order No. 17

I. HIGH COMMENDATION

The following high commendation was inadvertently omitted from General Order 15, February 28, 1980.

On February 1, 1980, at 0255 hours, Engine Company 2, Ladder Company 19, and District 6 were ordered by Fire Alarm to respond to Day Boulevard and O Street, South Boston, for a "man in the water."

Upon arrival of the companies at the scene, members observed a man hanging on to the pipe rack support of a submerged pickup truck approximately 100 feet from the shore.

Fire Fighter Patrick F. Lee, Engine Company 2, immediately picked up a life preserver, with line attached, and entered the subfreezing water in an attempt to rescue the victim. When Fire Fighter Lee reached the man, one Oscar Acosta, he reassured him that he was safe and then carried him into shallow water where Fire Lieutenant Charles Graul, Fire Fighters Charles McNally and William Robinson, all of Ladder Company 19, had waded to assist Fire Fighter Lee in the rescue.

This meritorious act was performed during extreme weather conditions; air temperature at 8°F., water temperature at 28°F., and wind-chill factor at -20°F. and these members had their clothing freeze upon emergence from the water.

Because Fire Fighter Patrick F. Lee, Engine Company 2, did enter the subfreezing waters of Pleasure Bay to perform rescue operations at extreme personal risk to his life, health, and personal safety, and by so doing, did save Mr. Acosta from death by drowning or the effects of hypothermia, and because Fire Fighter Lee's distinguished actions at this incident has brought great credit upon himself and the Boston Fire Department in the highest traditions of the Boston Fire Department, the Fire Commissioner/Chief is pleased to highly commend Fire Fighter Patrick F. Lee, Engine Company 2, and recommends his case to the Board of Merit for further consideration.

The Fire Commissioner/Chief is also pleased to commend all department members who assisted Fire Fighter Lee in this endeavor;

especially Fire Lieutenant Charles Graul, Fire Fighters William McNally and William Robinson, of Ladder Company 19.

March

General Order No. 18

I. UNIT ALARM ASSIGNMENT SYSTEM

Effective 0800 hours, March 9, 1981, the following concept will be in operation for first alarm assignments in the Unit Alarm Assignment System:

a. The third due engine company will be designated as "A" engine company (A = Alternate)

b. The second due ladder company will be designated as "A" ladder company (A = Alternate)

c. Company commanders and the Fire Alarm Office shall add the designation after the third due engine company and the second due ladder company on the alarm level in the Unit Alarm Assignment System.

d. Company commanders shall make adjustments on their patrol desk first alarm to accommodate the "A" company which affects their response.

"A" Companies. When a box is sounded over tapper and radio circuits, those companies designated as "A" companies on first alarm will not respond unless otherwise directed by the Fire Alarm Office. The Fire Alarm Office shall dispatch "A" companies on the first alarm if:

a. they are in receipt of information a structural fire is in progress at alarms boxes in Series 1200-1300-1400-1500 and Boxes 71 through 7146;

b. they are in receipt of information a structural fire is in progress at alarms theatres, hotels, hospitals, homes for the aged, rest homes, nursing homes, and schools;

c. they are in receipt of information an advanced structural fire is in progress alarms other than those specified in graphs "a" and "b" above;

d. the first and/or second due engine company is not available for that alarm;

e. the first due ladder company is available for that alarm;

f. the first due ladder company assignment is an aerial tower, the "A" ladder company will also be dispatched;

g. they are in receipt of information a scheduled response is hindered by adverse conditions, e.g., weather, traffic;

h. the member in charge at an alarm orders their response by ordering a Unit Alarm Assignment.

If an "A" company has not been dispatched on a scheduled first alarm assignment, the "A" company will respond to that alarm on working fire or extra alarm.

II. INITIAL RESPONSE

Effective March 9, 1981, the following initial response procedures will be in operation:

a. When the Fire Alarm Office is in receipt of information of an automobile, garbage, rubbish, dumpster, or similar outside fire threatening a structure, an engine company will be dispatched and the district fire company notified.

b. When the Fire Alarm Office is in receipt of information of an alarm for a gas leak, stalled elevator, accident-no fire

similar mechanical condition, a ladder company shall be dispatched and the district fire chief notified.

c. When the Fire Alarm Office is in receipt of information of an automobile accident where there is a fuel leak, an engine company and ladder company will be dispatched and the district fire chief notified. The following procedures will be in operation for engine companies to which Articulated Boom Apparatus (Sqrts) are assigned:

a. On stills and first alarms, the Sqrts apparatus shall remain in quarters and all working members of the company shall respond on the pumper.

b. On covering assignments, scheduled multiple alarms and special calls, both the pumper and Sqrts apparatus shall respond with all working members.

The member in charge at any incident has the responsibility of sizing up a situation and ordering additional units as necessary.

March 6.

General Order No. 19

I. RETIREMENTS

The following retirements, in accordance with the dates and provisions indicated, are hereby announced:

Fire Lieut. Emmett F. Collins, Ladder Company 31 — section 5, chapter 32, G.L. — 0800, 1981.

Fire Fighter Bernard M. Lydon, Engine Company 54 — section 5, chapter 32, G.L. — 0800, 1981.

Fire Fighter David J. Griffiths, Engine Company 17 — sections 7, 94, chapter 32, G.L. — 03-1-81.

III. RIFLE HONOR GUARD DRILLS

Rifle Honor Guard drills for March will be held on March 12, and March 26 at Memorial Hall at Headquarters.

IV. LETTERS OF THANKS

"Dear Commissioner Paul:

It is with heartfelt thanks I write to extend our gratitude to the Boston Fire Department for the tremendous tribute given my late husband, Captain Frank A. Bergdoll, at his funeral services. The traditional department burial was executed in the finest tradition. It was most impressive. Your compassion and understanding has been very much appreciated. We are proud to realize that Frank had served thirty-seven years with such a fine organization.

My compliments go to you, Commissioner Paul, and to your outstanding caliber of men. Their presence and participation exemplified the class and dignity of the Boston Fire Department to the finest degree.

Monsignor Keating was also a great source of comfort and consolation to Frank and myself, both during his prolonged illness and throughout the entire funeral services. His inspiration and positive attitude is most assuring.

We would also like to express our gratitude to all the Fire Fighters of Boston and the surrounding communities who attended to extend their condolences.

The kindness and compassion from you and the Boston Fire Department has left a most memorable lasting impression.

Sincerely yours,
EVELYN M. BERGDOLL AND FAMILY."

"Dear Commissioner Paul:

My family has been involved in funeral services since 1893 and I have been exposed to it all my life. As a kid and a young man I spent

many hours around fire stations and I prided myself in knowing many fire fighters and understanding somewhat the dangers they faced every day.

Yesterday's tribute to Jim Koen was the most impressive funeral service that I have ever participated in and has renewed my understanding of what special people fire fighters are.

The smoothness and dignity of the tribute was in no small way due to your handling of the arrangements at St. James Church. You took a situation which could have been a nightmare of confusion and made it work like a clock.

I can never thank you adequately for your help in making a very difficult situation so much easier for the Koen family.

Gratefully yours,
FRANCIS MURPHY."

The Fire Commissioner/Chief wishes to thank the Boston Fire Department Rifle Honor Guard, the Church Committee, and all brother fire fighters for their impressive participation on the funeral service of the late Fire Fighter Jim Koen of Salem, reflecting great credit to our department.

"Dear Commissioner Paul:

Honestly, we did not plan it the way it occurred. It just happened our car broke down in front of a fire station.

On Wednesday evening, February 18, Sister Carolyn and I were driving along Main Street in Charlestown on our way to Bunker Hill Street to attend a meeting at St. Francis convent. A car passed and the driver shouted something to us. We figured whatever he was saying about the car was probably true for our car had served us well over a decade.

I looked back and noticed smoke trailing behind. We stopped to discover the smoke was pouring out from under the hood. We looked a little longer when a voice from the night said, "What's happening?" Two fire fighters from Engine Company 32 came to our aid. They worked on the car for awhile, then invited us to drive the car around behind the station to determine exactly, with closer inspection, where the water was coming from.

We went up to Bunker Hill Street to our meeting while a great group of guys labored on a broken water hose. An hour later we drove our car out of the station.

How do we say thank you for such spirited generosity and concern? We are most grateful and appreciative to all the men in Engine Company 32 for helping. What spontaneous response to receive! Much thanks!

Gratefully,
SISER CHRISTINE, O.P.
and SISTER CAROLYN."

V. USE OF TELEPHONES

The 500 series telephone lines (district chiefs) are scheduled for removal. To accommodate the district chief in conducting his daily duties, company officers shall review S.O.P. No. 26 with all members emphasizing the prohibition of all calls that are not department business. Department business calls by officers shall be as brief as possible.

General conversations on department phones shall terminate immediately.

The Real Property Board of the City of Boston, hereinafter called the Board, invites from individual citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least one-half thereof is owned by a citizen or citizens of the United States, proposals for leasing for the term of one (1) year, beginning May 1, 1981, and ending April 30, 1982, unless earlier terminated in accordance with the conditions as more fully set forth in the form of proposal, the public parking facility situated in Charlestown at Sullivan Square on Main Street, Boston, the covenants, agreements and conditions contained in the form of lease which with the form of proposal, may be obtained daily (except Saturdays, Sundays, and holidays) between 9 a.m. and 5 p.m. at the office of the Board, Room 811, City Hall, 1 City Hall Square, Boston, for a fee of twenty-five dollars (\$25) non-refundable (payable to the City of Boston) for each proposal taken. The covenants and conditions contained in the lease will require, among other conditions, that the Lessee will maintain and operate the parking facility at all times in a manner fully satisfactory to the Real Property Board of the City of Boston.

The bidder may be asked to provide the Real Property Board with evidence of ability to perform the terms and conditions of the lease. Proposals shall be submitted in duplicate on forms obtained as aforesaid. Each copy of the proposal shall be properly filled out, signed, sealed in an envelope, sealed, and marked "Proposal for Leasing of Public Parking Facility

at Sullivan Square on Main Street, Charlestown." One copy of the proposal shall be filed with the Board at its said office on or before 12 o'clock noon on Wednesday, April 15, 1981, at which time and place all proposals will be publicly opened and read aloud. The copy of the proposal filed with the Board shall be accompanied by a bid deposit of five hundred dollars (\$500), made under the terms stated in the form of proposal in the form of CASH or a CERTIFIED CHECK, payable to the City of Boston, and shall also be accompanied by a letter from a duly authorized agent of an insurance company certifying that a performance bond in the required amount will be produced (or cash in lieu thereof) provided for in the form of lease. GEORGE ROBERT WHITE FUND

**Invitation for Bids for Renovation of Allston/
Brighton Multi-Service Center.**

The City of Boston, George Robert White Fund, in its capacity as a public charitable trust, acting by and through the trustees designated in the fourteenth clause of the will of George Robert White, Boston City Hall, 1 City Hall Square, Boston, Mass. 02201, invites sealed general bids for renovations of Allston-Brighton Multi-Service Center.

The Board of Trustees of the White Fund have designated the Director of Public Facilities, 147 Milk Street, Boston, Mass. 02109, to act on its behalf to administer the project in a manner consistent with other City of Boston projects, subject to all applicable provisions of law, including, without limitation, sections 39F and 39K through 39P of chapter 30 and sections 29 and 44A to 44L, inclusive, of chapter 149 of the General Laws, as amended, and in accordance with the terms and provisions of the contract documents.

Time and Place for Filing Bids

General bids will be received up until twelve o'clock noon, Boston time, Thursday, April 16, 1981, at the office of Public Facilities Department, Room 801, 147 Milk Street, Boston, Mass. 02109, at which time and place they will be publicly opened and read aloud.

All subbids for a subtrade designated in Item 2 of the form for general bid shall be filed with the Public Facilities Department at the above address before twelve o'clock noon on Tuesday, April 7, 1981, at which time and place they will be publicly opened and read aloud.

Bid Forms and Contract Documents

All general bids and all subbids must be submitted on the forms obtained from the Department of Public Facilities. Any general bid or subbid not submitted on the proper form shall be rejected.

Contract documents, including bid forms, will be available on and after Wednesday, March 18, 1981, at the office of the Department

of Public Facilities upon deposit of a certified check in the amount of \$25, payable to the City of Boston. The full amount of the deposit will be refunded upon return of all contract documents in good condition on and after the expiration of thirty days, exclusive of Saturdays, Sundays, and legal holidays, after the opening of general bids.

No bid for the award of this project will be considered acceptable unless the contractor complies fully with the following requirements for minority business enterprise utilization.

Pursuant to the supplemental minority participation section of the City of Boston contract, the contractor must give satisfactory assurance that at least 10 percent of his bid price shall be expended for minority business enterprise. For the purposes of this paragraph, the term minority business enterprise means a business organization in which 51 percent of the beneficial ownership is held by one or more minority persons who are Black, Hispanic, Oriental, or American Indians.

Included with the contract documents are copies of the "Minority Business Utilization Form," "Minority Business Identification Statement," "Minority Business Utilization Progress Report," and the "Minority Business and General Contractor's Letter of Intent."

Each contractor must complete, sign, and file with his bid the minority business utilization form. Failure to do so will result in the rejection of the bid proposal. The three lowest responsive bidders are required to submit a Minority Business and General Contractor's Letter of Intent. The letter of intent shall be completed and signed by the minority business enterprise and the general contractor within five days after the time set for receiving bids. At the request of the city one or more of the three lowest bidders may also be required to submit a Minority Business Identification Statement.

Contractors shall avail themselves of the list of minority businesses to be provided by the city through the Office of Minority Business Enterprise to facilitate compliance with these requirements.

The attention of all bidders is specifically directed to the provisions of the contract documents, including, without limitation, the notice to all bidders (including subbidders), and the provisions with respect to bonds, insurance, equal employment opportunity, minimum wages, time of performance, liquidated damages, and the requirements set forth in the specifications on supplemental equal employment opportunity, antidiscrimination and affirmative action program contract provisions. No bidder shall be eligible for award on this project unless he is able to demonstrate to the satisfaction of the Awarding Authority his ability to comply with these requirements.

The Awarding Authority reserves the right to waive any informalities and/or to reject any or all bids, if it be in the public interest so to do.

CITY OF BOSTON,
GEORGE ROBERT WHITE FUND.

MAYOR WHITE PRAISES \$4 MILLION CHURCH GREEN RENOVATION

Mayor Kevin H. White today praised plans for the \$4 million renovation of Summer Street's Church Green Building as a "creative and productive recycling of a stately piece of historic architecture."

The renovation, at 101 Summer Street, one of the busiest corners of downtown Boston, is the project of the Church Green Company, a partnership which includes the Charlestown Savings Bank, John Bennett of the Boston architecture firm Bennett Associates, and real estate developer Daniel Wolf of Hodan Properties.

The project will include total interior renovation and restoration of the building's historic exterior in accordance with guidelines set down by the Boston Landmarks Commission.

Said Mayor White, "This project once again illustrates that Boston is mindful of its proud past as well as its exciting present. Architectural history and developmental progress can live side-by-side. The contrast between the two can be successfully realized by innovative local developers who have confidence in this city's future and respect for her past."

The building is scheduled to be completed in the summer of 1981.

According to Boston Redevelopment Authority Director Robert J. White, the Church Green project ties directly to the plans of the BRA for the future.

Standing as the key structure in the gateway to Boston's central business district, the Church Green Building will restore 38,000 square feet of much-needed office space to the area. A total of 14,000 square feet of retail space on the ground floor will also be provided. In addition, the completed building will add approximately \$100,000 to the city's tax base.

The building's current usage has been limited as a result of a series of fires during the 1970s which destroyed much of the upper interior. The street floor has seen increased commercial and retail use, while the upper five floors have been abandoned.

The name "Church Green" derives from the octagonal church designed by Charles Bulfinch which occupied the site of the present building from 1814 to 1869.

The expansion of Boston's commercial district displaced this downtown parish and the church

was demolished in 1869 to make way for a new granite mercantile building built in 1870. The building was dedicated with the name "Church Green" to commemorate the church which had occupied the site.

The new building was destroyed by the Great Boston Fire of 1872 which originated in a building in the Church Green block and consumed the downtown area of Boston from Church Green to Milk and Broad Streets, and from the south side of Washington Street the wharves. The present building was reconstructed after the fire of 1872 in the same style, size, and materials as the previous building, and is believed to have been the creation of Jonathan Preston, one of the most noted commercial architects of the era.

The granite building is of particular architectural significance because of the extensive use of glass in its masonry, load-bearing, exterior walls. This type of construction is considered a precursor of steel-frame construction.

When completed, the Church Green Building will become the focal point of a new Federal

Register District, extending from Bedford Street to Franklin Street and containing many architecturally significant nineteenth-century, granite, commercial buildings.

Church Green Company has taken an equity position toward long-term, permanent financing being provided by Teachers Insurance and Annuity of America.

The general contractor on the project is Turner Construction, and the leasing agent is Leggatt, McCall, Werner of Boston.

MUNICIPAL DEPARTMENTS

Committee on Licenses 617/725-4600

The Committee on Licenses in the Building Department receives petitions for licenses in three categories: garages housing more than two cars; the storage, manufacture and sale of gases and flammables; and used car businesses.

The committee has concurrent jurisdiction with the Fire Department in approving petitions for garages and for the use of gases and flammables. The Police Department must pass approval on used car petitions before the committee can issue a license. When petitions are received by the committee the abutters to the proposed site are notified. A hearing is conducted to listen to protests against the issuance of a license should there be any. Following this procedure the Committee on Licenses accepts or rejects a petition.

basic economic research and offers services designed to promote the economic and industrial development of Boston. Funded by the city and by the Economic Development Administration, U.S. Department of Commerce, EDIC provides for local businessmen an advocate and counsel in City Hall. The Economic Development and Industrial Commission intercedes on behalf of businesses in transportation, redevelopment, and assessment-related departments.

The Real Estate Listing Service has the most complete and up-to-date data on what is available on commercial and industrial real estate. Retention and recruitment of businesses with desirable employment opportunities are included in EDIC's main functions. In addition, counseling on newly established businesses and on labor recruitment is available.

Employment & Economic Policy Administration 617/725-3500

The Employment and Economic Policy Administration was organized by the Mayor of Boston in 1977 as the department of the City of Boston responsible for expanding the job opportunities of Boston residents from all the cities neighborhoods.

In 1977, EEPA provided employment services to more than 21,000 economically disadvantaged Boston residents, utilizing over \$63 million in federal funds. These funds were provided by the U.S. Department of Labor, under CETA, the Comprehensive Employment and Training Act.

EEPA sponsors or operates a wide array of programs using these funds: skill training programs; pre-employment programs; public service employment programs; and career exploration programs.

The skill training programs prepare participants for new careers. In 1979, EEPA invested over \$11 million in providing this kind of training to more than 3,800 unemployed and under-employed residents. EEPA

contracts with seventeen city and community agencies for classroom training and with over 200 businesses for subsidized on-the-job training. Electronics, computer programming, health care, clerical and business careers, and the machine trades are principal areas in which classroom training is offered. The programs high job placement rate reflects both the choice of area in which the training is available and the quality of the agencies providing the training.

Pre-employment programs provide adult basic education to Boston residents who didn't complete high school and training in English ability.

Public Service Employment provides work experience to unemployed Bostonians while enhancing services to the community. The program provides temporary jobs in government and non-profit agencies to city residents who have been unemployed for ten weeks or more. In 1972, EEPA used \$30 million in funds for this program to provide jobs for more than 5,500 unemployed Bostonians. To assist participants in making the transition to unsubsidized employment, EEPA is placing increasing emphasis on training, career counseling, and job search help in this program.

The career exploration programs for youth provide jobs and counseling to young people, fourteen to twenty-one. During 1979, over 12,000 Boston youths received assistance through EEPA. Nearly \$22 million was invested in the city's future through youth programs. Project YES, a national pilot program, provides jobs to eligible youths, sixteen to nineteen, as an incentive to them to stay in school or return. At any one time, about 3,500 young people are on the job in this program. Some work for private employers, with Project YES paying their wages. Project YES is not the only city-sponsored program providing jobs for youth. With funds provided by EEPA, ABCD operates a well-respected summer job program serving 4,000 - 6,000 youths and two year-round programs serving nearly 600 young people. EEPA also provides funds to the Boston School Department and to

ten community-based agencies which offer jobs and career development programs for youth.

Building on the success of its existing programs, EEPA will continue its efforts in 1980 to expand employment opportunities for city residents by linking Boston's employment and training system to local development efforts, improving transition from school to training and work, and continuing to improve and expand the basic services EEPA offers.

are them for difficulties which might arise from being a minority in the industry.

The goal of the WIC program, which is now recruiting for its May cycle, is to place participants into apprentice positions in local building trades unions.

WIC participants stand a very good chance of finding work in the construction industry. The program, which is affiliated with the Mass. Building Trades Council, AFL-CIO, has been able to place approximately 85 percent of its graduates into positions as apprentices.

Bill Kane, of Associated General Contractors, said: "The experience of our contractors with WIC participants has been excellent. It's a great program, that's run by very capable, cooperative people, and it has an excellent reputation throughout the Massachusetts construction industry."

Women who are interested in participating in the WIC program may call Linda Walden at 787-2212.

WIC is one of a number of EEPA-funded programs which train women for careers in a variety of fields. Last year, EEPA programs served over 5,000 Boston women.

ENERGY CENTER OPENS

A new type of downtown bargain store are opened up for business recently, though since most of the goods and services are just given away, no cash changes hands. For the new store's customers, the real bargain is the money they can learn to save on fuel bills.

BCD's Energy Conservation Center, at 176 Tremont Street, looks like any other store, but only at first glance. In its windows are displayed various tools and devices for weatherizing a house: caulking guns, felt strips, glass patches. Inside are models and demonstrations of effective and inexpensive weatherization techniques.

With warm weather coming, the time will be ripe to make home repairs that will lower fuel bills and keep them down permanently.

Teaching its clients to weatherize their homes is the Energy Conservation Center's main business.

The center also makes information available about the wide range of ABCD energy services — including both weatherization and fuel assistance — that are open to those eligible. Its easy accessibility makes it a place where clients may learn what to do for themselves and receive help — from commonsense advice to necessary materials.

Those of all income levels may learn something useful about weatherizing a home by visiting the Energy Conservation Center, open from 9 a.m. to 5 p.m. daily, and all are welcome to visit what may well be the season's biggest bargain store.

SOCIAL SECURITY DECISION CAN BE APPEALED

Were you turned down for Social Security or Supplemental Security Income (SSI) benefits? Or were you notified that your benefit checks would stop, or there would be a change in the amount? If so, you should be aware of your right to question decisions made on your claim.

If you disagree with a decision, you generally must file an appeal within sixty days. The people at any Social Security office will be glad to help you complete the appeal forms without charge. You also have a right to be represented by a lawyer or other qualified person of your choice if you wish.

There are four appeal steps, which usually must be taken in order. The first step is a reconsideration. This is a completely independent review of your claim by persons not involved in the original decision. They examine all evidence initially submitted, plus any additional evidence which can be obtained.

If your reconsideration is for SSI payments, you have certain additional rights:

You can ask to meet with the individual who will be making the reconsideration decision so you can personally present your reasons for disagreement. You may bring a

representative as well as witnesses to testify on your behalf.

If a decision was made to reduce or stop your SSI checks, you can have the payments continue unchanged or started again during the reconsideration. But you must request this within ten days after receiving the notice instead of the usual sixty days.

(Note: A hearing is your first appeal step if a decision was made that you are no longer disabled enough to continue getting SSI checks. This is explained below.)

If you disagree with the reconsideration decision, you may request a hearing before an administrative law judge from the Office of Hearings and Appeals of the Social Security Administration. He or she had no part in the initial decision or reconsideration.

At the hearing, the judge reviews what has gone on before, states what issues must be decided, and asks you and your witnesses questions. All testimony is taken under oath. You may present any new evidence available.

If you prefer, you may request that the administrative law judge review the case without your personal appearance. In that event, a decision will be based on all the evidence in your file.

If you disagree with the administrative law judge's decision you may ask for a review by the Appeals Council which meets in Washington, D.C. If it decides to review your case, you have a right to file a written statement and to request an appearance to present oral arguments.

If you believe the Appeals Council's decision is not correct or if it declined to review the administrative law judge's decision, you may bring a suit in a Federal District Court. You have sixty days from the date of the Appeals Council's notice to do this.

Q. My Social Security claim was turned down last month. How can I file an appeal?

A. The people at any Social Security office can help you complete a form requesting a reconsideration. You must do this within sixty days from the date you received the denial notice.

REGISTRY

ISSUES WARNING ON FINE

Registrar Richard E. McLaughlin has issued a warning to drivers and owners of motor vehicles that failure to notify the Registry of a change of address carries a penalty of a \$12 fine.

The Registry must be notified of a change of address within thirty days after the person has moved, the Registrar said.

"Licenses expire every four years and most registrations expire within two years," Registrar McLaughlin said. "We are a highly mobile society, and many people are failing in their duty to report a change of address."

"We do send out registration and license renewal cards, but without the proper address, these have a chance of not being forwarded. Letting a registration or a license lapse because of not receiving the renewals from the Registry does not absolve the holder of license or registration from his or her duty."

"I might also caution drivers to take a look at their licenses and registrations, and make sure they are current, and that the address is the one where holder is now residing."

"It is within the right of the police to impound an unregistered vehicle or arrest an operator with an expired license," Registrar McLaughlin said.

IRS RULING TO INCREASE COST OF MUNICIPAL BONDS

A recent ruling by the Internal Revenue Service could substantially increase the cost to banks of purchasing municipal bonds and notes, as well as potentially increasing the cost of such bonds to states and municipalities. Under the ruling, banks would be prohibited from claiming tax deductions for interest paid on time deposits of state and local governments secured by tax-exempt obligations. The ruling would have its biggest impact on commercial banks which are major purchasers of municipal bonds, although it would also apply to savings banks and other financial institutions.

The ruling was originally scheduled to be applied retroactively to the IRS subsequently relented

ated that the ruling would not apply to time deposits of state and local governments received on or before January 9, 1981. Substantial pressure by various industry groups was successful in eliminating the retroactive feature of the ruling. These same groups have continued to seek elimination of the entire ruling as well.

The direct impact of this ruling, if it prevails, is to increase the cost of purchasing municipal bonds and notes. If banks could not deduct this interest, it nearly doubles the cost of these deposits, depending on the bank's tax bracket. Municipalities and states, however, would ultimately suffer the biggest impact. Added deposit costs would force banks to require a substantially higher yield on these municipal bonds or not to buy them at all.

The ruling unfortunately represents another example of a bureaucratic ruling taken from a narrow point of view which has a substantial impact, in economic terms, in many other areas. In this instance, pressure by interested parties may be sufficient to overturn the ruling before it can cause any damage.

TREASURER CRANE REPORTS RECORD \$33 MILLION IN UNCLAIMED MONIES

State Treasurer Robert Q. Crane has released the names of 53,000 persons who are due to receive a record-breaking \$33 million dollars under the State's Unclaimed Money Act. Crane noted that the 53,668 persons whose names appear on a computer printout distributed by the Treasury for publication in newspapers across the state have individual entitlements ranging from \$5 to \$252,000.

Under the state's Unclaimed Money Law (M.G.L. c. 200A), accounts that have been lost, forgotten, or otherwise inactive for seven years are declared abandoned and turned over to the state. Treasurer Crane tries to locate the owners to return their monies to them.

This year's amount of \$33 million is the largest ever reported to the

Treasury under this law. Treasurer Crane attributes this record-breaking figure to two factors: new legislation and more aggressive enforcement. Said Crane, "For too long, banks, insurance companies, utilities, and other financial institutions have held on to monies that do not belong to them. My office is trying to stop this practice. Through legislation we've reduced the number of years (from ten to seven) that companies are allowed to hold these monies without reporting to the state. Also, my auditing staff has been increasingly aggressive with reluctant reporters of unclaimed monies. In fact, we've sued John Hancock Insurance for not reporting more than \$3 million in unclaimed funds."

CITY ANNOUNCES SECURITY REQUIREMENTS AT PUBLIC GARAGES; ST. JAMES AVE. GARAGE TO RECEIVE SECURITY RENOVATIONS

The City of Boston's Real Property Department recently announced new security requirements which will become part of the terms in all new lease agreements granted on the city's parking garages.

Under the new program, firms leasing garages will be required to provide full time security personnel as part of the lease agreement.

The Government Center Parking Garage and the St. James Avenue Garage are the city garages which will have this security measure. Security requirements will be written into new leases as they come up for bid.

Dick Carter, Executive Secretary of the Real Property said, "In early May, the new leasee of the St. James Garage will be required to provide 2 security guards around the clock. In addition to this measure, patrons will be forced to pass the cashier's booth to enter and exit the garage. This way we can monitor who comes in and out and how long an individual stays in the area."

The renovation of the St. James Avenue Garage will be put out for bid this week. The security plan will

be implemented as soon as the new leasee takes over. After renovation, the garage will be supplied with a stronger lighting system and each level will be color coded for easy identification.

A roll up type door will be installed on the Berkeley Street side of the facility and its side doors will be equipped with panic bars which will allow the doors to be opened from the inside only.

NOTICE

To: All City of Boston Employees Credit Union Members.

From: Board of Directors City of Boston Employees Credit Union.

Proposition 2½ is taking its toll of city workers. Reports indicate hundreds of our members may lose their jobs in the next few months.

We, the Board of Directors of your Credit Union, have the responsibility for investing and protecting your investments in the Credit Union. It is not a responsibility we take lightly.

At this time we have no official information as to what departments or which individuals will be affected. We are aware of the potential loss by issuing new loans at this time. Uncollectible loans could cause serious damage to the future of the Credit Union.

WE ARE NOW FINANCIALLY SOUND AND INTEND TO PERFORM OUR DUTIES TO KEEP YOUR CREDIT UNION IN THIS CONDITION.

It is with regret the Board of Directors has voted to place a moratorium on all loans, effective as of March 16, 1981. We hope this situation will not last for more than two months.

The only exceptions will be retired persons who are making payments through the Retirement System and loans secured by shares in the Credit Union.

We hope this does not affect you. However, if you are notified of termination and have a loan with the Credit Union, we urge you to visit the Credit Union and discuss your financial situation with our Credit Committee. Your credit standing is a valuable asset.

Peter J. DeRosa,
For the Board of Directors.

SCIENCE MUSEUM 30 YEARS OLD

Pendulum still keeping time at Science Museum

Playing in the sand at Boston's Museum of Science is as much fun today as it was thirty years ago when the new museum opened its doors on March 12, 1951.

So observed Director David M. Pyncheon and former, longtime Director Bradford Washburn as they watched the crowds around the Sand Pattern Pendulum, a swinging ball through which sand trickles to make a pattern on the table below. The pendulum attracts both children and adults, who perhaps recall their own days in the sand-box.

Only last week a little boy in Beaufort, South Carolina, got his mother to phone the museum for information about the pendulum. Ten-year-old Josh remembered the exhibit from his summer visit and thought it would be a good subject for a school project.

The pendulum, which demonstrates harmonic motion, was an early exhibit in the East Wing, the first structure to be built at Science Park. Since then:

- Five buildings have been erected, from the Charles Hayden Planetarium in 1958, to the Thomson Theatre of Electrical Science in 1980;
- Forty-seven and a half million dollars have been raised since 1948;
- More than sixteen million people have entered the museum;
- Starting with Cambridge children in 1953, the free School Visits Program sponsored by the Commonwealth has jumped to include nearly 130,000 annually from 270 cities and towns across the state.

- Community service has been expanded to include: course scholarships for Roxbury and Charlestown Boys Clubs; a volunteer-guided, free tour, for 5,000 inner-city children annually; multiple visits for Boston public school children funded under chapter 636 of the State Law for Racial Desegregation; a teachers' course and workshops for teachers.

Successor to the New England Museum of Natural History, now Bonwit Teller's on Berkeley Street,

the new museum was envisioned and built under the leadership of Director Bradford Washburn, now chairman of the corporation. He was followed in this position by David M. Pyncheon one year ago.

REPAIRS BEGIN ON GOVERNMENT CENTER GARAGE

The City of Boston's Real Property Department recently announced the start of repairs necessary to reopen the city-owned Government Center Garage. The construction will be done by the Alar Corporation, low bidder for the job, at a cost of \$119,000.

The 1,895-car garage has remained closed since December 8, 1980, when it was declared structurally unsafe by the Building Department. Completion of the repairs is expected to take about seventy days. However, the city hopes to have the garage ready for limited operation within a month.

Real Property Commissioner Bernard Callahan said, "The Alar Corporation has a good track record and we expect the repairs to be completed on schedule. However, public safety remains our prime concern and all repairs will be closely monitored."

Engineering studies contracted by the city have shown that reconstruction of the support beams and replacement of expansion joints are major areas in need of repairs.

The Real Property Board is currently reviewing bid applications prior to awarding the operating lease for the garage.

TAX NEWS

Saving for Retirement

An employee not covered by a qualified retirement plan can set up his own retirement plan and get a tax deduction for the amount he puts into his retirement savings, up to a maximum amount of \$1,500 per year.

The deduction is permitted whether or not he itemizes deductions because it is a direct deduction from gross income.

The savings account, which is called an IRA (Individual Retirement Account) will earn tax-free interest until it is taken out of the account usually upon retirement after age of fifty-nine and a half or earlier because of disability.

A taxpayer eligible to establish an IRA who has a spouse with earned income may contribute to a spousal IRA on behalf of himself and his spouse. The maximum deduction for contributions to spousal IRA's is \$1,750. The maximum is lowered for qualified contributions: \$875 for each spouse. An individual who contributes to a spousal IRA may not contribute to a regular IRA for the same year.

HOUSING AND MORTGAGES: THE END OF AN ERA

*By Elliott G. Carr, President
Savings Banks Association
of Massachusetts*

Throughout the thirty-six years since World War II, the long-term fixed-rate mortgage made by a thrift institution has been the primary means of financing single-family housing in the United States. Until very recently, it was by and large a very successful system. Borrowers realized their dreams of a "home of their own" and even saw the appreciation of this home become a major form of middle-class wealth accumulation. Thrift institutions grew and prospered, and their depositors achieved safe and sound investment of their funds.

Since the mid-1960s, however, increasingly intensive rounds of inflation and high interest rates have knocked this great housing machine out of kilter. The latter 1970s and 1980 have made the system obsolete. Continuing to make long-term fixed-rate mortgages in the current environment is like playing Russian roulette with a six shooter, only the cylinder of which lacks a cartridge.

Indeed, to go a little further despite the efforts of progressive regulators such as Commissioner Mulligan who have tried to bring a little reality to mortgage lending through variable rate mortgage

RM's), the current "fare" available to thrift institutions (the VRM limited to an increase of 100 basis points a year) is as incompatible with current economic times as the fully fixed-rate mortgage was with the times of three or four years ago.

Under no prudent operating procedures is the volume of single-family housing financed by thrift institutions likely to be as high in coming years as it has been in the past without major changes. This being the case, an era has ended, and it is high time that the federal medicine men get on with the question of what the new method of financing housing will be.

Several possibilities come to mind, but all have shortcomings. The mortgage market can be turned over to the MHMFAs (Massachusetts Home Mortgage Finance Agencies) of the world which sell tax-exempt bonds and funnel the proceeds into mortgages through thrift institutions.

The federal government can take over the mortgage market entirely, changing whatever procedures it desires. This seems unlikely in a Reagan administration.

Regulators can authorize unrestricted fully variable rate mortgages, facilitating the return of thrift institutions to their traditional markets.

The problem with this solution, however, is the real and perceived difficulties of consumers to cope with fully variable rate mortgages.

Another method of achieving basically the same result would be to follow the lead of some South American nations and most wildly reactionary economics by indexing mortgages along with everything else. In such a system the amount of payment of each borrower (along with the savings of each depositor) is changed annually in line with the rate of inflation rather than the rate of interest.

Finally, the use of SAMs (shared appreciation mortgages), wherein the lender shares the increase in value of any home sold with the borrower, could be increased. Although the use of such mortgages may in fact grow, they hardly seem to represent the full answer

from the viewpoint of thrift institutions, which will never know how much and what the return will end up being from each loan. In addition, the concept of sharing the value of one's home may also encounter consumer opposition.

In fact there are probably only two solutions to this problem. The first is full unrestricted variability, whether it comes through interest rate variation or indexing of principal.

The second is the end of inflation, the preferred solution for all parties. In even mentioning such a utopian possibility, however, it must be emphasized that thrift institutions should in no way be pressured to base their planning on this solution. Any regulator or legislator who suggests to thrift institutions that they should resume traditional or near-traditional mortgage activities based on the presumption that interest rates will be stabilized should be politely informed that if interest rates are stabilized, there will in fact be no increase on variable rate contracts.

It is time that someone other than thrift institutions bears the interest rate risk caused by federal policies. Indeed, the federal government has dealt off both sides of the deck with thrift institutions in this respect. On the one hand, they have induced and even compelled thrifts to make loans, the viability of which is based on interest rate stability, while on the other hand, they have neither produced such stability nor assisted thrifts in coping with the results of instability.

An era really has ended, I, too, hope inflation will be controlled and the future direction will be back towards tradition in mortgage markets. It is time, however, that some party other than thrift institutions staked their future on that possibility.

EXTRAORDINARY STEP-RATE ADVANCE
UNDER COMPENSATION PLAN FOR
EMPLOYEES OF SUFFOLK COUNTY.
PENAL INSTITUTIONS DEPARTMENT

Thomas B. Francis,
Acting Supervisor of Personnel.

Dear Mr. Francis:

On November 28, 1980, Florence Thompson of 683 Massachusetts Avenue, Boston, was employed as a provisional social worker.

Ms. Thompson was previously employed by the Mass. Halfway House, Inc. from 1978 to 1980 as an acting director of the Boston Offender Service Program. Ms. Thompson worked as a secretary, accounting clerk, and counselor for B.O.S.P. before being appointed as acting director.

Ms. Thompson is attending Boston State College, majoring in sociology.

Because of Ms. Thompson's experience and education I request that her first and second-year increments be determined under Rule 15 (F) of the Suffolk County Classification and Compensation Plan, effective November 28, 1980.

Sincerely,
JOHN C. SEAY,
Acting Commissioner.

PENAL INSTITUTIONS DEPARTMENT

Thomas B. Francis,
Acting Supervisor of Personnel.

Dear Mr. Francis:

On November 28, 1980, Holly Richardson of 273 Newbury Street, Boston, was hired as a provisional social worker for the Penal Institutions Department, Suffolk County House of Correction.

Ms. Richardson was previously employed by Mass. Halfway House, Inc. from 1978 to 1980 as a senior counselor in the Temporary House Program. She also worked as acting administrator. Ms. Richardson is a graduate of Berklee College of Music, and has also obtained a Human Service Achievement Certificate from ABCD of Boston.

Because of Ms. Richardson's previous experience and her education, I request that her first and second-year increments be determined under Rule 15 (F) of the Suffolk County Classification and Compensation Plan, effective November 28, 1980.

Sincerely,
JOHN C. SEAY,
Acting Commissioner.

III. HAZARDOUS BUILDING

The building located at 166 Terrace Street, Roxbury, District 5, Division 2, is in hazardous condition due to recent fires. The front wall is weak and unsupported at the roof level. There are holes in the floors, the stairway has collapsed, and the floors are unsafe to work on by fire personnel. This building has been posted.

IV. LETTER OF THANKS

"Dear Commissioner Paul:

May I express the thanks of all my family members, coupled with my own deep sense of gratitude to you and to all the members of our department for the gracious tribute accorded us on the occasion of the recent death of my beloved sister, Margaret Gordon.

To all, and especially to the members of the Society of Saint Florian Church Committee, we are eternally grateful. No person is more aware of our brotherhood than I.

Sincerely and gratefully,
In the Lord and Saint Florian,
Rev. Msgr. James J. Keating."

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

ADMINISTRATIVE SERVICES DEPARTMENT

Purchasing Division

Automotive Equipment, etc.

Dear Mayor White:

On May 20, 1980, your Honor approved the award of several publicly advertised contracts for furnishing drill presses, grinders and automotive equipment, Proposal 236, to the Public Facilities Department, for use in the new Humphrey Occupational Resource Center. One of the contracts was awarded to

Service Sales Corporation for drill presses in the amount of \$9,344. I have been informed by Service Sales that it now wishes to withdraw its bid because it misunderstood our specifications and did not include in its price an attachment that was specified in the proposal. The machines, therefore, would not be completely responsive to the specifications.

The next lowest responsive bidder, United Tool, Inc., has stated that it will honor the price it bid originally for this item, which is \$7 higher than Service Sales' bid for each of eight drill presses.

Because Service Sales is a responsible, Boston-based firm and because the added cost to the city will be small, I feel that the best interest of the city would be served by permitting Service Sales to withdraw its bid, and award the contract to United Tool.

Accordingly, your permission is requested to amend existing contract No. 2866 with United Tool, Inc., 44 Broadway, Methuen, by increasing the amount from \$15,190 to \$24,590, net.

Respectfully,
Frank F. Chin,
Purchasing Agent.

AUDITING DEPARTMENT

Audit Services

Dear Mr. Mayor:

Permission is respectfully requested to extend contract No. SC-7453 with Coopers & Lybrand, 100 Federal Street, Boston, Mass. 02110, through June 30, 1981. This extension would increase the not to exceed fee by \$90,000 to a total of \$476,000, and the hours by 6,000 to a total of 71,000, both in accordance with Article XI of the contract and Walter Merrill's letter to you of July 25, 1977, requesting permission to award the original contract. I believe that this is a reasonable fee for this work.

As you are aware, Coopers & Lybrand was engaged to serve as independent auditors for the city for the fiscal years ending June 30, 1978, 1979, and 1980, subject to extension of the contract each year to cover the work for the succeeding year. They are at the present time nearing completion of the third year's audit, and it is not believed that any public purpose would be served by modifying the contract at this time.

I apologize for submitting this request at such a late date. I did not realize that this contract had to be amended each year.

Respectfully yours,
Newell Cook,
City Auditor.

CITY COUNCIL

Advertising Services

Dear Mayor White:

I respectfully request your written permission to amend Contract No. SC-1370(80) awarded to the *Boston Globe*, 135 Morrissey Boulevard, Dorchester, for the Fiscal Year 1979-80.

The above-stated contract is for the purpose of advertising public hearings held by the Boston City Council's various committees for the period July 1, 1979, through June 30, 1980. Due to the numerous hearings that have been held by the Council, the contract is in need of an increase.

An additional amount of \$110 is required to furnish a final payment to the *Boston Globe*.

Thank you for your consideration in matter.

Yours truly,
James M. Coyle,
Staff Director

COMMUNITY DEVELOPMENT

Athletic Programs

Dear Mayor White:

I am writing to amend an award letter proved by you on April 3, 1980, between the City of Boston and the West Roxbury/Roslindale Youth Activities Development Corporation for the provision of organized athletic programs for boys and girls from the West Roxbury and Roslindale communities covering the period January 1, 1980, through December 1980, at a cost of \$30,000.

I am hereby requesting that the original award letter be amended to change the name given on the letter from the West Roxbury/Roslindale Youth Activities Development Corporation, Inc. to the Parkway Youth Commission, Inc. The reason for this amendment is as follows: When the original award letter was being written, the contractor was under the impression that the legal name of the organization was the West Roxbury/Roslindale Youth Activities Development Corporation, Inc. Due to this misunderstanding the award letter was erroneously processed under this title whereas actually according to their articles of incorporation the official name of the organization is the Parkway Youth Commission, Inc. The purpose of this amended award letter is to correct this error in order to process all future contract documentation under the title of Parkway Youth Commission, Inc. All other terms of the original award letter remain the same.

Due to the unique situation described and the reasonable cost of their services and excellence of their provision of youth services, I recommend that this amended award letter between the Parkway Youth Commission and the City of Boston be approved immediately.

Sincerely,
Katharine D. Kane,
Deputy Mayor

Mental Health Unit

Dear Mayor White:

I am writing to amend an award letter proved by you on October 15, 1980, between the City of Boston and the New England Hospital, Inc., d/b/a Dimock Community Health Center, for the provision of a security/mental health unit for the residents of the Roxbury/North Dorchester area, covering the period of September 10, 1979, through September 9, 1980, at a cost of \$25,000.

I am hereby requesting that the original award letter be amended to increase the budget by \$5,000, bringing the maximum compensation under this contract to \$30,000. The reason for this amendment is as follows: I submitted a CDBG HUD application for fiscal year 1980 to the Dimock Community Health Center for the award of the contract, which was approved, for a total of \$30,000; however, the administration of the contract began with an error on the Human Services Bureau's part and an award letter and contract were erroneously processed in the amount of \$25,000.

purpose of this amended award letter is to correct this error and to award to Dimock Community Health Center the actual amount approved by HUD. All other terms of the original award remain the same.

Due to the unique situation described above, the reasonable cost of their services, the excellence of past performance, I recommend that this amended award letter between the New England Hospital, Inc., d/b/a Dimock Community Health Center be approved immediately.

Sincerely,
Katharine D. Kane,
Deputy Mayor.

EEPA

Training Programs

Mayor White:

I respectfully request your Honor's permission to amend an award letter for the Boys' Clubs of Boston, Inc., a non-profit organization with offices at 15 Green Street, Charlestown, which was submitted July 29, 1980, and was approved by you on September 16, 1980.

The purpose of this amendment is to correct a typographical error in the original award letter which incorrectly stated the beginning date of July 19, 1980. The correct beginning date is July 9, 1980. The contractor will continue to employ and train eleven (11) Public Service Employment (PSE) participants in outreach case delivery and building management activities. This program will end September 30, 1981, at a total cost not to exceed \$21,900.

In the original award letter, funds for the execution of this contract will be provided to the City of Boston, through a federal government grant under Title II-D of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524.

Whereas, all other terms and conditions of the original award letter are correct and remain in full force and effect, approval of this amendment will enable EEPA to execute the contract as planned.

Sincerely,
David S. Mundel,
Administrator.

Mayor White:

I respectfully request your Honor's permission to amend an award letter for Opportunities Industrialization Centers of Greater Boston, Inc., a non-profit organization with offices at 184 Dudley Street, Roxbury, which was submitted September 22, 1980.

The purpose of this amendment is to increase the total award by \$11,907. These funds will allow the contractor to employ one additional mathematics instructor needed for the continued operation of the skill training program for twenty (20) CETA participants as electronics/computer technicians under Title VII. This request is retroactive due to the determination of need for this position after the original budget had been submitted to EEPA.

In the original award letter, funds for the execution of this contract will be provided to the City of Boston through a federal government grant under Title VII of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The contract will continue to be effective for the period of July 1, 1980, through March 20, 1981. The total cost will be increased from \$61,995 by \$11,907 to a total cost not to exceed \$73,902.

Whereas, all other terms and conditions of the original award letter are correct and remain in full force and effect, approval of this amendment will enable EEPA to execute the contract as planned.

Sincerely,
David S. Mundel,
Administrator.

Data Processing Services

Dear Mayor White:

On July 21, 1980, your Honor approved an award to amend a contract without public advertising for bids to National CSS, Inc., 1033 Massachusetts Avenue, Cambridge, for continuing the provision of data processing services for the operation of "The Boston Plan, Project Y.E.S." management information system (MIS) during the period October 1, 1979, through August 31, 1980, at a total cost not to exceed \$150,000.

Your approval is requested to further amend this contract to pay for an additional MIS report required by EEPA and provided by the contractor in good faith. The cost of this amendment, which is immediately effective, shall not exceed \$2,200, which I have determined to be reasonable. The contract, as amended, shall not exceed \$152,200. The period of performance shall remain October 1, 1979, through August 31, 1980. Funds for the operation of this contract will be provided to the city through a grant under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. This request is retroactive because the extent of extra services required by EEPA could not have been foreseen.

Because this contract amendment is to pay for services that have been satisfactorily delivered at a reasonable cost, no public purpose would be served by advertising for sealed bids. I therefore request approval to dispense with formal advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
David S. Mundel,
Administrator.

Professional Services

Dear Mayor White:

On May 13, 1980, your Honor approved an award of a contract without public advertising for bids to Mr. Shalom Saar, 14 Triangle Drive, Setauket, New York, 11733 (New Address: 375-A Harvard Street, Cambridge, Mass. 02138) for professional services to EEPA in connection with the management of the Summer Youth Employment Program (SYEP) during the period February 27, 1980, to September 30, 1980, at a cost not to exceed \$13,050.

Your approval is requested to amend this contract to provide for 22 additional days of service during the contract term. This request is retroactive because the extent of weekend and extra days work in managing SYEP could not have been foreseen when the contract was initiated. The cost of this amendment which shall be immediately effective shall not exceed \$1,980 which I have determined to be reasonable. The contract, as amended, shall not exceed \$15,030. The period of performance remains February 27, 1980, through September 30, 1980. The contract will continue to be funded through a grant under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524.

Because this is a contract for professional services at a reasonable cost that conforms to federal procurement requirements for CETA programs, no public purpose would be served by formal advertising. I therefore request approval to dispense with inviting sealed bids by advertising in the *City Record* pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,
David S. Mundel,
Administrator.

HEALTH AND HOSPITALS DEPARTMENT

Elevator Repairs

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the department's Physical Facilities Division multi-vendor contract, which was approved by the Mayor on July 31, 1980, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$720,085.

This amendment will add the American Elevator and Service Company, 177 Milk Street, Boston, to the list of contractors who provide elevator repairs for the department.

The above firm is being added because they are now under contract, after advertising, to provide maintenance service on the elevators located at Mattapan and Long Island Hospitals. The addition of this firm will allow for continuity of service, if they can compete with other concerns listed under elevator repairs. They also have provided excellent maintenance service and are Boston based.

Therefore, Because of the above reasons and also because the addition of this firm is the only change in the contract, I recommend approval of this amendment.

Very truly yours,
David L. Rosenbloom,
Commissioner.

School of Medicine

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I hereby request your Honor's permission to amend the department's contract with the Trustees of Boston University School of Medicine, which was originally approved by your Honor on June 24, 1980, at a cost not to exceed \$66,066.

This amendment will increase the contract price by \$1,694, increasing the liability to the city under this contract to \$67,760.

This amendment was necessitated because of an error in the original request for contract. The total inadvertently was recorded as \$66,066 instead of \$67,760.

Therefore, Because of the above reason I recommend approval of this amendment.

Very truly yours,
David L. Rosenbloom,
Commissioner.

LAW DEPARTMENT

Legal Services

Dear Mr. Mayor:

On September 18, 1980, your Honor approved the award of a contract, without public advertising for bids, to Robert Glass, 89 State Street, Boston, for legal services in connection with his representation of the defendants in
(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

the case of *Thomas v Armstead*, for the period July 1, 1980, through June 30, 1981, at a cost not to exceed \$15,000.

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. The Armstead case was (successfully) completed, and Mr. Glass has subsequently agreed to represent the city in the Vara licensing litigation, in which he has been involved for several months. Mr. Glass will be compensated at the rate of \$75 per hour, and associates will be paid at the rate of \$45 per hour. The cost of this amendment, which is effective October 1, 1980, shall not exceed \$15,000, which I have determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$30,000.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Harold J. Carroll,
Corporation Counsel.

NEIGHBORHOOD DEVELOPMENT AGENCY

Employment Services, etc.

Dear Mayor White:

On November 8, 1979, your Honor approved the award of a contract, without public advertising, for bids, to La Alianza Hispana, 409 Dudley Street, Roxbury, for provisions of education and employment services for the city's Hispanic population during the period of August 23, 1979, to August 22, 1980, at a cost not to exceed \$137,454. The amount was later amended to read \$149,454 through an amended award letter approved on January 29, 1980. The amended award letter was required to correct an accounting error in the amount of funds earmarked for La Alianza Hispana.

Your approval is requested to amend this contract again both in terms of the period of performance as well as funds, in order for La Alianza Hispana to provide continuation of the above-mentioned services to the Hispanic community. La Alianza Hispana has applied for Year VI Community Development Block Grant funds in the city's application to the Department of Housing and Urban Development (HUD). However, HUD must first approve the project again and establish an approved start-up date. Due to the last submission of the application and additional information requested by HUD, the required approval date will not be forthcoming until November 15, 1980, at the latest.

The late submission of this request is due in no small part to contract unit staff departures as well as the amalgamation of the Human Services Contract Unit into the Neighborhood Development Agency. In addition, the management of La Alianza Hispana only recently encountered serious cash flow problems that threatened to close their doors. It is our intention, therefore, to assist La Alianza Hispana in correcting an administrative oversight and permit them to continue providing services to their constituents.

The cost of this amendment, which is effective August 22, 1980, shall not exceed \$30,000 which I have determined to be reasonable. The total cost of this contract as amended shall

not exceed \$179,454. The period of this contract shall be from August 23, 1979, to November 15, 1980.

Sincerely,
Andrew S. Fink,
Special Assistant.

PENAL INSTITUTIONS DEPARTMENT

Mental Health Services

Dear Mr. Mayor:

On July 30, 1980, your Honor approved the award of a contract, without advertising for bids, to the Trustees of Health and Hospitals, Inc., 818 Harrison Avenue, Boston, to provide mental health services at the Suffolk County House of Correction at Deer Island at a cost not to exceed \$72,000.

Your approval is requested to amend this contract to correct an inaccurate contract cost. This administrative oversight resulted from a miscalculation in annualizing biweekly costs under the terms of the contract.

The cost of this amendment, which shall be effective upon your approval, shall not exceed \$1,000, and the total contract cost, as amended shall not exceed \$73,000, which I have determined to be reasonable.

Because of the professional nature of the services to be rendered under this contract and the reasonableness of the cost, this contract was not publicly advertised for bids. Because of the clerical nature of the error in determining the contract cost, no useful purpose can be served by publicly advertising for bids.

Very truly yours,
John C. Seay,
Commissioner.

POLICE DEPARTMENT

Vehicle Repairs

Dear Mayor White:

Enclosed is a copy of a letter dated June 30, 1980, in which your Honor approved an award of a contract based on advertisements appearing in the *City Record* for estimating periodically the cost of, and, thereafter, upon the lowest responsible estimate, performing the work of miscellaneous repairs to Police Department vehicles during the period July 1, 1980, to June 30, 1981.

We determined that the department would require the services of a larger number of contractors and therefore we readvertised in the *City Record* on July 14, 1980, for other interested firms willing to provide these services. As a result of that advertisement, the following firms have declared their intent to enter into contracts with the city under the above conditions:

Ace Auto Body, Inc., 35 Tenean Street, Dorchester, MA 02122.

Menard Chevrolet, Inc., 131-133 Hancock Street, No. Quincy, MA 02171.

Oste Chevrolet, Inc., 1065 Commonwealth Avenue, Boston, MA 02115.

Your approval is requested to amend the original contract to include these firms. This amendment which is effective on August 1, 1980, will not result in any additional cost to the city and all other terms and conditions of the contract remain the same. This amend-

ment is being processed late because original award letter was misplaced.

Very truly yours,

Joseph M. Jordan,
Police Commissioner

Towing and Storage

Dear Mr. Mayor:

Enclosed is a copy of the letter of award in which your Honor approved an award of a contract based on public advertising for various motor vehicle towing companies to provide the Police Department with towing and storage services during the period of July 1, 1980, through June 30, 1981. The city make no payments for services rendered pursuant to this contract. The towing and storage charges are collected by the towing companies from the owners of the towed vehicles.

Your approval is requested to amend this contract by deleting John F. Moore d/b/a B Used Auto Parts, 47 Park Street, Dorchester who was to provide towing services in Districts 2 and 11. Mr. Moore has indicated that he is unable to handle the workload. Charles Monahan d/b/a Able Towing Co., 47 Franklin Street, Dorchester will be removed from the list of companies serving District One and added to the list of companies serving District 11. Hub Used Auto Parts Co., Inc., 12 Houghton Street, Dorchester will also provide towing services in District 11.

All other terms and conditions of this contract remain the same.

Very truly yours,

Joseph M. Jordan,
Police Commissioner

PUBLIC FACILITIES DEPARTMENT

Architectural Services

Dear Mr. Mayor:

Pursuant to a vote of the Public Facilities Commission on October 9, 1980, I hereby request your Honor's written authorization to dispense with inviting proposals by advertisement in the *City Record*, and enter into an agreement with Desmond & Lord, Incorporated, 100 State Street, Boston (formerly 6 B Street), amending a contract executed on December 14, 1979, providing architectural design services in connection with renovations to the Ambulatory Care Center at Boston City Hospital, in order to increase the amount authorized for expenditure from \$91,000 to \$94,984.32, which is a reasonable amount.

The increased cost is for additional services as a result of fire damage (\$150,000) and installation of a data processing system (\$130,000). The new cost is based on a factor of 12.44 percent (1967 AIA "C" rate) plus 1 percent for A & R) of the estimated cost of construction of \$780,000 minus the super fee (the job has been cancelled) and increased to \$22,210.32 for supplemental services.

Due to the provision of the law to the effect that existing city contracts may be amended only by a writing signed by all parties thereto including the Mayor, and bonding companies for public advertising in this instance would be of no useful purpose.

Very truly yours,

Donald B. Manso,
Director

PUBLIC WORKS DEPARTMENT

Sidewalk Repairs

Mr. Mayor:
On November 15, 1977, a contract was awarded to Charles Todesca and Angelo Sca & Sons, joint venturers, 98 Roslindale Ave., Roslindale, for repairs to sidewalks in six locations in the City of Boston, in District 2 and District 8, in the amount of \$37,989.63.

An amendment to the original contract, authorized by you on February 16, 1979, included an increase of the encumbrance to \$95,400. The reconstruction of the defective sidewalks in all the locations listed in that contract requires an additional encumbrance of \$35,633.

In my opinion, the completion of the work authorized in the contract was in the best interest of the city. We respectfully request you authorize an amendment to the contract requiring an increase of the total encumbrance to \$131,033.

Very truly yours,
Joseph F. Casazza,
Commissioner of Public Works.

REAL PROPERTY DEPARTMENT

Test Pit

Honor:
On May 18, 1980, your Honor approved an award of a contract, based on public advertising bids, to Modern Continental Construction Company of 2277 Massachusetts Avenue, Cambridge, MA, for the installation of the support system and pile driving in the Lafayette Place Project Site (Contract LAF-4). The cost was not to exceed \$2,167,000 and to be completed within 120 days of June 5, 1980, when a Proceed Order was issued. This contract was subsequently reduced by amendment to \$1,900,000.

Your approval is requested to further amend the contract to provide for "Test Pit" excavation in the Lafayette Place site. The cost of this amendment, which will be effective immediately, shall not exceed \$7,975.57, which I determined to be reasonable. The contract, as amended, shall not exceed \$7,975.57.

Sincerely yours,
Bernard W. Callahan,
Commissioner of Real Property,
Chairman, Real Property Board.

Earth Support System

Honor:
On May 18, 1980, your Honor approved an award of a contract, based on public advertising bids, to Modern Continental Construction Company of 2277 Massachusetts Avenue, Cambridge, MA, for the installation of the support system and pile driving in the Lafayette Place Project Site (Contract LAF-4). The cost was not to exceed \$2,167,000 and to be completed within 120 days of June 5, 1980, when a Proceed Order was issued. This contract was subsequently reduced by amendment to \$1,907,975.57.

Your approval is requested to further amend the contract to provide for additional excavation of 5,500 cubic yards along Avenue de Lafayette and the furnishing and installing of an additional 270 linear feet of earth support

system similar to that provided in the base contract.

The cost of this amendment, which will be effective immediately, shall not exceed \$325,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$2,232,985.57.

Sincerely yours,
Bernard W. Callahan,
Commissioner of Real Property,
Chairman, Real Property Board.

Work Uniforms, etc.

Dear Mr. Mayor:

On Tuesday, May 22, 1979, your Honor approved an award of a contract based on public advertising for bids to Interstate Uniform Service Corporation, 80 East Cottage Street, Dorchester, for furnishing work uniforms and dry mops on rental service for Boston City Hall, Municipal Buildings and District Courts during the period of May 31, 1979, to June 30, 1980, at a cost not to exceed \$14,183.

Your approval is requested to amend this contract with Interstate Uniform Services Corporation from proposed contract sum of \$14,183 to proposed contract sum of \$20,437.

This increase has been necessitated by an increased number of uniforms being delivered to this department.

Enclosed find amendment to present contract.

Very truly yours,
Robert R. Venuti,
Assistant Commissioner.

SCHOOL DEPARTMENT

Glass Work

Dear Mayor White:

I hereby request approval of an amendment to our repetitive service contract No. 4178(81) for performing glass and glass substitute work.

In June, 1980, as a result of public advertisement in the *City Record*, I submitted a letter, in behalf of the Department of Planning and Engineering, listing competent and interested persons and firms desiring to perform such work in the Boston Public Schools.

In order to expand the list of persons eligible to do this work, I request that you approve an amendment to that letter, and include the names of:

A.A. Glassmobile, Inc., 62 Richfield Street, Dorchester; D. Clancy and Sons Glass Co. 339 Dorchester Street, South Boston.

Very truly yours,
Paul W. Mooney,
Senior Structural Engineer.

Extended Instruction

Dear Mr. Mayor:

On November 20, 1979, your Honor approved an award of a contract without public advertising for bids, to the Neighborhood Arts Center, 539 Tremont Street, Boston, during the period July 1, 1979, to June 30, 1980, at a cost not to exceed \$50,773.

Your approval is requested to amend this contract to provide for extended instruction in the schools serviced by this program as well as reimbursing the Neighborhood Art Center for payment made to parents who participated in the program. Under this grant the payment to the parents was to have been made by the School Department. The money for said pay-

ment was allocated in the budget of the grant to the School Department. The Neighborhood Art Center inadvertently made the payments from their budget. The State Department of Education has approved the transfer of the encumbered funds within the grant from the School Department to the Neighborhood Art Center.

The cost of this amendment shall not exceed \$4,800 which the School Committee deems reasonable. The contract as amended, shall not exceed \$55,573.

This amendment is being presented late due to the fact the contractor did not become aware of its effort until the invoice for final payment was returned from the auditor because payment would exceed the contract amount. The funds have been encumbered under ESEA Title IVC.

Because this is a sole source procurement, the School Committee believes that public advertising would serve no useful purpose.

Very truly yours,
Edward J. Winter,
Secretary.

Elevator Work

Dear Mayor White:

I hereby request approval of an amendment to our repetitive service contract No. 4185(81) for performing elevator and generator work.

In June, 1980, as a result of public advertisement in the *City Record*, I submitted a letter, in behalf of the Department of Planning and Engineering, listing competent and interested persons and firms desiring to perform such work in the Boston Public Schools.

In order to expand the list of persons eligible to do this work, I request that you approve an amendment to that letter, and include the name of W.A. Kraft Corp., 308 North Harvard Street, Boston.

Very truly yours,
Paul W. Mooney,
Senior Structural Engineer.

Heating System Repairs, etc.

Dear Mayor White:

I hereby request approval of an amendment to our repetitive contract for heating, ventilating, and air-conditioning repairs, including oil burner repairs.

In June, 1980, as a result of public advertisement in the *City Record*, I submitted a letter, in behalf of the Department of Planning and Engineering, listing competent and interested persons and firms desiring to perform such work in the Boston Public Schools.

In order to expand the list of persons eligible to do this work, I request that you approve an amendment to that letter, and include the name of Zampell Refractories, Inc., 90 Park Street, Beverly.

Very truly yours,
Paul W. Mooney,
Senior Structural Engineer.

Preventive Maintenance

Dear Mr. Mayor:

I request your approval of my action to amend the contract with the Bay State York Co., Inc., 94 Beaconsfield Road, Brookline, for preventive maintenance of mechanical equipment in various schools, Group A, from \$517,000, to \$529,043.50.

(Continued on next page)

CONTRACTS AMENDED

(Continued from previous page)

This amendment becomes necessary because on May 21, 1980, subbids were received for preventative maintenance of mechanical equipment in various schools, Group A. All subbids were rejected for automatic temperature control and an allowance of \$70,000 was carried by all of the general contractors for automatic temperature control. Per the recommendation of the Department of Labor and Industries, we are using the original subcontractors bids.

Barber-Colman Company, \$89,502, twelve months; Robertshaw Control Company, \$94,000, twelve months; Heatrol, Inc., \$127,795, twelve months.

The bid of Johnson Controls, Inc., was rejected.

The lowest acceptable bidder was submitted by Barber-Colman Company, 605 Neponset Street, Canton, in the amount of \$82,043.50, adjusted for eleven months. The price of the general contractor was amended from \$517,000, to \$529,043, which reflects a difference of \$12,043.50.

Respectfully submitted,

Paul W. Mooney,
Senior Structural Engineer.

Legal Services

Dear Mr. Mayor:

On March 28, 1980, your Honor approved the award of a contract, without public advertising in bids, to Goodwin, Procter and Hoar, 28 State Street, Boston, for legal representation in matters relating to civil proceedings involving racial imbalance and desegregation during the period July 1, 1979, to December 31, 1979, at a cost not to exceed \$25,000.

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. The cost of this amendment which is effective on July 1, 1979, shall not exceed \$7,620.84, which the School Committee has determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$32,620.84.

This amendment is being submitted at this time due to unforeseen demands on the counsel's time.

Because of the professional nature of the services to be performed, the School Committee believes that public advertising would serve no useful purpose.

Yours very truly,

Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On March 6, 1980, your Honor approved the award of a contract, without public advertising in bids, to Goodwin, Procter and Hoar, 28 State Street, Boston, for legal representation in matters relating to civil proceedings involving racial imbalance and desegregation during the period January 1, 1980, to June 30, 1980, at a cost not to exceed \$25,000.

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. The cost of this amendment, which is effective on January 1, 1980, shall not exceed \$13,273.70, which the School Committee has determined to be reasonable. The total

cost of this contract, as amended, shall not exceed \$38,273.70.

This amendment is being submitted at this time due to unforeseen demands on the special counsel's time.

Because of the professional nature of the services to be performed, the School Committee believes that public advertising would serve no useful purpose.

Yours very truly,

Edward J. Winter,
Secretary.

Dear Mr. Mayor:

On October 23, 1979, your Honor approved the award of a contract, without public advertising to Choate, Hall and Stewart, 60 State Street, Boston, for professional services in regard to *Stewart, et als. v. Phillips, et als.* and *Frederick, et als. v. Phillips, et als.* (D. Mass. 70-119-T), during the period July 1, 1979, to June 30, 1980, at a cost not to exceed \$65,000.

Your approval is requested to amend this contract to provide additional services which were not anticipated in the terms of the original contract. The cost of this amendment, which is effective on July 1, 1979, shall not exceed \$21,385.68, which the School Committee has determined to be reasonable. The total cost of this contract, as amended, shall not exceed \$86,385.68.

This amendment is being submitted at this time due to unforeseen demands on the counsel's time.

Because of the professional nature of the services to be performed, the School Committee believes that public advertising would serve no useful purpose.

Yours very truly,

Edward J. Winter,
Secretary.

Books

Dear Mr. Mayor:

On October 17, 1980, your Honor granted permission to dispense with public advertising and to award a contract to companies listed in a letter to your Honor dated September 15, 1980, and approved October 17, 1980. The period of the contract extends from July 1, 1980, through June 30, 1981, at a cost not to exceed \$500,000.

Your approval is requested to amend this contract to include the companies listed below.

Charles River Publishing, Inc., 45 Landsdowne Street, Cambridge, MA; Reprographics, Inc., Boston, MA; Churchill Films, Inc., 662 No. Robertson Boulevard, Los Angeles, CA; Spellbinder, Inc., 33 Bradford Street, Concord, MA; K.A. Box 9337, No. Berkeley Station, CA; and Arthur Barr Productions, Inc., 3490 E. Foothill Boulevard, Pasadena, CA.

Plano Graphics, 40 Porter Road, Cambridge, MA; Delta X Industries, Inc., P.O. Box 442, Marinette, WI; Royal Business Machines, Cambridge, MA; Boston Herald American, Harrison Avenue, Boston, MA; Centron Corp, 1621 W.

Ninth Street, Box 687, Lawrence, KA; Contal Forms, 75 Oak Street, Pembroke, MA; Scientific, 905 Hickory Lane, Mansfield; Genreal Binding Corp., 1101 Skokie Boulevard, Northbrook, IL; Peter Hainsworth, 206 Main Street, Sharon, MA; Imperial International Learning Corp., P.O. Box 548, Kanakee, IL; shall Cavendish, 70 Wilmot Street, Waterbury, MA; Musitronic, Inc., P.O. Box 441, Owatonna, MN; National Cash Register, 180 W. Main Avenue, Newton, MA; New England Educational Products, 42 Sylvester Road, Scituate, MA; Reading Joy, Inc., P.O. Box 404, Newville, IL; Stack the Deck, 10628 S. Proven Avenue, Chicago, IL; The Barrett Learning Dynamics Corp., 212 N. Long Beach Avenue, Freeport, NY; T.S. Denson & Co., 9601 New Avenue, Minneapolis, MN; Wenger & Sons, Owatonna, MN; American Guidance Service, Inc., Publishers Bldg., Circle Pines, MN; Eldridge Publishing Co., Franklin, OH; Milton Bradley, East Longmeadow, MA.

Developmental Learning Materials, 10000 Natchez Avenue, Niles, IL; Center for Humanities, P.O. Box 100, Communication Park, White Plains, NY; Social Science Education Consortium, 855 Broadway, Boulder, CO; Educational Master Prints, Box 269, Great City NY; Radius Tutoring Project, Box 100, Saskatoon, Sask.; Nissens, 930 27th Avenue, Cedar Rapids, IO; St Mary's College, Winona, MN; Walt Disney Educational Materials, 1044 Point View, Los Angeles, CA; Lippincott University Press, Chicago IL; Continuum Books/Eurobooks, 1103 46th Avenue, Island City, NY; Phoenix Films, 470 West 4th Avenue, S, New York, NY; Copy Quick, 100 Massachusetts Avenue, Cambridge, MA; Science Kit, 777 East Park Drive, Tonawanda, NY; Charles Scribner's Sons, 597 Madison Avenue, New York, NY; and Pomfret Hills Pomfret Center, CT.

The amendment does not involve an increase in the amount of the original contract nor does it change the period of performance. Fiscal Year 1981, July through August.

Because of the late returns of the documents from the above vendors, it is necessary to present this amendment at this time. Due to the constant need to provide Boston public schools with books and other educational materials, and because books and certain other educational materials are unique to a particular publisher, it is the opinion that advertising for bids would be no public purpose.

Very truly yours,

Leo J. Burke,
Business Manager.

NOTICE TO CONTRACTORS

Sealed bids for MBTA Contract No. 095-101 (Project Value \$1.3 million) will be received by the Director of Construction, at the Contract Administration Office, fifth floor, 50 High Street, Boston, Mass. 02110, until two o'clock (2 p.m.) on April 14, 1981. Immediately thereafter, in a designated room, the proposal will be opened and read publicly.

The above-numbered contract is more fully described as follows:

(CLASS 1 — GENERAL TRANSIT CONSTRUCTION) RED LINE IMPROVEMENTS, MATAPAN TO ANDREW PORTAL, BOSTON AND MILTON, MASSACHUSETTS.

The work consists of:

1. Track and Civil:

Furnishing labor, materials as specified, tools and equipment for removal and replacement of tracks, special trackwork, chain link fencing, grade crossings, station platforms, walkways, timber platforms, and repairs to thirteen bridges and the interior walls and floor slab of the Ashmont Tunnel.

2. Signal, Communication, Traction Power, and Tunnel Lighting.

Furnishing labor, materials as specified, tools and equipment for removal and replacement of signal system equipment, communication equipment, traction power equipment, tunnel lighting, cables, and installation of new traction power, signal, and communication equipment and underground conduits and ductlines.

This contract is subject to a financial assistance contract between the MBTA and the United States Department of Transportation.

Each prospective bidder proposing to bid on this project must be prequalified in accordance with the Authority's "Procedures Governing Classification and Rating of Prospective Bidders." Copies may be obtained from the Contract Administrator's Office at the above address. Requests for prequalification for this project will not be accepted by the Authority after the tenth (10th) day preceding the date set for the opening of bids.

Prequalified bidders may obtain from the Contract Administrator a "Request for Proposal Form," which must be properly filled out and submitted for approval.

Bidding documents may be obtained from the Contract Administration Office at the address above from 8:30 a.m. to 4 p.m., Monday through Friday, at a charge of \$25. The Authority's General Requirements and Covenants (1978 Edition of Division I), as amended, and the Authority's Standard Specifications, Construction, dated January, 1980, are available in separate volumes from Contract Adminis-

tration Office at a charge of \$5 per copy for the General Requirements and Covenants and a charge \$15 per copy for the Standard Specifications, Construction. None of these charges are refundable.

BIDDING DOCUMENTS WILL BE AVAILABLE ON MARCH 17, 1981.

Any person may purchase copies of the plans and specifications for information purposes only, upon payment of the required charge.

Bidding documents will be mailed by parcel post upon request and receipt of an additional postage and handling charge of five dollars (\$5), payable by a separate check. If requested, documents will be forwarded by air freight, where such service is available, at the expense of the plan holder.

Bidders attention is directed to Appendix 1, Goals and Timetables for Female and Minority in the Construction Industry; and to Appendix 2, Supplemental Equal Employment Opportunity, Anti-Discrimination, and Affirmative Action Program in the specification. In addition, pursuant to the requirements of Appendix 3, Minority Business Enterprise (MBE) Provision, all potential prime contractors must submit an assurance with their bids that they will make sufficient reasonable efforts to meet the stated goal of 11 percent.

Bidders wishing to remain in competition for the award of this contract must submit to the Authority with their bids the names of MBE subcontractors, a description of the work each is to perform, and the dollar value of each proposed MBE subcontract.

The Authority hereby notifies all bidders that it will affirmatively insure that in regard to any contract entered into pursuant to this advertisement (Notice to Contractors), minority and female construction contractors will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religion, sex, or national origin in consideration for an award.

Bidders will be required to comply with federal equal employment opportunity regulations and the President's Executive Order No. 11246 and any amendments or supplements to that executive order. The requirements under this order are explained in the specifications.

This contract contains a fuel price and asphalt adjustment clause.

Authorization for the bidders to view the sites of the work on the MBTA's property shall be obtained from the office of the Project Manager, Mr. Thomas J. Murray, MBTA, 500 Arborway, Jamaica Plain, Mass. 02130 (Tel. No. (617) 722-3462).

A prebid conference will be held on March 30, 1981, at 10 a.m., in the office of the Project Manager, Mr. Thomas J. Murray, 500 Arborway, Jamaica Plain, Mass. 02130. It is imperative that prospective bidders have a representative attend. Any request for interpretation of plans and specifications should be submitted in writing at the same time.

Bidders will be required to certify that are not on the Comptroller General's list of ineligible contractors.

The provisions of Massachusetts Executive Order No. 130, Anti-Boycott Covenants, as incorporated by reference as part of this contract.

Bidders will be required to certify as part of their proposal that they are able to furnish that can work in harmony with all elements of labor employed or to be employed on the work.

Bidders are advised that the "Buy American" provisions of the Surface Transportation Assistance Act of 1978 (Pub. L. 95-599) apply to any contract, procurement, or agreement in excess of \$500,000 which results from this solicitation. These regulations require, as a condition of responsiveness, that the bidder submit with his bid a completed Buy American certificate as set forth in the form for bid.

Proposal guaranty shall consist of a deposit of four hundred ten thousand dollars (\$410,000), in the form of a bid bond, cash, certified check or a treasurer's or cash check issued to the MBTA by a responsible surety, bank, or trust company.

The successful bidder shall be required to furnish a performance bond and a labor materials payment bond, each for the amount of the contract price. The surety shall be a surety company or securities satisfactory to the Authority.

The Authority reserves the right to reject or all proposals, to waive informalities, to invite for new proposals or proceed to do the work otherwise, as may be deemed to be in the interests of the Authority.

CITY OF BOSTON

Proceedings of City Council

Wednesday, November 19, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

Reverend Francis Crowley, Pastor of St. William's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY THE REVEREND FRANCIS CROWLEY

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

Almighty and Eternal God, we ask Your blessings upon us this day. We come to You with open minds and open hearts, determined to ask You to inspire our minds and inflame our hearts with what is right and what is good, that everything that we do may truly come through Your inspiration, be carried on through Your Divine Assistance to the end that we may one day be hopefully and joyfully united with You forever and ever in heaven.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

The meeting was opened with the salute to the flag.

DISAPPROVING ORDINANCE REQUIRING TESTIMONY CONCERNING APPROPRIATIONS TO BE GIVEN UNDER OATH

The following was received:

City of Boston

Office of the Mayor

November 13, 1980.

To the City Council.

Dear Councillors:

I return herewith without my signature and disapproved a proposed ordinance requiring testimony concerning appropriations to be given under oath.

My reasons for disapproval are that the ordinance is unnecessary in that the Council can achieve the desired result without such an ordinance by following existing general law. Further, I disapprove because the statutory scheme upon which the ordinance is based, G.L. c. 233, s. 8, is improperly cited and therefore, the procedure to which the ordinance is tied does not exist.

Respectfully,

Kevin H. White,
Mayor.

Whereas, The basic services which the city government is obliged to provide for the people of the

city are provided by the Police, Fire, Public Works, Parks and other city departments; and

Whereas, The present city administration has avoided the legitimate budgetary function of the City Council by transferring funds appropriated by the Council for such departments to other agencies providing less essential services at the expense of the said departments; and

Whereas, This practice must be stopped if the city's finances, which involve the expenditure of hundreds of millions of dollars, are to be conducted on a sound basis; and

Whereas, One manner in which better control over the funding of city departments and agencies may be achieved is to assure that statements concerning proposed appropriations given to the Council are accurate and truthful; and

Whereas, Accurate testimony is most likely to be obtained by the Council if it is given under oath and in the presence of a stenographer; now, therefore,

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance Requiring Testimony Concerning Appropriations To Be Given Under Oath.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1. Section 125 Ordinance 5 of the City of Boston Code shall be, and hereby is, amended by adding at the end thereof the following:

Department and agency heads and employees of the Budget Division of the Administrative Services Department, when testifying before the City Council or a Committee thereof concerning an appropriation order pending before the Council in accordance with CBC, St. 6, section 251, or a loan order or an order approving the expenditure of funds received from the state or federal governments, shall do so under oath and subject to the penalties of perjury in accordance with the procedure set forth in Massachusetts General Laws, chapter 233, section 8A, and such testimony shall be recorded by a stenographer, excepting when the Council or a Committee to which the examination of any department or agency budget is assigned by express vote authorizes the dispensation of said requirement for sworn testimony and stenographic record.

Section 2. This ordinance shall be published by the action of the City Council in passing the same.

In City Council October 29, 1980.

Passed.

Barry J. Hynes,
City Clerk.

Disapproved November 14, 1980.

Mayor.

On motion of Coun. McDONOUGH, the ordinance was placed on file.

Coun. McDONOUGH offered the following substitute ordinance:

Whereas, The basic services which the city government is obliged to provide for the people of the city are provided by the Police, Fire, Public Works, Parks and other city departments; and

Whereas, The present city administration has avoided the legitimate budgetary function of the City Council by transferring funds appropriated by the Council for such departments to other agencies providing less essential services at the expense of the said departments; and

Whereas, This practice must be stopped if the city's finances, which involve the expenditure of hundreds of millions of dollars, are to be conducted on a sound basis; and

Whereas, One manner in which better control over the funding of city departments and agencies may be achieved is to assure that statements concerning proposed appropriations given to the Council are accurate and truthful; and

Whereas, Accurate testimony is most likely to be obtained by the Council if it is given under oath and in the presence of a stenographer; now, therefore,

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance Requiring Testimony Concerning Appropriations To Be Given Under Oath.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1. Section 125 Ordinance 5 of the City of Boston Code shall be, and hereby is, amended by adding at the end thereof the following:

Department and agency heads and employees of the Budget Division of the Administrative Services Department, when testifying before the City Council in accordance with CBC, St. 6, section 251, or a loan order or an order approving the expenditure of funds received from the state or federal governments, shall do so under oath and subject to the penalties of perjury in accordance with the procedure set forth in Massachusetts General Laws, chapter 233, section 8, and such testimony shall be recorded by a stenographer, excepting when the Council or a Committee to which the examination of any department or agency budget is assigned by express vote authorizes the dispensation of said requirement for sworn testimony and stenographic record.

Section 2. This ordinance shall be published by the action of the City Council in passing the same.

Coun. McDONOUGH moved that the rules be suspended and the ordinance be passed.

President IANNELLA ruled that in accordance with Rule 22, passage of the ordinance would require a unanimous vote of the Council.

Coun. McDONOUGH doubted the ruling of the Chair.

The ruling of the Chair was upheld, yeas 5, nays 3:

Yeas—Councillors DiCara, Iannella, Langone, Sansone, Sears—5.

Nays—Councillors McDonough, O'Neil, Tierney—3.

Absent or not voting—Flynn—1.

The ordinance was not passed, yeas 8, nays 1:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Tierney—8.

Nays—Councillor Sears—1.

STATEMENT OF COUNCILLOR McDONOUGH

Having received unanimous consent to make a statement, Councillor McDonough said that the ruling of the Chair made no sense because there was a conflict between Rule 22 and Rule 39 of the Rules of the City Council.

Referred to the Committee on Government Operations.

**CERTAIN INFORMATION UNDER SECTION
17F RE POLICE AND FIRE DEPARTMENT
PERSONNEL**

The following was received:

City of Boston
Office of the Mayor
November 7, 1980.

To the City Council.

Dear Councillors:

I transmit herewith communication received from the Fire and Police Departments in response to the order by your Honorable Body passed under the date of October 21, 1980, pertaining to Fire and Police personnel.

Respectfully,
Kevin H. White,
Mayor.

City of Boston
Fire Department
October 27, 1980.

Hon. Kevin H. White,
Mayor of Boston.

Dear Sir:

In answer to City Council order pertaining to uniformed vacancies in the City of Boston Fire Department, I submit the following:

1. Presently there is no Civil Service list for applicants to the Boston Fire Department.
—(questions 2, 3, 4, 5, and 6 pertain to the Police Department)

7. There have been no appointments of fire fighters to date in fiscal year 1980-81. See answer to question 1.

Total uniform strength in the Fire Department as of October 20, 1980: 1,881 officers and fire fighters.

98 fire fighters appointed in the 1979-1980 fiscal year.

63 fire fighters retired in the 1979-1980 fiscal year.

20 fire fighters retired in the 1980-1981 fiscal year to date.

Respectfully submitted,
George H. Paul,
Fire Commissioner/Chief.

Boston Police
November 6, 1980.

Hon. Kevin H. White,
Mayor of Boston.

Dear Mayor White:

In reply of the City Council's 17F request dated October 23, 1980, regarding personnel vacancies in the Police Department, I submit the following point by point response.

- 1) We are projecting a deficit in our '10' account of approximately \$900,000 at this point in time. Further, we cannot obtain a list from Civil Service until early next year. With our screening procedures, the earliest we could hire police officers would be in March of 1981, providing we could afford it.
- 2) The total strength of all sworn personnel as of October 20, 1980, was 2,108.
- 3) Assuming the order pertains to the staff assistants to the Police Commissioner when reference is made to administrative positions,

we currently have 3 of the 5 authorized positions filled.

- 4) The neighborhood station houses you refer to are combined with 5 administrative stations. All personnel are assigned to the administrative stations and the number working the neighborhoods mentioned will fluctuate from day to day and will change periodically according to the judgment of the deputy superintendent responsible for those sections of the city.

In any event, the total number of officers to be assigned to the 5 administrative districts will exceed the previous total of officers assigned to the 11 current districts.

- 5) I have no knowledge of a sum of \$100,000 being held in abeyance by the Police Department.

- 6) We have hired 294 police officers in fiscal 1980 and none in this fiscal year. We have had 88 officers retire in fiscal 1980 and 38 officers in the first four months of fiscal 1981.

Sincerely,
Joseph M. Jordan,
Police Commissioner.

Coun. DiCARA in the Chair.

President IANNELLA in the Chair.

On motion of Coun. LANGONE, the information was referred to the Committee on Public Safety.

GRANT OF \$2,500 TO FIRE DEPARTMENT

The following was received:

City of Boston
Office of the Mayor
October 20, 1980.

To the City Council:

Dear Councillors:

Under the provisions of sections 9(b)(1) and 9(b)(2) of the Federal Fire Prevention and Control Act of 1974, the City of Boston has been awarded a grant not to exceed \$2,500 by the United States Fire Administration for a project entitled, "Firefighters Integrated Response Equipment System: Field Evaluation."

I recommend prompt adoption of the enclosed order, which authorizes expenditures of these funds for the purpose for which they were granted.

Respectfully,
Kevin H. White,
Mayor.

City of Boston
October 23, 1980.

Hon. Kevin H. White,
Mayor of Boston.

Dear Sir:

Attached is a proposed City Council order permitting the city to expend \$2,500 in federal

funds recently awarded by the U.S. Fire Administration. The funds will support the project entitled, Firefighters Integrated Response Equipment System: Field Evaluation which will be administered by the Boston Fire Department.

I urge your support of this grant and respectfully request the prompt submission of this order to the City Council.

Respectfully,

George H. Paul,
Fire Commissioner/Chief.

Ordered, That approval be, and hereby is, given under section 53A of chapter 44 of the General Laws for expenditure by the Mayor, acting through the Commissioner, Boston Fire Department of \$2,500 to be granted by the United States Fire Administration under the provisions of sections 9 (b) (1) and 9 (b) (2) of the Federal Fire Prevention and Control Act of 1974 for a project entitled, "Firefighters Integrated Response Equipment System: Field Evaluation."

On motion of Coun. O'NEIL, the rules were suspended; the order was passed.

APPOINTMENT OF MARK GOLDWEITZ

The following was received:

City of Boston
Office of the Mayor

November 4, 1980.

To the City Council.

Dear Councillors:

By the authority vested in me by the City of Boston General Laws chapter 40D, section 3, I hereby appoint Mark Goldweitz of 183 Warren Avenue, Boston (experienced in financial matters), as a member of the Boston Industrial Development Financing Authority, for a term expiring April 1, 1984 vice, Matthew L. McGrath.

Respectfully,

Kevin H. White,
Mayor.

Ordered, That the appointment by the Mayor of Mark Goldweitz of 183 Warren Avenue, Boston (experienced in financial matters), as a member of the Boston Industrial Development Financing Authority, for a term expiring April 1, 1984, vice, Matthew L. McGrath be, and the same is, confirmed.

Referred to the Committee on Planning and Development.

TRANSFER OF THE FORMER OUTPATIENT DEPARTMENT OF HEALTH AND HOSPITALS TO PUBLIC FACILITIES COMMISSION

The following was received:

City of Boston
Office of the Mayor

November 17, 1980.

Dear Councillors:

I submit herewith and recommend that you adopt an order for the transfer of the following property for the care, custody, management and control of the department to which said property

is assigned to the care, custody, management and control of the Public Facilities Commission for sale under terms and conditions deemed by the Director to be most appropriate for the City of Boston:

Former Outpatient Department, 790 Harrison Avenue, Boston, Massachusetts.

The property was declared no longer needed for Health and Hospitals purposes by vote of The Trustees of Health and Hospitals on December 12, 1978.

I recommend the adoption of this order by your Honorable Body.

Respectfully submitted,

Kevin H. White,
Mayor.

Whereas, The Department of Health and Hospitals has notified the City Council that said department has determined that the former Outpatient Department Building located at 790 Harrison Avenue in the South End section of the City of Boston is no longer needed for Health and Hospitals purposes; it is hereby

Ordered, That the said former Outpatient Department Building located at 790 Harrison Avenue in the South End section of the City of Boston, having been declared to be surplus by the City of Boston, Health and Hospitals Department is hereby found to be surplus within the meaning of St. 1909, c. 486, s. 31B (as appearing in St. 1966, c. 642, s. 12) and the care, custody, management and control thereof are hereby transferred to the Public Facilities Commission.

Referred to the Committee on Planning and Development.

APPOINTMENTS BY THE MAYOR

Subject to confirmation by the City Council, the Mayor submitted the following appointments:

Constables with authority to serve civil process upon filing of bond for term ending April 30, 1981: William Carrington, 190 Columbus Avenue, Roxbury; Johnnie Jenkins, 51 Fayston Street, Roxbury; Leroy Jordan, 111 Howland Street, Roxbury; Joseph M. Mara, 115 Princeton Street, East Boston; Paul Moulton, 51 Arborfield Road, Roslindale; Anna Pinnock, 74 Dabney Street, Roxbury.

Referred to the Committee on Government Operations.

CERTAIN INFORMATION UNDER SECTION 17F RE CABLE FRANCHISING

The following was received:

City of Boston
Office of the Mayor

To the City Council.

Dear Councillors:

I transmit herewith communication received from the Office of Policy Management in response to the order of your Honorable Body passed under the date of November 5, 1980, pertaining to cable television franchising in the City of Boston.

Respectfully,

Kevin H. White,
Mayor.

Office of Policy Management

November 17, 1980.

Kevin H. White, Mayor,
City Hall.

Dear Mayor:

I am writing in response to the City Council's order dated November 5, 1980, requesting 1) a copy of each application for the Boston cable television franchise and 2) a copy of all executive orders, rules, etc. promulgated with respect to the proposed franchise.

In response to the order, I am transmitting to you the following materials:

- 1) Form B-100, the City's Supplement to the Massachusetts CATV Commission application. (Form 100) which includes your Executive Order setting forth the Standards of Ethical Conduct relating to the franchise process;
- 2) The Report of the Mayor's Cable Television Review Commission (October 1979); and
- 3) A Primer for city officials prepared by the Mayor's Office in the summer of 1980.

Copies of the applications for Boston's cable television franchise are available for public inspection in the City Clerk's office. These applications are voluminous and the cost of reproducing twelve copies of each would be prohibitive. It is my hope that the City Councillors will avail themselves of the copies in the Clerk's Office.

Respectfully,

Richard A. Borten,
CATV Coordinator.

(Annexed hereto is the documentation referred to.)

Referred to the Special Committee on Cable TV.

REPORT OF COMMITTEE ON
PLANNING AND DEVELOPMENT

Coun. DiCORA, for the Committee on Planning and Development, submitted the following:

1. Report on message of the Mayor and order (referred November 5) for designation of Wilbur Theatre Properties, Inc., as an Industrial Development Project—recommending that the order ought to pass in the following new draft:

Whereas, An industrial development project is proposed for the City of Boston by the Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be used by Wilbur Theatre Properties, Inc., 246 Tremont Street,

Boston, Massachusetts (hereinafter with any parent corporation, subsidiary or other business affiliate referred to as the "Company"); and

Whereas, Said development project will consist generally of the following:

Acquisition of the Wilbur Theatre building parcel located at 246 Tremont Street, Boston, containing approximately 10,000 square feet of land and the equipping, renovation and improvement of such building; and

Whereas, The said industrial development project is to be used by the Company and the Company has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the City for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Company, will contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The Company has undertaken to cooperate with public and community agencies engaged in manpower recruitment and training to pursue as a goal, to the extent consistent with state and federal law, and to the extent appropriate to this project, the furnishing of at least 50 percent of new jobs at said project to City of Boston residents and to notify all prospective tenants of the project, prior to the execution of any lease, that it supports the pursuit of the foregoing goal and will encourage such tenants to pursue such goals in their own employment practices; and

Whereas, The Project is located in a predominantly commercial area for which a commercial area revitalization plan has been adopted by the city, such plan being subject to approval by the Secretary of Communities and Development, and the project appears to be consistent with the plan; and

Whereas, The estimated cost of said industrial development project is \$500,000 and the Company has requested financing through industrial development bonds in the amount of \$500,000 and has indicated its willingness to finance the costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of Chapter 40D of the Massachusetts General Laws; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the Company to acquire the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they may now and hereafter exist, in order to confer the

benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development project and has indicated its willingness to finance the project described above through a lease, purchase and sale agreement, loan agreement or other financing agreement pursuant to said Chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approves the industrial development project for the Company hereinbefore described, the estimated cost thereof and financing of said project through bonds issued by the city, acting by and through the Authority, pursuant to Chapter 40D of the General Laws, as amended, in a principal amount not to exceed \$500,000; provided, however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

The report was accepted; the order in the new draft was passed.

2. Report on message of the Mayor and order (referred November 5) for designation of 88 Broad Street Properties as an Industrial Development Project—recommending that the order ought to pass in the following new draft:

Whereas, An industrial development project is proposed for the City of Boston by the Boston Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be owned/used by 88 Broad Street Partnership, a Massachusetts limited partnership having its principal place of business at 125 Pearl Street, Boston, Massachusetts (hereinafter referred to as the "Company"), in the business of real estate development; and

Whereas, Said development project will consist generally of the acquisition, reconstruction, rehabilitation and conversion of an existing property from a functionally obsolete and under-utilized office facility consisting of one 10-story building, to a modern, usable office building with ground floor commercial space, for lease to future tenants of the space, located at 88 Broad Street in said Boston on a site containing approximately 7,000 square feet of land and 65,000 square feet of office space, presently owned by Broad Exchange Trust (the "Project"); and

Whereas, The said industrial development project is to be owned by the Company and the Company has expressed willingness to make payments to the city sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay the cost of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Company, will provide full-time employment in addition to employment currently provided by the Company for approximately 300 persons within one to two years following completion and thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to

the economy of the city and the Commonwealth; and

Whereas, The Company has undertaken to cooperate with public and community agencies engaged in manpower recruitment and training to pursue as a goal, to the extent consistent with state and federal law, and to the extent appropriate to this project, the furnishing of at least 50 percent of new jobs at said project to City of Boston residents and to notify all prospective tenants of the project, prior to the execution of any lease, that it supports the pursuit of the foregoing goal and will encourage such tenants to pursue such goals in their own employment practices; and

Whereas, The estimated cost of said industrial development project is \$4,700,000 and the Company has requested financing through industrial development bonds in the amount of \$3,300,000 and has indicated its willingness to finance the balance of said estimated cost of said project and costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of Chapter 40D of the Massachusetts General Laws; and

Whereas, Said industrial development project is located in a predominantly commercial area for which a Commercial Area Revitalization Plan has been adopted by the city and approved by the Secretary of Communities and Development and said project is consistent with such plan; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the Company to acquire the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. s. 103 (b) (6) and the regulations thereunder, as they may now and hereafter exist; in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development project and has indicated its willingness to finance the Project, described above through a lease, purchase and sale agreement, loan agreement or other financing agreement pursuant to said Chapter 40D; now, therefore, be it

Ordered, That the City Council of the City of Boston approves the industrial development project for the Company hereinbefore described, the estimated cost thereof and financing of said project through bonds issued by the city acting by and through the Authority, pursuant to Chapter 40D of the General Laws, as amended, in a principal amount not to exceed \$3,300,000; provided however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

The report was accepted; the order in the new draft was not passed, yeas 4, nays 4:

Yeas—Councillors DiCara, Iannella, McDonough, Sansone—4.

Nays—Councillors Langone, O'Neil, Sears, Tierney—4.

On motion of Coun. LANGONE, the order was referred to the Committee on Planning and Development.

Coun. TIERNEY moved reconsideration of the previous vote, hoping that reconsideration would not prevail.

Reconsideration did not prevail, yeas 3, nays 6:

Yeas—Councillors Langone, O'Neil, Sears—3.

Nays—Councillors DiCara, Flynn, Iannella, McDonough, Sansone, Tierney—6.

Training and Linkages that the order ought to pass.

The report was accepted.

Coun. McDONOUGH moved that Docket No. 1016 be amended by:

Ordered, That Docket Nos. 1016 to 1026, being various messages and ordinances for application and expenditure of federal funds totalling \$40,-274,371 under the Comprehensive Employment and Training Act (CETA), shall not pass except in accordance with the following conditions:

1. The clause authorizing the expenditure of such funds be deleted, and the following conditions be added:

2. All persons employed by EEPA other than the administrator shall be hired and hold their positions in accordance with chapter 31 of the Massachusetts General Laws.

3. That EEPA as created by lawful ordinance shall administer the application and expenditure of said funds.

4. All persons employed by EEPA, including the Administrator, shall reside in Boston.

The amendment was not adopted, yeas 4, nays 5:

Yeas—Councillors Langone, McDonough, O'Neil, Tierney—4.

Nays—Councillors DiCara, Flynn, Iannella, Sansone, Sears—5.

Coun. O'NEIL offered the following amendment:

That no money be transferred for the purpose of funding any other departments or individual salaries for persons not affiliated with said department.

The amendment was adopted.

Coun. SEARS moved that Docket No. 1016 be amended by adding the following:

"EEPA as created by lawful ordinance shall administer said expenditures. All persons employed by EEPA shall reside in Boston."

The amendment was adopted.

Coun. SEARS moved that Docket No. 1016 be further amended by striking out paragraph two and putting in place thereof the following:

"All persons employed by EEPA shall be temporary employees and their appointments shall lapse when the program is terminated."

The amendment was adopted.

Coun. SEARS moved reconsideration of the previous amendment.

Reconsideration prevailed.

Coun. SEARS moved that the following be substituted for the previous amendment:

"All persons employed by EEPA shall be temporary employees and their appointments shall lapse when the program is terminated."

The amendment was substituted and adopted.

Coun. McDONOUGH offered the following amendment:

All persons employed by EEPA as a part of its administrative staff, other than the administrator, shall be hired, and shall hold their positions, so long as such funds are available, in accordance with published criteria so as to provide an opportunity for all eligible residents of Boston to compete for such positions in a manner similar to that provided for positions governed by the rules and regulations of the State Board of Personnel.

The amendment was adopted, yeas 6, nays 3:

Yeas—Councillors DiCara, Langone, McDonough, O'Neil, Sansone, Tierney—6.

Nays—Councillors Flynn, Iannella, Sears—3.

Coun. LANGONE offered the following amendment:

That paragraph 2 in every docket number in EEPA order request be deleted in its entirety.

The amendment was adopted, yeas 5, nays 4:

Yeas—Councillors Langone, McDonough, O'Neil, Sears, Tierney—5.

Nays—Councillors DiCara, Flynn, Iannella, Sansone—4.

The order (Docket No. 1016), as amended, was passed.

Coun. McDONOUGH moved that Nos. 1019, 1020, 1022, 1023, 1024, 1025 and 1026 be amended in the same manner in which Docket No. 1016 was amended and passed.

The motion was passed.

The foregoing orders, as amended, were passed.

Coun. LANGONE offered the following amendment:

That Docket Nos. 1017, 1018, and 1021 be amended as follows:

That in the selection process of applicants for all positions in the aforementioned orders, other than those which are involved in the administration of these programs, shall be chosen by a lottery system of all eligible applicants after public advertisement at least four weeks prior to the lottery, stating place and time.

The applicants may apply up to within 7 days of date of lottery.

The amendment was adopted, Councillors DiCara and Flynn asking to be recorded in the negative.

Coun. McDONOUGH moved that Dockets No. 1017, 1018, and 1021 be further amended in the same manner as Docket No. 1016 and passed.

The motion was passed.

Docket Nos. 1017, 1018, and 1021, as amended, were passed.

Coun. SEARS moved reconsideration of the previous vote re: Docket No. 1022.

Reconsideration prevailed.

Coun. SEARS moved that the amount of the grant in Docket No. 1022 be reduced by \$661,017, so that the total amount is \$6,562,508.

The motion was carried, yeas 5, nays 4:

Yeas—Councillors Langone, McDonough, O'Neil, Sears, Tierney—5.

Nays—Councillors DiCara, Flynn, Iannella, Sansone—4.

Docket No. 1022, as amended, was passed.

FURTHER REPORT OF COMMITTEE ON GOVERNMENT FINANCE

Coun. FLYNN, for the Committee on Government Finance, submitted the following:

At a time of national economic slowdown, city government is often powerless to influence the general trends of rising inflation and growing unemployment. To a significant extent, Boston has escaped much of the impact of our national economic ills. Our overall unemployment rate of 5.7 percent is well below the national average, but nonetheless, even a 5.7 percent unemployment rate means that many workers and their families are unable to share in the city's prosperity. Even more disturbing is the alarmingly high unemployment

ment rate among young workers which is more than double the overall city average.

Besides bringing in more jobs to Boston's economy, the city must also provide residents with the skills and work experience they will need to meet the requirements of the modern job market. The sometimes unfortunate results of the CETA programs in the past have shown that it is not enough to subsidize short-term employment in unskilled positions in city government. Workers need the training and skills to obtain permanent, unsubsidized jobs in the private as well as the public sector.

The Committee on Government Finance conducted a lengthy hearing on the above new administrator of the Employment and Economic Policy Administration (EEPA) stated his priorities were to strengthen EEPA's job training, development and placement and to increase involvement with the private sector toward this end.

During FY '81 overall funding from CETA and other sources is expected to be approximately \$40 million, which represents a \$10 million (20 percent) reduction in funding over FY '80 levels. Administrative staff has dropped 33.6 percent since the beginning of FY '81, from 506 at the end of May to 336 as of the day of the committee hearing, October 31.

Considerable concern has been expressed by members of the City Council over the fact the Employment and Economic Policy Administration has never been formally established by ordinance. In order to address this concern, the Committee on Government Finance has recommended passage of the attached ordinance officially establishing the Employment and Economic Policy Administration. The proposed ordinance not only formally creates the agency, but also contains a ceiling on the number of central administrative staff which EEPA may hire (300) and a limit on the amount of its budget (20 percent) which may be spent on administrative costs.

In light of the imminent change of national administrations in Washington, the committee urges immediate adoption of the attached dockets and ordinance. A protracted delay in authorizing application and expenditure of these funds could jeopardize the city's receipt of these funds and drastically set back the city's efforts to improve the economic future of Boston residents.

City of Boston

In the Year Nineteen Hundred and Eighty
An Ordinance Creating the Employment and
Economic Policy Administration.
Be it ordained by the City Council of Boston,
as follows:

Section 1. There is hereby created a city department to be known as the Employment and Economic Policy Administration (hereinafter "EEPA") which shall be under the charge of an officer, known as the Administrator, appointed by the Mayor for a term expiring on the first Monday of January following the next biennial election who shall have the powers and perform the duties imposed upon him by law.

Section 2. The Administrator shall from time to time, establish within the department such divisions and administrative units within such divisions as may be necessary for the efficient and economical

administration of the department, and when necessary for such purpose, he may abolish any such division, or he may merge any two or more of them, and may abolish or merge any such other administrative units within divisions as he may deem advisable. The Administrator shall prepare and keep current a statement of the organization of the department, of the assignment of functions to its various administrative units, offices, and employees, and of the places at which at the methods whereby the public may receive information or make requests.

Section 3. The Employment and Economic Policy Administration shall develop and administer programs in conjunction with federal, state and local government, private industry and non-profit organizations to employ more Bostonians and to improve the general economic well being of the city. In order to accomplish these ends, the Employment and Economic Policy Administration shall develop and administer programs to:

- (a) train and educate chronically unemployed Boston residents;
- (b) establish referral and placement opportunities in unsubsidized jobs in private and public sector employment for Boston residents;
- (c) encourage increased job development in the city, including technical assistance to private industry to hire and train more Boston residents;
- (d) establish specialized programs to assist handicapped and young people in obtaining meaningful employment opportunities to promote their career development;
- (e) coordinate with private and public school systems to assist young people in obtaining marketable job skills and training as part of their education;
- (f) apply for and expend federal, state and/or other grants to assist in these ends in conjunction with the approval of the Mayor and City Council.

Section 4. Unless specifically authorized by the Mayor and City Council, no more than twenty percent (20%) of the annual operating budget of the Employment and Economic Policy Administration may be expended on central administrative staff and overhead costs. In any case, no more than three hundred (300) central administrative personnel may be employed by the Employment and Economic Policy Administration at any time unless expressly provided for by the Mayor and City Council.

The report was accepted.

Coun. McDONOUGH offered the following amendment: That the following be substituted for Section 4:

"Section 4. Unless specifically authorized by the Mayor and City Council, no more than twenty percent of the annual operating budget of the Employment and Economic Policy Administration may be expended on central administrative staff and overhead costs. In any case, no more than three hundred administrative personnel, all of whom shall be residents of Boston, may be employed by the Employment and Economic Policy Administration at any time unless expressly provided for by the Mayor and City Council, and no

persons employed by EEPA, other than the Administrator, shall hold office except in accordance with Chapter 31 of the Massachusetts General Laws."

The amendment was adopted, yeas 5, nays 3:

Yeas—Councillors DiCara, Langone, McDonough, Sears, Tierney—5.

Nays—Councillors Flynn, Iannella, Sansone—3.

Councillor Sears moved that the ordinance be further amended by:

adding in the fifth line of section one after the word "Biennial" the word "municipal";

adding at the end of section two the following new sentence: "The Administration shall annually on or before the 30th of June provide to the Mayor and to the City Council a detailed report of the activity of the agency, its projects and plans, and comments on its progress in attacking and solving the problem of unemployment;

striking out in section four in the third line, the word "central," and in the sixth and seventh lines, all after the word "Administration," inserting in place thereof "on and after December 31, 1980, unless with the express approval of the Mayor and City Council.

The amendment was adopted, yeas 6, nays 2:

Yeas—Councillors DiCara, Iannella, Langone, McDonough, Sears, Tierney—6.

Nays—Councillors Flynn, Sansone—2.

Rule 22 was not suspended, yeas 7, nays 2 (9 votes being necessary):

Yeas—Councillors DiCara, Iannella, Langone, McDonough, O'Neil, Sears, Tierney—7.

Nays—Councillors Flynn, Sansone—2.

Referred to the Committee on Government Operations.

On motion of Councillor DiCARA Rule 10 of the Rules of the City Council was suspended in order to introduce the following, yeas 7, nays 2:

Yeas—Councillors DiCara, Flynn, Langone, McDonough, O'Neil, Sansone, Sears—7.

Nays—Councillors Iannella, Tierney—2.

APPROVING INDUSTRIAL DEVELOPMENT PROJECT FOR 310 MCCLELLAN HIGHWAY REALTY TRUST

The following was received:

City of Boston

Office of the Mayor

November 18, 1980.

The Honorable City Council,
Boston City Hall.

Councillors:

As requested by bond counsel in the attached letter, with this correspondence, I request that you rescind the Council Order of October 8, 1980 approving an industrial development project for 310 McClellan Highway Realty Trust.

I hereby transmit and urge you to adopt a proposed Order concerning the request of 310 McClellan Highway Realty Trust for industrial revenue bond financing of its development project.

Your approval of the above requests will enable us to meet our mutual objective that city resources

be used to retain and create jobs which benefit city residents and at the same time address the concerns expressed by the applicant's bond counsel. As you know, the McClellan Project involves the development of an air freight facility to be located at 310 McClellan Highway in East Boston. The Project will allow for the expansion of Burlington Northern Air Freight, Inc., which currently occupies the adjacent site. Presently employing 44 full-time and 9 part-time people, Burlington expects to add 10-30 workers in the next two years. Burlington by letter dated October 28, 1980 has assured the EDIC that it will make its utmost good-faith effort to hire local residents for this project. Your action will provide a means by which to expand an industrial activity which is vital to East Boston's and the city's economic development and essential to the livelihood of many city residents.

Therefore, I request your approval of this project and look forward to its successful completion.

Sincerely,

Kevin H. White,
Mayor.

Burlington Northern Air Freight

October 28, 1980.

Mr. Brian F. Dacey, Acting Director,
EDIC/Boston.

RE: 310 McClellan Highway Realty Trust
Industrial Revenue Bond

Dear Mr. Dacey:

As you know, Burlington Northern Air Freight, Inc., is the proposed tenant of the building to be constructed in East Boston by 310 McClellan Highway Realty Trust, which construction is proposed to be financed by an Industrial Revenue Bond issued by the Boston IDFA.

It has come to our attention that an issue has arisen with respect to Burlington Northern Air Freight's policy with respect to hiring workers for the new facility. We wish to assure you that Burlington Northern Air Freight has every intention, and will make its utmost good-faith effort, to employ city residents at our new facility and will set as a goal the hiring of at least 50 percent of our future employees from the city of which at least one-half (1/2) will be local residents of East Boston.

Please be further assured that Burlington Northern Air Freight will make an aggressive effort to provide employment for minority persons and women and will cooperate with all relevant city agencies in achieving our employment and affirmative action goals.

We further understand that EDIC/Boston will provide us with the information available to employers regarding employment training and job referral programs and that EDIC/Boston will seek to facilitate our participation as appropriate.

If the terms expressed in this letter meet with your approval, please so indicate with your signature below.

Burlington Northern Air Freight is committed to the economic revitalization of the City of Boston and looks forward to expanding our existing facility. We sincerely hope that the city will see fit to take the necessary action which will enable

the proposed building to be constructed in Air Park East.

Cordially,
Joseph J. McLinden,
Director of Administration.

Accepted and agreed:

Brian F. Dacey, Acting Director,
EDIC/Boston.

Re: Order of the Boston City Council

Dated October 8, 1980

Dear Mr. Dacey:

This firm has been retained as bond counsel in respect of a proposed industrial development bond issue by the City of Boston, acting by and through its Industrial Development Financing Authority (the "IDFA"), the proceeds of which would be loaned to 310 McClellan Highway Trust, a nominee trust, for the purpose of constructing an industrial development facility in East Boston to be leased to Burlington Northern Air Freight, Inc. On October 8, 1980 the Boston City Council passed an order which recited that it was intended to be "official action" approving this bond issue and which contained the following provision:

"And be it further ordered, That at least 50 percent of the employees be hired who are bona fide residents of Boston and at least 25 percent of the employees be hired who are bona fide residents of the East Boston section of Boston."

A full copy of this order is attached as Exhibit A to this letter. This requirement of the order of October 8, 1980, is unique in the experience of this office.

Your office has inquired whether the provision quoted above is of concern to this firm, as bond counsel. For the reasons stated below, this provision indeed does give serious concern. There is serious question whether this firm could give its opinion approving the issuance of the bonds if this language remains in effect.

To place this letter in its proper perspective, it is necessary to describe the role of bond counsel in an industrial development bond financing. In brief, the responsibilities of bond counsel include the following: (1) ensuring that the general revenues and taxing power of the municipal issuer are not pledged to support the bonds; (2) rendering an opinion that the interest on the bonds is exempt from federal income taxation; (3) rendering an opinion that the various agreements and instruments have been duly authorized and executed by the issuer in accordance with the municipal charter and ordinances and the law of the Commonwealth, and that such agreements and instruments are enforceable against the issuer; (4) satisfying itself that the documents are not otherwise contrary to federal, state or local law; and (5) to the extent possible, drafting the various documents in such a way that the responsibilities of the parties are expressed clearly and are not overly burdensome

or impossible of performance. This letter will focus primarily on problems raised by the City Council order that affect the responsibilities of bond counsel described in clauses (2) and (3). Those described in clauses (1), (4) and (5) are also affected and are briefly referred to towards the end of this letter.

1. Effectiveness of the Order of October 8, 1980 as "Official Action." The concept of "official action" is a federal tax concept which relates to the question whether the interest on a bond is exempt from federal income taxation and, accordingly, affects the ability of bond counsel to opine as to taxability. In the Internal Revenue Code of 1954, as amended (the "Code"), Section 103 (a) provides for the exclusion from federal gross income of the interest on state and municipal obligations. Section 103 (b), however, provides that this exclusion does not apply to the interest on an industrial development bond unless the bond falls within any of four categories. These four categories include issues financing certain "exempt facilities" (such as convention or trade show facilities or air or water pollution control facilities), industrial parks and hydroelectric generating facilities and "small issues." The bond issue proposed for 310 McClellan Highway Realty Trust would be a "small issue" industrial development bond.

The criteria for membership in each of these categories are highly technical. The requirement of "official action" provides an excellent example. This requirement is that before any costs of a project to be financed by industrial development bonds are paid or incurred, "a bond resolution with respect to such [bonds must be] adopted by, or some other similar official action toward the issuance of such [bonds] prior to the construction, reconstruction, or acquisition of the facility to be financed with the proceeds of the bonds." Treasury Regulations Section 1.103-8(a)(5)(iii). This Section is part of the Treasury Regulations relating to the category of industrial development bonds for "exempt facilities." It does not by its terms apply to the "small issue" category of industrial development bonds. In fact, there is no language in the Code, the Treasury Regulations or any public Revenue Ruling of the Internal Revenue Service (the "Service") that applies the "official action" requirement to the "small issue" category. However, it has long been known that the Service applies some version of the "official action" requirements to "small issues." On July 29, 1980, in a private ruling, the Service confirmed this. It wrote:

"Although 1.103-8 (a) (5) of the regulations does not specifically refer to property financed under section 103 (b) (6) of the Code [that is, 'small issues'], there is no reason why the purpose behind this regulation should not also be applicable to property financed under section 103 (b) (6). . . . Therefore, we believe that it is appropriate to apply, by analogy, the rules under section 1.103-8 (a) (5) to bond issues under section 103 (b) (6)." CCH IRS Letter Rulings Reports, LTR 8043078 (July 29, 1980).

The Service's expansive interpretation of a regulation which appears on its face to be limited in scope emphasizes that bond counsel should tread carefully in interpreting and applying the law in this area.

Our concern that the order of the City Council may run afoul of this "official action" requirement derives from uncertainty whether the provision of the order quoted above constitutes a condition upon the city's intention to issue the bonds. Although our research has found no regulation or revenue ruling directly on point, in several revenue rulings the Service has addressed the question whether certain actions of municipal authorities were effective "official action." (These rulings concern only the category of "exempt facilities," but presumably the Service would apply them as well to the category of "small issues.") The rule that has emerged is the following:

"The adoption by a governing body of a political subdivision of a resolution evidencing a present intention to have the political subdivision issue obligations to finance a specific exempt facility will satisfy the requirement of section 1.103-8 (a) (5) (iii) provided that such governing body is authorized to have such obligations issued." Revenue Ruling 79-320, 79-2 Cum. Bull. 35.

We are left with the problem that the city appears to have placed a condition on its approval of the project and that the question whether this condition can and will be satisfied cannot be answered until the project has been completed. Since construction cannot begin until "official action," has occurred, the borrower is caught in the conundrum of the chicken and the egg: it cannot begin construction until it has "official action," and it cannot have "official action" until it has finished the project. The city's purpose should be accomplished in a way that does not suggest that the city has placed a condition on its approval of the bond issue.

2. Authorization under State Law. A second question exists as to whether a municipality's imposition of employee residency requirements as a condition to approval of an industrial development bond violates the provisions of Mass. G.L. c. 40D ("Chapter 40D").* This question relates to whether bond counsel can give its opinion that the bond documents have been properly and duly authorized.

Chapter 40D describes, frequently in minute detail, the process whereby industrial development bonds may be issued by a municipality. Legislation, "comprehensively describing" a given subject matter "may reasonably be inferred as intended to preclude the exercise of any [independent or additional] local power or function on the same subject because otherwise the legislative purpose of [the] statute would be frustrated." *Bloom v. Worcester*, 363 Mass. 136, 155 (1973).

Furthermore, "[a] conclusion that the legislature intended to preempt a subject" is particularly likely "if the Legislature has explicitly limited the manner in which cities and towns may act on that subject." *Id.*

In Chapter 40D the Legislature provided for a local assessment of the need for industrial development, including specifically a local assessment of the problems of unemployment. Chapter 40D, Section 2. The statute broadly defines the powers of a municipality acting by and through its industrial development financing authority, including the power

to "make contracts of every name and nature." Chapter 40D, Section 7 (a) (iv). The Legislature has just as specifically provided, however, that the governing body of a municipality wishing to issue an industrial development bond must take the following three steps, none of which provides for conditional action: (1) a vote to "approve the project," (2) a vote to approve "the estimated cost" of the project, and (3) a vote to approve "the financing" of the project by issuing bonds. Chapter 40D, Section 12 (1). (All three approvals can, of course, be accomplished on a single vote.) In addition, an intent to preclude conditional approval by the governing body of a municipality may be inferred from the fact that elsewhere in the same statute the Legislature explicitly extended such power of conditional approval to the Massachusetts Industrial Finance Agency ("MIFA"). Chapter 40D, Section 12 (k).

Within the statutory scheme of Chapter 40D, the imposition of conditions by the City Council is a questionable assumption of authority not clearly granted by the Legislature. Again, the order of the City Council poses vexing problems that could be avoided by removing the condition to the city's approval.

3. Other Questions. As noted above, the responsibilities of bond counsel reach well beyond merely giving opinions that bonds are tax-exempt and duly authorized. The language of the City Council order implicates these other responsibilities as well. For example, whereas it is the responsibility of bond counsel to strive for documentation that clearly sets forth the rights and responsibilities of the parties, the order contains ambiguities. It is not clear, for example, whether the percentage requirements apply only to the initial hiring or will apply continually, so long as the project is in use. Nor is it altogether clear whether the 50 percent of employees from Boston and the 25 percent of employees from East Boston can overlap, or whether a total of 75 percent must be from Boston and one-third of those from East Boston.

Even more importantly, it is also the responsibility of bond counsel to be satisfied that the bond documents do not violate other federal, state or city laws. By establishing minimum percentages of employees with certain residencies, the order runs the risk that, as applied, it may run afoul of federal and state laws and constitutional provisions which prohibit discrimination in employment. For example, if a qualified resident of another part of Boston were rejected in favor of a less qualified resident of East Boston, the more qualified person might well have cause to complain. There is a constitutional distaste for percentage requirements. A sensitive, balanced program of employment opportunity development is far better positioned to survive constitutional attack. Such would also avoid certain constitutional difficulties that might otherwise arguably inhere in a municipi-

*We are not concerned here with the provisions of a trust agreement. An industrial development financing authority is authorized to require in a trust agreement such provisions as "the authority may deem reasonable and proper for the security of the bondholders." Mass. G.L. c. 40D, s. 9.

pality imposing conditions in favor of its own residents. See *Dean Milk Co. v. City of Madison*, 340 U.S. 349 (1951). An approach whereby the user of the project would agree to work with employment development agencies is far preferable, from a legal as well as practical standpoint, to the imposition of percentage requirements.

This letter has attempted to explain in some detail the reasons why as bond counsel we feel we cannot approve the proposed bonds to finance a project that seems to us to be only conditionally approved and to suffer from other legal and practical difficulties.

We have reviewed the letter dated October 28, 1980 from Burlington Northern Air Freight, Inc. to you, a copy of which is attached hereto as Exhibit B. We believe that the approach taken in that letter represents a practical accommodation of needs and interests of the parties and that this approach avoids the legal and practical problems raised by the City Council's order of October 8, 1980. Consequently, we have suggested to Corporation Counsel and to your legal counsel that a proposal be submitted to amend the October 8 order to delete the language quoted at the beginning of this letter and add a "whereas" clause referring to the substance of the Burlington Northern letter.

Very truly yours,
Henry L. Hall, Jr.

Whereas, An industrial development project is proposed for the City of Boston by the Industrial Development Financing Authority (hereinafter referred to as the "Authority") to be owned by 310 McClellan Highway Realty Trust (the "Trust") and used by Burlington Northern Air Freight, Inc. a corporation having a principal place of business at 4350 Von Karman Avenue, Newport Beach, California 92660 (hereinafter referred to as "Burlington"), in the business of storage, handling and transportation of air freight; and

Whereas, Said development project will consist generally of (1) construction on a 1.067 acre site at 310 McClellan Highway, East Boston, of a two-story facility containing approximately 15,675 square feet, of which approximately 12,375 square feet will be used for warehouse/truck docking space and the balance will be used for related office space; and (2) necessary site improvements, including the installation of utilities; and

Whereas, The said industrial development project is to be owned by the Trust and the Trust has expressed willingness to make payments sufficient to pay the principal of and interest on industrial development bonds of the city issued to pay costs of said project and the current expenses of the city, acting by or through the Authority, incurred in connection therewith and to reimburse the city for or indemnify the city against any such expenses or costs incurred hereafter in the event that the issuance and sale of such bonds is not accomplished as contemplated; and

Whereas, Said industrial development project, as projected by the Trust, will provide full-time employment in addition to employment currently provided by Burlington for approximately 10 to 30 persons within two years following completion and

thereby contribute to the alleviation of unemployment in the city, provide security against future unemployment and be of benefit to the economy of the city and the Commonwealth; and

Whereas, The Trust and Burlington has undertaken to cooperate with public and community agencies engaged in manpower recruitment and training to pursue as a goal, to the extent consistent with state and federal law, and to the extent appropriate to this project, the furnishing of a least 50 percent of new jobs at said project to City of Boston residents, and to notify all prospective tenants of the project, prior to the execution of any lease, that it supports the pursuit of the foregoing goal and will encourage such tenants to pursue such goals in their employment practices; and

Whereas, The estimated cost of said industrial development project is \$899,500 and the Trust has requested financing through industrial development bonds in the amount of \$800,000 and has indicated its willingness to finance the balance of said estimated cost of said project and costs of said project in excess of said estimated cost other than by the issue of industrial development bonds and it appears that said development project may be financed through the issuance of industrial development bonds by the city, acting by and through the Authority, pursuant to the provisions of Chapter 40D of the Massachusetts General Laws; and

Whereas, The financing in part or in whole of this project through the issuance and sale of industrial revenue bonds is intended to be an inducement for the Trust and Burlington to construct and improve the proposed project in the City of Boston; and

Whereas, This order is intended as official action as contemplated by the provisions of I.R.C. section 103(b)(6) and the regulations thereunder, as they may now and hereafter exist, in order to confer the benefit of exemption from federal income taxation upon the interest on these bonds; and

Whereas, The Boston Industrial Development Financing Authority has adopted an initial favorable resolution with respect to this industrial development and has indicated its willingness to finance the construction and improvement of the project described above through a lease, purchase and sale agreement, loan agreement or other financing agreement pursuant to said Chapter 40D now, therefore, be it

Ordered, That the City Council of the City of Boston approves the industrial development project for the Trust and Burlington hereinbefore described, the estimated cost thereof and financing of said project through bonds issued by the city, acting by and through the Authority, pursuant to Chapter 40D of the General Laws, as amended, in a principal amount not to exceed \$800,000; provided however, that such bonds shall not constitute a pledge of the faith and credit of the City of Boston.

Coun. DiCARA moved that the order approved October 8, 1980, be rescinded and the new order be passed under suspension of the rules.

On motion of Coun. TIERNEY the question first came on suspension of the rules.

The rules were suspended, yeas 8, nays 1;

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Sears—8.

Nays—Councillor Tierney—1.

The order approved October 8, 1980, was rescinded and the new order was passed, yeas 7, nays 2:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, McDonough, O'Neil, Sansone—7.

Nays—Councillors Sears, Tierney—2.

CERTAIN INFORMATION UNDER SECTION 17F RE REVENUE AND BUDGET INFORMATION FOR 1981

Couns. DiCARA and SEARS offered the following:

Whereas, On November 4, 1980, the Massachusetts ballot contained referendum Question 2 (Proposition 2½) which proposed that no municipality may tax property at more than 2.5 percent of its fair market value; and

Whereas, The property tax constitutes an estimated 60 percent of the total revenue for the City of Boston; and

Whereas, The citizens of Massachusetts expressed overwhelming support for Proposition 2½; and

Whereas, 57 percent of the people of the City of Boston voted in favor of Question 2; and

Whereas, It has been estimated that, as a result of Proposition 2½, property taxes in the City of Boston will be reduced by 75 percent resulting in a drastic reduction of revenue for the city; now, therefore be it

Ordered, That under the provisions of section 17F of chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, his honor, the Mayor, or his designated representative, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:

1. What is the estimated loss of revenue for FY 81; how will the budget be cut to compensate for these losses?

2. Does the Administration propose to reduce and/or discontinue any services or programs now supplied by the City of Boston?

3. What additional sources of revenue will be available to the city?

4. What are the fixed costs of the city for FY 81 for Debt Service? Pensions? State Assessments?

5. What is the effect of these fixed costs on the tax rate with the present assessments?

6. How does Proposition 2½ affect the budgetary relationship between the City of Boston and the Boston School Committee?

7. What are the increases in spending for FY 81 resulting from collective bargaining in 1979 and 1980?

8. Does the Administration currently favor a: across-the-board reduction or will cuts be made centrally and specifically?

9. Is a hiring freeze proposed? Or a limited hiring freeze?

10. When are the next set of revaluations planned?

Passed under suspension of the rules.

COMMITTEE ON GOVERNMENT FINANCE TO HOLD HEARINGS RE FINANCIAL IMPACT OF PROPOSITION 2½ ON CITY SERVICES

Coun. FLYNN offered the following:

Whereas, Passage of Proposition 2½ in its present form will mean the anticipated loss of approximately \$87 million to the City of Boston in FY '82, notwithstanding the uncertain pressures of double digit inflation; and

Whereas, The city's fixed costs, including Debt Service, Retirement Contributions and MBTA Assessments, will approach a quarter of a billion dollars in FY '82, which will absorb over half of the allowable property tax levy; and

Whereas, As a result of these factors, the city faces the very real prospect of drastic cutbacks in all agencies, including Police, Fire and Public Works Departments and the total elimination of many human services programs;

Whereas, The task of responsibility addressing the voters mandate in Proposition 2½ to reduce government waste and excessive spending will require an ongoing co-operative effort among elected officials, business and labor leaders and neighborhood residents in order to establish fiscal and public safety priorities; and

Whereas, All residents of the city have an important stake in the final outcome of these budget reductions which must be considered well in advance of the official submission of the FY '82 operating budget by the Mayor to the City Council; now, therefore, be it

Ordered, That the Committee on Government Finance convene a series of public hearings which will bring together a broad representation of government, business, labor and community leaders to assess the financial impact of Proposition 2½ on the delivery of city services in order to begin the formulation of budget priorities and inventive means of financing a more efficient delivery of essential city services; and, be it further

Ordered, That representatives from the city administration, the Boston Municipal Research Bureau, the Greater Boston Chamber of Commerce, the Boston School Department, local labor unions representing city workers and local civic organizations be invited to participate in this process.

Passed under suspension of the rules.

Referred to the Committee on Government Finance.

CERTAIN INFORMATION UNDER SECTION 17F RE SECTION 7 OF PROPOSITION 2½

Coun. FLYNN offered the following:

Ordered, That his Honor, the Mayor, under section 17F of chapter 452 of the Acts of 1948, as amended, and any authority vested in the City Council be, and is hereby requested to supply the following information to this Honorable Body within two weeks from receipt of this order:

In light of the below-mentioned considerations, does Section 7 of the recently enacted Proposition 2½ repeal limited fiscal autonomy for the City of Boston?

1. Proposition 2½, at section 7, expressly repeals M.G.L., Section 34, which provides for fiscal

autonomy for the school committees of Massachusetts cities and towns. Proposition 2½ enacts a new section 34 which provides, in part, that "No city or town shall be required to provide more money for the support of the public schools than is appropriated by vote of the legislative body of the city or town."

2. By court ruling, section 34 does not affect the Boston School Committee's limited fiscal autonomy, (See *Pirrone v. Boston*, 364 Mass. 403 (1973). The precise holding in *Pirrone* is that Boston's limited fiscal autonomy, provided for under a special act at St. 1936, c. 244 as amended, is not repealed by a general statute, M.G.L. c. 71, section 34, which provides for fiscal autonomy for all other Massachusetts cities and towns. It would seem, therefore, at first glance, that since the enactment of Section 34 had no effect on Boston's limited fiscal autonomy, then the repeal of Section 34 should also have no effect.
3. But the rationale behind the *Pirrone* decision, aside from the specific holding, would seem to support an interpretation of the new section 34, as enacted by Proposition 2½, which requires that Boston's limited fiscal autonomy be seen as impliedly repealed. The rationale in *Pirrone* was that in enacting limited fiscal autonomy for Boston, the legislature "intended that the Boston School Committee should have less budgetary autonomy than schools in other Massachusetts cities and towns." (*Pirrone*, 364 Mass. at 412). It would thus be ironic if the special act providing for Boston's limited fiscal autonomy, intended to give the Boston School Committee less control over its budget than other Massachusetts' school committees, should not be seen as impliedly repealed when the broader fiscal autonomy of other Massachusetts school committees is repealed. The usual rule is that a case's holding only extends as far as its rationale. Where the rationale in *Pirrone* was a perceived legislative to especially limit the budgetary autonomy of the Boston School Committee, the holding in *Pirrone* which was based on this rationale cannot now be used to give the Boston School Committee greater budgetary autonomy than that now enjoyed by other Massachusetts' cities and towns under the new section 34.
4. The language of the new section 34, although it does not specifically address or require the repeal of the special acts providing for Boston's limited fiscal autonomy (St. 1936, c. 224, as amended), is couched in such broad language as to seem by clear implication to require the repeal of limited fiscal autonomy. The Supreme Judicial Court has ruled that "A statute is not to be deemed to repeal or supersede a prior statute in whole or in part in the absence of express words to that effect or of clear implication. *Kardas v. Board of Selectmen of Dedham*, 392 N.E.2d 544, 546 (Mass. App. 1979). The words in the new Section 34 would certainly seem to work an implied repeal since they satisfy the standard for repeal by "clear implication": "No city or town shall be required to provide more money for support of the public schools than is appropriated by vote of the legislative body of the city or town." (Emphasis added.)

The broad language of the new section 34 may also provide the "strong terms" necessary to show a legislative intent to impliedly repeal a special act by a general act. *Haffner v. Director of Public Safety of Lawrence*, 329 Mass. 709, 714 (1953). The words "no city or town" in the new Section 34 may be sufficient to satisfy the standard of "strong terms" and require, therefore, that the special act providing for Boston's limited fiscal autonomy be seen as repealed by a general act abolishing any form of fiscal autonomy.

5. Even if the letter of the new section 34 is not seen as repealing Boston's limited fiscal autonomy, then the spirit of the new Section 34 may require that interpretation. The Supreme Judicial Court has said that thought "ordinarily the repeal of a statute by implication is not favored by the law . . . it is a recognized principle 'that the enactment of a statute which seems to have been intended to cover the whole subject to which it relates, impliedly repeals all existing statutes touching the subject.' *Homer v. City of Fall River*, 326 Mass. 673, 676 (1951). The new Section 34 "seems to have been intended to cover the whole subject" of independent budget-setting by school committees whether the budget-setting took the form of fiscal autonomy, which applies to all school committees except Boston's, or limited fiscal autonomy, which applies only to Boston.

Passed under suspension of the rules.

COMMITTEE ON GOVERNMENT OPERATIONS TO HOLD HEARING TO STOP UNLAWFUL TRANSFER OF APPROPRIATIONS

Couns. McDONOUGH, LANGONE, and O'NEIL offered the following:

Whereas, Section 3B of the Acts of 1909 as set forth in City of Boston Code, Statute 6, section 252 reads as follows:

"After an appropriation of money has been duly made by the City of Boston for any specific purpose, or for the needs and expenditures of any city department or county office, no transfer of any part of the money thus appropriated shall be made except in accordance with and after the written recommendation of the mayor to the city council, approved by a ye and nay vote of two-thirds of all the members of the city council; provided, that the city auditor, with the approval in each instance of the mayor, may make transfers, other than for personal service, from any item to any other item within the appropriations for a department, division of a department or county office. After December tenth in each year the city auditor may, with the approval of the Mayor in each instance, apply any income and taxes not disposed of and make transfers from any appropriation to any other appropriation for the purpose only of closing the accounts of the fiscal year."

and;

Whereas, It has come to the attention of the City Council that since the passage of the fiscal 1980-81 annual appropriation order by the City Council and the approval of said order by the Mayor, the following transactions have been made

between various city departments whereby such departments have encumbered funds in their personal services accounts apparently for payment for services rendered to said department by another department or agency:

Contract #	Amount	From	To
X10118-81	\$362,800	Police Dept.	OPS
X10188-81	360,000	Police Dept.	PFD
X10118-81	343,500	Fire Dept.	OPS
X10188-81	91,500	Fire Dept.	PFD
X10118-81	95,000	Public Wks	OPS
X10188-81	255,000	Public Wks	PFD
X10151-81	49,000	Public Wks	Law Dept.
X10118-81	440,000	City Hosp.	OPS
X10184-81	642,000	City Hosp.	Real Prop.
X10188-81	215,000	City Hosp.	PFD
X11321-81	318,000	City Hosp.	Cm Sv Ad
X83605-81	364,000	City Hosp.	CDBG

and;

Whereas, The effect of such transactions is to increase or decrease the funds available in those departments or agencies in the same manner as if appropriations were transferred between them and therefore such transactions are in effect transfers prohibited by said Section 3B; now, therefore, be it

Ordered, 1. That attorney Charles Choate and the law firm of Choate, Hall and Stewart be, and hereby are, instructed to take all legal steps necessary to immediately stop the apparently unlawful transactions described above; and be it further

Ordered, 2. That a hearing of the Committee on Government Operations be held on the above order at 10 a.m., Monday, November 24, 1980 at the City Council Chamber and that the following be summoned to appear at such hearing with whatever records may be relevant to this matter:

Newell Cook, City Auditor; William McNeill, Supervisor of Budgets; Harold Carroll, Corporation Counsel; David Rosenbloom, Commissioner, Health and Hospitals; George Paul, Commissioner, Fire Department; Joseph Jordan, Commissioner, Police Department; and Joseph Casazza, Commissioner, Public Works Department.

and; be it further

Ordered, 3. That in the event the above-named summoned person or persons fail to appear on said November 24, 1980, said Charles Choate is hereby instructed to act as is necessary lawfully to compel their attendance before the Committee on Government Operations at 10 a.m., Monday, December 1, 1980 at the City Council Chamber.

Couns. McDONOUGH and SEARS moved to substitute the words Government Finance for Government Operations.

The motion was carried.

Coun. McDONOUGH moved that Order No. 1 be referred to the Committee on Government Finance.

Order No. 1 was referred to the Committee on Government Finance.

Coun. McDONOUGH moved that Order No. 2 be amended by substituting "Tuesday, November 25, 1980" for "Monday, November 24, 1980."

The motion was carried.

Coun. McDONOUGH moved that Order Nos. 2 and 3 be passed under suspension of the rules. Order No. 2, as amended, was passed, yeas 8, nays 0:

Yeas—Councillors Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Sears, Tierney—8.
Nays—0.

Order No. 3 was passed, yeas 8, nays 0:

Yeas—Councillors Flynn, Iannella, Langone, McDonough, O'Neil, Sansone, Sears, Tierney—8.
Nays—0.

COMMITTEE ON GOVERNMENT FINANCE TO REVIEW RATES ESTABLISHED FOR BOSTON FEES

Coun. SEARS offered the following:

Whereas, Inflation and increased personnel costs have driven up the city's costs of inspection and issuance of various fees, permits, certificates, licenses and charges, and

Whereas, Proposition 2½ makes it imperative that the city improve its revenues and receipts in any way possible; now, therefore be it

Ordered, That the Committee of Government Finance review comprehensively the rates established most recently by Chapter 11 of the Ordinance of 1976, for fees, permits, certificates, licenses and charges, and recommended adjustments.

Referred to the Committee on Government Finance.

SPECIAL COMMITTEE ON EMPLOYEE COM- PENSATION TO ADD CERTAIN ITEMS TO ITS AGENDA

Coun. SEARS offered the following:

Whereas, The enactment of Proposition 2½ has compelled a reconsideration of city expenditures; and

Whereas, Recent salary raises were enacted before the voters indicated their determination that municipal costs be cut, now, therefore, be it

Ordered, That the Special Committee on Staff add to its agenda for reconsideration, the raises recently given the Council staff; and the raises voted for the Council; and make recommendations about any other salary established by ordinance, including that of the Mayor.

Coun. TIERNEY raised a point of parliamentary inquiry that Rule 23 of the Rules of the City Council should apply to the foregoing order.

The Chair ruled that the point was well taken and the foregoing was out of order.

Coun. SEARS questioned the ruling of the Chair.

The ruling of the Chair was not upheld, yeas 4, nays 5:

Yeas—Councillors Iannella, Langone, O'Neil, Tierney—4.

Nays—Councillors DiCara, Flynn, McDonough, Sansone, Sears—5.

Referred to the Special Committee on Employee Compensation.

**COMMITTEE ON PUBLIC SAFETY TO HOLD
HEARING ON PARKING PROBLEMS IN
CITY**

Coun. SEARS offered the following:

Whereas, The city appears to be losing control over illegal parking, double parking, and the blocking of intersections; and

Whereas, Problems appear to have arisen with respect to the printing of tickets, distribution of tickets, level of fines, and employment and jurisdiction of meter and parking enforcement personnel; now, therefore, be it

Ordered, That the Committee of Public Safety meet in public hearing with the Commissioner of Traffic and Parking, appropriate police and fire officials, director of the city printing plant, and interested members of the public to determine how to solve the problems.

Referred to the Committee on Public Safety.

On motion of Councillor IANNELLA Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

**APPOINTMENT OF
TEMPORARY EMPLOYEES**

Coun. FLYNN offered the following:

Ordered, That the following named persons be, and they hereby are, appointed to the positions set against their names until Monday, January 5, 1981:

Joseph Fisher, Legislative Assistant, full time, effective October 22.

Joanne Potter, Legislative Assistant, part time, effective November 12.

Joseph Fisher, Legislative Assistant, part time, effective November 12.

Passed under suspension of the rules.

CONSENT AGENDA

The following matters were adopted and passed upon the approval of the Consent Agenda as a whole:

**CONGRATULATIONS TO JOHN F. MADDEN
FOR OUTSTANDING COMMUNITY SERVICE**

Couns. DiCARA and FLYNN, for all the Councillors, offered the following:

Whereas, John F. Madden, a lifelong resident of Dorchester, has served his community through various civic organizations such as the Dorchester Historical Society, Dorchester Day Celebration Committee and the Columbia Point/Savin Hill Civic Association; and

Whereas, Mr. Madden was honored as a "Grand Bostonian" as a part of the Jubilee 350 celebration; and

Whereas, Mr. Madden has served as a member of the Board of Directors of the Federated Dorchester Neighborhood Houses, Boston Neighborhood Housing Services, Senior Home Care Services for Boston Area III and the Dorchester Bay Economic Development Corporation; and

Whereas, On November 25, 1980, at 3:00 p.m. a Lounge/Reading Room in the New Savin Hill Apartments will be named in honor of John F. Madden; now, therefore, be it

Resolved, That the Boston City Council in meeting assembled, extends its congratulations

upon the dedication of the John F. Madden Room and commends Mr. Madden for his outstanding accomplishments in community service.

Adopted upon approval of the Consent Agenda.

COMMENDING WEEI "59 FUND" FOR LANGUAGE AND COGNITIVE DEVELOPMENT CENTER

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Each year between Thanksgiving Day and Christmas, the WEEI "59 Fund" raises money for financially needy charitable organizations in the Boston area; and

Whereas, In previous years, beneficiaries of the WEEI "59 Fund" have included the Boston Center for Independent Living, the Boston Elder Emergency Fund, the Pine Street Inn and Cardinal Cushing's Charities; and

Whereas, The recipient of the 1980 WEEI "59 Fund" will be the Language and Cognitive Development Center of Jamaica Plain which specializes in the treatment of autistic children between the ages of 3 and 11; and

Whereas, During its 15-year history, the Language and Cognitive Development Center, founded by Dr. and Mrs. Arnold Miller, has had remarkable success in treating emotionally disturbed and brain-damaged children; and

Whereas, As a result of the assistance of the 1980 WEEI "59 Fund," the Language and Cognitive Development Center will be able to expand its program and treat many more autistic children in the Greater Boston area which will mean a new future for them and their families; now, therefore, be it

Resolved, That the Boston City Council in meeting assembled hereby officially commends the efforts of the WEEI "59 Fund" on behalf of the Language and Cognitive Development Center of Jamaica Plain and urges all citizens in the City of Boston and its environs to join in assisting this most worthwhile effort.

Adopted upon approval of the Consent Agenda.

**HONORING CHARLES MORANCY
ON HIS RETIREMENT**

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Charles Morancy is a lifelong resident of the South Boston neighborhood of the city; and

Whereas, Throughout his life, Charles Morancy has been actively involved in civic and community affairs in South Boston, particularly as a member of the German Club; and

Whereas, Charles Morancy has been a faithful and diligent worker with the U.S. Postal Service; and

Whereas, The hard work and community pride which Charles Morancy has consistently demonstrated is an outstanding example for all residents of the city to follow; and

Whereas, On Saturday, November 22, 1980, the many friends and co-workers of Charles Morancy will gather together at the Bayside Club in South Boston to wish him good luck on the occasion of

his retirement from the U.S. Postal Service; now, therefore, be it

Resolved, That the Boston City Council in meeting assembled hereby officially honors Charles Morancy of South Boston on the occasion of his retirement from the U.S. Postal Service and extends to him its best wishes for many more years of good health and happiness.

Adopted upon approval of the Consent Agenda.

SYMPATHY ON DEATH OF AND REQUESTING MAYOR TO MARK CERTAIN LAND IN MEMORY OF JAMES G. COLBERT

Coun. LANGONE, for all the Councillors, offered the following:

Whereas, The death last week of James G. Colbert brought to a close a career of long service as a Boston newspaperman and as a senior member of the Boston Redevelopment Authority; and

Whereas, Mr. Colbert in his 23 years on the BRA had an influential role in the course of urban redevelopment in this city under three mayoral administrations; and

Whereas, His background in covering city and state government as a newsman for almost five decades helped in the analysis of developmental proposals at BRA board hearings and in guiding policy during the period of large-scale urban renewal in this city; and

Whereas, The Colbert name was respected in Massachusetts journalism as political editor and columnist for the *Boston Post* metropolitan daily newspaper and for 43 years as political columnist for the *Transcript* suburban newspapers until the time of his death; and

Whereas, Jim Colbert's roots in Boston since boyhood; his pride and staunch support for Boston Latin School as a student, football star and alumnus; his matriculation at Harvard College; and his fervent interest in the West Roxbury and Roslindale neighborhoods made him a valued citizen; and

Whereas, His pride in the Parkway district, its people, schools and public safety was consistently demonstrated in his columns over the years; now, therefore, be it

Resolved, That the Boston City Council notes with sorrow the passing of a friend, James G. Colbert, and extends its sincere condolences to his wife, Mary, his son, daughter, brother and sister on their loss, and asks that a moment of silence be observed in his memory; and be it further

Resolved, That his honor, the Mayor, consider placing a marker or monument on a tract of city land at West Roxbury Parkway and Centre Street in memory of James G. Colbert to signify his contributions to the community in which he lived.

Adopted upon approval of the Consent Agenda.

ENDORISING

"THE GREAT AMERICAN SMOKE OUT"

Coun. SANSONE, for all the Councillors, offered the following:

Whereas, The American Cancer Society will sponsor The Great American Smoke Out on Thursday, November 20, 1980; and

Whereas, This annual event, now in its fourth consecutive year, is an upbeat and good natured effort to encourage smokers nationwide to quit the habit; and

Whereas, The 1980 goal of The Great American Smoke Out is to get at least one in every five smokers to quit and last year's effort encouraged nearly 15 million smokers to quit; and

Whereas, Forty-four million Americans smoke including one out of every four Bostonians, and the Surgeon General of the United States has determined that cigarette smoking is hazardous to our nation's citizens; and

Whereas, The risk of death from lung cancer is five times higher for women who are heavy smokers than those who do not smoke, and moderate to heavy smoking increases the risk of miscarriage, stillbirths, and complications of pregnancy; and

Whereas, Although more teen-age boys actually smoke, their smoking rate has remained constant while that among teen-age girls is increasing rapidly, and death rates are higher for women who begin smoking at an earlier age than a later one; and

Whereas, More than 30 million Americans have quit smoking since the first Surgeon General Report on Smoking in 1964 and nine out of ten smokers say that they would like to quit; now, therefore, be it

Resolved, That the Boston City Council congratulates the American Cancer Society on its efforts to encourage Americans to quit smoking and in effect encourages better health for all citizens; and be it further

Resolved, That the Boston City Council fully endorses The Great American Smoke Out and all its supporters.

Adopted upon approval of the Consent Agenda.

CITY OF BOSTON

Proceedings of City Council

SPECIAL MEETING

Monday, November 24, 1980.

Special meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President IANNELLA in the chair and all the members present.

SYMPATHY ON DEATH OF
HONORABLE JOHN W. McCORMACK

Coun. IANNELLA, for all the Councillors, offered the following:

Whereas, John William McCormack was a true Bostonian who rose from humble roots to leadership in Congress, while never forgetting the people he served; and

Whereas, In his death this past Saturday the people of his city as well as the country were saddened at the passing of an era in Democratic politics; and

Whereas, John McCormack, "Mr. Speaker," truly was a self-made man, educating himself in the law after having to leave school in his early teens, and succeeding in the political field in state legislative offices and then to Congress where he served 42 years, eight as Speaker of the House; and

Whereas, His credo of loyalty to party principle and to the people of his district won him the highest respect of colleagues in Congress and helped him to become an effective leader in the House and a confidant of Presidents; and

Whereas, During his service and after retirement he helped where he could a legion of people in need, working from his office in the Capitol or the quarters in the federal building in Boston named for him; and

Whereas, He always set example for a simple, religious and family-oriented life and took pride that he never failed to have dinner with his wife, Harriet McCormack, whatever the other demands on his time; and

Whereas, The Grand Old Man of national politics never lost affection for his home city and proudly accepted the distinction of inclusion among the first group of "Grand Bostonians" in 1973; and

Whereas, While thousands of words could be written to illustrate traits of his character, perhaps none are more fitting than the tribute: "The weak and the disadvantaged always had a champion in John McCormack;" now, therefore, be it

Resolved, The Boston City Council joins in salute to the memory of John W. McCormack for his unforgettable service to nation and city, and extends its sincere condolences to his closest family on their loss; and be it also

Ordered, That this Council stand in silent regard for a Grand Bostonian, John McCormack,

as he now joins his beloved Harriet.

Passed under suspension of the rules.

SYMPATHY ON DEATH OF
HONORABLE JOHN W. McCORMACK

Coun. TIERNEY, for all the Councillors, offered the following:

Whereas, The Honorable John W. McCormack actively dedicated his entire adult life to his fellow man; and

Whereas, John W. McCormack, the epitome of the self-made man, rose from his humble beginnings as a first generation Irish youth in South Boston to the forty-fifth Speaker of the United States House of Representatives and a heartbeat away from the Presidency of the United States; and

Whereas, John W. McCormack had the honor of walking with kings and world leaders but he never forgot the little man; and

Whereas, John W. McCormack was in the forefront fighting for progressive domestic legislation such as the Social Security Act, the Wagner Act, minimum wages, maximum hours, 1965 Civil Rights Bill, Medicare, and Aid to Education; and

Whereas, The Boston City Council is saddened by the passing of our truly great leader; now, therefore, be it

Resolved, That when the City Council adjourn this day it do so in honor of the memory of the compassionate, patriotic, humble John W. McCormack.

The resolution was adopted under suspension of the rules.

The members of the Council stood for a moment of silent tribute to the Honorable John W. McCormack.

The meeting was opened with the salute to the flag.

POEM ENTITLED "MY WAY OF WISHING
A HAPPY THANKSGIVING TO ALL"

Coun. O'NEIL offered the following:

MY WAY OF WISHING A HAPPY
THANKSGIVING TO ALL

by Ella Ducey

Now that harvest time is over
and the pumpkin's off the vine,

We'll all begin to realize
it is now Thanksgiving time.

We all have had our sorrows
many a heartache and pain,
Have faith, don't get discouraged
tomorrow the sun will shine again.

So as you gather round the table
with your loved ones, young and old,
Please pause to count your blessings
far more precious than gold.

Always be mindful of the fact
there is someone a few miles away,
Who is always wishing the best
for you and yours,

Everyday, as well as Thanksgiving Day!

The meeting was held pursuant to the following call:

November 20, 1980.

To the City Council,
Councillors:

I hereby call a special meeting of the City Council for 2:00 p.m. Monday, November 24, 1980, in the City Council Chamber for the limited purpose of considering orders authorizing the expenditure of funds, application for which was authorized by passage of Dockets 1016 through 1026.

This meeting is called to address the situation described in the letter over signature of the Auditor annexed hereto.

Christopher A. Iannella,
President.

City of Boston
Auditing Department

November 20, 1980.

Mr. Christopher Iannella, President;
Boston City Council.

Dear Councillor Iannella:

This is to inform you that as of Friday, November 21, 1980, I am terminating all disbursements, expenditures and commitments by the Employment and Economic Policy Administration for Fiscal Year 1981.

I have discussed this action with Mr. Mundel, administrator of the program, telling him that I have been able to authorize such activity to this date solely based upon his agency's carry over of 1980 funds. In Mr. Mundel's letter to me of November 13, 1980, though he indicated that EEPA has been awarded the federal grant, he did not have proper council acceptance and permission to expend. My letter to him of November 17 makes clear my action.

As you are aware, under the law I must terminate all activities of his administration until such acceptance is duly made. If I may be of assistance in this matter, please let me know.

Sincerely,

Newell Cook,
Auditor.

Boston City Council
November 20, 1980.

To the City Council.
Councillors:

The call previously issued for a special Council meeting to be held on Monday, November 24, 1980, is hereby enlarged to include consideration of an ordinance (Docket No. 1236) Establishing the Employment and Economic Policy Administration, and amendments thereto.

Christopher A. Iannella,
President.

Severally placed on file.

STATEMENT BY COUNCILLOR LANGONE

Upon receiving unanimous consent to make a statement Coun. LANGONE told a story illustrating the extreme kindness and thoughtfulness of Speaker McCormack to his friends in time of trouble, and expressed sorrow at his passing.

STATEMENT OF COUNCILLOR SEARS

Upon receiving unanimous consent to make a statement Coun. SEARS commented on the remarkable statesmanship of the former Speaker of the House of Representatives, his extreme kindness to young people entering government at every level and of every political persuasion, and also expressed sorrow at his passing.

EXPENDITURE OF \$1,375,872 FOR PRIVATE SECTOR INITIATIVE PROGRAM UNDER TITLE VII OF CETA AMENDMENTS OF 1978

The following was received:
City of Boston
Office of the Mayor
November 20, 1980.

To the City Council.
Dear Councillors:

I enclose herewith an order authorizing the city to expend a grant of \$1,375,872 for a Private Sector Initiative program under Title VII of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The program represents a continuing federal commitment to increase the involvement of the local business, minority business enterprises, and labor organizations in employment and training programs; and to increase private sector employment opportunities for CETA participants.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contractors and participants in this CETA program. Much financial and programmatic disruption, as well as personal hardship will result from further delay. I urge that this order be adopted forthwith.

Sincerely,

Kevin H. White,
Mayor.

Ordered, That approval be, and hereby is given in accordance with section 53A of chapter 44 of the General Laws, for the expenditure in federal fiscal year 1981 by the Mayor and the Administrator of the Employment and Economic Policy Administration of an amount not to exceed \$1,375,872 for a Private Sector Initiative Program (PSIP), funded under Title VII of the Comprehensive Employment and Training Act Amendments of 1978, P.L. 95-524. This approval is made following the November 19, 1980, City Council authorization for the application for said funds from the U.S. Department of Labor.

EXPENDITURE OF \$7,582,400 UNDER TITLE II-BC OF CETA AMENDMENTS OF 1978

The following was received:
City of Boston
Office of the Mayor

November 20, 1980.

To the City Council.
Dear Councillors:

I enclose herewith an order authorizing the city to expend a grant of \$7,582,400 under Title II-BC

of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The program of employment, training and services to economically disadvantaged citizens of Boston operated with these funds forms the backbone of the city's CETA Prime Sponsor activities administered by the Employment and Economic Policy Administration (EEPA). Non-profit organizations with offices in the city will be selected pursuant to Department of Labor regulations giving special consideration, in the selection of service deliverers, to community based organizations of demonstrated effectiveness.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contractors and participants in this CETA program. Much financial and programmatic disruption, as well as personal hardship will result from further delay. I urge that this order be adopted forthwith.

Sincerely,

Kevin H. White,
Mayor.

Ordered, That approval be, and hereby is given in accordance with section 53A of chapter 44 of the General Laws, for the expenditure in federal fiscal year 1981 by the Mayor and the Administrator of the Employment and Economic Policy Administration of an amount not to exceed \$7,582,400 for an Employment and Training Program, funded under Title II-BC of the Comprehensive Employment and Training Act Amendments of 1978, P.L. 95-524. This approval is made following the November 19, 1980, City Council authorization for the application for said funds from the U.S. Department of Labor.

EXPENDITURE OF \$8,310,427 FOR PUBLIC SERVICE EMPLOYMENT JOBS PROGRAM UNDER TITLE II-D OF CETA AMENDMENTS OF 1978

The following was received:

City of Boston
Office of the Mayor

November 20, 1980.

To the City Council.

Dear Councillors:

I enclose herewith an order authorizing the city to expend a grant of \$8,310,427 for a Public Service Employment (PSE) jobs program under Title II-D of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The program will provide public service job opportunities for CETA eligible city residents at city worksites, in community based organizations and in public sector agencies.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contractors and participants in this CETA program. Much financial and programmatic disruption, as well as per-

sonal hardship will result from further delay. I urge that this order be adopted forthwith.

Sincerely,

Kevin H. White,
Mayor.

This approval for the application for said funds from the U.S. Department of Labor.

EXPENDITURE OF \$546,486 FOR YOUTH COMMUNITY CONSERVATION AND IMPROVEMENT PROJECT PROGRAM UNDER TITLE IV OF CETA AMENDMENTS OF 1978

The following was received:

City of Boston
Office of the Mayor

November 20, 1980.

To the City Council.

Dear Councillors:

I enclose herewith an order authorizing the city to expend a grant of \$546,486 for a Youth Community Conservation and Improvement Project (YCCIP) program under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The program to be operated with these funds will provide community work experience opportunities to economically disadvantaged out-of-school Boston youth between the ages sixteen and nineteen.

The agencies which will operate these programs will be selected pursuant to Department of Labor regulations giving special consideration in the selection of service deliverers to community based organizations of demonstrated effectiveness.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contractors and participants in this CETA program. Much financial and programmatic disruption, as well as personal hardship will result from further delay. I urge that this order be adopted forthwith.

This approval is made following the

November 19, 1980, City Council authorization for the application for said funds from the U.S. Department of Labor.

EXPENDITURE OF \$3,608,980 FOR SUMMER YOUTH EMPLOYMENT PROGRAM UNDER TITLE IV OF CETA AMENDMENTS OF 1978

The following was received:

City of Boston
Office of the Mayor

November 20, 1980.

To the City Council.

Dear Councillors:

I enclose herewith an order authorizing the city to expend a grant of \$3,608,980 for a Summer Youth Employment Program under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The program will provide needed summer jobs for the economically disadvantaged youth of the city in Fiscal Year 1981.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contracts and participants in this CETA program. Much financial and programmatic disruption, as well as personal hardship will result from further delay. I urge that this order be adopted forthwith.

Sincerely,

Kevin H. White,
Mayor.

Ordered, That approval be, and hereby is given in accordance with section 53A of chapter 44 of the General Laws, for the expenditure in federal fiscal year 1981 by the Mayor and the Administrator of the Employment and Economic Policy Administration of an amount not to exceed \$3,608,980 for a Summer Youth Employment Program funded under Title IV-SYEP of the Comprehensive Employment and Training Act Amendments of 1978, P.L. 95-524. This approval is made following the November 19, 1980, City Council authorization for the application for said funds from the U.S. Department of Labor.

EXPENDITURE OF \$6,980,024 FOR PUBLIC SERVICE EMPLOYMENT JOBS UNDER TITLE VI OF CETA AMENDMENTS OF 1978

The following was received:

City of Boston
Office of the Mayor

November 20, 1980.

To the City Council.

Dear Councillors:

I enclose herewith an order authorizing the city to expend a grant of \$6,980,024 for a Public Service Employment (PSE) jobs program under Title VI of the Comprehensive Employment and Training Act Amendments of 1978, P.L. 95-524. This program will provide public service projects job opportunities for CETA eligible residents of Boston

at city worksites, in community based non-profit organizations and public sector agencies.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contractors and participants in this CETA program. Much financial and programmatic disruption, as well as personal hardship will result from further delay. I urge that this order be adopted forthwith.

Ordered, That approval be, and hereby is given in accordance with section 53A of chapter 44 of the General Laws, for the expenditure in federal fiscal year 1981 by the Mayor and the Administrator of the Employment and Economic Policy Administration of an amount not to exceed \$6,980,024 for a Public Service Employment (PSE) Program, funded under Title VI of the Comprehensive Employment and Training Act Amendments of 1978, P.L. 95-524. This approval is made following the November 19, 1980 City Council authorization for the application for said funds from the U.S. Department of Labor.

EXPENDITURE OF \$6,562,508 FOR ADMINISTRATIVE COST POOL

The following was received:

City of Boston
Office of the Mayor

November 20, 1980.

To the City Council.

Dear Councillors:

I enclose herewith an Order authorizing the city to expend a grant of \$6,562,508 for the Administrative Cost Pool. Establishment of the Pool was required by section 123 (f) (1) of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524, to provide funding for all administrative costs incurred by both the Prime Sponsor (acting through the Employment and Economic Policy Administration) and its contractors in the operation of Fiscal Year 1981 CETA programs. Contributions to the Pool are made from each CETA funding source in accordance with the regulations at Title 41, *Code of Federal Regulations*, Part 676.42.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contractors and participants in this CETA program. Much financial and programmatic disruption, as well as personal hardship will result from further delay. I urge that this order be adopted forthwith.

Sincerely,

Kevin H. White,
Mayor.

Ordered, That approval be, and hereby is given in accordance with section 53A of chapter 44 of

the General Laws, for the expenditure in federal fiscal year 1981 by the Mayor and the Administrator of the Employment and Economic Policy Administration of an amount not to exceed \$6,562,508 for the funding of all administrative costs incurred by the Employment and Economic Policy Administration and its contractors in the operation of federal fiscal year 1981 programs funded under the Comprehensive Employment and Training Act Amendments of 1978, P.L. 95-524. This approval is made following the November 19, 1980, City Council authorization for the application for said funds from the U.S. Department of Labor.

EXPENDITURE OF \$300,000 FOR VOCATIONAL EDUCATION AND LINKAGES PROGRAM UNDER TITLE II-BC OF CETA AMENDMENTS OF 1978

The following was received:

City of Boston
Office of the Mayor

November 20, 1980.

To the City Council.

Dear Councillors:

I enclose herewith an order authorizing the city to expend a grant of \$300,000 for a vocational education and linkages program through the Governor's Coordination and Special Services Grant which is under Title II-BC of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L. 95-524. The operation of this grant is coordinated by the Commonwealth of Massachusetts Department of Manpower Development, the State Employment and Training Council and the City of Boston Employment and Economic Policy Administration.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contractors and participants in this CETA program. Much financial and programmatic disruption, as well as personal hardship will result from further delay. I urge that this order be adopted forthwith.

Sincerely,

Kevin H. White,
Mayor.

EXPENDITURE OF \$2,546,657 FOR YOUTH EMPLOYMENT AND TRAINING PROGRAM UNDER TITLE IV OF CETA AMENDMENTS OF 1978

The following was received:

City of Boston
Office of the Mayor

November 20, 1980.

To the City Council.

Dear Councillors:

I enclose herewith an order authorizing the city to expend a grant of \$2,546,657 for a Youth Employment and Training Program (YETP) under Title IV of the Comprehensive Employment and Training Act (CETA) Amendments of 1978, P.L.

95-524. The program to be operated with these funds will provide employment and training opportunities to economically disadvantaged youth between the ages fourteen and twenty-one in the city.

The Agencies to operate these programs will be selected pursuant to Department of Labor regulations giving special consideration, in the selection of service deliverers, to community based organizations of demonstrated effectiveness.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contractors and participants in this CETA program. EXPENDITURE OF \$500,000 FOR JOB TRAINING AND LINKAGES PROGRAM FOR IN-SCHOOL AND OUT-OF-SCHOOL YOUTH FROM THE EDNA McDONNELL CLARK FOUNDATION

The following was received:

City of Boston
Office of the Mayor

November 20, 1980.

To the City Council.

Dear Councillors:

I enclose herewith an order authorizing the city to expend a grant of \$500,000 for a job training and linkages program for in-school and out-of-school youth from the Edna McConnell Clark Foundation. The program proposed to be operated with these funds includes substantial private sector business involvement, the active participation of the Boston public schools, and the Private Industry Council.

If this order is not approved immediately, the City Auditor's directive is that operations funded by this title be ceased effective Friday, November 21, 1980. This will render EEPA unable to fulfill its many financial obligations to contractors and participants in this CETA program. Much financial and programmatic disruption, as well as personal hardship will result from further delay. I urge that this order be adopted forthwith.

This approval is made following the November 19, 1980, City Council authorization for the application for said funds from the Edna McConnell Clark Foundation, a non-profit organization.

Coun. FLYNN moved suspension of the rules and passage of the various orders.

Coun. McDONOUGH moved that each of the foregoing orders be amended by adding at the end thereof the following:

"Passage of the order by the City Council shall be, and hereby is invalid, null and void unless the said expenditures shall be administered in accordance with an ordinance creating the Employment and Economic Policy Administration as passed by the City Council today."

The amendment was adopted.

On motion of Coun. McDONOUGH the foregoing orders, as amended, were laid on the table.

On motion of Councillor McDONOUGH Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

**REPORT OF COMMITTEE ON
GOVERNMENT OPERATIONS**

Coun. McDONOUGH, for the Committee on Government Operations, submitted the following:

Report on ordinance (referred November 19) (Docket No. 1236) creating the Employment and Economic Policy Administration—recommending that the ordinance ought to pass in the following new draft:

City of Boston

In the Year Nineteen Hundred and Eighty
An Ordinance Creating the Employment and Economic Policy Administration.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws Chapter 43B, Section 13, and any other applicable law, as follows:

Section 1. In accordance with City of Boston Code, Ordinance 2, Section 752, there is hereby created a city department to be known as the Employment and Economic Policy Administration (hereinafter "EEPA") which shall be under the charge of an officer, known as the Administrator, appointed by the Mayor for a term expiring on the first Monday of January following the next biennial municipal election at which a Mayor is elected, who shall have the powers and perform the duties imposed upon him by law.

Section 2. Subject to funding, the Administrator shall be the appointing authority and from time to time shall establish within the department such divisions and administrative units within such divisions as may be necessary for the efficient and economical administration of the department, and when necessary for such purpose, he may abolish any such division, or he may merge any two or more of them, and may abolish or merge any such other administrative units within divisions as he

may deem advisable. The Administrator shall prepare and keep current a statement of the organization of the department, of the assignment of functions to its various administrative units, offices, and employees, and of the places at which, and the methods whereby, the public may receive information or make requests. The Administration shall annually on or before the fifteenth of August provide to the Mayor and to the City Council a detailed report of the activity of the agency, its projects and plans, and comments on its progress in attacking and solving the problem of unemployment.

Section 3. The Employment and Economic Policy Administration shall develop and administer programs in conjunction with federal, state and local government, private industry and non-profit organizations to employ more Bostonians and to improve the general economic well being of the city. In order to accomplish these ends, the Employment and Economic Policy Administration shall develop and administer programs to:

(a) train and educate chronically unemployed Boston residents;

(b) establish referral and placement opportunities in unsubsidized jobs in private and public sector employment for Boston residents;

(c) encourage increased job development in the city, including technical assistance to private industry to hire and train more Boston residents;

(d) establish specialized programs to assist handicapped and young people in obtaining meaningful employment opportunities to promote their career development;

(e) coordinate with private and public school systems to assist people in obtaining marketable job skills and training as part of their education;

(f) apply for and expend federal, state and/or other grants to assist in these ends in conjunction with the approval of the Mayor and City Council.

Section 4. No more than twenty percent (20%) of the annual operating budget of the Employment and Economic Policy Administration may be expended on administrative staff and overhead costs. In any case, no more than three hundred (300) administrative personnel, all of whom shall be residents of Boston, may be employed by the Employment and Economic Policy Administration after December 31, 1980.

All administrative staff positions in EEPA shall be filled and held subject to the receipt by the city of funds from the United States for the various programs set forth in Section 3 above. All qualified residents of the city shall have an equal opportunity for appointment to such positions and shall enjoy equal protection in the holding of such positions.

The report was accepted.

Coun. LANGONE offered the following amendment: That the figure of 300 be reduced to 250, in Section 4, Line 3.

Voting Present—Councillor Tierney.

Coun. McDONOUGH called from the table the foregoing eleven orders, as amended.

The orders were taken from the table.

Coun. O'NEIL offered the following amendment:

"That none of the Federal monies that are allocated for the Employment and Economic Policy Administration (EEPA) be used for administrative salaries until all salaries are reviewed and processed by Ms. Barbara Farmer, Regional Administrator, U.S. Department of Labor, JFK Building."

The amendment was not adopted, yeas 4, nays 5:

Yeas—Councillors Langone, McDonough, O'Neil, Tierney—4.

Nays—Councillors DiCARE, Flynn, Iannella, Sansone, Sears—5.

Coun. O'NEIL offered the following amendment:

"That various community groups that are involved in the EEPA Program be furnished a copy of the present payroll of EEPA."

The amendment was adopted.

The foregoing eleven orders, as amended, were passed.

LETTER TO BE SENT TO DEPARTMENT OF LABOR

Coun. McDONOUGH offered the following:

Ordered, That the City Clerk shall forthwith sign and forward the attached letter to Barbara Farmer, with copies to Robert Semler and Mary Denton, all of the United States Department of Labor, by order of and on behalf of the City Council.

Boston City Council

November 24, 1980.

Ms. Barbara Farmer,
Regional Administrator,
Department of Labor.

Dear Ms. Farmer:

It is the understanding of the City Council that approval of this Body is required prior to the

filing of an application for certain Comprehensive Employment and Training Act funds.

Please be advised that the City Council, as the governing body of the City of Boston, hereby strongly protests the acceptance and processing by your agency of any applications for Comprehensive Employment and Training Act funds prior to the approval of the filing of any such application by the City Council.

Acceptance by you of such application in any form prior to such approval by the Council obviously greatly prejudices any subsequent consideration by the Council of the appropriateness of the city's filing such application.

Yours truly,

Barry T. Hynes,

City Clerk.

(By order of and on behalf
of the City Council)

Passed under suspension of the rules.

The purpose for which this meeting was called having been accomplished, the Chair declared the meeting adjourned at 3:40 p.m.

Adjourned at 3:40 p.m., in memory of the
Honorable John W. McCormack.

**Note: All debate of City Council eliminated
from proceedings in accordance with Chapter 447,
Acts of 1947.**

MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

PATRICK F. McDONOUGH
PRESIDENT, CITY COUNCIL

VOL. 73

MONDAY, MARCH 30, 1981

NO. 13

MARCH PROPOSITION 2½ STAFF CUTS

*Remove nearly 400 employees; join another 100
in force reductions since January.*

The latest round of Proposition 2½-mandated staff cuts has targeted nearly 400 employees for removal from the city payroll, bringing the municipal force reduction since Phase I began January 1 to over 500 jobs. Seventeen city departments and agencies, ranging from the Fire and Health and Hospitals Departments to the Elderly and Human Rights Commissions, are affected by this cycle of force reductions required by Proposition 2½.

Almost 129 of the 514 jobs cut in the first phase are held by Mayoral appointees who will leave, or have left the city payroll.

Today's statistics measure force reduction accomplished by layoffs, retirements, resignations, or transfers off the city payroll.

David Rosenbloom, chairman of the Administration's Select Committee on Proposition 2½, said, "The process we will undertake over the next few months will be painful, but it will be fair across the board. We will be dealing in the unpleasant business of charting the reduction of staff levels, and in many cases where we have been unable to consolidate functions, the reduction of service."

He added, "Unfortunately, this process must go forward as expeditiously as possible so that we attain the employment levels required by Proposition 2½ on July 1. It will be an equitable process."

Although union jurisdictional and procedural rules may vary among departments, Rosenbloom outlined a set of criteria which the city will apply uniformly to every department. Initial staff reductions will center on departments which have encountered, for various reasons, management problems, and may face a year-end deficit at their current spending levels.

Also of concern will be the service reduction that will accompany staff cuts. Service priorities were set in the departments for the cuts, as well as among departments.

of their annual pay, plus pay for all vacation days accrued for the current year by June 1. That incentive is in addition to earned retirement benefits.

The cuts are the result of careful study and review by department heads and the Select Committee. These layoffs are irrevocable until the state takes positive action to address the effects of Proposition 2½.

JOSEPH J. FAHEY—A TRIBUTE

The Boston City Council, on March 3, 1981, paid tribute to Joseph J. Fahey in the following resolution introduced by Councilor Langone for all the Councilors: DiCara, Flynn, Iannella, McDonough, O'Neil, Sansone, Sears, and Tierney.

Whereas, The Boston City Council has been saddened to learn of the death last week of Mary E. (McNealy) Fahey, beloved wife of Joseph J. Fahey, editor of the *Boston City Record*; and

Whereas, The Council had been intending to honor Mr. Fahey in a ceremony in these chambers on his retirement the same week; and

Whereas, Knowing his overriding concern for his Mary in her recent illness and knowing their almost fifty years of wedded happiness and memories, the Council extends to Joseph Fahey its heartfelt sympathies; and

Whereas, Knowing Mary Fahey's pride in and love for Joe, and that she would want this tribute to him, the Council notes its esteem for the retiring editor and friend through the years; and

(Continued on next page)

JOSEPH J. FAHEY. . .

(Continued from front page)

Whereas, Joseph Fahey in sixteen years of service, ten as editor, conveyed to the public and to city agencies the important details of government operations, departmental personnel changes, and municipal contract awards; and

Whereas, Mr. Fahey, drawing upon his background with the *Boston Record American* newspaper publication, infused the *City Record* with special features, articles on city agencies, their personalities, and ran articles that assisted non-profit organizations serving in the city; and

Whereas, Among his contributions was the writing and editing of the booklet, "Boston's Forty-Five Mayors," a publication issued as part of Boston's U. S. Bicentennial Observance, and a work now frequently requested by historians and students; and

Whereas, Joseph Fahey has served the public as a font of information for correspondents writing to Boston from all over the country; and

Whereas, Mr. Fahey, a man who loves his fellowman, has brought enlightenment and pleasure to people in another way: as an accomplished banjo player specializing in popular American tunes; and

Whereas, His quiet, courteous, and helpful manner has made him a respected City Hall figure who will be missed; therefore, be it

Resolved, That the Council wishes, firstly, to express its condolences to Joseph Fahey and daughters, Mary and Pauline, in their loss of a devoted wife and mother, Mary E. Fahey; and further

Resolved, The Council extends to Joe Fahey its sincere best wishes as he begins well-earned retirement.

MUNICIPAL DEPARTMENTS

Environmental Health Services (H&H) 617/722-4566

The Environmental Health Services section of the Health and Hospitals Department conducts all the inspectional work pertaining to health in the City of Boston. Routine

inspections are carried out in all food and liquor establishments, retail food stores, and wholesale meat dealers in Boston to insure their compliance with state and local health and sanitary codes. A health report must be issued by this division before any of these establishments are granted licenses to operate. The Environmental Health Services conducts investigation of complaints regarding health conditions in all commercial properties, as well as nursing homes, day care agencies, and hospitals. All complaints involving lead poisoning or water pollution are investigated by this division. There are a number of miscellaneous types of inspectional work to be performed in addition to those cited. Non-compliance with the proper codes may result in prosecution by the division.

This department also certifies all nursing and rest homes before they may be licensed to operate in Boston. Day care centers are directly licensed to Health and Hospitals. Both day care and nursing home operators must obtain Building and Fire Department reports before certification and licensing.

Main Office: 818 Harrison Avenue

Housing Inspection Department 725-4787/88/99

The Housing Inspection Department enforces all rules and regulations pertaining to safe and sanitary condition of housing in the City of Boston. Complaints concerning public or private housing are received by the department. (No inspections are made of commercial or industrial property.) Housing

ectors make investigations or environmental sanitation problems related to housing. Property owners are notified by the Housing Inspection Department if their housing is in violation of the State Sanitary Code or other governing laws. The Rodent Control Program within the department exterminates rodents in exterior lands of the city (including rodent problems within buildings). The program efforts are concentrated in the five areas of the city which have the most severe problems of this nature.

The Concentrated Code Enforcement Program, a federally funded program administered by the Housing Inspection Department, is a housing rehabilitation program in blighted communities in the city. In Concentrated Code Enforcement Areas all the housing is automatically inspected and code violations reported to the owner. This program makes available to the property owner non-repayable grants and/or low-interest loans for necessary repairs. In accordance with the mandatory compliance, the city supplements this housing rehabilitation program with improvement of public facilities in the Code Enforcement communities.

Office of Human Rights 617/725-4410

The Mayor's Office of Human Rights seeks to encourage equal treatment for, and to prevent discrimination against, any racial, religious or ethnic group or its members. The office is active in many diversified areas including employment, education, housing, police relations. Citizens of Boston may call the Office of Human Rights regarding discriminatory practices in any of these fields.

The Office of Human Rights Manpower Division seeks to obtain greater employment opportunity for minority persons. The OHR works in private industries to help place qualified minority persons in jobs. The present emphasis of the Manpower Division is to enlarge the Civil Service program by increasing the participation of minority workers in Civil Service. It is developing multi-

faceted programs for minority persons for training, education, tutoring, and counseling to enable them to fulfill Civil Service requirements.

The MOHR is also striving to help women realize their potential in Civil Service. Their abilities and knowledge have in many instances been underutilized.

MAYOR PRAISES POLICE FOR QUICK ARRESTS

Mayor Kevin H. White, on March 17, congratulated nine Boston police officers and an assistant district attorney for their investigative work which led to the arrest of two suspects in the Deborah Smith murder case.

"These men have demonstrated the highest degree of professionalism and dedication to duty," the Mayor said in praising the officers.

The arrests of the suspects, Matthew Farley, eighteen, of Magnolia Street, Dorchester, and Weldon E. Burden, twenty, of Horadan Way, Roxbury, came just sixty-three hours after the slaying Saturday of Deborah Smith, twenty-seven, a nurse, in her Back Bay apartment.

Mayor White also thanked residents of Boston who cooperated with police in the investigation.

Receiving praise from the Mayor for their work were Deputy Superintendent James Feeney of the Criminal Investigation Division, Sergeant-Detectives Stephen Murphy and Frank Mulvey of the Homicide Unit, Homicide Detectives Kenneth Accera, Peter O'Malley, Paul Murphy, and Richard Walsh, and Detectives Robert Chenette and Donald Varnerin of the Organized Crime Unit.

Congratulated with the Boston police officers was Suffolk County Assistant District Attorney Robert Schilling.

Also praising the work of these men was Boston Police Commissioner Joseph M. Jordan.

Jordan pointed out that the arrests followed intensive work by a Special Task Force formed to investigate the slaying. The task force was created just a day before the arrests.

Community cooperation in the probe was aided by the establishment of a twenty-four-hour Hot Line to Police Headquarters.

The task force concept was originated last August by Police Superintendent Anthony DiNatale.

The probe was given valued support by Dr. Mitchell T. Rabkin, president of Beth Israel Hospital and other staff members.

TAX BILLS MAILED EARLY

To beat Postal Rate increase

Boston Collector-Treasurer Lowell Richards announced that the second-half tax bills were mailed to Boston property owners on Wednesday, March 18, 1981.

Richards said, "The second-half bills are being mailed early to avoid a \$4,000 rate increase on that bulk mailing, which would become effective Saturday when the postal rates jump."

Although those bills will arrive at Boston homes earlier than expected, they are still due on May 1.

THINGS THAT MONEY CAN BUY!

By Mayor Kevin H. White

How much would you pay for 1,500 more days of life for you and your loved ones?

As the gentlemen of Congress begin work on the Reagan budget in Washington, it's an important question.

Some of the programs that we've taken for granted during the last twenty years — like Medicare, Medicaid, food stamps — are being scrutinized. Before the gentlemen decide which programs are too expensive, they should consider carefully what these Democratic programs have accomplished.

Just twenty years ago, when Jack Kennedy was running for President, the average American's life expectancy was seventy years. Now it is more than seventy-four years, a gain of more than four years, on average, for every person in America.

Most of the gain was the result of the massive amounts of public money poured into public health — not just into hospitals and research laboratories, but into such things as sewage treatment plants and community action programs that brought health care and nutrition to people who could never afford them before.

Considered in this light, what price can be put on these programs, and how much should be cut?

In the 1950s, the United States, despite a high standard of living, had one of the highest infant mortality rates among industrialized nations. Then came such programs as Medicaid and food stamps, and the rate moved rapidly downward. Thousands of children who would have died twenty years ago now survive to live long lives, and the reason, beyond argument, is government money.

Considered in this light, how much should be cut from these programs?

It is a plain fact that despite double-digit inflation and a serious recession, most Americans are far richer today than they were when Jack Kennedy was running for President. Even allowing for inflation, the average income after taxes is up by more than two-thirds. In 1960, only 37 percent of white American families had middle-class incomes. Now the figure is 62 percent, again allowing for inflation.

In 1960, only 14 percent of black families had middle-class incomes.

By 1980, that figure was 36 percent.

While the gentlemen in Washington are considering cuts in funds for students and colleges, here are some more figures they should consider.

In this country, where the key opportunity often is access to education, fewer than four million students were enrolled in colleges in 1960. Now there are more than twelve million. That could not have been accomplished without government aid for students and institutions.

The list of successes due to government programs is much longer. Pensions are higher, housing standards are higher, working conditions have improved. Programs like UDAG, also being scrutinized for cuts, are beginning to spread prosperity throughout the neighborhoods of our great cities.

A woman who is living a hard life in her eighties after suffering two heart attacks told me recently, "Without Medicare and Medicaid I'd be dead and my family would be impoverished."

I think of her every time I hear gentlemen in Washington talk about the necessity for massive cuts in our social programs.

No doubt about it, some trimming is necessary in these times of growing economic hardship. But before the gentlemen decide which programs are too expensive, I suggest they consider carefully what federal money has meant to 200 million Americans over the last twenty years.

Fifteen hundred additional days of life.

ADVICE FROM STRANGERS

Mayor Kevin H. White

Good advice is golden and none of us appreciate it. But, on the other hand, most of us have also received questionable advice at one time or another from persons who did not know what they were talking about. Imagine what your reaction would be if a stranger walked up to you and said: "Do you know what I think? I think you should move

Boston and live in the Sun Belt . . . Texas or Arizona or Louisiana, replace like that."

Without a doubt you would question the stranger's advice. You'd be correct in questioning it, because he doesn't know you, but he is telling you how to live. He doesn't know you may have dozens of attachments to Boston, including a large number of relatives and friends, that tied you to this city.

No one could blame you if you said to this stranger: "Keep your advice to yourself, please."

In today's world we are constantly being bombarded by advice from strangers, telling us: "Do this . . . that . . . sign your name on the dotted line . . . follow my advice and I'll never go wrong."

Often you'll find these strangers in government, or in the mass media, or in the academic world. Usually they are well-meaning — sometimes they are wrong.

A recent example of all of us receiving advice from strangers comes in the form of a report from former President Carter's Commission on the Agenda for the 1980s. This report, commonly referred to as the McGill Report because the forty-member commission was chaired by former Columbia University president William J. McGill, is a 10-page document issued in mid-January.

The report contains some good advice, and some that can be termed questionable," at best.

Some questionable advice was that the federal government should encourage the poor from cities in the North and Midwest to move to the Sun Belt in search of jobs.

In my way of thinking, the McGill Report was dead wrong in making such a suggestion, particularly in the case of Boston. Our city can match any other city in the nation, including any in the Sun Belt, in virtually every area of meaningful progress.

The business community knows this, and as a result new developments are proceeding in Boston to the tune of about \$1 billion a year, most of it in private investments. All this means jobs and an increase in business opportunities.

Boston also is a national center for research, of medicine, of higher edu-

cation, of arts and science and music. It is the home of the Boston Symphony, the Red Sox . . . the list could go on and on.

Is this the type of northern city the McGill Report people want the federal government to turn its back on? Ridiculous!

Former President Carter, who established the commission, disassociated himself from this segment of the report — and I don't blame him.

Again, I am not taking issue with the entire report. It is easy to agree, for example, with the report's conclusion that the nation's health care delivery system is "woefully inadequate." In Boston, with the help of a \$13.5 million federal health care grant received a couple of weeks ago, we are planning to take at least the early steps toward improving the system.

Another point of agreement with the report is in the area of giving high priority to improving our economy. The report suggests that companies should be encouraged to train the jobless — and I couldn't agree more. We've been doing this in Boston right along, and we won't stop doing it.

But encourage low-income people to leave Boston, leave their friends and relatives and run to the Sun Belt in search of a nebulous utopia? Never!

Instead, I would encourage the federal government to continue to aid those in need, even if they decide to remain in those cities where they have established roots.

We will gladly accept all the golden advice sent our way, but we will take a close look at the questionable advice — and do our own thinking

1981 ZIP CODE DIRECTORY ON SALE

The 1981 national Zip Code and Post Office Directory is now available through post offices throughout the Greater Boston area. The cost is \$8 per copy.

However, customers can save money by turning in old directory covers or by buying eight copies of

the publication. By trading in the front cover of any previous directory, a dollar discount will be given toward the purchase of a new issue.

The Postal service began publishing the informative directory, which also contains a listing of all U.S. post offices, in 1965. Prior to that time, individual ZIP Code booklets were published for each state.

The ZIP (Zoning Improvement Plan) Code program was established in 1963. Today, approximately 97 percent of all mail processed by the Postal Service is ZIP-Coded.

The directory serves primarily as a reference source for commercial mailers requiring current addressing information. Last year, approximately 223,000 copies of the publication were sold.

GREAT PETS DAY

Gerbils, puppies, kittens, and rabbits all make great household pets and kids will learn all about how to care for them on Great Pets Day, Saturday, April 11, at the Children's Museum.

Experts from the Massachusetts Society for the Prevention of Cruelty to Animals (MSPCA) will be on hand to show children how to take care of puppies and kittens, and staff from the Massachusetts Herpetological Society will be showing and talking about snakes.

Although children are often tempted to adopt an animal from the wild as a pet—animals such as opossums, woodchucks, and owls—it's not a wise idea and staff from the Blue Hills Trailside Museum will explain why. There's an interesting alternative, though, and museum staff will be telling kids about shelf pets—animals that can be kept for a night, then released in the morning.

Pet lovers can also acquire tips on animal observation, learn how to make bug houses, and take pony rides.

There'll be lots of animals throughout the museum on Great Pets Day, so kids are asked to leave their own pets at home.

SEMIANNUAL AUTO INSPECTION

Registrar Offers Money-Saving Hints

Registrar Richard E. McLaughlin announced that the annual spring motor vehicle inspection will be held from Wednesday, April 1, through Friday May 15. Some 3½ million vehicles, motorcycles, and trailers will be affected by the semiannual inspection.

The spring inspection sticker is yellow in color, and states, "Drive Safely! Live to Make it in Massachusetts" on the window side. Inside, passengers will see a drawing of a seat belt and read "Seat Belts Only Work When You Wear Them."

The inspection fees remain at \$2 for vehicles and 50 cents for trailers.

Registrar McLaughlin said, "I caution the owners to get their vehicles to one of the 4,500 Registry-approved, state inspection stations as soon as possible. After the fall inspection period ended, nearly 1,000 motorists were issued citations for not displaying that inspection sticker."

McLaughlin also urges operators to perform a "personal inspection" prior to their driving the vehicle to inspection stations.

"Turn on all the lights, walk around the car, make sure all bulbs are working. Have someone stand to one side and check the brake lights. Set the hand brake and test it yourself. You may be able to catch minor breakdowns in equipment before arriving at the station and being rejected," McLaughlin added.

Inspection includes brakes, lights, horn, exhaust system, steering, windshield and wipers, number plates, rear window, tires, fenders, bumpers, external sheet metal and the factory-installed, pollution control system. Inspection of reflectors, chock blocks and splash guards on trucks is included.

Owners are reminded that no object may hang from the inside rear view mirror, and that license plates must not be in a frame which includes glass or plastic, which diminishes the reflecting quality of the plate.

Contrary to common belief, the fees paid to the inspection stations remain with the stations, and are not turned back to the Registry. In fact, the cost of the printing of the

spring and fall stickers, in excess of \$21,000 each printing, is borne by the Registry.

Stickers are delivered from the thirty-four Registry branches to the Registry-approved, inspection stations, again at no cost to the station.

Registry McLaughlin said if the owners' inspection finds a discrepancy between the number on the registration plate or the vehicle identification listings on the registration certificate and the numbers on the car, the insurance company should be notified so proper forms may be obtained.

McLaughlin noted mopeds and foot-driven bicycles are exempt from inspection. The Registry lists as registered some 3,671,017 passenger cars, which includes 4,326 taxicabs; 11,012 buses; 410,622 commercial vehicles (trucks); 98,532 motorcycles; and approximately 31,000 municipal vehicles.

Registry McLaughlin concluded, "When a car is found to have defective equipment during the inspection process, a round rejection sticker is affixed to the windshield. Removal of such rejected sticker may be made only by a duly authorized person at an official inspection station, or by an Inspector of the Registry of Motor Vehicles, and then only after the vehicle is found to be properly repaired and equipped."

CUSTOMERS BILLED FOR ENERGY AUDIT

A federal/state-sponsored program that charges only \$10 for a "home energy audit" that recommends ways of saving money on fuel bills seems like a good deal for the consumer. But utility customers discovered last month that they are being collectively charged \$8.1 million to cover the costs of the program.

The Energy Conservation Service is a Massachusetts adaptation of the federal program that is offered by all utility companies. The energy audits advise customers how energy could be saved, and include estimates of improvement costs

and guidance in locating a contractor to do the work.

Originally, when the program publicized, the only advertised was the \$5-\$10 charge to homeowners who request audits. But last month, a surcharge was added to utility bills to cover costs of the program. Residents who are customers of both gas and electric utilities receive a monthly surcharge on each bill.

The surcharge for Boston customers in February was 27¢ and Boston Edison customers charged nearly 24 cents.

The Department of Public Utilities (DPU) estimates that the program will cost Massachusetts utility customers \$8,170,000 in 1981.

The energy audits are available to customers living in residences that have one to four units built before 1978. Customers who live in large apartment complexes will be eligible for the program in 1982, Lawrence Carpman, a spokesperson for the Executive Office of Energy Resources, said.

Carpman said that, statewide, 4,000 audits have already been completed. Utility companies throughout the state are backlogged with 10,000 requests for audits.

The majority of the utility companies have joined Mass. SAVE, a corporation formed in August to perform the audits. Mass. SAVE is the utility companies for the charge.

Customers eligible for the program can expect to pay \$5-\$10 for the audit. The costs of an audit done by a private contractor run from \$10 to \$150, Carpman said.

The audit includes the demonstration of low-cost techniques to conserve energy and provides information on the suitability of solar and other sources.

The work performed by contractors must meet the Department of Energy's standards for materials and workmanship. The Energy Conservation Service estimates that 10 percent of the installations will be inspected for quality control standards.

The program is in the first year of a five-year plan. The DPU estimated that there will be a 50 percent response from customers

ts in the first year. At least \$14.6
on in energy dollars, or 12
on gallons of home heating oil,
pected to be saved annually.

HOW YOU CAN PROTECT YOUR HOME

1. Call the police if you see
strangers on or near neighbors'
premises. Be suspicious! Burglars
often pose as salesmen, gardeners,
roofers, movers, etc.

2. Leave a light burning — inside
and/or outside your home. An auto-
matic light timer is a useful burglar-
deterrent.

3. Don't let newspapers, mail,
milk, or other deliveries pile up out-
side. Don't leave notes saying
you're not a home.

4. Lock your garage doors, as well
as the doors to your house.

5. Keep ladders (and other equip-
ment that might aid a burglar's ac-
cess to windows) locked up indoors.

6. Trim shrubbery so that it won't
screen an intruder's attempts to
enter windows — from basement
level up.

7. Secure windows at all levels
with locks, bars, nails, or eyebolts
that fasten both sashes.

8. Use sturdy deadbolt-type locks
with pick-proof cylinders, instead of
the common springbolt locks.

9. Carry house keys separately
from your wallet, purse or any-
thing else that bears your name or
address.

10. Make forced entry difficult.
Use solid-core or metal doors, rather
than hollow ones. Equip them with

nonremovable pins if they have out-
side hinges. The entire lower tracks
of sliding glass doors should be
secured with inserts of metal rods
or even broomsticks.

11. Engrave your "stealable,"
easily moved valuables and ap-
pliances with special identification
markings or your Social Security
number.

12. Install burglar alarms that are
listed by Underwriters Laboratories
and approved by the police.

HISTORIC BOSTON THE ADAMS HOUSE

The first Adams House was built in
1846 on Washington Street, on a site
that was occupied by taverns and
hotels from about 1746. It prospered
for many years until it was replaced
by a new Adams House in 1883.

The New Adams House was known
as one of the best in the East. The
seven-story hotel had three hundred
rooms. It also had three entrances;
the middle, main entrance; the
southerly for ladies; and the nor-
therly for gentlemen, leading to the
bar and billiard rooms below.

President Calvin Coolidge and his
family lived there for about sixteen
years, first when Coolidge was a
member of the Massachusetts Legis-
lature, later when he was lieutenant
governor and governor. It was in his
suite at the Adams House that Cool-
idge received official notice that he
had been chosen by the Republican
party as its candidate for vice-presi-
dent. The Coolidges occupied rooms
178 and 179.

The hotel closed in 1927, and the
building was razed in 1931. James
Michael Curley, then Mayor of
Boston, made a ceremony of the
demolition, striking the first blow in
the old Coolidge suite. A picture
palace, the Paramount, was built on
the site.

DEPARTMENT OF HEALTH AND HOSPITALS

Invitation for Bids for Services for the Period July 1, 1981, through June 30, 1982

The City of Boston, acting by its Board of Health and Hospitals and its Commissioner, hereinafter referred to as the Awarding Authority, invites proposals for furnishing the following service in accordance with the specifications accompanying the proposal, which may be obtained at the Office of Contract Management, fourth floor, Administration Building, Boston City Hospital, 818 Harrison Avenue, Boston, Mass., at or after twelve noon, Boston time, March 30, 1981.

Outside Laboratory Tests.

Bidders are required to leave at the office their bid proposal together with a check in the amount of \$500, as a bid deposit payable to and to become the property of the City of Boston if the proposal, after acceptance, is not carried out. A fully executed duplicate bid, without check, must be filed in the office of the City Auditor prior to the opening of bids. The proposal must be completely filled in, signed, and enclosed in a sealed envelope, and plainly marked indicating the particular service or equipment which it relates.

Bids will be publicly opened and read at twelve noon, Boston time, April 1, 1981, at the Office of Contract Management, at the address shown above. The successful bidder must furnish a check for one dollar payable to the City of Boston, for the performance of the contract.

No bid proposal may be withdrawn after time limit for filing bid proposals and for (30) days (Saturdays, Sundays, and holidays excluded) from the opening of the proposals. In addition, no bid proposal filed by the three lowest responsible and eligible bidders may be withdrawn prior to the execution and delivery of the contract, unless no action has been made upon the expiration of the prescribed time therefor.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract. Sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

The Awarding Authority reserves the right to waive any informalities and to accept or reject any or all bids, or any part of a bid, and to award the contract as it deems to be in the public interest so to do.

The Fire Commissioner of the City of Boston invites proposals for the laundering of the linen of the Boston Fire Department, consisting of sheets, pillow slips, towels, bedspreads, etc., commonly known as "flat work" and red, gray, and blue blankets, both single and double, for the period from July 1, 1981, to June 30, 1982, inclusive. The linen, blankets, etc., are to be called for and delivered one day each week at the various fire stations of the Boston Fire Department. Samples of the linen, etc., may be seen at the Fire Department, 115 Southhampton Street, Boston. The amount of work to be done is approximately as follows: twenty-five hundred (2,500) sheets per month; two thousand (2,000) pillow slips per month; one thousand (1,000) towels per month; fifty (50) bedspreads per month; blankets, red, gray, and blue, one thousand (1,000) annually. Proposals must be submitted on a price-per-piece basis only. Proposals submitted on any other basis will not be considered. Proposal forms may be obtained at the office of the Fire Commissioner, on and after 9 a.m., April 10, 1981. Proposals will be received at the office of the Fire Commissioner, 115 Southhampton Street, Boston, until twelve noon, April 24, 1981, at which time and place they will be publicly opened and read aloud. Proposals must be sealed and marked "Proposals for Laundry Work," and must be made in duplicate, one to be deposited with the City Auditor, City Hall, previous to the time stated for the opening of the bids, the other, containing a check for one dollar (\$1), made payable to the City of Boston, to be deposited at the office of the Fire Commissioner, said check to be the property of the city if the accepted proposal is not carried out. A bond of

an approved surety company doing business in the Commonwealth of Massachusetts will be required for the faithful performance of the contract by the successful bidder in the sum of 40 percent of the estimated total amount of the contract for the entire term. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

GEORGE H. PAUL,
Fire Commissioner.

CITY OF BOSTON

Proceedings of City Council

Wednesday, December 3, 1980.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President LANNELLA in the chair. Absent, Councillor McDonough.

Reverend James H. Lane, Pastor of St. Brendan's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY THE REVEREND
JAMES H. LANE

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

Lord, on this day let Your many blessings be upon these custodians of the citizens welfare. You have called them to guide and direct all people in their search for earthly happiness and peace.

This is the season of preparation—a season of hope offered to us by the coming of the light of Your Son—the light which pierces the darkness of complacency and cynicism and selfishness.

Recreate that light of hope in those You have called to serve. May it live in them—motivate them to serve faithfully—empower them to act unselfishly—offering hope and confidence to those most in need.

May we too grow as Your Word, Your Light, Your Love, as Your Son did, in wisdom and stature and in favor with God and man.

In the name of the Father, and of the Son, and of the Holy Spirit. Amen.

The meeting was opened with the salute to the flag.

The report was accepted.

Coun. LANGONE requested that he be recorded as voting in the negative on the foregoing order.

LOAN OF \$700,000 FOR CONSTRUCTION, FURNISHING, AND COMPLETION OF MELNEA CASS ELDERLY CENTER IN WASHINGTON PARK

Coun. FLYNN offered the following:

Ordered, That the sum of \$700,000 be, and hereby is, appropriated for the construction of buildings, including the cost of original equipment and furnishings of said buildings in its Public Facilities Department and that to meet said appropriation the Collector-Treasurer be, and hereby is, authorized under the provisions of clause (3) of section 7 of chapter 44 of the General Laws to issue from time to time, on request of the Mayor, bonds, notes, or certificates of indebtedness of the city to said amount.

Referred to the Committee on Government Finance.

COMMITTEE OF THE WHOLE TO HOLD HEARING ON COMMUNITY SCHOOLS PROGRAM

Coun. FLYNN offered the following:

Whereas, Since its inception in 1972, the Boston Community Schools program has offered a consistently high level of educational and recreation programs to Boston neighborhood residents which presently serves 35,000 Boston residents each week in an extremely cost-effective manner with less than one-third of its entire budget coming from city sources; and

Whereas, Subsequent to passage of the FY '81 city operating budget, the Community Schools budget was reduced 46 percent, which means that effective January 27, 1981, the Community Schools program in Boston will cease to exist; and

Whereas, Following extensive public concern and City Council hearings, on September 26, 1980, the Mayor sent a letter to the City Council promising to reconsider the funding cuts and to look for other sources of revenue to keep the Community Schools program operating; and

Whereas, Several meetings have been held by Community Schools representatives with Vice-Mayor Sullivan and other administration spokesmen to discuss funding sources for the Community Schools; and

Whereas, To date, these negotiations have failed to produce any funds for the Community Schools program and thus by January 27, 1981, the Community Schools will be forced to terminate all services; and

Whereas, The recent discovery of transfers from various city departments totaling several million dollars has shown that funds were available from the present city budget to restore the cuts in the Community Schools budget; and

Whereas, While passage of Proposition 2½ was a clear mandate by voters to stop excessive government waste, the undisputed popular support for and cost-effectiveness of the Community Schools indicates that the Community Schools program is

one city service which is succeeding in fulfilling the voters' mandate for quality services at a cost-effective level; and

Whereas, The future of the Boston Community Schools program and its unique, community-based structure is of grave concern to neighborhood residents across the city; now, therefore, be it

Ordered, That the Boston City Council's Committee of the Whole be convened at 2 p.m., December 3, 1980, to discuss the future of the Boston Community Schools program and that Vice-Mayor Edward Sullivan, Supervisor of Budgets William McNeill, Community Schools Director Kenneth Sinkiewicz, and representatives of Community Schools Councils be invited to testify.

Referred to the Committee of the Whole.

On motion of Councillor LANGONE Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

REPORT OF COMMITTEE ON NEIGHBORHOOD SERVICES

Coun. LANGONE, for the Committee on Neighborhood Services, submitted the following:

Partial report on message of the Mayor and order (referred July 16, 1980) (Docket No. 0784), for appropriation from the Edward Ingersoll Browne Fund for \$353,000 for various public improvements, recommending passage of the following:

Ordered, That the sum of \$85,000 be, and the same hereby is, appropriated from the income of the Edward Ingersoll Browne Fund (meaning and including that anticipated to be received until such amount is met) and further that the said sum be expended as follows:

To the Metropolitan Center, Inc. for a steel and glass structure to provide weather protection and ornamentation over the Tremont Street sidewalk adjacent to the new Metropolitan Center.

The partial report was accepted; the order was passed.

MEETING OF THE COMMITTEE OF THE WHOLE

Coun. FLYNN moved that the City Council recess at the close of the regular meeting today for a meeting of the Committee of the Whole to discuss the foregoing order.

The motion was carried, yeas 8, nays 0:

Yeas—Councillors DiCara, Flynn, Iannella, Langone, O'Neil, Sansone, Sears, Tierney—8.

Nays—0.

CERTAIN INFORMATION UNDER SECTION 17F RE ASSESSMENT OF PROPERTY

Coun. FLYNN offered the following:

Ordered, That, under the provisions of section 17F of chapter 452 of the Acts of 1948, as amended, and under any other applicable provision of law, his Honor, the Mayor, be, and hereby is, requested to obtain and deliver to the City Council, within one week of the receipt hereof, the following information:

A listing of parcel numbers included in each of the 137 districts established by the Office of Property Equalization for the purpose of reassessment.

A description of the rationale used to reassess parcels in each of these districts and the methods employed which resulted in exceptions to general policy, specifically—why were neighbors treated differently?

The number of abatements claims filed since the tax bills were mailed this year, compared with the same period last year.

The current status of the 100 percent evaluation effort, including the percentage of parcels already inspected in each of the districts. How will parcels which have been inspected be treated next year, in terms of reassessment, as opposed to those which have not received an on-site inspection?

Passed under suspension of the rules.

ORDINANCE ADDING TO EXISTING LAW THE PROHIBITION AGAINST DRINKING ALCOHOLIC BEVERAGES ON PUBLIC GROUNDS, SPECIFICALLY PARKLANDS

Coun. O'NEIL offered the following:

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance Adding to Existing Law the Prohibition Against Drinking of Alcoholic Beverages on Public Grounds, Specifically Parklands.

Be it ordained by the City Council of Boston, as follows:

City of Boston Code, Ordinance 14, section 312, is amended by inserting after the words: "public alley," the following:

"or public grounds under the charge of the Parks and Recreation Department" so as to read in entirety:

Section 312. No person shall in any public way or public alley or public grounds under the charge of the Parks and Recreation Department, whether in or upon a vehicle or on foot, drink any alcoholic beverage as defined in section 1 of chapter 138 of the General Laws.

Referred to the Committee on Urban Resources.

ORDINANCE CLOSING MUNICIPAL PARKS AND PLAYGROUNDS TO ASSEMBLY OF PERSONS AFTER 11:30 POST MERIDIAN

Coun. O'NEIL offered the following:

City of Boston

In the Year Nineteen Hundred and Eighty

An Ordinance Closing Municipal Parks and Playgrounds to Assembly of Persons After 11:30 Post Meridian.

Be it ordained by the City Council of Boston, as follows:

City of Boston Code is amended by adding the following new section:

Ordinance 7, Section 116.

No park or playground under municipal jurisdiction in the city shall remain open for assembly of persons after 11:30 post meridian on any night unless a permit for a specific activity is issued by the Commissioner of Parks and Recreation or unless an authorized recreational or entertainment event is in progress at that hour.

Use of public pathways for pedestrian passage through park areas is not infringed by this ordinance.

Violators assembling beyond 11:30 post meridian will be subject to a fine of \$10 (ten dollars) per person, and may, in the case of juveniles and minors, be assessed on parents or guardians, at the discretion of the court. The fines shall be levied in addition to penalties for other ordinance violations.

Referred to the Committee on Urban Resources.

Coun. DiCARA moved that Docket No. 1036, order approving petitions for special law re an act further amending legislation governing appointment of police cadets to vacancies in the Boston Police Force, having been assigned to the Committee on Public Safety on September 24, 1980, be called from Committee.

The motion was carried.

The order (Docket No. 1036), was passed. Coun. SEARS requested that he be recorded as voting in the negative on this matter.

On motion of Councillor FLYNN Rule 10 of the Rules of the City Council was suspended in order to introduce the following:

COMMITTEE ON GOVERNMENT FINANCE TO HOLD HEARING RE TRANSFERS OF EXPENDITURES BETWEEN CITY DEPARTMENTS

Coun. FLYNN offered the following:

Ordered, That, the following persons be summoned to appear before the Committee on Government Finance on Friday, December 5, 1980, at 10 a.m., to discuss Docket No. 1241, the transfer of expenditures between city departments:

Newell Cook, City Auditor

William P. McNeill, Supervisor of Budgets

Harold Carroll, Corporations Counsel

David Rosenbloom, Commissioner, Health and Hospitals

Joseph Casazza, Commissioner, Public Works

Lowell Richards, City Treasurer

Donald Manson, Director, Public Facilities

John Weis, Director, Neighborhood Services

James Frost, Acting Director, Office of Public Service

Referred to the Committee on Government Finance.

On motion of Councillor IANNELLA the Rules of the City Council were suspended in order to include the following on the Consent Agenda:

DESIGNATING DECEMBER 4, 1980,
"BOB SMALLCOMB DAY"

Coun. IANNELLA, for all the Councillors, offered the following:

Whereas, Robert Smallcomb is a lifelong resident of the City of Boston, raised in the South Boston section and now residing in Roslindale; and

Whereas, Bob Smallcomb and his wife, the former Abigail Hart, are parents of seven children and grandparents of four; and

Whereas, Bob Smallcomb honorably served our city, state, and nation with the U.S. Army during wartime; and

Whereas, For over three decades, Bob Smallcomb served Boston as a police officer, including many years with the Harbor Patrol and the last few as dispatcher at headquarters; and

Whereas, Bob Smallcomb has begun his well-deserved retirement; now, therefore, be it

Resolved, That within the City of Boston, in honor of his long service to the citizens of Boston, December 4, 1980, be, and hereby is, declared and designated "Bob Smallcomb Day."

Adopted upon approval of the Consent Agenda.

CONSENT AGENDA

The following matters were adopted and passed upon the approval of the Consent Agenda as a whole:

COMMENDATION TO KENNETH L. BROWN
FOR EFFORTS ON BEHALF OF SOUTH
END NEIGHBORHOOD

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Since 1962, Kenneth L. Brown has served as executive director of the United South End Settlements (U.S.E.S.); and

Whereas, During this eighteen-year period, Kenneth L. Brown has served the residents of the South End community day in and day out with a sense of dedication and perseverance which has been matched by few and is a model for others to emulate; and

Whereas, As a result of the efforts of Kenneth L. Brown, many hundreds of South End residents, both young and old alike, today enjoy a happier, more productive life because of his concern and the neighborhood programs he developed; and

Whereas, On Friday evening, December 19, 1980, at the Harriet Tubman House, the South End Community Center which he helped to make a reality, the friends of Kenneth L. Brown will gather together for a farewell tribute as he leaves his position as executive director of the United South End Settlements; and

Whereas, Ken Brown's dedication and concern will be sorely missed as he leaves his position as U.S.E.S. executive director; now, therefore, be it

Resolved, That the Boston City Council, in meeting assembled, hereby officially honors the efforts of Kenneth L. Brown on behalf of the residents of the South End neighborhood of the city while serving as executive director of the United South End Settlements and extends to him

its best wishes for continued success in his future endeavors.

Adopted upon approval of the Consent Agenda.

COMMENDATION FOR EFFORTS OF "BOSTON GLOBE SANTA" ON ITS TWENTY-FIFTH ANNIVERSARY

Coun. FLYNN, for all the Councillors, offered the following:

Whereas, Twenty-five years ago on Thanksgiving Day, the *Boston Globe* Santa has been born and has since become one of Boston's most respected and beloved traditions; and

Whereas, Through its twenty-five-year history, the *Boston Globe* Santa has brought a "Merry Christmas" to more than one million needy children in the Greater Boston area; and

Whereas, The *Globe* Santa has succeeded in bringing people of all races, creeds, ages, nationalities, and economic standing together in the true spirit of Christmas and has brightened the lives of families who have suffered tragedy and sadness through the year; and

Whereas, To a large extent, the *Globe* Santa is the work of staff writer Douglas Crockett, who this year, with the assistance of staff writer Viola Osgood, will again help us transcend our everyday worries and cares and open our hearts and minds to the plight of those much less fortunate among us; and

Whereas, More than 50,000 needy children in the Greater Boston area will be visited this year by the *Globe* Santa and, as a result, will enjoy the happy Christmas they all deserve; now, therefore, be it

Resolved, That the Boston City Council in meeting assembled, hereby officially commends the efforts of the *Boston Globe* Santa on its twenty-fifth anniversary and urges all citizens in and around the city to assist the work of the *Globe* Santa in bringing a "Merry Christmas" to the Boston area's needy and deserving children.

Adopted upon approval of the Consent Agenda.

BEST WISHES TO RETIRING
BOSTON POLICE DETECTIVES

Coun. McDONOUGH, for all the Councillors, offered the following:

Whereas, Boston's Finest, its police force, has traditionally maintained a high standard of excellence because of the dedication of its members; and

Whereas, Those on the detective force, in particular, have demonstrated fealty to duty and perseverance in the face of difficulties that challenge law enforcement efforts in these times; and

Whereas, The men and women of the detective branch so often go unheralded for their long hours of duty and the plodding investigative work so necessary for effective police performance; and

Whereas, Qualities inherent in this special branch of police work are exemplified by the group of a dozen retirees who are being honored by fellow detectives on December 5, 1980, at a testimonial reception in the Dorothy Quincy Suite, John Hancock Building, in the shadow of Boston Police Headquarters; and

Whereas, The group collectively possesses awards for heroism and citations for outstanding service, as well as unique talents in their specialties of investigative work; and

Whereas, This group, whose members aggregate better than three centuries of dedicated service to the citizens of Boston, include:

Sergt.-Detective John F. Everett, August 16, 1943—October 31, 1979.

Sergt.-Detective David J. Kennedy, March 11, 1964—April 15, 1980.

Sergt.-Detective John A. Vadeboncour, September 22, 1954—April 30, 1980.

Detective Charles W. Behnke, Jr., October 13, 1943—July 31, 1980.

Detective William J. Duffy, January 17, 1951—October 31, 1980.

Detective George A. Haskell, Jr., November 2, 1949—February 29, 1980.

Detective Arnold W. James, October 29, 1956—January 8, 1980.

Detective Thomas S. Maher, July 10, 1957—March 31, 1979.

Detective John J. McManus, September 27, 1961—January 8, 1980.

Detective Joseph M. Milan, October 14, 1953—January 31, 1980.

Detective Michael W. Monahan, March 5, 1947—May 13, 1980.

Detective Alton J. Frost— August 28, 1968—April 15, 1980.
now, therefore, be it

Resolved, The Boston City Council, on behalf of all Bostonians, wishes to thank these men for their efforts and convey to them at the forthcoming testimonial the wish that each man enjoy a long, healthful, and happy retirement for the service they have rendered.

Adopted upon approval of the Consent Agenda.
